THIS ISSUE IS BEING UNDERTAKEN IN ACCORDANCE WITH CHAPTER VI OF THE SECURITIES AND EXCHANGE BOARD OF INDIA (ISSUE OF CAPITAL AND DISCLOSURE REQUIREMENTS) REGULATIONS, 2018, AS AMENDED (THE “SEBI ICDR REGULATIONS”), THE BANKING COMPANIES ACT, THE BANKING REGULATION ACT, 1949, AS AMENDED (THE “BANKING REGULATION ACT”), BANK OF MAHARASHTRA (SHARES AND MEETINGS) REGULATIONS, 2004, AS AMENDED (THE “BANK OF MAHARASHTRA REGULATIONS”) AND THE NATIONALISED BANKS (MANAGEMENT AND MISCELLANEOUS PROVISIONS) SCHEME, 1970 (THE “NATIONALISED BANKS SCHEME”).

THE ISSUE, AND THE DISTRIBUTION OF THIS PLACEMENT DOCUMENT IS BEING MADE TO ELIGIBLE QUALIFIED INSTITUTIONAL BUYERS (“ELIGIBLE QIBs”) AS DEFINED UNDER THE SEBI ICDR REGULATIONS IN RELIANCE UPON CHAPTER VI OF THE SEBI ICDR REGULATIONS. THIS PLACEMENT DOCUMENT IS PERSONAL TO EACH PROSPECTIVE INVESTOR. THE ISSUE DOES NOT CONSTITUTE AN OFFER OR INVITATION OR SOLICITATION OF AN OFFER TO THE PUBLIC OR TO ANY OTHER PERSON OR CLASS OF INVESTORS WITHIN OR OUTSIDE INDIA OTHER THAN TO ELIGIBLE QIBs.

YOU ARE NOT AUTHORISED TO, AND MAY NOT (1) DELIVER THIS PLACEMENT DOCUMENT TO ANY OTHER PERSON; OR (2) REPRODUCE THIS PLACEMENT DOCUMENT IN ANY MANNER WHATSOEVER; OR (3) RELEASE ANY PUBLIC ADVERTISEMENT, OR UTILISE ANY MEDIA, MARKETING OR DISTRIBUTION CHANNELS OR AGENTS TO INFORM THE PUBLIC AT LARGE ABOUT THE ISSUE. ANY DISTRIBUTION OR REPRODUCTION OF THIS PLACEMENT DOCUMENT, IN WHOLE OR IN PART, IS UNAUTHORISED. FAILURE TO COMPLY WITH THIS INSTRUCTION MAY RESULT IN A VIOLATION OF THE SEBI ICDR REGULATIONS OR OTHER APPLICABLE LAWS OF INDIA AND OTHER JURISDICTIONS. THIS PLACEMENT DOCUMENT WILL BE CIRCULATED ONLY TO SUCH ELIGIBLE QIBs WHOSE NAMES ARE RECORDED BY OUR BANK PRIOR TO MAKING AN INTIMATION TO SUBSCRIBE TO THE EQUITY SHARES.

INVESTMENTS IN EQUITY SHARES INVOLVE A DEGREE OF RISK AND PROSPECTIVE INVESTORS SHOULD NOT INVEST IN THIS ISSUE UNLESS THEY ARE PREPARED TO TAKE THE RISK OF LOSING ALL OR PART OF THEIR INVESTMENT. PROSPECTIVE INVESTORS ARE ADVISED TO CAREFULLY READ “RISK FACTORS” ON PAGE 38 BEFORE MAKING AN INVESTMENT DECISION RELATING TO THIS ISSUE. EACH PROSPECTIVE INVESTOR IS ADVISED TO CONSULT ITS OWN ADVISORS ABOUT THE PARTICULAR CONSEQUENCES OF AN INVESTMENT IN THE EQUITY SHARES BEING ISSUED PURSUANT TO THIS ISSUE. PROSPECTIVE INVESTORS OF THE EQUITY SHARES OFFERED SHOULD CONDUCT THEIR OWN DUE DILIGENCE ON THE EQUITY SHARES. IF YOU DO NOT UNDERSTAND THE CONTENTS OF THIS PLACEMENT DOCUMENT, YOU SHOULD CONSULT AN AUTHORISED FINANCIAL ADVISOR.

Invitations for subscription, offer and sale of the Equity Shares shall only be made pursuant to the Preliminary Placement Document together with the respective Application Form and the Confirmation of Allocation Note (each as defined hereinafter). For further details, see “Issue Procedure” on page 216. The distribution of this Placement Document or the disclosure of its contents without the prior consent of our Bank to any person, other than Eligible QIBs and persons retained by Eligible QIBs to advise them with respect to their purchase of the Equity Shares, is unauthorised and prohibited. Each prospective investor, by accepting delivery of this Placement Document, agrees to observe the foregoing restrictions and make no copies of this Placement Document or any documents referred to in this Placement Document.

The information on the websites of our Bank, Subsidiary or Associate or any website directly or indirectly linked to the websites of our Bank, Subsidiary or Associate or the website of the Book Running Lead Managers or their respective affiliates, does not form part of this Placement Document and prospective investors should not rely on such information contained in, or available through, any such websites for their investment in this Issue.

- k. you are subscribing to the Equity Shares to be issued pursuant to the Issue in accordance with applicable laws and by participating in this Issue, you are not in violation of any applicable law including but not limited to the SEBI (Prohibition of Insider Trading) Regulations, 2015 and the Securities and Exchange Board of India (Prohibition of Fraudulent and Unfair Trade Practices relating to Securities Market) Regulations, 2003, each as amended;
- l. all statements other than statements of historical fact included in this Placement Document, including, without limitation, those regarding our Bank’s financial position, business strategy, plans and objectives of management for future operations (including development plans and objectives relating to our Bank’s business), are forward-looking statements. Such forward-looking statements involve known and unknown risks, uncertainties and other important factors that could cause actual results to be materially different from future results, performance or achievements expressed or implied by such forward-looking statements. Such forward-looking statements are based on numerous assumptions regarding our Bank’s present and future business strategies and environment in which our Bank will operate in the future. You should not place undue reliance on forward-looking statements, which speak only as of the date of this Placement Document. Our Bank assumes no responsibility to update any of the forward-looking statements contained in this Placement Document;
- m. you have been provided a serially numbered copy of this Placement Document and have read this Placement Document in its entirety, including, in particular, “*Risk Factors*” on page 38;
- n. you are aware and understand that the Equity Shares are being offered only to Eligible QIBs and are not being offered to the general public and the Allotment of the same shall be made by our Bank on a discretionary basis, in consultation with the Book Running Lead Managers;
- o. you are able to purchase the Equity Shares in accordance with the restrictions described in “*Selling Restrictions*” on page 233 and you have made, or are deemed to have made, as applicable, the representations, warranties, acknowledgements, undertakings and agreements in “*Selling Restrictions*” on page 233 and you warrant that you will comply with such representations, warranties, acknowledgments and undertakings;
- p. you understand that the Equity Shares have not been and will not be registered under the U.S. Securities Act or with any securities regulatory authority of any state of the United States and, accordingly, may not be offered or sold within the United States, except in reliance on an exemption from the registration requirements of the U.S. Securities Act;
- q. if you are outside the United States and you are subscribing for the Equity Shares in an “offshore transaction”

within the meaning of Regulation S under the U.S. Securities Act, and are not our Bank's or the BRLMs' affiliate or a person acting on behalf of such an affiliate;

- r. you are not acquiring or subscribing for the Equity Shares as a result of any "directed selling efforts" (as defined in Regulation S) and you understand and agree that offers and sales are being made in reliance on an exemption to the registration requirements of the U.S. Securities Act;
- s. you understand and agree that the Equity Shares are transferable only in accordance with the restrictions described in "*Transfer Restrictions*" on page 244 and you have made, or are deemed to have made, as applicable, the representations, warranties, acknowledgements, undertakings and agreements in "*Transfer Restrictions*" on page 244, and you warrant that you will comply with such representations, warranties, acknowledgements and undertakings;
- t. that in making your investment decision, (i) you have relied on your own examination of our Bank and the terms of the Issue, including the merits and risks involved; (ii) you have made and will continue to make your own assessment of our Bank, the Equity Shares and the terms of the Issue based on such information as is publicly available; (iii) you have consulted your own independent advisors (including tax advisors) or otherwise have satisfied yourself concerning, without limitation, the effects of local laws and taxation matters; (iv) you have relied solely on the information contained in this Placement Document and no other disclosure or representation by our Bank or the Book running Lead Managers or any other party; (v) you have received all information that you believe is necessary or appropriate in order to make an investment decision in respect of our Bank and the Equity Shares and; (vi) relied upon your investigation and resources in deciding to invest in the Issue. You are seeking to subscribe to / acquire the Equity Shares in this Issue for your own investment and not with a view to resale or distribution;
- u. you are a sophisticated investor and have such knowledge and experience in financial, business and investment matters as to be capable of evaluating the merits and risks of the investment in the Equity Shares. You are experienced in investing in private placement transactions of securities of entities in a similar nature of the business, similar stage of development, and in similar jurisdictions. You and any accounts for which you are subscribing the Equity Shares (i) are each able to bear the economic risk of the investment in the Equity Shares; (ii) will not look to our Bank and/or the Book Running Lead Managers or any of their respective shareholders, employees, counsel, officers, directors, representatives, agents, associates or affiliates for all or part of any such loss or losses that may be suffered including losses arising out of non-performance by our Bank of any of its respective obligations or any breach of any representations and warranties by our Bank, whether to you or otherwise; (iii) are able to sustain a complete loss on the investment in the Equity Shares; (iv) have no need for liquidity with respect to the investment in the Equity Shares; (v) have no reason to anticipate any change in your or their circumstances, financial or otherwise, which may cause or require any sale or distribution by you or them of all or any part of the Equity Shares; and (vi) are seeking to subscribe to the Equity Shares in the Issue for your own investment and not with a view to resell or distribute. You acknowledge that an investment in the Equity Shares involves a high degree of risk and that the Equity Shares are, therefore, a speculative investment;
- v. our Bank or the Book Running Lead Managers or any of their respective shareholders, directors, officers, employees, counsel, representatives, agents, associates or affiliates have not provided you with any tax advice or otherwise made any representations regarding the tax consequences of the purchase, ownership and disposal of the Equity Shares (including but not limited to the Issue and the use of the proceeds from the Equity Shares). You will obtain your own independent tax advice and will not rely on the Book Running Lead Managers or any of their respective shareholders, employees, counsel, officers, directors, representatives, agents, associates or affiliates or our Bank when evaluating the tax consequences in relation to the Equity Shares (including but not limited to the Issue and the use of the proceeds from the Equity Shares). You waive and agree not to assert any claim against the Book Running Lead Managers or our Bank or any other respective shareholders, directors, officers, employees, counsels, advisors, representatives, agents, associates or affiliates with respect to the tax aspects of the Equity Shares or the Issue or as a result of any tax audits by tax authorities, wherever situated;
- w. you are aware that in terms of sub-section (1) of Section 12B of Banking Regulation Act, 1949 and the Master Direction – Reserve Bank of India (Acquisition and Holding of Shares or Voting Rights in Banking Companies) Directions, 2023 issued by the RBI on January 16, 2023 read together with the Guidelines on Acquisition and Holding of Shares or Voting Rights in Banking Companies issued by the Reserve Bank of India on January 16, 2023, no person (along with his relatives, associate enterprises or persons acting in concert

with) can acquire or hold 5% or more of the total paid-up share capital of our Bank, or be entitled to exercise 5% or more of the total voting rights of our Bank, without prior approval of the RBI. Accordingly, you hereby represent that your (direct or indirect) aggregate holding in the paid-up share capital of our Bank, whether beneficial or otherwise:

- (i) after subscription to the Equity Shares in the Issue by you, your relatives, your associate enterprises or persons acting in concert with you, aggregated with any pre-Issue shareholding in the Bank of you, your relatives, your associate enterprises or persons acting in concert; or
 - (ii) after subscription to the Equity Shares in the Issue by you aggregated with any pre-Issue shareholding in our Bank of you, your relatives, your associate enterprises or persons acting in concert with you shall not amount to 5% or more of the total paid-up share capital of our Bank or would not entitle you to exercise 5% or more of the total voting rights of our Bank, except with the prior approval of the RBI;
- x. you acknowledge that the Preliminary Placement Document did not, and the Placement Document does not confer upon or provide you with any right of renunciation of the Equity Shares offered through the Issue in favour of any person;
 - y. where you are acquiring the Equity Shares for one or more managed accounts, you represent and warrant that you are authorised in writing, by each such managed account to acquire the Equity Shares for each managed account; and to make (and you hereby make) the representations, warranties, acknowledgements and agreements herein for and on behalf of each such account, reading the reference to “you” to include such accounts;
 - z. you are not a ‘promoter’ of our Bank (as defined under the SEBI ICDR Regulations) and are not a person related to the Promoter (as defined hereinafter), either directly or indirectly and your Application does not directly or indirectly represent the promoter or promoter group (as defined under the SEBI ICDR Regulations) of our Bank or a person related to the Promoter;
 - aa. you have no rights under a shareholders agreement or voting agreement with the Promoter or promoter group, no veto rights or right to appoint any nominee director on the Board of our Bank other than the rights acquired if any in the capacity of a lender not holding any equity Shares of our Bank the acquisition of which shall not deem you to be a Promoter or a person related to the Promoter;
 - bb. you have no right to withdraw or revise downwards your Application after the Bid/ Issue Closing Date (as defined hereinafter);
 - cc. you are eligible to apply and hold Equity Shares so Allotted and together with any securities of our Bank held by you prior to the Issue. You further confirm that your holding upon the issue and allotment of the Equity Shares shall not exceed the level permissible as per any regulation applicable to you including, but not limited to, the Banking Regulation Act, 1949, Banking Companies (Acquisition and Transfer of Undertakings) Act, 1970, and in the event of your holding of the Equity Shares reaches any applicable limits as may be prescribed you will make the appropriate disclosures and obtain the necessary permissions in this regard from the relevant authorities/RBI;
 - dd. the Bid submitted by you would not eventually result in triggering an open offer under the SEBI Takeover Regulations (as defined hereinafter), and you shall be solely responsible for compliance with all other applicable provisions of the SEBI Takeover Regulations;
 - ee. your aggregate holding together with other prospective Investors participating in the Issue that belong to the same group or are under common control as you, pursuant to the Allotment under the Issue shall not exceed 50% of the Issue Size. For the purposes of this representation:
 - ff. eligible QIBs belonging to the “same group” shall mean entities where (a) any of them controls, directly or indirectly, through its subsidiary or holding company, not less than 15% of the voting rights in the other; or (b) any of them, directly or indirectly, by itself, or in combination with other persons, exercise control over the others; or (c) there is a common director, excluding nominee and independent directors, amongst a Eligible QIB, its subsidiary or holding company and any other Eligible QIB; and
 - gg. ‘control’ shall have the same meaning as is assigned to it by clause 1 (e) of Regulation 2 of the SEBI Takeover

Regulations (as defined hereinafter).

- hh. you shall not undertake any trade in the Equity Shares credited to your beneficiary account until such time that the final listing and trading approval for the Equity Shares is issued by the Stock Exchanges;

In particular, you acknowledge that (i) an investment in the Equity Shares involves a high degree of risk and that the Equity Shares are, therefore, a speculative investment, (ii) you have sufficient

knowledge, sophistication and experience in financial and business matters so as to be capable of evaluating the merits and risk of the purchase of the Equity Shares, and (iii) you are experienced in investing in private placement transactions of securities of companies in a similar stage of development and in similar jurisdictions and have such knowledge and experience in financial, business and investments matters that you are capable of evaluating the merits and risks of your investment in the Equity Shares;

- pp. you agree to indemnify and hold our Bank and the Book Running Lead Managers and their respective shareholders, directors, officers, employees, counsel, affiliates, associates, controlling persons and representatives harmless from any and all costs, claims, liabilities and expenses (including legal fees and expenses) arising out of or in connection with any breach of the representations, warranties, acknowledgments and agreements made by you in the Preliminary Placement Document and this Placement Document. You agree that the indemnity set forth in this section shall survive the resale of the Equity Shares Allotted under the Issue by or on behalf of the managed accounts;
- qq. that our Bank, the Book Running Lead Managers, their respective affiliates and others will rely on the truth and accuracy of the foregoing representations, warranties, acknowledgements and undertakings which are given to the Book Running Lead Managers on their own behalf and on behalf of our Bank and are irrevocable and it is agreed that if any of such representations, warranties, acknowledgements, undertakings and agreements are no longer accurate, you will promptly notify the Book Running Lead Managers;
- rr. that you understand that none of the Book Running Lead Managers nor its respective affiliates has any obligation to purchase or acquire all or any part of the Equity Shares purchased by you in the Issue or to support any losses directly or indirectly sustained or incurred by you for any reason whatsoever in connection with the Issue, including non-performance by us of any of our respective obligations or any breach of any representations or warranties by us, whether to you or otherwise;
- ss. that you are aware that (i) applications for in-principle approval, in terms of Regulation 28(1)(a) of the SEBI Listing Regulations, for listing and admission of the Equity Shares and for trading on the Stock Exchanges, were made and such approval has been received from the Stock Exchanges; and (ii) the application for the final listing and trading approval will be made only after Allotment. There can be no assurance that the final approvals for listing of the Equity Shares will be obtained in time or at all. Neither our Bank nor the Book Running Lead Managers nor any of their respective shareholders, directors, officers, employees, counsel, affiliates, associates, controlling persons and representatives shall be responsible for any delay or non-receipt of such final approvals or any loss arising from such delay or non-receipt;
- tt. any dispute arising in connection with the Issue will be governed by and construed in accordance with the laws of the Republic of India and the courts at Pune, India shall have exclusive jurisdiction to settle any disputes which may arise out of or in connection with the Preliminary Placement Document and this Placement Document.
- uu. You are aware and understand that you are allowed to place a Bid for Equity Shares. Please note that submitting a Bid for Equity Shares should not be taken to be indicative of the number of Equity Shares that will be Allotted to a Successful Bidder. Allotment of Equity Shares will be undertaken by our Bank, in its discretion, in consultation with the BRLMs.

OFFSHORE DERIVATIVE INSTRUMENTS

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 21 of the SEBI FPI Regulations, an Eligible FPI may issue, subscribe to or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by a FPI against securities held by it in India, as its underlying, and all such offshore derivative instruments are referred to herein as “**P-Notes**”), for which they may receive compensation from the purchasers of such instruments. In terms of Regulation 21 of SEBI FPI Regulations, P-Notes may be issued only by such persons who are registered as Category I FPIs and they may be issued only to persons eligible for registration as Category I FPIs subject to exceptions provided in the SEBI FPI Regulations and compliance with ‘know your client’ requirements, as specified by SEBI and subject to compliance with such other conditions as may be specified by SEBI from time to time. An Eligible FPI shall also ensure that no transfer of any instrument referred to above is made to any person unless such FPIs are registered as Category I FPIs and such instrument is being transferred only to person eligible for registration as Category I FPIs subject to requisite consents being obtained in terms of Regulation 21 of SEBI FPI Regulations. P-Notes have not been and are not being offered or sold pursuant to the Preliminary Placement document and this Placement Document. This Placement Document does not contain any information concerning P-Notes or the issuer(s) of any P-Notes, including any information regarding any risk factors relating thereto.

Subject to certain relaxations provided under Regulation 22(4) of the SEBI FPI Regulations, investment by a single FPI including its investor group (multiple entities registered as FPIs and directly or indirectly, having common ownership of more than 50% or common control) is not permitted to be 10% or above of our post-Issue Equity Share capital on a fully diluted basis. SEBI has, *vide* a circular dated November 5, 2019, issued the operational guidelines for FPIs, designated depository participants and eligible foreign investors (the “**FPI Operational Guidelines**”), to facilitate implementation of the SEBI FPI Regulations. In terms of such FPI Operational Guidelines, the above mentioned restrictions shall also apply to subscribers of offshore derivative instruments and two or more subscribers of offshore derivative instruments having common ownership, directly or indirectly, of more than 50% or common control shall be considered together as a single subscriber of the offshore derivative instruments. Further, in the event a prospective investor has investments as an FPI and as a subscriber of offshore derivative instruments, these investment restrictions shall apply on the aggregate of the FPI and offshore derivative instruments investments held in the underlying company.

Further, in accordance with Press Note No. 3 (2020 Series), dated April 17, 2020, issued by the DPIIT, investments where the beneficial owner of the Equity Shares is situated in or is a citizen of a country which shares land border with India, can only be made through the Government approval route, as prescribed in the Consolidated FDI Policy dated October 15, 2020. These investment restrictions shall also apply to subscribers of offshore derivative instruments.

Affiliates of the Book Running Lead Managers which are Eligible FPIs may purchase, to the extent permissible under law, the Equity Shares in the Issue, and may issue P-Notes in respect thereof. Any P-Notes that may be issued are not securities of our Bank and do not constitute any obligation of, claims on or interests in our Bank. Our Bank has not participated in any offer of any P-Notes, or in the establishment of the terms of any P-Notes, or in the preparation of any disclosure related to any P-Notes. Any P-Notes that may be offered are issued by, and are the sole obligations of, third parties that are unrelated to our Bank. Our Bank and the Book Running Lead Managers do not make any recommendation as to any investment in P-Notes and do not accept any responsibility whatsoever in connection with any P-Notes. Any P-Notes that may be issued are not securities of the Book Running Lead Managers and does not constitute any obligations of or claims on the Book Running Lead Managers.

Prospective investors interested in purchasing any P-Notes have the responsibility to obtain adequate disclosures as to the issuer(s) of such P-Notes and the terms and conditions of any such P-Notes from the issuer(s) of such P-Notes. Neither SEBI nor any other regulatory authority has reviewed or approved any P-Notes or any disclosure related thereto.

Prospective investors are urged to consult their own financial, legal, accounting and tax advisors regarding any contemplated investment in P-Notes, including whether P-Notes are issued in compliance with applicable laws and regulations.

DISCLAIMER CLAUSE OF THE STOCK EXCHANGES

As required, a copy of the Preliminary Placement Document and this Placement Document have been submitted to the Stock Exchanges.

The Stock Exchanges do not in any manner:

1. warrant, certify or endorse the correctness or completeness of any of the contents of the Preliminary Placement Document and this Placement Document;
2. warrant that the Equity Shares pursuant to this Issue will be listed or will continue to be listed on the Stock Exchanges; or
3. take any responsibility for the financial or other soundness of our Bank, its Promoter, its management or any scheme or business activity of our Bank;

It should not for any reason be deemed or construed to mean that the Preliminary Placement Document and this Placement Document have been cleared or approved by the Stock Exchanges. Every person who desires to apply for or otherwise acquire any Equity Shares may do so pursuant to an independent inquiry, investigation and analysis and shall not have any claim against the Stock Exchanges whatsoever, by reason of any loss which may be suffered by such person consequent to or in connection with such subscription/acquisition, whether by reason of anything stated or omitted to be stated herein or for any other reason whatsoever.

Financial and Other Information

In this Placement Document, we have included the following financial statements of our Bank prepared under Indian GAAP: (i) audited standalone and consolidated financial statements for Fiscal 2021 read along with the notes thereto (the “**Fiscal 2021 Audited Financial Statements**”); (ii) audited standalone and consolidated financial statements for Fiscal 2022 read along with the notes thereto (the “**Fiscal 2022 Audited Financial Statements**”); (iii) audited standalone and consolidated financial statements for Fiscal 2023 read along with the notes thereto (the “**Fiscal 2023 Audited Financial Statements**” and collectively with Fiscal 2021 Audited Financial Statements and Fiscal 2022 Audited Financial Statements, the “**Audited Financial Statements**”); and (iv) audited standalone and consolidated financial statements as at and for quarter and year ended March 31, 2023 pursuant to the requirement of Regulation 33 and Regulation 52 read with Regulation 63(2) of SEBI Listing Regulations.

The degree to which the financial information prepared in accordance with Indian GAAP will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian GAAP. Any reliance by persons not familiar with Indian accounting practices on the financial disclosures presented in this Placement Document should accordingly be limited.

Fiscal 2023 Audited Financial Statements included in this Placement Document are yet to be placed before the shareholders at the next AGM scheduled on June 9, 2023. The Audited Financial Statements are prepared in accordance with Indian GAAP as applicable to banks, guidelines issued by the RBI from time to time, practices generally prevailing in the banking industry in India and the applicable standards on auditing. Our Bank prepares its financial statements in Rupees in accordance with Indian GAAP which differ in certain important aspects from U.S. GAAP and other accounting principles and standards on auditing with which prospective investors may be

familiar in other countries. We have not attempted to quantify the impact of U.S. GAAP on the financial data included in this Placement Document, nor do we provide a reconciliation of our financial statements to those of U.S. GAAP. Accordingly, the degree to which the financial statements prepared in accordance with Indian GAAP included in this Placement Document will provide meaningful information is entirely dependent on the reader's level of familiarity with the respective accounting practices. Any reliance by persons not familiar with Indian accounting practices on the financial disclosures presented in this Placement Document should accordingly be limited.

In addition, the Ministry of Corporate Affairs (the "MCA"), in its press release dated January 18, 2016, issued a roadmap for implementation of Ind-AS converged with IFRS for scheduled commercial banks, insurers, insurance companies and non-banking financial companies, which was subsequently confirmed by the RBI through its circular dated February 11, 2016. These regulations required our Bank to prepare Ind-AS based financial statements for accounting period commencing April 1, 2018 with comparative financial statements for the accounting period ending March 31, 2018. On June 23, 2016, RBI directed all scheduled commercial banks (excluding regional rural banks) to submit proforma Ind-AS financial statements, for the half year ended September 30, 2016 to Reserve Bank of India, Mumbai. RBI *vide* notification dated March 22, 2019, decided to defer the implementation of Ind-AS on scheduled commercial banks (excluding regional rural banks) till further notice. The nature and extent of the possible impact of Ind-AS on our financial reporting and accounting practices is currently uncertain, and there can be no assurance that such impact will not be significant. Our Bank cannot assure you that it has completed a comprehensive analysis of the effect of Ind AS on future financial information or that the application of Ind AS will not result in a materially adverse effect on our Bank's future financial information. For further information on the transition to Ind AS, see "*Risk Factors – Indian accounting principles differ from those which prospective investors may be familiar with in other countries. In addition, the effects of the planned convergence with, and adoption of, IFRS are uncertain*" on page 38.

The Fiscal Year of our Bank commences on April 1 of each calendar year and ends on March 31 of the succeeding calendar year. Unless otherwise stated, references in this Placement Document to a particular year are to the calendar year ended on December 31, and to a particular "Fiscal" or "Fiscal Year" or "FY" are to the fiscal year ended on March 31.

All figures appearing in this Placement Document have been rounded off to two decimal places. Accordingly, the figure shown as totals herein may not be an arithmetic aggregation of the figures which precede them.

Basis of Presentation

Unless otherwise stated, the Bank's financial information included in this Placement Document (including the section titled "*Management's Discussion and Analysis of Financial Condition and Results of Operations*") are derived from our Audited Financial Statements. Although the Bank possesses a subsidiary namely The Maharashtra Executor & Trustee Co. Private Limited, it believes that the impact of those entities on the Bank's consolidated financial statements is not significant. Accordingly, the Bank's management primarily utilizes the Bank's standalone financial information to monitor the operational strength and performance of the Bank's business. For more information on the Bank's financial information on a consolidated basis, see the Bank's consolidated financial statements, which have been included in this Placement Document. For more information on the Bank's subsidiary, see "*Our Business– Our Subsidiary and Associate*" on page 153.

Non-GAAP Financial Measures

The Bank uses a variety of financial and operational performance indicators to measure and analyze its operational performance from period to period, and to manage its business. The Bank's management also uses other information that may not be entirely financial in nature, including statistical and other comparative information commonly used within the Indian banking industry to evaluate our financial and operating performance. These key financial and operational performance indicators and ratios are defined along with a brief explanation in the sections, see "*Definitions and Abbreviations*", "*Management's Discussion and Analysis of Financial Condition and Results of Operations*" and "*Select Statistical Information*" on pages 19, 81 and 107, respectively.

These financial and operational performance indicators are not defined under Indian GAAP and have limitations as analytical tools. As a result, they should not be considered in isolation from, or as substitutes for, an analysis of the Bank's historical financial performance, as reported and presented in its financial statements in accordance with Indian GAAP. While these financial and operational performance indicators may be used by other banks and financial institutions operating in the Indian banking industry, they may not be comparable to similar financial or

performance indicators used by other banks or financial institutions. Other banks or financial institutions may use different financial or performance indicators or calculate these ratios differently, and similarly titled measures published by them may therefore not be comparable to those used by the Bank. For a reconciliation of the Bank's non-GAAP financial measures to Indian GAAP, see "*Management's Discussion and Analysis of Financial Condition and Results of Operations*" on page 81.

EXCHANGE RATE INFORMATION

Fluctuations in the exchange rate between the Rupees and the U.S. dollar will affect the U.S. dollar equivalent of the Rupee price of the Equity Shares on BSE and NSE. These fluctuations will also affect the conversion into U.S. dollar of any cash dividends paid in Rupees on the Equity Shares. The exchange rate between the Rupee and US Dollar has been volatile over the past year.

The following table sets forth information, for the period indicated with respect to the exchange rates between the Rupee and the U.S. dollar (in ₹ per US\$), for the periods indicated. No representation is made that any Rupee amounts could have been, or could be, converted into U.S. dollars at any particular rate, the rates stated below, or at all.

Period end, high, low and average rates are based on the FBIL/ RBI reference rates and rounded off to two decimal places. The RBI reference rates are rounded off to two decimal places.

Notes:

- (1). The price for the period end refers to the price as on the last trading day of the respective fiscal year or monthly periods;
- (2). Average of the official rate for each Working Day of the relevant period.
- (3). Maximum of the official rate for each Working Day of the relevant period.
- (4). Minimum of the official rate for each Working Day of the relevant period.

In case of holidays, the exchange rate on the last traded day of the month has been considered as the rate for the period end.

Although our Bank has translated selected Indian rupee amounts in this Placement Document into USD for convenience, this does not mean that the Indian rupee amounts referred to could have been, or could be, converted to USD at any particular rate or, the rates stated above, or at all. There are certain restrictions on the conversion of Indian rupees into USD.

INDUSTRY AND MARKET DATA

Information regarding market position, market size, growth rates, other industry data and certain industry forecasts pertaining to the businesses of our Bank contained in this Placement Document consists of estimates, forecasts based on data reports compiled by government bodies, data from other external sources and knowledge of the markets in which our Bank competes. Unless stated otherwise, the statistical information included in this Placement Document relating to the industry in which our Bank operates has been reproduced from various trade, industry and government publications and websites.

Industry sources and publications generally state that the information contained therein has been obtained from sources generally believed to be reliable, but that their accuracy, completeness and underlying assumptions are not guaranteed and their reliability cannot be assured. Industry sources and publications are also prepared based on information as of specific dates and may no longer be current or reflect current trends. Industry sources and publications may also base their information on estimates, projections, forecasts and assumptions that may prove to be incorrect. Accordingly, investors should not place undue reliance on or base their investment decision on this information. In certain cases, there is no readily available external information (whether from trade associations, government bodies or other organisations) to validate market-related analyses and estimates, requiring us to rely on internally developed estimates.

All such data is subject to change and cannot be verified with certainty due to limits on the availability and reliability of the raw data and other limitations and uncertainties inherent in any statistical survey. Neither our Bank nor any of the Book Running Lead Managers have independently verified this data and do not make any representation regarding accuracy or completeness of such data. Our Bank takes responsibility for accurately reproducing such information but accept no further responsibility in respect of such information, data, projections, forecasts, conclusions or any other information contained in this section. In many cases, there is no readily available external information (whether from trade or industry associations, government bodies or other organizations) to validate market-related analysis and estimates, so our Bank has relied on internally developed estimates. Similarly, while our Bank believes its internal estimates to be reasonable, such estimates have not been verified by any independent sources and neither our Bank nor any of the Book Running Lead Managers can assure potential investors as to their accuracy. Certain information contained herein pertaining to prior years is presented in the form of estimates as they appear in the respective reports/source documents. The actual data for those years may vary significantly and materially from the estimates so contained.

The extent to which the market and industry data used in this Placement Document is meaningful depends on the reader's familiarity with and understanding of the methodologies used in compiling such data.

FORWARD-LOOKING STATEMENTS

Certain statements contained in this Placement Document that are not statements of historical fact constitute “forward-looking statements”. Investors can generally identify forward-looking statements by terminology such as “aim”, “anticipate”, “believe”, “continue”, “can”, “could”, “estimate”, “expect”, “intend”, “may”, “objective”, “plan”, “potential”, “project”, “pursue”, “shall”, “should”, “will”, “would”, or other words or phrases of similar import. Similarly, statements that describe the strategies, objectives, plans or goals of our Bank are also forward-looking statements. However, these are not the exclusive means of identifying forward-looking statements. All statements regarding our Bank’s expected financial conditions, results of operations, business plans and prospects are forward-looking statements. These forward-looking statements include statements as to our Bank’s business strategy, planned projects, revenue and profitability (including, without limitation, any financial or operating projections or forecasts), new business and other matters discussed in this Placement Document that are not historical facts.

These forward-looking statements and any other projections contained in this Placement Document (whether made by us or any third party) are predictions and involve known and unknown risks, uncertainties, assumptions and other factors that may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by such forward looking statements or other projections. All forward-looking statements are subject to risks, uncertainties and assumptions about the Bank that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement.

Important factors that could cause our actual results, performances and achievements to be materially different from any of the forward-looking statements include, among others:

- Failures of our internal control system may cause significant operational errors;
- Inability to control or reduce the level of non-performing assets in our portfolio or any increase in our NPA portfolio;
- Ability to manage value of our collateral and delays in enforcing collateral or failure to recover the expected value of collateral;
- Ability to manage credit, market and operational risks;
- External or internal fraud;
- Increased competition as a result of consolidation of public sector banks;
- Default by any large borrower or premature withdrawal of deposits;
- Our ability to secure long-term funding for our operations; and
- Laws, rules, regulations, guidelines and norms applicable to the banking industry, including priority sector lending requirements, capital adequacy and liquidity requirements.

Additional factors that could cause actual results, performance or achievements to differ materially include, but are not limited to, those discussed under “*Risk Factors*”, “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*”, “*Industry Overview*” and “*Our Business*” on pages 38, 81, 140 and 153 respectively.

By their nature, market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual future gains, losses or impact on net interest income and net income could materially differ from those that have been estimated, expressed or implied by such forward looking statements or other projections. The forward-looking statements contained in this Placement Document are based on the beliefs of the management, as well as the assumptions made by, and information currently available to, the management of our Bank. Although our Bank believes that the expectations reflected in such forward-looking statements are reasonable at this time, it cannot assure investors that such expectations will prove to be correct. Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements. In any event, these statements speak only as of the date of this Placement Document or the respective dates indicated in this Placement Document, and neither our Bank nor the Book Running Lead Managers undertake no obligation to update

or revise any of them, whether as a result of new information, future events or otherwise. If any of these risks and uncertainties materialize, or if any of our Bank's underlying assumptions prove to be incorrect, the actual results of operations or financial condition of our Bank could differ materially from that described herein as anticipated, believed, estimated or expected. All subsequent forward-looking statements attributable to our Bank are expressly qualified in their entirety by reference to these cautionary statements.

ENFORCEMENT OF CIVIL LIABILITIES

All of our Bank's Directors, key managerial personnel and members of senior management are residents of India and a substantial portion of the assets of our Bank are located in India. As a result, it may not be possible for investors outside India to effect service of process upon our Bank or such persons outside India, or to enforce judgments obtained against such parties in courts outside of India.

India is not a party to any international treaty in relation to the recognition or enforcement of foreign judgments. Recognition and enforcement of foreign judgments are provided for under Section 13 and Section 44A of the Civil Code on a statutory basis. Section 13 of the Civil Code provides that foreign judgements shall be conclusive as to any matter thereby directly adjudicated upon between the same parties or between parties under whom they or any of them claim litigating under the same title, except:

- where the judgment has not been pronounced by a court of competent jurisdiction;
- where the judgment has not been given on the merits of the case;
- where it appears on the face of the proceedings to be founded on an incorrect view of international law or a refusal to recognize the law of India in cases in which such law is applicable;
- where the proceedings in which the judgment was obtained are opposed to natural justice;
- where the judgment has been obtained by fraud; and
- where the judgment sustains a claim founded on a breach of any law in force in India.

Section 44A of the Civil Procedure Code provides that a foreign judgment rendered by a superior court (within the meaning of that section) in any jurisdiction outside India which the Government has by notification declared to be a reciprocating territory, may be enforced in India by proceedings in execution as if the judgment had been rendered by a district court in India. Under Section 14 of the Civil Procedure Code, a court in India will, upon the production of any document purporting to be a certified copy of a foreign judgment, presume that the foreign judgment was pronounced by a court of competent jurisdiction, unless the contrary appears on record but such presumption may be displaced by proving want of jurisdiction. However, Section 44A of the Civil Procedure Code is applicable only to monetary decrees not being in the nature of any amounts payable in respect of taxes or other charges of a like nature or in respect of a fine or other penalties and does not include arbitration awards.

Each of the United Kingdom, United Arab Emirates, Singapore and Hong Kong, amongst others has been declared by the Government to be a reciprocating territory for the purposes of Section 44A of the Civil Procedure Code, but the United States of America has not been so declared. A judgment of a court in a jurisdiction which is not a reciprocating territory, including that of a court in the United States of America, may be enforced only by a fresh suit upon the judgment and not by proceedings in execution. The suit must be filed in India within three years from the date of the foreign judgment in the same manner as any other suit filed to enforce a civil liability in India. Accordingly, a judgment of a court in the United States may be enforced only by a fresh suit upon the foreign judgment and not by proceedings in execution.

It is unlikely that a court in India would award damages on the same basis as a foreign court if an action is brought in India. Furthermore, it is unlikely that an Indian court would enforce foreign judgments if it views the amount of damages awarded as excessive or inconsistent with public policy of India and it is uncertain whether an Indian court would enforce foreign judgments that would contravene or violate Indian law. Further, any judgment or award denominated in a foreign currency would be converted into Rupees on the date of such judgment or award and not on the date of payment. A party seeking to enforce a foreign judgment in India is required to obtain approval from the RBI to repatriate outside India any amount recovered pursuant to the execution of such foreign judgment, and we cannot assure that such approval will be forthcoming within a reasonable period of time, or at all, or that conditions of such approvals would be acceptable, and any such amount may be subject to income tax pursuant to execution of such a judgment in accordance with applicable laws. The Bank and the BRLMs cannot predict whether a suit brought in an Indian court will be disposed of in a timely manner or be subject to considerable delays.

SUMMARY OF BUSINESS

Incorporated in the year 1935 and nationalised along with 13 other banks in the year 1969, we offer a diversified portfolio of banking products and services to corporate, retail, agriculture and micro, small and medium enterprise (“MSME”) customers. Our Bank is amongst the prominent public sector banks in the state of Maharashtra, with 52.44% of our Bank’s total banking outlets and 50.09% of our Bank’s total advances is contributed by customers, located within the state of Maharashtra. Our operations are internally aligned into distinct business lines for (i) wholesale banking operations, (ii) retail banking operations, (iii) treasury operations, and (iv) other banking operations.

We offer a wide range of banking and financial services primarily to Retail Customers, Agricultural and Micro, Small and Medium enterprises (“RAM”). Through our corporate and commercial portfolio, we cater to the business needs of multinational companies, public enterprises and private companies. We provide deposits, loans and finance facilities to our customers by offering a variety of products such as term loans, short term loans, working capital finance including cash credit, export credit, bill discounting, line of credit, letters of credit and guarantees. We also extend financial support to the priority sectors which include agriculture, MSME, affordable housing and education but with specific focus on offering products to the MSME sector. As a percentage of our Bank’s total advances, our Bank’s advances in the corporate and wholesale segment accounted for 36.85%, 40.35% and 42.85% in Fiscal 2021, Fiscal 2022 and Fiscal 2023, respectively.

Our retail banking portfolio consists of savings account, current account and term deposit services. In our retail lending business, we offer loan towards housing, vehicle, education, personal and other loans including agriculture to our customers, with the maximum aggregated retail exposure to one counterpart not exceeding the threshold of ₹50 million and other personal banking products. We offer our customers global debit cards and “anywhere banking” facilities, and internet and mobile banking. As a percentage of our Bank’s total advances, our Bank’s advances in the retail segment accounted for 26.61%, 26.19% and 24.80% in Fiscal 2021, Fiscal 2022 and Fiscal 2023, respectively.

Our treasury segment comprises liquidity management by maintaining a level of liquidity, in compliance with the CRR and the SLR requirements of the RBI and monitoring and implementation of non-SLR investments of our Bank. We maintain the SLR through a portfolio of Central Government, State Government and Government-guaranteed securities and other approved securities that we actively manage to optimize yield and benefit from price movements. We are also involved in the trading of debt securities, equity securities and foreign exchange within permissible limits. In our international business, we are extending our banking services to NRI customer base to meet their credit requirements. As a percentage of our Bank’s total assets, our Bank’s net investments accounted for 34.63%, 29.74% and 25.73% in Fiscal 2021, Fiscal 2022 and Fiscal 2023, respectively.

We also offer other banking services such as bancassurance (distributors of life and non – life insurance products), trustee and tax collection services (including GST). In addition to our primary segments, we offer a comprehensive range of ancillary products and services such as depository services, ASBA facility, electronically secured bank and treasury receipt (eSBTR), locker facilities, safe custody facility, bill payment services, online and off-line fee collection services, payment and remittance services. For Fiscal 2021, Fiscal 2022 and Fiscal 2023, our Bank generated fee based income amounting to ₹10,410.13 million ₹12,333.42 million and ₹13,091.15 million, respectively, representing 7.18%, 7.87% and 7.20% of our Bank’s total income.

Our Bank has successfully built a wide customer base which has resulted in low cost of funding opportunities and has strengthened our resource portfolio. We offer current (also known as demand) deposits, savings deposits and term deposits. RISK FACTORS

An investment in the Equity Shares involves a high degree of risk. This Placement Document contains forward-looking statements that involve risks and uncertainties. Our financial performance may differ from such forward-looking statements as a result of certain factors, including the considerations described below and elsewhere in this Placement Document. Prospective investors should carefully consider the following risk factors as well as other information included in this Placement Document prior to making any investment decision. In making an investment decision, prospective investors must rely on their own examination of our Bank and the terms of the Issue, including the merits and risks involved. If any of the risks described below, or other risks that are not currently known or are currently deemed immaterial actually occur, our business prospects, results of operations and financial condition could be adversely affected, the trading price of the Equity Shares could decline, and investors may lose all or part of the value of their investment.

The risks and uncertainties described in this section are not the only risks that are relevant to us, the Equity Shares or the industry and segment in which we operate. The financial and other related implications of the risk factors, wherever quantifiable, have been disclosed in the risk factors mentioned below. However, there are certain risk factors where the financial impact is not quantifiable and, therefore, cannot be disclosed in such risk factors.

In order to obtain a complete understanding of our business, you should read this section in conjunction with the sections “Industry Overview”, “Our Business”, “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and “Selected Statistical Information” on pages 140, 153, 81 and 107, respectively, as well as other financial information contained in this Placement Document. You should consult your tax, financial and legal advisors about the particular consequences to you of an investment in this Issue.

Our fiscal year ends on March 31 of each year, and references to a particular fiscal are to the twelve months ended March 31 of that year. Unless otherwise specified or as the context requires, financial information herein for Fiscal 2021, 2022 and 2023 is derived from our Audited Financial Statements.

Unless otherwise stated, references to “the Bank” or “our Bank” or “Bank”, are to the Bank of Maharashtra on a standalone basis and references to “the Group”, “we”, “us”, “our”, are to the Bank of Maharashtra on a consolidated basis.

Risk relating to our Business

- 1. Our business is particularly vulnerable to interest rate risk, and any volatility in interest rates could adversely affect our net interest margins, the value of our fixed income portfolio, income from treasury operations and our business, results of operations and financial condition.***

We largely depend on our interest earned as our primary source of revenue. Our business could be adversely impacted by a rise in generally prevailing interest rates on deposits, especially if the rise was sudden or sharp. Market interest rate changes affect the interest rates we charge on our interest-earning assets differently from the interest rates we pay on our interest-bearing liabilities and in addition, affect the value of our investments. If we are unable to increase rates charged on our loans and advances or if the volume of our interest-bearing liabilities is larger or growing faster than the volume of our interest-earning assets, an increase in interest rates could result in an increase in interest expense relative to interest earned. In the event of such increase in interest rates, our net interest margin could be adversely affected as the interest paid by us on our deposits could increase at a rate higher than the interest received by us on our advances and other investments. The requirement that we maintain a portion of our assets in fixed income government securities could also have a negative impact on our treasury income since we typically earn interest on this portion of our assets at rates that are generally less favourable than those received on our other interest-earning assets. In Fiscals 2021, 2022 and 2023, our Bank’s net interest margin was 2.84%, 3.15% and 3.56%, respectively, while net interest income, as a percentage of our total income, was 33.79%, 38.57% and 42.58%, respectively, in such periods.

Any systemic decline in low-cost funding available to banks in the form of current and savings account deposits would adversely impact the Bank’s net interest margin. Pursuant to a notification dated September 4, 2019, the RBI linked all new floating rate personal or retail loans (housing, auto, etc.) and floating rate loans to micro and small enterprises extended by banks with effect from October 1, 2019, to external benchmarks (“**September Circular**”). Further, on February 26, 2020, the RBI stipulated that all new floating rate loans to the medium enterprises extended by banks from April 1, 2020, linked it to the external benchmarks as indicated in the September Circular. This change in the methodology for calculating the cost of funds may lead to lower lending rates and more frequent

revisions in lending rates due to the prescribed monthly review of cost of funds. This may impact the yield on our interest-earning assets, our net interest income and our net interest margin. We are also exposed to interest rate risk through our treasury operations. Any rise in interest rates or any greater interest rate volatility could adversely affect our income from treasury operations or the value of our fixed income securities trading portfolio. Sudden or sharp and sustained increases in interest rates applicable to floating rate loans, could also result in extension of loan maturities and higher monthly instalments due from borrowers, which could result in higher rates of default in loan portfolio.

If the yield on our interest-earning assets does not increase at the same time or to the same extent as our cost of funds, or if our cost of funds does not decline at the same time or to the same extent as the decrease in yield on our interest-earning assets, our net interest income and net interest margin would be adversely impacted. Any systemic decline in low-cost funding available to banks in the form of current and savings account deposits would adversely impact our net interest margin. A slower growth in low-cost deposits compared to total deposits would result in an increase in the cost of funds and could adversely impact our net interest margin if we are not able to pass on the increase to borrowers. Revisions in deposit interest rates, or introduction of higher interest rates, by banks with whom we compete may also lead to revisions in our deposit rates to remain competitive and this could adversely impact our cost of funds, income from treasury operations, fixed income portfolio, financial condition of the Bank and the results of operations.

2. *An increase in our portfolio of NPAs or provisioning requirements mandated by the RBI could adversely affect our business, financial condition and results of operations.*

As a result of widespread economic challenges faced by the Indian economy in general, and the corporate sector in particular, as well as changes to RBI policies and guidelines related to non-performing and restructured loans and other changes to the law affecting non-performing and restructured loans, the non-performing loans and provisions of a number of Indian banks, increased significantly in Fiscal 2021, 2022 and 2023. As of March 31, 2021, 2022 and 2023, our Bank's gross NPAs were ₹77,796.79 million, ₹53,272.13 million and ₹43,340.02 million, respectively, representing 7.23%, 3.94% and 2.47%, respectively, of our gross advances as of such dates. As of March 31, 2021, 2022 and 2023, net NPAs were ₹25,443.22 million, ₹12,765.70 million and ₹4,351.80 million respectively, representing 2.48%, 0.97% and 0.25%, respectively, of our net advances as of such dates.

In the future, our NPAs may continue to fluctuate and any significant increase in our NPAs may have a material adverse effect on our business, results of operations and financial condition. The increase in our NPAs may be due to several factors, including increased competition, macroeconomic conditions, high levels of debt involved in financing of projects, slow industrial and business growth, policies formulated by the GoI and other regulatory authorities, and significant borrowings by companies in India at relatively high interest rates.

Additional adverse economic, regulatory and legal developments—including increased competition, inconsistent industrial and business growth in recent years, high levels of exposure to certain sectors of the economy, the large number of frauds, regulatory and legal changes affecting the Bank's loan portfolio could cause further increases in the level of the Bank's NPA's. While the impact of these developments remains uncertain, they could have a material adverse impact on the quality of the Bank's loan portfolio. For more information on the factors affecting the Bank's NPA levels, see *"Management's Discussion and Analysis of Financial Condition and Results of Operations – Non-Performing Loans and Provisioning"* on page 81. Additionally, if the systems and process established by the Bank to identify NPAs fail or are not able to identify the NPAs correctly and in a timely manner, the Bank's business, results of operations and financial condition could be adversely affected.

There can be no assurance that the percentage of NPAs that we will be able to recover will be similar to our past experience of recoveries of NPAs. Our retail loan portfolio has grown over the years, but there is limited data on historical loss ratios in retail loans, especially in the event of an economic slowdown or adverse macroeconomic factors. Further, global economic slowdown, inconsistent industrial growth and the impact of global and Indian economic conditions on equity and debt markets may also adversely affect our corporate loan portfolio.

A charge to our profit and loss account creates provisions for NPAs and are subject to minimum provision requirements linked to ageing of NPAs. We also consider our internal estimate for loan losses and risks inherent in the credit portfolio when deciding on the appropriate level of provisions in addition to the relevant regulatory minimum provision. The determination of a suitable level of loan losses and provisions involves a degree of subjectivity and requires that we make estimates of current credit risks and future trends, all of which may be subject to material changes. Any incorrect estimation of risk may result in our provisions not being adequate to cover any further increase in the amount of NPAs or any further deterioration in our NPA portfolio.

If there is any deterioration in the quality of our security or further ageing of the assets after being classified as NPAs, an increase in provisions will be required. This increase in provisions may adversely impact our financial performance. While we have already made provisions for NPAs, there can be no assurance that the RBI will not further increase provisioning requirements in the future. Additionally, the requirements of provisioning prescribed by the RBI may differ from our internal provisioning requirements and accordingly, we may be compulsorily required to comply with the RBI requirements. Provisions for NPAs are created by a charge to our profit and loss account and are currently subject to minimum provisioning requirements linked to the ageing of NPAs. In addition to the relevant regulatory minimum provisioning, we consider our internal estimates for loan losses and risks inherent in the credit portfolio when deciding the appropriate level of provisions. The determination of an appropriate level of loan losses and provisions involves a degree of subjectivity and requires that we make estimates of current credit risks and future trends, all of which may be subject to material changes. Any significant changes in the macroeconomic scenario along with other factors may result in our Bank's provisioning not being adequate to cover any further increase in the amount of NPAs or deterioration in our NPA portfolio. While we have already made provisions for NPAs, there can also be no assurance that the RBI will not further increase provisioning requirements in the future. The surplus from provisioning under the provision coverage ratio as against the provisioning required under the prudential provisioning norms is required to be segregated into an account termed a "countercyclical provisioning buffer". Any future increases in provisions mandated by the RBI could have an adverse impact on our business, financial condition, results of operations and cash flows. Further, the provisioning requirements prescribed by the RBI may differ from our internal provisioning requirements, and we may accordingly be required to increase our Bank's provisions to comply with the RBI's requirements. Our Bank's provision coverage ratio for Fiscal 2021, Fiscal 2022 and Fiscal 2023 was 89.86%, 94.79% and 98.28%, respectively. The surplus from provisioning under the provision coverage ratio as against the provisioning required under the prudential provisioning norms is required to be segregated into an account termed counter cyclical provisioning buffer. Any future increases in provisions mandated by the RBI or other regulatory changes could lead to an adverse impact on our business, future financial performance and the trading price of the Equity Shares.

In April 2017, the RBI required banks to disclose the divergence in asset classification and provisioning between what banks report and what the RBI assesses through the RBI's annual supervisory process. The disclosure is required if either the additional provisioning requirement assessed by the RBI exceeds 10.00% of the published profits before provisions and contingencies for the period, or the additional gross NPAs identified by the RBI exceed 15.00% of the published incremental gross NPAs for the reference period, or both. For Fiscal 2022 and Fiscal 2023, the divergence provisions have been absorbed in the financials of the Bank and the same is not required to be disclosed since the same was within the limit as per the RBI guideline. The RBI may take enforcement action based on divergences between assessments of asset classification and provisioning, which could adversely affect our business, financial condition and results of operations.

In addition to the debt recovery and security enforcement mechanisms available to lenders under the DRT Act and the SARFAESI Act, the RBI provides for various mechanisms that may be adopted by banks to deal with stressed assets. However, there can be no assurance that these regulatory measures implemented by the GoI and the RBI will have an encouraging impact on our efforts to recover NPAs. Any failure to recover the expected value of collateral would expose us to potential loss. We along with other banks in India are also required to share data with each other on certain categories of special mention accounts and credit information relating to the same, set up joint lenders' forums, monitor the asset quality closely and formulate action plans for resolution of these accounts. Any failure to do so may result in accelerated provisioning for such cases which may result in initiation of supervisory actions by the RBI in the event we do not comply with the corrective action plan decisions. Even if an accelerated provision were made, there is no reassurance that we will be able to recover our NPAs. Accordingly, any significant increase in our NPAs may have a material adverse effect on our business, results of operations and financial condition.

3. Our business and financial performance may be adversely affected by an increase in level of restructured loans in our portfolio and inadequate performance of our restructured loans.

Restructured standard loans are a part of our standard assets. As of March 31, 2021, 2022 and 2023 our Bank's gross restructured assets as a proportion of gross advance were 2.45%, 4.10% and 2.39%, respectively. As a result of slowing economic activity and the limited ability of corporations to access capital due to volatility in global markets, we have witnessed an increase in restructured loans in the banking system, including within our loan portfolio.

We restructure assets based on a borrower's potential to restore its financial health. However, in case a borrower fails to restore its financial viability and honour its loan servicing commitments to us, such assets classified as

restructured may be classified as delinquent or non-performing. There can be no assurance that the debt restructuring criteria approved by us will be adequate or successful and that borrowers will ultimately be able to meet their obligations under restructured loans.

The RBI has permitted lending institutions including our Bank to offer a limited window to individual borrowers and small businesses to implement resolution plans in respect of their credit exposures while classifying the same as standard upon implementation of the resolution plan subject to certain conditions. For further details, see “*Regulations and Policies in India*” on page 201. Our profitability is also adversely affected, as a result of such provisioning requirements under the applicable RBI guidelines. The combination of changes in regulations regarding provisioning, and any substantial increase in the level of restructured assets and the failure of these structured loans to perform as expected could materially adversely affect our business, future financial performance and the trading price of the Equity Shares. Our profitability also has been adversely affected, as a result of such provisioning requirements under the applicable RBI guidelines.

The combination of changes in regulations regarding restructured loans, provisioning, and any substantial increase in the level of restructured assets and the failure of these restructured loans to perform as expected could materially adversely affect our business, results of operations and financial condition.

4. *In the course of our operations, we are exposed to various categories of borrowers, depositors and industry sectors, and a default by any large borrower, premature withdrawal of deposits or a deterioration in the performance of any of these industry sectors in which we have significant exposure would adversely affect our business, results of operations and financial condition.*

We conduct business with certain borrowers who have highly leveraged balance sheets and any default by any of these borrowers would have a significant impact on our profitability. On June 3, 2019, the RBI released the Guidelines on Large Exposures Framework (“LEF”) applicable to all scheduled commercial banks (other than regional rural banks) with a view to capture exposures and concentration risks more accurately and to align the previous guidelines and instructions on Large Exposures Framework with international norms, which superseded the previous circulars on large exposure framework. As at March 31, 2023 (a) the Bank’s ten largest group borrowers amounted to ₹161,240.18 million, representing 135.88% of the Bank’s Tier I Capital, which is ₹118,666.10 million; (b) the Bank’s exposure to the single largest group borrower as per Large Exposures Framework was ₹25,906.21 million representing 21.83% of the Bank’s Tier I capital; and (c) the Bank’s exposure as per Large Exposure Framework to its ten largest individual borrowers was ₹167,967.66 million, representing 141.55% of the Bank’s Tier I Capital. For further information, see “Selected Statistical Information”. If any of such borrowers’ default or become non-performing, our exposure to credit risk would increase, and our net profits would decline and, due to the scale of the exposures, our ability to meet capital requirements could be challenging. We cannot assure you that these borrowers will continue to honour their commitments and that there will be no defaults in future and further, that there will not be any delay in payments of interest and/ or principal from these borrowers.

In addition, we offer loans to a wide range of industries and businesses. As of March 31, 2023, our Bank’s largest fund based exposures were to agriculture and allied activity, housing and infrastructure sectors at ₹294,245.50 million, ₹271,497.40 million and ₹235,058.5 million, respectively, and representing 14.28%, 13.17% and 11.40%, respectively, of our total fund based exposure as at such date. Any financial difficulties experienced by our customers or by particular sectors of the Indian economy to which we have historically had and continue to have significant exposure, could significantly increase our NPA levels and materially and adversely affect our business, results of operations and financial condition and the price of the Equity Shares. The ability of borrowers to service their debt obligations may be adversely impacted by any significant deterioration in the performance of a particular sector, driven by events outside our control, such as regulatory actions or policy announcements by the GoI or state government authorities. As a result, we may experience increased defaults, which may adversely affect our business, results of operations and financial condition.

In December 2015, the Reserve Bank of India released guidelines on the computation of lending rates based on the marginal cost of funds methodology, which is applicable on incremental lending from April 1, 2016. Further, on December 5, 2018, the RBI published a report recommending referencing floating rate advances to certain external benchmarks which came into effect on October 1, 2019. To give effect to the aforesaid, the RBI, by way of its notification dated September 4, 2019, amended the Master Direction on Interest Rate on Advances, dated March 3, 2016, pursuant to which, it linked all new floating rate personal or retail loans (housing, auto, etc.) and floating rate loans to micro and small enterprises extended by banks with effect from October 1, 2019, to external benchmarks (“**September Circular**”). Further, on February 26, 2020, the RBI stipulated that all new floating rate loans to the medium enterprises extended by banks from April 1, 2020, shall be linked to the external benchmarks as indicated

in the September Circular. This change in the methodology for calculating the cost of funds may lead to lower lending rates and more frequent revisions in lending rates due to the prescribed monthly review of cost of funds. This may impact the yield on our interest-earning assets, our net interest income and our net interest margin.

We monitor the concentration of exposures to borrowers and calculate customer exposure as required by the RBI. For Fiscal 2021, Fiscal 2022 and Fiscal 2023, our total exposure to top 20 borrowers (fund-based and non-fund based, including guarantees) was ₹237,553.00 million, ₹271,467.60 million and ₹307,297.40 million, respectively, representing 16.71%, 15.20% and 13.76%, respectively, of our total exposure. As on March 31, 2023, our largest individual borrower on such date had an exposure of ₹2,227,731.60 million, representing 1.00% of our total exposure. If any of these twenty largest customer exposures were to become non-performing, the credit quality of our portfolio and our business, results of operations and financial condition could be materially and adversely affected.

5. *A substantial portion of our Bank's branches are located in Maharashtra making us dependent on the general economic conditions and activities in these regions.*

As of March 31, 2023, 2,263 banking outlets i.e. 2,203 branches and 60 Customer Service Points out of our 1,176 (51.97%) banking outlets i.e. 1,120 branches and 56 Customer Service Points were located in the State of Maharashtra. Any disruption, disturbance or breakdown in the economy of the State of Maharashtra could adversely affect our business and results of operations. Further, the state of Maharashtra contributed over 64.71% of our business (advances and deposits) as of March 31, 2023. Our concentration in Maharashtra exposes us to any adverse geological, ecological, economic, social, political circumstances and/or natural disasters, epidemics or pandemics, such as COVID-19 in that region as compared to other public and private sector banks that have a diversified national or international presence. While we have a presence in the other states of India and we are continuing expanding our operation outside of Maharashtra, if there is a sustained downturn in the economy or a sustained change in consumer preferences in Maharashtra region, our business, results of operations and financial condition may be materially and adversely affected.

We face risks with our operations in geographies where we do not possess the same level of recognition with consumer base and commercial operations. In addition, our competitors may already have established operations in the areas outside Maharashtra and we may find it difficult to attract customers in such new areas and successfully compete. We may not be able to successfully manage the risks of such an expansion by our competitors, which could have a material adverse effect on our business, results of operations and financial condition.

6. *We could be subject to volatility in income from our treasury operations, which could have an adverse effect on our business, results of operations and financial condition.*

Our treasury operations contributed to 33.62%, 31.52% and 23.34% of our total income during Fiscal 2021, Fiscal 2022 and Fiscal 2023, respectively. Our income from treasury operations comprises interest on investment, profit from sale of securities and foreign exchange income. Our treasury operations are vulnerable to changes in interest rates, exchange rates, equity prices and other factors. In particular, if interest rates rise, the valuation of our portfolio may be impaired due to the negative impact on the value of certain investments such as Government securities and corporate bonds. Realised and mark-to-market gains or losses on investments in fixed income securities, including Government of India securities, are an important element of our income and are impacted by movements in market yields. A rise in yields on government securities reduces our income from this activity and the value of our fixed income investments. Any significant or sustained decline in income generated from treasury operations resulting from market volatility may adversely impact our Bank's financial performance and the trading price of the Equity Shares. Though we have operational controls and procedures in place for our treasury operations such as counterparty limits, position limits, stop loss limits and exposure limits that are designed to mitigate the extent of such losses, there can be no assurance that we will not incur losses in the course of our proprietary trading on our fixed income portfolios. Any such losses could adversely affect our business, financial condition and results of operations.

7. *We may experience delays in enforcing our collateral when borrowers default on their obligations or the value of the collateral provided by borrowers against advances may decrease, exposing us to a potential loss.*

The value of the assets that have been pledged to us as collateral could decline or significantly fluctuate due to factors beyond our control, including deterioration in global and regional economic conditions or of asset values, or as a result of adverse changes in the credit quality of our borrowers and counterparties. As of March 31, 2023, 81.78% of our Bank's advances were secured, as per the RBI guidelines by collateral, including property, real estate

assets, plant, equipment, gold ornaments, current assets and pledges or charges on fixed assets, inventory receivables, bank deposits or financial assets such as marketable securities and guarantees provided by our borrowers. In the event of a decline in any of these, some of our loans may exceed the value of their underlying collateral. Changes in asset prices may cause the value of our collateral to decline. While we factor in any reduction in value to an extent, it may not be sufficient if the value of the collateral reduces substantially. This is particularly applicable in situations where the advances are secured by highly depreciating fixed assets such as, vehicles and agricultural equipment, etc.

We may not be able to realize the full value of the collateral, in the event our borrowers default on the repayment of loans, due to various reasons, including a possible decline in the realizable value of the collateral, defective title or pledge of faulty items as security, prolonged legal proceedings and fraudulent actions by borrowers, defects or deficiencies in the perfection of collateral (including due to the inability to obtain approvals that may be required from third parties), errors in assessing the value of the collateral, an illiquid market for the sale of the collateral, current legislative provisioning coverage or changes thereto, future judicial pronouncements, borrowers and guarantors not being traceable, or we may not be able to foreclose on collateral at all. The SARFAESI Act, the Recovery of Debts Due to Banks and Financial Institutions Act, 1993, Insolvency and Bankruptcy Code, 2016, together with the Banking Regulation (Amendment) Ordinance, 2017 promulgated an ordinance dated May 4, 2017 amending the Banking Regulation Act, through which the RBI has been given extensive powers for the recovery of bad loans and resolution of stressed assets. The RBI has also strengthened the ability of lenders to recover NPAs by granting lenders greater rights to enforce security and recover amounts owed from secured borrowers. While we believe that the SARFAESI Act has contributed to our enforcement efforts, there can be no assurance that the legislation will continue to be effective in resolving NPAs. A failure to recover the expected value of collateral security could expose us to potential losses and may adversely affect our business, results of operations and financial condition.

We may not be able to realize the full value of the collateral, due to, among other things, stock market volatility, changes in economic policies of the central government, obstacles and delays in legal proceedings, borrowers and guarantors not being traceable, our records of borrowers and guarantor addresses being ambiguous or outdated, defects in the perfection of collateral, and fraudulent transfers by borrowers. In the event that a specialized regulatory agency gains jurisdiction over the borrower, creditor action can be further delayed. Pursuant to RBI's Prudential Framework for Resolution of Stressed Assets dated June 7, 2019, we may not be allowed to initiate recovery proceedings against a corporate borrower, where the borrowers aggregate total debt is ₹15,000 million or more and 60.00% of the creditors by number and at least 75.00% of the creditors by value decide to restructure their advances. In such a situation, we are restricted to a restructuring process only as approved by the majority lenders. If we own 20.00% or less of the debt of a borrower, we could be forced to agree to an extended restructuring of debt which may not be in our interests.

The fluctuations in the prices of gold and real estate may impact our recovery amount during the enforcement of security resulting in write-offs in our loan amount. Any decline in the value of the collateral securing our loans, any inability to obtain additional collateral or our inability to realize the value of collateral may require us to increase our write-offs for credit and other losses. In such a scenario our losses will increase, and our net profit will decline. We may be required to increase our provision for loan losses in case of any decline in the value of the security which could impair our ability to realize the secured assets upon any foreclosure. The amounts we receive upon sale of the secured assets, in the event of a default with respect to any of these loans, may be insufficient to recover the outstanding principal and interest on the loan. Our profitability could be adversely affected, if we are required to re-value the assets securing a loan to satisfy the debt during a period of reduced asset values or to increase our allowance for loan losses and could have a material adverse effect on our business, results of operations and financial condition.

8. *Our Bank may not be successful in implementing its strategies or penetrating new markets.*

For details on our Bank's material strategies, see "*Our Business – Our Strategies*" on page 153. These strategies may ultimately fail to contribute to our Bank's growth or profitability, and may ultimately be unsuccessful. Even if such strategies are partially successful, our Bank cannot assure you that it will be able to manage its growth effectively or fully deliver on its growth objectives.

Challenges that may result from our Bank's growth strategies include our Bank's ability to, among other things:

- manage efficiently the operations and employees of its expanding businesses;
- maintain or grow its existing customer base;

- assess the value, strengths and weaknesses of future investments;
- finance strategic investments;
- align the current information technology systems adequately with those of a larger group;
- apply risk management policy effectively to a larger group;
- hire and train additional skilled personnel; and
- manage a growing number of branch offices without over-committing management or losing key personnel, each of which would have a potential adverse effect on our Bank's business and results of operations.

Our Bank may not be able to effectively manage this growth or achieve the desired profitability in the expected timeframe, if at all, or the expected improvement in indicators of financial performance from the expansion. For example, our Bank intends to continue to add new branches over the next few years, which will increase the size of our Bank's business and the scope and complexity of its operations and will involve significant start-up costs. Our Bank may not be able to achieve the desired growth in its deposit base, and our Bank's new branches may not perform as well as its existing branches. See below, *"Our business and financial performance are dependent on maintaining and building a successful branch network. Any failure to maintain and increase our coverage will adversely affect our growth"*. In addition, our Bank may also fail to develop or retain the technical expertise required to develop and grow its digital payments capabilities. To the extent that our Bank fails to meet required targets, develop and launch new products or services successfully, it may lose any or all of the investments that it has made in promoting them, and our Bank's reputation with its customers could be harmed.

9. Our primary source of funding is in the form of deposits, and we may not be able to secure longer-term funding for our operations when we need it or at a cost that is favourable or at a competitive cost.

We meet most of our funding requirements through short-term and medium-term funding sources, primarily in the form of customer deposits. Failure to obtain our primary sources of funding or replacing them with fresh borrowings or deposits may materially and adversely affect business, results of operations and financial condition.

A substantial portion of our customer term deposits has been a stable source of funding. Many factors affect the growth of deposits, some of which are beyond our control, such as economic and political conditions, competition, availability of better investment alternatives and changing perceptions of retail customers toward savings. For example, retail customers may reduce their deposits and increase their investment in securities for a higher return, while SMEs and mid corporate customers may reduce their deposits in order to fund projects or other capital requirements.

We have traditionally maintained high CASA deposits due to our large retail customer base spread across India. As of March 31, 2023, the share of CASA deposit was 53.38% of the Bank's total deposits. Any decline in CASA share on total deposit could adversely impact the profitability of the Bank. However, our liquidity position will also be adversely affected if a substantial number of our depositors do not roll over term deposits upon maturity. Though retail deposits constitute a significant portion of our deposit base, we also accept high value deposits depending on the funding requirements. Accordingly, we may be required to seek more expensive sources of funding to finance our operations, which would result in a decline in our profits and have a material adverse effect on our business, results of operations and financial condition.

Our other sources of funding are primarily market borrowings such as borrowings from Reserve Bank of India, Other Institutions and Agencies, other borrowings which includes Innovative Perpetual Debt Instruments, repos and refinances. Any failure to obtain these sources of funding or replace them with other deposits or borrowings at competitive rates may materially and adversely affect our business, results of operations and financial condition. Interest rate fluctuations affect our cost of funds, and as a result, we are exposed to the risk of reduction in spreads, which is the difference between the returns that we earn on our advances and investments and the amounts that we must pay to fund them, on account of changing interest rates. In addition, if we are unable to re-invest the proceeds at similar interest rates, we will also face pre-payment risk on our loans, which may result in losing future interest and reduced cash flow. We may not be able to collect prepayment charges for certain products. We are also not permitted by the extant regulatory guidelines to charge foreclosure charges or prepayment penalties on all floating-rate housing loans to individual borrowers. Further, any downgrade or potential downgrade in our credit rating would also negatively impact the pricing on our issuances of debt, which would increase our financing costs, and adversely affect our future issuances of debt and our ability to raise new capital and funding on a competitive basis.

In addition, we may not be able to reduce our deposits if we experience surplus liquidity. We must find ways to lend surplus funds to existing or new borrowers in order to earn interest income and protect our net interest margin. If

we cannot secure sufficient loan volumes or earn sufficient interest through our lending activity, our ability to maintain and increase our net interest margin may be adversely affected along with our business, results of operations and financial condition. Any downgrade or potential downgrade in our credit rating would negatively impact the pricing on our issuances of debt, which would increase our financing costs, and adversely affect our future issuances of debt and our ability to raise new capital and funding on a competitive basis.

10. Our Bank may face asset liability mismatches, which could adversely affect our liquidity and, consequently, our business, results of operations and financial condition.

Our Bank may face liquidity risks due to mismatches in the maturity of our assets and liabilities. Liquidity risk is the risk that our Bank either does not have available sufficient financial resources to meet its obligations as they fall due or can secure them only at excessive cost. For example, a major liquidity risk in our Bank would be on account of unanticipated withdrawals of deposits, nonrenewal of deposits and delay in anticipated repayment of advances. This risk is inherent in any retail and commercial banking business and can be heightened by a number of enterprise-specific factors, including overreliance on a particular source of funding, changes in credit ratings or market-wide phenomena such as market dislocation. While our Bank implements liquidity management processes to seek to mitigate and control this risk, unforeseen systemic market factors make it difficult to completely eliminate it.

We may rely on funding options with a short-term maturity period for extending long-term loans, which may lead to an asset liability mismatch for certain periods. Mismatches between our assets and liabilities are compounded in case of pre-payments of the advances we grant to our customers. Further, asset liability mismatches create liquidity surplus or liquidity crunch situations and depending upon the interest rate movement, such situations may adversely affect our Net Interest Income. Also see, “*Selected Statistical Information*” on page 107.

We have constituted an Asset Liability Management Committee (“ALCO”) to address the abovementioned risks. The ALCO regularly reviews the asset liability mismatch and takes appropriate steps to ensure that we are not exposed to liquidity risk either, in the short or long-term. However, if the abovementioned risks materialise, we may face liquidity problem, resulting in an asset liability mismatch. As a result, we may be required to pay higher rates to attract deposits, which may have an adverse impact on our business and results of operations. Any failure on our part to minimize the asset liability mismatch resulting in higher liquidity risk may adversely affect business, results of operations and financial condition. Also see, “*Selected Statistical Information*” on page 107.

11. Our investment portfolio comprises largely of government securities that may limit our ability to deploy funds in higher yield investments.

As of March 31, 2023, government securities represented 93.30% of our domestic investment portfolio, respectively, and comprised 27.45% of our Bank’s deposits. We earn interest on such government securities at rates which are less favourable than those which we typically receive in respect of our retail and corporate loan portfolio, and this adversely impacts our net interest income and net interest margin. In addition, the market and accounting value of such securities could be adversely affected by overall rising interest rates.

Although many of these government securities are short-term in nature, the market value of our holdings could decrease if interest rates increase. In such cases, we may have to choose between liquidating our investments and incurring losses, or holding the securities and potentially being required to recognize an accounting loss upon marking to market the value of such investments, and either outcome may adversely impact our business, results of operations and financial condition.

12. Any volatility in housing or commercial real estate prices may have an adverse impact on our business and our growth.

We have significant exposure in the housing and commercial real estate sector, through housing loans, LAP (Loans against Property), lease rental discounting, loans to developers and commercial real estate loans which exposes us to the effects of volatility in housing sector prices. For Fiscal 2021, Fiscal 2022 and Fiscal 2023, our combined exposure in housing and commercial real estate sector was 15.44%, 15.74% and 17.20%, respectively, of total funded and non-funded exposures. Any sudden or sharp movement in housing or commercial real estate prices may adversely affect the demand and the quality of our portfolio which may have an adverse impact on our business, results of operations and financial condition.

13. A portion of our income is derived from non-banking activities and fee-based services. Our financial performance may be materially and adversely affected by an inability to generate and sustain such income.

Fee based income increased from ₹12,333.40 million in Fiscal 2022 to ₹13,091.15 million in Fiscal 2023. We generated commission, exchange and brokerage income of ₹13,091.15 million for the period ended March 31, 2023, which represented 7.20% of our total income. We also offer other banking services such as bancassurance (distributors of life and non – life insurance products), trustee and tax collection services (including GST). In addition to our primary segments, we offer a comprehensive range of ancillary products and services such as depository services, ASBA facility, electronically secured bank and treasury receipt (eSBTR), locker facilities, safe custody facility, bill payment services, online and off-line fee collection services, payment and remittance services. Our Subsidiary, Maharashtra Executor and Trustee Company Private Limited (“METCO”), provides services auxiliary to banking services such as consultation, drafting and execution of will, management of trusts, investments and house properties, guardianship of minor’s property, consultation for sale / purchase of property and filing of income tax returns for individuals. There can be no assurance that we will be able to sustain current levels of income from, or effectively manage the risks associated with, these businesses in the future.

We intend to continue focusing on higher fee based income from the sale of various third party products that at present include a wide range of both life and non-life insurance, mutual fund and share trading facility. We have taken several steps to introduce fee based services, chargeable value added services, upfront fees, consortium fees. If we are unable to successfully diversify our products and services while managing the related risks and challenges, returns on such products and services may be less than anticipated, which may materially and adversely affect our business, results of operations and financial condition.

14. Our business and financial performance are dependent on maintaining and building a successful branch network. Any failure to maintain and increase our coverage will adversely affect our growth.

As of March 31, 2023, our distribution network included 2,203 branches in India across 28 States and 6 Union Territories in India. In addition, our associate, Maharashtra Gramin Bank, a regional rural bank, headquartered at Aurangabad, Maharashtra has 421 branches covering 17 districts in Maharashtra as of March 31, 2023. One of our strategies is to increase our number of branches and if we fail to do so, our growth strategy and prospects may be adversely affected. Our newly opened branches may not be profitable immediately upon their opening or may take time to break-even. In the event of a delay in achieving break even by the newly opened branches within a reasonable period as envisaged by us, our profitability may be affected. Our branch expansion plans may have an adverse effect on the capital outlay which in turn may adversely affect our business, results of operations and financial condition. There will also be increased expenditure as a result of our strategy to expand into new geographies, including those planned for our branch network expansion, and newer businesses, such as retail assets and, where our brand is not well known in the market. As a consequence of our large and diverse branch network, we may be subject to additional risks inherent with an extensive network, including but not limited to higher technology costs, upgrading, expanding and securing our technology platform in such branches, operational risks including integration of internal controls and procedures, compliance with KYC, AML and other regulatory norms, ensuring customer satisfaction, recruiting, training and retaining skilled personnel, failure to manage third-party service providers in relation to any outsourced services and difficulties in the integration of new branches with our existing branch network. Any of these reasons may result in our failure to manage a large branch presence, which may materially and adversely affect our business, results of operations and financial condition.

15. Any downgrade of our debt ratings could adversely affect our business.

As of the date of this Placement Document, we have received the following credit ratings on our debt.

Type	Amount (₹ in million)	Ratings
Basel III Additional Tier I Bonds (Series-1)	2,900.00	Acuite AA (Stable) & Infomerics AA (Stable)
Basel III Additional Tier I Bonds (Series-2)	7,100.00	Acuite AA (Stable) & Infomerics AA (Stable)
Basel III Additional Tier I Bonds (Series-3)	8,800.00	Acuite AA (Stable) & Infomerics AA (Stable)
Basel III Compliant Tier II Bonds (June.2016)	5,000.00	Care AA (Stable) & Icra AA (Stable)
Basel III Compliant Tier II Bonds (March.2020)	6,000.00	Care AA (Stable) & Icra AA (Stable)
Basel III Compliant Tier II Bonds (Series-1)	2,007.00	Acuite AA+ (Stable) & Brickwork AA (Stable)
Basel III Compliant Tier II Bonds (Series-2)	2,050.00	Acuite AA+ (Stable) & Brickwork AA (Stable)
Basel III Compliant Tier II Bonds (Series-3)	1,000.00	Acuite AA+ (Stable) & Brickwork AA (Stable)
Basel III Compliant Tier II Bonds (Series-4)	10,000.00	Care AA (Stable) & Brickwork AA (Stable)

Type	Amount (₹ in million)	Ratings
Basel III Compliant Tier II Bonds (Series-5)	3,480.00	Acuite AA+ (Stable) & Infomerics AA+ (Stable)

These ratings assess our overall financial capacity to pay our obligations and are reflective of our ability to meet financial commitments as they become due. There can be no assurance that these ratings will not be revised or changed by the above rating agencies due to various factors. Any downgrade in our credit ratings may increase interest rates for refinancing our outstanding debt, which would increase our financing costs, and adversely affect our future issuances of debt and our ability to raise new capital on a competitive basis, which may adversely affect our business, results of operations and financial condition.

16. Any regulatory investigations, fines, sanctions, relating to our operations could negatively affect our business and financial results, or cause serious reputational harm to our businesses.

We are subject to periodic inspections by RBI under the Banking Regulation Act. During the course of assessment, the RBI advises issues related to various risk and regulatory non-compliances, and during such inspections RBI has in the past made certain observations regarding our business and operations. The following table sets forth an indicative list of penalties imposed by RBI on our Bank during the Fiscals 2021, 2022 and 2023.

Fiscal	Penalty amount (₹ in million)	Reason for penalty
2020-21	20.02	<ul style="list-style-type: none"> Non-compliance certain provisions of the directions contained in Reserve Bank of India (Frauds classification and reporting by commercial banks and select FIs) directions 2016 and the circulars on Concurrent Audit System in Commercial Banks - Revision of RBI's Guidelines, disclosure of customer complaints and unreconciled balances on account of ATM transactions, and Micro, Small and Medium Enterprises ("MSME") Sector - Restructuring of Advances. Penalty for deficiency observed in various Currency Chests.
2021-22	21.60	<ul style="list-style-type: none"> For failing to comply with RBI directions in respect of correct reporting/ non- reporting of borrowal accounts in Central Repository of Information on Large Credits For failing to comply with RBI directions in respect of entering into written Service Level Agreement ("SLA") and reviewing the outsourcing arrangement for the counter at Pune International Airport. For failing to comply with RBI Directions in respect of KYC norms. For failing to comply with RBI directions on Lending to NBFCs and Bank Finance to NBFCs. Penalty for deficiency observed in various Currency Chests.
2022-2023	11.98	<ul style="list-style-type: none"> Penalty for ATM Cash Out. Penalty for shortage/Mutilated Currency Notes/Soiled Notes/Counterfeit Notes detected while Cash Remittance to RBI. Penalty for deficiency observed in various currency chests/branches during RBI inspection.

Also, in the past, deficiencies in our Bank's operations including governance and oversight, credit appraisal and monitoring, NPA identification, risk management, exposure monitoring and collateral management have been identified. For instance, in the past our Bank (a) had not followed extant regulatory guidelines on Large Exposures Framework ("LEF") as 10 instances of incorrect/ non reporting of borrowers under LEF were found; (b) while sanctioning housing loans for more than 2 dwelling units our Bank had not considered the exposure to housing loans from third dwelling unit onwards as categorized as Commercial Real Estate exposure under the guidelines on classification of exposures as Commercial Real Estate Exposures issued by RBI; (c) had not obtained Legal Entity Identifier (LEI) for eligible 46 borrowers aggregating ₹1,127.50 million and not reported the same under CRILC platform as on March 31, 2020, out of which timelines for reporting LEI for 26 borrowers was overdue since one year as prescribed by RBI; and (d) is yet to complete its first internal money laundering/ terrorist financing (ML/TF)

risk assessment of its customers, stipulated under the risk based approach provided under the KYC master directions issued by RBI.

While we have undertaken steps to comply with these observations and have informed RBI regarding the status of our compliance, there can be no assurance that RBI will consider such steps to be adequate and treat the observations as being duly complied with. In the event we are not able to comply with the observations made by the RBI, we could be subject to supervisory actions which may have a material adverse effect on our business, results of operations and financial condition.

We cannot predict the initiation or outcome of any further investigations by other authorities or different investigations by the RBI. The penalties imposed by such regulators, or any future scrutiny, investigation, inspection or audit which could result in fines, public reprimands, reputational loss, significant time and attention from our management, costs for investigations and remediation of affected customers, may materially and adversely affect our business, results of operations and financial condition.

17. The Bank may not be able to meet the minimum public shareholding within the prescribed timelines, which could expose the Bank to penalties and other regulatory enforcement actions.

Pursuant to Section 19A of the Securities Contract (Regulations) Rules, 1957, as amended (“SCRR”), all listed companies are required to maintain a minimum public shareholding of at least 25%. Every listed public sector company whose public shareholding was below 25% at any time after the commencement of the Securities Contract (Regulations) (Second Amendment) Rules, 2018 is required to increase its public shareholding to at least 25% within a period of three years from the date of commencement of the amendment i.e., August 3, 2018. The SCRR also provides that if the public shareholding in a listed public sector company falls below 25% at any time, such company is required to bring the public shareholding to 25% within a maximum period of two years from the date of such fall in the manner prescribed by the SEBI. Failing to achieve/ maintain a minimum public shareholding would subject such company to penalties and other regulatory enforcement actions. Our Bank is required to comply with minimal public shareholding norms by August 1, 2024 as per the GoI notification.

As of March 31, 2023, the Bank’s public shareholding constituted only 9.03% of its total outstanding Equity Shares. The Bank endeavors to take necessary steps to increase the public shareholding as per SCRR so as to comply with minimal public shareholding norms.

18. As on the date of this Placement Document, the composition of our Board and the composition of certain committees does not have the full strength as prescribed in the Banking Companies Act, SEBI Listing Regulations and Master RBI (Fit and Proper Criteria for Elected Directors on the Boards of PSBs) Directions, 2019 dated August 2, 2019.

As on the date of this Placement Document, we have eight (8) directors on our Board including three (3) Whole-Time Directors, one (1) Government of India Nominee Director, one (1) RBI Nominee Director, one (1) Shareholder Director and two (2) Part-Time Non-Official Directors. The Board does not have the full strength as prescribed in the Banking Companies Act as the following positions are vacant:

- one position under section 9(3)(a) of the Banking Companies Act to be nominated by the Central Government after consultation with RBI;
- one position each under sections 9(3)(e), 9(3)(f) and 9(3)(g) of the Banking Companies Act to be nominated by the Central Government; and
- three positions under sections 9(3)(h) of the Banking Companies Act to be nominated by the Central Government.

Given that our Bank is a public sector undertaking, matters pertaining to, among others, appointment of our Directors are determined by the Government of India, Ministry of Finance or RBI except appointment of Shareholders’ Directors under section 9(3)(i) of the Banking Companies Act. In particular, the RBI has issued a circular dated April 26, 2021 which prescribes certain basic requirements with regard to the chairman and meetings of boards of directors, composition of certain committees of boards of directors, age, tenure and remuneration of directors, and appointment of the whole-time directors. Our Bank is yet to comply with all the instructions as mentioned in the RBI’s circular dated April 26, 2021. Further, we do not have a women director on our Board as per the SEBI Listing Regulations.

We cannot provide any assurance that the composition of our Board and the committees thereof will be in terms of the applicable regulations in a timely manner or at all. Such delay or failure could result in statutory / regulatory authority(ies) taking action against us including imposing penalty on our Bank, any of which could adversely affect the Bank's business, reputation and results of operations.

19. Our Bank may not be able to sustain the growth rate of our retail asset portfolio or maintain the quality of our portfolio.

Over the years, our Bank has increased its focus on retail lending portfolio. Our Bank's retail asset portfolio was ₹434,326.03 million as at March 31, 2023. Our advances to the retail sector represented 24.80% and 26.19% of our total advances respectively as of March 31, 2023 and March 31, 2022. We intend to continue our focus on increasing retail lending portfolio i.e. housing, vehicle, education, personal and other retail loans by offering new products and services and by cross selling to our customers through marketing. While we anticipate continued demand in the retail banking business, growth of our retail portfolio is subject to various factors including rationalization of branch network and manpower. We cannot assure you that we will be able to grow at the rate we have experienced in the past, which could materially and adversely affect our business, results of operations and financial condition.

In addition, the Bank's current growth strategy contemplates further growth in our retail asset portfolio. Although India has a credit bureau industry and we review credit history reports whenever they are available from credit bureaus, adequate information regarding loan servicing histories, particularly in respect of individuals and small businesses, is limited. As a result, our Bank's credit risk exposure is higher compared with banks operating in more developed markets. Additionally, the economy in India is largely cash based, making it difficult for us to monitor the credit of our retail customers, who frequently do not maintain formal financial records. Furthermore, retail loans may carry a higher risk for delinquency if there is an increase in unemployment, prolonged recessionary conditions or a sharp rise in interest rates. As a result, our Bank is exposed to higher credit risk in the retail asset segment as compared to banks in more developed markets. If our Bank's screening process proves to be inadequate, we may experience an increase in impaired loans and we may be required to increase our provision for defaulted loans. Further, if the Bank is unable to maintain the quality of our retail loan portfolio as Bank grows its retail business, our Bank NPAs may increase, which could materially and adversely affect our business, results of operations and financial condition.

20. We depend on the accuracy and completeness of information furnished by the customers and counterparties and any misrepresentation, errors or incompleteness of such information could cause our business to suffer.

Our principal activity is providing financing to borrowers, including individuals, SMEs and MSMEs. The credit risk of our borrowers may be higher than in other economies due to the higher uncertainty in our regulatory, political and economic environment and the inability of our borrowers to adapt to global technological advancements. In addition, we believe, India's system for gathering and publishing statistical information relating to the Indian economy generally or specific economic sectors within it, or corporate or financial information relating to companies or other economic enterprises is not as comprehensive as those of countries with established market economies. Although India has credit information companies, adequate information regarding loan servicing histories, particularly in respect of individuals and small businesses, is limited. In the event that the reports of such credit information companies are not up-to-date, we may not be able to accurately assess the credit-worthiness of our borrower which may increase our risk of exposure to default by borrower. As our lending operations are primarily limited to India, we may be exposed to a greater potential for loss compared to banks with lending operations in more developed countries.

We rely on information furnished by customers and counterparties while determining whether to extend credit or to enter into other transactions with such customers and counterparties. We typically rely on financial statements, other financial information and certain representations as to the accuracy and completeness of that information and, with respect to financial statements, on reports of independent auditors provided. For example, in deciding whether to extend credit, we may assume that a customer's audited financial statements conform to generally accepted accounting principles and present fairly, in all material respects, the financial condition, results of operations and cash flows of the customer. Our business, results of operations and financial condition could be adversely affected by relying on financial statements that do not comply with generally accepted accounting principles or with other information that is materially misleading. We also rely on credit ratings and bureau scores assigned to our customers. Our business, results of operations and financial condition could be negatively impacted by such reliance on information that is inaccurate or materially misleading. As a consequence, our ability to effectively manage our credit risk may be adversely affected.

The availability of accurate and comprehensive credit information on retail customers and small businesses in India is more limited than for larger corporate customers, which reduces our ability to accurately assess the credit risk associated with such lending. The difficulties associated with the inability to accurately assess the value of collateral and to enforce rights in respect of collateral, along with the absence of such accurate statistical, corporate and financial information, may decrease the accuracy of our assessments of credit risk, thereby increasing the likelihood of borrower default on our loan and decreasing the likelihood that we would be able to enforce any security in respect of such a loan or that the relevant collateral will have a value commensurate to such a loan. The absence of reliable information, including audited financial statements, recognized debt rating reports and credit histories relating to our present and prospective corporate borrowers or other customers makes the assessment of credit risk, including the valuation of collateral, more difficult, especially for individuals and small businesses. Difficulties in assessing credit risks associated with our day-to-day lending operations may lead to an increase in the level of our nonperforming and restructured assets, which could materially and adversely affect our business, results of operations and financial condition.

21. Indian accounting principles differ from those which prospective investors may be familiar with in other countries. In addition, the effects of the planned convergence with, and adoption of, IFRS are uncertain.

Our standalone and consolidated financial statements as of, and for the years ended, March 31, 2021, 2022 and 2023, have been prepared in accordance with Indian GAAP. We have not attempted to quantify the impact of other accounting principles, such as U.S. GAAP or IFRS, on the financial data included in this Placement Document, nor have we provided a reconciliation of our financial statements to those prepared pursuant to U.S. GAAP or IFRS. U.S. GAAP and IFRS differ in several respects from Indian GAAP. Accordingly, the degree to which the Indian GAAP financial statements included in this Placement Document will provide meaningful information is entirely dependent on the reader's level of familiarity with Indian accounting practices. Persons not familiar with Indian accounting practices should, accordingly, consult their own professional advisors before relying on the financial disclosures presented in this Placement Document.

In addition, there may be less publicly available information about Indian body corporates, such as the Bank, than is regularly made available by body corporates/ public companies in such other countries. Body corporates in India, including the Bank, have been required to prepare financial statements under Ind AS according to the implementation roadmap drawn up by the Indian Ministry of Corporate Affairs. The Bank may be adversely affected by this transition.

The Ministry of Corporate Affairs, in its press release dated January 18, 2016, issued a roadmap for implementation of Ind AS for scheduled commercial banks, insurers, insurance companies and non-banking financial companies. This roadmap requires all financial institutions (including the Bank) to prepare Ind AS-based financial statements for the accounting periods beginning from April 1, 2018 onwards with comparatives for the periods ending March 31, 2018 and thereafter. However, the RBI through a circular dated March 22, 2019 has deferred the implementation of Ind AS for scheduled commercial banks, insurers, insurance companies and non-banking financial companies until further notice. The RBI through a circular dated February 11, 2016 required banks to submit proforma Ind AS financial statements to the RBI from the half-year ended September 30, 2016. In addition, banks are required to disclose in the annual report, the strategy for Ind AS implementation, including the progress made in this regard. Moreover, although we currently have an internal control framework in place in order to report our financial statements under Indian GAAP, we will have to modify our internal control framework and adopt new internal controls in order to report under Ind AS. These new internal controls will require, amongst others, a transition to more model-based evaluation of certain items, as well as staff that are adequately knowledgeable with Ind AS. There is no guarantee that we will be able to implement effective internal controls under Ind AS in a timely manner or at all and any failure to do so could materially adversely affect business, results of operations and financial condition.

22. The Bank or its customers may engage in certain transactions in or with countries or persons that are subject to U.S. and other sanctions.

U.S. law generally prohibits or restricts U.S. persons from directly or indirectly investing or otherwise doing business in or with certain countries that are the subject of sanctions (such as Cuba, North Korea, Ukraine, Russia, Iran, Sudan and Syria, among others) and with certain persons or businesses that have been specially designated by the U.S. Treasury Department's Office of Foreign Assets Control ("OFAC") or other U.S. government agencies. Other countries, governments and international or regional organizations also administer similar economic sanctions. The Bank provides transfer, settlement and other services to customers doing business with, or located in, countries to which certain OFAC-administered and other sanctions continue to apply, or was applicable in the past. Although the Bank believes it has compliance systems in place that are sufficient to block prohibited

transactions, and the Bank has not been notified that any penalties or other measures will be imposed on it or its subsidiary or associate, there can be no assurance that the Bank will be able to fully monitor all of its transactions for any such potential violation.

23. *We distribute third-party investment products, such as mutual funds, brokerage and insurance products. Our inability to effectively manage any of these businesses may adversely affect our business, results of operations and financial condition.*

We have increased our focus on fee and commission-based income over a period of years. In order to grow our non-interest income, we distribute third-party investment products, brokerage and insurance products and provide portfolio management services. We have engaged with various third parties to distribute such products. However, we have no control over the actions of such third parties and their products. Any failure on the part of such third parties, including any failure to comply with applicable regulatory norms, any regulatory action taken against such parties or any adverse publicity relating to such party could, in turn, result in negative publicity about us and adversely impact our brand and reputation. Further, in case customers to whom such products are sold, experience deficiency of service or are otherwise aggrieved, we may be subject to litigation or claims for damages by such aggrieved customers, which could adversely affect our business, financial position and results of operations. If there is a disruption in the third-party services, or if the third-party service providers discontinue their service agreement with us or if we fail to renew their service agreement, in a timely manner, or at all, our business, financial condition and results of operations will be adversely affected.

24. *We make significant advances to the agricultural sector and any change in lending rates applicable to this sector may adversely affect our business, financial position and results of operations.*

As of March 31, 2021, 2022 and 2023, our Bank's loan portfolio contained significant advances to the agricultural sector amounting to ₹180,301.80 million, ₹196,171.53 million and ₹245,194.90 million, respectively, which represented 19.91%, 18.81% and 20.82%, respectively, of the Bank's adjusted net credit in such periods. Public sector banks may be required by the GoI to lend to the agriculture sector at below market rates. The RBI Master Directions on "Priority Sector Lending - Targets and Classifications", stipulate that our agricultural advances shall be 18.00% of adjusted net bank credit or credit equivalent amount of off-balance sheet exposure, whichever is higher, out of which a target of nine percent is prescribed for Small and Marginal Farmers ("SMFs"). Further, 7.5% of the adjusted net bank credit or the credit equivalent amount of off-balance sheet exposure, whichever is higher, is prescribed for microenterprises and 11.50% is prescribed for advances to weaker sections. The targets prescribed for weaker sections and small and marginal farmers shall be implemented in a phased manner. Any revision in the definition or classification of segments eligible for priority sector lending could impact our ability to meet priority sector lending requirements. In addition, the exposure of public sector banks including us to the agricultural sector involves a higher degree of risk, as repayment of agricultural loans is significantly dependent on weather patterns and agricultural output as well as commodity price fluctuations. Further, certain state governments have in the past waived loans to certain customer segments, such as farmers, and we cannot assure you that similar measures will not be taken in the future, which may have an adverse impact on the overall loan recovery climate and may negatively affect the risk-adjusted returns of public sector banks and further, adversely affect our business, future financial performance and the trading price of the Equity Shares. In the event that we are required to increase our exposure to the agricultural sector pursuant to GoI mandated directed lending, it may adversely affect our business, financial position and results of operations.

25. *We may not be able to detect money-laundering and other illegal or improper activities in a comprehensive manner or on a timely basis, which could expose us to additional liability and harm our business or reputation.*

We are required to comply with applicable anti-money laundering and anti-terrorism laws and other regulations in India. These laws and regulations require us to adopt certain measures, including, to adopt and enforce "know-your-customer/ anti-money laundering/ combating financing of terrorism" ("KYC/AML/CFT") policies and procedures and to report suspicious and large transactions to the applicable regulatory authorities. Remittances and trade finance transactions are increasingly required to be scrutinized and monitored. We are also required to undertake constant review and assessment of existing control processes and programs to meet the increased regulatory expectation. We cannot assure you that we will always keep pace with frequent reviews and rapid upgrading required by such regulatory developments. While we regularly adopt policies and procedures aimed at detecting and preventing the use of our banking networks for money-laundering activities and by terrorists and terrorist-related organizations and individuals generally, such policies and procedures may not completely eliminate instances where our system may be used by other parties to engage in money-laundering and other illegal or improper activities due to, in part, the

short history of these policies and procedures. In addition, there may be significant inconsistencies in the manner in which specific operational and KYC/AML/CFT policies are actually interpreted and implemented at an operational level in each of the branch and other customer interface levels.

In August 23, 2013, the RBI imposed a penalty of ₹5 million, on us for non – adherence with certain KYC and AML guidelines, like customer identification procedure, non – adherence of KYC norms for walk in customers including for sale of third party products, non – adherence to instructions on import of gold on consignment basis, non – adherence to the RBIs instructions on monitoring of transactions in customer accounts. In January 4, 2019, RBI imposed a penalty of ₹10 million on our Bank for non-compliance with Master Directions on Frauds-Classification and Reporting dated July 01, 2016 and Master Direction on KYC dated February 25, 2016 (updated as on July 08, 2016) issued by RBI. To the extent we fail to fully comply with applicable laws and regulations, the relevant governmental and regulatory agencies may impose fines and other penalties and, in certain circumstances, instruct us to cease operations. In addition, any adverse action taken by such agencies could adversely affect our reputation, thereby affecting our business and future financial performance. For further information, see “*Legal Proceedings*” on page 268.

26. *We may face conflicts of interest relating to our Associate, Maharashtra Gramin Bank.*

Our Associate, Maharashtra Gramin Bank (“**MGB**”), is a regional rural bank with 421 branches covering 17 out of 36 districts in Maharashtra, as at March 31, 2023. We have no agreements with MGB that restricts them from offering similar products and services as us and as a result, our relationship with MGB may cause certain conflicts of interest. Since, substantial portion of our Bank branches and MGB’s branches are in Maharashtra, there can be potential conflict with respect to the products and services that we offer. There can be no assurance that we will be able to successfully compete with MGB and if it continues to offer and distribute our products in the businesses that we are currently engaged in or if we forego certain business opportunities because of our relationship with MGB, our business, results of operations and financial condition could be adversely affected.

27. *There are limitations in the scope of the procedures adopted by our statutory auditors in the audit of our financial statements.*

We are a commercial bank with a network of 2,203 branches in India as of March 31, 2023. In March 31, 2023, Audited Consolidated Financial Statements, SCA Firms have audited 42 Zonal offices, 20 branches and Treasury and International Banking Division (“**TIBD**”). Further Statutory Branch Auditors (SBA) have audited reports in respect of advance and non-performing assets 576 branches, specifically appointed for this purpose. These audit reports cover 77.06% of the advances portfolio of the bank, 84.00% of non-performing assets of the Bank, including the financial results for Top 20 Branches and TIBD. Apart from these review reports, SCA have relied upon various information and un-reviewed returns received from the 1627 branches of the bank.

As noted in the audit reports for the financial statements for Fiscals 2021, 2022 and 2023, there are certain limitations in the scope of the audit of such financial statements. For further details, see “*Financial Statements*” on page 275. An inability to maintain an effective internal audit system or adequate procedures by our officials in the audit of our financial statements may affect the reliability of our financial statements.

28. *Our ability to pay dividends in the future will depend upon our earnings, financial condition and capital requirements and directions. Any inability to declare and/ or pay dividend may adversely affect the trading price of our Equity Shares.*

We declared and paid dividends of ₹0.50 (5%) per equity share to our shareholders for the Fiscal 2022 and we have also declared dividends of ₹1.30 (13%) per equity share to our shareholders for the Fiscal 2023. However, there can be no assurance that we will pay dividends in the future and, if we do, as to the level of such future dividends.

While we have a formal board approved dividend policy to govern our dividend pay-out, our future ability to pay dividends and the amount of any such dividends, if declared, will depend upon a number of factors, including our future earnings, financial condition, capital requirements, our compliance with regulatory requirements, meeting the RBI mandated CRAR and net NPA parameters and our results of operations and financial condition and other factors considered relevant by our Board and our shareholders. Declaration of dividend by public sector banks (PSUs) are governed by RBI Master Guidelines issued vide its circular no RBI/2004-05/451DBOD.NO.BP.BC. 88 / 21.02.067 / 2004-05 dated May 4, 2005. Dividends distributed by us will attract dividend distribution tax at rates applicable from time to time.

We cannot assure you that we will generate sufficient income to cover our operating expenses and shall be able to pay dividends. In addition, dividends that we have paid in the past may not be reflective of the dividends that we may pay in a future period. Our future dividend policy will depend on our revenues, profits, cash flow, financial condition, capital requirements and other factors. For further information, see “*Dividend Policy*” on page 80.

29. *The banking industry in India is subject to extensive regulation and significant changes in the banking regulations may adversely affect our business, financial position and results of operations.*

The banking and financial sector in India is highly regulated and extensively supervised by the RBI. See “*Regulations and Policies in India*” on page 201. Banks are generally subject to changes in Indian law, as well as to changes in regulations, government policies and accounting principles. We operate in a highly regulated environment in which the RBI, SEBI and other domestic and international regulators regulate our operations. As we operate under licenses or registrations obtained from appropriate regulators, we are subject to actions that may be taken by such regulators in the event of any noncompliance with any applicable policies, guidelines, circular, notifications and regulations issued by the relevant regulators. Our business could be affected by any changes in policies for banks in respect of directed lending, reserve requirements and other areas. For example, the RBI could change its methods of enforcing directed lending standards so as to require more lending to certain sectors, which could require us to change certain aspects of our business. In addition, we may be subject to other changes in laws and regulations, such as those affecting the extent to which we can engage in specific businesses or those that reduce our profits through a limit on either fees or interest rates that we may charge our customers or those affecting foreign investment in the banking industry, as well as changes in other governmental policies and enforcement decisions, income tax laws, foreign investment laws and accounting principles. The laws and regulations governing the banking sector, including those governing the products and services that we provide or propose to provide, could change in the future.

The Reserve Bank of India (Priority Sector Lending – Targets and Classification) Directions, 2020 dated September 4, 2020 (“**PSL Regulations**”) sets out the broad policy in relation to priority sector lending. The Priority Sector Lending Regulations apply to all commercial banks licensed to operate in India by the RBI. In terms of the PSL Regulations, the sectors categorised as priority sectors are agriculture, micro, small and medium enterprises (“**MSME**”), export credit, education, housing, social infrastructure, renewable energy and other sectors. Further, the PSL Regulations stipulate that domestic commercial banks will have to allocate 40.00% of the adjusted net bank credit (“**ANBC**”) to PSL or credit equivalent of off balance sheet exposures (“**CEOBE**”), whichever is higher. Further, for agriculture sector, micro enterprises and advance to weaker sections, the targets are 18.00%, 7.50% and 12.00% of the adjusted net bank credit or credit equivalent of off-balance sheet exposures, whichever is higher, respectively. It has also prescribed sub-targets for small and marginal farmers, micro-enterprises and weaker sections. Economic difficulties are likely to affect those borrowers in priority sectors more severely. The outstanding under Priority Sector Lending (including investments) as of March 31, 2023 stood at 58.37% of adjusted net bank credit (ANBC) as against the mandatory target of 40%. On November 7, 2012 the RBI issued guidelines to consolidate the various instructions or guidance on liquidity risk management and to harmonize and enhance these instructions or guidance in line with the Principles for Sound Liquidity Risk Management and Supervision as well as the Basel III Guidelines. They include enhanced guidance on liquidity risk governance, the measurement, monitoring and reporting of liquidity positions to the RBI and minimum global regulatory standards of Liquidity Coverage Ratio (“**LCR**”) and Net Stable Funding Ratio (“**NSFR**”). The RBI also issued the final guidelines on ‘Framework on Liquidity Standards – Liquidity Coverage Ratio (“**LCR**”), Liquidity Risk Monitoring Tools and LCR Disclosure Standards’ on June 9, 2014 to be implemented by the banks immediately and the LCR binding on banks from January 1, 2015. RBI issued the guidelines for NSFR effective from January 1, 2018. However, in view of the ongoing stress on account of COVID-19, the RBI decided to defer the implementation of NSFR guidelines. The guidelines for NSFR has come into effect from October 1, 2021. The RBI issued the Guidelines for implementation of Counter Cyclical Capital Buffer (“**CCCB**”) in February 2015. According to the CCCB guidelines, our Bank will have to maintain higher level of Common Equity Tier 1 (“**CET1**”) capital ranging from 0% to 2.5% of total risk weighted assets (“**RWA**”) of the banks, if the credit-to-GDP ratio in India is in the range of 3% to 15%. However, pursuant to a press release dated April 19, 2021, RBI has decided that it is not necessary to activate CCCB at this point in time. The RBI also stipulates policy measures designed to curb inflation. Over the last few fiscal years, the RBI has, in order to increase liquidity, reduced the repo rate and the reverse repo rate. In addition to the CRR, a bank is required to maintain Statutory Liquidity Ratio (“**SLR**”), a specified percentage of its NDTL, by way of liquid assets like cash, gold or approved unencumbered securities. The percentage of this liquidity ratio is fixed by RBI from time to time, pursuant to Section 24 of the Banking Regulation Act. At present, the required SLR is 18%. The CRR is currently at 4.50%. Any increase in RBI-mandated reserve requirements or capital requirements applicable to the Bank on account of regulatory changes or otherwise may compel the Bank to commit its existing capital away from profitable business opportunities, or to raise additional capital, in order to meet these

new capital adequacy requirements. The Bank may also be compelled to dispose of certain of its assets and/or take other measures in order to obtain the necessary capital to meet more stringent capital requirements. This would limit the Bank's ability to grow its business or adversely impact its profitability and its future performance and strategy. If we are unable to meet the requirements of the RBI, the RBI may impose penal interest or prohibit fresh deposits, which may have a material adverse effect on our business, results of operations and financial condition.

The laws and regulations governing the banking sector, including those governing the products and services that we provide or propose to provide, could change in the future, and any changes may adversely affect our business, our future financial performance and the trading price of our Equity Shares. Any change to the existing legal or regulatory framework will require us to allocate additional resources, which may increase our regulatory compliance costs and direct management attention and consequently affect our business.

30. We rely on our correspondent banks in other countries to facilitate our foreign exchange operations. Any failure to maintain such relationships or enter such new relationships with correspondent banks may impact our ability to grow our foreign exchange business.

We have relationships with various correspondent banks and financial institutions across the globe to carry out our dealings in foreign currencies and for facilitating its treasury, trade and remittance transactions. We maintain Nostro accounts in foreign currencies with such correspondent foreign banks which facilitates inward and outward remittance. Our customers can remit funds to India in any of the currencies for which we have opened such accounts, by instructing their banks to remit the funds to our Nostro account maintained in that particular currency. We may need to open such Nostro accounts with the correspondent banks in those locations in case we intend to cater to a different foreign location or currency. Opening and maintaining such accounts requires compliance with strict KYC norms and any failure to adhere to such norms may result in the correspondent bank closing these accounts.

A correspondent bank may discontinue any of the services that it offers in relation to such accounts, which may result in customer dissatisfaction. There can be no assurance that we will be able to retain our existing correspondent banks or enter into similar arrangements with new correspondent banks on commercially reasonable terms or at all. We could be forced to scale back our treasury, trade and remittance business, in the event that we are unable to open new accounts or continue to maintain existing accounts with our correspondent banks for any reason whatsoever, which could adversely affect our business, results of operations and financial condition.

31. We are subject to capital adequacy norms and are required to maintain a CRAR at the minimum level required by RBI for domestic banks. Any inability to maintain adequate capital due to change in regulations or lack of access to capital or otherwise could materially and adversely affect our business, results of operations and financial condition.

We are subject to regulations relating to capital adequacy of banks, which determines the minimum amount of capital we must hold as a percentage of the risk-weighted assets on our portfolio, or capital-to-risk asset ratio ("CRAR"). The RBI requires banks in India to maintain a minimum CRAR of 11.50% (including capital conservation buffer) as on date. In addition, RBI issued the RBI Basel III Capital Regulations on May 2, 2012 applicable to our Bank for International Settlement's Basel III international regulatory framework and was implemented on April 1, 2013. The RBI Basel III Capital Regulations require, among other things, higher levels of Tier I capital and common equity, capital conservation buffers, maintenance of a minimum prescribed leverage ratio on a quarterly basis, higher deductions from common equity and Tier I capital for investments in subsidiaries and changes in the structure of non-equity instruments eligible for inclusion in Tier I capital. The RBI Basel III Capital Regulations also set out elements of regulatory capital and the scope of the capital adequacy framework, including disclosure requirements of components of capital and risk coverage. The transitional arrangements for the implementation of Basel III capital regulations in India began on April 1, 2013 and as on date of this Placement Document, the Bank is in compliance with RBI Basel III Capital Regulations. Due to increase of size of assets and accordingly the risk weighted assets, there may be an impact on the CRAR under the Basel III standards. Although we have been maintaining a CRAR under the Basel III standards, which was 18.14% as of March 31, 2023 as compared to the regulatory minimum requirement of 11.50%, there can be no assurance that we will be able to maintain our CRAR within the regulatory requirements in future. Further, any adverse developments could affect our ability to continue to satisfy the capital adequacy requirements, including deterioration in our asset quality, decline in the values of our investment or applicable risk weight for different asset classes. In case the CRAR falls below the regulatory minimum requirement we may be constrained in further expanding our business. In June 28, 2019, as a part of the leverage ratio framework, the RBI announced that the minimum leverage ratio would be 4% for domestic systemically important banks and 3.5% for other banks. As of March 31, 2023, the Bank is maintaining the leverage ratio at 4.61%. The Bank's ability to grow its business and execute its strategy is dependent on its level

of capitalization. Any decrease in the Bank's regulatory capital ratios, increase in RBI-mandated reserve requirements or capital requirements applicable to the Bank on account of regulatory changes or otherwise, or inability to access capital markets may compel the Bank to commit its existing capital away from profitable business opportunities, or to raise additional capital, in order to meet these new capital adequacy requirements. For example, the requirement that the Bank maintain a portion of its assets in fixed income government securities could have a negative impact on its treasury income as the Bank typically earns interest on this portion of its assets at rates that are generally less favourable than those typically received on its other interest-earning assets. The Bank may also be compelled to dispose of certain of its assets and/or take other measures in order to obtain the necessary capital to meet more stringent capital requirements. This would limit the Bank's ability to grow its business or adversely impact its profitability and its future performance and strategy.

In addition, if the Bank is unable to meet the RBI's capital reserves requirements or regulatory capital ratios in the future, the RBI may impose additional penalties or prohibit fresh deposits, which may materially and adversely affect the Bank's business, results of operations and financial condition.

The liquidity coverage ratios prescribed by the RBI Basel III Capital Regulations may result in Indian banks, including the Bank, holding higher amounts of liquidity, thereby impacting their profitability. In addition, any sudden increase in the demand for liquidity by banks to meet these regulatory liquidity requirements could have an adverse impact on the financial markets, and result in a sharp increase in short-term borrowing costs and a sudden increase in the cost of funding for banks, including the Bank.

In the past, the Bank has raised resources from the capital markets in order to meet its capital requirements. However, the Bank believes that the demand for Basel III compliant debt instruments such as Tier II capital eligible securities may be limited in India, and there can be no assurance that the Bank will be able to raise adequate additional capital in the future at all or on terms favourable to it. Moreover, if the Basel Committee releases additional or more stringent guidance on capital adequacy norms which are given the effect of law in India in the future, the Bank may be forced to raise or maintain additional capital in a manner which could materially adversely affect our business, results of operations and financial condition.

32. We are exposed to operational risks, as well as weakness or failures of our internal control systems that may cause significant operational errors, which may in turn materially and adversely affect our business, results of operations and financial condition.

Banks and financial institutions are generally exposed to many types of operational risks, including the risk of fraud or other misconduct by employees or outsiders, unauthorized transactions by employees and third parties (including violation of regulations for prevention of corrupt practices, and other regulations governing our business activities), or operational errors, including clerical or record keeping errors or errors resulting from faulty computer or telecommunications systems. Given the high volume of transactions that we handle on a day to day basis, certain errors may be repeated or compounded before they are discovered and successfully rectified. In addition, our dependence upon automated systems to record and process transactions may further increase the risk that technical system flaws or employee tampering or manipulation of those systems will result in losses that are difficult to detect.

We also outsource certain functions to other agencies, such as data entry cash management and ATM management. We are also, as a result exposed to the risk that such external agencies may be unable to fulfil their contractual obligations to us (or will be subject to the same risk of fraud or operational errors by their respective employees as we are), and to the risk that our (or such agencies) business continuity and data security systems prove not to be sufficiently adequate. We also face the risk that the design of our controls and procedures may prove inadequate, or are circumvented, thereby causing delays in detection or errors in information. While we periodically test and update, as necessary, our internal control systems, we are exposed to operational risks arising from the potential inadequacy or failure of internal processes or systems, and our actions may not be sufficient to guarantee effective internal controls in all circumstances.

Our management information systems and internal control procedures that are designed to monitor our operations and overall compliance may not identify every instance of non-compliance or every suspicious transaction. If internal control weaknesses are identified, our actions may not be sufficient to fully correct such internal control weakness. For Fiscal 2023, we reported 105 frauds, and the total amount involved was ₹9,332.70 million. Our risk management techniques may not be fully effective in mitigating our risk exposure in all market environments or against all types of risks, including risks that are unidentified or unanticipated. Some methods of managing risk are based upon observed historical market behaviour. As a result, these methods may not predict future risk exposures, which could be greater than the historical measures indicated. Other risk management methods depend upon an

evaluation of information regarding markets, clients or other matters. This information may not in all cases be accurate, complete, up to date or properly evaluated. Management of operational, legal or regulatory risk, compliance risk, conduct risk, environmental social and governance risk and other non-financial risk requires, among other things, policies and procedures to properly record and verify a large number of transactions and events. Although we have established these policies and procedures, these policies may not be fully effective which could adversely affect our business, results of operations and financial condition.

33. We may face labour disruptions and employee misconduct that could adversely affect our business, results of operations and financial condition.

We are exposed to the risk of strikes and other industrial actions. Some of our Bank's employees are members of the trade unions. We have also in the past had instances of strikes and work stoppages on account of our employees' unions participating in all India strikes. While we believe that we have a strong working relationship with the unions / associations, there can be no assurance that our Bank will continue to have such a relationship in the future. If the employees' union calls for a work stoppage or other similar action, we may be forced to suspend all or part of our operations until the dispute is resolved. If any such work stoppage or disruption was to occur, possibly for a significant period of time, our business, results of operations and financial condition would be adversely affected.

There is also likelihood for employee misconduct which could involve the improper use or disclosure of confidential information, which could result in regulatory sanctions and serious reputational or financial harm, including harm to our brand. It is not always possible to deter misconduct by employees and the precautions we take and the systems we have put in place to prevent and deter such activities may not be effective in all cases. Any instances of such misconduct or fraud could adversely affect our reputation, business, results of operations and financial condition.

34. Our inability to maintain or grow our CASA ratio may result in higher cost of deposits and impact our business, results of operations and financial condition.

We have traditionally maintained high CASA deposits because of our large retail customer base. As of March 31, 2023, the share of CASA deposits was at 53.38% of our total deposits. The state government of Maharashtra ("GoM") has issued a Govt. Resolution in favour of maintaining government accounts with public sector banks. As a result, various departments of GoM will be required to maintain their accounts with public sector banks, such as our Bank. While the potential effect of any such additional CASA deposits at our Bank from various departments of GoM may be to allow the Bank to keep its term deposit interest rate relatively lower as compared to the general market rate, we may not be able to maintain our CASA deposits and ratio owing to the increased competition from other banks and lending institutions. In order to attract retail customers and increase our CASA deposits, we intend to introduce new products and promote our products through marketing campaigns. The interest rates that we must pay to attract customer deposits are determined by numerous factors such as the prevailing interest rate structure, competitive landscape, Indian monetary policy and inflation. However, there is no assurance that we will be successful in growing our CASA base. If we fail to maintain or grow our CASA ratio, our business, results of operations and financial condition may be adversely affected.

35. The Indian banking industry is very competitive and our growth strategy depends on its ability to compete effectively.

We face competition in all our principal areas of business. Private sector banks, foreign banks and other public sector banks are our main competitors, followed closely by small finance banks, non-banking finance companies, insurance companies, housing finance companies, payment banks, asset management companies, development financial institutions, mutual funds, and investment banks.

We may also face increased competition from foreign banks if the Indian retail market is further liberalized or if regulations and restrictions upon branch network growth by foreign banks are simplified or reduced, foreign banks may operate in India by establishing wholly owned subsidiaries, which are allowed to raise Rupee resources through issue of non-equity capital instruments. In addition, wholly owned subsidiaries of foreign banks may be allowed to open branches in Tier II to Tier VI towns except at specified locations considered sensitive for national security reasons. Further, under the foreign exchange regulations, an aggregate foreign investment of up to 49.00% under the automatic route, and 74.00% under the government approval route, in Indian private sector banks is allowed as compared to 20.00% under the government route for public sector banks.

The Indian financial sector may also experience further consolidation which could result in fewer banks and financial institutions offering additional comprehensive services and products. For example, in one of the largest

consolidations in the Indian banking industry, the State Bank of India merged with its five associate banks and the Bharatiya Mahila Bank, which became effective on April 1, 2017. Moreover, the Government announced the amalgamation of three other public sector banks in Fiscal Year 2019, and several additional amalgamations of public banks were announced by the Government in Fiscal Year 2020. These trends are expected to increase competitive pressures on the Bank in the future.

Further, innovations in the payments system and increasing use of mobile banking are leading to emergence of new platforms for cashless payments. These and other trends in technology could increase competitive pressures on banks, including the Bank, to adapt to new operating models and upgrade back-end infrastructure on an ongoing basis in order to compete more effectively. There is no assurance that the Bank will be able to respond adequately to new technology developments or be in a position to dedicate sufficient resources to upgrade its systems and compete with new players entering the market. Some or all of these entities, which have substantially more resources than the Bank and other Indian banks, may eventually seek a larger share of the banking and financial services market in India and compete with the Bank.

In addition, changing customer behaviour and expectations could increase competitive pressures in the Indian banking sector. The Bank has seen an increase in customer complaints in recent years. For example, increased accessibility to smartphones, tablets and other technologies has decreased overall customer loyalty across the Indian banking industry as customers can easily compare the costs, fees and other charges for availing a particular banking product or service across banks, resulting in increased expectations from customers, decreased customer loyalty and greater competitive pressures across the overall banking industry. The Bank cannot assure you that it will be able to respond and adapt to such changing behaviours and expectations adequately or at all.

Any changes in the banking structure in India, including the entry of new banks, greater competition between existing players and improvement in the efficiency and competitiveness of existing banks, may have an adverse impact on the Bank's business. Due to competitive pressures, the Bank may be unable to successfully execute its growth strategy or offer products and services at reasonable returns and this may adversely impact its business. See "Our Business – Competition" on page 153.

36. *We offer unsecured loan to customers that are subject to greater credit risk than our secured loan portfolio.*

Our loan products include unsecured personal loans to the retail customer segment, including salaried individuals and self-employed professionals, as well as unsecured loans to small businesses, public sector undertakings individual business proprietors as well as certain corporate groups. As of March 31, 2023, our Bank's unsecured loans amounted to ₹311,936.63 million, which represented 18.22%, of our Bank's net advances. Our unsecured loans are subject to greater credit risk than our secured loan portfolio because they may not be supported by realizable collateral. Although we typically obtain direct debit instructions or post-dated cheques from our customers for our unsecured loan products, we may be unable to collect in part or at all in the event of non-payment by a borrower. Further, any expansion in our unsecured loan portfolio could require us to increase our provision for credit losses, which could adversely affect our business, results of operations and financial condition.

37. *We face restrictions in opening new branches in Tier I centres. In case we are unable to expand our branches in Tier-I centres, it may impact growth of our deposit base which may in turn adversely affect our business prospects.*

The RBI has granted general permission to public sector banks to open branches in India, subject to at least 25% of the total number of branches opened during a financial year are in unbanked rural (Tier V and Tier VI) centres.

We have 997 branches in Tier I centres and 1,206 branches in Tier II to Tier VI centres, as of March 31, 2023. Deposits maintained at Tier I centres constitute 74.29% of our total deposits. Our ability to set up branches in Tier I centres to grow our deposit base depends in part on our ability to comply with conditions prescribed by RBI for expanding our network of branches in Tier I cities. Any inability to grow our deposit base may adversely impact our business prospects.

38. *Our Bank has reported some of our borrowers as wilful defaulters. An increase in the number of wilful defaulters may have a material, adverse impact on our business, results of operations and financial condition.*

As at March 31, 2023, our Bank reported a total of 640 borrowers as wilful defaulters to the RBI while the total amount outstanding of such borrowers' accounts was ₹80,899.88 million. In respect of borrowers classified as non-

cooperative and wilful defaulters, our Bank makes accelerated provisions as per extant RBI guidelines. An increase in the number of wilful defaulters reported by our Bank could adversely affect our business, results of operations and financial condition.

39. Our business operations are heavily reliant on our information technology systems. Any failure of or disruptions in our systems could have an adverse impact on our business, results of operations and financial condition.

Our business is largely dependent on our information technology systems. We service our customers, undertake risk management functions, deposit services, loan origination functions, as well as our increasing portfolio of products and services through our information technology systems. We also rely on our technology platform to undertake financial control and for transaction processing. In addition, our systems connect our ATMs, branches, internet banking, mobile banking and call centres and other delivery channels.

Our hardware and software systems are also subject to damage or defaults by human error, natural disasters, power loss, sabotage, cyber-attacks, computer viruses and similar events or the loss of support services from third parties such as internet service providers. Our information technology systems may be subject to interruptions, temporary disruptions, and may not meet our requirements or be suitable for use at all times. While we believe we have developed systems and controls in accordance with our business continuity policy including a geographically remote disaster recovery site at Hyderabad to support critical applications, there can be no assurance that such disaster recovery sites will operate as intended or in a timely manner.

In the past, we have faced instances of business disruption due to technological failure as well as due to non-technological failure which impacted the customer services segments during such period of disruptions. There can be no assurance that we will not encounter such disruptions in the future due to substantially increased number of customers and transactions, or other reasons. Any inability to maintain the reliability and efficiency of our systems could adversely affect our reputation, and our ability to attract and retain customers. In the event we experience system interruptions, errors or downtime, and are unable to develop the required technology or in the event we experience any other lapses in our systems, our business, results of operations and financial condition may be materially and adversely affected.

40. The increasing adoption of digital technologies, as well as legal or regulatory changes may affect the Bank's retail banking strategies and may adversely impact the competitive advantages the Bank derives from the Bank's physical branch network.

The Bank has expended significant efforts in establishing a physical branch network and other retail distribution assets. Advances in technology such as digital and mobile banking, self-service technologies, proximity or remote payment technologies, as well as changing consumer preferences for these other methods of delivering banking services, could decrease the value of the Bank's physical branch network and the competitive advantage that the Bank derives from such assets. As a result, the Bank may need to re-evaluate the Bank's retail banking strategy and potentially restructure the Bank's physical branch network in the future. This may also require us to invest significantly in building new technology platforms or other alternative strategies in order to continue competing effectively. These actions may lead to losses on these assets or may adversely impact the carrying value of such assets or increase the Bank's expenditures.

Any technological advancement in the way customers prefer to execute their banking services may change the way banking has been perceived and carried out. Technological innovation such as mobile wallets, mobile operator banking, payment banks, internet banking through smart phones, etc. could disrupt the banking industry as a whole. There can be no assurance that we will be able to adapt our systems quickly and efficiently to such changing environment. Even if we are able to maintain, upgrade or replace our existing systems or innovate or customise and develop new technologies and systems, we may not be as quick or efficient as our competitors in upgrading or replacing our systems. Our failure to adapt to such technological advancements quickly and effectively could affect the performance and features of our products and services and could reduce our attractiveness to existing and potential customers.

41. We are involved in certain legal and other proceedings which, if determined against us, could have a material adverse impact on our business, results of operations and financial condition.

We are involved in various legal proceedings in the ordinary course of our business. These legal proceedings are pending at different levels of adjudication before various courts, tribunals, statutory and regulatory authorities/ other

judicial authorities. These matters generally arise because we seek to recover dues from borrowers, further we have filed complaints before relevant authorities against certain of our borrowers on account of fraud and/or under the Negotiable Instruments Act, 1881 in relation to dishonour of cheques issued by such borrowers. Although it is our policy to make provisions for probable loss, we do not make provisions or disclosures in our financial statements where our assessment is that the risk is insignificant. We can give no assurance that these legal proceedings will be decided in our favour and we may incur significant expenses and expend substantial management time in such proceedings and may have to make provisions in our financial statements, which could increase our expenses and liabilities. If there are any rulings against us by the appellate courts or tribunals, we may face losses and may have to make provisions in our financial statements, which could increase our expenses and our liabilities. If such claims are determined against us, there could be a material adverse effect on our reputation, business, results of operations and financial condition, which could adversely affect the trading price of our Equity Shares. As on March 31, 2023, the Bank has made 3 material complaints on account of fraud wherein the amount involved is approximately ₹19,762.80 million. If our provisioning is inadequate relative to actual losses on final judgment, such additional losses could have an adverse impact on our business, results of operations and financial condition. For further information on litigations, see “*Legal Proceedings*” on page 268.

42. *A substantial portion of our loans have a tenor exceeding one year, exposing us to risks associated with economic cycles and project success rates.*

As of March 31, 2023, loans with a remaining tenor exceeding one year represented 72.48%, of our Bank’s total term loan portfolio. The long tenor of these loans may expose us to risks arising out of economic cycles. In addition, some of these loans are project finance loans. There can be no assurance that these projects will perform as anticipated or that such projects will be able to generate cash flows as estimated to service commitments under the loans. We are also exposed to infrastructure projects that are still under development and are susceptible to risks arising out of delay in execution, failure of borrowers to execute projects on time, delay in getting approvals from necessary authorities and breach of contractual obligations by counterparties, all of which may adversely impact the projected cash flows. Although we have in place certain risk analysis and mitigation mechanism, and procedures to monitor its project finance borrowers, these procedures may not be effective, as projects often get delayed due to extraneous factors. Risks associated with a recession in the economy and a delay in project implementation or commissioning could lead to rise in delinquency rates and, in turn, adversely impact our business, results of operations and financial condition.

43. *Our business, results of operations and financial condition may be adversely affected if we are unable to keep pace with the new products and services available in the banking industry.*

As part of our diversification strategy, we have been expanding our products and services for retail, corporates and MSMEs such as customized products to meet the specific needs of our customers extending branches with foreign exchange services internet banking portals with additional security features, self-operated passbook printers and bunch note accepting machines etc. Additionally, we have expanded our network into semi-urban and rural areas. Such new initiatives and products and services entail a number of risks and challenges, including but not limited to insufficient knowledge of and expertise applicable to the new businesses, which may differ from those required in our current operations, adopting adequate risk management procedures, guidelines and systems, credit appraisal, monitoring and recovery systems, lower profitability potential than we anticipated, failure to identify new segments and offer attractive new products and services in a timely fashion, putting us at a disadvantage to our competitors, competition from similar offerings or products and services by our competitors in the banking and non-banking financial services sectors, inability to attract customers from our competitors to our new businesses or failure to attain requisite approvals from any regulatory authority.

If we are unable to successfully diversify our products and services while managing the associated risks and challenges, our returns on such products and services may be less than anticipated, which may materially and adversely affect our business, results of operations and financial condition. In addition, if our competitors are able to better anticipate the needs of customers within our target market, our market share could decrease and our business, results of operations and financial condition could be adversely affected.

44. *Majority of our branches and ATMs are located on premises that have been taken on lease. The termination of any of these leases or non – renewal or premature termination of the existing lease agreements may cause disruption in our operations.*

While our Head Office and corporate office are owned by us, majority of our branches and ATMs are located on premises taken by us on lease or leave and license basis from third parties. Further, majority of our Customer Service

Point and ATMs are also located on premises taken on lease or leave and license basis. Such lease agreements are generally for a fixed tenure and we endeavour to renew the leases post their expiry located at premises taken on a lease basis. Our business, financial condition, and operating results could be adversely affected if we are unable to negotiate favourable lease and renewal terms for our existing branches. In case of non-renewal of leases for our existing branches, we will be forced to procure alternative space for our existing branches. Although we procure space that satisfies the safety, operational and financial criteria for our branches, we cannot assure you that we will be able to identify such space at commercially reasonable terms or at all. Failure to identify such space can adversely affect our business, results of operations and financial condition.

We may also face the risk of being evicted in the event that our landlords allege a breach on our part of any terms under these lease agreements which could result in the termination of the lease agreements and force us to establish operations at another location, which may disrupt our operations temporarily.

45. Any deficiencies, inaccuracies or mis-specification in the models and data we rely on for our risk analysis could impact our decision-making and operations.

As part of our ordinary decision making-process, we rely on various models for risk and data analysis. These models are based on historical data and supplemented with managerial input and comments. These models and the data they analyse may not always be accurate or adequate to guide our strategic and operational decisions and protect us from risks. Any mis-specification, deficiencies or inaccuracies in the models or the data might have a material adverse effect on our business, results of operations and financial condition. As we seek to expand the scope of our operations in newer geographies or new product areas, we also face the risk that we will be unable to develop risk management policies and procedures, that are properly designed for those new geographies or areas or products or to manage the risks associated with the growth of our existing businesses. Implementation and monitoring may prove particularly challenging with respect to our expansion and the products that we plan on developing.

46. Our risk management policies and procedures may not adequately address unidentified or unanticipated risks.

The Bank is exposed to a variety of risks, including liquidity risk, interest rate risk, credit risk, operational risks, including fraud, and legal risks. The effectiveness of its risk management is limited by the quality and timeliness of available data and other factors outside of its control. While we have a well-defined risk management governance framework that comprises of a Risk Management Committee and sub committees for management of credit, market, liquidity and operational risk, to the extent any of the instruments and strategies we use to hedge or otherwise manage our exposure to market or credit risk are not effective, we may not be able to mitigate effectively our risk exposures, in particular to market environments or against particular types of risk. For instance, in the past it was observed that the Risk Management Committee of our Bank did not take steps to analyse the high NPAs and frauds required to strengthen its risk management functions and there was no Board approved structure of risk management considering past risk management failures of the Bank, also there was no strategy for future years and benchmarking with best risk management practices. Further, in the past it was observed that the strategic risk and reputational risk management policy of our Bank did not include risk parameters for assessment of fraud, natural calamities, and other unforeseen events.

We have devoted significant resources to develop our risk management policies and procedures and aim to continue to do so in the future. See “*Our Business – Risk Management*”. Despite this, our policies and procedures to identify, monitor and manage risks may not be fully effective. Some of our methods of managing risks are based upon the use of observed historical market behaviour. As a result, these methods may not accurately predict future risk exposures which could be significantly greater than those indicated by the historical measures. Management of operations, legal and regulatory risks requires, among other things, policies and procedures to properly record and verify a large number of transactions and events, and these policies and procedures may not be fully effective. As we seek to expand the scope of our operations, we also face the risk that we will be unable to develop risk management policies and procedures that are properly designed for new business areas or to manage the risks associated with the growth of our existing businesses effectively. Implementation and monitoring may prove particularly challenging with respect to businesses that we plan on developing. An inability to develop and implement effective risk management policies may materially and adversely affect our business, results of operations and financial condition.

47. Our inability to renew or maintain our statutory and regulatory permits and approvals required for our operations may adversely impact our business, results of operations and financial condition.

We are required to obtain various statutory and regulatory permits and approvals to operate our business which requires us to comply with certain terms and conditions to continue our banking operations. Our license from the RBI requires us to comply with certain terms and conditions. In the event that we are unable to comply with any or all of these terms and conditions, or seek waivers or extensions of time for complying with these terms and conditions, it is possible that the RBI may revoke this license or may place stringent restrictions on our operations. This may result in the interruption of all or some of our operations and may have a material adverse effect on our business, results of operations and financial condition. In the event that we are unable to renew or maintain other statutory permits and approvals or comply with regulatory requirements, it may result in the interruption of all or some of our operations, imposition of penalties and could materially and adversely affect our business, results of operations and financial condition.

48. We extend a certain amount of loans to the priority sector pursuant to regulations prescribed by the RBI. Loans to priority sector could have higher delinquency rates. If we do not meet our priority sector lending requirements, our results of operations could be adversely affected.

The RBI requires all banks that are operating in India to channel a minimum aggregate of 40.00% of our net bank credit or credit equivalent amount of off-balance sheet exposure, whichever is higher, to “priority sectors” such as agriculture, MSMEs, export credit, education, social infrastructure, renewable energy and as determined by the RBI. Economic difficulties may affect borrowers in “priority sectors” more severely and our NPA levels may increase in case “priority sectors” experience any economic decline or downturn. Conversely, if we are unable to meet our priority sector lending requirements, we will subsequently be required to place the difference between the required lending level and actual priority sector lending in an account with the NABARD under the Rural Infrastructure Development Fund Scheme, or with other financial institutions specified by the RBI, which generate lower levels of interest compared to advances made to the priority sector. Further, subsequent deposits placed by banks on account of non-achievement of priority sector lending targets or sub-targets are not eligible for classification as indirect finance to agriculture or MSMEs, as the case may be.

49. Our success depends largely on our management team and skilled personnel. Any inability to attract and retain talented professionals may negatively affect us.

Our business is growing more complex as we expand our operations and our product lines. We have built a team of professionals with relevant experience, including credit evaluation, risk management, treasury and marketing. Our growth and continued success depends in part on the continued service of key members of our management team and our ability to continue to attract, train, motivate and retain highly qualified professionals. In the past, it was observed that our Bank did not have a succession plan for appointment of Chief Risk Officer and also no training was provided to the officials from Bank’s risk management department.

We believe our employees are a significant source of our competitive advantage and are thus a key element of our growth strategy. As on March 31, 2023, we had 12,977 employees. With the increase in competition for qualified personnel, we continue to face challenge to recruit a sufficient number of suitably skilled personnel, particularly as we continue to grow. In the event we are not able to attract talented employees, or are unable to motivate and retain our existing employees, the future of our business and operations may be affected.

The successful implementation of our strategy depends on the availability of skilled management, both at our head office and at each of our business units and on our ability to attract and train technologically sound, young professionals. As we generally pay wages that are lower than those paid by private sector banks, it could adversely affect our ability to hire qualified employees. If we or one of our business units or other functions fail to staff their operations appropriately, or lose one or more of our key senior executives or qualified young professionals and fail to replace them in a satisfactory and timely manner, our business, and operations, including our control and operational risks, may be adversely affected.

50. Our insurance coverage may be inadequate to cover claims. If we incur substantial uninsured loss or loss that exceeds our insurance coverage, it could have a material adverse effect on our business, results of operations and financial condition.

While we are covered by a range of insurance that we believe is consistent with industry practice in India to cover risks associated with our business, we cannot assure you that the existing coverage will insure our Bank completely against all risks and losses that may arise in the future. In addition, even if such losses are insured, we may be required to pay a significant deductible on any claim for recovery of such a loss, or the amount of the loss may exceed our coverage for the loss. In addition, our insurance policies are subject to annual review, and we cannot

assure you that we will be able to renew these policies on similar or otherwise acceptable terms, if at all. If we were to incur a serious uninsured loss or a loss that significantly exceed the limits of our insurance policies, it could have a material adverse effect on our business, results of operations and financial condition.

51. We are exposed to fluctuations in foreign exchange rates which could adversely affect our business, results of operations and financial condition.

As a financial institution, we undertake various foreign exchange transactions to hedge our customers' business and for proprietary trading, which exposes us to various kinds of risks, including credit risk, market risk and exchange rate risk. We have adopted a market risk management policy to mitigate risks arising out of customer transactions and proprietary trading through various risk limits such as counterparty bank exposure limits, country wise exposure limits, overnight limits, intraday limits, stop loss limits, aggregate gap limits and value-at-risk limits. As of March 31, 2023, our Bank's credit exposure on account of outstanding gross forward exchange contracts amounted to ₹120,764.97 million.

Some of our borrowers also enter into derivative contracts to manage their foreign exchange risk exposures. Some of our customers have incurred mark-to-market or crystallized losses on their foreign exchange contracts. The failure of our borrowers to manage their exposures to foreign exchange, derivative risk, adverse movements and volatility in foreign exchange rates may adversely affect our borrowers, the quality of our exposure to our borrowers and our business volumes and profitability. Defaults by our customers on their derivative contracts and their subsequent classification as NPAs may have an adverse impact on our business, results of operations and financial condition.

52. We may face cyber threats attempting to exploit our network to disrupt services to customers and/ or theft of sensitive internal data or customer information, which may cause damage to our reputation and adversely affect our business, results of operations and financial condition.

We offer online banking services to our customers. Our online banking channel includes multiple services such as electronic funds transfer, bill payment services, usage of credit cards on-line, requesting account statements, and requesting cheque books. We are therefore exposed to various cyber threats including (i) phishing and trojans targeting our customers, wherein fraudsters send unsolicited mails to our customers seeking account sensitive information or to infect customer machines to search and attempt exfiltration of account sensitive information; and (ii) hacking, wherein attackers seek to hack into our website with the primary intention of causing reputational damage to us by disrupting services; and (iii) data theft, wherein cyber criminals may attempt to enter our network with the intention of stealing our data or information. In addition, we also face the risk of our customers incorrectly blaming us and terminating their accounts with us for any cyber security breaches that may have occurred on their own system or with that of an unrelated third party. Any cyber security breach could also subject us to additional regulatory scrutiny and expose us to civil litigation and related financial liability.

As technology is currently in a phase of rapid evolution and the methods used for cyber-attacks are changing frequently or, in some cases, are not recognized until an actual attack, we may not be able to anticipate or to implement effective preventive measures against all such security breaches. Cybersecurity risks for banking organizations have significantly increased in recent years in part because of the proliferation of new technologies, and the use of the internet and telecommunications technologies to conduct financial transactions. For example, cybersecurity risks may increase in the future as we continue to increase our mobile-payment and other internet-based product offerings and expand our internal usage of web-based products and applications. In addition, cybersecurity risks have significantly increased in recent years in part due to the increased sophistication and activities of organized crime affiliates, terrorist organizations, hostile foreign governments, disgruntled employees or vendors, activists and other external parties, including those involved in corporate espionage. Even the most advanced internal control environment may be vulnerable to compromise.

We seek to protect our computer systems and network infrastructure from physical break-ins as well as security breaches and other disruptive problems caused by our increased use of the internet. Computer break-ins and power disruptions could affect the security of information stored in and transmitted through these computer systems and network infrastructure. There may be areas in the system that have not been properly protected from security breaches and other attacks. We employ security systems, including sophisticated threat management systems and password encryption, designed to minimize the risk of security breaches. Although we intend to continue to implement security technology and establish operational procedures to prevent break-ins, damage and failures, there can be no assurance that these security measures will be adequate or successful. Failed security measures could have a material adverse effect on our business, results of operations and financial condition. Our business operations are based on a high volume of transactions. Although we take measures to safeguard against systems related and

other fraud, there can be no assurance that we will be able to prevent fraud. Our reputation could be adversely affected by significant fraud committed by employees, customers or outsiders.

53. A reduction in long-term interest rates may increase our pension liabilities which may adversely affect our business, results of operations and financial condition.

We operate a defined benefit pension fund scheme for employees who joined the services of our Bank on or before April 1, 2010. A discount rate is used to calculate the present value of our future liabilities in relation to the scheme and is linked to the long-term yield on GoI securities. A reduction in the long-term interest rate would increase the present value of our pension obligations. As a result, we may be required to make further cash contributions to the scheme in order to cover the deficit which may in turn lead to an increase in its pension expenses. In a falling interest rate scenario, the held-to-maturity value of already invested securities is likely to go up, thereby offsetting the increase in present value of pension obligation to an extent.

54. There can be no assurance that we will be able to access capital as and when we need it for growth.

Unless we are able to access the necessary amounts of additional capital, any incremental capital requirement may adversely impact our ability to grow our business and may even require us to curtail or withdraw from some of our current business operations. There can be no assurance that we may be able to raise adequate additional capital in the future on terms favourable to us, or at all, and this may hamper our growth plans, apart from those that can be funded by internal accruals.

55. We face restrictions on lending to large borrowers, which may have a material adverse effect on our business, results of operations and financial condition.

In August 2016, the RBI released the Guidelines on Enhancing Credit Supply for Large Borrowers through Market Mechanism. It was stated that corporate loans beyond the limit determined for a borrower, as per the guidelines, would attract additional provisions and higher capital. On June 3, 2019, the RBI released the Guidelines on LEF applicable to all scheduled commercial banks (other than regional rural banks) with a view to capture exposures and concentration risks more accurately and to align the previous guidelines and instructions on LEF with international norms, which superseded the previous circulars on large exposure framework. For further information, see “Regulations and Policies in India” on page 201.

From April 2019, in accordance with the LEF, our exposure limits for single and group borrowers are 20.00% and 25.00% of our Tier 1 capital funds, respectively. These limits may be subjected to further changes and revisions in future. These new regulations may have a material adverse effect on our business, results of operations and financial condition.

56. We have in the past entered into related party transactions and may continue to do so in the future, which may potentially involve conflicts of interest with the equity shareholders.

We have in the course of our business entered into, and will continue to enter into, several transactions with our related parties including remuneration paid to our Directors. For further information, see “Financial Statements” on page 275. We cannot assure you that we will receive similar terms in our related party transactions in the future and that we could not have achieved more favourable terms had such transactions been entered into with unrelated parties.

The transactions we have entered into and any further transactions that we may have with our related parties could potentially involve conflicts of interest which may be detrimental to us. We cannot assure you that such transactions, individually or in the aggregate, will not have an adverse effect on business and financial results, including because of potential conflicts of interest or otherwise.

57. Our contingent liabilities could materially and adversely affect our business, results of operations and financial condition.

As of March 31, 2023, our Bank had contingent liabilities (on standalone basis) amounting to ₹245,890.68 million. The table below sets forth details of contingent liabilities:

(in ₹ million)

Particulars	As of March 31, 2023
Claims against our Bank not acknowledged as debts	13,756.23
Liability on account of outstanding forward exchange contracts*	120,764.97
Guarantees given on behalf of constituents:	
a. In India	86,765.71
b. Outside India	1,414.62
Acceptances, endorsements and other obligations	14,743.55
Other items for which our Bank is contingently liable	8,445.60
TOTAL	245,890.68

*Contingent liabilities in respect of forward exchange contracts include both sale and purchase contracts.

Most of the liabilities have been incurred in the normal course of business. If these contingent liabilities were to fully materialize or materialize at a level higher than we expect, it may materially and adversely impact our business, results of operations and financial condition. If we are unable to recover payment from our customers in respect of the commitments that we are called upon to fulfil, our business, results of operations and financial condition may be materially and adversely impacted.

58. We have tie ups and arrangements with third parties to facilitate our other banking operations. In the event of failure to adhere to contractual and legal obligations by these third parties, our business, results of operations and financial condition could be adversely affected.

We enter into outsourcing arrangements with third party vendors, separate employees and independent contractors, in compliance with the RBI guidelines on outsourcing. These vendors, employees and contractors provide services that include, among others, ATM/ card related services, business correspondents, facility management services related to information technology, software services and call centre services. In addition, we have entered into agreements with third parties to offer a number of products and services such as distribution of life insurance, general insurance and health insurance products, money transfer services through branch channels as well as through direct remittance and mutual fund schemes.

As a result of outsourcing such services and offering third party products and services, we are exposed to various risks including strategic, compliance, operational, legal and contractual risks. Any failure by a service provider to provide a specified service or a breach in security/ confidentiality or noncompliance with legal and regulatory requirements, may result in financial loss or loss of reputation. We cannot assure that there will be no disruptions in the provision of such services or that these third parties will adhere to their contractual obligation. If there is a disruption in the third-party services, or if the third-party service providers discontinue their service agreement with us, our business, results of operations and financial condition will be adversely affected. In case of any dispute, we cannot assure you that the terms of such agreements will not be breached, which may result in litigation costs. Such additional cost, in addition to the cost of entering into agreements with third parties in the same industry, may materially and adversely affect our business, results of operations and financial condition. The “Guidelines on Managing Risks and Code of Conduct in Outsourcing of Financial Services by Bank” issued by the RBI on March 11, 2015, places obligations on banks, its directors and senior management for ultimate responsibility for the outsourced activity. Banks are required to provide prior approval for use of subcontractors by outsourced vendor and to review the subcontracting arrangements and ensure that such arrangements are compliant with aforementioned RBI guidelines. Legal risks, including actions being undertaken by the RBI, if our third-party service providers act unethically or unlawfully, could materially and adversely affect our business, results of operations and financial condition.

59. As the GoI controls a majority of our issued share capital and may take actions which are not necessarily in the interests of the Bank or of the other holders of the Equity and its public policy decisions may impact our strategy and operations.

The GoI controls a majority of our Bank’s issued share capital. As of March 31, 2023, the GoI directly held 90.97% of our Bank’s issued and paid up share capital. Although historically we have enjoyed certain autonomy from the GoI in the management of our affairs and strategic direction, as its controlling shareholder, the GoI is able to exercise effective control over our Bank. For more information on the Bank’s shareholding structure, see “Principal Shareholders and Other Information” on page 196. In accordance with the Banking Regulation Act, the Government, in consultation with the RBI, has the power to appoint, re-appoint and/or terminate the appointment of the managing director or whole-time director, manager or chief executive officer. The Government may also, in

consultation with the RBI, issue directives on matters of policy involving the public interest that may affect the conduct of the business affairs of the Bank in a manner which may be adverse to the other shareholders.

The Government will continue to have the power to directly or indirectly control the outcome of matters submitted to the Bank's board of directors or shareholders for approval and influence the policies of the Bank. For example, the Government could, by exercising its powers of control, delay or defer or initiate a change of control in the Bank or a change in the Bank's capital structure, delay or defer an amalgamation, consolidation, or discourage an amalgamation with another company or otherwise direct the Bank's affairs in a manner that could directly or indirectly favour the interests of the Government and could result in the Bank foregoing business opportunities.

The interests of the Bank's direct and indirect controlling shareholders may be different from, and conflict with, the Bank's interests or the interests of the Bank's other shareholders, and the Bank cannot assure you that the Government will not in the future exercise control over the Bank's business and major policy decisions. The Bank's direct and indirect controlling shareholders may also enable a competitor to take advantage of a corporate opportunity at the Bank's expense. Accordingly, there can be no assurance that the Government will not take actions or implement policies that are adverse to investors in the Equity Shares.

The Banking Regulation Act mandates that the GoI's shareholding in our Bank cannot fall below 51.00%. This requirement could result in restrictions in our equity capital raising efforts as the GoI may not be able to fund any further investments that would allow it simultaneously to maintain its stake at a minimum of 51.00% and seek funding from the capital markets. As the Indian economy grows, more businesses and individuals will require capital financing. In order to meet and sustain increasing levels of growth in capital demand, we will need to accrete our capital base, whether through organic growth or capital market financing schemes. If we are unable to grow our capital base in step with demand, our business, results of operations and financial condition may be materially and adversely affected.

60. Negative publicity could damage our reputation and adversely impact our business and financial results.

We believe our name commands strong brand recognition due to its long and successful presence in the markets in which we operate and therefore maintaining and enhancing the brand is important for retaining our competitive advantage. Reputational risk, or the risk to our business from negative publicity, is inherent in our business. The reputation of the financial services industry in general has been closely monitored as a result of the financial crisis and other matters affecting the financial services industry. Any negative public opinion about the industry in which we operate could adversely affect our ability to attract and retain customers, and may expose us to litigation and regulatory action.

Further, creating and maintaining public awareness of our name is crucial to our business and we accordingly invest in various marketing and advertising campaigns. If these campaigns are poorly executed, or our customers lose confidence in us for any reason, it could harm our ability to attract and retain customers. There can be no assurances that we will be able to sustain effective marketing, advertising and branding initiatives in the future. Maintaining and enhancing our name may require us to make substantial investments in financial services industry which may not be successful.

Negative publicity can result from our actual or alleged conduct in a number of activities, including lending practices, foreclosure practices, corporate governance, regulatory compliance, mergers and acquisitions, and related disclosure, sharing or inadequate protection of customer information, and actions taken by government regulators and community organizations in response to that conduct. We distribute several third-party products, including life insurance, health insurance, general insurance and mortgages. Any failure on the part of such third parties, including any failure to comply with applicable regulatory norms, any regulatory action taken against such parties or any adverse publicity relating to such party could, in turn, result in negative publicity about us and adversely impact our brand and reputation.

61. Our intellectual property rights may be subject to infringement or we may breach third party intellectual property rights.

Our logo  and brand name "Bank of Maharashtra" along with our logo and other taglines which we use for offering other services are not registered with the Trademarks Registry nor have we applied for the registration of the same. We do not therefore enjoy the statutory protections accorded to a registered trademark. There can be no assurance that we will be able to register trademarks and logos or that third parties will not infringe

on our intellectual property, causing damage to our business prospects, reputation and goodwill. We may be subject to claims by third parties, both inside and outside India, if we breach their intellectual property rights by using slogans, names, designs, software or other such subjects, which are of a similar nature to the intellectual property these third parties may have registered.

We may need to litigate to protect our intellectual property or to defend against third party infringement. Any such litigation could be time consuming and costly and the outcome cannot be guaranteed. We may not be able to detect any unauthorised use or take appropriate and timely steps to enforce or protect our intellectual property. Any inability to use or protect our intellectual property could affect our relationships with our customers, which could materially and adversely affect our brand, business, results of operations and financial condition.

We may also be subject to claims by third parties, both inside and outside India, if we breach their intellectual property rights by using slogans, names, designs, software or other such subjects, which are of a similar nature to the intellectual property these third parties may have registered. Any legal proceedings that result in a finding that we have breached third parties' intellectual property rights, or any settlements concerning such claims, may require us to provide financial compensation to such third parties or make changes to our marketing strategies or to the brand names of our products, which may have a materially adverse effect on our brand, business, results of operations and financial condition.

62. Changing laws, rules and regulations and legal uncertainties may adversely affect our business, results of operations and financial condition.

We are present in diverse segments of the Indian financial sector. The regulatory and policy environment in which we operate is evolving and subject to change. There can be no assurance that the GoI may not implement new regulations and policies which will require us to obtain approvals and licenses from the GoI and other regulatory bodies or impose onerous requirements, conditions, costs and expenditures on its operations. Any such changes and the related uncertainties with respect to the implementation of the new regulations may have a material adverse effect on our business, results of operations and financial condition. In addition, we may have to incur capital expenditures to comply with the requirements of any new regulations, which may also materially harm its results of operations.

For instance, labour laws in India are traditionally governed by multiple central government and state government legislations. With a view to harmonize and consolidate such multiple labour legislations, 29 existing central laws have been amalgamated into four labour codes. These codes regulate (i) wages (ii) social security (iii) occupational safety, health and working conditions and (iv) industrial relations. These labour codes have been passed by both houses of the Parliament and have received Presidential assent. However, they will come into force on the date to be notified by the Central government. The final set of schemes, rules and regulations under said labour codes are yet to be notified and the extent of impact on our business, results of operations and financial condition, and ability to comply with these laws cannot be ascertained.

63. Statistical and industry data in this Placement Document may be incomplete or unreliable.

Statistical and industry data used throughout this Placement Document has been obtained from various government and industry publications. Risks Relating to India

64. Financial difficulty and other problems in certain financial institutions in India could materially adversely affect our business and the price of our equity shares.

We are exposed to the risks of the Indian financial system by being a part of the system. The financial difficulties faced by certain Indian financial institutions because the commercial soundness of many financial institutions may be closely related as a result of credit, trading, clearing or other relationships. Such "systemic risk", may materially adversely affect financial intermediaries, such as clearing agencies, banks, securities firms and exchanges with which we interact on a daily basis. Any such difficulties or instability of the Indian financial system in general could create an adverse market perception about Indian financial institutions and banks and materially adversely affect our business, results of operations and financial condition. Our transactions with these financial institutions expose us to various risks in the event of default by a counterparty, which can be exacerbated during periods of market illiquidity.

65. Our business is substantially affected by prevailing economic, political and other prevailing conditions in India.

We are incorporated in and substantially all our operations are located in India. As a result, we are highly dependent on prevailing economic conditions in India and our results of operations are significantly affected by factors influencing the Indian economy. Factors that may adversely affect the Indian economy, and hence our results of operations, may include:

- any increase in Indian interest rates or inflation;
- any exchange rate fluctuations;
- any scarcity of credit or other financing in India, resulting in an adverse impact on economic conditions in India and scarcity of financing for our expansions;
- prevailing income conditions among Indian consumers and Indian corporates;
- volatility in, and actual or perceived trends in trading activity on, India's principal stock exchanges;
- changes in India's tax, trade, fiscal or monetary policies;
- political instability, terrorism or military conflict in India or in countries in the region or globally, including in India's various neighbouring countries;
- occurrence of natural or man-made disasters;
- outbreak of an infectious disease such as COVID-19;
- prevailing regional or global economic conditions, including in India's principal export markets;
- any downgrading of India's debt rating by a domestic or international rating agency;
- financial instability in financial markets; and
- other significant regulatory or economic developments in or affecting India or its construction sector.

Moreover, a fall in the purchasing power of our customers, for any reason whatsoever, including rising consumer inflation, availability of financing to our customers, changing governmental policies and a slowdown in economic growth may have an adverse effect on our customers' income, savings and could in turn negatively affect their demand for our products. For example, in 2016, the Reserve Bank of India and the Ministry of Finance of the Government of India introduced demonetization policies, leading to a short-term decrease in liquidity of cash in India, which had in turn negatively affected consumer spending. Although there have been minimal short-term effects on our day-to-day business, the medium-term and long-term effects of demonetization on our business are uncertain and we cannot accurately predict the effect thereof on our business, results of operations, financial condition and prospects.

In addition, any slowdown or perceived slowdown in the Indian economy, or in specific sectors of the Indian economy, could adversely affect our business, results of operations and financial condition and the price of the Equity Shares.

66. Any volatility in the exchange rate may lead to a decline in India's foreign exchange reserves and may affect liquidity and interest rates in the Indian economy, which could adversely impact us.

India's trade relationships with other countries and its trade deficit, may adversely affect Indian economic conditions and the exchange rate for the rupee. Exchange rates are impacted by a number of factors including volatility of international capital markets, interest rates and monetary policy stance in developed economies like the United States, level of inflation and interest rates in India, the balance of payment position and trends in economic activity. Rising volatility in capital flows due to changes in monetary policy in the United States or other economies or a reduction in risk appetite or increase in risk aversion among global investors and consequent reduction in global liquidity may impact the Indian economy and financial markets.

If current account and trade deficits increase or are no longer manageable because of factors impacting the trade deficit like a significant rise in global crude oil prices or otherwise, the Indian economy, and therefore our business, results of operations and financial condition and the prices of our equity shares could be adversely affected. Any reduction of or increase in the volatility of capital flows may impact the Indian economy and financial markets and increase the complexity and uncertainty in monetary policy decisions in India, leading to volatility in inflation and interest rates in India, which could also adversely impact our business, results of operations and financial condition, our stockholders' equity, and the prices of our equity shares.

Further, any increased intervention in the foreign exchange market or other measures by the RBI to control the volatility of the exchange rate, may result in a decline in India's foreign exchange reserves and reduced liquidity and higher interest rates in the Indian economy. Prolonged periods of volatility in exchange rates, reduced liquidity and high interest rates could adversely affect our business, results of operations and financial condition and the prices of our equity shares.

67. Natural calamities, climate change and health epidemics and pandemics such as COVID-19 could adversely affect the Indian economy and our business, financial condition, and results of operations. In addition, hostilities, terrorist attacks, civil unrest and other acts of violence could adversely affect our business, financial condition and results of operations.

India has experienced natural calamities, such as earthquakes, floods and drought in recent years. Natural calamities could have an adverse impact on the Indian economy which, in turn, could adversely affect our business, and may damage or destroy our facilities or other assets. Any of these natural calamities could adversely affect our business, financial condition and results of operations.

A number of countries in Asia, including India, as well as countries in other parts of the world, are susceptible to contagious diseases and, for example, have had confirmed cases of the highly pathogenic H7N9, H5N1 and H1N1 strains of influenza in birds and swine. In addition, the COVID-19 pandemic, had caused a worldwide health crisis and economic downturn. Any future outbreak of health epidemics may restrict the level of business activity in affected areas, which may, in turn, adversely affect our business.

Our operations, including our branch network, may be damaged or disrupted as a result of natural calamities. Such events may lead to the disruption of information systems and telecommunication services for sustained periods. They also may make it difficult or impossible for employees to reach our business locations. Damage or destruction that interrupts our provision of services could adversely affect our reputation, our relationships with our customers, our senior management team's ability to administer and supervise our business or it may cause us to incur substantial additional expenditure to repair or replace damaged equipment or rebuild parts of our branch network. We may also be liable to our customers for disruption in services resulting from such damage or destruction. Any of the above factors may adversely affect our business and financial results, the quality of our customer service and the price of our Equity Shares. India has from time-to-time experienced instances of social, religious and civil unrest and hostilities between neighbouring countries. Military activity or terrorist attacks in the future could influence the Indian economy by disrupting communications and making travel more difficult and such political tensions could create a greater perception that investments in Indian companies involve higher degrees of risk. Events of this nature in the future, as well as social and civil unrest within other countries in Asia, could influence the Indian economy and could have a material adverse effect on the market for securities of Indian companies, including the Equity Shares.

68. Increase in prices of crude oil could adversely affect the Indian economy, which could adversely affect our business.

India imports a substantial portion of its crude oil requirement. Crude oil prices are volatile and are subject to several factors, including the level of global production and political factors, such as war and other conflicts, particularly in the Middle East, where a substantial proportion of the world's oil reserves are located. In Fiscal 2021 and Fiscal 2022, crude oil prices fluctuated significantly in large part due to the COVID-19 pandemic and Ukraine –Russia war. Any sharp increases or volatility in oil prices and the pass-through of such increases to Indian consumers could have a material negative impact on the Indian economy and the Indian banking and financial system in particular, including through a rise in inflation and market interest rates and a higher trade deficit. Any significant increase in the price of or shortages in the supply of crude oil could adversely affect the Indian economy in general and consequently an adverse effect on could affect the Indian economy and the Indian banking and financial system. This could adversely affect our business, results of operations, financial condition and the price of the Equity Shares.

69. *It may not be possible for investors to enforce any judgment obtained outside India against us, the Bank, Running Lead Managers or any of their directors and executive officers in India respectively, except by way of a lawsuit in India.*

The enforcement of civil liabilities by overseas investors in the Equity Shares, including the ability to effect service of process and to enforce judgments obtained in courts outside of India may be adversely affected by the fact that the Bank is incorporated under the laws of the Republic of India and all of its executive officers and directors reside in India. As a result, it may be difficult to enforce the service of process upon the Bank and any of these persons outside of India or to enforce outside of India, judgments obtained against the Bank and these persons in courts outside of India.

India has reciprocal recognition and enforcement of judgments in civil and commercial matters with only a limited number of jurisdictions, which includes, among others, the United Kingdom, Singapore, United Arab Emirates and Hong Kong. In order to be enforceable, a judgment from a jurisdiction with reciprocity must meet certain requirements of the Code of Civil Procedure, 1908 (the “**Civil Code**”). Judgments or decrees from jurisdictions, which do not have reciprocal recognition with India, cannot be executed in India. Therefore, a final judgment for the payment of money rendered by any court in a non-reciprocating territory for civil liability, whether or not predicated solely upon the general laws of the non-reciprocating territory, would not be enforceable in India. Even if an investor obtained a judgment in such a jurisdiction against us or our officers or directors, it may be required to institute a new proceeding in India and obtain a decree from an Indian court. However, the party in whose favour such final judgment is rendered may bring a new suit in a competent court in India based on a final judgment that has been obtained in a non-reciprocating territory within three years of obtaining such final judgment in the same manner as any other suit filed to enforce a civil liability in India. If, and to the extent that, an Indian court were of the opinion that fairness and good faith so required, it would, under current practice, give binding effect to the final judgment that had been rendered in the non-reciprocating territory, unless such a judgment contravenes principles of public policy in India. It is unlikely that an Indian court would award damages on the same basis or to the same extent as was awarded in a final judgment rendered by a court in another jurisdiction if the Indian court believed that the amount of damages awarded was excessive or inconsistent with Indian practice. In addition, any person seeking to enforce a foreign judgment in India is required to obtain prior approval of the RBI to repatriate any amount recovered pursuant to the execution of such a judgment. See “*Enforceability of Civil Liabilities*” on page 18 for further information.

70. *There may be less information available about the entities listed on the Indian securities markets compared with information that would be available if we were listed on securities markets in certain other countries.*

There may be differences between the level of regulation and monitoring of the Indian securities markets and the activities of investors, brokers and other participants in India and that in the markets in the United States and certain other countries. SEBI is responsible for ensuring and improving disclosure and other regulatory standards for the Indian securities markets. SEBI has issued regulations and guidelines on disclosure requirements, insider trading and other matters. There may, however, be less publicly available information about entities listed on an Indian stock exchange compared with information that would be available if that entity was listed on a securities market in certain other countries. Further, the Bank is currently not subject to disclosures on ESG risks as per SEBI guidelines. As a result, investors may have access to less information about the business, results of operations, cash flows and financial conditions, information on business responsibility and sustainability reporting and those of the competitors that are listed on BSE and NSE and other stock exchanges in India on an on-going basis than may be found in the case of companies’ subject to reporting requirements of other more developed countries.

Risks Relating to the Equity Shares

71. *The trading price of our Equity Shares may be subject to volatility and you may not be able to sell the Equity Shares at or above the Issue Price.*

The trading price of our Equity Shares may fluctuate after the Issue due to a variety of factors, including the performance of our business, competitive conditions, general economic, political and social factors, the performance of the Indian and global economy and significant developments in India’s fiscal regime, economic liberalization, deregulation policies and procedures or programs applicable to our business, volatility in the Indian and global securities market, performance of our competitors, changes in the estimates of our performance or recommendations by financial analysts and announcements by us or others on our operations or capital commitments, adverse media reports on our Bank, or the Indian financial sector or significant developments in India’s fiscal and other regulations.

In addition, if the stock markets in general experience a loss of investor confidence, the trading price of our Equity Shares could decline for reasons unrelated to our business, financial condition or operating results. The trading price of our Equity Shares might also decline in reaction to events that affect other banking entities, and entities in other industries funded by public sector banks in India, even if these events do not directly affect us. Each of these factors, among others, could adversely affect the price of our Equity Shares.

72. Currency exchange rate fluctuations may affect the value of the Equity Shares.

The exchange rate between the Rupee and other foreign currencies, including the U.S. Dollar, the British pound sterling, the Euro, the Hong Kong Dollar, the Singapore Dollar and the Japanese Yen, has changed substantially in recent years and may fluctuate substantially in the future. Fluctuations in the exchange rate between the foreign currencies with which an investor may have purchased Rupees may affect the value of the investment in the Bank's Equity Shares. Specifically, if there is a change in relative value of the Rupee to a foreign currency, each of the following values will also be affected:

- the foreign currency equivalent of the Rupee trading price of the Bank's Equity Shares in India;
- the foreign currency equivalent of the proceeds that you would receive upon the sale in India of any of the Bank's Equity Shares; and
- the foreign currency equivalent of cash dividends, if any, on the Bank's Equity Shares, which will be paid only in Rupees.

You may be unable to convert Rupee proceeds into a foreign currency of your choice, or the rate at which any such conversion could occur could fluctuate. In addition, the Bank's market valuation could be seriously harmed by a devaluation of the Rupee if investors in jurisdictions outside India analyse its value based on the relevant foreign currency equivalent of the Bank's financial condition and results of operations.

73. Your ability to acquire and sell Equity Shares offered in the Issue is restricted by the distribution, solicitation and transfer restrictions set forth in this Placement Document.

No actions have been taken to permit a public offering of the Equity Shares offered in the Issue in any jurisdiction. As such, your ability to acquire Equity Shares offered in the Issue is restricted by the distribution and solicitation restrictions set forth in this Placement Document. For further information, see "*Selling Restrictions*" on page 233. Furthermore, the Equity Shares offered in the Issue are subject to restrictions on transferability and resale. For further information, see "*Transfer Restrictions*" on page 244. You are required to inform yourself about and observe these restrictions. Our representatives, our agents and us will not be obligated to recognize any acquisition, transfer or resale of the Equity Shares offered in the Issue made other than in compliance with applicable law.

74. Investors may be subject to Indian taxes arising out of capital gains on sales of Equity Shares.

Under current Indian tax laws, capital gains arising from the sale of equity shares in an Indian company is generally taxable in India. A securities transaction tax ("**STT**") is levied on and collected by an Indian stock exchange on which equity shares are sold. Any gain realized on the sale of listed equity shares held for more than 12 months may be subject to long term capital gains tax in India at the specified rates depending on certain factors, such as whether the sale is undertaken on or off the stock exchanges, the quantum of gains and any available treaty exemptions. Accordingly, you may be subject to payment of long-term capital gains tax in India, in addition to payment of STT, on the sale of any Equity Shares held for more than 12 months. STT will be levied on and collected by an Indian stock exchange on which the Equity Shares are sold.

Further, any gain realized on the sale of our Equity Shares held for a period of 12 months or less will be subject to short term capital gains tax in India. Capital gains arising from the sale of the Equity Shares will be exempt from taxation in India in cases where the exemption from taxation in India is provided under a treaty between India and the country of which the seller is a resident. Generally, Indian tax treaties do not limit India's ability to impose tax on capital gains. As a result, residents of other countries may be liable for tax in India as well as in their own jurisdiction on a gain upon the sale of Equity Shares.

75. Foreign investors are subject to certain restrictions under Indian law in relation to transfer of shareholding that may limit our ability to attract foreign investors, which may adversely impact the market price of the Equity Shares.

Under foreign exchange regulations currently in force in India, transfer of shares between non-residents and residents are freely permitted (subject to certain restrictions) if they comply with the valuation and reporting requirements specified under applicable law. If a transfer of shares is not in compliance with such requirements and does not fall under any of the exceptions, then prior approval of the relevant regulatory authority will be required. Additionally, shareholders who seek to convert the Indian Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India will require a no objection or a tax clearance certificate from the Indian income tax authorities. Further, this conversion is subject to the shares having been held on a repatriation basis and is subject to either the security having been sold in compliance with the pricing guidelines or the relevant regulatory approval having been obtained for the sale of shares and corresponding remittance of the sale proceeds.

Our Bank cannot guarantee that any required approval from the RBI or any other governmental agency can be obtained with or without any particular terms or conditions. Further, in accordance with Press Note No. 3 (2020 Series), dated April 17, 2020, issued by the Department for Promotion of Industry and Internal Trade, Government of India, and the Foreign Exchange Management (Non-debt Instruments) Amendment Rules, 2020, which came into effect from April 22, 2020, investments where the beneficial owner of the Equity Shares is situated in, or is a citizen of, a country which shares one or more land border(s) with India, can only be made through the Government approval route, as prescribed in the Foreign Direct Investment (“FDI”) policy. These investment restrictions shall also apply to subscribers of offshore derivative instruments. We cannot guarantee that any required approval from the RBI or any other governmental agency can be obtained on any particular terms, if at all. Our ability to raise foreign capital under the FDI route is therefore constrained by Indian law, which may adversely affect our business, financial condition, results of operations and prospects.

76. The individual investment limit and aggregate foreign investment limit for registered FPIs in our Bank is currently 10.00% and 20.00%, respectively, of the total paid-up equity share capital of our Bank.

Foreign investment in India is governed by the provisions of FEMA along with the rules, regulations and notifications made by the RBI thereunder, and the Consolidated FDI Policy issued by the Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India, from time to time. Under the current FDI Policy (effective October 15, 2020), investment in public sector banks up to 20.00% is permitted under the government approval route. In terms of the SEBI (Foreign Portfolio Investors) Regulations, 2019, the issue of Equity Shares to a single FPI including its investor group (which means the same multiple entities registered as foreign portfolio investors having common ownership directly or indirectly of more than 50.00% or common control) must be below 10.00% of our Bank’s post-Issue paid-up equity share capital on a fully diluted basis. Further, in terms of the FEMA Rules, the total holding by each FPI, or an investor group, shall be below 10.00% of the total paid-up equity share capital, on a fully diluted basis, of our Bank, and the total holdings of all FPIs put together can be up to 20.00% of the paid-up equity share capital of our Bank, which is the sectoral cap applicable to our Bank.

As per the SEBI (Foreign Portfolio Investors) Regulations, 2019 and the relevant circulars issued thereunder, the above investment restrictions shall also apply to subscribers of P-Notes. Two or more subscribers of P-Notes having a common beneficial owner shall be considered together as a single subscriber of the P-Notes. In the event an investor has investments as an FPI and as a subscriber of P-Notes, these investment restrictions shall apply on the aggregate of the FPI and P-Note investments in our Bank.

77. A third party could be prevented from acquiring control over us because of the anti-takeover provisions under Indian law and the provisions of the Banking Companies Act

There are provisions in Indian law that may delay, deter or prevent a future takeover or change in control of our Bank even if a change in control would result in the purchase of your Equity Shares at a premium to the market price or would otherwise be beneficial to you. These provisions may discourage or prevent certain types of transactions involving actual or threatened change in control of us. Under the SEBI Takeover Regulations, an acquirer has been defined as any person who, directly or indirectly, acquires or agrees to acquire shares or voting rights or control over an entity, whether individually or acting in concert with others. Further, under the Banking Companies Act and the Banking Regulations Act, any investment in a nationalized bank exceeding the prescribed limits is subject to regulatory approval. Although these provisions have been formulated to ensure that interests of investors/shareholders are protected, these provisions may also discourage a third party from attempting to take control of our Bank. Consequently, even if a potential takeover of our Bank would result in the purchase of the Equity Shares at a premium to their market price or would otherwise be beneficial to our Shareholders, such a takeover may not be attempted or consummated because of the laws / guidelines applicable to the Bank.

78. *Rights of shareholders under Indian law may be more limited than under the laws of other jurisdictions.*

Indian legal principles related to corporate procedures, directors' fiduciary duties and liabilities, and shareholders' rights may differ from those that would apply to a bank in another jurisdiction. Shareholders' rights including in relation to class actions, under Indian law may not be as extensive as shareholders' rights under the laws of other countries or jurisdictions. Investors may have more difficulty in asserting their rights as shareholder in an Indian bank than as shareholder of a corporation in another jurisdiction.

79. *Conditions in the Indian securities market may affect the price or liquidity of the Equity Shares.*

The Indian securities markets are smaller and may be more volatile than securities markets in more developed economies. The regulation and monitoring of Indian securities markets and the activities of investors, brokers and other participants differ, in some cases significantly, from those in the U.S. and Europe. Indian stock exchanges have in the past experienced substantial fluctuations in the prices of listed securities.

Indian stock exchanges have, in the past, experienced problems that have affected the market price and liquidity of the securities of Indian companies, such as temporary exchange closures, broker defaults, settlement delays and strikes by brokers. The governing bodies of the Indian stock exchanges have from time to time restricted securities from trading, limited price movements and increased margin requirements. Further, disputes have occurred on occasion between listed companies and the Indian stock exchanges and other regulatory bodies that, in some cases, have had a negative effect on market sentiment. If similar problems occur in the future, the market price and liquidity of the Equity Shares could be adversely affected. A closure of, or trading stoppage on, either the BSE or the NSE could adversely affect the trading price of the Equity Shares.

80. *Investors to the Issue are not allowed to withdraw or revise their Bids downwards after the Bid /Issue Closing Date.*

In terms of the SEBI ICDR Regulations, investors in the Issue are not allowed to withdraw their Bids or revise their Bids downwards after the Issue Closing Date. The Allotment of Equity Shares in this Issue and the credit of such Equity Shares to the investor's demat account with the depository participant could take approximately seven days and up to 10 days from the Issue Closing Date. However, there is no assurance that material adverse changes in the international or national monetary, financial, political or economic conditions or other events in the nature of force majeure, material adverse changes in the business, results of operation or financial condition of the Bank, or other events affecting the investor's decision to invest in the Equity Shares, would not arise between the Issue Closing Date and the date of Allotment of Equity Shares in the Issue. Occurrence of any such events after the Issue Closing Date could also adversely impact the market price of the Equity Shares. The investors shall not have the right to withdraw their Bids or revise their Bids downwards in the event of any such occurrence. We may complete the Allotment of the Equity Shares even if such events may limit the investor's ability to sell the Equity Shares after the Issue or cause the trading price of the Equity Shares to decline.

81. *An investor will not be able to sell any of the Equity Shares subscribed in this Issue other than across a recognized Indian stock exchange for a period of 12 months from the date of the issue of the Equity Shares.*

Pursuant to the SEBI ICDR Regulations, for a period of 12 months from the date of the issue of the Equity Shares in this Issue, Eligible QIBs subscribing to the Equity Shares may only sell their Equity Shares on the NSE or the BSE and may not enter into any off-market trading in respect of these Equity Shares. The Bank cannot be certain that these restrictions will not have an impact on the price of the Equity Shares. Further, allotments made to certain categories of Eligible QIBs in the Issue are subject to the rules and regulations that are applicable to them, including in relation to lock - in requirements. This may affect the liquidity of the Equity Shares purchased by such investors and it is uncertain whether these restrictions will adversely impact the market price of the Equity Shares purchased by investors. For further information, see "Regulations and Policies in India" on page 201.

82. *There are restrictions on daily movements in the price of the Equity Shares, which may adversely affect a shareholder's ability to sell, or the price at which it can sell, the Equity Shares at a particular point in time.*

The price of the Equity Shares will be subject to a daily circuit breaker imposed on listed companies by all stock exchanges in India, which does not allow transactions beyond a certain level of volatility in the price of the Equity Shares. This circuit breaker operates independently of the index-based market-wide circuit breakers generally imposed by the SEBI on Indian stock exchanges. The percentage limit on the Bank's circuit breaker is set by the

stock exchanges based, amongst others, on the historical volatility in the price and trading volume of the Equity Shares. The stock exchanges are not required to, and do not, inform us of the percentage limit of the circuit breaker from time to time, and may change it without the Bank's knowledge. This circuit breaker effectively limits upward and downward movements in the price of the Equity Shares. As a result, shareholders' ability to sell the Equity Shares, or the price at which they can sell the Equity Shares, may be adversely affected at a particular point in time.

83. Investors will be subject to market risks until the Equity Shares credited to the investors' demat account are listed and permitted to trade.

Investors can start trading the Equity Shares allotted to them only after they have been credited to an investors' demat account, are listed and permitted to trade. Since the Equity Shares are currently traded on the Stock Exchanges, investors will be subject to market risk from the date they pay for the Equity Shares to the date when Equity Shares allotted are listed and permitted to trade. Further, there can be no assurance that the Equity Shares allotted to an investor will be credited to the investor's demat account in a timely manner or that trading in the Equity Shares will commence in a timely manner.

84. Any future issuance of Equity Shares could dilute the holdings of investors and could adversely affect the market price of the Equity Shares

Our Bank may be required to finance our future growth through additional equity offerings. Any future issuance of Equity Shares by our Bank could dilute investors' holdings and could adversely affect the market price of the Equity Shares. In addition, any future issuances of Equity Shares, sales by any significant shareholder or a perception in the market that such issuance or sale may occur, could adversely affect the trading price of the Equity Shares. Such securities may also be issued at a price below the then current trading price of the Equity Shares. These sales could also impair our Bank's ability to raise additional capital through the sale of our Bank's equity securities in the future. Our Bank cannot assure you that it will not issue further Equity Shares or that the shareholders will not dispose of, pledge or otherwise encumber their Equity Shares.

MARKET PRICE INFORMATION

The Equity Shares have been listed on BSE and NSE since April 12, 2004. As of the date of the Preliminary Placement Document, 6,730,496,447 Equity Shares of our Bank are issued, subscribed and fully paid-up.

On June 5, 2023, the closing price of Equity Shares on BSE and NSE was ₹30.69 and ₹ 30.65 per Equity Share, respectively. Since the Equity Shares are available for trading on BSE and NSE, the market price and other information for BSE and NSE has been given separately.

DIVIDEND POLICY

The RBI has laid down certain guidelines on the declaration of dividends by banks pursuant to RBI Circular RBI/2004-05/451DBOD.NO.BP.BC.88/21.02.067/2004-05 dated May 4, 2005 on declaration of dividends by banks (“**RBI Dividend Circular**”). Our Bank follows the Banking Regulation Act, the RBI Dividend Circular and Regulation 43A of the SEBI Listing Regulations in this regard.

For eligibility criteria for declaration of dividend in terms of the RBI Dividend Circular, see “*Regulations and Policies in India*” and “*Description of the Equity Shares – Declaration of Dividend*” on pages 201 and 250, respectively. For a summary of certain Indian tax consequences of dividend distributions to shareholders, see “*Taxation*” on page 254.

The quantum of dividend to be distributed, if any, will depend on a number of factors, including but not limited to (a) financial performance of our Bank for year in which dividend is sought to be declared; (b) long-term growth plans of our Bank; (c) any interim dividend paid; (d) Basel III capital requirements; (e) cash flow required to meet contingencies; (f) dividend payout trends; and (g) other factors and/or material events which the Board may consider.

Our Bank has declared the following dividend on Equity Shares in the last three Fiscals and until the date of filing of this Placement Document:

Fiscal/Period (Pertaining to which Dividend is declared)	Issued and paid-up share capital (number of shares)	Face Value of Equity Share (In ₹)	Interim dividend per Equity Share (In ₹)	Final dividend per Equity Share (In ₹)	Total amount of dividend (In ₹ million)	Dividend Rate (%)	Dividend Distribution Tax, where applicable (in ₹ million)

Fiscal 2021	65,601,58,901	10	Nil	Nil	Nil	Nil	Nil

The amounts paid as dividends in the past are not necessarily indicative of our Bank’s dividend policy or dividend amounts, if any, in the future. See “*Risk Factors – Our ability to pay dividends in the future will depend upon our earnings, financial condition and capital requirements and directions. Any inability to declare and/ or pay dividend may adversely affect the trading price of our Equity Shares.*” on page 38.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following is a discussion and analysis of the financial conditions and results of operations covering the Audited Financial Statements for Fiscals 2023, 2022 and 2021 ("Financial Statements"). This discussion should be read together with the sections entitled "Selected Financial Information of our Bank", "Selected Statistical Information" and "Financial Statements" on pages 30, 107 and 275, respectively as included in this Placement Document.

We prepare our financial statements in accordance with the requirements prescribed under the Third Schedule of the Banking Regulation Act, in accordance with prevailing practices within the banking industry in India and Indian GAAP, which differ in some respects from IFRS. Our financial statements reflect applicable statutory requirements, regulatory guidelines and accounting practices in India; these requirements, guidelines and practices change from time to time. In accordance with Indian GAAP, adjustments to reflect such changes are made on a prospective basis, and financial statements for earlier periods are not restated. For the purposes of a comparative analysis in the discussion below, previous years' figures have been reclassified wherever necessary.

Our fiscal year ends on March 31 of each year. Accordingly, all references to a particular fiscal year are to the twelve-month period ended on March 31 of that year. Unless otherwise specified or as the context requires, financial information herein for Fiscals 2023, 2022 and 2021 is derived from our Audited Financial Statements. For further information, see "Financial Statements" on page 275. Further, all information regarding cost, yield and average balances are based on daily average of balances outstanding during the relevant period.

This discussion contains forward-looking statements and reflects our current views with respect to future events and financial performance. Such statements are subject to certain risks, uncertainties and assumptions that could cause our actual results to differ materially from those anticipated in these forward-looking statements, including those set forth under the section titled "Forward-Looking Statements" beginning on page 16, the section titled "Risk Factors" beginning on page 38 and elsewhere in this Placement Document. Under no circumstances should the inclusion of such information herein be regarded as a representation, warranty or prediction with respect to the accuracy of the underlying assumptions by us or any other person, or that these results will be achieved or are likely to be achieved.

Unless otherwise indicated, industry and market data used in this section has been derived from industry publications and other publicly available information, and includes statistics derived from various government publications and industry sources.

OVERVIEW

Incorporated in the year 1935 and nationalised along with 13 other banks in the year 1969, we offer a diversified portfolio of banking products and services to corporate, retail, agriculture and micro, small and medium enterprise ("MSME") customers. Our Bank is amongst the prominent public sector banks in the state of Maharashtra, with 52.44% of our Bank's total banking outlets and 50.09% of our Bank's total advances is contributed by customers, located within the state of Maharashtra. Our operations are internally aligned into distinct business lines for (i) wholesale banking operations, (ii) retail banking operations, (iii) treasury operations, and (iv) other banking operations.

We offer a wide range of banking and financial services primarily to Retail Customers, Agricultural and Micro, Small and Medium enterprises ("RAM"). Through our corporate and commercial portfolio, we cater to the business needs of multinational companies, public enterprises and private companies. FACTORS AFFECTING RESULTS OF OPERATIONS AND FINANCIAL CONDITION

The following is a discussion of certain factors that have had, and we expect will continue to have, a significant effect on our financial results:

Macroeconomic conditions in India

As a bank with its principal operations in India, our financial position and results of operations have been and will continue to be significantly affected by overall economic growth patterns in India. While our results may not entirely track India’s economic growth figures, the Indian economy’s performance affects the environment in which we operate. Strong economic growth tends to positively impact our results of operations, since it can cause businesses to plan and invest more confidently and support the growth of the Indian manufacturing, infrastructure, NBFCs, housing and other sectors, among other things, which would in turn drive stronger demand for bank credit as well as other banking products and services that we offer. Stronger economic growth also generally increases the interest income that we are able to generate from the loans we offer and tends to improve the overall creditworthiness of our customers.

Please refer to the section titled “*Industry Overview*” beginning on page 140 for a discussion on current macroeconomic conditions and trends in the Indian and global economies. Any slowdown in the growth of the Indian economy or the growth of the economies of other countries that could have a direct impact on the Indian economy, coupled with inflationary pressures, could adversely impact our business, the business sectors that we are targeting as growth areas and the financial standing and growth plans of our borrowers and contractual counterparties.

Regulations governing the Indian banking industry

The banking industry in India is subject to extensive regulations issued by Governmental organizations and regulatory bodies including the RBI, SEBI and the Insurance Regulatory and Development Authority, and self-regulatory organisations. These regulations cover various aspects such as loans and advances, investments, deposits, risk management, foreign investment, corporate governance and market conduct, customer protection, foreign exchange management, capital adequacy, margin requirements, know-your customer and anti-money laundering, and provisioning for NPAs. The RBI also prescribes required levels of lending to “priority sectors” such as agriculture, which may expose us to higher levels of risk in advances than we may otherwise face.

Basel III reforms are the response of Basel Committee on Banking Supervision (“BCBS”) to improve the banking sector’s ability to absorb shocks arising from financial and economic stress, whatever the source, thus reducing the risk of spill over from the financial sector to the real economy. Basel III reforms strengthen the bank-level i.e. micro prudential regulation, with the intention to raise the resilience of individual banking institutions in periods of stress. Besides, the reforms have a macro prudential focus also, addressing system wide risks, which can build up across the banking sector, as well as the pro cyclical amplification of these risks over time.

The RBI has notified Reserve Bank of India Monetary Policy Committee (“MPC”) and Monetary Policy Process Regulations, 2016 which came into effect from August 01, 2016. The Reserve Bank’s Monetary Policy Department (“MPD”) assists the MPC in formulating the monetary policy. The MPC in its meetings reviews the surveys conducted by the RBI to gauge consumer confidence, households’ inflation expectations, corporate sector performance, credit conditions, the outlook for the industrial, services and infrastructure sectors, and the projections of professional forecasters. The MPC also reviews in detail the staff’s macroeconomic projections, and alternative scenarios around various risks to the outlook. Once in every six months, the RBI publishes the monetary policy report containing the explanation of inflation dynamics in the last six months and the near term inflation outlook, projections of inflation and growth and the balance of risks, an assessment of the state of the economy, covering the real economy, financial markets and stability, fiscal situation, and the external sector, which may entail a bearing on monetary policy decisions; an updated review of the operating procedure of monetary policy; and an assessment of projection performance. Monetary policy is heavily influenced by the

condition of the Indian economy, and changes in the monetary policy affect the interest rates of our advances and deposits. The RBI responds to fluctuating levels of economic growth, liquidity concerns and inflationary pressures in the economy by adjusting its monetary policy. A monetary policy designed to combat inflation typically results in an increase in RBI lending rates. Further, in addition to having gradually established more stringent capital adequacy requirements, the RBI has also instituted several prudential measures including an increase in risk weights for capital adequacy computation and general provisioning for certain types of asset classes. For further information, see “*Regulations and Policies in India*” on page 201. Other similar measures and regulatory developments relating to the Indian banking and financial services industry may have a significant impact on our operations and financial performance.

Liquidity requirements and reserve ratios

Capital adequacy. Since 2013, the RBI has gradually established more stringent compulsory reserve requirements (e.g., CRR and SLR ratios). We are required to maintain a minimum holding of 18% of total net demand and time liabilities in SLR securities as stipulated by the RBI with effect from April 11, 2020. The Basel III capital regulations were implemented in India with effect from April 1, 2013 and have been fully implemented as on October 1, 2021. Banks have to comply with the regulatory limits and minima as prescribed under Basel III capital regulations, on an ongoing basis. Banks shall maintain a minimum Pillar 1 Capital to Risk-weighted Assets Ratio (CRAR) of 9% on an on-going basis (other than capital conservation buffer and countercyclical capital buffer etc.). As a matter of prudence, it has been decided that scheduled commercial banks operating in India shall maintain a minimum total capital (MTC) of 9% of total risk weighted assets (RWAs) i.e., capital to risk weighted assets (CRAR).

The surplus funds of our deposits and advances are invested by the domestic Treasury, while we are not paid interest on capital reserve balances. More stringent compulsory reserve requirements tend to negatively impact banks’ capital position, thus requiring banks to commit additional capital in order to meet such increased requirements. This tends to decrease overall liquidity in the financial system and decrease the amount of capital available for deployment in credit transactions or higher-yielding investments, which negatively impacts banks’ interest-earning assets.

Any increases in the compulsory reserve that are applicable to our Bank (on account of regulatory changes or otherwise) could impact our profitability by limiting the amount of our capital that is available for commercial credit transactions or for investment in higher-yielding securities, thus restricting our ability to grow our business. For example, when the CRR increases, our Bank must hold more cash in its reserves, which constrains our ability to deploy those funds by making advances to customers or investing the funds for potential gains. We may also be compelled to dispose of certain of our assets and/or take other measures in order to meet more stringent requirements, which may adversely affect our results of operations and financial condition.

Reserve ratios. Commercial banks in India are subject to Cash Reserve Ratio (“**CRR**”) requirement as prescribed under RBI regulations. CRR is our balance held in a current account with the RBI and is calculated as a specified percentage of our net demand and time liabilities, excluding interbank deposits. Under the CRR requirements, as at March 1, 2023, we are required to maintain a minimum of 4.50% of our eligible demand and time liabilities in a current account with the RBI on an average fortnightly basis and on a particular day, the minimum daily maintenance of CRR should be 90% of prescribed CRR. Our Bank’s CRR as at March 31, 2023, was 100% of requirement of our net demand and time liabilities. The RBI has the authority to prescribe CRR without any ceiling limits and is not obliged to pay interest payments on CRR balances. In addition, all banks operating in India are also required to maintain a Statutory Liquidity Ratio (“**SLR**”), which is a specified percentage of a bank’s net demand and time liabilities by way of liquid assets such as cash, gold or approved unencumbered securities. SLR is intended to be a measure to maintain the bank’s liquidity, however, it has adverse implications on our ability to expand credit. Changes in interest rates also impact the valuation of our SLR portfolio and thereby affecting our profitability. Under the SLR requirement, as at March 31, 2023, we are required to maintain 18.00% of our demand and time liabilities in approved securities, such as Government of India (“**GOI**”) and state government securities and other approved securities.

The table below summarizes the cash reserve ratio, statutory liquidity ratio and liquidity coverage ratio that are applicable to banks in India:

	Cash Ratio	Reserve	Statutory Liquidity Ratio	Liquidity Coverage Ratio
	(% as of the date indicated)			
As of March 31, 2021	3.50%		18.00%	90.00%
As of March 31, 2022	4.00%		18.00%	100.00%
As of March 31, 2023	4.50%		18.00%	100.00%

For more details on the compulsory reserve requirements applicable in India, see “*Regulations and Policies in India*” on page 201.

Interest rate environment

Our results of operations depend to a great extent on our net interest income. Net interest income represents the excess of interest earned from interest-earning assets over the interest paid on interest-bearing customer deposits and borrowings. Changes in interest rates affect the interest rates we charge on our interest-earning assets and that we pay on our interest-bearing liabilities. Since the maturities of our loans and investments tend to be more long-term than our deposits, any faster increase or slower decrease in the interest rates that we must pay our depositors relative to the interest rates we charge our borrowers may cause our net interest income to decrease. Changes in interest rates could also adversely affect demand for our loan products. Interest rates are highly sensitive to many external factors beyond our control, including growth rates in the economy, inflation, money supply, RBI’s monetary policies, deregulation of the financial sector in India, domestic and international economic and political conditions and other factors.

For monetary policy transmission with a special focus on transmission to banks’ deposit and lending interest rates, the RBI issued a Master Direction - Reserve Bank of India (Interest Rate on Advances) Directions, 2016. Taking cognizance of the key role of Banks in the financial system in India, the RBI has endeavored to address the impediments to improve transmission to Banks’ lending rates. The external benchmark system has incentivized Banks to adjust their term as well as saving deposit rates as lending rates undergo frequent adjustments in line with the benchmark rates, to protect their net interest margins thus broadening the scope of transmission across sectors that are not even linked to external benchmark. Further, the RBI issued a circular on September 4, 2019 making it mandatory for banks to link all floating rate personal or retail loans and floating rate loans to micro and small enterprise borrowers to an external benchmark with effect from October 1, 2019. With a view to further strengthening monetary policy transmission, RBI issued a circular on February 26, 2020, to further link all new floating rate loans to the medium enterprises extended by banks to the external benchmarks with effect from April 1, 2020. The banks are free to choose one of the several benchmarks indicated in the circular. Banks are also free to choose their spread over the benchmark rate, subject to the condition that the credit risk premium may undergo change only when borrower’s credit assessment undergoes a substantial change, as agreed upon in the loan contract. For further information on Monetary Policy Transmission in India, see the sections titled “*Industry Overview*” beginning on page 140 and “*Regulations and Policies in India*” beginning on page 201.

Non-Performing Assets and Provisioning

The level of our non-performing loans is affected by, among other things, the general level of economic growth in India, the difficulties inherent in restructuring problem loans, the amount of non-performing loans written-off and our credit approval and monitoring policies. Other factors include a rise in unemployment, prolonged recessionary conditions, a decline in household savings and income levels, regulators’ assessment and review of our loan portfolio, a sharp and sustained rise in interest rates, refinance risks due to a slowdown in lending by non-banking financial companies, housing finance companies and other financial intermediaries, and movements in global commodity markets and exchange rates, each of which could cause a further increase in the level of NPAs. An increase in the volume of our NPAs may require us to increase our provisions against advances, investments and the related recovery and litigation costs. To the extent that we are required to make additional provisions on account of our NPAs, such provisions are charged to our profit and loss account and decrease our profitability.

Our loan portfolio includes loans to a wide range of businesses and industries. Financial difficulties experienced by our customers or by particular sectors of the Indian economy to which we have historically had and continue to have significant exposure, could Gross NPAs as of March 31, 2021, 2022 and 2023 were ₹77,796.79 million, ₹53,272.13 million and ₹43,340.02 million respectively. Our gross NPA ratio as of March 31, 2021, 2022 and 2023 was 7.23%, 3.94% and 2.47% respectively. Net NPAs as of March 31, 2021, 2022 and 2023 were ₹25,443.22

million, ₹12,765.70 million and ₹4,351.80 million, respectively. Our net NPA ratio as of March 31, 2021, 2022 and 2023 was 2.48%, 0.97% and 0.25% respectively. Our provisioning coverage (including technically written off) as of March 31, 2021 and 2022 and 2023 was 89.86%, 94.79% and 98.28%, respectively. Further, our provisioning coverage (excluding technically written off) as of March 31, 2021 and 2022 and 2023 was 67.57%, 76.43% and 90.44%, respectively

While additions to NPAs in the Indian banking sector, including our Bank, remained stable during Fiscal 2022, provisions made by banks, including our Bank, continued to be elevated, as banks continued to make additional provisions on their existing portfolios of non-performing loans. In view of the evolving and uncertain COVID-19 pandemic situation, there is no assurance that our provisions will continue to be sufficient for regulatory purposes and we may be required to make additional provisions in the future.

The RBI is active in its identification, classification and recovery of NPAs. The Central Government has also enacted the Insolvency and Bankruptcy Code, 2016 (“**IBC**”) to address the concerns of lenders and which provides corporate debtors with an exit mechanism. In addition, the Banking Regulation (Amendment) Act, 2017, provides that the central government may by order authorize the RBI to issue directions to banking companies to initiate insolvency proceedings under the IBC. The RBI also issued a revised framework for resolution of stressed assets through a circular dated June 7, 2019 (“**Revised Framework**”), to harmonise and simplify the framework for resolution of stressed assets under which the RBI has put in place a strict timeline over which a resolution plan must be implemented, failing which stressed accounts must be referred to the IBC.

Our Bank makes provisions for restructured accounts in accordance with RBI guidelines. Pursuant to RBI prudential guidelines on restructuring of advances by banks, we may not be allowed to initiate recovery proceedings against a corporate borrower, where the borrower’s aggregate total debt is ₹15 billion or more and 60% of the creditors by number and at least 75% of the creditors by value decide to restructure their advances. In such a situation, we are restricted to a restructuring process only as approved by the majority lenders. If we own 20% or less of the debt of a borrower, we could be forced to agree to an extended restructuring of debt which may not be in our interests.

Further, considering the impact of the COVID-19 pandemic and to mitigate the impact on the ultimate borrowers, the RBI vide a notification dated August 6, 2020 (“**Resolution Framework - 1.0**”), has decided to provide a window under the Revised Framework -1.0 to enable lenders to implement a resolution plan in respect of eligible corporate exposures without change in ownership, and personal loans, while classifying such exposures as standard, subject to specified conditions. Due to the resurgence of the COVID-19 pandemic in India, the RBI has announced set of measures vide a notification dated May 5, 2021, a “Resolution Framework - 2.0: Resolution of COVID-19 related stress of Individuals and Small Businesses”, that are broadly in line with the contours of the Resolution Framework - 1.0, for restructuring of loans without a downgrade in the asset classification pursuant to which our Bank is required to frame policies pertaining to the implementation of viable resolution plans for eligible borrowers under the framework, ensuring that the resolution under this facility is provided only to the borrowers having stress on account of COVID-19. The Board-approved policy shall, *inter alia*, detail the eligibility of borrowers in respect of whom our Bank will be willing to consider the resolution, and shall lay down the due diligence considerations to be followed by our Bank to establish the necessity of implementing a resolution plan in respect of the concerned borrower as well as the system for redressing the grievance of borrowers who request for resolution under the window and / or are undergoing resolution under this Resolution Framework issued by the RBI. See “*Risk Factors - Our business and financial performance may be adversely affected by an increase in level of restructured loans in our portfolio and inadequate performance of our restructured loans*” on page 38 for related risk.

There has been a gradual increase in the requirement for provisioning for restructured assets. In addition, NPAs when upgraded to standard attract a higher provision in the first year of being upgraded. Our Bank’s net restructured asset considered standard as of March 31, 2023 was ₹41,879.62 million, equivalent to 2.45% of our Bank’s net advances. As per RBI guidelines dated April 18, 2017, additional provisioning is required in respect of standard accounts in certain stressed sectors of the economy such as telecom, which will result in additional provisioning and adversely impact our profitability.

Subsequently, the Supreme Court of India in Small Scale Industrial Manufacturers Association (Regd.) vs Union of India and others through a judgment dated March 23, 2021, has directed that the interim order granted on September 3, 2020 to not declare the accounts of borrowers as NPAs stands vacated. Moving forward from the date of the judgment on March 23, 2021, we will resume recognizing overdue accounts not previously recognized as NPAs, as NPAs. In addition, in the judgment referred to above, the Supreme Court has directed that there shall

be a waiver of interest on interest/ compound interest/ penal interest for the period during the moratorium for borrowers for lending institutions. Pursuant to the judgment, whatever the amount recovered by way of interest on interest/ compound interest/ penal interest for the period during the moratorium, the same shall be refunded and adjusted in the next installment of the loan account.

At a minimum, we make provisions in accordance with RBI guidelines, though we may provide in excess of RBI requirements to reflect our internal estimates of actual losses. If there is any deterioration in the quality of our security or further aging of assets after being classified as non-performing, we may be required to increase our provisions. Moreover, our ability to manage NPA levels will depend on our ability to recover NPAs in a manner consistent with past abilities and further improve our internal controls and processes. Our ability to reduce or contain the level of our NPAs is also dependent on a number of factors beyond our control, such as increased competition, economic conditions with respect to specific industries, fluctuations in interest and exchange rates or changes in laws and regulations.

Under the Revised Framework, the RBI had promulgated a revised framework for resolution of stressed assets, where banks are required to put in place a board approved policy for resolution of stressed assets. Upon the occurrence of a default, banks are required to within a period of 30 days from the date of such default (“Review Period”), review the account of the borrower and determine a strategy for implementing a resolution plan or choose to initiate legal proceedings or recovery. If a resolution plan route is chosen by the lenders during the Review Period, the lenders are required to enter into an inter-creditor agreement to provide rules for finalisation and implementation of the resolution plan and also provide in such inter-creditor agreement that decisions by lenders representing 75% of outstanding facilities and 60% by number shall bind all lenders to the inter-creditor agreement. The resolution plan is to be implemented within 180 days from the end of the Review Period.

Divergence in Asset Classification and Provisioning

The RBI assesses the compliance by banks with the extant prudential norms on income recognition, asset classification and provisioning (“**IRACP**”) as part of its supervisory processes. The RBI, in its circular dated April 1, 2019, requires banks to make suitable disclosures, wherever either (i) the additional divergence in assets classification and provisioning for NPAs assessed by RBI exceeds 10% of the reported profit before provisions and contingencies for the reference period; and/ or (ii) additional gross NPAs identified by RBI exceed 15% of the published incremental Gross NPAs for the reference period.

The RBI has issued a Master Circular - Prudential norms on Income Recognition, Asset Classification and Provisioning pertaining to Advances dated April 1, 2023 for on matters relating to prudential norms on income recognition, asset classification and provisioning pertaining to advances. Accordingly, the Banks shall recognise incipient stress in loan accounts, immediately on default, by classifying such assets as special mention accounts (SMA). For further information, see “*Regulations and Policies in India*” on page 201. Other similar measures and regulatory developments relating to the Indian banking and financial services industry may have a significant impact on our operations and financial performance.

Allocation of funds

The growth of the Indian economy has enabled us to allocate our funds from Government securities to advances, which offer us higher returns subject to maintaining minimum statutory requirements. Further, we diversify our net interest income portfolio by lending to retail customers, large corporates and small and medium enterprises across various industry segments. If the volume of our loans decreases due to a general slowdown in the economy, increased competition or other factors, our net interest income will decrease as well. In addition, we seek to allocate our funds in an optimum manner at any point of time depending on our liquidity and prevailing interest rates.

Sources of funding

Our primary interest-bearing liability is our deposit base. Adverse economic conditions may also limit or negatively affect our ability to attract deposits, replace maturing liabilities in a timely manner and at commercially acceptable rates, satisfy statutory liquidity requirements and access funding. To continue to source low-cost funding through customer deposits, we must, among other measures, further develop our expanding branch network, increase brand recall and develop products and services to distinguish ourselves in an increasingly competitive industry. However, increasing customer sophistication, competition for funding, any sharp increase in prevailing interest rates and changes to the RBI’s liquidity and reserve requirements may increase the rates that

we pay on our deposits. As of March 31, 2021, 2022 and 2023 we had total deposits of ₹1,739,892.97 million, ₹2,022,752.54 million and ₹2,340,826.84 million, respectively, and an advance-to-deposit ratio (calculated as gross advances divided by total deposits) of 61.87%, 66.85% and 74.81%, respectively. As of March 31, 2023, our Bank's domestic CASA deposits were ₹1,249,609.48 million. Our CASA ratio increased from 53.99% in Fiscal 2021 to 57.85% in Fiscal 2022 and to 53.38% in Fiscal 2023.

Our ability to meet demand for new loans and lower our cost of funding will depend on our ability to continue to broaden our deposit profile, our ability to attract and retain new customers, and our continued access to term deposits from the retail, corporate and inter-bank market. Our debt service costs and cost of funds depend on many external factors, including developments in the Indian credit markets and, in particular, interest rate movements and the existence of adequate liquidity in the inter-bank markets. Internal factors that will impact our cost of funds include changes in our credit ratings, available credit limits and our ability to mobilize low-cost deposits, particularly through our retail banking branches.

SIGNIFICANT ACCOUNTING POLICIES

Basis of preparation of Financial Statements:

Our financial statements are prepared under the historical cost conventions except as otherwise stated and conform to Indian GAAP which include statutory provisions, practices prevailing within the banking industry in India, regulatory and RBI guidelines, and applicable accounting standards and guidance notes issued by the Institute of Chartered Accountants of India (ICAI). The preparation of financial statements requires the management to make estimates and assumptions considered in the reported amount of Assets and Liabilities (including contingent liabilities) as of the date of financial statements and reported income and expenses for the period under report. Management is of the view that the estimates used in the preparation of financial statements are prudent and reasonable. Future results could differ from these estimates. Any revisions to the accounting estimates shall be recognized prospectively unless otherwise stated.

We base our estimates and judgments on historical experience and other factors that are believed to be reasonable under the circumstances. Actual results may differ from these estimates under different assumptions or conditions. This discussion should be read in conjunction with the financial statements and notes as applicable during the Fiscal Year.

The Audited Financial Statements have been prepared in accordance with Accounting Standard 21 – “Consolidated Financial Statements” and Accounting Standard 23 – “Accounting for Investments in Associates in Consolidated Financial Statements”, issued by the Institute of Chartered Accountants of India

We have applied the following accounting policies in preparing our consolidated financial statements for Fiscal 2023:

Principles of Consolidation:

The Audited Financial Statements are consolidated for the Bank, as the parent entity, and its subsidiary along with associated enterprise as follows:

The following subsidiary has been consolidated as per Accounting Standard 21 – “*Consolidated Financial Statement*”:

Name of the Company	Country/Residence	Relationship	Ownership Interest
The Maharashtra Executor & Trustee Co. Private Limited (hereafter referred as “METCO”)	India	Wholly Owned Subsidiary	100%

The following Associate Company has been accounted for under the Equity Method as per Accounting Standard 23 – “Accounting for Investments in Associates in Consolidated Financial Statements”:

Name of the Company	Country/Residence	Relationship	Ownership Interest
Maharashtra Gramin Bank (sponsored by Bank of Maharashtra)	India	Associate Enterprise	35%

Basis of Preparation of Audited Financial Statements and its impact

The consolidated financial statements of Bank, its subsidiary and its associate (the “**Group**”) have been prepared on the basis of:

- i) Audited financial statements of our Bank;
- ii) Line by line aggregation of each item of asset/ liability/income/ expense of the subsidiary with the respective item of the Bank, and after eliminating all material intra-group balances/transactions in accordance with Accounting Standard 21 – “*Consolidated Financial Statements*” issued by ICAI.
- iii) Accounting for investment in ‘Associates’ under the ‘Equity Method’ as per AS 23 “Accounting for Investments in Associates in Consolidated Financial Statements” issued by the ICAI. The excess of carrying cost of bank’s investment in associate is recognized in the financial statements as goodwill.
- iv) The difference between cost to the Group of its investment in the subsidiary entities and the Group’s portion of the equity of the subsidiaries is recognised in the financial statements as goodwill / capital reserve.
- v) The subsidiary has used accounting policies other than those adopted by the Bank in certain cases for like transactions and events in similar circumstances. No adjustments have been made to the financial statements of the subsidiary, when they are used in preparing the consolidated financial statements. However, the proportion of the items in the consolidated financial statements to which the different accounting policies are applied by the subsidiary is insignificant.
- vi) The financial statement of the Subsidiary has been regrouped with that of the parent Bank, wherever necessary.

Foreign Exchange Transactions:

The foreign currency transactions are translated at the weekly average closing rates for the preceding week as published by Foreign Exchange Dealers’ Association of India (FEDAI). Revaluation of foreign currency assets and liabilities as on Balance Sheet date is done at the closing exchange rate published by FEDAI and the resultant profit/loss is accounted for in the Profit & Loss Account.

Outstanding Forward Foreign Exchange Contracts are stated at contracted rates and revalued/ marked to market as on quarterly basis and on Balance Sheet date at the exchange rates published by FBIL for specified maturities by discounting the same at the applicable MIFOR rate published by Financial Benchmarks India Pvt. Ltd. [FBIL] i.e. on PV01 basis. The resulting profit/loss, on revaluation, is recognized in the Profit & Loss Account in accordance with RBI / FEDAI guidelines and the effect is taken to “*Other Assets*” in case of gain or to “*Other Liabilities*” in case of loss.

Contingent Liabilities on account of Guarantees and Letters of Credit issued in foreign currency are stated in the Balance Sheet at the closing exchange rates published by FEDAI.

Credit exposure of the un-hedged foreign currency exposure, if any, of the constituents shall attract provisioning and capital requirements as per RBI guidelines.

Investments:

As per RBI guidelines, the investments are classified and valued as under:

Investments are classified in the following categories:

1. Held to Maturity (HTM)
2. Available for sale (AFS)
3. Held for trading (HFT)

All the investments are further classified in the following six baskets:

- a. Government Securities
- b. Other approved Securities

- c. Shares
- d. Debentures and Bonds
- e. Subsidiaries and Joint Ventures
- f. Others (Commercial Papers, Mutual Fund Units etc.)

Bank decides the category of each investment at the time of acquisition and classifies the same accordingly. Shifting of securities from one category to another, other than shifting / transfer from HFT to AFS category, is done once in a year with the approval of Board of Directors, at the least of acquisition cost / book value / market value on the date of shifting. The depreciation, if any, on such shifting is provided for and the book value of the security is adjusted accordingly. The transfer of securities from one category to another is made as per permission from or guidelines of RBI. Transfer / shifting of investments from HFT to AFS category will be executed under exceptional circumstances, like not being able to sell the securities within 90 days due to tight liquidity conditions, or extreme volatility, or market becoming unidirectional.

REPO / Reverse REPO

The Bank has adopted the Uniform Accounting Procedure prescribed by the RBI for accounting of market Repo and Reverse Repo transactions. Repo and Reverse Repo / Standing Deposit Facility transactions are treated as Collateralized Borrowing / Lending Operations with an agreement to repurchase on the agreed terms. Securities sold under Repo are continued to be shown under investment. and Securities are not purchased under Standing Deposit Facility. Outstanding Repo / Term Repo is disclosed as borrowing and outstanding Reverse Repo/ Standing Deposit Facility is disclosed as lending. Costs and revenues are accounted for as interest expenditure / income, as the case may be.

Cost of investments is determined on the basis of Weighted Average Price method.

Interest paid for broken period/ interest received for broken period at the time of purchase/ sale of fixed income securities is treated as revenue expenditure/ income.

Brokerage/Incentives received/paid at the time of purchase/sale of investments are deducted/added from the amount of the investment.

Valuation of investments:

a) Held to Maturity:

Securities under the category 'Held to Maturity' are valued at weighted average acquisition cost. Wherever the cost of the security is higher than the face value, the premium is amortized over the remaining period of maturity on straight line basis. In case of investments, where the cost price is less than the face value, the difference is ignored.

In case of investments in subsidiaries and joint ventures permanent diminution in value is recognized and provided for; investment in RRB is valued at carrying cost.

On sale of investments in this category (a) the net profit is initially taken to profit and loss account and thereafter such profit net of applicable taxes and proportionate transfer to statutory reserve is appropriated to the 'Capital Reserve account'; and (b) the net loss is charged to the Profit & Loss Account.

b) Available for Sale:

The individual securities under this category are marked to market on a quarterly basis and on each balance sheet date. Central/ State Government securities are valued at market rates declared by FIMMDA. Other approved securities, debentures and bonds are valued as per the yield curve, average credit spread rating and methodology suggested by FIMMDA. Quoted shares are valued at market rates. Unquoted shares are valued at break-up value ascertained from the latest available Balance Sheet i.e. Balance Sheet of immediate preceding year and in case the latest Balance Sheet is not available, the same is valued at Re.1/- per company / scrip.

Investments in discounted instruments, viz. Treasury Bills, Certificate of Deposits, Commercial Papers, Zero Coupon Bonds are valued at carrying cost. Mutual Fund Instruments are valued at market rate or repurchase price or net asset value in that order depending on their availability. Investments in Security Receipts (SRs) /Pass

Through Certificates (PTCs) issued by Asset Reconstruction Companies (ARCs) in respect of financial assets sold to ARCs are carried at lower of redemption value and net book value (i.e. book value less provision held) of the financial assets.

Based on the above valuation under each of six-sub classifications under 'Available for Sale':

- i. If it results in appreciation, the same is ignored.
- ii. If it results in net depreciation, the same is charged to Profit & Loss account and credited to Provision for Depreciation on Investments (AFS) in the liability side.

Provided that, depreciation, if any, on equity shares allotted consequent to implementation of Strategic Debt Restructuring (SDR) shall be provided for over a maximum of 4 calendar quarters on straight line basis from the date of conversion of debt into equity.

- iii. The book value of securities is not changed in respect of marked to market (MTM) except as required by the RBI guidelines.
- iv. Profit or Loss on sale of investment in this category is accounted for in the Profit and loss account.

Held for Trading:

The individual securities under this category are held at original cost and are marked to market every month and each balance sheet date. Central/ State Government securities are valued at market rates declared by FBIL. Other approved securities, debentures and bonds are valued as per the yield curve; average credit spread rating and methodology suggested by FIMMDA. Quoted Shares are valued at market rates.

Investments in discounted instruments, viz. Treasury Bills, Certificate of Deposits, Commercial Papers, Zero Coupon Bonds are valued at carrying cost. Mutual Fund Instruments are valued at market rate or repurchase price or net asset value in that order depending on their availability. Investments in SRs /PTCs issued by ARCs in respect of financial assets sold to ARCs are carried at lower of redemption value and net book value (i.e. book value less provision held), of the financial assets.

Net basket-wise depreciation if any, is charged to Profit & Loss Account and credited to Provision on Depreciation on Investment (HFT) under liability. Net appreciation, if any is ignored. The book value of the securities is not changed after revaluation except as required by the RBI guidelines.

Profit or loss on sale of investment in this category is accounted for in the Profit & Loss Account

Classification of and provisions on investments, including on restructured investments, are made in accordance with the prudential norms prescribed by and guidelines of RBI from time to time.

Costs such as brokerage, fees, commission, taxes etc. incurred at the time of acquisition of securities are capitalized.

Derivatives:

Interest Rate Swaps:

Valuation:

- (a) **Hedging Swaps:** Interest Rate Swaps for hedging assets and liabilities are not marked to market.
- (b) **Trading Swaps:** Interest Rate Swaps for trading purpose are marked to market.

Accounting of income on derivative deals:

- (a) **Hedging Swaps:** Income is accounted for on realization basis. Expenditure, if any, is accounted for on accrual basis, if ascertainable.

(b) **Trading Swaps:** Income or expenditure is accounted for on realization basis on settlement date.

Accounting of gain or loss on termination of swaps:

- (a) **Hedging Swaps:** Any gain or loss on the terminated swap is recognized over the shorter of (a) the remaining contractual life of the swap or (b) the remaining life of the asset/ liability.
- (b) **Trading Swaps:** Any gain or loss on terminated swap is recognized as income or expenditure in the year of termination.

Investment Fluctuation Reserve:

As per RBI circular number RBI/DOR/2021-22/81 DOR.MRG.42/21.04.141/2021-22 DATED AUG 25,2021 as updated till March 31, 2022, Investment Fluctuation Reserve (IFR) is created to build up of adequate reserves to protect the bank against increase in yields with effect from FY 2018-19.

Transfer to IFR is lower of the following –

- Net profit on sale of Investments during the year; or
- Net profit for the year less mandatory appropriations, until the amount of IFR is at least 2 percent of the HFT and AFS portfolio, on a continuing basis.

Advances:

Advances shown are net of write offs, provisions made for non-performing assets, claims settled with the credit guarantee institutions, provision for diminution in fair value for restructured advances and bills rediscounted.

Classification of advances and provisions are made in accordance with the prudential norms prescribed by RBI from time to time, except in respect of following category of advances, provision on NPAs are made higher than the rate prescribed by RBI -

- a. Sub-standard - 20%
- b. Doubtful Assets One to three years - 50% on secured portion

Provision for performing assets, other than provision on standard restructured advances, is shown under the head “Other liabilities and provisions”.

In respect of Rescheduled/ Restructured accounts, provision for diminution in fair value of restructured advances is made on present value basis as per RBI guidelines.

In respect of advances under SDR, provision is made in accordance with RBI guidelines, within a maximum period of four quarters.

In case of financial assets sold to Asset Reconstruction Company (ARC)/ Securitization Company (SC), if the sale is at a price higher than the net book value (NBV), the surplus is retained and utilised to meet the shortfall/loss on account of sale of other financial assets to SC/ARC. If the sale is at a price below the NBV, (i.e. outstanding less provision held) the shortfall is to be debited to the Profit and Loss account. However, if surplus is available, such shortfall will be absorbed in the surplus. Any shortfall arising due to sale of NPA will be amortised over a period of two years if not absorbed in the surplus.

Excess provision arising out of sale of NPAs are reversed only when the cash received (by way of initial consideration only/or redemption of SRS/PTC) is higher than the NBV of the asset. Reversal of excess provision will be limited to the extent to which cash received exceeds the NBV of the asset.

Fixed Assets and Depreciation:

Premises and Other Fixed Assets are accounted for at cost less accumulated depreciation/amortization, except for certain premises, which were revalued and stated at revalued amount.

Cost includes cost of purchase, taxes as per GST law and all expenditure such as site preparation, installation costs and professional fees incurred on the asset before it is put to use. Subsequent expenditure(s) incurred on the assets put to use are capitalised only when it increases the future benefits from such assets or their functioning capability.

Depreciation on fixed assets is provided at the rates specified below, except in case of revalued assets, in respect of which higher depreciation is provided on the basis of estimated useful life of these revalued assets.

Sr. No.	Category of Asset	Useful Life of Assets	Method of Depreciation	Rate of Depreciation (%)
1.	Building & Premises	60	SLM	1.667
2.	General Items including Safe	10	SLM	10
3.	Electrical – Television, Mobile Phones, Home Theater, Printer, Camera	3	SLM	33.33
4.	Electrical Equipment's- Others	10	SLM	10
5.	Office Machinery	5	SLM	20
6.	Motor Vehicles	8	SLM	12.5
7.	Safe Deposit Vaults	10	SLM	10
8.	Computers & Laptops	3	SLM	33.33
9.	ATM	7	SLM	14.29
10.	UPS	5	SLM	20
11.	BNA	7	SLM	14.29
12.	Cash Re-cycler	7	SLM	14.29

* *Straight Line Method (SLM)*

In respect of assets acquired during the year, depreciation is provided on proportionate basis for the number of days the assets have been put to use during the year.

Similarly, in respect of assets sold / discarded during the year, depreciation is provided on proportionate basis till the number of days the assets had been put to use during the year.

Eligible fixed assets are revalued once in every three years. Revalued portion of fixed assets (over and above the cost of fixed assets) is depreciated on diminishing balance method over the residual life of the assets as certified by approved valuers at the time of valuation.

Revaluation reserve pertaining to lease hold lands, is amortised on straight line method over the residual life of the lease period.

Depreciation on revalued portion of fixed assets, over and above the cost is debited to Profit & Loss account. Amount of Revaluation Reserve to the extent of depreciation related to revalued portion of fixed assets over and above the cost debited to profit & loss account is transferred to Revenue Reserve from Revaluation Reserve.

In respect of leasehold premises, the lease premium, if any, is amortised over the period of lease on SLM basis in accordance with AS 19.

In case of the subsidiary:

In the case of METCO, fixed assets are stated at cost, less accumulated depreciation and impairment losses, if any. Cost includes all expenditure necessary to bring the asset to its working conditions for its intended use. Assets sold are reduced from the fixed assets and after taking effect of depreciation, profit / loss has been calculated. Depreciation is provided on the written down value basis applying new standards as per Companies Act 2013, on the basis of useful life of assets.

Revenue Recognition

All revenues and costs are accounted for on accrual basis except the following items, which are accounted for on cash basis:

- Interest on Advances and Investments identified as Non-Performing Assets according to the prudential norms and guidelines issued by RBI, from time to time.

- b. Income from commission viz., on Guarantees, Letter of Credit, Government business, Mutual Fund business, credit & debit cards issued, annual maintenance charges for cards and Locker Rent. With effect from April 01, 2022, the income on account of Commission on account of issuance of Letter of Credit, Bank Guarantee and commission on sale of Priority Sector Lending Certificate (PSLC) is recognized on accrual basis as against cash basis followed in the preceding year.
- c. Interest for overdue period on bills purchased and bills discounted.
- d. Insurance claims.
- e. Remuneration on Debenture Trustee Business.
- f. Loan Processing Fees.
- g. Income from Merchant Banking Operations and Underwriting Commission.
- h. Transaction processing fees received on utility bill pay services through internet banking.

Pursuant to RBI guidelines, the interest payable on overdue term deposit is provided on accrual basis at rate of interest as applicable to saving account or contracted rate of interest on the matured TD, whichever is lower from July 2, 2021

Employees' Benefits:

Defined Contribution Plan: The contribution paid/ payable under defined contribution benefit schemes are charged to Profit & Loss Account.

Defined Benefit Plans: All eligible employees are entitled to receive benefits under the Bank's Gratuity and Pension schemes which are valued based on the principles laid down in AS -15, Employees Benefit (Revised) issued by Institute of Chartered Accountants of India. Bank's liabilities towards defined benefit schemes are determined on the basis of an actuarial valuation made at the end of each quarter/financial year. Actuarial gains and losses are recognized in the Profit & Loss Account.

Other Employee Benefits such as Leave Fare Concession, Privilege Leave, Silver jubilee Award, resettlement allowance, and retirement benefit are provided based on Actuarial valuation.

Segment Reporting:

The Bank recognizes Business Segment as its Primary Segment in compliance with the RBI Guidelines and in compliance with the Accounting Standard 17 issued by ICAI.

Impairment of Assets:

Impairment losses, if any, on fixed assets including revalued fixed assets are recognized in accordance with Accounting Standard 28- Impairment of Assets issued by the ICAI and charged to Profit & Loss Account. Assets are reviewed for Impairment whenever events or changes in circumstances warrant that the carrying amount of an asset may not be recoverable.

Provisions, Contingent Liabilities and Contingent Assets:

As per the Accounting Standard 29 - "Provisions, Contingent Liabilities and Contingent Assets" issued by ICAI, the Bank recognizes provisions only when it has a present obligation as a result of a past event, not it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and when a reliable estimate of the amount of the obligation can be made.

Contingent assets are not recognized in the financial statements since this may result in the recognition of the income that may never be realized.

Net Profit, Provisions and Contingencies:

The Net Profit disclosed is after making the Provisions and Contingencies which include adjustment to the value of investments, write off of bad debts, provision for taxation (including deferred tax), and provision for advances including cases identified as fraud and contingencies /others.

Income Tax:

The provision for tax for the year comprises liability towards current Income Tax and Deferred Tax. The deferred tax asset/ liability is recognized, subject to the consideration of prudence, taking into account the timing differences between the taxable income and accounting income, in terms of the Accounting Standard 22 issued by ICAI. The effect of change in tax rates on deferred tax assets and liabilities is recognized in the Profit & Loss Account in the period of applicability of the change.

Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax assets are recognized and re-assessed at each reporting period based on management judgement as to whether their realization is considered as reasonably certain. In cases of unabsorbed depreciation or carried forward loss under taxation laws, all deferred tax assets are recognized only if there is virtual certainty of realization of such assets supported by convincing evidence. In cases of unabsorbed depreciation or carried forward loss under taxation laws, all deferred tax assets are recognized only if there is virtual certainty of realization of such assets supported by convincing evidence.

Interest income on refund of Income Tax is accounted for in the year; the order is passed by the concerned authority. The demand raised by the Tax authorities including the interest thereon is provided for when such demand is accepted by the bank and the same is not contested before appellate authority OR when such demand is upheld by jurisdictional tribunal and there is no favorable judgement of other tribunal on identical issue and bank does not prefer to go before High Court OR when such demand is upheld by High Court.

Earnings per Share

Basic and Diluted earnings per equity share are reported in accordance with the Accounting Standard (AS-20) “Earnings Per Share” issued by ICAI. Basic Earnings per share is arrived by dividing net profit by the weighted average number of equity shares outstanding for the period. The diluted earnings per equity share are computed using the weighted average number of equity shares and dilutive potential equity shares outstanding during the period.

Diluted earnings per share reflect the potential dilution that could occur in earning per share if securities or other contracts to issue equity shares that are to be exercised or converted during the period.

RECENT ACCOUNTING PRONOUNCEMENTS

There were no significant changes in the accounting policies during the Fiscal Years 2023, 2022 and 2021, except with effect from April 01, 2022, the income on account of Commission on account of issuance of Letter of Credit, Bank Guarantee and commission on sale of Priority Sector Lending Certificate (PSLC) is recognized on accrual basis as against cash basis followed in the preceding year.

Adoption of Ind AS

The Audited Financial Statements and other financial information included or incorporated by reference in this Placement Document are based on the Bank’s audited financial statements prepared in accordance with Indian GAAP. The Institute of Chartered Accountants of India has issued Ind AS, a revised set of accounting standards, which largely converges the Indian accounting standards with International Financial Reporting Standards. The Ministry of Corporate Affairs, which is the law-making authority for adoption of accounting standards in India, has notified these Ind AS for adoption. Further, the ministry has also issued a roadmap for transition to Ind AS by Indian companies in a phased manner starting from April 1, 2016. For banking companies, the implementation of Ind AS, which was earlier to begin from April 1, 2018, has been deferred until further notice as recommended legislative amendments were still under consideration by the Government. The RBI does not permit banks to adopt Ind AS earlier than the official implementation timelines.

Ind AS 109 – Financial Instruments (Standard equivalent to International Financial Reporting Standard 9) would have a significant impact on the way financial assets and liabilities are classified and measured, resulting in volatility in profit or loss and equity. Ind AS will change, among other things, the Bank’s methodology for estimating allowances for probable loan losses and for classifying and valuing its investment portfolio and its revenue recognition policy. For more information, see “*Risk Factors — Risks relating to the Bank – Indian accounting principles differ from those which prospective investors may be familiar with in other countries. In addition, the effects of the planned convergence with, and adoption of, IFRS are uncertain.*” on page 38.

COMPONENTS OF INCOME AND EXPENDITURE

Income

Our income comprises of income from interest earned and other income.

Interest earned

Interest earned consists of interest on advances and bills, income on investments, interest on balances with Reserve Bank of India and other inter-bank funds and other interest earned. Income from investments consists of interest on investments in India. Our securities portfolio consists primarily of government securities, debentures and bonds and equity shares. We also have investments in our subsidiaries and associates. On the balances that we maintain with RBI to meet our cash reserve requirements, we do not receive any interest.

Other Income

Our non-interest income consists principally of (i) commission, exchange and brokerage, (ii) net profit on the sale of investments, (iii) net profit on revaluation of investments (i.e. provision for depreciation in market value of investments), (iv) net profit (loss) on the sale of land, buildings and other assets (v) net profit on foreign exchange transactions, (vi) income by way of dividend from subsidiary and associate company(ies) and/or joint ventures in India and outside India, and (vii) miscellaneous income, which primarily includes commission received from the sales of third-party products, mutual fund products and fees collected from customer such as folio charges or commitment charges/ recoveries in assets written off or locker rent.

Expenditure

Interest Expended

Our interest expended include interest on deposits, interest on RBI and inter-bank borrowings and other interest/ discount such as interest on subordinated debt/ capital bonds, discount on TREPS borrowings, interest for delayed payments and other borrowings from other financial institutions, such as SIDBI, NHB and NABARD.

Operating Expenses

Our operating expenses include, among others, (i) payments to and provision for employees, (ii) rent, taxes and lighting, (iii) depreciation on the Bank's property, (iv) insurance, (v) repairs and maintenance, (vi) postage, telegrams, telephones, etc., (vii) advertisement and publicity, (viii) auditors' fee and expenses, (ix) law charges, (x) printing and stationery, (xi) directors' fees, allowances and expenses, and (xii) other miscellaneous expenses.

Provisions and Contingencies

Our provisions and contingencies primarily consist of (i) provision made towards standard assets, (ii) provision made towards non-performing assets, (iii) provision made towards taxation, (iv) provision for MAT credit, and (v) other provisions which includes provision for unhedged foreign currency exposure and provisions and contingencies towards restructured advances.

RESULTS OF OPERATIONS

Fiscal 2023 compared to Fiscal 2022

The following table sets forth certain information relating to our results of operations in Fiscal 2023 and Fiscal 2022:

	Fiscal	
	2023	2022
	(<i>₹ in millions</i>)

Expenditure	155,767.36	145,205.31
Net profit	26,050.03	11,534.29

Income

Interest Earned

Total interest earned increased by 22.12% from ₹130,193.09 million in Fiscal 2022 to ₹158,985.95 million in Fiscal 2023. This increase was primarily attributable to (i) an 39.53% increase in interest income on advances and bills as a result of increase in yield on advances and increase in average advances. These increases were partially offset by a 42.19% decrease in interest on balances with Reserve Bank of India and other interbank funds. Our increase in yield on advances in Fiscal 2023 was primarily due to increase in yield on advances and increase in average advances. Our increase in average advances in Fiscal 2023 was mainly due to (i) relief packages offered by the RBI and/or Central Government which incentivized lending by banks to protect the value of loan portfolio assets and (ii) an overall increase in advances made to RAM and PSU sectors where there was high demand for capital expenditure in Fiscal 2023.

Other Income

Other income decreased by 14.02% from ₹26,528.59 million in Fiscal 2022 to ₹22,809.35 million in Fiscal 2023. This was primarily due to a 6.14% increase in commission, exchange, and brokerage from ₹12,333.42 million in Fiscal 2022 to ₹13,091.15 million in Fiscal 2023 that was partially set off by decrease in profit on sale of investment income of 79.78%, from ₹5,248.71 million in Fiscal 2022 to ₹1,061.31 million in Fiscal 2023.

Expenditure

Interest Expended

Total interest expended marginally increased by 16.96% from ₹ 69,739.61 million in Fiscal 2022 to ₹81,567.88 million in Fiscal 2023 primarily due to 11.28% increase in interest paid on deposit from ₹ 64,573.04 million in Fiscal 2022 to ₹71,855.51 million in Fiscal 2023, primarily as a result of a decline in interest rates payable on deposits in Fiscal 2023 consistent with the overall market trend, marginally offset by an increase in RBI and inter-bank borrowings mainly as a result of increase in Repo Rate for LAF.

Operating Expenses

Operating expenses increased by 1.88% from ₹38,500.34 million in Fiscal 2022 to ₹39,224.64 million in Fiscal 2023. This increase was primarily attributable to (a) a 8.83% increase in payments of rent, taxes and lighting from ₹2,280.85 million in Fiscal 2022 to ₹2,482.28 million in Fiscal 2023 and (b) a 50.10% increase in law charges on Bank's property from ₹393.95 million in Fiscal 2022 to ₹591.31 million in Fiscal 2023 and (c) a 12.01% increase in repair & maintain charges of ₹1,928.29 million for Fiscal 2022 to ₹2,159.87 million in Fiscal 2023.

Provisions and Contingencies

Provisions and contingencies decreased by 5.38% from ₹36,965.36 million in Fiscal 2022 to ₹34,974.85 million in Fiscal 2023.

Net Profit

For the reasons discussed above, net profit increased by 125.85% from ₹11,534.29 million in Fiscal 2022 to ₹26,050.03 million in Fiscal 2023.

Fiscal 2022 compared to Fiscal 2021

The following table sets forth certain information relating to our results of operations in Fiscal 2022 and Fiscal 2021:

	Fiscal	
	2022	2021
	(₹ in millions)	
Interest earned	130,193.09	118,686.30
Share of earnings/loss in associates	17.92	200.59
Other income	26,528.59	26,289.28
Income	156,739.60	145,176.17
Interest expended	69,739.61	69,701.84
Operating expenses	38,500.34	35,659.06
Provisions and contingencies	36,965.36	34,100.62
Expenditure	145,205.31	139,461.53
Net profit	11,534.29	5,714.64

Income

Interest Earned

Total interest earned increased by 9.70% from ₹118,686.30 million in Fiscal 2021 to ₹1,30,193.09 million in Fiscal 2022. This increase was primarily attributable to (i) an 15.06% increase in interest income on advances and bills as a result of increase in yield on advances and increase in average advances, and (ii) a 5.57% increase in interest on investment due to increase in average investment. These increases were partially offset by a 71.21% decrease in interest on balances with Reserve Bank of India and other inter bank funds. Our increase in yield on advances in Fiscal 2022 was primarily due to an increase in average standard advances and minimal interest reversals on account of lower delinquencies, which resulted in higher yield on advances when compared to Fiscal 2021. Our increase in average advances in Fiscal 2022 was mainly due to (i) relief packages offered by the RBI and/or Central Government which incentivized lending by banks to protect the value of loan portfolio assets and (ii) an overall increase in advances made to RAM and PSU sectors where there was high demand for capital expenditure in Fiscal 2022. Also, the gold loan portfolio of our Bank increased significantly from ₹26,376.00 million in Fiscal 2021 to ₹48,837.20 million in Fiscal 2022.

Other Income

Other income increased marginally by 0.91% from ₹26,289.28 million in Fiscal 2021 to ₹26,528.59 million in Fiscal 2022. This was primarily due to a 23.15% increase in commission, exchange, and brokerage from ₹10,015.05 million in Fiscal 2021 to ₹12,333.42 million in Fiscal 2021 that was partially set off by decrease in miscellaneous income of 4.80%, from ₹9,037.21 million in Fiscal 2021 to ₹8,603.11 million in Fiscal 2022.

Expenditure

Interest Expended

Total interest expended marginally increased by 0.05% from ₹69,701.84 million in Fiscal 2021 to ₹ 69,739.61 million in Fiscal 2022 primarily due to a 1.04% decrease in interest paid on deposit from ₹65,250.64 million in Fiscal 2021 to ₹ 64,573.04 million in Fiscal 2022, primarily as a result of a decline in interest rates payable on deposits in Fiscal 2022 consistent with the overall market trend, marginally offset by an increase in RBI and inter-bank borrowings mainly as a result of increase in Repo Rate for LAF.

Operating Expenses

Operating expenses increased by 7.97% from ₹35,659.07 million in Fiscal 2021 to ₹38,500.34 million in Fiscal 2022. This increase was primarily attributable to (a) a 4.51% increase in payments of rent, taxes and lighting from ₹2,182.33 million in Fiscal 2021 to ₹2,280.85 million in Fiscal 2022 and (b) a 42.65% increase in depreciation on Bank's property from ₹1,881.11 million in Fiscal 2021 to ₹ 2,683.41 million in Fiscal 2022 and (c) a 85.21% increase in other expenditure of ₹3,848.77 million in Fiscal 2021 to ₹7,128.29 million for Fiscal 2022.

Provisions and Contingencies

Provisions and contingencies increased by 8.40% from ₹34,100.62 million in Fiscal 2021 to ₹36,965.36 million in Fiscal 2022, primarily due to an increase in provisions for NPAs as a result of the COVID-19 pandemic, including accelerated provisions and other increase in provisions related to the Bank's estimation of potential decrease in credit quality of existing advances as a result of the pandemic.

Net Profit

For the reasons discussed above, net profit increased by 101.84% from ₹5,714.64 million in Fiscal 2021 to ₹11,534.29 million in Fiscal 2022.

Capital Adequacy (CRAR)

We calculate our Capital to Risk Weighted Assets Ratio under Basel III guidelines. The Bank's CRAR under Basel III was 18.14% as of March 31, 2023 and 16.48% as of March 31, 2022.

The RBI's Basel III Capital Regulations, which are more stringent than the requirements prescribed by earlier RBI guidelines, have been implemented in India in phases since April 1, 2013. The Basel III Capital Regulations were expected to be fully implemented by March 31, 2019. However, the RBI had deferred the final phase of the CCB of the Basel III Capital Regulations to March 31, 2020, which was further extended until September 30, 2020. Accordingly, in light of the COVID-19 pandemic, the RBI, by way of its notification dated September 29, 2020, deferred the implementation of the last tranche of 0.625% of the CCB from March 31, 2020 to October 1, 2021. The Basel III capital regulations have been fully implemented as on October 1, 2021 and our Bank is in compliance with the regulatory limits and minima as prescribed under Basel III Capital Regulations.

In addition, the Basel III liquidity framework introduced the net stable funding ratio ("NSFR"), which measures the ratio between the available stable funding with maturities greater than one year and the required stable funding with maturities greater than one year to support long-term lending and other long-term assets. For banks in India, the RBI had released the final guidelines and prescribed an NSFR of at least 100% from April 1, 2020.

The Bank's regulatory capital and capital adequacy ratios calculated under Basel III as of the dates indicated, are as follows:

		As of March 31, 2023
	Regulatory Capital	(₹ in millions)
	Tier I capital	160,437.86
	Tier II capital	43,799.80
	Total Capital	204,237.66

(i)	Common Equity Tier I Ratio	10.16%
(ii)	Capital Conservation Buffer (comprising Common Equity)	2.50%
(iii)	Common Equity Tier I Ratio plus Capital Conservation Buffer (i)+(ii)	12.66%

(iv)	Additional Tier I capital	1.59%
(v)	Tier I capital adequacy ratio (i) +(iv)	11.75%
(vi)	Tier II capital	3.89%
(vii)	Total Capital Ratio (MTC) (v)+(vi)	15.64%
(viii)	Total Capital Ratio plus Capital Conservation Buffer (vii)+(ii)	18.14%

Capital Expenditure

Our capital expenditure consists principally of expenditure relating to branch network expansion as well as investment in technology and communication infrastructure. In Fiscals 2021, 2022 and 2023, our Bank incurred ₹2,088.92 million, ₹1,562.15 million and ₹3,788.62 million, respectively. In Fiscals 2021, 2022 and 2023, our Bank incurred ₹1,049.21 million, ₹363.95 million, ₹2,068.36 million, respectively, on capital expenditures incurred in connection with an upgradation of our information technology infrastructure. In other area the bank has incurred capital expenditure of ₹1,039.71 million, ₹1,198.20 million, ₹1,720.26 million in Fiscals 2021, 2022 and 2023, respectively.

Contingent Liabilities

Our contingent liabilities primarily relate to liabilities on account of outstanding forward exchange contracts that we enter into on our own account and on behalf of our customers. Guarantees given on behalf of entities, acceptances, endorsements, claims against us not acknowledged as debts and other obligations also form part of our contingent liabilities. Claims against us not acknowledged as debts represent claims filed against us in the normal course of business relating to various legal cases currently in progress. These also include demands raised by income tax and other statutory authorities and disputed by us.

The table below sets forth, as of the dates indicated, the principal components of our Bank's contingent liabilities as of the dates indicated:

Total	311,277.24	306,135.60	245,891.21

RELATED PARTY TRANSACTIONS

Our Bank enters into various transactions with related parties in the ordinary course of business. These transactions principally include remuneration paid to KMP and others. For further information, relating to our related party transactions, see “Financial Statements” on page 275.

QUALITATIVE DISCLOSURE ABOUT RISKS AND RISK MANAGEMENT

We are exposed to various risks that are an inherent part of any banking business, with the major risks being credit risk, market risk, liquidity risk and operational risk. We have various policies and procedures in place to measure, manage and monitor these risks systematically across all its portfolios. For further information about the types of risks and our risk management policies, see “Our Business – Risk Management” on page 153.

For the Bank's interest rate sensitivity analysis, see “Selected Statistical Information —Advances Portfolio – Maturity and Interest Rate Sensitivity of Loans” on page 107.

SIGNIFICANT DEVELOPMENTS AFTER MARCH 31, 2023 THAT MAY AFFECT OUR FUTURE RESULTS OF OPERATIONS

Except as discussed above and as otherwise stated in this Placement Document, to our knowledge, no circumstances have arisen since the date of the last audited financial statements as disclosed in this Placement Document which materially and adversely affects or is likely to affect, our profitability, or the value of our assets or our ability to pay our liabilities.

SELECTED STATISTICAL INFORMATION

The following information should be read together with the information included in the sections “Selected Financial Information”, “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and “Financial Statements” included elsewhere in this Placement Document.

Our fiscal year ends on March 31 of each year, and references to a particular fiscal year are to the twelve months ended March 31 of that year. The financial information contained in this section for Fiscals 2021, 2022 and 2023 is based on or derived from the Audited Financial Statements of the Bank, included in the section “Financial Statements” of this Placement Document.

Certain non-GAAP financial measures and certain other statistical information relating to our Bank’s operations and financial performance have been included in this section and elsewhere in this Placement Document. The Bank computes and discloses such non-GAAP financial measures and such other statistical information relating to its operations and financial performance as it considers such information to be useful measures of its business and financial performance. However, note that these non-GAAP financial measures and other statistical and other information relating to the Bank’s operations and financial performance may not be computed on the basis of any standard methodology that is applicable across the industry and therefore may not be comparable to financial measures and statistical information of similar nomenclature that may be computed and presented by other banks in India or elsewhere.

Average Balance Sheet

The table below presents the average balances for interest-earning assets and interest-bearing liabilities together with the related interest income and expense amounts, resulting in the presentation of the average yields and cost for the periods indicated.

Average Balance: The average balance is the fortnightly average of balances outstanding on respective dates (reporting Fridays) as reported in Form A to RBI on fortnightly basis in respective years. Average balances in respect of advances, investments and deposits are extracted from Form A and others are extracted from MIS of respective dates.

Average Yield on Average Interest-Earning Assets: The average yield on average interest-earning assets is the ratio of interest income to average interest-earning assets.

Average Cost on Average Interest-Bearing Liabilities: The average cost on average interest-bearing liabilities is the ratio of interest expense to average interest-bearing liabilities. For purposes of calculating spread, interest bearing liabilities include non-interest bearing demand deposits.

Average Balance of Advances: The average balances of advances are net of average balances of bills rediscounted (“BRDS”) and bank risk participation (“IBPC”), consistent with our Bank’s balance sheet presentation, as mandated by the RBI. Accordingly, interest expended on BRDS and IBPC transactions is netted off from interest income on advances for the purposes of the information on average yield/cost. The interest expended on these transactions is included under interest expense on borrowings in our Bank’s financial statements for each of the periods presented.

Average Balance of Investments: The average balances of investments are net of average balances of securities sold under repurchase agreements (repo transactions) with the RBI and include average balances of securities purchased under agreements to resell (reverse repo transactions) with the RBI, consistent with our Bank’s balance sheet presentation, as mandated by the RBI. Accordingly, interest expended on these repo transactions is netted off from interest income on investments, and interest income on the reverse repo transactions is included under interest income on investments for the purposes of the information on average yield/cost. The interest expended on the repo transactions is included under interest expense on borrowings and the interest income on the reverse repo transactions is included under interest income on balances with the RBI and other inter-bank funds in our Bank’s financial statements for each of the periods presented.

Advances Portfolio

As at March 31, 2023, the Bank's gross loan portfolio was ₹1,751,195.00 million and the Bank's gross non-fund based exposure was ₹102,923.88 million. Our Bank's gross loans and credit substitutes are to borrowers given in India.

The Bank makes loans to a wide range of customers in the public and private sectors, including commercial and industrial customers, agricultural customers and individual customers, in each case within the guidelines issued by the RBI. Working capital facilities consist of revolving cash credit facilities and short-term loans. Revolving cash credit facilities, based on a traditional overdraft system of lending, have been the most common form of working capital financing in India. Pursuant to RBI guidelines, only a specified percentage of a working capital facility can be accessed as cash credit, with the balance being short-term loans having a minimum maturity of one year. Loans are classified into retail based on the criteria of orientation, the nature of the product, granularity of the exposure and quantum thereof as laid down by the Basel committee. For a description of our Bank's retail and wholesale loan products, see the "Business" section.

The following table sets forth, for the periods indicated, our Bank's gross advance portfolio (including advances made by our overseas branches) classified by product group.

Concentration of Advances

From April 2020, in accordance with the Large Exposure Framework (“LEF”), our exposure limits for single and group borrowers are 20.0% and 25.0% of our Tier 1 capital funds, respectively. These limits may be subjected to further changes and revisions in future.

The following table sets forth, for the periods indicated, our Bank’s gross loans outstanding by the borrower’s industry or economic activity and as a percentage of our Bank’s gross loans (where such percentage exceeds 2.00% of the total). Our Bank does not consider retail loans a specific industry for this purpose. For further information, see “Regulations and Policies in India” on page 201.

Priority Sector Lending

The RBI has issued guidelines requiring Indian banks to lend 40% of their adjusted net bank credit (ANBC), as computed in accordance with such guidelines, or the credit equivalent amount of off-balance sheet exposures (CEOB), whichever is higher, as of March 31 of the previous fiscal year to certain sectors called “priority sectors.” Priority sectors are broadly comprised of agriculture, micro small and medium enterprises (MSMEs), export credit, education, housing, social infrastructure, renewable energy and others subject to certain limits.

Our Bank is required to comply with the priority sector lending requirements as of March 31, in each fiscal year. Any shortfall in the amount required to be lent to the priority sector may be required to be deposited with government sponsored Indian developmental banks such as NABARD under the Rural Infrastructure Development Fund Scheme or funds with other financial institutions as specified by RBI, which generate lower levels of interest compared to advances made to the priority sector.

The following table sets forth, for the periods indicated, our Bank’s directed lending broken down by sector:

Non-Performing Assets

The Bank has in the past suffered losses through impairment of loans as some borrowers were impacted by negative trends in the global market place, recessionary conditions in the domestic economy, increased competition and volatility in industrial growth and commodity prices. The Bank has adopted several measures to refine its credit selection processes and appraisal capabilities.

a) Our Bank is focusing on:-

1. Newly slipped accounts for upgradation.
2. To reduce small accounts, particularly agriculture NPA accounts having balance up to ₹1 million.

- b) Our Bank has introduced two Structured OTS schemes, “*Maha Sahyog Yojana*” and “*Maha Sandhi Yojana*.” In addition to the normal concessions, our Bank has introduced a discount of 5% over and above “Minimum Expected Recovery” to make small borrowers debt free.
- c) Our Bank has been making intensive follow-ups with the defaulting borrowers through visits, letters, notices, Recovery Camps, Lok Adalats, Mahabank Adalats and actions under SARFAESI / DRT Act. We have also engaged the services of recovery agents and resolution agents.
- d) Our Bank’s management is regularly interacting with Zones, Top 4 SAM Branches & 13 ARBs (the total NPA portfolio entrusted with Top 4 SAM Branches & 13 ARBs are more than 70%) through video conferencing. Our NPA management and NPA recovery are amongst the focus points of the review with the Zones. Concerted efforts at the field level on these recovery issues are emphasized.

The management of NPAs has been one of the focus areas of the Bank. Towards this goal, the Bank has focused on:

- **Action under SARFAESI / DRT-** Timely actions and follow up in SARFAESI/ DRT cases including e-auctions, private treaty etc. are undertaken. Banks has launched My-Kase mobile based application for daily monitoring of DRT/Civil suit filed cases.
- **Follow up of NCLT cases-** All the NCLT cases were thoroughly followed up for early resolutions. Follow up with Resolution Professionals are done on regular basis to speed up the resolution process. Section 7 application of IBC 2016 is being initiated against the eligible corporate debtors. Under Sec 95 of IBC- PIRP is being initiated against the personal guarantor.
- **Lok Adalats & Mahabank Adalats-** Special Lok Adalats & Mahabank Adalats are conducted on regular basis. In addition to the Adalats, Recovery Drives / Camps are organized to boost the recovery.
- **Special OTS schemes** – Structured OTS schemes for accounts with o/s balance upto 50 Crores are introduced with liberal terms.
- **Reducing Fresh Slippages-** Focused efforts to upgrade the newly slipped accounts by recovering the overdues, being soft targets. Follow up with borrower is done right from SMA 0, 1 & 2 level to arrest fresh slippages.
- **Loan Tracking Cell-** A special cell is put in place for effective follow up with borrowers through phone calls on day to day basis to get recovery and upgradation.
- **Outsourced Agencies-** Services of Debt Recovery Agents, Resolution Agents, Enforcement Agents, are being utilized for effective follow up to get recovery / OTS etc.

Our Bank's gross NPA ratio decreased from 7.23% as of March 31, 2021 to 3.94% as of March 31, 2022 and decreased to 2.47% as of March 31, 2023. Our Bank's net NPA ratio decreased from 2.48% as of March 31, 2021 to 0.97% as of March 31, 2022 and decreased to 0.25% as of March 31, 2023.

Recognition of NPAs and Provisioning

RBI Classification and Provisioning Requirements

The Bank classifies its assets in accordance with the RBI guidelines. The RBI guidelines require Indian banks to classify their NPAs into three categories, as described below, based on the period for which the asset has remained non performing and the estimated realization of amounts due in relation to such asset. Further, the NPA classification is at the borrower level, rather than at the facility level and, accordingly, if one of the advances granted to a borrower becomes non-performing, such borrower is classified as non-performing and all advances due from it are so classified.

A non-performing asset is a loan or an advance where: (i) interest and/or instalment of principal remains overdue for a period of more than 90 days in respect of a term loan; (ii) the account remains “out of order” in respect of an overdraft or cash credit; (iii) the bill remains overdue for a period of more than 90 days in the case of bills purchased and discounted; (iv) the instalment of principal or interest thereon remains overdue for two crop seasons for short duration crops; (v) the instalment of principal or interest thereon remains overdue for one crop season for long duration crops; (vi) the amount of liquidity facility remains outstanding for more than 90 days, in respect of a securitization transaction undertaken in terms of Reserve Bank of India (Securitisation of Standard Assets) Directions, 2021; or (vii) in respect of derivative transactions, the overdue receivables representing positive mark-to-market value of a derivative contract, if these remain unpaid for a period of 90 days from the specified due date for payment. According to guidelines specified by RBI in July 2013, an account should be classified as an NPA on the basis of the record of recovery and not merely on deficiencies which are temporary in nature, such as non-renewal of limits on the due date or non-submission of stock statements.

Further, RBI requires the banks to classify an account as a non-performing asset only if the interest due and charged during any quarter is not serviced fully within 90 days from the end of the quarter

Assets are classified as below:

Standard asset	Performing assets are Standard Assets which do not disclose any problem and which do not carry more than the normal risk attached to the business. The performing asset is one which generates income for the bank.
Sub-standard asset	With effect from March 31, 2005, a Sub-standard Asset would be one which has remained a NPA for a period less than or equal to 12 months.

Doubtful asset	With effect from March 31, 2005, an asset would be classified as doubtful if it had remained in the sub-standard category for 12 months. Further, these doubtful assets are to be classified into the following three categories, depending on the period for which such assets have been classified as doubtful: <ul style="list-style-type: none"> assets which have remained in the doubtful category for a period of up to one year; assets which have remained in the doubtful category for a period of more than one year but less than three years; and assets which have remained in the doubtful category for a period of more than three years.
Loss asset	In accordance with RBI guidelines, a loss asset is one where the loss has been identified by the bank, internal auditor, external auditors or the RBI at the time of inspection, but the amount has not been written off wholly. In cases of serious credit impairment, an asset is required to be immediately classified as doubtful or as a loss asset, as appropriate. Further, erosion in the value of the security provided may also be considered significant when the realizable value of the security is less than 50.00% of the value as assessed by the bank or as accepted by RBI at the time of the last inspection of the security, as the case may be. In such a case, the assets secured by such impaired security may immediately be classified as doubtful, and provisioning should be made as applicable to doubtful assets. If the realizable value of the security, as assessed by the bank or approved valuation agents or by RBI, is less than 10.00% of the outstanding amount in the borrower's accounts, the existence of security should be ignored and the asset should be immediately classified as a loss asset and it may be either written off or fully provided for by the bank.

The following table provides a summary of the Bank's gross loan assets as of the periods indicated, in accordance with RBI classifications.

Restructured Assets

The RBI has issued separate guidelines for restructured assets. A fully secured standard asset can be restructured by rescheduling principal repayments and/or the interest element, but it must be separately disclosed as a restructured asset. The amount of sacrifice, if any, in the element of interest, measured in present value terms, is either written-off, or provision is made to the extent of the sacrifice involved. Similar guidelines apply to substandard assets. The sub-standard assets which have been subjected to restructuring as per earlier guidelines of RBI, whether in respect of a principal instalment or an interest amount, are eligible to be upgraded to the standard category only after the specified period, which is a period of one year after the date when first payment

of principal or interest, whichever is earlier, falls due, subject to satisfactory performance during the period.

The following table sets forth a summary of the Bank's restructured assets as of and for the Fiscal year ended March 31, 2023.

Provisioning and Write-Offs

RBI guidelines on provisioning and write-offs are as follows:

Standard asset	A general provision on Standard Assets with a minimum of 0.40% is to be made with the exception of direct advances to agriculture, individual housing loans and MSME sectors for which a provision of 0.25% will be made, and for residential housing loans under "teaser" loan category, a provision of 2.00% will be made. For commercial real estate loans, a provision of 1.00% will be made. Further in case of advance restructured with effect from June 1, 2016 and prior to June 1, 2016, a provision of 5.00% and 3.50% respectively is done for a period covering moratorium and two years thereafter if the account remains standard.
----------------	---

Sub-standard asset	A general provision of 15.00% on total outstanding loans should be made without making any allowance for Export Credit Guarantee Corporation of India (ECGC) guarantee cover and securities available. The unsecured outstanding i.e. ab initio which are identified as sub-standard would attract an additional provision of 10.00% (<i>i.e.</i> a total of 25.00% on the outstanding balance).	
Doubtful asset	Provisioning at 100.00% is to be made for the deficit portion i.e. to the extent to which advances are not covered by the realizable value of the security. With regard to the secured portion, as per the revised guidelines of the RBI, provision is to be made at rates ranging from 25.00% to 100.00% of the secured portion depending upon the period for which the advance has remained in the doubtful category. In regard to the secured portion, provision is to be made in accordance with the table below:	
	Period for which advance remained in “Doubtful” category	Provision requirement(%)
	Up to one year	25.00%
	One to three years	40.00%
	More than three years	100.00%
Loss asset	The entire asset is written off or 100.00% provision is made on outstanding amount.	

Floating Provisions

In June 2006, the RBI issued prudential norms on creation and utilization of floating provisions (*i.e.*, provisions which are not made in respect of specific non-performing assets or are made in excess of regulatory requirements for provisions for Standard Assets). The norms state that floating provisions can be used only for contingencies under extraordinary circumstances for making specific provisions in impaired accounts after obtaining approval from the Board of Directors and with the prior permission of the RBI. These extraordinary circumstances would broadly fall under three categories: (i) general, wherein the bank is put unexpectedly to loss due to events such as civil unrest, collapse of currency in a country, natural calamities, pandemics etc; (ii) market, wherein there is a general meltdown in the markets affecting the entire financial system; and (iii) credit, wherein exceptional credit losses are encountered. Floating provisions for advances and investments would be held separately and cannot be reversed by credit to the profit and loss account. Until utilization of such provisions, they can be netted out from gross non-performing assets to arrive at disclosure of net non-performing assets. Alternatively, floating provisions can be treated as part of Tier II capital within the overall ceiling of 1.25% of total risk-weighted assets.

Analysis of Non-Performing Loans by Industry Sector

Management of Stressed Assets

An integrated approach to review and manage stressed assets including rehabilitation and restructuring has been put in place. The primary intent in the approach is to ensure that a Special Managed Account ("SMA") (account showing sign of trouble) does not slip into an NPA. Identification, determination of the cause of the problem and initiation of remedial measures on a proactive basis are the hallmarks of this approach.

A separate vertical, stressed assets management vertical has been established in order to review the stressed assets

on an ongoing basis. The appropriate reviewing authority would give necessary directions on the recommended action plan. Based on a detailed viability study, if the unit is found viable, it is put on a rehabilitation package.

Borrowing accounts may also be referred to the NCLT on a selective basis for resolution.

NPA Management

The Bank is committed to efficiently managing and reducing its NPAs and has implemented the following measures to manage and reduce its NPA ratio:

Slippage Management

Our Bank's Slippages Management Committee at the Head office meets on a monthly basis to monitor/ review the zones/ branches for early recovery of dues in respect of individual SMA accounts with limits of ₹50 million and above. General Managers of functional credit departments and deputy and assistance general managers participate in the meeting.

All SMA accounts (SMA 0, SMA 1 and SMA 2) are followed up on daily basis from H.O/Zones and respective Branches for regularisation of SMA accounts. As per RBI guideline, reporting of defaulted borrowers with exposure of ₹50 million and above is done on weekly basis to Central Repository of Information on Large Credits (CRILC) in addition to the monthly reporting of borrowers with exposure of ₹50 million and above.

Our Bank's credit monitoring department within the corporate office continuously monitors the branches/ zonal offices through various credit monitoring tools and MIS reports for recovery and regularisation of SMA accounts to avoid addition of slippages. Our Bank also engages its call centres in the recovery process for follow up with the borrowers directly through auto dialer system for ensuring repayment of their dues on time.

NPA Management

Our Bank's NPA management consists of the following aspects:

- (a) Initiating recovery action on slippage of accounts, including taking non-legal recovery actions or initiating legal action.
- (b) Conducting recovery meetings at regional and zonal levels to arrive at settlements which are both cost effective and mutually beneficial. Recovery meetings involve inviting defaulting borrowers to the Bank in order to negotiate and reach mutually agreeable settlement proposals.
- (c) Compromise settlements through Lok Adalats ("people's courts"), established by the Government to facilitate the efficient settlement of disputes by way of mutual agreement. While any claim can be brought to a Lok Adalat, given that the Lok Adalats do not charge any fees and their decisions are binding on the parties, it is often quicker to resolve disputes through a Lok Adalat than through regular courts. In light of this, the Bank strives to recover NPAs through the Lok Adalats as much as practicable.
- (d) Follow up of NCLT cases- All the NCLT cases were thoroughly followed up for early resolutions. Follow up with Resolution Professionals are done on regular basis to speed up the resolution process. Section 7 application of IBC 2016 is being initiated against the eligible corporate debtors. Under Sec 95 of IBC- PIRP is being initiated against the personal guarantor.
- (e) Reporting of willful defaulters with outstanding amounts equal to a ₹2.5 million and more to the RBI. The RBI then consolidates the data of such willful defaulters and disseminates this information amongst banks for their use. While the Bank does not rehabilitate or restructure NPAs of a willful defaulter, it enters into an acceptable mutual settlement with such a borrower.
- (f) Close monitoring of "compromise settled accounts" for recovery in accordance with the terms of settlement. By maintaining open dialogue with borrowers of the compromise settled accounts, the Bank seeks to recover its NPAs within specified periods and with minimum costs.
- (g) Aggressively pursuing and achieving substantial progress in respect of measures allowed to be implemented by the Bank under the SARFAESI Act.

- (h) Monitoring the recovery of overdue amounts under any account by law officers subject to a court ruling. The role of such law officers is to liaise with the advocate, branch and debtor and the Debt Recovery Tribunal during the relevant debt recovery action, and to take timely action
- (i) Invoking the provision of Insolvency and Bankruptcy Code, sale of assets to ARCs and restructuring of the assets are some of the other NPA management tools applied based on consideration including security available and viability of the unit upon restructuring.
- (j) Strict adherence to rehabilitation packages under the CDR (for both normal and SME accounts) and monitoring the accounts closely for early recovery.

Macroeconomic Outlook

The outlook on global growth has improved in recent months, despite the persistence of geopolitical hostilities and the impact of monetary policy tightening by central banks across the world. Nonetheless, global growth is expected to decelerate during 2023. Inflation is exhibiting some softening from elevated levels, prompting central banks to moderate the size and pace of rate actions. However, central banks are reiterating their commitment to bring down inflation close to their targets. Bond yields remain volatile. The US dollar has come off its recent peak, and equity markets have moved higher since the last MPC meeting. Weak external demand in major advanced economies (AEs), the rising incidence of protectionist policies, volatile capital flows and debt distress could, however, weigh adversely on prospects for emerging market economies (“EMEs”). (Source: Reserve Bank of India - Monetary Policy Statement, 2022-23 Resolution of the Monetary Policy Committee February 6-8, 2023)

The inflation trajectory for 2023-24 would be shaped by both domestic and global factors. The expectation of a record rabi foodgrains production bodes well for the food prices outlook. The impact of recent unseasonal rains and hailstorms, however, needs to be watched. Milk prices could remain firm due to high input costs and seasonal factors. Crude oil prices outlook is subject to high uncertainty. Global financial market volatility has surged, with potential upsides for imported inflation risks. Easing cost conditions are leading to some moderation in the pace of output price increases in manufacturing and services, as indicated by the Reserve Bank’s enterprise surveys. The lagged pass-through of input costs could, however, keep core inflation elevated. Taking into account these factors and assuming an annual average crude oil price (Indian basket) of US\$ 85 per barrel and a normal monsoon, CPI inflation is projected at 5.2 per cent for 2023-24, with Q1 at 5.1 per cent, Q2 at 5.4 per cent, Q3 at 5.4 per cent and Q4 at 5.2 per cent, and risks evenly balanced. (https://rbi.org.in/Scripts/BS_PressReleaseDisplay.aspx?prid=55538)

A good rabi crop should strengthen rural demand, while the sustained buoyancy in contact-intensive services should support urban demand. The government’s thrust on capital expenditure, above trend capacity utilisation in manufacturing, double digit credit growth and the moderation in commodity prices are expected to bolster manufacturing and investment activity. According to the RBI’s surveys, businesses and consumers are optimistic about the future outlook. The external demand drag could accentuate, given slowing global trade and output. Protracted geopolitical tensions, tight global financial conditions and global financial market volatility pose risks to the outlook. Taking all these factors into consideration, real GDP growth for 2023-24 is projected at 6.5 per cent with Q1:2023-24 at 7.8 per cent; Q2 at 6.2 per cent; Q3 at 6.1 per cent; and Q4 at 5.9 per cent, with risks evenly balanced. (https://rbi.org.in/Scripts/BS_PressReleaseDisplay.aspx?prid=55538)

The baseline forecast is for growth to fall from 3.4 percent in 2022 to 2.8 percent in 2023, before settling at 3.0 percent in 2024. Advanced economies are expected to see an especially pronounced growth slowdown, from 2.7 percent in 2022 to 1.3 percent in 2023. In a plausible alternative scenario with further financial sector stress, global growth declines to about 2.5 percent in 2023 with advanced economy growth falling below 1 percent. Global headline inflation in the baseline is set to fall from 8.7 percent in 2022 to 7.0 percent in 2023 on the back of lower commodity prices but underlying (core) inflation is likely to decline more slowly. Inflation’s return to target is

unlikely before 2025 in most cases. (Source: *International Monetary Fund, World Economic Outlook – April 11, 2023*)

Global Economy

Global economic prospects continue to be uncertain and the latest developments in the financial markets, especially in the advanced economies, have added to this uncertainty. In its April 2023 update of the World Economic Outlook (WEO), the IMF has attempted to clear the path of uncertainty. It has projected global growth to decline from 3.4 per cent in 2022 to 2.8 per cent in 2023. Growth is forecasted to marginally improve to 3.0 per cent in 2024, but not enough to beat the growth rate of 2022 while falling significantly short of the 6.4 per cent mark attained in 2021. Elevated inflation and financial tightening, which have weakened the growth process, are thus expected to weigh on economic activity for at least three years since the armed conflict broke out between Russia and Ukraine in February 2022. The slowing of global growth, accompanied by pressures from deglobalisation and supply chain disruptions, has also moderated global trade. IMF projects the increase in global trade volume to fall from 5.1 per cent in 2022 to 2.4 per cent in 2023 before slightly improving to 3.5 per cent in 2024. (https://dea.gov.in/sites/default/files/Monthly%20Economic%20Review%20March%202023_1.pdf)

Global economic activity remains resilient amidst the persistence of inflation at elevated levels, turmoil in the banking system in some advanced economies (AEs), tight financial conditions and lingering geopolitical hostilities. Recent financial stability concerns have triggered risk aversion, flights to safety and heightened financial market volatility. Sovereign bond yields fell steeply in March on safe haven demand, reversing the sharp increase in February over aggressive monetary stances and communication. Equity markets have declined since the last MPC meeting and the US dollar has pared its gains. Weakening external demand, spillovers from the banking crisis in some AEs, volatile capital flows and debt distress in certain vulnerable economies weigh on growth prospects. (https://rbi.org.in/Scripts/BS_PressReleaseDisplay.aspx?prid=55538)

The economy is estimated to grow at 7 per cent, higher than the trend rate and the growth of the other major economies. Growing macroeconomic stability, as seen in the improved current account deficit, easing inflation pressure, and a banking system strong enough to survive the increase in policy rates, has made the growth rate further sustainable. With the April 2023 update of the WEO projecting India to be the fastest-growing economy in FY24, it is likely to be underpinned by even more robust stability in the macroeconomic variables. The Economic Survey 2022-23 and RBI also project Indian economy to register a real GDP growth rate of 6.5 per cent in 2023-24. The estimates are in line with the World Bank estimate of 6.3 per cent and ADB estimate of 6.4 per cent for 2023-24. (https://dea.gov.in/sites/default/files/Monthly%20Economic%20Review%20March%202023_1.pdf)

The rise in economic uncertainties is reflected in the unevenness of performance of the global economy across quarters in 2022. The output growth in the January-March quarter exceeded expectations as fiscally strengthened global demand continued to induce supply. Output growth in the April-June quarter slowed as the war caused an economic downturn in Russia, and zero tolerance for the re-emerging pandemic slowed output in China. Despite these headwinds, the July – September quarter witnessed resilience in economic activity. The United States, Japan, and major emerging markets and developing economies (EMDEs) registered higher-than-expected growth. In these countries, private consumption was continuing to rise with the release of pent-up demand, particularly for services. This rising consumption demand has sufficiently induced businesses to increase their investment activity amid tight labour markets. Further, easing supply chain bottlenecks and lower transportation costs reduced the pressures on input prices. Also, energy markets adjusted faster than expected to the shock triggered by the conflict. In the October-December quarter of 2022, economic activity again slowed due to ongoing monetary tightening efforts. Most high-frequency activity indicators (such as business and consumer sentiment, purchasing manager surveys, and mobility indicators) point towards a slowdown in general. As per IMF's estimates, growth in global output fell from 6.2 per cent in 2021 to 3.4 per cent in 2022. (*Monthly Economic Review – January 2023 issued by the Department of Economic Affairs*)

Global growth is expected to slow down in 2023 and may remain subdued in the medium run. As per the IMF's World Economic Outlook (WEO) released in April 2023, global growth for 2023 at 2.8 per cent is likely to be followed by the medium-term growth plateauing at 3.0 per cent. Globally, disinflation efforts are expected to take down headline inflation from 7.3 per cent to 4.7 per cent in 2023 among AEs, and from 9.8 per cent to 8.6 per cent among emerging market and developing economies (EMDEs). Overall, the prospects for the global economy continue to be shadowed by high inflation, the adverse effects of geo-economic fragmentation operating through restrictions on movements of trade, labour, capital and diffusion of technology, and potential amplification of

financial sector vulnerabilities. Medium- to longterm challenges such as climate change, cyber security, crypto currencies, FinTech and tech disruptions can also potentially vitiate the outlook (*RBI Annual report – 2022 - 23*)

Indian Economy

Since February 2022, the trajectory of headline CPI inflation has been altered by spillovers from adverse global commodity price shocks triggered by the conflict in Ukraine. In February, it was anticipated that the pandemic-induced global supply chain disruptions would ease with the ebbing of COVID-19 infections, the combination of domestic supply side measures and a normal monsoon would bring about a durable softening of domestic inflation over the course of the year. The war upended this narrative with a broad-based spike in global commodity prices, the resurgence of supply chain and logistics. (*Source: Reserve Bank of India, Monetary Policy Report – September 2022*).

CPI inflation is projected to average 6.7 per cent in 2022-23 – 7.1 per cent in Q2, 6.5 per cent in Q3 and 5.8 per cent in Q4, with risks evenly balanced. The 50 per cent and the 70 per cent confidence intervals for headline inflation in Q4:2022-23 are 4.7-6.9 per cent and 4.0-7.6 per cent, respectively. For 2023-24, assuming a normal monsoon, a progressive normalisation of supply chains, and no further exogenous or policy shocks, structural model estimates indicate that inflation will average 5.2 per cent. In Q4:2023-24, CPI inflation is projected at 5.2 per cent, with the 50 per cent and the 70 per cent confidence intervals at 3.5-7.0 per cent and 2.5-7.9 per cent, respectively. (*Source: Reserve Bank of India, Monetary Policy Report – September 2022*).

The Indian economy is advancing steadily, and is expected to be one of the fastest growing major economies in 2022. The above-normal south-west monsoon, improved reservoir position, government's capex push, improvement in capacity utilisation, a broad-based revival in credit growth, strong corporate and bank balance sheets, upbeat consumer and business confidence and receding threat of the pandemic are all factors likely to provide impetus to growth. While inflation has eased somewhat from the April high, supported by some correction in global prices, it has ruled above the upper tolerance threshold around the target since January 2022. Monetary policy has moved into the withdrawal of accommodation mode and remains focussed to ensure that inflation returns to the target while supporting growth. The daunting global environment, however, imparts considerable uncertainty to the outlook. (*Source: Reserve Bank of India, Monetary Policy Report – September 2022*).

The global economy is facing formidable headwinds with recessionary risks looming large. The interplay of multiple shocks has resulted in tightened financial conditions and heightened volatility in financial markets. The Indian economy is confronting strong global headwinds. Yet, sound macroeconomic fundamentals and healthy financial and non-financial sector balance sheets are providing strength and resilience and engendering financial system stability. Buoyant demand for bank credit and early signs of a revival in investment cycle are benefiting from improved asset quality, return to profitability and strong capital and liquidity buffers of scheduled commercial banks (SCBs). The gross non-performing asset (GNPA) ratio of scheduled commercial banks (SCBs) fell to a seven-year low of 5.0 per cent and net non-performing assets (NNPA) have dropped to ten-year low of 1.3 per cent in September 2022. Macro stress tests for credit risk reveal that SCBs would be able to comply with the minimum capital requirements even under severe stress scenarios. The system-level capital to risk weighted assets ratio (CRAR) in September 2023, under baseline, medium and severe stress scenarios, is projected at 14.9 per cent, 14.0 per cent and 13.1 per cent, respectively. Stress tests for open-ended debt mutual funds showed no breach in limits pertaining to interest rate, credit and liquidity risks. Consolidated solvency ratio of both life and non-life insurance companies also remained above the prescribed minimum level. (*Source: RBI - Financial Stability Report issue no. 26, December 29, 2022*).

Economic activity remained resilient in Q4. Rabi foodgrains production is expected to increase by 6.2 per cent in 2022-23. The index of industrial production (IIP) expanded by 5.2 per cent in January while the output of eight core industries rose even faster by 8.9 per cent in January and 6.0 per cent in February, indicative of the strength of industrial activity. In the services sector, domestic air passenger traffic, port freight traffic, e-way bills and toll collections posted healthy growth in Q4, while railway freight traffic registered a modest growth. Purchasing managers' indices (PMIs) pointed towards sustained expansion in both manufacturing and services in March. CPI headline inflation rose from 5.7 per cent in December 2022 to 6.4 per cent in February 2023 on the back of higher inflation in cereals, milk and fruits and slower deflation in vegetables prices. Fuel inflation remained elevated, though some softening was witnessed in February due to a fall in kerosene (PDS) prices and favourable base effects. Core inflation (i.e., CPI excluding food and fuel) remained elevated and was above 6 per cent in January-February. The moderation observed in inflation in clothing and footwear, and transportation and communication was largely offset by a pick-up in inflation in personal care and effects and housing. Assessment

In the domestic economy, the first advance estimates (FAE) released by the National Statistical Office (NSO) on January 6, 2023, placed India's real gross domestic product (GDP) growth at 7.0 per cent year-on-year (y-o-y) for 2022-23, driven by private consumption and investment. On the supply side, gross value added (GVA) was estimated at 6.7 per cent. High frequency indicators suggest that economic activity has remained strong in Q3 and Q4:2022-23. Rabi acreage exceeded last year's area by 3.3 per cent as on February 3, 2023. Industrial production expanded by 7.1 per cent in November, after contracting by 4.2 per cent in October. Purchasing managers' indices (PMIs) for manufacturing as well as services remained in expansion in January, despite some moderation compared to the previous month. Domestic demand has been sustained by strong discretionary spending. Urban demand exhibited resilience as reflected in healthy passenger vehicle sales and domestic air passenger traffic. Rural demand is improving. Investment activity is gradually gaining ground. Non-oil non-gold imports expanded in December. (Source: Minutes of the Monetary Policy Committee Meeting, February 6 to 8, 2023, RBI press release dated February 22, 2023).

Merchandise exports, on the other hand, contracted in December on weak global demand. CPI headline inflation moderated to 5.7 per cent (y-o-y) in December 2022 – after easing to 5.9 per cent in November 2022 – on the back of double digit deflation in vegetable prices. On the other hand, inflationary pressures accentuated across cereals, protein-based food items and spices. Fuel inflation edged up primarily from an uptick in kerosene prices. Core CPI (i.e., CPI excluding food and fuel) inflation rose to 6.1 per cent in December 2022 due to sustained price pressures in health, education and personal care and effects. The overall liquidity remains in surplus, with average daily absorption under the LAF increasing to ₹1.6 lakh crore during December-January from an average of ₹1.4 lakh crore in October-November. On a y-o-y basis, money supply (M3) expanded by 9.8 per cent as on January 27, 2023, while non-food bank credit rose by 16.7 per cent. India's foreign exchange reserves were placed at US\$ 576.8 billion as on January 27, 2023. (Source: Minutes of the Monetary Policy Committee Meeting, February 6 to 8, 2023, RBI press release dated February 22, 2023).

Growth Outlook

Domestic economic activity remains resilient in a slowing global economy. Inflation has persisted at elevated levels across the world and in India. Monetary policy remains focused on progressively aligning inflation with the target. Geopolitical hostilities, volatile global financial markets and climate shocks are the key risks to the growth and the inflation outlook. Consumer price index (CPI) inflation persisted at elevated levels during 2022-23, impacted by a series of adverse supply shocks and the continuing pass through of high input costs. Briefly edging into the tolerance band during November-December with the stronger than usual seasonal correction in food prices, it surged again to 6.4 per cent (y-o-y) in February as food inflation rose. The Monetary Policy Committee (MPC) increased the policy repo rate by 250 basis points (bps) during May 2022-February 2023 and monetary policy remains focused on progressively aligning inflation with the target, while supporting growth. (Source RBI Monetary Policy Report April 2023)

In September 2022, CPI headline inflation was at 7.0 per cent in August. Domestic economic activity was gaining traction ahead of the festival season with double digit GDP growth in Q1:2022-23. CPI headline inflation was projected to remain above the upper tolerance level of 6 per cent through the first three quarters of 2022-23. The MPC felt that further calibrated monetary policy action was necessary to keep inflation expectations anchored, restrain the broadening of price pressures and preempt second round effects. Real GDP registered a growth of 6.3 per cent (y-o-y) in Q2:2022- 23. While inflation was likely to moderate in H1:2023-24, it would still be well above the target. Economic activity had held up well and was expected to remain resilient. (Source RBI Monetary Policy Report April 2023)

In March 2023 expected CPI inflation to moderate from 6.2 per cent in Q4:2022-23 to 5.0 per cent in Q1:2023-24, 5.3 per cent in Q2, 5.5 per cent in Q3 and 5.2 per cent in Q4. The respondents expected CPI inflation excluding food and beverages, pan, tobacco and intoxicants, and fuel and light to move from 6.2 per cent in Q4:2022-23 to 5.4-5.6 per cent during 2023-24. In the March 2023 round of the Reserve Bank's survey expected real GDP growth at 4.6 per cent in Q4:2022-23, 6.7-6.0 per cent in H1:2023-24, and 5.8-5.5 per cent in H2T their 5- and 10-years ahead inflation expectations remained unchanged at 5.0 per cent and 4.5 per cent, respectively, in the March round. CPI inflation is projected to average 5.2 per cent in 2023-24 – 5.1 per cent in Q1:2023-24, 5.4 per cent in Q2 and Q3, and 5.2 per cent in Q4, with risks evenly balanced. The 50 per cent and the 70 per cent confidence intervals for headline inflation in Q4:2023-24 are 3.8-6.6 per cent and 3.1-7.3 per cent, respectively. For 2024-25, assuming a normal monsoon, a progressive normalisation of supply chains, and no further exogenous or policy shocks,

structural model estimates indicate that inflation will average 4.5 per cent. In Q4:2024-25, CPI inflation is projected at 4.4 per cent, with the 50 per cent and the 70 per cent confidence intervals at 3.0-5.8 per cent and 2.2-6.5 per cent, respectively. For 2024-25, assuming a normal monsoon and no major exogenous or policy shocks, the structural model estimates indicate real GDP growth at 6.5 per cent, with quarterly growth rates in the range of 5.5-7.0 per cent. Global Growth Uncertainties

Global growth is slowing with significant downside risks to the baseline outlook. Globally, inflation remains the key concern and more monetary tightening may be warranted to quell it. This could, however, push global interest rates higher for longer than currently anticipated. Debt servicing costs could escalate and add to financial stability risks. Moreover, geopolitical tensions could ratchet up further. In such a scenario, if global growth is 100 bps lower than the baseline, domestic growth and inflation could be around 30 bps and 15 bps, respectively. Conversely, if inflation in major economies retreats quickly and global financial conditions ease, geopolitical tensions ebb and global growth surprises on the upside by turning out to be higher by 50 bps, domestic growth and inflation could edge higher by around 15 bps and 7 bps, respectively. The INR depreciated relative to the US\$ in H2:2022- 23 amidst tightening global financial conditions, an uncertain global environment and portfolio outflows. The Indian economy is expected to be amongst the fastest growing major economies in 2023-24, backed by strong domestic drivers and strengthening macroeconomic fundamentals. The Indian financial sector remains stable. Headline inflation is expected to moderate from its prevailing elevated levels and move below the upper tolerance band during 2023- 24. Monetary policy remains focused on progressively aligning inflation with the target. Geopolitical hostilities, stubborn global inflation, volatile global financial markets and climate shocks are the key risks to the growth and the inflation outlook. Indian Banking Authority

The RBI was established on April 1, 1935 in accordance with the provisions of the Reserve Bank of India Act, 1934. The Central Office of the RBI was initially established in Kolkata but was permanently moved to Mumbai in 1937. The Central Office is where the Governor sits and where policies are formulated. Though originally privately owned, since nationalization in 1949, the RBI has been fully owned by the GoI. The RBI performs a supervisory function under the guidance of the Board for Financial Supervision. The Board was constituted in November 1994 as a committee of the Central Board of Directors of the RBI under the Reserve Bank of India (Board for Financial Supervision) Regulations, 1994. (*Source: <https://www.rbi.org.in/Scripts/AboutusDisplay.aspx#MF>*).

Introduction to the Indian Financial Sector

The RBI, the central banking and monetary authority of India, is the central regulatory and supervisory authority for the Indian financial system. A variety of financial intermediaries in the public and private sectors participate in India's financial sector, including (i) commercial banks, comprising: private sector banks, RRBs, public sector banks ("PSBs"), foreign banks, co-operative banks, small finance banks and payment banks; (ii) long-term lending institutions; (iii) NBFCs, including HFCs; (iv) other specialized financial institutions and state-level financial institutions; (v) insurance companies; (vi) micro-finance companies; and (vii) mutual funds.

Set forth below are the details of financial intermediaries in the public and private sectors participating in India's financial sector:

As of March 15, 2023, there were 12 nationalised banks, 21 private banks, 12 Scheduled Small Finance Banks, 4 Scheduled Payments Banks, 43 Scheduled Regional Rural Banks and Scheduled Foreign banks in India. (*Source: RBI, Quarterly Statistics on Deposits and Credit of Scheduled Commercial Banks (March 2004 to December 2022)*).

Banking System in India

After remaining in single digits for three years, bank credit growth (y-o-y) by scheduled commercial banks (SCBs) reached a high of 17.5 per cent in September 2022, a rate last recorded in December 2011. Retail credit has been recording relatively high growth in recent years but wholesale credit has turned a corner with a growth (y-o-y) of 17.7 per cent. Notably, loan books of public sector banks (PSBs) grew at their fastest pace since September 2013. Lending by private sector banks (PVBs), on the other hand, continued to outpace that of PSB counterparts. (*Source: RBI - Financial Stability Report issue no. 26, December, 2022*).

A granular analysis of bank credit to companies³⁷, which accounts for 86 per cent of total funded amounts extended to wholesale borrowers³⁸, indicates that government owned companies (PSUs) remained at the vanguard of credit growth during the COVID-19 period. In more recent years, the pace of lending to private (non-PSU) companies has picked up. The rise was also accompanied by a shift in funding away from market borrowings (9.1 per cent; y-o-y). The incremental credit-deposit (CD) ratio rose sharply both on annual (122.0 per cent, y-o-y) and half-yearly basis (172.5 per cent; September 2022 over March 2022). The current high credit growth, however, is on a low base of the previous couple of years. Moreover, accumulation of deposits in the past few years has enabled banks to fund the growing credit demand (*Source: RBI - Financial Stability Report issue no. 26, December, 2022*).

Banks have also been drawing down their high-quality-liquid assets (HQLAs) to fund credit growth. This brought down the overall LCR from a high of 173.0 per cent in September 2020 to 135.6 per cent, which remains comfortably above the regulatory prescription of 100 per cent. The LCR of PVBs has fallen more than that of PSBs and foreign banks. The GNPA ratio stood at 5.0 per cent in September 2022, down from 5.7 per cent a quarter ago. Reduction in slippages or fresh accretions to NPAs was a major contributor to the reduction in overall NPAs. The declining tendency in the GNPA ratio is likely to continue - under the baseline scenario of the stress testing framework, it is projected to fall further to 4.9 per cent in September 2023. (*Source: RBI - Financial Stability Report issue no. 26, December, 2022*).

Performance – Assets and Earnings

Aggregate deposits recorded some moderation, growing at 9.4 per cent as on December 16, 2022. Current account and savings account (CASA) growth moderated whereas term deposits attracted accretions in response to rising interest rates. SCBs' credit growth (y-o-y), which started picking up during H2:2021-22, sustained its momentum and gathered pace to touch a decadal high of 17.4 per cent as on December 16, 2022, a level last observed during 2011. The increase has been broad-based across geography, economic sectors, population groups, organisations, type of accounts and bank groups. PVBs continued to record much higher credit growth than PSBs. The share of services and personal loans in total advances inched up with credit growth outpacing growth in agriculture and industry advances. Within personal loans segment, credit growth became broad based with credit card receivables and vehicle/ auto loans growing over 20 per cent. (*Source: RBI - Financial Stability Report issue no. 26, December, 2022*).

Asset Quality and Capital Adequacy

SCBs' gross non-performing asset ("GNPA") ratio stood at a seven-year low of 5.0 per cent in September 2022. The net non-performing assets (NNPA) ratio stood at a ten-year low of 1.3 per cent, wherein PVBs' NNPA ratio was below 1 per cent. The quarterly slippage ratio, which had been rising since December 2021, cooled off during Q2:2022-23, with considerable improvement recorded by PSBs. The provisioning coverage ratio (PCR) has been increasing steadily since March 2021, and reached 71.5 per cent in September 2022. The PCRs of PVBs and FBs exceeded 75 per cent. Meanwhile, the write-offs to GNPA ratio increased during H1:2022-23 on an annualised basis, after declining for two consecutive years. (*Source: RBI - Financial Stability Report issue no. 26, December, 2022*).

Sectoral Asset Quality

In sectoral terms, the GNPA ratio in respect of the industrial sector also continued, although it remained elevated for gems and jewellery and construction sub-sectors. The asset quality of the personal loans segment improved during H1:2022-23, especially for housing and vehicle loans. (*Source: RBI - Financial Stability Report issue no. 26, December, 2022*).

Credit Quality of Large Borrowers

The share of large borrowers in gross advances of SCBs has been on a declining path and their share in total GNPA has come down to 62.2 per cent in September 2022 from 75.6 per cent two years earlier. The GNPA ratio of large borrowers continued to improve and stood at 6.4 per cent in September 2022 from over 10 per cent in March 2021. SMA-0 and SMA-29 loans of large borrowers had increased during Q1:2022-23, but it moderated in the latest quarter, implying containment of fresh slippages. The SMA-2 ratio recorded some increase but remained contained at 0.4 per cent in September 2022. In the large borrower accounts, the proportion of standard assets in the total funded amount outstanding improved considerably from 86.2 per cent in March 2020 to 92.1

per cent in September 2022 with corresponding declines in NPAs. While there was an increase in the share of restructured standard advances from March 2020 to March 2022, the same have moderated during H1:2022-23. The share of top 100 large borrowers in the total loan book of SCBs continued to rise and stood at 17.4 per cent in September 2022, signalling fresh borrowing by large corporates. The asset quality of top 100 borrowers also improved considerably, as their share in SCBs' GNPA declined from 6.8 per cent in March 2022 to 5.4 per cent in September 2022. (Source: RBI - Financial Stability Report issue no. 26, December, 2022).

Capital Adequacy

The capital to risk weighted assets ratio (CRAR) of SCBs declined by 77 bps from March 2022 level on account of increase in risk weighted assets (RWAs) as lending activity picked up during H1:2022-23. The system level Tier I leverage ratio¹⁰ remained stable. (Source: RBI - Financial Stability Report issue no. 26, December, 2022).

Earnings and Profitability

At the system level, the net interest margin (NIM) witnessed an improvement of 20 bps between September 2021 and September 2022, reflecting a faster rate of increase in loan rates vis-à-vis deposit rates in a rising interest rate scenario as well as reduction in credit costs. Profit after tax (PAT) grew 40.7 per cent in September 2022, led by strong growth in net interest income (NII) and significant lowering of provisions. For the quarter ended September 2022, the PAT of PVBs grew by 60.7 per cent (y-o-y) as NII registered double digit growth and provisions almost halved. Return on equity (RoE) and return on assets (RoA) continued to improve to reach 11.2 per cent and 1.0 per cent, respectively, in September 2022. After declining continuously over the last two years, the cost of funds increased and yield on assets improved. An analysis of the impact of rising G-sec yield on bank profitability in India suggests that the financial intermediation channel helps banks to attain higher profit even during an upward interest rate cycle. (Source: RBI - Financial Stability Report issue no. 26, December, 2022).

Resilience – Macro Stress Tests

Stress test results reveal that SCBs are well capitalised and capable of absorbing macroeconomic shocks even in the absence of any further capital infusion by stakeholders. Under the baseline scenario, the aggregate CRAR of 46 major banks is projected to slip from 15.8 per cent in September 2022 to 14.9 per cent by September 2023. It may go down to 14.0 per cent in the medium stress scenario and to 13.1 per cent under the severe stress scenario by September 2023, but it stays well above the minimum capital requirement, including capital conservation buffer (CCB) requirements (11.5 per cent). None of the 46 SCBs would breach the regulatory minimum capital requirement of 9 per cent in the next one year, even in a severely stressed situation, although 9 SCBs may fall short of the minimum capital inclusive of CCB. The CET1 capital ratio of the select 46 SCBs may decline from 12.8 per cent in September 2022 to 12.1 per cent by September 2023 under the baseline scenario. Even in a severely stressed macroeconomic environment, the aggregate CET1 capital ratio would deplete only by 210 basis points, which would not breach the minimum regulatory norms. (Source: RBI - Financial Stability Report issue no. 26, December, 2022).

Furthermore, all the banks would be able to meet the minimum regulatory CET1 ratio plus CCB of 8.0 per cent over the next one year under all the three scenarios. The decrease in slippage, increase in write-offs and the continuous improvement in loan growth brought the GNPA ratio further down to 5.0 per cent in September 2022. Under the assumption of no further regulatory reliefs as well as without taking the potential impact of stressed asset purchases by National Asset Reconstruction Company Limited (NARCL) into account, stress tests indicate that the GNPA ratio of all SCBs may improve from 5.0 per cent in September 2022 to 4.9 per cent by September 2023, under the baseline scenario. If the macroeconomic environment worsens to a medium or severe stress scenario, the ratio may rise to 5.8 per cent and 7.8 per cent, respectively. At the bank group level, the GNPA ratios of PSBs may swell from 6.5 per cent in September 2022 to 9.4 per cent in September 2023, whereas it would go up from 3.3 per cent to 5.8 per cent for PVBs and from 2.5 per cent to 4.1 per cent for FBs, under the severe stress scenario. (Source: RBI - Financial Stability Report issue no. 26, December, 2022).

Certain Key Banking Business Sectors

MSME Sector

The micro, small and medium enterprise (MSME) sector, which was buffeted by the pandemic, turned around in H2:2021-22 and sustained this momentum in H1:2022-23. Lending by PVBs grew strongly, whereas PSBs recorded a relatively moderate growth. Sustained credit growth to this sector could be attributed to credit extended

under the Emergency Credit Line Guarantee Scheme (ECLGS), broad-based recovery in domestic demand, higher working capital requirements and regulatory modifications in the definition of MSMEs. The overall GNPA ratio (PSBs and PVBs) in the MSME sector fell from 9.3 per cent in March 2022 to 7.7 per cent in September 2022. Asset quality of advances below ₹25 crores, which are usually vulnerable to asset quality concerns, improved in September 2022 vis-à-vis March 2022. Regulatory forbearance and restructuring schemes introduced since 2018 came to an end. As on September 30, 2022, the share of restructured loans in the MSME portfolio of SCBs stood at 5.21 per cent compared to 5.31 per cent as on March 31, 2022. The ECLGS was pivotal in providing support and additional liquidity for business entities to tide over COVID-19. Under the ECLGS, an amount of ₹2.82 lakh crore has been disbursed till September 30, 2022, of which SCBs have disbursed ₹2.46 lakh crore, with predominant share of disbursements under the ECLGS 1.0. The major sectors availing the ECLGS were services and traders, which were among the most impacted by the pandemic. (Source: RBI - Financial Stability Report issue no. 26, December, 2022).

Priority Sector

Scheduled commercial banks' (SCBs') achievement under the priority sector lending as on March 31, 2023 stood at 44.7 per cent. Each of the bank-groups (viz., public sector banks, private sector banks and foreign banks) has also achieved the prescribed 40 per cent overall priority sector lending (PSL) target during 2022-23. The total trading volume of PSLCs registered a growth of 7.7 per cent and stood at ₹7.13 lakh crore in 2022-23 as compared to 12.4 per cent growth during the previous year. Among the four PSLC categories, the highest trading was observed in PSLC-small and marginal farmers and PSLC-general with the transaction volumes being ₹3.21 lakh crore and ₹1.79 lakh crore, respectively, in 2022-23. To ensure continuation of the synergies between banks and NBFCs in delivering credit to the specified priority sectors, it was decided to permit categorisation of the following as PSL on an on-going basis: (a) lending by SCBs to NBFCs for the purpose of on-lending to 'agriculture' and 'micro and small enterprises'; and (b) lending by small finance banks (SFBs) to NBFC-Microfinance Institutions (MFIs) and other MFIs, which have a 'gross loan portfolio' (GLP) of up to ₹500 crore as on March 31 of the previous financial year, for the purpose of on-lending to individuals. (Source- RBI Annual Report 2022-2023)

Corporate Bond Market

Corporate bond yields and spreads moved higher during H2, in sync with G-sec yields. The average yield on AAA-rated 3-year bonds issued by nonbanking financial companies (NBFCs) and corporates increased by 57 bps (to 8.12 per cent) and by 49 bps (to 8.07 per cent), respectively, in March 2023 over September 2022. The average yield on issuances by public sector undertakings (PSUs), financial institutions (FIs) and banks rose by 46 bps to 7.75 per cent. The risk premium (measured by the spread over 3-year G-sec yields) increased from 42 bps to 73 bps for NBFCs, from 45 bps to 68 bps for corporates and from 15 bps to 36 bps for PSUs, FIs and banks in H2. The primary market issuances of corporate bonds increased to ₹3.9 lakh crore during H2 (up to February 2023) from ₹2.5 lakh crore during the corresponding period of 2021-22, offsetting the moderation in overseas issuances from ₹0.5 lakh crore in H2:2021-22 to ₹0.1 lakh crore in H2:2022-23. Banks tapped the bond market to raise capital for their rapidly expanding balance sheets, driven by the surge in credit demand. The outstanding investments by foreign portfolio investors (FPIs) in corporate bonds declined marginally from ₹1.14 lakh crore at end-September 2022 to ₹1.04 lakh crore at end-March 2023, pulling down the utilisation of the approved limits from 17.9 per cent to 15.5 per cent. (Source- RBI Monetary Policy Report April 2023)

Foreign Exchange Market

The appreciation of the US dollar, triggered by aggressive rate hikes and the hawkish stance of the US Fed, exerted depreciation pressure on EME currencies in H2. Buffeted by these global spillovers, the INR touched an all-time low of 83.2 per US\$ on October 20, 2022. It recovered in November 2022, riding on a depreciating US dollar and net inflows through foreign portfolio investments. Since then, it has remained largely range-bound. The INR volatility – measured by the 1-month at the money (ATM) option implied volatility – increased marginally from 5.29 per cent during H1 to 5.33 per cent during H2. In terms of the 40-currency nominal and real effective exchange rate, the INR depreciated by 4.2 per cent and 5.0 per cent, respectively, between September 2022 (average) and end-March 2023. (Source- RBI Monetary Policy Report April 2023)

Monetary Policy Transmission

The pace of transmission of policy repo rate increases to deposit and lending rates of banks strengthened in H2:2022-23, reflecting the combined impact of the external benchmark regime for loans, the moderation in surplus liquidity in the banking system and credit growth persisting above deposit growth. Banks revised upwards their

external benchmark-based lending rates (EBLRs) by 250 bps during May 2022- March 2023 in tandem with the increase in the policy repo rate. The marginal cost of funds-based lending rate (MCLR) – the internal benchmark for loan pricing – rose by 140 bps over the same period. The weighted average lending rate (WALR) on sanctioned fresh rupee loans increased by 173 bps and that on outstanding rupee loans by 95 bps during May 2022 to February 2023. The external benchmark linked loans now dominate outstanding floating rate loans, with their share in total increasing from 44.0 per cent in March 2022 to 48.3 per cent in December 2022. Correspondingly, the share of MCLR-linked loans declined from 48.6 per cent to 46.1 per cent over the same period. Within EBLR loans, the RBI's repo rate is the preferred benchmark, with a share of 81 per cent of all EBLR linked loans at end-December 2022. The significant increase in the share of repo linked loans with shorter reset periods aided the pace of transmission to WALR on outstanding loans. The weighted average domestic term deposit rate (WADTDR) on fresh deposits (including retail and bulk) increased by 222 bps during May 2022 to February 2023. During H1, banks had focussed on mobilising bulk deposits. This was reversed in H2 with the increase in fresh retail deposit rates (122 bps) outpacing that in fresh bulk deposit rates (77 bps). (*Source- RBI Monetary Policy Report April 2023*)

Drivers and Management of Liquidity

Currency in circulation (CiC) was the key driver of liquidity drainage during H2. CiC expanded by ₹2.2 lakh crore during H2 (up to March 24, 2023), driven by festival season demand. This was partly offset by the net forex purchases (₹0.5 lakh crore) and the pick up in government spending (₹0.3 lakh crore). Banks drew down their excess CRR holdings (₹0.4 lakh crore) which also augmented liquidity. In terms of the management of liquidity, OMO sales and the increase in cash reserve balances (due to higher reserve base) sucked out liquidity from the system during H2:2022-23. Net average daily absorptions under the LAF moderated to ₹0.4 lakh crore during H2 from ₹3.3 lakh crore during H1. The net LAF slipped occasionally into deficit mode in H2, triggered by frictional pressures from festival-related currency demand, month-end GST outflows and quarterly advance tax payments. In this regard, net LAF injections increased to ₹1.05 lakh crore on March 17, 2023 – the highest since April 24, 2019 (₹1.42 lakh crore). Amidst waning liquidity surplus, the amounts absorbed under the variable reverse repo rate (VRRR) auctions fell in H2; the average offer-cover ratio of the auctions was 0.26 in H2 as compared with 0.40 in H1. Moreover, banks also took greater recourse to the marginal standing facility (MSF), with daily average borrowings of ₹8,438 crore during H2 as compared with ₹3,448 crore during H1

Developments and Reforms in the Banking Sector

Implementation of the Basel III Capital Regulations

Basel III reforms are the response of Basel Committee on Banking Supervision (BCBS) to improve the banking sector's ability to absorb shocks arising from financial and economic stress, whatever the source, thus reducing the risk of spill over from the financial sector to the real economy. During Pittsburgh summit in September 2009, the G20 leaders committed to strengthen the regulatory system for banks and other financial firms and also act together to raise capital standards, to implement strong international compensation standards aimed at ending practices that lead to excessive risk-taking, to improve the over-the-counter derivatives market and to create more powerful tools to hold large global firms to account for the risks they take. For all these reforms, the leaders set for themselves strict and precise timetables. Consequently, the Basel Committee on Banking Supervision (BCBS) released comprehensive reform package entitled "Basel III: A global regulatory framework for more resilient banks and banking systems" (known as Basel III capital regulations) in December 2010. The Basel III capital regulations were implemented in India with effect from April 1, 2013 and have been fully implemented as on October 1, 2021. Banks have to comply with the regulatory limits and minima as prescribed under Basel III capital regulations, on an ongoing basis (*Source: RBI_ Master Circular – Basel III Capital Regulations*)

Scheduled commercial banks operating in India shall maintain a minimum Pillar 1 Capital to Risk-weighted Assets Ratio (CRAR) of 9% on an on-going basis (other than capital conservation buffer and countercyclical capital buffer etc.). Scheduled commercial banks operating in India shall maintain a minimum total capital (MTC) of 9% of total risk weighted assets (RWAs) i.e., capital to risk weighted assets (CRAR). Common Equity Tier 1 (CET1) capital must be at least 5.5% of risk-weighted assets (RWAs) i.e., for credit risk + market risk + operational risk on an ongoing basis. Tier 1 capital must be at least 7% of RWAs on an ongoing basis. Thus, within the minimum Tier 1 capital, Additional Tier 1 capital can be admitted maximum at 1.5% of RWAs. Total Capital (Tier 1 Capital plus Tier 2 Capital) must be at least 9% of RWAs on an ongoing basis. Thus, within the minimum CRAR of 9%, Tier 2 capital can be admitted maximum up to 2%. If a bank has complied with the minimum Common Equity Tier 1 and Tier 1 capital ratios, then the excess Additional Tier 1 capital can be admitted for compliance with the minimum CRAR of 9% of RWAs. In addition to the minimum Common Equity Tier 1 capital of 5.5% of RWAs,

banks are also required to maintain a capital conservation buffer (CCB) of 2.5% of RWAs in the form of Common Equity Tier 1 capital. (Source: RBI_ Master Circular – Basel III Capital Regulations).

Leverage Ratio Framework

Under Basel III, a simple, transparent, non-risk based leverage ratio has been introduced. The leverage ratio is calibrated to act as a credible supplementary measure to the risk based capital requirements and is intended to achieve the following objectives: (a) constrain the build-up of leverage in the banking sector to avoid destabilising deleveraging processes which can damage the broader financial system and the economy; and (b) reinforce the risk-based requirements with a simple, non-risk based “backstop” measure. The minimum Leverage Ratio shall be 4% for Domestic Systemically Important Banks (DSIBs) and 3.5% for other banks. Both the capital measure and the exposure measure along with Leverage Ratio are to be disclosed on a quarter-end basis. However, banks must meet the minimum Leverage Ratio requirement at all times. The Insolvency and Bankruptcy Code (Amendment) Act, 2017

The Insolvency and Bankruptcy Code (“IBC”) (Amendment) Act, 2017 bars wilful defaulters, defaulters whose dues have been classified as NPAs for more than one year, and all connected persons (‘connected persons’ refers only to persons who are connected to the resolution applicant’s business activity) from submitting resolution plans and purchasing the assets of corporate debtors in liquidation. An enabling provision is in place to provide a cure for ineligibility conditions and help in meeting the corporate insolvency resolution process timeline. It also empowers the insolvency professional to lay down qualifying criteria for resolution applicants familiar with the complexity and scale of the corporate debtor’s operations. (Source: The Gazette of India – The Insolvency and Bankruptcy Code (Amendment) Act, 2017, The Insolvency and Bankruptcy Code (Second Amendment) Act, 2018)

In terms of the Insolvency and Bankruptcy Code (Second Amendment) Act, 2020 (effective June 5, 2020) (the “Act”) Section 10 A was inserted in the IBC through of which an embargo was imposed on initiation of corporate insolvency resolution proceedings (“CIRP”) against corporate debtors for any default arising on or after March 25, 2020, for a period of period of six months or such further period not exceeding one year (“Embargo Period”). Further, the Act also provided that initiation of CIRP, for defaults arising during the Embargo Period shall be barred in perpetuity. Subsequently, the Embargo Period was initially extended up until December 24, 2020, and thereafter up until March 24, 2021. Additionally, the Act also amended Section 66 of the IBC in terms of a resolution professional was authorized to apply to the National Company Law Tribunal against persons who were knowingly party to transactions undertaken to defraud the creditors of a Corporate Debtor or for any fraudulent purposes. In terms of the Act, Section 66 was amended to restrict resolution professionals from initiating actions under such persons provided the CIRP of the relevant corporate debtor is covered under the Embargo Period. Subsequently, the Insolvency and Bankruptcy Code (Amendment) Act, 2021 was introduced on April 4, 2021, in terms of which, the pre-packaged insolvency framework was introduced and the Embargo Period ended with effect from March 24, 2021. IBBI (Insolvency Resolution Process for Corporate Persons) (Third Amendment) Regulations, 2022:

The amendment regulations inter alia provide for (a) a range or matrix of minimum fee payable to an IP dependent on quantum of claims admitted in a case; (b) payment of a fee higher than the minimum fee payable depending on certain features of the corporate debtor; (c) a performance-linked incentive fee structure payable to an IP not exceeding ₹5 crore; and (d) manner of providing for payment of such fee from funds of corporate debtor or interim

finance or payment by the applicant or committee of creditors. (Source: RBI Financial Stability Report, December 2022)

Amendments to the Banking Regulation Act

The Banking Regulation (Amendment) Act, 2017 was enacted with a view to give the RBI extensive powers to issue directions to banks for the resolution of stressed assets. The amendment introduced two new sections to the Banking Regulation Act: Section 35AA, which enables the RBI, with the authorisation of the Central Government, to direct banks to commence the insolvency resolution process against the defaulting company under the IBC and Section 35AB, which enables the RBI to issue directions to any banking company or group of banking companies for the resolution of stressed assets. (Source: *The Gazette of India – The Banking Regulation (Amendment) Act, 2017*).

The Banking Regulation (Amendment) Act, 2020 was enacted with a view to expand the RBI's regulatory control over co-operative banks in terms of management, capital, audit and liquidation. The Act makes two changes: (i) extending previously omitted provisions of the Banking Regulation (Amendment) Act, 2017 to co-operative banks, and (ii) amending certain provisions of the Banking Regulation Act, 1949 applying to all banks. Reserve Bank of India (Unhedged Foreign Currency Exposure) Directions, 2022

Entities which do not hedge their foreign currency exposures can incur significant losses during a period of heightened volatility in foreign exchange rates. These losses may reduce their capacity to service the loans taken from banks and increase their probability of default thereby affecting the health of the banking system. To address the risk emanating from banks' exposure to entities having Unhedged Foreign Currency Exposure (UFCE), several guidelines / instructions were put in place starting from October 1999. A review of these guidelines was undertaken and consolidated as master directions to all commercial banks (excluding payments banks and RRBs). Some of the key changes incorporated in the directions *ibid.* to provide clarity/ reduce compliance burden are as under: a) Exemption from UFCE guidelines: Banks' exposures to entities arising from derivative transactions were exempted, provided such entities have no other exposures to banks in India. This exemption has been expanded to include factoring transactions; and b) Alternative method for exposure to smaller entities: To reduce the compliance burden, the threshold for 'smaller entities' based on total exposure from banking system has been revised to ₹50 crore (up from ₹25 crore). For such entities, banks will not be required to periodically obtain hedging information. (Source: *RBI Financial Stability Report, December 2022*)

Review of Regulatory Framework for ARCs

Asset reconstruction companies (ARCs) play a vital role in the management of distressed financial assets of banks and financial institutions. Based on the recommendations of a Committee set up by the Reserve Bank to undertake a comprehensive review of their working, the extant regulatory framework has been amended to strengthen governance norms, enhance transparency and disclosures, strengthen prudential requirement and increase the efficacy of ARCs. The guidelines *inter alia* mandate an independent director as Chair of the Board, maximum continuous tenure of 15 years for the Managing Director (MD)/ Chief Executive Officer (CEO) and wholetime Directors, constitution of an Audit Committee and a Nomination and Remuneration Committee. ARCs are required to disclose the information about the track record, rating migration and engagement with rating agency of schemes floated by them over the last eight years. (Source: *RBI Financial Stability Report, December 2022*)

From a prudential perspective, the minimum net owned fund (NOF) of ARCs has been increased to ₹300 crore. They are required to invest in security receipts (SRs) at a minimum of the higher of the 15 per cent of transferors' investment in the SRs or 2.5 per cent of the total SRs issued. ARCs are also permitted to act as resolution applicant under the Insolvency and Bankruptcy Code (IBC), 2016, subject to certain conditions. Lenders can now transfer all categories of special mention accounts to ARCs. Furthermore, the avenues for deployment of surplus funds have been broadened. Linking the collection of management fee/ incentive to the recovery effected from the underlying financial assets is expected to shift the focus of ARCs from a management fee mindset to resolution mindset. Guidelines on Digital Lending

Based on the recommendations made by the Working Group on Digital Lending, the Reserve Bank issued guidelines on digital lending applicable to all commercial banks, primary (urban) co-operative banks, state co-

operative banks, district central co-operative banks and non-banking financial companies, including housing finance companies (collectively referred to as REs). The guidelines seek to achieve transparency and fairness inter alia by (a) mandating flow of funds between lenders and borrowers only through their bank accounts without any pass-through account/ pool account of any third party; (b) ensuring loan service providers do not collect any fee/charges directly from the customer; (c) transparent disclosure of the key facts of the borrowing arrangement including the all-inclusive cost to a borrower; (d) ensuring need based collection of data with audit trails backed by explicit customer consent; and (e) putting in place an appropriate privacy policy with regard to customer data. (Source: RBI Financial Stability Report, December 2022)

Further, it has been reiterated that the outsourcing arrangements entered by REs with a lending service provider (LSP)/ digital lending app (DLA) do not diminish the REs' obligations and they shall continue to conform to the extant guidelines on outsourcing. The REs shall ensure that the LSPs engaged by them and the DLAs (either of the RE or of the LSP engaged by them) comply with the guidelines. (Source: RBI Financial Stability Report, December 2022)

Master Directions on Transfer of Loan Exposures and Securitisation of Standard Assets (Amendments)

Master Direction on Transfer of Loan Exposure was amended to inter alia permit overseas branches of specified lenders to (a) acquire only 'not in default' loan exposures from a financial entity operating and regulated as a bank in the host jurisdiction; (b) transfer exposures 'in default' as well as 'not in default' pertaining to resident entities to a financial entity operating and regulated as a bank in the host jurisdiction; and (c) transfer exposures 'in default' as well as 'not in default' pertaining to non-residents, to any entity regulated by a financial sector regulator in the host jurisdiction. Amendments have also been made in certain provisions related to minimum holding period (MHP), valuation of security receipts (SRs), transfer of stressed loans to ARCs, and credit/ investment exposure of lenders. Additionally, the term 'Economic Interest' has now been explicitly defined as 'the risks and rewards that may arise out of loan exposure through the life of the loan exposure'. In December 2022, the Reserve Bank, disallowed securitisation of loans with residual maturity of less than 365 days. Furthermore, it was clarified that the minimum holding period (MHP) for commercial or residential real estate mortgages shall be counted from the date of full disbursement of the loan, or registration of security interest with the Central Registry of Securitisation Asset Reconstruction and Security Interest of India (CERSAI), whichever is later. For the purpose of these directions, the said amendment has further explained that the minimum ticket size for issuance of securitisation notes refers to the size of investment by a single investor and shall be ₹1 crore. Move towards frictionless credit - Pilot on digitisation of Kisan Credit Card

Considering the challenges associated with rural credit in India, digitalisation of its various aspects has emerged as an important objective for the Reserve Bank. To start with, a pilot project for end-to-end digitalisation of Kisan Credit Card (KCC) lending, has been developed by the Reserve Bank Innovation Hub (RBIH) under the Reserve Bank's guidance. The Digital KCC pilot aims to significantly reduce the turnaround time (TAT) of KCC applications by automating and enabling end-to-end digitisation of key processes such as automation of a bank's loan origination system (LOS) and its integration with the state government's land record database through application programme interfaces (APIs) to enable the real-time verification of land record data. The pilot is being carried out in select districts of two states, viz., Madhya Pradesh and Tamil Nadu. Work to further scale up the pilot in other districts of these two states as also across more states in partnership with other banks is underway. This pilot project on digitalisation of KCC lending is expected to play a pivotal role in facilitating credit flow to the unserved and underserved rural population by making the credit process faster and more efficient. When fully implemented, this is expected to transform the rural credit delivery system of the country. (Source: RBI Financial Stability Report, December 2022)

Foreign Trade Policy (FTP) 2023

The new FTP aims to increase the country's exports to US\$ 2 trillion by 2030. The policy marks a shift from an incentives-based regime to a remission and entitlement-based regime to achieve this goal. Under the remission-based regime, taxes and duties paid in the process of exports are refunded to the exporter. This will be fully compatible with WTO provisions. The FTP 2023 focuses on process re-engineering and automation to facilitate ease of doing business for exporters. The Key Approach to the FTP is based on four pillars: - (i) Shift from Incentive to Remission, (ii) Export promotion through collaboration-Exporters, States, Districts, and Indian Missions, (iii) Ease of doing business, reduction in transaction cost and e-initiatives and (iv) Emerging Areas such as facilitating e-Commerce exports, Developing Districts as Export Hubs, access to dual-use high-end technology

items under SCOMET (Special Chemicals, Organisms, Materials, Equipment and Technologies) policy.

Our Competitive Strengths

We believe that our Bank has the following competitive strengths.

Diversified asset base with a focus on retail and MSME segment

Our diversified loan products are designed to suit and cater to the financing needs of our customers across geographic locations, varied business segments as our branches are spread across metropolitan cities, urban, semi urban and rural areas. We offer retail credit, products suitable for financial requirements of agriculture, MSME and corporate sector for their domestic, business as well as international banking requirements. We have focused on growing our advances to the retail, agriculture and MSME sectors (the “**RAM sectors**”). As of March 31, 2023, our Bank’s advances to retail, agriculture and MSME sectors represented 24.80%, 13.36% and 18.99% of our Bank’s total advances, respectively, and together the RAM sectors represented 57.15% of our Bank’s total advances. In comparison, as at March 31, 2022, our Bank’s advances to retail, agriculture and MSME sectors represented 26.19%, 14.03% and 19.43% of our Bank’s total advances, respectively, and together the RAM sectors represented 59.65% of our Bank’s total advances. Our Bank’s corporate advances 36.85% of our Bank’s total advances in Fiscal 2021, 40.35% of our Bank’s total advances in Fiscal 2022 and 42.85% of our Bank’s total advances in Fiscal 2023.

We believe our array of loan products and other related banking services have helped us in maintaining the bond with our customers. Our retail credit portfolio consists of a wide range of products to meet various financial needs like housing loans, vehicle loans, education loans, personal loans, other retail loans, gold loans and loans for pensioners. We extend financial support to priority sectors as identified by the Government of India and the regulator that includes agriculture, MSME, affordable housing and education but with specific focus on products to the MSME sector. We also cater to the banking needs of the corporate sectors across various industries, and our diversified portfolio helps in mitigating sector specific risks. Lending to these corporate sectors across various industries also opens up avenues of non-interest income from the ancillary products and services.

We have driven our operations towards a balanced asset portfolio with a focus on our retail operations, and selective attention to our corporate operations, determined by our ability to match the risk appetite of such corporate credit. We have deployed our resources to the higher yielding sectors of retail and MSME credit. In the retail sector, our Bank increased our loans by 22.61% from ₹354,222.20 million in Fiscal 2022 to ₹434,326.00 million in Fiscal 2023 driven by growth in vehicle, gold and housing loans. In the agriculture sector, our Bank increased our loans by 23.37% from ₹189,678.50 million in Fiscal 2022 to ₹233,996.60 million in Fiscal 2023 driven by growth in loans to agriculture infrastructure and ancillary agricultural activities. In the MSME sector, our Bank increased our loans by 26.50% from ₹262,791.03 million in Fiscal 2022 to ₹332,436.17 million in Fiscal 2023 driven by growth in credit to micro and medium enterprises. We believe our strategically diversified asset portfolio across the RAM sectors will lead to better risk diversification, increased revenue and improved margins.

Improving financial performance

Our Bank is well-capitalized with a standalone capital adequacy ratio of 18.14% as of March 31, 2023 which is higher than the regulatory benchmark of 11.50% as per Basel III guidelines. The Bank’s capital position, as measured by its overall and Tier I capital adequacy ratios, allows the Bank to take advantage of growth opportunities in the market. The Bank’s results reveal a set of performance ratios for Fiscal 2023. The following table set forth certain key financial indicators as at and for the dates and periods indicated for our Bank.

Stable and growing deposit base

Our Bank developed a wide customer base which has resulted in low cost of funding opportunities and has strengthened our resource portfolio. Our Bank Direct Sales Agents offers current (also known as demand) deposits, savings deposits and term deposits. Our Bank's deposits have grown 16.26% from ₹1,740,056.19 million in Fiscal 2021 to ₹2,022,942.92 million in Fiscal 2022 and grown 15.71% from ₹ 2,022,942.92 million in Fiscal 2022 to ₹2,340,826.84 million in Fiscal 2023.

A sizeable portion of our deposit base is from retail segment that enables lower dependency on bulk deposits and

provides a deposit base with a lower concentration risk. We offer a wide range of deposit products to our retail customers like “Diamond Current Account Scheme”, “Mahabank Purple Savings Account”, “Mahabank Royal Savings Account”, “Maha Suraksha Payroll Scheme”, “Yuva Savings Scheme”, “Mahasanchay Systematic Deposit Scheme”, “Mahalaxmi, Mahanidhi Term Deposit Schemes” and “Maha Millionaire RD scheme”. Our Bank’s ratio of retail deposits (CASA+ Retail term Deposits) to total deposits in Fiscal 2021, Fiscal 2022 and Fiscal 2023 was 97.78%, 95.16% and 86.91%, respectively. Our Bank’s CASA ratio was 53.99% as of March 31, 2021, 57.85% as of March 31, 2022 and 53.38% as of March 31, 2023. Our Bank’s bulk term deposit share in total deposits was 2.22%, 4.84% and 13.09%, respectively, in Fiscal 2021, Fiscal 2022 and Fiscal 2023.

Our Bank’s cost of deposit has reduced from 4.17% in Fiscal 2021 and to 3.70% in Fiscal 2022 and to 3.70% in Fiscal 2023. We aim to align our Bank’s deposit interest rates in line with market dynamics for keeping cost of deposits under control without compromising with competitiveness of deposit products.

Improving asset quality

We are focused on maintaining a high level of asset quality and our asset quality has been improving. Our risk management and credit evaluation processes, coupled with our ability to evaluate and appropriately price risk, have helped us reduce our exposure to NPAs, restructured standard assets and Special Mention Accounts Category 2 (“SMA2”). Our Bank’s net NPA, net restructured standard assets, and SMA2 were 0.25%, 2.45% and 0.69% of net advances respectively as of March 31, 2023. Our Bank’s gross NPAs as a percentage of gross advances was 7.23%, 3.94% and 2.47% in Fiscal 2021, 2022 and 2023, respectively, and our Bank’s net NPAs as a percentage of net advances was 2.48%, 0.97% and 0.25% in Fiscal 2021, 2022 and 2023, respectively. Our Bank’s provision coverage ratio as of March 31, 2021, 2022 and 2023, was 89.86%, 94.79% and 98.28% respectively. Our Bank’s slippage ratio was 2.58%, 2.05% and 1.24% in Fiscal 2021, 2022 and 2023 respectively. Our Bank’s credit cost was 2.06%, 1.91% and 1.29% in Fiscal 2021, 2022 and 2023, respectively.

We believe that our Bank has been able to reduce NPA levels and improve our asset quality by implementing our independent risk management function covering enterprise risk management, credit risk, market risk and operational risk that are updated on a continuous basis towards preserving our asset quality amongst other risk objectives. Our independent risk management system seeks to identify and manage risks at the Bank’s business level, using models and processes to allow us to manage its risks effectively and within the Bank’s policies. We have taken steps to restrict fresh delinquencies, including use of credit monitors, strengthening our loan review mechanism, broad basing our monitoring framework with more objective asset performance review reports for spotting signals of early stress, identification of accounts for timely restructuring, strengthening our NPA recovery mechanism, assessing need based credit limits and regular follow up for timely recovery of over-dues. In addition, we have introduced schemes such as ‘Maha Sandhi Yojana’, ‘Maha Sahyog Yojana’ and ‘Maha Samvedana Yojana’ for quick resolution and recovery of NPAs. Further, our Bank has also appointed resolution agents for high value NPAs and recovery agents for other NPAs and intensive efforts are being made to follow up with the defaulting borrowers.

The Bank is in compliance with Basel II and Basel III requirements and has implemented new credit risk assessment models, independent validation of internal ratings and increased use of IT to improve and maintain the quality of loan data. Our Bank’s capital adequacy ratio was 18.14% as at March 31, 2023, which is higher than the statutory requirement of 11.50%.

As of March 31, 2021, 2022 and 2023, ₹473,056.10 million, ₹473,564.90 million and ₹655,170.80 million of our Bank’s advances, respectively, received an external rating (the “**rated book**”) from the RBI approved rating agencies, and as of March 31, 2021, 2022 and 2023, this rated book represented 81.40%, 79.33% and 77.86% of our Bank’s eligible advances for external rating, respectively. As of March 31, 2023, 60.39% of the advances in our Bank’s rated book were rated by “A” and above and 17.47% were rated “BBB” and above. As of March 31, 2021, 2022 and 2023, ₹108,128.70 million, ₹123,365.40 million and ₹186,305.60 million, respectively, of our Bank’s advances were unrated by any external rating agency (the “**unrated book**”), and as of March 31, 2021, 2022 and 2023, this unrated book represented 18.60%, 20.67% and 22.14% of our Bank’s eligible advances for external rating, respectively. The increase in our Bank’s unrated book as of March 31, 2023 is largely due to increase in loans which are guaranteed by the State/ Central Government. Out of our Bank’s total unrated book as of March 31, 2023, 83.50% of the exposure was guaranteed by the State/ Central Government down from 88.01% as of March 31, 2022).

Pan India presence through a wide network of branches and ATMs

Our Bank was incorporated in 1935 with the objective of catering to the banking needs of the common man. Over a period of time, our Bank has developed into a well-recognized brand with pan India presence. Further, our Bank has built long term relationship with its customers through its ability to provide consistent quality services based on their needs which has been instrumental in the growth of our Bank. As of March 31, 2023, the Bank also had 2,203 branches and 60 CSP across 28 states and 6 union territories of India. Our Bank's pan-India branch network allows us to provide banking services to a wide variety of customers, including large and mid-sized companies, institutions, state-owned enterprises, as well as corporate, agricultural, industrial and retail customers. In addition, the Bank has a strong branch network, with 55.24% of our Bank's branches in Western and 14.98% in Central India. 50.84% of our Bank's total branches are located in the state of Maharashtra. We believe that our strong presence of more than 8 decades in the state of Maharashtra has given us a key strength because it is an industrial and financial centre which includes the cities of Mumbai and Pune. As of March 31, 2023, the Bank's banking outlets are also well distributed across different tiers of cities with 27.51% in rural areas, 27.33% in semi urban areas, 21.61% in urban areas and 23.56% in metro cities.

As of March 31, 2023, our Bank had 2,330 ATM across the country to complement our Bank's branch network to offer round the clock banking facility to our customers. As of March 31, 2023, our Bank had 75 "Klick to Bank" e-lounges facilities which offers 24x7 services for cash withdrawal, cash deposit and self-passbook updating facility. As of March 31, 2023, our Bank had issued 13.38 million debit cards. We have our own EFT Switch which helps our Bank to derive significant advantages like reduced turn-around time, better customer experience, reduced risk, instant hot-listing of lost cards through multiple channels and a host of other value-added services.

Our Bank also offer our services through 3,432 banking correspondents ("BCs") and bank mitras. Through these BCs and bank mitras we are able to reach out to a larger group of customers, especially those in remote areas, by providing them formal banking facility which lends strength and stability to our Bank's low cost deposit base.

Emphasis on leveraging and improving digital technology capabilities

Our Bank is committed to digital banking and has been upgrading our IT systems and technology to ensure integration between our existing infrastructure and our new digital banking products. In order to improve competitiveness, convenience and customer experience, we have established Digital Banking Department with special focus on strengthening digital banking footprint of our Bank. We have strived to migrate transactions to digital channels which are more cost effective than physical channels, and which provide our customers with convenience and transparency in banking activities. Our recent digital products and initiatives include tab banking and online saving account opening, white label payment gateway, DDE (digital document execution), a national common mobility card ("NCMC"), BoMy Virtual Assistant, WhatsApp/Chatbot, Quick Pay, QR Merchant Onboarding, mobile applications and Online Locker Module.

As of March 31, 2023, our Bank had approximately 2.41 million internet banking users and 2.35 million mobile banking users generating over 3.73 million internet banking transactions and 1.50 million mobile banking transactions. As of March 31, 2022 and March 31, 2023, 95.98% 96.92% of our Bank's transactions in such periods, respectively, were performed through digital channels. As of March 31, 2023 and March 31, 2022, our Bank had approximately 2.56 million and 1.72 million UPI BHIM mobile payment customers, respectively, generating approximately 369.60 million and 271.59 million UPI BHIM transactions in the respective years. Of the total number of our Bank's transactions, 3.08% were branch transactions and 96.92% were digital transactions as of March 31, 2023.

Our Bank has a robust internet banking platform, named "Mahaconnect", fortified with 'Mahasecure' a two-factor authentication solution for convenient as well as safe banking experience. Apart from viewing, managing accounts and transfer of funds, various facilities are being provided through our internet banking platform for facilitating online payment of taxes, utility bill payments, online shopping, travel reservations, insurance premium payment, e-SBTR and facility for viewing tax credit statements ("26AS").

We also offer technology based banking as well as transaction platforms like Maha Mobile banking, immediate payment services through Maha UPI, POS terminals, and e-lounges for customer convenience. Our mobile banking services enable customers to undertake banking activities such as inter-bank mobile payments services, funds transfer through NEFT/IMPS, balance enquiry, mini statement, cheque book request and utility payments.

High quality management team with demonstrated track record

We have a management team with extensive experience and knowledge in the Indian banking and financial sector. We believe the quality of our management team has been critical in achieving our business results. We are guided by our Bank's Managing Director and Chief Executive Officer, A.S. Rajeev, along with our Executive Directors Athhiyur Badrinarayanan Vijayakumar and Asheesh Pandey who bring with them extensive experience in the banking sector. Our Board is also supported by other Directors such as Directors who are representatives of GoI, RBI and shareholders with rich experience in banking, finance, strategic management and economics. Our Bank is also assisted by senior management with knowledge of banking segment, credit management, treasury segment, risk management and information technology.

We believe that the experience of our Board and professionalism of the senior management team complements each other to understand the industry dynamics and set a strong platform for successful banking business. Our management's rich experience helps us make timely strategic and business decisions in response to evolving customer needs and market conditions. We believe in continuous development and have invested in our employees through regular training programmes to improve skills and service standards, enhance loyalty, reduce attrition rates and increase productivity. For further information, see "*Board of Directors and Senior Managerial Personnel*" on page 186.

Our Strategies

Our vision is to be a vibrant, forward looking, techno-savvy, customer-centric bank serving a diverse section of society, enhancing shareholders' and employees value while moving towards a global presence.

Our key business strategies are set forth below.

Increase quality of our credit portfolio

We intend to continue to focus on reducing our impaired assets with the objective of reducing our NPA levels, while improving the quality of our assets. We believe that effective risk management is essential to our growth, strategic planning and long-term sustainable development. We plan to continue strengthening our risk management and internal control capabilities by improving our policies and procedures and introducing advanced risk management tools. Our risk management and credit evaluation processes, coupled with our ability to evaluate and appropriately price risk, have helped us reduce our NPAs, restructured standard assets and Special Mention Accounts Category 2 ("**SMA2**"). Our Bank's net NPAs, net restructured standard assets, and SMA2s 0.25%, 2.45% and 0.69% of our Bank's net advances, respectively, as of March 31, 2023. Our Bank's gross NPAs as a percentage of gross advances was 7.23%, 3.94% and 2.47% in Fiscals 2021, 2022 and 2023, respectively, and our Bank's net NPAs as a percentage of net advances was 2.48%, 0.97% and 0.25% in Fiscals 2021, 2022 and 2023, respectively.

Emphasis on retail, agriculture and MSME segment

We will continue to focus on growing our RAM portfolio in order to diversify and minimise the risk of our weighted assets as part of our strategy to increase the quality of our credit portfolio. In addition, we believe that our priority sectors, such as agriculture and MSME industries, offer large and potentially profitable growth opportunities. As at March 31, 2023, our Bank's advances to retail, agriculture and MSME sectors represented 24.80%, 13.36% and 18.99% of our Bank's total advances, respectively, and together the RAM sectors represented 57.15% of our Bank's total advances. In comparison, as at March 31, 2022, our Bank's advances to retail, MSME and agriculture sectors represented 26.19%, 14.03% and 19.43% of our Bank's advances, respectively, and together the RAM sectors represented 59.65% of our Bank's total advances.

We intend to maintain and enhance our position in agricultural lending and further strengthen our ties with the agricultural community and related agri-based industry participants. We have a nationwide presence in, and extend finance to, the MSME industry. We intend to further expand its MSME sector banking activities, which is in the process of getting further integrated into the formal Indian economic and banking system after the implementation of the GST regime.

We also aim to continue our growth in the size of our RAM loans. In Fiscal 2021, Fiscal 2022 and Fiscal 2023, our Bank's average ticket size of advances in our RAM portfolio was ₹0.38 million, ₹0.45 million and ₹0.53 million, respectively.

As part of the Bank's strategy to focus on its RAM banking business, the Bank has undertaken the following initiatives, among others:

- Establishing dedicated central processing cells for commercial loans for processing of proposals.
- Launching digital lending products under co-lending arrangements with a NBFC.
- Establishing 60 MSME specialized branches for a more focused approach towards MSME lending.
- Implementing central sector schemes under Agriculture Infrastructure Fund ("AIF"), Animal Husbandry Infrastructure Fund ("AHIF"), Pradhan Mantri Formalization of Micro Food Processing Enterprises Scheme of ("PMFME").
- Maha Bank Gold Loan Point have been opened across India to popularize and enhance gold loan lending of our Bank. Maha Bank Gold Loan Points facilitate quick, transparent and hassle free Gold Loan sanctioning.
- Establishment of specialised Housing Finance Branches across India to boost Housing Loan Segment.
- Reviewed and Refined our Retail products to make it more competitive in market.
- Improving retail advances by revamping the existing central processing Centers ("CPCs") system and adopting Standard operating procedure ("SOPs") for faster delivery. CPC-Retail at all zones and Maha Bank Retail points at Pune and Mumbai for Quality Process.
- Our Bank has recently made some major amendments in engaging Direct Sales Agents ("DSA") policy so as to make it more attractive and introduced Education Loan Counsellor ("ELC") for sourcing education loans for abroad studies.
- Corporate Tie-ups with institutions / corporate office to bulk mobilize different retail schemes by offering attractive / concessional features.
- Our Bank offers competitive rate of interest in home loan and personal loan to boost the Credit growth in the segment.

Focus on growth of our core retail business

We believe that retail lending has its inherent benefits for our Bank in terms of risk diversification, risk adjusted return, scope for cross selling and stability to the credit portfolio. Over the years, our Bank has increased its focus on retail lending, which stands at 24.80% of the Bank's total advances as at March 31, 2023. Our Bank's advances to the retail sector (housing, vehicle etc.) have increased at CAGR of 23.12% to ₹286511.50 million from Fiscal 2021 to ₹434,326.03 million in Fiscal 2023, which constituted 24.80% of our Bank's gross advances for Fiscal 2023. As of March 31, 2023, our Bank's advances to the retail sector (housing, vehicle, etc) were ₹434,326.03 million.

We intend to improve our retail lending profile by expanding our retail banking business through the acquisition of new customers, providing a convenient banking experience to existing customers, offering differentiated products and solutions to meet the specific needs of particular customer demographics, and deploying sufficient manpower to cater to this particular segment. As part of our strategy to focus on retail customers, we plan to customize and introduce new products, improve our lending processes and distribution channels. GoI initiatives towards affordable housing such as 'housing for all' under Pradhan Mantri Awas Yojana ("PMAY") scheme, and Credit Linked Subsidy Scheme ("CLSS") have increased housing demand. Our presence in rural Maharashtra along with these government initiatives is expected to further increase the share of housing loans to total retail portfolio. Further, as part of our strategy to focus on this segment we have launched an array of retail loan products for varied customer class like housing loan, vehicle loan, education loan, personal loans and other retail loans, overdraft facility to salary accounts, gold loan, mortgage loan and loan for pensioners. We also intend to launch additional schemes/ campaigns to increase our housing loan, vehicle loan and property loan. Further, we have set up a 'Gold Loan' wing, which is exclusively focused on providing gold loans to our customers. We also intend to market our retail

credit products to employees of several GoI and state government departments, multinationals and corporations, real estate developers and automobile manufacturers and dealers. Our focus on retail lending will also allow us to diversify our risk profile, increase our interest income and improve efficiency in capital utilization. With an increased retail base, we believe that we will be able to generate significant opportunities for cross-selling. We have designed our retail loan products keeping in mind the financing needs of every member of a family, true to our tag line '*Ek Parivar, Ek Bank*'. To augment growth in retail advances, we have identified branches to focus our efforts and have set up gold points and branches for gold loans. We plan to customize and introduce new products, improve our lending processes and distribution channels, such as tie ups with various automobile companies for quick vehicle loan proposal processing and introduction of various incentive schemes for automobile dealers.

Focus on cross selling of products

With an increased retail base, we believe that we will be able to generate significant opportunities for cross-selling. We have set up 42 specialized retail loan central processing cells across the country, one at each of our zonal offices which ensures quick turnaround of loan proposals. We intend to organize focused campaigns for vehicle and housing loans in festive seasons and other region-specific occasions and outcomes of such campaigns organized in the past were highly encouraging. In addition, the Bank has undertaken the following cross selling initiatives, among others:

- Introduction of a locker facility, which is used in connection with cross selling to our retail loan borrowers and establishing a long term relationship with our customers
- Introduction of a credit life insurance scheme for retail loan borrowers has been introduced to all existing and new retail borrowers.
- Introduction of pre-approved personal loans to existing corporate salary account holders.

We intend to grow our income from fee-based services by introducing new products and services and by cross-selling our offerings to our existing customers. We also intend to pursue strategic relationships with corporate entities and the GoI and state governments to provide our products to their employees and customers.

Strategize and innovate to increase non-interest income

In addition to loans and other interest generating products, the Bank's integrated branch and electronic banking network and its increasingly diversified product and service portfolio has enabled it to generate fee and commission-based income from services such as credit cards, foreign exchange cards, mobile payments and point of-sale payments, treasury and trade services, government business and cash management services, among others. For Fiscal 2021, Fiscal 2022 and Fiscal 2023, our Bank has generated fee based income amounting to ₹10,410.13 million, ₹12,333.42 million and ₹13,091.15 million respectively, representing 7.18%, 7.87% and 7.20% of our Bank's total income. We intend to focus on increasing our fee-based income by expanding our third-party product offerings. As of March 31, 2023, these third-party products included life, general and health insurance products, and mutual fund distribution services. We intend to increase our fee-based services and alliances and engage in further cross-selling of our offerings to our existing customers. For example, we have entered into agreements with leading mutual fund companies for the distribution of their mutual fund products. We market, sell and distribute, as may be applicable, insurance products of certain large corporations and companies. We intend to focus on and develop this revenue stream further by scaling up our digital channel promotion of the insurance and mutual fund products in the Bank's digital platforms of mobile and internet banking apart from dedicated business campaigns.

Arresting delinquency and robust recovery of NPAs

One of our Bank's major area of focus is on asset recovery and NPA management. Our Bank's gross NPAs as a percentage of gross advances were 7.23%, 3.94% and 2.47% in Fiscal 2021, 2022 and 2023, respectively, and our Bank's net NPAs as a percentage of net advances were 2.48%, 0.97% and 0.25% in Fiscal 2021, Fiscal 2022 and Fiscal 2023, respectively. We intend to contain our NPA levels by improving the quality of credit disbursed through credit assessment, a robust monitoring framework, one-time settlements and exclusive monitoring of small value NPA and written off NPA accounts. We have introduced an online digital one-time settlement platform for the settlement of NPA accounts, as well as a structured settlement scheme. We also undertake proactive monitoring of accounts, having set up a centralised call centre for the monitoring of special mention account borrowers under the retail and MSME sector.

To further support our efforts in asset recovery and management, we have set up a credit compliance and monitoring vertical, a stressed assets management vertical, and a distressed asset recovery team to improve recoveries and prevent slippages in the collection of loans process.

Focus on increasing profitability

We intend to drive profitability by growing our interest income from our RAM business and increasing our fee-based income while controlling our operating costs. We have been implementing a focused strategy towards rationalization of our branch network and manpower. In order to increase our operating profit, our bank has undertaken various initiatives as enlisted below:

- The Bank has centralised some functions which were earlier performed in the branches such as TDS and tax audit functions.
- The electronic mails and digital channels were preferred over physical communication in order to save postage and courier expenses.
- Video conferencing were preferred instead of physical meetings in order to save travelling and other expenditure.
- The electrical audits were performed in field offices and suitable actions were taken to save electricity expenses.

Open new banking outlets to expand our Bank's network

Our distribution network and geographic presence has allowed us to attract interest free current account and low-cost savings account deposits leading to a stable CASA deposit base. In addition, our branch network allows us to drive growth in advances in our RAM banking business. Accordingly, our Bank is looking to expand its branch network. Our Bank is increasing its banking outlets to cover districts (especially in Southern and Northern India) where we expect that the Bank will be able to increase its CASA Deposits as well as RAM sector advances including gold loans. We intend to continue to leverage our network to tap additional CASA accounts and to increase our marketing efforts to corporates and GoI agencies to handle their CASA accounts. We believe that by leveraging our core banking solution platform, internet and mobile banking systems, we will be able to increase our customer base, thereby increasing CASA deposits.

Currently, our branch and ATM network is spread across metropolitan cities as well as rural and urban areas and caters to a diverse customer base. We also intend to focus on ensuring high customer satisfaction standards across our various customer interfaces through centralized customer support services. We intend to continue to expand our branch network, strategically focused on retail business. We intend to increase the number of on-site and offsite ATMs along with the number of cash deposit machines and passbook kiosks at our branches in order to increase accessibility of these services to our customers.

Adopting Digital Platform for on-boarding of customers, operations & compliance

We have been significantly upgrading its technology and plans to continue to do so in order to capture deposits at a lower cost, bring down costs of resources, facilitate cross selling and enhance customer service and operational efficiency, including the use of a document management service to optimize internal processes. As of the date of this Placement Document, our Bank has rolled out its Core Banking Solution in all branches. We have adopted an integrated marketing strategy to promote Retail, Agri, MSME products and digital banking services. The marketing team participated in various expos in the physical and virtual modes under the Retail, Agri & MSME sectors to increase our presence and business mobilization.

We intend to utilize data analytics to improve lead generation and are working to fully digitize our loan processing end to end. We have also partnerships with financial technology companies and is exploring digital lending through our electronic platforms. We have s launched digital lending products under co-lending arrangement with various NBFCs which enable end to end digitization of MSME loans. Using technology, the Bank intends to increase cross-selling opportunities, reduce costs, and enhance our customer experience.

Corporate/wholesale banking

Our corporate/wholesale banking segment includes our corporate and commercial banking, our agriculture banking and our micro, small and medium enterprise sector ("MSME") banking.

Corporate and commercial Lending

We provide our corporate and institutional clients in the public and private sector with commercial banking products and transactional services, including deposit products. Our principal commercial banking products include a range of financing products, documentary credits (primarily letters of credit) and bank guarantees, foreign exchange and derivative products, investment banking services and corporate deposit products. Our financing products include loans, overdrafts, bill discounting and credit substitutes, such as commercial paper, debentures and other funded products. We also offer foreign exchange and derivatives products to assist corporations in managing their currency and interest rate exposures.

Our customers for our commercial banking products include companies that are part of private sector business groups, public sector enterprises and multinational corporations, as well as small and mid-sized businesses. Our customers also include suppliers and distributors of corporations to whom we provide credit facilities and with whom we thereby establish relationships as part of a supply chain initiative for both our commercial banking products and transactional services.

Our principal financing products are working capital facilities and term loans. Working capital facilities primarily consist of cash credit facilities and bill discounting. Cash credit facilities are revolving credits provided to our customers that are secured by current assets such as inventory and accounts receivable. We offer overdraft and cash credit limits against stocks, inventories and receivables. We offer term loans for investment in fixed and other assets, such as plant and machinery, sheds, buildings, furniture payable in instalments and long-term projects. In addition, we provide loan facilities in foreign currencies to our customers as well as domestic letters of credit. We also issue guarantees on behalf of our customers to guarantee their financials, performance and bid bond obligations, which are generally secured by account indemnities, counter guarantees and/or a fixed or floating charge on the assets of the borrower, including cash deposits. Further, we offer pre and post-shipment financing, forward covers, buyer's credit and finance in foreign currency.

As of March 31, 2021, 2022 and 2023, our Bank's advances in the corporate and commercial sector amounted to ₹396,677.70 million, ₹545,706.02 million and ₹750,436.23 million, respectively, which represented 36.85%, 40.35% and 42.85%, respectively, of our Bank's total advances in such periods.

Priority Sector Lending

The lending norms of the RBI as prescribed under Master Directions – Priority Sector Lending (PSL) – Targets and Classification, require every scheduled commercial bank to extend 40.00% of its adjusted net bank credit (“ANBC”) or credit equivalent of off-balance sheet (“CEOBE”) purposes, whichever is higher, to certain eligible sectors which include (i) agriculture; (ii) MSMEs; (iii) export credit; (iv) education; (v) housing; (vi) social infrastructure; (vii) renewable energy and (viii) others. Further, it also prescribes the details of eligible activities under the aforesaid categories.

If we are unable to meet our priority sector lending requirements, we will subsequently be required to place the difference between the required lending level and actual priority sector lending in an account with the NABARD under the Rural Infrastructure Development Fund Scheme, or with other financial institutions specified by the RBI, which generate lower levels of interest compared to advances made to the priority sector. Further, subsequent deposits placed by banks on account of non-achievement of priority sector lending targets or sub-targets are not eligible for classification as indirect finance to agriculture or MSMEs, as the case may be. We have met the RBI's PSL targets in each of the last three fiscal years. Recently, in order to increase the ambit and benefits of the PSL under the RBI guidelines, the Government of India has decided to include retail and wholesale trade under the ambit of MSME.

Agriculture Lending

We offer a wide variety of products and schemes under agricultural financial services, including advances to agriculture allied activities, agriculture infrastructure and ancillary activities. Our loans to the agricultural sector consist of loans to individual farmers, groups of farmers and corporates. We extend crop loans to farmers to meet their working capital requirements for agriculture operations and allied activities. We provide credit facilities to farmers for the purchase of tractors, agriculture implements and vehicle. We also lend money to small and marginal farmers for the purchase of agricultural land.

To ensure hassle free, need based and timely disbursement of agriculture credit, we have simplified the forms for “Maha Kisan Credit Card” scheme, “Mahabank Gold Loan Scheme- Agriculture”, “Mahabank Kisan Tatkal” scheme, “Mahabank Farm House Loan” scheme for construction of farmhouse to agriculturist, “Maha Krishi Samruddhi (MKSRY)” scheme for Agro and Food processing, scheme for marketing loans to farmers against storage of agricultural commodities and bulk financing to warehouse / cold storage and other agriculture loans. In addition, we provide farmers with credit facilities for the rescheduling and re-phasing of existing loans if they are unable to repay their existing loans due to various reasons, including natural calamities.

Our agriculture finance portfolio helps us to meet our priority sector lending obligations, where our Bank is required to lend 18% of our Adjusted Net Bank Credit (ANBC) or Credit Equivalent of Off-Balance Sheet Exposures (CEOBE), whichever is higher, towards agriculture 9.50% of which is prescribed for Small and Marginal Farmers (“SMFs”) and 11.50% is prescribed for Weaker Sections.

As of March 31, 2021, 2022 and 2023, our Bank's advances to the agricultural sector amounted to ₹162,019.80 million, ₹189,677.54 million and ₹233,996.91 million respectively, which represented 15.05%, 14.03% and 13.36% respectively, of our Bank's total advances in such periods.

Micro, Small and Medium Enterprise ("MSME") Sector

Our Bank offers various schemes targeting micro-enterprises, term loan facilities for manufacturing and service sector enterprises, financial support to professionals and technically qualified entrepreneurs, equipment loans for construction companies, financing for fleet operators, asset backed loans to provide loans against property. Recently, in order to increase the ambit and benefits of the PSL under the RBI guidelines, the Government of India has decided to include retail and wholesale trade under the ambit of MSME.

As at March 31, 2023, we had 60 MSME designated branches. We have installed a dedicated toll-free telephone connection at our head office to address all queries of entrepreneurs in the MSME sector. We have set up a MSME care centre at all our zonal offices to improve lending and to redress the grievances of our customers under this sector. With the introduction of Pradhan Mantri MUDRA Yojana which mainly consists of non-farm enterprises in manufacturing, trading and services whose credit needs are below ₹1 million, our Bank is giving special attention to this segment. Loans given to this segment for income generation are known as MUDRA loans under Pradhan Mantri MUDRA Yojana and branded accordingly. We have introduced various loan schemes to the MSME sector including *Mahabank GST Credit Scheme, Mahabank MSME Project Loan Scheme, Mahabank MSME Cash Credit Scheme, Mahabank MSME Hospitality Finance, Mahabank Loan Scheme for doctor, CA, Engineers and Architect and Mahabank Contractor Scheme.*

Our Bank is financing Progressively under SUI, PMSVANidhi schemes to eligible MSME borrowers. Bank has entered into co-lending arrangement with leading NBFCs to reach out to MSME entrepreneurs. Our Bank is using Online PSB59 platform for MSME loan lead sourcing. The objective of the platform is automating the loan making process for the MSME industry.

As of March 31, 2021, 2022 and March 31, 2023, our Bank's advances to the MSME sector amounted to ₹231,328.72 million, ₹262,791.03 million and ₹332,436.17 million, respectively, which represented 21.49%, 19.43% and 18.98%, respectively, of our Bank's total advances in such periods.

We provide housing loans with a maximum tenor of 30 years. We offer our “Maha Super Housing Loan” scheme for purchasing plots and construction homes thereon, for construction and acquiring of new or existing houses or flats and for extensions, repairs, renovations and alterations of existing houses and flats. Our Bank's housing finance portfolio increased from ₹179,098.46 million in Fiscal 2021 to ₹251,810.61 million in Fiscal 2023. Bank also offers Flexi Housing Loan Scheme for HNI clients to get the benefit of Interest by way of balance in linked SB account.

Vehicle Loans: We offer a variety of loans including new two-wheeler loans and new and used four wheelers for personal and commercial purposes. In addition to our general marketing efforts for retail loans, we market this product through our relationships with car dealers, direct sales agents, corporate packages and joint promotion programs with automobile manufacturers. We offer “Maha Super Car Loan Scheme” for purchase of new four wheelers and “Maha Bank Vehicle Loan Scheme” for purchase of two wheelers and second hand cars. Our Bank's vehicle loan portfolio increased from ₹17,983.12 million in Fiscal 2021 to ₹23,863.97 million in Fiscal 2023. Bank has recently launched Green Car Loan scheme to finance the EVs.

Education Loans: We also offer education loans to individuals for higher education and vocational courses in India and abroad, and, recently, we introduced our *Model Education Loan Scheme* for students. Our Bank's education loan portfolio increased from ₹12,877.26 million in Fiscal 2021 to ₹18,286.38 million in Fiscal 2023.

Personal Loans: We offer “Maha Bank Personal Loan Scheme” for assisting individuals to meet their various family and personal needs during their service or after retirement such as medical expenses, purchase of consumer durables and marriage expenses. Bank offers lowest Rate of Interest in Personal loan starting at RLLR + 0.20% at present.

Other retail loans: We also offer gold loans, loans against securities, business purpose loans against residential and commercial property as collateral etc. We also offer loans against equity shares, mutual fund units, bonds issued by the RBI and other securities that are on our approved list.

As of March 31, 2021, 2022 and 2023, our Bank's advances to the retail sector amounted to ₹286,509.33 million, ₹354,222.20 million and ₹434,326.03 million, respectively, which represented 26.61%, 26.19% and 24.80%, respectively, of our Bank's total advances in such periods.

Our Bank established Centralised Processing Cells (“CPCs”) for processing and sanctioning of commercial and retail advances at all its zones to improve the turnaround time (“TAT”) in facilitating timely credit.

Our retail banking business also include retail deposits. Over the years, we have developed a strong customer base, which has provided us with low cost of funding opportunities and has been a source of strength for our liability portfolio. A large portion of our deposit base is retail which provides us with a deposit base with a lower concentration risk and increasing spread of our liability portfolio. We believe that retail credit has significant advantages including a better risk spread, higher yield and cross-selling opportunities.

Our Bank’s ratio of retail deposits (CASA+ Retail term Deposits) to total deposits in Fiscal 2021, Fiscal 2022 and Fiscal 2023 was 97.78%, 95.16%, and 86.91% respectively. Our Bank’s CASA ratio was 53.99% as of March 31, 2021, 57.85% as of March 31, 2022 and 53.38% as of March 31, 2023. For further information, see “Deposits” below.

Treasury Segment

Our treasury operations consist of managing our funds and liquidity, investing in debt and equity products and maintaining required regulatory reserves. We also have a proprietary trading book in debt/equity and foreign exchange within the framework of our treasury policy. Our treasury operations also include a range of products and services for corporate and commercial customers such as forward contracts, interest rate and currency swaps and foreign exchange products and services. Treasury maintains the statutory reserves of cash reserve ratio (“CRR”) and statutory liquidity ratio (“SLR”) prescribed by RBI, meets our short term liquidity requirements in domestic and foreign currencies effectively, manages our SLR and Non-SLR investment book, trades in interest rate, equity and forex instruments, utilizes arbitrage opportunities available across markets and also provides crucial market related inputs in our asset liability management.

Under RBI’s SLR requirement, as of March 31, 2023, we are required to maintain an amount equal to at least 18% of our demand and time liabilities in approved securities such as central and state government securities and other approved securities. As of March 31, 2023, SLR securities consisted of 27.60% of our Bank’s demand and time liabilities. Under the RBI’s CRR requirements, as of March 31, 2023, our Bank is required to maintain a minimum of 4.50% of our Bank’s eligible demand and time liabilities in a current account with RBI. As of March 31, 2023, 100% of requirement of our Bank’s net demand and time liabilities were maintained in current accounts with RBI. RBI pays no interest on these cash reserves. For further information on our CRR and SLR requirements, see “Selected Statistical Information” on page 107.

Our treasury operations are the focal point for the management of our market risk. We undertake liquidity management by seeking to maintain an optimum level of liquidity while complying with SLRS and CRR. Treasury conducts its operations in accordance with the Board approved investment policy which sets limits, controls, accounting policies and general guidelines for the treasury operations, including the parameters of investments in securities. Our investment portfolio is managed with a view to capitalize on the market movements in interest rates and credit spread, to maintain a balanced portfolio, to minimise risk, to ensure deployment of surplus cash in securities at attractive yields while maintaining adequate liquidity. The overall objective of our treasury activities is to earn optimal return on deployed investments and to minimize credit risks assumed in our investment and trading activities.

In addition to our conventional deposit products, we offer a variety of special value-added products and services thereby increasing product offerings and providing greater convenience for customers, such as higher rate deposit accounts for senior citizens. We offer deposit for NRIs, under various category such as NRO, NRE and FCNR B

deposits, which gives the convenience of variable monthly recurring deposit instalments and special NR deposits with higher return by way of forward-booking of underlying foreign currency.

Deposits for Non-Resident Indians

In addition to providing remittance services to NRIs, we allow NRIs to open various types of deposit account. Our total NRI deposit portfolio was ₹16,399.95 million, ₹16,810.59 million and ₹15,923.70 million, respectively, for Fiscal 2021, Fiscal 2022 and Fiscal 2023.

We offer the following deposit products to NRIs:

Foreign Currency Non-Resident Deposits: We offer foreign currency deposits in five currencies, including the U.S. dollar, the Pound Sterling, the Euro and the Japanese yen. The principal as well as the interest on these deposits are fully repatriable outside of India and interest and principal are repaid in the currency of deposit. The terms of these deposits range from a minimum of one year to a maximum of three years.

Non-Resident External Fixed Deposits: These deposits are established in Rupees and are maintained for periods from a minimum of one year to a maximum of ten years. The principal and interest from these accounts are fully repatriable outside India. Loans can be granted against these deposits for up to 90% of the deposit amount.

Non-Resident External Savings Accounts: Non-Resident External Savings Accounts are maintained in Rupees. The balances in these accounts are fully repatriable outside India. We also offer zero interest bearing current account for NRI customers.

Non-Resident Ordinary Deposits: These products are offered primarily to NRIs who also derive income from India. These products are offered as savings bank deposits as well as fixed deposits. The interest rates and terms are structured along the same lines as domestic deposits.

Foreign Exchange and Derivatives

Our foreign exchange and derivative product offering to our customers covers a range of products, including forward exchange contracts. These transactions enable our customers to transfer, modify or reduce their foreign exchange and interest rate risks. Forward exchange contracts are commitments to buy or sell foreign currency at a future date at the contracted rate. Currency swaps are commitments to exchange cash flows by way of interest in one currency against another currency and exchange of principal amounts at maturity based on predetermined rates. Rupee interest rate swaps are commitments to exchange fixed and floating rate cash flows in rupees. A forward rate agreement gives the buyer the ability to determine the underlying rate of interest for a specified period commencing on a specified future date (the settlement date) when the settlement amount is determined being the difference between the contracted rate and the market rate on the settlement date. Currency options give the buyer, the right but not an obligation, to buy or sell specified amounts of currency at agreed rates of exchange on or before a specified future date.

As of March 31, 2021, 2022 and 2023, our Bank had notional principal amounts in respect of exchange traded interest rate derivatives of nil, ₹200.00 million and ₹185.50 million, respectively

Branches and other distribution channels

We deliver our products and services through a variety of distribution channels, including branches, ATMs, telephone and mobile banking and internet banking.

As of March 31, 2023, our Bank's distribution network included 2,203 branches and 60 CSP across 28 States and 6 Union Territories in India. In Fiscal 2023 our Bank added net 199 banking outlets, respectively to our network in India. All of our branches are electronically linked so that our customers can access their accounts from any branch regardless of where they have their accounts. As of March 31, 2023, our Bank had 2,330 ATMs and 42 zonal offices. Further, as of March 31, 2023, our Bank had approximately 29.6 million customers.

Banking outlets

Almost all of our branches focus exclusively on providing retail services and products, though a few also provide wholesale banking services. The range of products and services available at each branch depends in part on the

size and location of the branch. We offer various banking services to our customers through our arrangements with correspondent banks and exchange houses in overseas locations.

The following table sets out details of our Bank's branches as of March 31, 2023.

Certain key operating parameters

Loan concentration

We have an internal credit policy on portfolio diversification. Our total financing exposure in a particular business is evaluated in accordance with business wise growth. Our credit/credit monitoring department monitors sector wise exposure. Major changes in the industrial segments are closely monitored and corrective actions are initiated.

Capital Adequacy

We are subject to regulations relating to capital adequacy of banks, which determines the minimum amount of capital we must hold as a percentage of the risk-weighted assets on our portfolio, or capital-to-risk asset ratio ("CRAR"). The RBI requires banks in India to maintain a minimum CRAR of 11.50% (including capital conservation buffer) of risk weighted average ("RWA") from October 1, 2021. In addition, RBI issued the RBI Basel III Capital Regulations on May 2, 2012 applicable to our Bank for International Settlement's Basel III international regulatory framework and was implemented on April 1, 2013. The RBI Basel III Capital Regulations require, among other things, higher levels of Tier I capital and common equity, capital conservation buffers, maintenance of a minimum prescribed leverage ratio on a quarterly basis, higher deductions from common equity and Tier I capital for investments in subsidiaries and changes in the structure of non-equity instruments eligible

for inclusion in Tier I capital. The RBI Basel III Capital Regulations also set out elements of regulatory capital and the scope of the capital adequacy framework, including disclosure requirements of components of capital and risk coverage.

The transitional arrangements for the implementation of Basel III capital regulations in India began on April 1, 2013 and the guidelines are required to be fully implemented by April 1, 2021. The RBI Basel III Capital Regulations were expected to be fully implemented by March 31, 2019. However, the RBI had deferred the implementation of the last tranche of 0.625% of capital conservation buffer from April 1, 2021 to October 1, 2021. Our Bank is required by the RBI to maintain a minimum capital adequacy ratio of 11.50 (including capital conservation buffer of 2.50%) in relation to our total risk weighted assets as of March 31, 2023.

The following table sets forth, for the periods indicated, our Bank's capital adequacy ratios computed as per applicable RBI guidelines:

Asset Classification

Non-Performing Assets

The Bank has in the past suffered losses through impairment of loans as some borrowers were impacted by negative trends in the global marketplace, recessionary conditions in the domestic economy, increased competition and volatility in industrial growth and commodity prices. Our Bank has adopted several measures to refine its credit selection processes and appraisal capabilities.

a) Our Bank is focusing on:

1. Newly slipped accounts for upgradation.
2. To reduce small accounts, particularly agriculture NPA accounts having balance up to ₹1 million.

- b) Our Bank has been making intensive follow-ups with the defaulting borrowers through visits, letters, notices, Recovery Camps, Lok Adalats, Mahabank Adalats and actions under SARFAESI / DRT Act. We have also engaged the services of recovery agents and resolution agents.
- c) Our Bank's management is regularly interacting with Zones, Top 4 SAM Branches & 13 ARBs (the total NPA portfolio entrusted with Top 4 SAM Branches and 13 ARBs are more than 70%) through video conferencing. Our NPA management and NPA recovery are amongst the focus points of the review with the Zones. Concerted efforts at the field level on these recovery issues are emphasized.

The management of NPAs has been one of the focus areas of the Bank. Towards this goal, our Bank has focused on:

- **Action under SARFAESI / DRT**- Timely actions and follow up in SARFAESI/ DRT cases including e-auctions, private treaty etc. are undertaken. Banks has launched My-Kase mobile based application for daily monitoring of DRT/Civil suit filed cases.
- **Follow up of NCLT cases**- All the NCLT cases were thoroughly followed up for early resolutions. Follow up with Resolution Professionals are done on regular basis to speed up the resolution process. Section 7 application of IBC 2016 is being initiated against the eligible corporate debtors. Under Sec 95 of IBC- PIRP is being initiated against the personal guarantor.
- **Lok Adalats & Mahabank Adalats**- Special Lok Adalats & Mahabank Adalats are conducted on regular basis. In addition to the Adalats, Recovery Drives / Camps are organized to boost the recovery.
- **Special OTS schemes** – Structured OTS schemes for accounts with o/s balance up to ₹500 million are introduced with liberal terms.
- **Reducing Fresh Slippages**- Focused efforts to upgrade the newly slipped accounts by recovering the overdue, being soft targets. Follow up with borrower is done right from SMA 0, 1 & 2 level to arrest fresh slippages.
- **Loan Tracking Cell**- A special cell is put in place for effective follow up with borrowers through phone calls on day to day basis to get recovery and upgradation.
- **Outsourced Agencies**- Services of Debt Recovery Agents, Resolution Agents, Enforcement Agents, are being utilized for effective follow up to get recovery / OTS etc.

Restructured Assets

The RBI has issued separate guidelines for restructured assets. A standard asset can be restructured by rescheduling principal repayments and/or the interest element, but it must be separately disclosed as a restructured asset. The amount of sacrifice, if any, in the element of interest, measured in present value terms, is either written-off, or provision is made to the extent of the sacrifice involved. Similar guidelines apply to substandard assets. The sub-standard assets which have been subjected to restructuring as per earlier guidelines of RBI, whether in respect of a principal instalment or an interest amount, are eligible to be upgraded to the standard category only after the specified period, which is a period of one year after the date when first payment of principal or interest, whichever is earlier, falls due, subject to satisfactory performance during the period.

The following table sets forth a summary of our Bank's restructured assets as of, and for the year ended, March 31, 2023.

Risk Management

Risk is inherent in our business and sound risk management is critical to our success. The major types of risk we face are credit risk, market risk, liquidity risk, interest rate risk and operational risk. We have developed and implemented comprehensive policies and procedures to identify, assess, monitor and manage our risk. Our Bank has put in place various risk management policies and strategies, which enables us to identify, measure, monitor and manage risk efficiently and establish control systems in line with our Bank's aggregate risk appetite. Bank has constituted Risk Management Committee at Board level to monitor the risk at Bank level in accordance with RBI Guidelines. Bank has also constituted sub-committees headed by top management of our Bank. Our Bank is compliant with the RBI guidelines on disclosure requirements under Basel III Capital Regulations. We have also constituted sub-committees such as Credit Risk Management Committee ("CRMC"), Market Risk Management Committee ("MRMC"), Operational Risk Management Committee ("ORMC") and Asset Liability Management Committee ("ALCO") to monitor the specific risk areas. Our Bank has implemented Internal Capital Adequacy assessment process ("ICAAP"). The ICAAP process captures Pillar I and Pillar II risks as part of its comprehensive risk assessment process.

Our Bank has in place Board approved investment management policy market risk management policy and asset liability management ("ALM") policy for effective management of market risk. The above policies lay down well-defined organization structure for market risk management functions and processes whereby market risks carried by our Bank are identified, measured, monitored and controlled within policy framework consistent with Bank's risk tolerance. Policies deal with reporting framework for effective monitoring of market risk and also set

various risk limits such as overnight limit, intra-day limit, aggregate gap limit, stop loss limit, VaR limit etc. Exposure limits are set for counterparty banks and exposures are monitored on daily basis.

ALM Policy deals with liquidity risk and interest rate risk management framework. Bank has put in place mechanism of short-term dynamic liquidity management and contingency plan for liquidity management. Prudential (tolerance) limits are set for different residual maturity time buckets for efficient asset liability management. Our Bank's contingency plan for liquidity management comprises various contingent measures to deal with any kind of stress on liquidity position. Our Bank has in place Board approved stress testing policy and conducts periodic stress tests on liquidity risk, interest rate risk and foreign exchange risk. Interest rate risk is monitored through use of gap analysis of rate sensitive assets and liabilities. Our Bank has also put in place duration gap analysis framework for management of interest rate risk. Our Bank estimates earnings at risk and modified duration gap periodically against adverse movement in interest rate for assessing impact on Net Interest Income (NII) and Economic Value of Equity (EVE).

Asset Liability Management Committee monitors adherence of prudential limits fixed by our Bank and determines strategy in light of market conditions. Dealing room activities are centralized and system is in place to monitor dealing room activities. Mid-Office at Treasury and International Banking Department also monitors adherence of prudential limits on a continuous basis.

Market Risk Management Policy - To ensure that our Bank's operations are in line with management expectations of return vis-à-vis market risk, it is crucial to define a set of principles and processes in place for articulating how our Bank plans to manage market risks it faces, in Trading or Banking Book. Our Bank's Market Risk Management Policy aims to set out broad outlines of processes by which market risks carried by our Bank shall be managed i.e. identified, measured, controlled and monitored in such a way that risk taken is within the approved risk tolerance limits. The scope of this policy covers market risks arising from our Bank's "Trading book" and investment portion of "Banking book".

Operational Risk Policy – Our Bank has framed Operational Risk Management Policy in line with RBI Guidelines for Advanced Approaches for Operational Risk. Other policies which deal with management of operational risk are (a) Information System Security Policy, (b) Business Continuity Planning Policy, (c) Compliance Policy, (d) Outsourcing Policy and (e) Fraud Risk Management Policy. Our Bank has been constantly reviewing legal documents to ensure that legal documents are comprehensive and enforceable. As a measure of risk transfer, Bank has obtained insurance cover for all assets owned by our Bank. It is also ensured that assets financed by our Bank are also adequately insured, as a risk mitigation measure. The operational risk management policy outlines organization structure and detail processes for management of operational risk. Basic objective of policy is to closely integrate operational risk management system into day-to-day risk management processes of our Bank by clearly assigning roles for effectively identifying, assessing, monitoring and controlling / mitigating operational risks and by timely reporting of operational risk exposures including material operational losses. Operational risks in our Bank are managed through comprehensive and well-articulated internal control framework.

Internal Control System

We have a separate audit and inspection department which subjects all the branches including international division, investment cell, service branches and every department of the administrative office to regular inspection. Audit Committee of the Board has been constituted in line with the RBI guidelines. Our Audit Committee reviews the adequacy of the audit and compliance function, including the policies, procedures, techniques and other regulatory requirements as prescribed by RBI.

In compliance with RBI guidelines, we do a risk based internal audit of all our branches to promote effective operations, reliable reporting and safeguarding of assets, ensure compliance with regulations and policies and assess and measure various risks and their direction on an ongoing basis. Concurrent audit, revenue audit and information system audit are also conducted at the Branches/Offices throughout the year. Inspection / audit function also ensures timely compliance of all comments / observations of RBS conducted by RBI. We have a compliance function which ensures observance to statutory and regulatory guidelines, internal procedures and policies. The compliance function is overseen by the ACB.

Customer Base

The Bank's customer base is comprised of large and mid-sized corporates, MSMEs and individuals. The Bank has recently sought to increase its focus on its retail operations.

The Bank's customer relationship is a significant aspect of the Bank's business model and is, therefore, one of the primary objectives of the Bank. The Bank strives to achieve this goal through regular interaction with customers and strengthening of relations, with the aim of increasing customer retention.

Although the Bank has a considerable customer base, it has a relatively high concentration of loans to certain borrowers, borrower groups and industry sectors. As of March 31, 2023, our Bank's largest fund based exposures were to Agriculture & allied activity, Housing and Infrastructure sectors at ₹ 294,245.50 million, ₹ 271,497.40 million and ₹ 235,058.5 million, respectively, and representing 14.28%, 13.17% and 11.40%, respectively, of our total fund based exposure as at such date.

As at March 31, 2023 (a) the Bank's ten largest group borrowers amounted to ₹161,240.18 million, representing 135.88% of the Bank's Tier I Capital, which is ₹118,666.10 million; (b) the Bank's exposure to the single largest group borrower as per Large Exposures Framework was ₹25,906.21 million representing 21.83% of the Bank's Tier I capital; and (c) the Bank's exposure as per Large Exposure Framework to its ten largest individual borrowers was ₹167,967.66 million, representing 141.55% of the Bank's Tier I Capital.

For more information, see "Selected Statistical Information" on page 107 and "Risk Factors – In the course of our operations, we are exposed to various categories of borrowers, depositors and industry sectors, and a default by any large borrower, premature withdrawal of deposits or a deterioration in the performance of any of these industry sectors in which we have significant exposure would adversely affect our business, results of operations and financial condition" on page 38.

Customer care and relationship management

As directed by the RBI, we have constituted a Board Level Committee chaired by our Managing Director and Chief Executive Officer and a Standing Committee on Customer Services chaired by our Executive Director. These committees assess the complaints from our customers, and provide necessary directions, from time to time, to improve our customer services. We have introduced a number of customer service initiatives in order to maintain a high standard of customer service. We have also started internet based mechanism, Standardized Public Grievances Redressal System ("SPGRS") for lodging complaints or to give suggestions and feedback on services by the customers and for providing acknowledgment and status of their feedback / complaints as per the directions of GoI.

Fair Practice Code

We have adopted the Fair Practice Code drafted by the IBA and intended to be followed by the entire banking system in dealing with individual customers. Important characteristics of the code include standards for fair banking practices. Copies of the Fair Practice Code are available at our branches.

Credit Counselling Centre / Financial Literacy Centre

RBI has directed the Banks to open credit counselling centres in the respective lead districts to ensure 100% financial inclusion. Accordingly, in pursuance with the guidelines of RBI to set up credit counselling centres, our Bank has rolled out 7 Financial Literacy Centres at Pune, Nasik, Aurangabad, Satara, Jalna, Palghar and Thane.

Lead Bank Scheme

We have been discharging Lead Bank responsibilities in 7 districts of Maharashtra viz. Aurangabad, Jalna, Nasik, Palghar, Pune, Satara and Thane. Every year district credit plans for the districts are prepared and implemented with the cooperation of other member banks as well as in coordination with District Collectors of respective Districts.

Competition

The banking industry in India is highly competitive and we face strong competition in all our principal lines of business. Our primary competitors are Government of India owned public sector banks, private sector banks, foreign banks with operations in India, co-operative banks, and for certain products, non-banking financial institutions, small finance banks, regional rural banks, payment banks and housing finance companies. Our competition primarily entails issues of variety, pricing and quality of products and services, convenience of banking facilities, reach of distribution network and brand recognition, as well as information technology capabilities. Recently, non-bank financial companies, particularly international technology companies including large e-commerce players, have been increasing their presence in the financial sector and offering payment platforms and select services.

An increase in operations of existing competitors or entry of additional banks offering a similar or a wider range of products and services could increase competition. In addition, the moderation of growth in the Indian banking sector is expected to lead to greater competition for business opportunities. The GoI is also actively encouraging banks and other financial institutions to significantly increase their lending to the agricultural sector, which will make this segment more competitive. The RBI has also released guidelines with respect to a continuous licensing policy for universal banks as compared to the earlier practice of intermittently issuing licenses, and has demonstrated an intention to allow the small finance banks to apply for universal banking license under this framework, which may result in greater competitive pressure.

The RBI has also indicated that it plans to give greater access to foreign banks in the Indian market. Because of which, we may also face increased competition from foreign banks if the Indian retail market is further liberalized or if regulations and restrictions upon branch network growth by foreign banks are simplified or reduced, foreign banks may operate in India by establishing wholly owned subsidiaries which are allowed to raise Rupee resources through issue of non-equity capital instruments. Further, under the foreign exchange regulations, an aggregate foreign investment of up to 49.00% under the automatic route, and 74.00% under the government approval route, in Indian private sector banks is allowed. For public sector banks, subject to the Banking Companies (Acquisition and Transfer of Undertakings) Act, foreign direct investment of up to 20% under the government approval route is permitted.

For more information, see “*Management’s Discussion and Analysis of Financial Condition and Results of Operations – Competition*” on page 81 and “*Risk Factors – The Indian banking industry is very competitive and our growth strategy depends on its ability to compete effectively.*” on page 38.

Corporate banking

Our corporate banking products and services face competition from public sector banks, foreign banks, private sector banks and financial institutions in areas such as pricing, rupee loans, foreign currency loans, foreign exchange transactions, trade finance services and cash management services.

Retail Banking

Our retail banking products and services primarily face competition from public sector banks, small finance banks, housing finance companies, as well as existing and new private sector banks and foreign banks. Public sector banks have large deposit bases and wide distribution networks while foreign banks have significant presence among non-resident Indians and also compete for non-branch based products. In mutual fund sales and other investment related products, our principal competitors are brokers, foreign banks and other new private sector banks. We seek to compete with our competitors by offering a wide product portfolio through our branch network and by leveraging our client relationships.

Agriculture banking

Our principal competitors are large public sector banks and the regional rural banks, which have extensive physical presence in India and have traditionally focused on agriculture and priority sector lending.

Treasury Operations

We primarily face competition with respect to our treasury operations from foreign banks, private sector banks and public sector banks engaged in foreign exchange, derivatives and money market business.

Information Technology

We are focused on leveraging technology for client management and to create customer centric and multi – channel solutions such as internet banking and mobile banking. We strive to use information technology as a strategic tool for our business operations to gain a competitive advantage and to improve our overall productivity, efficiency and client satisfaction. In tune with the guidelines issued by the RBI, we have formed a Technology Committee to deal with all aspects of IT Governance including choosing the right IT strategy and monitoring implementation of all strategic IT plans.

We have a robust information security management system framework in place to protect and safeguard the critical information of all stakeholders in order to ensure secure business operations. We have also implemented major security initiatives recommended by Gopalakrishna Committee for internal and external customers. Our Bank has in place a captive Security Operations Centre (SOC) for monitoring critical IT infrastructure on 24 x 7 basis. The process for revamping the existing security operation centre to cyber security operations centre. All of our branches and offices have implemented core banking solution software (B@ncs24). Core banking solution facilitates networking of branches, enabling customers to operate their accounts and avail banking services from any of our branches on the core banking solution network. We have also implemented RTGS and NEFT in all our branches.

Our data centre is hosted in Pune with disaster recovery (“DR”) site at Hyderabad. We have a well-documented business continuity plan and the same is periodically tested with DR drills which ensures our utmost preparedness for dealing with any technological disruptions with zero data loss and near real time recovery providing uninterrupted banking services. Our IT platform lays utmost importance on security as ‘Mahasecure’, a Two Factor Authentication (2FA) Solution for internet banking users responds to the ever evolving information security trends and reflects our responsibility to enhance security features in the Internet Banking facility.

We have implemented a Credit Proposal Trail Management System (“CPTMS”), which enables us to monitor movement and status of credit proposals at various sanctioning levels in order to reduce the turnaround time and ensure timely credit decisions. Various credit monitoring tools developed and implemented help as early warning signals for effective credit monitoring and taking timely action for restricting delinquencies.

Intellectual Property

Our trade name “MahaBank” is registered with the Trademarks Registry, Mumbai and the registration is valid till November 24, 2023.

However, we do not own our logo “”, brand name “Bank of Maharashtra” and other taglines that we use for our services and have not made an application to the Trademarks Registry for registration of the same. For further details, see “Risk Factors –Our intellectual property rights may be subject to infringement or we may breach third party intellectual property rights” on page 38.

Our Subsidiary

The Maharashtra Executor and Trustee Company Private Limited (“METCO”) was incorporated on April 10, 1946 as a private limited company under the Indian Companies Act, 1913 and a certificate of incorporation was issued by Registrar of Companies, Pune. The CIN of METCO is U74999MH1946PTC004874 and it is a wholly owned subsidiary of our Bank.

The main objects of METCO include, *inter alia*, to act as executors, administrators, trustees and to undertake and execute all kinds of, whether private or public including religious or charitable trusts and to carry on the trustee and executor business, act as judicial and custodian trustees of all kinds. The net profit of METCO for Fiscal 2023 was ₹7.57 million. As of March 31, 2023 METCO managed about 1,037 public and private trusts and 1,186 wills in custody for management.

Our Associate

We have sponsored one Regional Rural Bank (“RRB”), Maharashtra Gramin Bank in collaboration with the Central Government and the state government of Maharashtra, having its head office at Aurangabad, Maharashtra. As of March 31, 2023, Maharashtra Gramin Bank had 421 branches covering 17 districts in Maharashtra. In Fiscal 2022-23 Maharashtra Gramin Bank had total business from deposits and gross advances of ₹252,795.21 million

operating profit of ₹2,211.45 million and net advances of ₹94,108.21 million (gross advances of ₹97,007.58 million). The average gross NPAs of Maharashtra Gramin Bank as of March 31, 2023 was 6.84%.

Employees

As at March 31, 2023, we had 12,977 employees. In addition to the basic compensation we provide our employees with allowances such as dearness allowances, house rent allowances, group insurance cover and basic retirement benefits, including pension funds, provident funds and gratuities for eligible employees.

We also provide our employees regular training to enable them to effectively address regulatory and market developments in the banking and financial services industry. We also provide training on certain operational areas such as credit management, foreign exchange related issues, treasury management, risk management, as well as sales and marketing skills, systems and procedures and security. Training programs were also held on thrust areas like financing SMEs, retail lending, agricultural finance, soft skills and rural development. We have in place comprehensive HRM Policies that provides the road map for acquiring appropriate and need based human resources, its development through training, job enrichment, reward and recognition for better performance, career progression, welfare and retention.

Some of our Bank's employees are members of the trade unions and we have also in the past had instances of strikes and work stoppages on account of our employees' unions participating in all India strikes. See *"Risk Factors- We may face labour disruptions and employee misconduct that could adversely affect our business, results of operations and financial condition"* on page 38.

Insurance

We maintain ongoing insurance policies in respect of our premises, ATMs, office automation, furniture and fixtures, electronic equipment, other valuables and documents. These assets are insured against burglary, theft, fire, perils and terrorism. Additionally, we maintain cyber insurance policy to cover the computer and electronic crime. We also maintain the banker's indemnity policy and insurance for employee group personal accidents. We believe that we maintain all material insurance policies commonly required by a bank in India. See *"Risk Factors — Risk Relating to the Business of the Bank — Our insurance coverage may be inadequate to cover claims. If we incur substantial uninsured loss or loss that exceeds our insurance coverage, it could have a material adverse effect on our business, cash flows, results of operations and financial condition."* on page 38.

REGULATIONS AND POLICIES IN INDIA

The following description is a summary of some of the relevant statutes, regulations and policies as prescribed by the central, state, and regulatory bodies in India that are applicable to our Bank and its Subsidiary. The following description is not meant to be exhaustive, and is only intended to provide general information to the investors on some of the key statutes, regulations and policies applicable to us and is neither designed nor intended to be a substitute for professional legal advice. The statements below are based on the current provisions of Indian law, and the judicial and administrative interpretations thereof, which are subject to change or modification by subsequent legislative, regulatory, administrative, or judicial decisions.

*The primary legislation governing banking companies in India is the Banking Regulation Act, 1949 (the “**Banking Regulation Act**”) which applies to public sector banks such as our Bank, only to a limited extent. Sections 34A, 35AA, 35AB, 36AD, and section 51 of the Banking Regulation Act are applicable to corresponding new banks constituted under the Banking Companies (Acquisition and Transfer of Undertaking) Act, 1970 (“**Banking Companies Act**”). In turn, section 51 of the Banking Regulation Act makes some of its sections applicable to corresponding new banks. Our Bank, as a corresponding new bank, is governed primarily by the provisions of the Banking Companies Act. The Nationalised Bank (Management and Miscellaneous Provisions) Scheme, 1970 and the Bank of Maharashtra (Shares and Meetings) Regulations, 2004 (“**Bank of Maharashtra Regulations**”) also governs our operations. Other important laws governing banking companies include the Reserve Bank of India Act, 1934, the Negotiable Instruments Act, 1881 the Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002 (“**SARFAESI Act**”) the Recovery of Debts and Bankruptcy Act, 1993, Foreign Exchange Management Act, 1999 and, Bankers’ Books Evidence Act, 1891. Taxation statutes such as the Income Tax Act, labour laws and other miscellaneous regulations and statutes such as the Trade Marks Act, 1999, also apply to us as they do to any other Indian bank. Additionally, the RBI, from time to time, issues guidelines, regulations, policies, notifications, press releases, circulars, etc. to be followed by us and supervises our compliance with these guidelines. Our Bank is listed on a Stock Exchanges in India and therefore, our Bank will be governed by various regulations of the SEBI.*

Reserve Bank of India Act, 1934

RBI may, subject to certain conditions, direct the inclusion or exclusion of any bank from the second schedule of the RBI Act. Scheduled banks are required to maintain cash reserves with RBI. In this regard, RBI may stipulate an average daily balance requirement to be complied with, by such banks and may direct that such banks regard a transaction or class of transactions as a liability. RBI has the power to impose penalties against any person for inter-alia failure to produce any book, account or other document or furnish any statement, information, or particulars which such person is duty-bound to produce or furnish under the RBI Act, or any order, regulation, or direction thereunder.

Banking Regulation Act, 1949

Our Bank is a ‘corresponding new bank’ as defined under the Banking Regulation Act, only certain provisions of the Banking Regulations Act is applicable thereto, including in respect of inspection by the RBI, penalties and restrictions on commission and brokerage payable on sale of shares. The RBI can direct a special audit in the interest of the depositors or in public interest. The Banking Regulation Act also prescribes certain requirements in relation to financial statements of banks including our Bank.

Commercial banks in India are required to obtain a license from RBI to carry on banking business in India as per Section 22 of the Banking Regulation Act. Such license is granted to a bank subject to compliance with certain conditions including (i) that the bank has the ability to pay its present and future depositors in full as their claims accrue; (ii) that the affairs of the bank will not be or are not likely to be conducted in a manner detrimental to the interests of present or future depositors; (iii) bank has adequate capital structure and earnings prospects; (iv) that public interest will be served if such license is granted to the bank; (v) that having regard to the banking facilities available in the proposed principal area of operations of the company, the potential scope for expansion of banks already in existence in the area and other relevant factors the grant of the license would not be prejudicial to the operation and consolidation of the banking system consistent with monetary stability and economic growth; (vi) that the general character of the proposed management of the company will not be prejudicial to the public interest or the interest of its depositors; and (vii) any other condition, the fulfilment of which would, in the opinion of RBI, be necessary to ensure that the carrying on of banking business in India by the company will not be prejudicial to the public interest or the interest of its depositors. RBI may cancel the license if the bank fails to meet the qualifications/ conditions imposed on it or if the bank ceases to carry on banking operations in India.

Additionally, RBI has issued various reporting and record-keeping requirements for commercial banks. Further, the appointing, re-appointing or removing of auditor or auditors of the bank requires prior approval of RBI.

The Banking Regulation Act confers power on RBI (in consultation with the central government) in the public interest, interest of banking policy and to secure the interest of the depositors of the bank and the banking company, to pass orders to supersede the board of directors of a banking company for a period of up to six months, which period shall not exceed up to 12 months.

When a bank fails to or omits to comply with the provisions of the Banking Regulation Act, RBI may impose fine within prescribed limits on banks and its officers or punish with imprisonment for the term provided in the law, on the basis of the nature of the violation.

The Banking Regulation (Amendment) Act, 2017 had been enacted by the Parliament, the amendment introduced two new sections to the Banking Regulation Act, Section 35AA and Section 35AB which enables RBI to direct banks to commence the insolvency resolution process against the defaulting company under the Insolvency and Bankruptcy Code, 2016 (“IBC”) and also authorizes RBI to issue directions to any banking company or banking companies for resolution of stressed assets. RBI has also been granted the discretion to set up one or more advisory committees to advise banks on resolution of stressed assets.

Section 23 of the Banking Regulation Act requires bank to observe, except as otherwise required by law, the practices, and usages customary among bankers, and, in particular, it shall not divulge any information relating to or to the affairs of its constituents except in circumstances in which it is, in accordance with law or practices and usages customary among bankers, necessary or appropriate for the corresponding new bank to divulge such information.

Section 23 of the Banking Regulation Act requires banks to obtain prior permission of the RBI to open new branches, in or outside India. The RBI issues instructions and guidelines to banks on branch authorization from time to time, including guidelines allowing banking companies to open new branches, banking outlets, closure, shifting of branches/ extension counters/ ATMs etc. With effect from September 19, 2013, domestic scheduled commercial banks (other than regional rural banks) may open branches in Tier 1 to Tier 6 centres without prior permission from RBI, subject to the conditions laid down by RBI. Further, such banks may also shift, merge, or close all branches except rural branches and sole semi-urban branches without prior permission from RBI, subject to the conditions laid down by RBI. Rural branches and sole semi-urban branches can also be closed subject to certain conditions.

In terms of the Rationalisation of Branch Authorisation Policy-Revision of Guidelines released by the RBI dated May 18, 2017, the RBI has further stipulated that the banks are required to open at least 25 percent of the total number of branches opened during a financial year in ‘unbanked rural centres’ i.e. Tier 5 and Tier 6 centres that does not have a CBS-enabled ‘Banking Outlet’ of a Scheduled Commercial Bank, a Small Finance Bank, a Payment Bank or a Regional Rural Bank nor a branch of Local Area Bank or licensed Co-operative Bank for carrying out customer based banking transactions, failing which appropriate penal measures, including restrictions on opening of Tier 1 branches, may be imposed.

Nationalised Banks (Management and Miscellaneous Provisions) Scheme, 1970 (“Nationalised Banks Scheme”)

In terms of the powers conferred under the Banking Companies Act, the Central Government, in consultation with the RBI framed the Nationalised Banks Scheme which governs the management of corresponding new banks incorporated under the Banking Companies Act, defined as the nationalised banks under the Nationalised Banks Scheme. The Nationalised Banks Scheme confers power on the Central Government to constitute the board of directors and designate the chairman and managing director of the board, in consultation with the RBI from a panel of names recommended by the bureau. Further, the Central Government has the right to decide the term and remuneration of the directors of the nationalised banks. The Nationalised Banks Scheme confers terms of office and remuneration of a whole-time directors including managing director, term of office for other directors, disqualification of directors, vacation of office of directors and removal from office of an elected director etc. The scheme also provides for constitution of different committees of the board including, inter alia, the management committee of the board, credit approval committee and advisory committees.

Banking Companies (Acquisition and Transfer of Undertakings) Act, 1970 (“Banking Companies Act”)

Our Bank was constituted as a corresponding new bank pursuant to the provisions of the Banking Companies Act which provides the operational framework for the Bank to operate and conduct its business. The Banking Companies Act, provides for, amongst others, operational and management framework; mode and number of directors to be appointed along with the grounds of qualification, manner for preparation and closure of accounts, holding meetings and other procedural aspects. The Banking Companies Act provides that a corresponding new bank shall be governed by the directions provided by the Central Government in consultation with the RBI. Further, the board of directors after consultation with the RBI and with prior consultation of the Central Government may make regulations for, amongst others, (a) power, functions and duties of committees of the board; (b) nature and manner in which the shares may be held, transferred and all other activities in relation to the rights and duties of the shareholders; (c) procedure and manner in which meetings are to be held; and (d) other procedural aspects as may be required for the operations of a bank.

The entire paid-up capital of a corresponding new bank, except the paid-up capital raised from public by public issue or preferential allotment or private placement, should stand vested in and allotted to the Central Government. No shareholder of the corresponding new bank, other than the Central Government is entitled to exercise voting rights in respect of any shares held by him in excess of 10% of the total voting rights of all the shareholders of the corresponding new bank. However, the shareholder holding any preference share capital in the corresponding new bank will have, in respect of such capital, a right to vote only on resolutions placed before such corresponding new bank, which directly affects the rights attached to his preference shares and no preference shareholder is entitled to exercise voting rights in respect of preference shares held by him in excess of 10% of the total voting rights of all the shareholders holding preference share capital only. The Banking Companies Act also clarifies that no provision of law relating to winding up of corporations shall apply to a corresponding new bank and no corresponding new bank shall be placed in liquidation save by order of the Central Government. The Central Government is, on recommendation of RBI, also empowered to supersede the board of the corresponding new bank in the public interest or for preventing the affairs of any corresponding new bank being conducted in a manner detrimental to the interest of the depositors or the corresponding new bank or for securing the proper management of any corresponding new bank.

The Banking Companies Act requires the shareholding of GoI in all corresponding new banks, including the Bank, at all times be a minimum of 51%. Further, not more than 20% of the shareholding of all corresponding new banks, including the Bank, can be held by foreign entities or an individual. Raising of further capital is permitted under the Banking Companies Act subject to prior consultation with the RBI and obtaining the prior approval of the GoI.

Bank of Maharashtra (Shares and Meetings) Regulations, 2004 (“Bank of Maharashtra Regulations”)

Our Bank is governed by Bank of Maharashtra Regulations which regulates matters including, inter alia, the transfer of shares, issuance of share certificates, voting rights and manner of voting of the shareholders of the Bank. Every shareholder registered on the register of shareholders prior to a general meeting has one vote on show of hand and in case of a poll has one vote for every share held by him. Further, the Bank of Maharashtra Regulations also govern the manner of elections of the Directors on the Board of the Bank. Every shareholder on the register of shareholders, except the Central Government, has the right to elect the Directors from amongst themselves.

Master Direction - Reserve Bank of India (‘Fit and Proper’ Criteria for Elected Directors on the Boards of PSBs) Directions, 2019 (“Master Direction RBI Fit and Proper”)

In exercise of the powers conferred by sub-sections (3AA) & (3AB) of Section 9 of the Banking Companies Act, the RBI notified and specified the authority, manner, procedure and criteria for determining the 'fit and proper' status of a person to be eligible to be elected as a shareholder director on the board of public sector banks. Pursuant to the Master Direction RBI Fit and Proper, the Bank is required to constitute a nomination and remuneration committee (hereinafter referred to as the “**Committee**”) consisting of a minimum of three non-executive directors from amongst the board of directors of the Bank (hereinafter referred to as “**Board**”), out of which not less than one-half shall be independent directors and should include at least one member from the risk management committee of the Board, for undertaking a process of due diligence to determine the 'fit and proper' status of the persons to be elected as directors under clause (i) of sub-section (3) of Section 9 of the Banking Companies Act. The Government of India nominee director and the director nominated under section 9(3)(c) of the Banking Companies Act shall not be part of the Committee. The non-executive chairperson of the Bank may be appointed as a member of the Committee but shall not chair such Committee. The Board is also required to nominate one among them as chairperson of the Committee. The quorum required is three, including the chairperson. In case

the absence of any nominated member results in want of quorum, the Board may nominate any other non-executive director in his place for the meeting. At the time of constituting the Committee, the Board can decide on its tenure.

Regulatory reporting and examination procedures

RBI is empowered under the Banking Regulation Act to call for certain information from a bank as well as to inspect a bank. RBI monitors prudential parameters at periodic basis. RBI has introduced a system of off-site monitoring and surveillance, with the primary objective of monitoring the financial condition of banks in between two on-site examinations. To this end and to enable off-site monitoring and surveillance by RBI, banks are required to report to RBI on various aspects of their business. This system of off-site monitoring and surveillance has been migrated to a secured Online Returns Filing System (“**ORFS**”) in which data collection and consolidation has been streamlined. RBI also conducts on-site supervision of selected branches with respect of their general operations and foreign exchange related transactions.

RBI also conducts periodical on-site inspections on matters relating to the bank's portfolio, risk management systems, internal controls, credit allocation and regulatory compliance, at intervals ranging from one to three years.

Maintenance of records

The “Reserve Bank of India (Know Your Customer (KYC) Directions, 2016 issued by RBI dated February 25, 2016 as updated from time to time, provide for certain records (identification of the customers and their addresses) to be maintained for a minimum period of five years from the date on which the transaction/ business relationships have ended and maintain all necessary records of transactions between the bank and the customer, both domestic and international, for at least five years from the date of transaction.

Storage of payment system data

RBI on April 6, 2018 issued a notification on storage of information relating to the payment ecosystem as not all system providers store the payments data in India. In accordance with the notification, all system providers shall ensure that data relating to payment systems operated by them are stored in a system only in India. Data should include the full end-to-end transaction details, information collected, carried, processed as part of the message or payment instruction. For the foreign leg of the transaction, if any, the data can also be stored in the foreign country, if required. The notification further required compliance within a period of 6 months and reporting of the same to RBI latest by October 15, 2018.

Capital adequacy requirements

RBI has issued guidelines based on the Basel III reforms on capital regulation on May 2, 2012, to the extent applicable to banks operating in India. The Basel III capital regulation has been implemented from April 1, 2013 in India in a phased manner and was fully implemented by October 1, 2021, as specified below. Banks have to comply with the regulatory limits and minima as prescribed under Basel III capital regulations on an ongoing basis. The table below summarizes the capital requirements under Basel III guidelines for banks in India:

Sr. No.	Regulatory Capital	As % of Risk Weighted Assets
1.	Minimum Common Equity Tier I Ratio	5.50%
2.	Capital Conservation Buffer (comprised of Common Equity)	2.50%
3.	Minimum Common Equity Tier I Ratio plus Capital Conservation Buffer (1)+(2)	8.00%
4.	Additional Tier I Capital	1.50%
5.	Minimum Tier I Capital Ratio (1) +(4)	7.00%
6.	Tier II Capital	2.00%
7.	Minimum Total Capital Ratio (MTC) (5)+(6)	9.00%
8.	Minimum Total Capital Ratio plus Capital Conservation Buffer (7)+(2)	11.50%

To ensure smooth transition to Basel III, appropriate transitional arrangements have been provided for meeting the minimum Basel III capital ratios, full regulatory adjustments to the components of capital etc and accordingly, RBI has introduced the master circular on “Basel III Capital Regulations” dated July 1, 2015 (Master Circular No.

DBR.No.BP.BC.1/21.06.201/2015-16 dated July 1, 2015). The Basel III capital regulations were implemented in India with effect from April 1, 2013 and have been fully implemented as on October 1, 2021. Banks have to comply with the regulatory limits and minima as prescribed under Basel III capital regulations, on an ongoing basis.

Under the Basel III Regulations, the capital conservation buffer (“CCB”) was to be implemented in tranches of 0.625% and the transition to full CCB of 2.5% was set to be completed by March 31, 2019. It was subsequently decided to defer the implementation of the last tranche of 0.625% of the CCB from March 31, 2019 to March 31, 2020. However, considering the potential stress on account of COVID-19 pandemic, under the circular DOR.BP.BC.No.45/21.06.201/2019-20 dated March 27, 2020 and circular DOR.BP.BC. No15/21.06.201/2020-21 dated September 29, 2020, the implementation of the last tranche of 0.625% of the CCB was deferred to April 1, 2021. Subsequently, *vide* a notification dated February 5, 2021, RBI has deferred the implementation of the last tranche of the CCB of 0.625% from April 1, 2021 to October 1, 2021.

RBI has thereafter issued revisions to the Master Circular - Basel III Capital Regulations dated July 1, 2015 *vide* its notifications, namely, (i) Master Circular – Basel III Capital Regulations – Clarification dated January 14, 2016 (bearing number RBI/2015-16/285 DBR.No.BP.BC.71/21.06.201/2015-16) in relation to payment of coupons under criteria for inclusion of perpetual debt instruments in additional tier 1 capital; (ii) Master Circular – Basel III Capital Regulations – Revision dated March 1, 2016 (bearing number RBI/2015-16/331 DBR.No.BP.BC.83/21.06.201/2015-16) in relation to treatment of revaluation reserves, treatment of foreign currency translation reserves, treatment of deferred tax assets, etc.; (iii) Basel III Capital Regulations - Additional Tier 1 Capital dated February 2, 2017 (bearing number RBI/2016-17/222 DBR.BP.BC.No.50/21.06.201/2016-17) in relation to coupon discretion under the criteria for inclusion of perpetual debt instruments in additional tier 1 capital and (iv) Basel III Capital Regulations – Implementation of Leverage Ratio dated June 28, 2019 (bearing number RBI/2018-19/225 DBR.BP.BC.No.49/21.06.201/2018-19) in relation to minimum leverage ratio requirements; and (v) Basel III Capital Regulations – Treatment of Debt Mutual Funds/ETFs dated August 6, 2020 (bearing number RBI/2020-21/18 DOR.No.BP.BC/5/21.04.201/2020-21) in relation to capital charge for market risk for banks investing in debt mutual funds or exchange traded funds.

Liquidity coverage ratio

The Basel III framework on ‘Liquidity Standards’ includes ‘Liquidity Coverage Ratio’, ‘Net Stable Funding Ratio’ (“NSFR”) and liquidity risk monitoring tools. In June, 2014, the RBI issued guidelines in relation to liquidity coverage ratio (“LCR”), liquidity risk monitoring tools and LCR disclosure standards pursuant to the publication of the ‘Basel III: The Liquidity Coverage Ratio and liquidity risk monitoring tools’ in January, 2013 and the ‘Liquidity Coverage Ratio Disclosure Standards’ in January, 2014 by the Basel Committee which provided enhanced guidance on liquidity, risk governance, measurement, monitoring and reporting to the RBI on liquidity positions. The guidelines stipulate that banks were to ensure an LCR of 60% for the calendar year 2015 with effect from January 1, 2015, minimum 90% with effect from January 1, 2018 and were expected to make a transition to an LCR of 100% on January 1, 2019. In order to accommodate the burden on banks’ cash flows on account of the Covid-19 pandemic, RBI *vide* notification dated April 17, 2020, permitted banks to maintain LCR as under:

From date of circular to September 30, 2020	80%
October 1, 2020 to March 31, 2021	90%
April 1, 2021 onwards-	100

The notification further provides that banks shall prepare LCR restoration plans upon breach of the LCR requirement set out above, for scrutiny by the RBI’s Department of Supervision.

The LCR measures a bank’s ability to manage and survive for 30 days under a significant stress scenario that combines idiosyncratic as well as market-wide shock situations that would result in accelerated withdrawal of deposits from retail as well as wholesale depositors, partial loss of secured funding, increase in collateral requirements and unscheduled drawdown of unused credit lines. At least 60% of the net cash outflows in the next 30 days, computed with these assumptions of a stressed scenario, are required to be supported by High Quality Liquid Assets (“HQLA”).

Since MSF has been reduced to 2 per cent from 3 per cent of NDTL from January 1, 2022, the total HQLA carve out from the mandatory SLR, which can be reckoned for meeting LCR requirement, has reduced to 17 per cent of NDTL (2 per cent MSF plus 15 per cent FALLCR) from 18 percent. The RBI has permitted banks to reckon Government securities as Level 1 HQLA under FALLCR within the mandatory SLR requirement up to 16 per

cent of their NDTL. Accordingly, the total HQLA carve out from the mandatory SLR, which can be reckoned for meeting LCR requirement will be 18 per cent of NDTL (2 per cent MSF plus 16 per cent FALLCR).

Further, the Basel Committee on Banking Supervision issued the final rules on 'Net Stable Funding Ratio' on October 31, 2014 and RBI issued the guidelines on NFSR on May 17, 2018 with the objective to ensure that banks maintain a stable funding profile in relation to the composition of their assets and off- balance sheet activities. RBI has vide circular dated November 29, 2018 notified that the NSFR guidelines shall come into effect from April 1, 2020. RBI had vide circular dated March 27, 2020, deferred the implementation of NSFR guidelines by six months i.e. till October 1, 2020 and vide notification dated September 29, 2020, has decided to defer the implementation of NSFR guidelines by a further period of six months i.e till April 1, 2021. The NSFR guidelines came into effect on October 1, 2021 pursuant to notification dated February 5, 2021.

Prudential framework for resolution of stressed assets

RBI has, pursuant to its circular dated June 7, 2019 established a new regulatory framework for resolution of stressed assets ("**Revised Framework**"). Pursuant to the Revised Framework, existing guidelines and schemes for debt resolution such as revitalising distressed assets, corporate debt restructuring scheme, flexible structuring of existing long-term project loans, strategic debt restructuring ("**SDR**"), change in ownership outside SDR, and scheme for sustainable structuring of stressed assets have been withdrawn. In addition, the guidelines /framework for joint lenders' forum have also been discontinued. According to the Revised Framework, the lenders must identify incipient stress in loan accounts immediately on default by classifying stressed assets as special mention account in the manner prescribed thereunder.

Under the Revised Framework, RBI has introduced a revised framework for resolution of stressed assets, where banks are required to put in place a board approved policy for resolution of stressed assets, including the timelines for resolution. Upon the occurrence of a default in payment of debt (as defined under IBC), banks are required to, within a period of 30 days from the date of such default ("**Review Period**"), review the account of the borrower and determine a strategy for implementing a resolution plan or choose to initiate legal proceedings or recovery or insolvency. If a resolution plan route is chosen by the lenders during the Review Period, the lenders are required to enter into an inter-creditor agreement to provide rules for finalisation and implementation of the resolution plan and also provide in such inter-creditor agreement that decisions by lenders representing 75% by value of the total outstanding facilities (fund based and non-fund based) and 60% by number shall bind all lenders to the inter-creditor agreement. The resolution plan is to be implemented within 180 days from the end of the Review Period in respect of accounts with aggregate exposure above a threshold (as listed below) with the lenders. Depending on the aggregate exposure (including fund based and non-fund based) of the borrower towards the lender, the Review Period is required to commence by a specified date, as set out below:

- (a) ₹2,000 crore and above– June 7, 2019;
- (b) ₹1,500 crore and above but less than ₹2,000 crore– January 1, 2020; and
- (c) Less than ₹1,500 crore– To be announced.

The Revised Framework further clarifies that in the event a viable resolution plan in respect of the borrower is not implemented within the aforementioned timelines (180 days from the end of the Review Period), all lenders with exposure to the Borrower are required to make additional provisions as set out below:

Timeline for implementation of viable resolution plan	Additional provisions to be made as a percentage of total outstanding, if resolution plan not implemented within the timeline
180 days from the end of Review Period	20%
365 days from the commencement of Review Period	15% (i.e. total additional provisioning of 35%)

As per the Revised Framework, the additional provisions shall also be required to be made in cases where the lenders have initiated recovery proceedings, unless the recovery proceedings are fully completed. The Revised Framework shall not be available for borrower entities in respect of which specific instructions have already been issued or are issued by the RBI to the banks for initiation of insolvency proceedings under the IBC. It may be noted that the certain sections of the Revised Framework (Implementation of Resolution Plan, Implementation Conditions of Resolution Plan, Delayed Implementation of Resolution Plan) is not applicable to MSMEs whose revival and rehabilitation is already mentioned RBI Circular on 'Framework for Revival and Rehabilitation of Micro, Small and Medium Enterprises (MSMEs)' dated March 17, 2016.

The Insolvency and Bankruptcy Code, 2016

The IBC was enacted and notified in the Gazette of India on May 28, 2016. The IBC covers individuals, companies, limited liability partnerships, partnership firms, proprietorship firms and other legal entities. The IBC has established an Insolvency and Bankruptcy Board of India to function as the regulator for all matters pertaining to insolvency and bankruptcy. The IBC prescribes a time limit of 180 days (extendable by up to a maximum of 90 days) from the insolvency commencement date (date of admission of an application for initiating corporate insolvency resolution process by the National Company Law Tribunal) for the insolvency resolution process to be completed (“**Moratorium Period**”).

The Insolvency and Bankruptcy (Amendment) Act, 2019, which came into force and effect from August 6, 2019, has provided a relief to the creditors wherein it has been stipulated that the corporate insolvency resolution process has to be mandatorily completed within 330 days from the insolvency commencement date, including the time taken in legal proceedings in relation to such resolution process or any extension of time granted earlier as per provisions of the IBC. During the Moratorium Period, (i) the management of the debtor vests in favour of the resolution professional appointed by National Company Law Tribunal (“**NCLT**”); (ii) no assets of the debtor can be transferred, encumbered; (iii) there can no enforcement of security interest; (iv) no fresh proceedings can be initiated against the debtor and the continuation of pending proceedings are prohibited. The resolution professional shall invite and verify claims of all creditors of the debtor and constitute a committee of creditors comprising of all creditors whose claims are verified and accepted. Thereafter, a resolution plan is prepared for the revival of the entity which shall be approved by majority of the committee of creditors which is then approved by the NCLT. In the event no resolution plan is approved by committee of creditor or the NCLT rejects the resolution plan for non-compliance, the NCLT directs the liquidation of the debtor.

The Central Government vide notification dated November 15, 2019 has notified the Insolvency and Bankruptcy Board of India (Insolvency Resolution Process for Personal Guarantors to Corporate Debtors) Regulations, 2019 relating to insolvency proceedings for personal guarantors to corporate debtors, under the IBC. This will enable initiation of insolvency proceedings against the corporate debtor and the personal guarantor simultaneously thus resulting in better recovery for creditors from insolvency proceedings.

Further, pursuant to the notification dated March 24, 2020 by the Ministry of Corporate Affairs (MCA), the threshold of ₹ 1 lakh has been increased to ₹ 1 crore as minimum amount of default for initiation of insolvency proceedings against a corporate debtor (includes a company and a limited liability partnership) under the IBC. Pursuant to MCA Notification dated December 22, 2020, suspension of initiation of corporate insolvency resolution process was extended further by period of three months from December 25, 2020.

The IBC was also amended by the Insolvency and Bankruptcy Code (Amendment) Act, 2020, which is deemed be effective from December 28, 2019. The Amendment has inter alia prescribed minimum thresholds for filing of the application in certain cases i.e. in terms of number, for instance, in case of homebuyers / allottees, at least 100 homebuyers/allottees under the same project or at least 10% of the total numbers of such allottees whichever is less. The amendment also clarifies that the effect of the approval of a resolution plan by the NCLT should result in (i) the extinguishment of all liabilities of the corporate debtor existing at or pertaining to the period prior to the insolvency commencement date; and (ii) no action being taken against the property of the corporate debtor, in relation to the offences committed in the period prior to the insolvency commencement date. However, this immunity is only available in cases where the resolution plan specifically provides for a change in the management control of the corporate debtor to a person not being a promoter managing or controlling the corporate debtor / any related party or a person against whom a complaint has been made before the relevant authority in relation to the aforementioned offence.

The Insolvency and Bankruptcy Code (Second Amendment) Act, 2020 and The Insolvency and Bankruptcy Code (Amendment) Ordinance, 2021

In terms of the Insolvency and Bankruptcy Code (Second Amendment) Act, 2020 (effective June 5, 2020) (the “**2020 Act**”) Section 10 A was inserted in the IBC through of which an embargo was imposed on initiation of corporate insolvency resolution proceedings (“**CIRP**”) against corporate debtors for any default arising on or after March 25, 2020 for a period of period of six months or such further period not exceeding one year (“**Embargo Period**”). Further, the Act also provided that initiation of CIRP, for defaults arising during the Embargo Period shall be barred in perpetuity. Subsequently, the Embargo Period was initially extended up till December 24, 2020 and thereafter up till March 24, 2021. Additionally, the 2020 Act also amended Section 66 of the IBC in terms of

a resolution professional was authorised to apply to the National Company Law Tribunal against persons who were knowingly party to transactions undertaken to defraud the creditors of a Corporate Debtor or for any fraudulent purposes. In terms of the 2020 Act, Section 66 was amended to restrict resolution professionals from initiating actions under such persons provided the CIRP of the relevant corporate debtor is covered under the Embargo Period.

Subsequently, the Insolvency and Bankruptcy Code (Amendment) Ordinance, 2021 was introduced on April 4, 2021 in terms of which, the pre-packaged insolvency framework was introduced, and the Embargo Period ended with effect from March 24, 2021.

The Recovery of Debts and Bankruptcy Act, 1993 as amended by the Enforcement of Security Interest and Recovery of Debts Laws and Miscellaneous Provisions (Amendment) Act, 2016 (“RDB Act”)

The RDB Act was enacted for adjudication of disputes pertaining to debts due to banks and financial institutions exceeding ₹20 lakhs or such other amount exceeding ₹1 lakh, as may be specified by the Central Government. The Ministry of Finance on September 6, 2018, revised the pecuniary limit of ₹10 lakhs to ₹20 lakhs. The RDB Act provides for the constitution of debt recovery tribunals, before which banks and financial institutions may file applications for recovery of debts. Further, no court or other authority, except the Supreme Court of India or a high court exercising jurisdiction under Articles 226 and 227 of the Constitution of India, shall have, or is entitled to exercise, any jurisdiction, powers or authority in relation to the aforementioned matter. The tribunals may pass orders for directions including, *inter alia*, recovery of such dues by the bank as may be deemed fit along with a recovery certificate to such effect from the presiding officer of the respective tribunal; attachment of the secured properties towards the dues to the bank; appointment of receivers and/or commissioners with respect to such secured properties and distribution of proceeds from sale of such secured properties towards dues. Pursuant to the recovery certificate being issued, the recovery officer of the respective debt recovery tribunal shall effectuate the final orders of the debt recovery tribunal in the application. Unless such final orders of the debt recovery tribunal have been passed with the consent of the parties to an application, an appeal may be filed against such final orders of the debt recovery tribunal before the debt recovery appellate tribunal, which is the appellate authority constituted under the RDB Act.

Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002 as amended by the Enforcement of Security Interest and Recovery of Debts Laws and Miscellaneous Provisions (Amendment) Act, 2016 (“SARFAESI Act”)

The SARFAESI Act provides for the enforcement of security interest without the intervention of the courts. Under the provisions of the SARFAESI Act, a secured creditor can recover dues from its borrowers by taking any of the measures as provided therein. Rights, with respect to the enforcement of security interest, under the SARFAESI Act cannot be enforced unless the account of the borrower has been classified as an NPA in the books of account of the secured creditor in accordance with the directions or guidelines issued by RBI or any other applicable regulatory authority. The secured creditors must serve a 60-days’ notice on the borrower demanding repayment of the amount due and specifying the borrower’s assets over which the bank proposes to exercise remedies. If the borrower still fails to pay, the secured creditors, on expiry of the 60-days’ notice period, can: (i) take possession of the secured assets; (ii) take over the management of the secured assets along with the right to transfer by way of lease, assignment or sale of the secured assets; (iii) appoint any person to manage the secured assets; and (iv) require any person who has acquired any of the secured assets from the borrower to pay amounts necessary to satisfy the debt. The security interests covered by the SARFAESI Act are security interests over immovable and movable property, existing or future receivables, certain intangible assets (such as know-how, patents, copyrights, trademarks, licenses, franchises) and any debt or any right to receive payment of money, or any receivable, present or future, and in which security interest has been created. Security interests over ships and aircraft, any statutory lien, a pledge of movables, any conditional sale, hire purchase or lease or any other contract in which no security interest is created, rights of unpaid sellers, any property not liable to attachment, security interest for securing repayment of less than ₹100,000, agricultural land and any case where the amount due is less than 20% of the principal amount and interest are not enforceable under the SARFAESI Act. In the event that the secured creditor is unable to recover the entire sum due by exercise of the remedies under the SARFAESI Act in relation to the assets secured, such secured creditor may approach a debt recovery tribunal or the relevant court for the recovery of the balance amounts. A secured creditor may also simultaneously pursue its remedies under the SARFAESI Act as well as a debt recovery tribunal.

The SARFAESI Act provides for sale of financial assets by banks and financial institutions to asset reconstruction companies. The SARFAESI Act provides for measures in relation to enforcement of security interests and rights

of the secured creditor in case of default. The Prudential Norms issued by RBI on Income Recognition, Asset Classification and Provisioning pertaining to Advances, as amended from time to time, describe the process to be followed for sales of financial assets to asset reconstruction companies. The banks may not sell financial assets at a contingent price with an agreement to bear a part of the shortfall on ultimate realisation. However, banks may sell specific financial assets with an agreement to share in any surplus realised by the asset reconstruction company in the future. Consideration for the sale of such financial assets may be in the form of cash, bonds or debentures or security receipts or pass through certificates issued by the asset reconstruction company or trusts set up by it to acquire the financial assets.

The Banking Ombudsman Scheme, 2006

The Banking Ombudsman Scheme, 2006 (the “**Scheme**”) provides the extent and scope of the authority and functions of the Banking Ombudsman (RBI’s officers in the rank of Chief General Manager or General Manager) for redressal of grievances against deficiency in banking services, including internet banking, loans and advances and other services as specified in clause 8 of the Scheme. The Scheme was last amended on July 1, 2017 by the RBI to include within the scope of Banking Ombudsman, inter alia, deficiencies arising out of sale of insurance/ mutual fund/ other third party investment products by banks and deficiencies in mobile/electronic banking services. The pecuniary jurisdiction of the Banking Ombudsman to pass an award has been increased from existing rupees one million to rupees two million. Compensation not exceeding rupees hundred thousand can also be awarded by the Banking Ombudsman to the complainant for loss of time, expenses incurred as also, harassment and mental anguish suffered by the complainant. The Banking Ombudsman receives and considers complaints relating to the deficiency in banking services filed on the grounds mentioned in the Scheme and facilitates their satisfaction or settlement by agreement or through conciliation and mediation between the bank concerned and the aggrieved parties or by passing an award in accordance with the Scheme.

Classification and Reporting of Fraud Cases

The RBI issued Master Direction on July 1, 2016 (as updated upto July 3, 2017) on the classification and reporting of fraud cases by commercial banks and select FIs. The fraud cases have been classified into misappropriation and criminal breach of trust, fraudulent encashment through forged instruments, manipulation of books of account or through fictitious accounts and conversion of property, unauthorised credit facilities extended for reward or for illegal gratification, negligence and cash shortages, cheating and forgery, irregularities in foreign exchange and any other type of fraud not coming under the specific heads as above. The banks are required to submit fraud related data to the RBI through various returns/ reports.

Information relating to frauds for the quarters ending June, September, December and March may be placed before the audit committee of the board of directors during the month following the quarter to which it pertains. Banks are also required to conduct an annual review of the frauds and place a note before the board of directors for information. Additionally, banks have to constitute a special committee for monitoring and follow up of cases of frauds involving amounts of 10 million and above exclusively. Such committee is required to meet and review as and when a fraud involving an amount of ₹10 million and above comes to light. Pursuant to the RBI notification dated January 21, 2016, the RBI, has inter alia, increased the limits in relation to flash reporting to RBI of fraud cases to ₹50 million as against the earlier limit of ₹10 million and above.

Priority sector lending

The Reserve Bank of India (Priority Sector Lending – Targets and Classification) Directions, 2020 (“**Master Direction**”) dated September 4, 2020, further updated as on October 20, 2022, sets out the broad policy in relation to priority sector lending. In accordance with this circular, the priority sectors for all scheduled banks include (i) agriculture; (ii) micro, small and medium enterprises; (iii) export credit; (iv) education; (v) housing; (vi) social infrastructure; (vii) renewable energy (viii) others (loans to distressed farmers indebted to non-institutional lenders, to individual members of SHG/JLG for activities other than agriculture, to State Sponsored Organisations for Scheduled Castes/ Scheduled Tribes etc) and (ix) weaker sections. Further, it also prescribes the details of eligible activities under the aforesaid categories. Under the Master Direction, the priority sector lending targets are linked to adjusted net bank credit (“**ANBC**”) or credit equivalent amount of off-balance sheet exposure (CEOBE), whichever is higher, as on the corresponding date of the preceding year. Currently, the total priority sector lending target for domestic scheduled commercial banks is 40% of ANBC or credit equivalent amount of off-balance sheet exposure, whichever is higher. It also prescribed sub-targets for small and marginal farmers, micro-enterprises and weaker sections. By way of a notification dated September 20, 2019, the RBI has, in relation to export credit, enhanced the sanctioned limit, for classification of export credit under priority sector lending,

from ₹ 250 million per borrower to ₹ 400 million per borrower and removed the existing criteria of ‘units having turnover of up to ₹ 1 billion.

The RBI via circular reference FIDD.CO.Plan.BC.7/04.09.01/2019-20 dated August 13, 2019, decided that bank credit to registered NBFCs (other than MFIs) for on-lending will be eligible for classification as priority sector under respective categories, subject to the conditions laid out therein. This was to be applicable till March 31, 2020, and was subject to review thereafter. Therefore, RBI via FIDD.CO.Plan.BC.No.19/04.09.01/2019-20 dated March 23, 2020 decided to extend the priority sector classification for bank loans to NBFCs for on-lending for FY 2020-21. Further, existing loans disbursed under the on-lending model will continue to be classified under Priority Sector till the date of repayment/maturity. Also, Bank’s credit to Housing Finance Companies (HFCs), approved by NHB for their refinance, for on-lending for the purpose of purchase/construction/ reconstruction of individual dwelling units or for slum clearance and rehabilitation of slum dwellers, will be eligible for classification as priority sector. Pursuant to circular reference FIDD.CO.Plan.BC.No.5/04.09.01/2022-23, dated May 13, 2022, to ensure continuation of the synergies that have been developed between banks and NBFCs in delivering credit to the specified priority sectors, the above facility has been allowed on an on-going basis. Further, bank credit to NBFCs (including HFCs) for on-lending has been allowed up to an overall limit of 5 percent of an individual bank’s total priority sector lending in case of commercial banks. These limits shall be computed by averaging across four quarters of the financial year, to determine adherence to the prescribed cap.

Exposure norms

As a prudent measure aimed at better risk management and avoidance of concentration of credit risk, RBI advised the banks to fix limits on their exposure to specific industry or sectors and has prescribed credit exposure limits for banks in respect of their lending to individual borrowers and to all borrowers belonging to a single group. In addition, banks are also required to observe certain statutory and regulatory exposure limits in respect of advances against / investments in shares, convertible debentures /bonds, units of equity-oriented mutual funds and all exposures to venture capital funds (“VCFs”).

RBI pursuant to Master Circular on Exposure Norms dated July 1, 2015 has prescribed exposure ceiling for a single borrower as 15% of capital funds and group exposure limit as 40% of capital funds comprising of Tier I and Tier II capital. Relaxations to the credit exposure (for single borrower as well as the group) are permitted in exceptional circumstances, with the approval of their boards or for lending to infrastructure sector or for lending to oil companies who have been issued oil bonds by Government of India. The total exposure (both lending and investment, including off-balance sheet exposures) to a single NBFC, NBFC-AFC (Asset Financing Companies) and infrastructure finance companies should not exceed 10%, 15% and 15%, respectively, of the bank’s capital funds as per its last audited balance sheet. The limit may be increased by another 5% provided that the excess exposure is on account of funds on-lent to the infrastructure sector.

Section 19(2) of the Banking Regulation Act restricts a banking company from holding shares in any company, whether as pledgee, mortgagee, or absolute owner, of an amount exceeding 30% of the paid-up share capital of that company or 30% of its own paid-up share capital and reserves, whichever is less, except as provided in sub-section (1) of Section 19 of the Banking Regulation Act.

The aggregate exposure of a bank to the capital markets in all forms (both fund based and non-fund based) should not exceed 40% of its net worth, on both standalone and consolidated basis as on March 31 of the previous year. Within this overall ceiling, the bank’s direct investment in shares, convertible bonds/debentures, units of equity oriented mutual funds and all exposures to VCFs (both registered and unregistered) should not exceed 20% of its net worth on both standalone and consolidated basis.

On August 25, 2016, RBI released guidelines on ‘Enhancing Credit Supply for Large Borrowers through Market Mechanism’ with the objective of mitigating the risk posed to the banking system on account of large aggregate lending to a single corporate. As per the framework, exposure to corporate with large borrowing from banking system beyond the prescribed limit would attract additional provisions and higher risk weights.

On December 1, 2016, RBI released guidelines on Large Exposures Framework to align the exposure norms for Indian banks with the Basel Committee on Banking Supervision standards. From April 1, 2019, the sum of all the exposure values of a bank to single counterparties and a group of connected counterparties, will be 20% and 25% of our eligible capital base at all times, as against the previous norm of 15% and 40% of the Total Capital funds Limits. Eligible capital base represents the Bank’s Tier I capital as per the last audited balance sheet. Banks may, in exceptional circumstances, with the approval of their boards, consider enhancement of the exposure to a single

counterparty further by 5.0% (i.e., 25.00% of the Tier I capital fund). The limit is applicable to total exposure, including off-balance sheet exposures. Off-balance sheet items are required to be converted into credit exposure equivalents through the use of credit conversion factors as per the standardized approach for credit risk for risk based capital requirements, with a floor of 10%. On June 3, 2019, the RBI released the Guidelines on Large Exposure Framework applicable to all scheduled commercial banks (other than regional rural banks) with a view to capture exposures and concentration risks more accurately and to align the previous guidelines and instructions on Large Exposures Framework with international norms, which superseded the previous circulars on large exposure framework. As per the framework, the sum of all exposure values of a bank to a counterparty or a group of connected counterparties is defined as a 'Large Exposure (LE)', if it is equal to or above 10% of the bank's eligible capital base (i.e., Tier 1 capital) and the bank is required to report their LE to the RBI and Department of Banking Supervision, Central Office, (DBS, CO). Further, exposure limits to single and group borrowers will be 20% and 25% of our Tier 1 Capital funds, respectively. Exposure limits to single and group NBFC's will be 15% and 25% of our Tier 1 Capital funds, respectively. However, by way of a circular dated September 12, 2019, RBI mandated that banks' exposure to a single NBFC (excluding gold loan companies) will be restricted to 20% of that banks' eligible capital base. Banks' finance to NBFCs predominantly engaged in lending against gold will continue to be governed by limits prescribed in circular dated May 18, 2012.

Ownership Restrictions

The Banking Regulation Act requires prior approval of the RBI by any person who intends to acquire, directly or indirectly, shares or voting rights of a bank, by himself or with persons acting in concert, wherein such acquisition (taken together with shares or voting rights held by him or his relative or associate enterprise or persons acting in concert with him) results in aggregate shareholding of such person to be 5% or more of the paid up capital of a bank or entitles him to exercise 5% or more of the voting rights in a bank.

Further, the RBI may, by passing an order, restrict any person holding more than 5.00% of the total voting rights of all the shareholders of the banking company from exercising voting rights on poll in excess of the said 5%, if such person is deemed to be not 'fit and proper' by the RBI. In this regard, the RBI has issued master directions for prior approval for acquisition of shares or voting rights on January 16, 2023 (the "**Master Directions for Acquisitions**").

The Master Directions for Acquisitions are applicable to the existing and proposed "major shareholders" of all banking companies as defined under the Banking Regulation Act including local area banks, small finance banks and payment banks. The Master Directions for Acquisitions define a "major shareholding" as "aggregate holding" of five per cent or more of the paid-up share capital or voting rights in a banking company by a person. The term "aggregate holding" has been defined as the total holding, directly or indirectly, beneficial or otherwise, of shares or voting rights by a person along with his relatives, associate enterprises and persons acting in concert with him in a banking company.

Every person desirous of undertaking such acquisition shall seek prior approval of the RBI as per the procedure set out in the Master Directions for Acquisitions. Any person who intends to acquire shares or voting rights in a banking company beyond the limit for which approval was obtained from the Reserve Bank, is required to apply to the Reserve Bank for prior approval to increase their aggregate holding in the banking company. It is the responsibility of the concerned bank to ensure that all its major shareholders are 'fit and proper' and every bank shall make continuous monitoring arrangements to ensure that the major shareholders continue to be 'fit and proper' as per the Master Directions for Acquisitions.

Prevention of Money Laundering Act, 2002 ("PMLA")

In order to prevent money laundering activities, the Government enacted the PMLA which seeks to prevent money laundering and to provide for confiscation of property derived from, or involved in money laundering, and for incidental matters connected therewith. Section 12 of the PMLA casts certain obligations on, inter alia, banking companies in regard to preservation and reporting of customer account information.

RBI has advised all banks to go through the provisions of the PMLA and the rules notified thereunder and to take all steps considered necessary to ensure compliance with the requirements of Section 12 of the PMLA.

Revised Prompt Corrective Action (PCA) framework for banks

The RBI vide its circular dated April 13, 2017 has reviewed and revised the Prompt Corrective Action (PCA)

framework for banks, which is effective from April 1, 2017. The PCA framework sets out certain ‘risk thresholds’, the breach of which would mandate the relevant bank to implement certain mandatory and discretionary actions. The ‘risk thresholds’ take into consideration the capital adequacy ratio, net non-performing advances ratio, return on assets and the leverage ratio of the relevant bank.

Regulations relating to Know Your Customer (“KYC”) and anti-money laundering

RBI issued the Reserve Bank of India (Know Your Customer (KYC) Directions, 2016 on February 25, 2016 (“**Master Direction on KYC**”), (updated on May 10, 2021), prescribing the guidelines for KYC and anti-money laundering procedures. Banks are required to formulate a KYC policy which shall include (i) customer acceptance policy, (ii) customer identification procedures, (iii) monitoring of transactions and (iv) risk management. In relation to each of the above, the master direction also specifies minimum procedures required to be followed by banks. Banks are not permitted to make payment of cheques/drafts/pay orders/banker’s cheques, if they are presented beyond the period of three months from the date of such instrument. Banks have been advised to ensure that systems and procedures are in place to control financial frauds, identify money laundering and suspicious activities and monitor high value cash transactions. Such monitoring includes cross border transactions. Further, banks have also been advised to ensure that adequate policies are formulated and adopted in relation to KYC and Anti Money Laundering. The Master Direction on KYC was further updated by RBI *vide* its notification dated January 9, 2020 due to amendments to Prevention of Money Laundering (Maintenance of Records) Rules, 2005.

On April 20, 2020, the RBI amended the Master Direction on KYC, requiring banks and financial institutions regulated by the RBI to periodically carry out money laundering and terrorist financing risk assessments to identify, assess and take effective measures to mitigate its money laundering and terrorist financing risk for clients, countries or geographic areas, products, services, transactions or delivery channels. The banks and financial institutions shall apply a risk-based approach for mitigation and management of the identified risk and should have board approved policies, controls and procedures which take into consideration sector-specific vulnerabilities which are shared by the regulators.

Maintenance of records

The “Reserve Bank of India (Know Your Customer (KYC) Directions, 2016 issued by RBI dated February 25, 2016 as updated from time to time, provide for certain records to be maintained for a minimum period of five years from the date on which the transaction/ business relationships have ended.

Regulations relating to maintenance of Cash Reserve Ratio (“CRR”) and Statutory Liquidity Ratio (“SLR”)

A bank is required to maintain, on a daily basis, CRR, which is a specified percentage of its Net Demand and Time Liabilities (“**NDTL**”), excluding interbank deposits, by way of a balance in a current account with RBI. RBI does not pay any interest on CRR balances. The CRR has to be maintained on an average basis for a fortnightly period and the minimum daily maintenance of the CRR should be 90% effective from the fortnight beginning April 16, 2016. RBI may impose penal interest at the rate of 3% above the bank rate on the amount by which the reserve falls short of the CRR required to be maintained on a particular day and if the shortfall continues further, the penal interest charged shall be increased to a rate of 5% above the bank rate in respect of each subsequent day, during which the default continues. In light of the COVID 19 pandemic, the RBI *vide* circular issued on May 22, 2020 to all scheduled and non-scheduled banks, revised the bank rate downwards by 40 basis points from 4.65% to 4.25% with effect from May 22, 2020. In case of default in the maintenance of CRR, on average basis during the fortnight, penal interest will be recovered as envisaged under Section 42(3) of the RBI Act. In light of the recent COVID-19 pandemic, the RBI *vide* its circular dated March 27, 2020 had reduced the CRR of all banks by 100 basis points from 4.00% to 3.00% of their NDTL with effect from the reporting fortnight beginning March 28, 2020 for a period of one year, ending on March 26, 2021. Further, RBI *vide* its circular dated February 5, 2021, has decided to gradually restore the CRR in two phases in a non-disruptive manner. As announced in the Governor’s Statement dated May 04, 2022, it has been decided to increase the Cash Reserve Ratio (CRR) of all banks by 50 basis points from 4.00 percent to 4.50 percent of their Net Demand and Time Liabilities (NDTL), effective from the reporting fortnight beginning May 21, 2022.

In addition to the CRR, a bank is required to maintain SLR, a specified percentage of its NDTL, by way of liquid assets like cash, gold or approved unencumbered securities. The percentage of this liquidity ratio is fixed by RBI from time to time, pursuant to Section 24 of the Banking Regulation Act. At present, the required SLR is 18%.

Further, on December 21, 2011, RBI had permitted banks to avail funds from RBI on an overnight basis, under the Marginal Standing Facility, against their excess SLR holdings. Additionally, they can also avail themselves of funds, on an overnight basis below the stipulated SLR, up to 1% of their respective NDTL outstanding at the end of the second preceding fortnight. Further RBI *vide* circular dated March 27, 2020 read with February 5, 2021 raised the borrowing limit of scheduled banks (excluding Regional Rural Bank) under the MSF scheme from 2% to 3% of their NDTL outstanding at the end of the second preceding fortnight with immediate effect until June 30, 2020. The period was extended till September 30, 2020 by circular dated June 26, 2020 and subsequently till March 31, 2021 through press release dated September 28, 2020. On February 5, 2021, RBI has further extended such period till September 30, 2021 and on August 9, 2021, such period was extended till December 31, 2021. On December 10, 2021, RBI announced that pursuant to the announcement made in the Governor's Statement dated December 08, 2021, it is proposed to return to the normal dispensation. Accordingly, banks will be able to dip into the Statutory Liquidity Ratio (SLR) up to two percent of NDTL instead of three percent for overnight borrowing under the MSF with effect from January 1, 2022.

On September 1, 2020, the RBI increased the limits under the held-to-maturity category ("**HTM**") from 19.5% to 22% of NDTL in respect of SLR-eligible securities acquired on or after September 1, 2020 and on or before March 31, 2021. This dispensation was made available up to March 31, 2022. In order to provide certainty to market participants in the context of the borrowing programme of the centre and states for Fiscal 2022, it has now been decided to extend the dispensation of the enhanced HTM limit of 22% up to March 31, 2023 to include securities acquired between April 1, 2021 and March 31, 2022. The HTM limit will be restored from 22% to 19.5% in a phased manner starting from the quarter ending June 30, 2023. It is expected that banks will be able to plan their investments in SLR securities in an optimal manner with a clear glide path for the restoration of HTM limits.

Further, Section 17(1) of the Banking Regulation Act and RBI circular dated September 20, 2006 requires every banking company to create a reserve fund to which it must transfer not less than 20% of the profits of each year before declaring dividends. If there is an appropriation from this account, the bank is required to report the same to RBI within 21 days, explaining the circumstances leading to such appropriation.

Marginal Cost of Funds based Lending Rate (MCLR)

Pursuant to the notification issued by RBI dated December 17, 2015, all rupee loans sanctioned and credit limits renewed with effect from April 1, 2016 are to be priced with reference to the MCLR which is the internal benchmark for such purposes. MCLR comprise of: (a) marginal cost of funds; (b) negative carry on account of CRR; (c) operating costs and; (d) tenor premium.

In terms of the notification, the board of directors of the banks is required to adopt a policy delineating the components of spread charged to a customer. Actual lending rates are to be determined by adding the components of spread to the MCLR. Further, no lending below the MCLR of a particular maturity for all loans linked to that benchmark is permitted. The aforementioned notification provides exemption to certain loans from being linked to MCLR as the benchmark for determining interest rate. Further, the aforementioned notification also provides for review of MCLR, reset of interest rates, treatment of interest rates linked to base rate charged to existing borrowers and mandates all the banks to move to the MCLR based pricing from April 1, 2016.

External benchmark based lending

The RBI *vide* circular dated September 04, 2019 (as amended from time to time), as updated on June 10, 2021 mandated that all new floating rate personal or retail loans (housing, auto, etc.) and floating rate loans extended by banks to Micro and Small Enterprises from October 01, 2019 and floating rate loans to Medium Enterprises from April 01, 2020 extended by banks shall be linked to external benchmarks. Banks are free to offer such external benchmark linked loans to other types of borrowers as well.

In furtherance of the same, the said new floating rate shall be benchmarked to one of the following: (1) RBI's policy repo rate; (2) Government of India 3-Months Treasury Bill yield published by the Financial Benchmarks India Private Ltd ("**FBIL**"); (3) Government of India 6-Months Treasury Bill yield published by the FBIL; and (4) Any other benchmark market interest rate published by the FBIL. The adoption of multiple benchmarks by the same bank is not allowed within a loan category. Banks are free to decide the spread over the external benchmark, subject to the conditions specified in the aforesaid circular. The interest rate under external benchmark shall be reset at least once in three months.

Central Repository of Information on Large Credits

The RBI has vide its circular dated May 22, 2014, set up the Central Repository of Information on Large Credits (“**CRILC**”) to collect, store and disseminate data on all borrowers' credit exposures including ‘special mention accounts’ (SMA 0, 1 & 2) having aggregate fund-based and non-fund based exposure of ₹ 5 crores and above. The CRILC is designed entirely for supervisory purposes and its focus is on the reporting entities’ exposure to the borrower (as individual and/or as a group) under various heads, such as bank’s exposure to a large borrower; the borrower’s current account balance; bank’s written-off accounts; and identification of non-co-operative borrowers, among others. Further, the CRILC system started with information on SMA2 (default for 61-90 days) to be submitted on as and when basis i.e., whenever repayment for a large borrower's account becomes overdue for 61 days it is to be reported by the bank immediately.

Further, in terms of RBI circular dated June 7, 2019 (Prudential Framework for Resolution of Stressed Assets), all banks are required to report to CRILC, on a monthly basis, exposures of individuals and entities having exposure (both fund and non-fund based) of more than ₹ 5 crores. Banks are also required to report to CRILC, on a weekly basis for all borrower entities in default, having aggregate exposure of more than ₹ 5 crores. In addition, banks are required to report to CRILC the classification of an account to ‘special mention account’ in respect of borrower entities having aggregate exposure of more than ₹ 5 crores. Any non-submission of or incorrect reporting in these returns attracts penalties as specified in the Banking Regulation Act.

Master Regulations and Guidelines of the SEBI

SEBI was established in 1992 in accordance with the provisions of the Securities and Exchange Board of India Act, 1992 (“**SEBI Act**”) to protect the interests of public investors in securities and to promote the development of, and to regulate, the Indian securities market including all related matters. The SEBI Act also provides for the registration and regulation of the function of various market intermediaries including stock brokers, depository participants, merchant bankers, portfolio managers, investment advisers, and research analysts. Pursuant to the SEBI Act, SEBI has formulated various rules and regulations to govern the functions and working of these intermediaries. SEBI also issues various circulars, notifications and guidelines from time to time in accordance with the powers vested with it under the SEBI Act. SEBI has the power to impose (i) monetary penalty under the SEBI Act and the regulations made thereunder, and (ii) penalties prescribed under the SEBI Intermediaries Regulations including suspending or cancelling the certificate of registration of an intermediary and to initiate prosecution under the SEBI Act. Further, SEBI has the power to conduct inspection of all intermediaries in the securities market, including, stock brokers, sub brokers, investment advisers, merchant bankers, underwriters, research analysts, to ensure, amongst others, that the books of account are maintained in the manner required in accordance with applicable law.

We are subject to regulations prescribed by SEBI in respect of capital issuances as well as some of our activities, including acting as agent for collecting subscriptions to public offerings of securities made by other Indian companies, underwriting, custodial, depository participant, and investment banking and because our Equity Shares are listed on Indian stock exchanges. These regulations provide for registering with SEBI the functions, responsibilities and the code of conduct applicable for each of these activities.

Declaration of dividend by banks

The payment of dividends by banks is subject to restrictions under the Banking Regulation Act. Section 15(1) of the Banking Regulation Act states that no banking company may pay any dividend on its shares until all its capitalized expenses (including expenses, organisation expenses, share-selling commissions, brokerage, amounts of losses incurred and any other item of expenditure not represented by tangible assets) have been completely written off. In addition, Section 17(1) of the Banking Regulation Act and RBI circular dated September 20, 2006 requires every banking company to create a reserve fund and, out of the balance of the profit of each year as disclosed in the profit and loss account, transfer a sum equivalent to not less than 25% of such profit to the reserve fund before declaring any dividend. If there is an appropriation from this account, the bank is required to report the same to the RBI within 21 days, explaining the circumstances leading to such appropriation.

Further, on May 4, 2005, the RBI issued guidelines on ‘Declaration of Dividends by Banks’, which prescribed certain conditions for declaration of dividends by banks.

In light of the recent COVID-19 situation, the RBI mandated on December 4, 2020, that the banks shall not make any further dividend payouts from the profits pertaining to the financial year ended March 31, 2020 until further

instructions. RBI has further vide circular dated December 4, 2020 has stated In view of the ongoing stress and heightened uncertainty on account of COVID-19, it is imperative that banks continue to conserve capital to support the economy and absorb losses. In order to further strengthen the banks' balance sheets, while at the same time support lending to the real economy, it has been decided that Banks shall not make any dividend payment on equity shares from the profits pertaining to the financial year ended March 31, 2020. Further, RBI vide its circular DOR.ACC.REC.7/21.02.067/2021-22 dated April 22, 2021, partially modified the instructions contained in the RBI circular dated May 4, 2005, allowed the banks to pay dividend on equity shares from the profits for the financial year ended March 31, 2021, subject to the quantum of dividend being not more than fifty percent of the amount determined as per the dividend payout ratio prescribed in the RBI circular dated May 4, 2005.

Capital and provisioning requirements for exposures to entities with unhedged foreign currency exposure

The RBI issued a circular relating to "Capital and Provisioning Requirements for Exposures to entities with Unhedged Foreign Currency Exposure" on January 15, 2014. Pursuant to these guidelines, the RBI has introduced incremental provisioning and capital requirements for bank exposures to entities with unhedged foreign currency exposures. The circular also lays down the method of calculating the incremental provisioning and capital requirements. The banks will be required to calculate the incremental provisioning and capital requirements at least on a quarterly basis. This framework became fully effective from April 1, 2014.

Master Circular on Prudential Norms on Income Recognition, Asset Classification and Provisioning Pertaining to Advances dated April 1, 2023 ("Prudential Norms")

An asset, including a leased asset, becomes non-performing when it ceases to generate income for the bank. The Prudential Norms further, specify the timeline within which specific assets are to be considered non-performing. Once the account has been classified as a non-performing asset, the unrealized interest and other income already debited to the account is derecognized and further interest is not recognized or credited to the income account unless collected in cash. The Prudential Norms require banks to further classify NPAs into the following three categories based on the period for which the asset has remained non-performing and the realisability of the dues (i) sub-standard assets; (ii) doubtful assets; and (iii) loss assets. These norms also specify provisioning requirements specific to the classification of the assets. The banks should maintain provisioning coverage ratio, including floating provisions, of at least 70.00%. In case of restructuring, the accounts classified as 'standard' shall be immediately downgraded as non-performing assets. Scheduled commercial banks shall report credit information, including classification of an account as SMA to Central Repository of Information on Large Credits ("CRILC"), on all borrowers having aggregate exposure of ₹5 crore and above with them. Banks must put in place Board-approved policies for resolution of stressed assets, including the timelines for resolution. Since default with any lender is a lagging indicator of financial stress faced by the borrower, it is expected that the lenders initiate the process of implementing a resolution plan (RP) even before a default. In any case, once a borrower is reported to be in default by any of the lenders, lenders shall undertake a prima facie review of the borrower account within thirty days from such default. Any action by the Banks with an intent to conceal the actual status of accounts or evergreen the stressed accounts, will be subjected to stringent supervisory / enforcement actions as deemed appropriate by the Reserve Bank, including, but not limited to, higher provisioning on such accounts and monetary penalties.

Other applicable laws

In addition to the above, we are required to comply with the labour laws, various tax-related legislations, intellectual property related legislations and other applicable laws, in the ordinary course of our day-to-day operations.

ISSUE PROCEDURE

Below is a summary, intended to provide a general outline of the procedures for the Bidding, payment of Bid amount, Allocation and Allotment of the Equity Shares to be issued pursuant to the Issue. The procedure followed in the Issue may differ from the one mentioned below, and prospective Bidders are presumed to have apprised themselves of the same from our Bank or the Book Running Lead Managers.

Our Bank, the Book Running Lead Managers and their respective directors, officers, agents, affiliates, shareholders, employees, counsel and representatives are not liable for any amendment or modification or change to applicable laws or regulations, which may occur after the date of this Placement Document. Bidders are advised to make their independent investigations and satisfy themselves that they are eligible to apply. Bidders are advised to ensure that any single Bid from them does not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law or regulation or as specified in this Placement Document. Further, Bidders are required to satisfy themselves that their Bids would not result in triggering an open offer under the SEBI Takeover Regulations and shall be solely responsible for compliance with all the applicable provisions of the SEBI Takeover Regulations, the SEBI Insider Trading Regulations, and other applicable laws.

Bidders are advised to inform themselves of any restrictions or limitations that may be applicable to them and are required to consult their respective advisers in this regard. Bidders that apply in the Issue will be required to confirm and will be deemed to have represented to our Bank, the Book Running Lead Managers and their respective directors, officers, agents, affiliates, shareholders, employees, counsel and representatives that they are eligible under all applicable laws, rules, regulations, guidelines and approvals to acquire the Equity Shares. Our Bank, the Book Running Lead Managers and their respective directors, officers, agents, affiliates, shareholders, employees, counsel and representatives accept no responsibility or liability for advising any Bidder on whether such Bidder is eligible to acquire the Equity Shares. For details, see the sections titled, "Selling Restrictions" and "Transfer Restrictions" beginning on pages 233 and 244.

Qualified Institutions Placement

THE ISSUE IS MEANT ONLY FOR ELIGIBLE QIBS ON A PRIVATE PLACEMENT BASIS AND IS NOT AN OFFER TO THE PUBLIC OR TO ANY OTHER CLASS OF INVESTORS.

The Preliminary Placement Document and this Placement Document have not been filed as a prospectus with the SEBI/RoC and, no Equity Shares will be offered in India or overseas to the public or any members of the public or any other class of investors, other than Eligible QIBs.

The Issue is being made to Eligible QIBs in reliance upon Chapter VI of the SEBI ICDR Regulations through the mechanism of a qualified institutions placement ("QIP"). Under Chapter VI of the SEBI ICDR Regulations, our Bank, being a listed entity in India may issue Equity Shares to Eligible QIBs, provided that:

- a special resolution approving the qualified institutions placement has been passed by its shareholders. Such special resolution must *inter alia* specify (a) that the allotment of Equity Shares is proposed to be made pursuant to the QIP and (b) the Relevant Date;
- approval from the Ministry of Finance, GoI has been obtained on the basis of the recommendation from RBI specifying that the allotment of Equity Shares is proposed to be made pursuant to the QIP;
- under Regulation 172(1)(b) of the SEBI ICDR Regulations, the Equity Shares of the same class of our Bank, which are proposed to be allotted through the Issue, are listed on the recognized Stock Exchanges that has nation-wide trading terminals, for a period of at least one year prior to the date of issuance of notice to our Shareholders for convening the meeting to adopt the above-mentioned special resolution;
- invitation to apply in the Issue must be made through a private placement offer-cum-application (i.e., this Placement Document) and an application form serially numbered and addressed specifically to the Eligible QIBs to whom the Issue is made;
- in accordance with the SEBI ICDR Regulations, issuance and allotment of Equity Shares shall be made only in dematerialized form;

- our Bank shall not make any subsequent qualified institutions placement until the expiry of two weeks from the date of this Issue; and
- the Directors are not Fugitive Economic Offenders.
- our Bank shall have completed allotments with respect to any previous offer or invitation made by our Bank or has withdrawn or abandoned any such invitation or offer, however, our Bank may, at any time, make more than one issue of securities to such class of identified persons as may be prescribed;
- the Equity Shares of our Bank allotted pursuant to the allotments with respect to any previous offer or invitation made by our Bank are validly listed and traded on BSE and NSE.
- an offer to Eligible QIBs will not be subject to a limit of 200 persons. Prior to circulating the private placement offer cum application letter (i.e., the Preliminary Placement Document), our Bank must prepare and record a list of Eligible QIBs to whom this Issue will be made. This Issue must be made only to such Eligible QIBs whose names are recorded by our Bank prior to the invitation to subscribe; and
- our Bank acknowledges that the offering of securities by issue of public advertisements or utilization of any media, marketing or distribution channels or agents to inform the public about this Issue is prohibited.

At least 10% of the equity shares issued to Eligible QIBs must be available for Allocation to Mutual Funds, provided that, if this portion or any part thereof to be allotted to Mutual Funds remains unsubscribed, it may be allotted to other Eligible QIBs.

The above approval is subject to the following conditions as provided in the approval letter dated May 9, 2023 from the Department of Financial Services, Ministry of Finance, GoI (“**GoI Approval Letter**”):

- FDI Policy conditionalities (including, inter alia, paragraph 5.2(a) of the Policy, which provides that the FDI allowed is subject to applicable laws/ regulations) and other Sectoral Regulations/ Guidelines.
- Claim of any tax relief under the Income-Tax Act, 1961 or the relevant Double Taxation Avoidance Agreement (DTAA) will be examined independently by the tax authorities to determine the eligibility and extent of such relief and the approval of the Department of Financial Services by itself will not amount to any recognition of eligibility for giving such relief.
- Department of Financial Services approval by itself does not provide any immunity from tax investigations to determine whether specific or general anti-avoidance rules apply.
- The fair market value of various payments, services, assets, shares etc., determined in accordance with extent guidelines shall be examined by the tax authorities under the tax laws and rules in force and may be varied accordingly for tax purposes; and
- The taxation of dividend, future capital gains on alienation of shares by the foreign investor, interest income and income of any other nature shall be examined by the field formation in accordance with the provision of Income-Tax Act, 1961 and DTAA applicable to the facts of the case.

Bidders were not allowed to withdraw or revise downwards their Bids after the Issue Closing Date.

Additionally, there is a minimum pricing requirement under the SEBI ICDR Regulations. The Floor Price of the Equity Shares issued pursuant to this Issue shall not be less than the average of the weekly high and low of the closing prices of the Equity Shares of the same class quoted on the stock exchanges during the two weeks preceding the Relevant Date as calculated in accordance with Chapter VI of the SEBI ICDR Regulations. However, a discount of not more than 5% of the Floor Price could be offered by our Bank in accordance with the provisions of the SEBI ICDR Regulations and pursuant to a resolution of the Shareholders passed in the AGM held on June 28, 2022, our Bank offered a discount of 4.94% on the Floor Price.

The “Relevant Date” referred to above means the date of the meeting in which the Board or the Issue Committee decides to open the Issue and “stock exchange” means any of the recognized stock exchanges on which the Equity Shares of the same class are listed and on which the highest trading volume in such Equity Shares has been recorded during the two weeks immediately preceding the Relevant Date.

The Equity Shares will be Allotted within 365 days from the date of the shareholders' resolution approving the Issue, being June 28, 2022 and within 60 days from the date of receipt of Bid Amount from the Successful Bidders. For details of refund of Bid Amount, see “— Pricing and Allocation – Designated Date and Allotment of Equity Shares” on page 228.

Subscription to the Equity Shares offered pursuant to the Issue must be made by Eligible QIBs on the basis of the Preliminary Placement Document and this Placement Document that shall contain all material information required under applicable law including the information specified in Schedule VII of SEBI ICDR Regulations. The Preliminary Placement Document and this Placement Document are private documents provided to only select Eligible QIBs through serially numbered copies and are required to be placed on the website of the concerned Stock Exchanges and of our Bank with a disclaimer to the effect that it is in connection with an issue to Eligible QIBs and no offer is being made to the public or to any other category of investors. Please note that if you do not receive a serially numbered copy of the Preliminary Placement Document or this Placement Document addressed to you, you may not rely on the Preliminary Placement Document or this Placement Document uploaded on the website of the Stock Exchanges or our Bank for making an application to subscribe to Equity Shares pursuant to the Issue.

This Issue was authorized and approved by the Board on April 28, 2022 and approved by the Shareholders in the AGM held on June 28, 2022. The minimum number of Allottees with respect to a QIP shall at least be:

two, where the issue size is less than or equal to ₹2,500 million; and

five, where the issue size is greater than ₹2,500 million.

No single Allottee shall be Allotted more than 50% of the Issue Size. Eligible QIBs that belong to the same group or that are under common control shall be deemed to be a single Allottee for the purpose of the Issue. For details of what constitutes “same group” or “common control”, see “—Bid Process—Application Form” on page 224.

Equity Shares being Allotted pursuant to the Issue shall not be sold for a period of one year from the date of Allotment, except on a recognised stock exchange.

We had applied for and received the in-principle approvals from BSE and NSE each on June 1, 2023, respectively under Regulation 28(1)(a) of the SEBI Listing Regulations for listing of the Equity Shares on the Stock Exchanges. We have filed a copy of the Preliminary Placement Document and this Placement Document with the Stock Exchanges.

Allotments made to VCFs and AIFs in the Issue are subject to the rules and regulations that are applicable to each of them respectively, including in relation to lock-in requirement. VCFs and AIFs should independently consult their own counsel and advisors as to investment in and related matters concerning the Issue. AIFs and VCFs whose sponsor and manager are not Indian owned and controlled in terms of the FEMA Rules are not permitted to participate in the Issue.

The Equity Shares offered in the Issue have not been and will not be registered under the U.S. Securities Act, or the securities laws of any state of the United States and may not be offered or sold within the United States except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and any applicable state securities laws. The Equity Shares offered in the Issue are being offered and sold only outside the United States in “offshore transactions” as defined in, and in reliance on, Regulation S and the applicable laws of the jurisdiction where those offers and sales are made. For the selling restrictions in certain other jurisdictions, please see “Selling Restrictions” on page 233. Also see, “Transfer Restrictions” on page 244 for information about transfer restrictions that apply to the Equity Shares sold in the Issue.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Bids may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

Issue procedure

1. On the Bid / Issue Opening Date, our Bank in consultation with the Book Running Lead Managers circulated

serially numbered copies of the Preliminary Placement Document and the serially numbered Application Form, either in electronic or physical form, to identified Eligible QIBs and the Application Form was required to be specifically addressed to each such Eligible QIB. Our Bank has maintained records of the Eligible QIBs to whom the Preliminary Placement Document and the serially numbered Application Form were dispatched.

2. The list of Eligible QIBs to whom the Preliminary Placement Document and Application Form were delivered have been determined by our Bank in consultation with the Book Running Lead Managers, at their sole discretion. **Unless a serially numbered Preliminary Placement Document along with the serially numbered Application Form, which includes the details of the bank account wherein the Bid Amount was deposited, were addressed to a particular Eligible QIB, no invitation to make an offer to subscribe shall be deemed to have been made to such Eligible QIB.** Even if such documentation were to come into the possession of any person other than the intended recipient, no offer or invitation to offer shall be deemed to have been made to such person and any application that does not comply with this requirement shall be treated as invalid and shall be rejected. The Application Form may be signed physically or digitally, if required under applicable law in the relevant jurisdiction applicable to each Eligible QIB and as permitted under such applicable law. An Eligible QIB could submit an unsigned copy of the Application Form, as long as the Bid Amount was paid along with submission of the Application Form within the Bid/Issue Period. Once a duly filled Application Form was submitted by an Eligible QIB, whether signed or not, and the Bid Amount has been transferred to the Escrow Account, such Application Form constitutes an irrevocable offer and could not be withdrawn or revised downwards after the Bid/Issue Closing Date. In case Bids were being made on behalf of the Eligible QIB and the Application Form is unsigned, it was assumed that the person submitting the Application Form and providing necessary instructions for transfer of the Bid Amount to the Escrow Account, on behalf of the Eligible QIB was authorised to do so.
3. Eligible QIBs were required to submit a duly completed Application Form, including any revisions thereof along with the Bid Amount (which is to be transferred to the Escrow Account specified in the Application Form) and a copy of the PAN card or PAN allotment letter and/or any other documents mentioned in the Application Form, during the Issue Period to the Book Running Lead Managers and their Bid Amount shall be deposited into the Escrow Account.
4. Bidders were required to indicate the following in the Application Form:
 - full official name of the Eligible QIB to whom Equity Shares are to be Allotted, complete address, e-mail id, PAN details, phone number and bank account details;
 - number of Equity Shares Bid for;
 - price at which they are agreeable to subscribe for the Equity Shares and the aggregate Bid Amount for the number of Equity Shares Bid for;
 - details of the beneficiary account maintained with the Depository Participant to which the Equity Shares should be credited;
 - that it has agreed to certain other representations set forth in the Application Form;
 - a representation that it is outside the United States acquiring the Equity Shares in an offshore transaction under Regulation S, and in accordance with the applicable laws of the jurisdiction where those offers and sales are made and it has agreed to certain other representations set forth under the “*Representations by Investors*” on page 1 and “*Transfer Restrictions*” on page 244 and certain other representations set forth in the Application Form; and
 - an undertaking that they will deliver an offshore transaction letter to the Issuer prior to any sale of Equity Shares confirming that they will not re-offer, re-sell, pledge or otherwise transfer the Equity Shares, except in an offshore transaction on a recognized Indian stock exchange in compliance with Regulation S.

Note: Eligible FPIs were required to indicate the SEBI FPI registration number in the Application Form. The Bids made by the asset management companies or custodian of Mutual Funds were required to specifically state the names of the concerned schemes for which the Bids were made. In case of a Mutual Fund, a separate Bid could be made in respect of each scheme of the Mutual Fund registered with SEBI and such Bids in respect of more than one scheme of the Mutual Fund were not be treated as multiple Bids provided that the Bids clearly

indicate the scheme for which the Bid has been made. Application by various schemes or funds of a Mutual Fund was treated as one application from the Mutual Fund. Bidders were advised to ensure that any single Bid from them did not exceed the investment limits or maximum number of Equity Shares that could be held by them under applicable laws.

5. Eligible QIBs were required to make the entire payment of the Bid Amount for the Equity Shares Bid for, along with the Application Form, only through electronic transfer to the Escrow Account opened in the name of **“Bank of Maharashtra QIP 2023 Escrow Account”** with the Escrow Agent, within the Issue Period as specified in the Application Form sent to the respective Bidders. Please note that any payment of Bid Amount for the Equity Shares should be required to be made from the bank accounts of the relevant Bidders and our Bank was required to keep a record of the bank account from where such payment has been received. Bid Amount payable on Equity Shares to be held by joint holders should have been paid from the bank account of the person whose name appears first in the Application Form. Until Allotment, and receipt of final listing and trading approvals from the Stock Exchanges, Bid Amount received for subscription of the Equity Shares shall be kept by the Bank in a separate bank account with a scheduled bank. Notwithstanding the above, in the event (a) any Bidder is not allocated Equity Shares in the Issue, (b) the number of Equity Shares Allotted to a Bidder is lower than the number of Equity Shares applied for through the Application Form and towards which Bid Amount has been paid by such Bidder, (c) the Bid Amount has been arrived at using an indicative price higher than the Issue Price, or (d) any Eligible QIB lowers or withdraws their Bid after submission of the Application Form but prior to the Bid Closing Date, the excess Bid Amount will be refunded to the same bank account from which it was remitted, in the form and manner set out in **“– Refunds”** on page 230.
6. Once a duly completed Application Form was submitted by a Bidder and the Bid Amount was transferred to the Escrow Account, such Application Form constitutes an irrevocable offer and the Bid was not allowed to be withdrawn or revised downwards after the Issue Closing Date. In case of an upward revision before the Issue Closing Date, an additional amount was required to be deposited towards the Bid Amount in the Escrow Account along with the submission of such revised Bid. The Issue Closing Date was notified to the Stock Exchanges and the Eligible QIBs were deemed to have been given notice of such date after receipt of the Application Form.
7. Upon receipt of the duly completed Application Form and the Bid Amount in the Escrow Account, on or after the Issue Closing Date, our Bank, in consultation with the Book Running Lead Managers, has determined the final terms, including the Issue Price of the Equity Shares to be issued pursuant to the Issue and Allocation of Equity Shares to be issued pursuant to the Issue. The Book Running Lead Managers will send the serially numbered CANs, along with serially numbered Placement Document, in electronic form only, to the successful Bidders who have been Allocated the Equity Shares. The dispatch of a CAN, and the Placement Document (when dispatched) to a Successful Bidder shall be deemed a valid, binding and irrevocable contract for the Successful Bidders to subscribe to the Equity Shares Allocated to such Successful Bidders at an aggregate price equivalent to the product of the Issue Price and Equity Shares Allocated to such Successful Bidders. The CAN shall contain details such as the number of Equity Shares Allocated to the Successful Bidders, Issue Price and the aggregate amount received towards the Equity Shares Allocated. **Please note that the Allocation has been at the absolute discretion of our Bank and will be in consultation with the Book Running Lead Managers.**
8. Upon dispatch of the serially numbered Placement Document and CAN, our Bank shall Allot Equity Shares as per the details in the CANs sent to the Successful Bidders. Our Bank will inform the Stock Exchanges of the details of the Allotment.
9. After passing the resolution for Allotment and prior to crediting the Equity Shares into the beneficiary account of the Successful Bidders maintained by the Depository Participant, as specified in the records of the depositories or as indicated in their respective Application Form, our Bank shall apply to the Stock Exchanges for listing approvals in respect of the Equity Shares Allotted pursuant to the Issue.
10. After receipt of the listing approvals of the Stock Exchanges, our Bank shall credit the Equity Shares Allotted pursuant to this Issue into the beneficiary accounts of the respective Allottees.
11. Our Bank will then apply for the final trading approvals from the Stock Exchanges.
12. The Equity Shares that would have been credited to the beneficiary account with the Depository Participant

of the Eligible QIBs shall be eligible for trading on the Stock Exchanges only upon the receipt of final trading and listing approvals from the Stock Exchanges.

13. As per applicable law, the Stock Exchanges will notify the final listing and trading approvals, which are ordinarily available on their websites, and our Bank may communicate the receipt of the listing and trading approvals to those Eligible QIBs to whom the Equity Shares have been Allotted. Our Bank and the Book Running Lead Managers shall not be responsible for any delay or non-receipt of the communication of the final trading and listing permissions from the Stock Exchanges or any loss arising from such delay or non-receipt. Investors are advised to apprise themselves of the status of the receipt of the permissions from the Stock Exchanges or our Bank.
14. In the event that the number of Equity Shares Allocated to a Bidder is lower than the number of Equity Shares applied for through the Application Form and towards which Bid Amount has been paid by such Bidder, or Equity Shares are not Allocated to a Bidder for any reasons, or a Bidder withdraws the Bid prior to the Issue Closing Date, any excess Bid Amount paid by such Bidder will be refunded to the same bank account from which Bid Amount was remitted, in the form and manner set out in the Refund Intimation Letter which will be dispatched to such Bidder.

Eligible Qualified Institutional Buyers

Currently, the definition of a QIB as defined in Regulation 2(1)(ss) of the SEBI ICDR Regulations includes:

- (i) Mutual funds, venture capital funds and alternate investment funds (except AIFs and VCFs whose sponsor and manager are not Indian owned and controlled in terms of the FEMA Rules) registered with SEBI;
- (ii) Eligible FPIs other than individuals, corporate bodies and family offices;
- (iii) Public financial institutions;
- (iv) Scheduled commercial banks;
- (v) State industrial development corporations;
- (vi) Insurance companies registered with IRDAI;
- (vii) Provident funds with minimum corpus of ₹250 million;
- (viii) Pension funds with minimum corpus of ₹250 million;
- (ix) National Investment Fund set up by Government of India, set up by resolution no. F. No. 2/3/2005-DDII, dated November 23, 2005 of the Government published in the Gazette of India;
- (x) Insurance funds set up and managed by army, navy or air force of the Union of India;
- (xi) Insurance funds set up and managed by the Department of Posts, India; and
- (xii) Systemically important non-banking financial companies.

Only QIBs as defined in Regulation 2(1)(ss) of the SEBI ICDR Regulations, and not otherwise restricted from participating in the Issue under the applicable laws, including the SEBI ICDR Regulations and are residents of India or are Eligible FPI participating through Schedule II of the FEMA rules are eligible to invest in the Issue, provided that with respect to FPIs, only Eligible FPIs applying under Schedule II of the FEMA Rules will be considered as Eligible QIBs and are eligible to invest in this Issue. AIFs or VCFs whose sponsor and manager are not Indian owned and controlled in terms of the FEMA Rules or FVCIs, multilateral or bilateral development financial institutions are not permitted to participate in this Issue.

ELIGIBLE FPIs ARE PERMITTED TO PARTICIPATE UNDER SCHEDULE II OF FEMA NON-DEBT RULES IN THIS ISSUE. ELIGIBLE FPIs ARE PERMITTED TO PARTICIPATE IN THIS ISSUE SUBJECT TO COMPLIANCE WITH ALL APPLICABLE LAWS AND SUCH THAT THE SHAREHOLDING OF THE ELIGIBLE FPIs DOES NOT EXCEED SPECIFIED LIMIT AS PRESCRIBED UNDER APPLICABLE LAWS IN THIS REGARD. FVCIs ARE NOT PERMITTED TO PARTICIPATE IN THIS ISSUE.

Please note that participation by non-residents in the Issue is restricted to participation by Eligible FPIs through the portfolio investment scheme under Schedule II of the FEMA Rules, subject to the limits prescribed under the SEBI FPI Regulations and the FEMA Rules. Further, AIFs or VCFs whose sponsor and manager are not Indian owned and controlled in terms of the FEMA Rules or FVCIs, multilateral or bilateral development financial institutions are not permitted to participate in this Issue.

In terms of the SEBI FPI Regulations, the issue of Equity Shares to a single FPI or an investor group (multiple entities registered as FPIs and directly or indirectly, having common ownership of more than 50% or common

control) is not permitted to be 10% or more of the post-Issue equity share capital of our Bank, and the total holding of all FPIs, collectively, shall not exceed 20% of the paid-up equity share capital of our Bank. Further, if any FPI holds 10% or more of the Equity Share capital of our Bank, on a fully diluted basis, the FPI including its investor group is required to divest the excess holding within five trading days from the date of settlement of the trades resulting in the breach. In the event that such divestment of excess holding is not done, the total investment made by such FPI together with its investor group will be re-classified as FDI as per procedure specified by SEBI and the FPI and its investor group will be prohibited from making any further portfolio investment in the company under the SEBI FPI Regulations. However, in accordance with Regulation 22(4) of the SEBI FPI Regulations, the FPIs who are: (i) appropriately regulated public retail funds; (b) public retail funds where the majority is owned by appropriately regulated public retail fund on look through basis; or (c) public retail funds and investment managers of such foreign portfolio investors are appropriately regulated, the aggregation of the investment limits of such FPIs having common control, shall not be applicable.

In terms of the approval of the GoI Approval Letters, prior approval of the GoI for the issuance of equity shares up to 20% of paid-up capital to FIIs/FPIs in the Issue, subject to provisions of the Banking Companies Act and other provisions of the Consolidated FDI Policy.

Allotments made to Eligible QIBs in the Issue are subject to the rules and regulations that are applicable to them, including in relation to lock-in requirements. In terms of FEMA Rules, for calculating the aggregate holding of FPIs in a company, holding of all FPIs shall be included. In accordance with the Consolidated FDI Policy, the total foreign ownership in a public sector bank, subject to Banking Companies Act, cannot exceed 20% of the paid-up capital. In accordance with Section 3(2D) of the Banking Companies Act, shareholding of non-residents in a corresponding new bank cannot exceed 20.00% of its paid up capital and in accordance with Section 3(2E) of the Banking Companies Act, no shareholder, other than the Government shall be entitled to exercise voting rights in excess of 10.00% of the total voting rights of all the shareholders of the corresponding new bank;

As of March 31, 2023, the aggregate FPI shareholding in our Bank is 0.26% of our Bank's paid up Equity Share capital (on a fully diluted basis). For further details, see "*Principal Shareholders and Other Information*" beginning on page 196.

Restriction on Allotment

Pursuant to Regulation 179(2)(b) of the SEBI ICDR Regulations, no Allotment shall be made pursuant to the Issue, either directly or indirectly, to any QIB being a Promoter, or any person related to, the Promoter. Eligible QIBs, which have all or any of the following rights, shall be deemed to be persons related to the Promoter:

- (i) rights under a shareholders' agreement or voting agreement entered into with the promoter or members of the promoter group;
- (ii) veto rights; or
- (iii) a right to appoint any nominee director on our Board

Provided, however, that an Eligible QIB which does not hold any equity shares in our Bank and which has acquired the aforesaid rights in the capacity of a lender shall not be deemed to be related to the Promoter.

Our Bank, the Book Running Lead Managers and any of their respective shareholders, employees, counsels, officers, directors, representatives, agents, advisors, associates or affiliates shall not be liable for any amendment or modification or change to applicable laws or regulations, which may occur after the date of the Preliminary Placement Document. Eligible QIBs are advised to make their independent investigations and satisfy themselves that they are eligible to apply. Eligible QIBs are advised to ensure that any single application from them does not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law or regulation or as specified in the Preliminary Placement Document. Further, Eligible QIBs are required to satisfy themselves that their Bids would not eventually result in triggering a tender offer under the SEBI Takeover Regulations, and ensure compliance with applicable laws.

A minimum of 10% of the Equity Shares offered in the Issue shall be Allotted to Mutual Funds. In case of under subscription in such portion, such portion or part thereof may be Allotted to other Eligible QIBs.

Note: Affiliates or associates of the Book Running Lead Managers who are Eligible QIBs may participate in the Issue in compliance with applicable laws.

Bid process

Application Form

Eligible QIBs were only to use the serially numbered Application Forms (which were specifically addressed to them) supplied by our Bank and the Book Running Lead Managers in electronic form only for the purpose of making a Bid (including revision of a Bid) in terms of the Preliminary Placement Document.

An Eligible QIB have submitted an unsigned copy of the Application Form, as long as the Bid Amount was paid along with submission of the Application Form within the Bid/Issue Period, and in such case, it shall be assumed that the person submitting the Application Form and providing necessary instructions for transfer of the Bid Amount to the Escrow Account, on behalf of the Eligible QIB was authorised to do so.

By making a Bid (including the revision thereof) for Equity Shares through Application Forms and pursuant to the terms of the Preliminary Placement Document, the Eligible QIB was deemed to have made the following representations, warranties, acknowledgements and undertakings given or made under “*Notice to Investors*”, “*Representations by Investors*”, “*Selling Restrictions*” and “*Transfer Restrictions*” on pages 1, 3, 233 and 244, respectively:

1. The Eligible QIB confirms that it is a QIB in terms of Regulation 2(1)(ss) of the SEBI ICDR Regulations and is not excluded under Regulation 179(2)(b) of the SEBI ICDR Regulations, has a valid and existing registration under the applicable laws in India and is eligible to participate in this Issue;
2. The Bidder confirms that it has no rights under a shareholders’ agreement or voting agreement with the Promoter or promoter group, no veto rights or right to appoint any nominee director on the Board other than those acquired in the capacity of a lender which shall not be deemed to be a person related to the Promoter;
3. The Eligible QIB acknowledges that it has no right to withdraw or revise its Bid downwards after the Bid/Issue Closing Date;
4. The Bidder confirms that in the event it is resident outside India, it is an Eligible FPI, having a valid and existing registration with SEBI under the applicable laws in India, including the FEMA Rules, as amended, and any notifications, circulars or clarifications issued thereunder and not an FVCI or a multilateral or bilateral development financial institution. Each Eligible QIB confirms that it is not an AIF or VCF whose sponsor and manager is not Indian owned and controlled in terms of the FEMA Rules. Each Eligible QIB confirms that they have not been prohibited by SEBI or any other regulatory authority, from buying, selling, dealing in securities or otherwise accessing the capital markets;
5. The Eligible QIB confirms that if Equity Shares are Allotted through this Issue, it shall not, for a period of one year from Allotment, sell such Equity Shares otherwise than on the floor of the Stock Exchanges. Additionally, this will be subject to the Selling and Transfer Restrictions under the applicable laws;
6. The Eligible QIB confirms that the QIB is eligible to Bid and hold Equity Shares so Allotted together with any Equity Shares held by it prior to the Issue, if any. The QIB further confirms that the holding of the QIB, does not and shall not, exceed the level permissible as per any applicable regulations applicable to the QIB;
7. The Eligible QIB confirms that its Bid would not result in triggering an open offer under the SEBI Takeover Regulations;
8. The Eligible QIB agrees that although the Bid Amount is required to be paid by it along with the Application Form within the Issue Period, our Bank reserves the right to Allocate and Allot Equity Shares pursuant to this Issue on a discretionary basis in consultation with the Book Running Lead Managers. The Eligible QIB further acknowledges and agrees that the payment of Bid Amount does not guarantee Allocation and/or Allotment of Equity Shares Bid for in full or in part;
9. The Eligible QIB confirms that the number of Equity Shares Allotted to it pursuant to the Issue, together with other Allottees that belong to the same group or are under common control, shall not exceed 50% of

the Issue. For the purposes of this representation:

- a. QIBs “belonging to the same group” shall mean entities where (a) any of them controls, directly or indirectly, through its subsidiary or holding company, not less than 15% of the voting rights in the other; (b) any of them, directly or indirectly, by itself, or in combination with other persons, exercise control over the others; or (c) there is a common director, excluding nominee and Independent Directors, amongst an Eligible QIB, its subsidiary(ies) or holding company and any other Eligible QIB ; and
- b. ‘Control’ shall have the same meaning as is assigned to it by Regulation 2(1)(e) of the SEBI Takeover Regulations;
10. The Eligible QIBs acknowledge that no Allotment shall be made to them if the price at which they have Bid for in the Issue is lower than the Issue Price.
11. The Eligible QIBs confirm that they shall not undertake any trade in the Equity Shares credited to their beneficiary account maintained with the Depository Participant until such time that the final listing and trading approvals for the Equity Shares are issued by the Stock Exchanges.
12. You are aware that in accordance with Section 12B of the Banking Regulation Act and the Master Direction – Reserve Bank of India (Acquisition and Holding of Shares or Voting Rights in Banking Companies) Directions, 2023 issued by the RBI on January 16, 2023 read together with the Guidelines on Acquisition and Holding of Shares or Voting Rights in Banking Companies issued by the Reserve Bank of India on January 16, 2023, no person (along with his relatives, associate enterprises or persons acting in concert with you) can acquire or hold more than 5% of the total paid-up share capital of our Bank. Further, as per the provisions of sub-section (2) of Section 12 of Banking Regulation Act read with gazette notification DBR.PSBD.No.1084/16.13.100/2016-17 dated July 21, 2016, no shareholder in a banking company can exercise voting rights on poll in excess of 26 per cent of total voting rights of all the shareholders of the banking company. Accordingly, you hereby represent that your (direct or indirect) aggregate holding in the paid-up share capital of our Bank, whether beneficial or otherwise after subscription to the Equity Shares in the Issue by you, your relatives, your associate enterprises or persons acting in concert with you, aggregated with any pre-Issue shareholding in the Bank of you, your relatives, your associate enterprises or persons acting in concert (as applicable) shall not amount to more than 5%, as applicable limits of the total paid-up share capital of our Bank or would not entitle you to exercise more than the applicable limits of the total voting rights of our Bank, except with the prior approval of the RBI.

In the event, your aggregate shareholding, whether direct or indirect, beneficial or otherwise, aggregating to more than 5% of the total paid-up share capital of our Bank, you are required to submit the approval obtained from the RBI with the Bank prior to the finalisation of the Allotment. Each Eligible QIB acknowledges that, prior RBI approval will be required in the event acquisitions made by such Eligible QIB exceeds the threshold prescribed under Master Direction for Acquisition. In case of a person permitted by the RBI to have a shareholding of 10% or more of the paid-up equity share capital of the banking company but less than 40% of the paid-up equity share capital, the shares acquired shall remain under lock-in for first five years from the date of completion of acquisition.
13. Each Eligible FPI, confirms that it will participate in the Issue only under and in conformity with Schedule II of FEMA Rules. Further, each Eligible FPI acknowledges that Eligible FPIs may invest in such number of Equity Shares such that the individual investment of the Eligible FPI or its investor group (multiple entities registered as FPIs and directly or indirectly, having common ownership of more than fifty per cent or common control) in our Bank does not exceed 10% of the post-Issue paid-up capital of our Bank on a fully diluted basis.
14. The Eligible QIB confirms that:
 - a. It is outside the United States it is subscribing to the Equity Shares in an offshore transaction in reliance on Regulation S, and is not our affiliate or a person acting on behalf of such an affiliate.
 - b. It has read and understood, and by making a Bid for the Equity Shares through the Application Forms and pursuant to the terms of this Placement Document, will be deemed to have made the representations, warranties and agreements made under the sections titled “*Notice to Investors*”, “*Representations by*

Investors”, “*Selling Restrictions*” and “*Transfer Restrictions*” beginning on pages 1, 3, 233 and 244, respectively.

ELIGIBLE QIBs WERE REQUIRED TO PROVIDE THEIR NAME, COMPLETE ADDRESS, EMAIL ID, BANK ACCOUNT DETAILS, BENEFICIARY ACCOUNT DETAILS, PAN, DEPOSITORY PARTICIPANT’S NAME, DEPOSITORY PARTICIPANT IDENTIFICATION NUMBER AND BENEFICIARY ACCOUNT NUMBER IN THE APPLICATION FORM. ELIGIBLE QIBs WERE REQUIRED TO ENSURE THAT THE NAME GIVEN IN THE APPLICATION FORM IS EXACTLY THE SAME AS THE NAME IN WHICH THEIR BENEFICIARY ACCOUNT IS HELD.

IF SO REQUIRED BY THE BOOK RUNNING LEAD MANAGERS, THE ELIGIBLE QIBs SUBMITTING A BID, ALONG WITH THE APPLICATION FORM, WERE ALSO REQUIRED TO SUBMIT REQUISITE DOCUMENT(S) TO THE BOOK RUNNING LEAD MANAGERS TO EVIDENCE THEIR STATUS AS A “QIB” AS DEFINED HEREINABOVE.

IF SO REQUIRED BY THE BOOK RUNNING LEAD MANAGERS, ESCROW AGENT OR ANY STATUTORY OR REGULATORY AUTHORITY IN THIS REGARD, INCLUDING AFTER ISSUE CLOSURE, THE ELIGIBLE QIBs WHO SUBMITTED A BID AND/OR BEING ALLOTTED EQUITY SHARES IN THE ISSUE, WILL ALSO HAVE TO SUBMIT REQUISITE DOCUMENT(S) TO FULFILL THE APPLICABLE KNOW YOUR CUSTOMER (KYC) NORMS.

Demographic details such as address and bank account will be obtained from the Depositories as per the Depository Participant account details provided in the Application Form. However, for the purposes of refund of all or part of the Bid Amount submitted by the Bidder, the bank details as mentioned in the Application Form from which the Bid Amount shall be remitted for the Equity Shares applied for in the Issue, will be considered.

The submission of an Application Form and payment of the Bid Amount pursuant to the Application Form by a Bidder shall be deemed a valid, binding and irrevocable offer for such Bidder to pay the entire Issue Price for the Equity Shares and becomes a binding contract on a Successful Bidder upon issuance of the CAN and the Placement Document (when dispatched) by our Bank (by itself or by the Book Running Lead Managers) in favour of the Successful Bidder.

Submission of Application Form

All Application Forms were required to be duly completed with information including the number of Equity Shares applied for along with proof of payment and a copy of the PAN card or PAN allotment letter. The Book Running Lead Managers were not required to provide any written acknowledgement of the receipt of the Application Form and the Bid Amount.

Bidders Bidding in the Issue were required to pay the entire Bid Amount along with the submission of the Application Form, within the Issue Period.

Payment of Bid Amount

Our Bank has opened the Escrow Account in the name of ***“Bank of Maharashtra QIP 2023 Escrow Account”*** with the Escrow Agent, in terms of the arrangement among our Bank, the Book Running Lead Managers and the Escrow Agent. Each Bidder was required to deposit the Bid Amount payable for the Equity Shares Bid by it along with the submission of the Application Form and during the Bidding Period. Bidders could make payment of the Bid Amount only through electronic transfer of funds from their own bank account.

Note: Payments were to be made only through electronic fund transfer. Payments made through cash or cheques were liable to be rejected. Further, if the payment were not made favouring the Escrow Account, the Application Form was liable to be rejected.

Pending Allotment, our Bank undertakes to utilise the amount deposited in ***“Bank of Maharashtra QIP 2023 Escrow Account”*** only for the purposes of (i) adjustment against Allotment of Equity Shares in the Issue; or (ii) repayment of Bid Amount if our Bank is not able to Allot Equity Shares in the Issue. In case of cancellations or default by the Bidders, our Bank and the Book Running Lead Managers have the right to reallocate the Equity Shares at the Issue Price among existing or new Bidders at their sole and absolute discretion subject to the applicable laws. Notwithstanding the above, in the event a Bidder is not Allocated Equity Shares in the Issue, or the number of Equity Shares Allocated to a Bidder, is lower than the number of Equity Shares applied for through the Application Form and towards which Bid Amount has been paid by such Bidder, the excess Bid Amount will be refunded to the same bank account from which Bid Amount was remitted, in the form and manner set out in ***“Issue Procedure – Refunds”*** on page 216.

Pricing and Allocation

There is a minimum pricing requirement under the SEBI ICDR Regulations. The Floor Price shall not be less than the average of the weekly high and low of the closing prices of the Equity Shares quoted on the stock exchange during the two weeks preceding the Relevant Date. For the purpose of determination of the Floor Price, ‘stock exchange’ shall mean any of the recognised stock exchanges in which the Equity Shares are listed and in which the highest trading volume in such Equity Shares has been recorded during the two weeks immediately preceding the Relevant Date. However, our Bank offered a discount of 4.94% of the Floor Price, in terms of Regulation 176(1) of the SEBI ICDR Regulations, in accordance with the approval of our Shareholders pursuant to resolution passed at AGM held on June 28, 2022.

The “Relevant Date” referred to above, for Allotment, was the date of the meeting in which the Board or the Issue Committee of the Board decided to open the Issue and “stock exchange” means any of the recognized stock exchanges in India on which the Equity Shares of the issuer of the same class are listed and on which the highest trading volume in such Equity Shares has been recorded during the two weeks immediately preceding the Relevant Date.

Build-up of the book

The Eligible QIBs shall submit their Bids (including any revision thereof) through the Application Forms within the Issue Period to the Book Running Lead Managers. Such Bids cannot be withdrawn or revised downwards after the Issue Closing Date. The book shall be maintained by the Book Running Lead Managers.

Price discovery and Allocation

Our Bank, in consultation with the Book Running Lead Managers, shall determine the Issue Price, which shall be at or above the Floor Price. However, our Bank has offered a discount of 4.94% on the Floor Price, in terms of Regulation 176(1) of the SEBI ICDR Regulations, in accordance with the approval of our Shareholders pursuant to resolution passed at AGM held on June 28, 2022.

After finalisation of the Issue Price, our Bank has updated the Preliminary Placement Document with the Issue details and filed the same with the Stock Exchanges as this Placement Document.

Method of Allocation

Our Bank has determined the Allocation in consultation with the Book Running Lead Managers on a discretionary basis and in compliance with Chapter VI of the SEBI ICDR Regulations.

Bids received from the Eligible QIBs at or above the Issue Price were grouped together to determine the total demand. The Allocation to all such Eligible QIBs was made at the Issue Price. Allocation to Mutual Funds for a minimum of 10% of the Issue Size was required to be undertaken subject to valid Bids being received at or above the Issue Price.

THE DECISION OF OUR BANK IN CONSULTATION WITH THE BOOK RUNNING LEAD MANAGERS IN RESPECT OF ALLOCATION IS FINAL AND BINDING ON ALL ELIGIBLE QIBs. BIDDERS TO NOTE THAT ALLOCATION OF EQUITY SHARES IS AT THE SOLE AND ABSOLUTE DISCRETION OF OUR BANK, IN CONSULTATION WITH THE BOOK RUNNING LEAD MANAGERS AND ELIGIBLE QIBS MAY NOT RECEIVE ANY ALLOCATION EVEN IF THEY HAVE SUBMITTED VALID APPLICATION FORMS AND PAID THE ENTIRE BID AMOUNT AT OR ABOVE THE ISSUE PRICE. NEITHER OUR BANK NOR THE BOOK RUNNING LEAD MANAGERS ARE OBLIGED TO ASSIGN ANY REASON FOR ANY NON- ALLOCATION.

CONFIRMATION OF ALLOCATION NOTE OR CAN

Based on receipt of the serially numbered Application Forms and Bid Amount, our Bank, in consultation with the Book Running Lead Managers, in their sole and absolute discretion, shall decide the Successful Bidders to whom the serially numbered CAN shall be dispatched, pursuant to which the details of the Equity Shares Allocated to them, the Issue Price and the Bid Amount for the Equity Shares Allocated to them shall be notified to such Successful Bidders. Additionally, the CAN will include the probable Designated Date, being the date of credit of the Equity Shares to the Bidders’ account, as applicable to the respective Successful Bidder (“**Designated Date**”).

The Successful Bidders would also be sent a serially numbered Placement Document either in electronic form or by physical delivery.

The dispatch of the serially numbered CAN and the Placement Document in the electronic form, to the Eligible QIBs shall be deemed a valid, binding and irrevocable contract for the Eligible QIBs to subscribe to the Equity Shares Allocated to such Successful Bidders. Subsequently, our Board or the Issue Committee of the Board will approve the Allotment of the Equity Shares to the Allottees in consultation with the Book Running Lead Managers.

Eligible QIBs are advised to instruct their Depository Participant to accept the Equity Shares that may be

Allotted to them pursuant to the Issue

By submitting the Application Form, an Eligible QIB were deemed to have made the representations and warranties as specified in section titled “*Notice to Investors*” on page 1 and further that such Eligible QIB shall not undertake any trade on the Equity Shares credited to its Depository Participant account pursuant to the Issue until such time as the final listing and trading approval is issued by Stock Exchanges.

Successful Bidders are advised to instruct their Depository Participant to accept the Equity Shares that may be Allotted to them pursuant to the Issue.

Designated Date and Allotment of Equity Shares

Subject to the satisfaction of the terms and conditions of the Placement Agreement, our Bank will ensure that the Allotment of the Equity Shares is completed by the Designated Date provided in the CAN.

In accordance with the SEBI ICDR Regulations, Equity Shares will be issued and Allotment shall be made only in the dematerialized form to the Allottees. Allottees will have the option to re-materialize the Equity Shares, if they so desire the Depositories Act. However, no transfer in physical form is permitted as per Regulation 40 of the SEBI Listing Regulations.

Our Bank, at its sole discretion, reserves the right to cancel the Issue at any time up to Allotment without assigning any reasons whatsoever.

Following the Allotment of the Equity Shares pursuant to the Issue, our Bank shall apply to the Stock Exchanges for listing approvals and post receipt of the listing approvals from the Stock Exchanges, our Bank shall credit the Equity Shares into the beneficiary accounts of the Eligible QIBs.

Following the credit of Equity Shares into the Successful Bidders’ beneficiary accounts, our Bank will apply for the final listing and trading approvals from the Stock Exchanges.

The monies lying to the credit of the Escrow Account shall not be released until the final listing and trading approvals of the Stock Exchanges for the listing and trading of the Equity Shares issued pursuant to this Issue are received by our Bank.

After finalization of the Issue Price, our Bank has updated the Preliminary Placement Document with the Issue details and has filed it with the Stock Exchanges as this Placement Document. Pursuant to a circular SEBI/CFD/DIL/LA/1/2010/05/03 dated March 5, 2010 issued by the SEBI, Stock Exchanges are required to make available on their websites the details of those Allottees in Issue who have been allotted more than 5% of the Equity Shares offered in the Issue, namely, names of the Allottees, and number of Equity Shares Allotted to each of them, pre and post Issue shareholding pattern of our Bank along with the Placement Document.

In accordance with Section 12B of the Banking Regulation Act, 1949 and the Master Direction – Reserve Bank of India (Acquisition and Holding of Shares or Voting Rights in Banking Companies) Directions, 2023 issued by the RBI on January 16, 2023 read together with the Guidelines on Acquisition and Holding of Shares or Voting Rights in Banking Companies issued by the Reserve Bank of India on January 16, 2023, no person (along with his relatives, associate enterprises or persons acting in concert with) can acquire or hold 5% or more of the total paid-up share capital of our Bank, or be entitled to exercise 5% or more of the total voting rights of our Bank, without prior approval of the RBI. Accordingly, a Bidder’s aggregate holding in the paid-up share capital of our Bank, whether beneficial or otherwise: after subscription to the Equity Shares in the Issue by such Bidder, his or her relatives, associate enterprises or persons acting in concert with such Bidder, aggregated with any pre-Issue shareholding in the Bank of such Bidder, his or her relatives, associate enterprises or persons acting in concert; or after subscription to the Equity Shares in the Issue aggregated with any pre-Issue shareholding in our Bank of such Bidder, his or her relatives, associate enterprises or persons acting in concert; shall not amount to 5% or more of the total paid-up share capital of our Bank or would not entitle such Bidder to exercise 5% or more of the total voting rights of our Bank, except with the prior approval of the RBI.

Refunds

In the event that the number of Equity Shares Allocated to a Bidder were lower than the number of Equity Shares applied for through the Application Form and towards which Bid Amount has been paid by such Bidder, or the

Bidder has deposited the Bid Amount arrived at using a price higher than the Issue Price, or Equity Shares are not Allocated to a Bidder for any reasons, is cancelled prior to Allocation, or a Bidder withdraws the Bid prior to the Issue Closing Date, any excess Bid Amount paid by such Bidder will be refunded to the same bank account from which Bid Amount was remitted (as set out in the Application Form). The Refund Amount will be transferred to the relevant Bidders within two Working Days from the issuance of the CAN.

In the event that our Bank is unable to issue and Allot the Equity Shares offered in the Issue or if the Issue is cancelled from the date of receipt of application monies, our Bank shall repay the application monies. The application monies to be refunded by us shall be refunded to the same bank account from which application monies was remitted by the Bidders, as mentioned in the Application Form.

In accordance with the SEBI ICDR Regulations, Equity Shares will be issued and Allotment shall be made only in dematerialised form to the Allottees. Allottees will have the option to re-materialise the Equity Shares, if they so desire, as per the provisions of the Depositories Act and other applicable laws

We, at our sole discretion, reserve the right to cancel the Issue at any time up to Allotment without assigning any reason whatsoever.

Following the Allotment and credit of Equity Shares into the Eligible QIBs' Depository Participant accounts, we will apply for final trading and listing approvals from the Stock Exchanges.

Release of Funds to our Bank

The monies lying to the credit of the Escrow Account shall not be released until the final listing and trading approvals of the Stock Exchanges for the listing and trading of the Equity Shares issued pursuant to this Issue are received by our Bank. In the event of any delay in the Allotment or credit of Equity Shares, or receipt of trading or listing approvals or cancellation of the Issue, no interest or penalty would be payable by us or the BRLMs.

Other instructions

Submission of Documents

A physical copy of the Application Form and relevant documents as required to be provided along with the Application Form shall be submitted as soon as practicable.

Permanent account number or PAN

Each Bidder should mention its PAN allotted under the IT Act. A copy of PAN card is required to be submitted with the Application Form. Further, the Application Forms without this information will be considered incomplete and are liable to be rejected. It is to be specifically noted that applicants should not submit the GIR Number instead of the PAN as the Application Form is liable to be rejected on this ground.

Bank account details

Each Bidder shall mention the details of the bank account from which the payment of Bid Amount has been made along with confirmation that such payment has been made from such account.

Right to reject applications

Our Bank, in consultation with the Book Running Lead Managers, may reject Bids, in part or in full, without assigning any reason whatsoever. The decision of our Bank in consultation with the Book Running Lead Managers in relation to the rejection of Bids shall be final and binding. In the event the Bid is rejected by our Bank, the Bid Amount paid by the Bidder shall be refunded to the same bank account from which the Bid Amount was remitted by such Bidder. For details see "*Bid Process*" – "*Refund*".

Equity Shares in dematerialised form with NSDL or CDSL

The Allotment of the Equity Shares in this Issue shall be only in dematerialised form (i.e., not in physical certificates but be fungible and be represented by the statement issued through the electronic mode).

An Eligible QIB applying for Equity Shares to be issued pursuant to the Issue must have at least one beneficiary account with a Depository Participant of either NSDL or CDSL prior to making the Bid. Equity Shares Allotted to a Successful Bidder will be credited in electronic form directly to the beneficiary account (with the Depository Participant) of the Successful Bidder, as indicated in the Application Form.

Equity Shares in electronic form can be traded only on the stock exchanges having electronic connectivity with NSDL and CDSL. The Stock Exchanges have electronic connectivity with NSDL and CDSL.

The trading of the Equity Shares to be issued pursuant to the Issue would be in dematerialised form only for all Eligible QIBs in the demat segment of the respective Stock Exchanges.

Our Bank and the Book Running Lead Managers will not be responsible or liable for the delay in the credit of Equity Shares to be issued pursuant to the Issue due to errors in the Application Form or otherwise on the part of the Bidders.

PLACEMENT

Placement Agreement

The Book Running Lead Managers have entered into a placement agreement with the Bank dated June 1, 2023 (the “**Placement Agreement**”), pursuant to which the Book Running Lead Managers have agreed to manage the Issue and act as placement agents in connection with the proposed Issue and procure subscriptions for the Equity Shares on a reasonable efforts basis pursuant to Chapter VI of SEBI ICDR Regulations.

The Placement Agreement contains customary representations, warranties and indemnities from the Bank and it is subject to termination in accordance with the terms contained therein.

Applications shall be made to list the Equity Shares issued pursuant to the Issue and admit them to trading on the Stock Exchanges. No assurance can be given as to the liquidity or sustainability of the trading market for such Equity Shares, the ability of holders of the Equity Shares to sell their Equity Shares or the price at which holders of the Equity Shares will be able to sell their Equity Shares.

The Preliminary Placement Document and This Placement Document have not been, and will not be, filed as a prospectus with RoC and, no Equity Shares issued pursuant to the Issue will be offered in India or overseas to the public or any members of the public in India or any other class of investors, other than Eligible QIBs.

In connection with the Issue, the Book Running Lead Managers (or their affiliates) may, for its own account, subscribe to the Equity Shares or enter into asset swaps, credit derivatives or other derivative transactions relating to the Equity Shares to be issued pursuant to the Issue at the same time as the offer and sale of the Equity Shares, or in secondary market transactions. As a result of such transactions, the Book Running Lead Managers may hold long or short positions in such Equity Shares. These transactions may comprise a substantial portion of the Issue and no specific disclosure will be made of such positions. Affiliates of the Book Running Lead Managers may subscribe to Equity Shares and be Allotted Equity Shares for proprietary purposes and not with a view to distribute or in connection with the issuance of P-Notes. See “*Offshore Derivative Instruments*” on page 9.

The Equity Shares have not been and will not be registered under the U.S. Securities Act and may not be offered or sold within the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable state securities laws. Accordingly, the Equity Shares are being offered and sold only outside the United States in “offshore transactions” as defined in, and in compliance, with Regulation S and the applicable laws of the jurisdiction where those offers and sales are made.

The Book Running Lead Managers and their respective affiliates may engage in transactions with and perform services for the Bank and/or its Subsidiary and/or Associate in the ordinary course of business and have engaged, or may in the future engage, in commercial banking and investment banking transactions with the Bank and/or Subsidiary and/or Associate, for which they have received compensation and may in the future receive compensation.

Lock-up

The Bank will not, for a period commencing the date hereof and ending 90 days from the Closing Date, without the prior written consent of the Book Running Lead Managers, directly or indirectly:

- (a) issue, offer, lend, sell, pledge, contract to sell or issue, sell any option or contract to purchase, purchase any option or contract to sell or issue, grant any option, right or warrant to purchase, lend or otherwise transfer or dispose of any Equity Shares, or any securities convertible into or exercisable or exchangeable for the Equity Shares or publicly announce an intention with respect to any of the foregoing;
- (b) enter into any swap or other agreement that transfers, directly or indirectly, in whole or in part, any of the economic consequences of ownership of the Equity Shares or any securities convertible into or exercisable or exchangeable for the Equity Shares;
- (c) deposit Equity Shares or any securities convertible into or exercisable or exchangeable for Equity Shares or which carry the right to subscribe to or purchase Equity Shares or which carry the right to subscribe to or purchase Equity Shares in depository receipt facilities or enter into any such transactions (including a transaction involving derivatives) having an economic effect similar to that of a sale or deposit of Equity Shares in any depository receipt facility; or

- (d) publicly announce any intention to enter into any transaction whether any such transaction described in (a), (b) or (c) above is to be settled by delivery of the Equity Shares, or such other securities, in cash or otherwise,

The foregoing restrictions shall not apply to: (i) the issuance of any Equity Shares; and (ii) any issue or offer of Equity Shares by the Bank, to the extent such issue or offer is: (a) required to be undertaken pursuant to Applicable Law; or (b) required to be undertaken pursuant to the instructions, orders or guidelines as may be issued by the Government of India or an undertaking of the Government of India or such other authority acting on its behalf, in each case with the requisite authority to issue such instructions, orders or guidelines, as the case may be.

The Equity Shares held by the Promoter shall not be subject to any lock-up under the Placement Agreement.

SELLING RESTRICTIONS

The distribution of this Placement Document and the offer, sale or delivery of the Equity Shares is restricted by law in certain jurisdictions. Persons who come into possession of this Placement Document are advised to take legal advice with respect to any restrictions that may be applicable to them and to subsequently observe such restrictions. This Placement Document may not be used for the purpose of an offer or sale in any circumstance in which such offer or sale is not authorized or permitted.

General

No action has been taken or will be taken that would permit a public offering of the Equity Shares to occur in any jurisdiction other than India, or the possession, circulation or distribution of this Placement Document or any other material relating to our Bank or the Equity Shares in any jurisdiction where action for such purpose is required. Accordingly, the Equity Shares may not be offered or sold, directly or indirectly, and neither this Placement Document nor any offering materials or advertisements in connection with the Equity Shares may be distributed or published in or from any country or jurisdiction except under circumstances that will result in compliance with any applicable rules and regulations of any such country or jurisdiction. The Issue will be made in compliance with the applicable SEBI ICDR Regulations, The Banking Companies Act, The Banking Regulation Act, 1949, As Amended (The “Banking Regulation Act”), Bank Of India (Shares And Meetings) Regulations, 2007, As Amended (The “Bank Of India Regulations”) And The Nationalised Banks (Management And Miscellaneous Provisions) Scheme, 1970 and the rules made thereunder.

Republic of India

This Placement Document may not be distributed, directly or indirectly, in India or to residents of India and any Equity Shares may not be offered or sold, directly or indirectly, in India to, or for the account or benefit of, any resident of India except as permitted by applicable Indian laws and regulations, under which an offer is strictly on a private and confidential basis and is limited to eligible QIBs and is not an offer to the public. This Placement Document has not been and will not be filed as a prospectus with the RoC, and will not be circulated or distributed to the public in India or any other jurisdiction, and will not constitute a public offer in India or any other jurisdiction.

Australia

This Placement Document does not constitute a prospectus or other disclosure document under the Corporations Act 2001 (Cth) (“Australian Corporations Act”) and does not purport to include the information required of a disclosure document under the Australian Corporations Act. This Placement Document has not been lodged with the Australian Securities and Investments Commission (“ASIC”) and no steps have been taken to lodge it as such with ASIC. Any offer in Australia of the Equity Shares under this document may only be made to persons who are “sophisticated investors” (within the meaning of section 708(8) of the Australian Corporations Act), to “professional investors” (within the meaning of section 708(11) of the Australian Corporations Act) or otherwise pursuant to one or more exemptions under section 708 of the Australian Corporations Act so that it is lawful to offer the Equity Shares in Australia without disclosure to investors under Part 6D.2 of the Australian Corporations Act.

If you are acting on behalf of, or acting as agent or nominee for, an Australian resident and you are a recipient of this Placement Document, and any offers made under this Placement Document, you represent to the Bank and the Book Running Lead Managers that you will not provide this Placement Document or communicate any offers made under this Placement Document to, or make any applications or receive any offers for the Equity Shares for, any Australian residents unless they are a “sophisticated investor” or a “professional investor” as defined by section 708 of the Australian Corporations Act.

Any offer of the Equity Shares for on-sale that is received in Australia within 12 months after their issue by our Bank, or within 12 months after their sale by a selling security holder (or the Book Running Lead Managers) under the Issue, as applicable, is likely to need prospectus disclosure to investors under Part 6D.2 of the Australian Corporations Act, unless such offer for on-sale in Australia is conducted in reliance on a prospectus disclosure exemption under section 708 of the Australian Corporations Act or otherwise. Any persons acquiring the Equity Shares should observe such Australian on-sale restrictions.

Bahrain

The Central Bank of Bahrain, the Bahrain Bourse and the Ministry of Industry, Commerce and Tourism of the Kingdom of Bahrain take no responsibility for the accuracy of the statements and information contained in the Preliminary Placement Document and this Placement Document or the performance of the Equity Shares, nor shall they have any liability to any person, investor or otherwise for any loss or damage resulting from reliance on any statements or information contained herein. All applications for investment should be received, and any allotments should be made, in each case from outside the Kingdom of Bahrain. This Placement Document has been prepared for private information purposes of intended investors only who will be high net worth individuals and institutions. Our Bank has not made and will not make any invitation to the public in the Kingdom of Bahrain and this Placement Document will not be issued, passed to, or made available to the public generally. The Central Bank of Bahrain has not reviewed, nor has it approved, the Preliminary Placement Document and this Placement Document or the marketing of Equity Shares in the Kingdom of Bahrain. Accordingly, Equity Shares may not be offered or sold in Bahrain or to residents thereof except as permitted by Bahrain law.

British Virgin Islands

The Equity Shares are not being, and may not be offered to the public or to any person in the British Virgin Islands (BVI) for purchase or subscription by or on behalf of our Bank. The Equity Shares may be offered to companies incorporated under the BVI Business Companies Act, 2004 (British Virgin Islands), but only where the offer will be made to, and received by, the relevant BVI company entirely outside of the British Virgin Islands.

Canada

The Equity Shares will not be qualified for sale under the securities laws of any province or territory of Canada. The Equity Shares may only be offered, sold or distributed, directly or indirectly, in or to or for the benefit of a resident of, the Provinces of British Columbia, Alberta, Ontario or Québec, which is purchasing, or deemed to be purchasing, as a principal that is: (i) an accredited investor, as defined in National Instrument 45-106 Prospectus Exemptions (“NI 45-106”) or subsection 73.3(1) of the Securities Act (Ontario), and (ii) a permitted client, as defined in National Instrument 31-103 Registration Requirements, Exemptions and Ongoing Registrant Obligations and only through a dealer duly registered under the applicable securities laws of such provinces in circumstances where no exemption from the applicable registered dealer requirement is available. Any resale of the Equity Shares must be made in accordance with an exemption from, or in a transaction not subject to, the prospectus requirements of applicable securities laws.

Securities legislation in certain provinces or territories of Canada may provide a purchaser with remedies for rescission or damages if this Placement Document or any other offering material constituting an “offering memorandum” under applicable Canadian securities laws (including any amendment to any such documents) contains a misrepresentation, provided that the remedies for rescission or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser’s province or territory. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser’s province or territory for particulars of these rights or consult with a legal advisor.

Pursuant to section 3A.3 of National Instrument 33-105 Underwriting Conflicts (“NI 33-105”), the parties to this offering, including our Bank and the Book Running Lead Managers, as the case may be, are not required to comply with the disclosure requirements of NI 33-105 regarding underwriter conflicts of interest in connection with an offering of the Equity Shares.

Upon receipt of this Placement Document, each Canadian purchaser hereby confirms that it has expressly requested that all documents evidencing or relating in any way to the sale of the Equity Shares described herein (including for greater certainty any purchase confirmation or any notice) be drawn up in the English language only. *Par la réception de la document d'offre, chaque acheteur canadien confirme par les présentes qu'il a expressément exigé que tous les documents faisant foi ou se rapportant de quelque manière que ce soit à la vente des valeurs mobilières décrites aux présentes (incluant, pour plus de certitude, toute confirmation d'achat ou tout avis) soient rédigés en anglais seulement.*

Cayman Islands

No offer or invitation to subscribe for Equity Shares may be made to the public in the Cayman Islands to subscribe for any of the Equity Shares but an invitation or offer may be made to sophisticated persons (as defined

in the Cayman Islands Securities Investment Business Law (the “SIBL”), high net worth persons (as defined in the SIBL) or otherwise in accordance with the SIBL. This Placement Document does not constitute an invitation or offer to the public in the Cayman Islands of the Equity Shares, whether by way of sale or subscription. The Equity Shares are not being offered or sold, and will not be offered or sold, directly or indirectly, to the public in the Cayman Islands.

People’s Republic of China

The Placement Document does not constitute a public offer of the Equity Shares, whether by way of sale or subscription, in the People’s Republic of China (the “PRC”). The Equity Shares are not being offered and may not be offered or sold, directly or indirectly, in the PRC to or for the benefit of, legal or natural persons of the PRC. According to legal and regulatory requirements of the PRC, the Equity Shares may, subject to the laws and regulations of the relevant jurisdictions, only be offered or sold to non-PRC natural or legal persons in any country other than the PRC.

Dubai International Financial Centre

This Placement Document relates to an Exempt Offer in accordance with the Markets Rules Module of the Dubai Financial Services Authority (“DFSA”) Rulebook. This Placement Document is intended for distribution only to persons of a type specified in the Markets Rules Module. It must not be delivered to, or relied on by, any other person. The DFSA has no responsibility for reviewing or verifying any documents in connection with Exempt Offers. The DFSA has not approved this Placement Document nor taken steps to verify the information set forth herein and has no responsibility for this Placement Document. The securities to which this Placement Document relates may be illiquid and/or subject to restrictions on their resale. Prospective purchasers of the securities offered should conduct their own due diligence on the securities. If you do not understand the contents of this Placement Document you should consult an authorized financial advisor.

In relation to its use in the DIFC, this Placement Document is strictly private and confidential and is being distributed to a limited number of investors and must not be provided to any person other than the original recipient, and may not be reproduced or used for any other purpose. The interests in the securities may not be offered or sold directly or indirectly to the public in the DIFC.

European Economic Area

In relation to each Member State of the European Economic Area (each a “Member State”), no Equity Shares have been offered or will be offered pursuant to the Issue to the public in that Member State prior to the publication of a prospectus in relation to the Equity Shares which has been approved by the competent authority in that Member State or, where appropriate, approved in another Member State and notified to the competent authority in that Member State, all in accordance with the Prospectus Regulation), except that offers of Equity Shares may be made to the public in that Member State at any time under the following exemptions under the Prospectus Regulation:

- to any legal entity which is a qualified investor as defined under the Prospectus Regulation;
- to fewer than 150 natural or legal persons (other than qualified investors as defined under the Prospectus Regulation), subject to obtaining the prior consent of Book Running Lead Manager for any such offer; or
- in any other circumstances falling within Article 1(4) of the Prospectus Regulation,

provided that no such offer of Equity Shares shall require our Bank or the Book Running Lead Managers to publish a prospectus pursuant to Article 3 of the Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation and each person who initially acquires any Equity Shares or to whom any offer is made will be deemed to have represented, acknowledged and agreed to and with each of the Book Running Lead Managers and the Bank that it is a “qualified investor” within the meaning of Article 2(e) of the Prospectus Regulation.

In the case of any Equity Shares being offered to a financial intermediary, as that term is used in the Prospectus Regulation, each such financial intermediary will also be deemed to have represented, acknowledged and agreed that the Equity Shares subscribed for or acquired by it in the Issue have not been subscribed for or acquired on a non-discretionary basis on behalf of, nor have they been subscribed for or acquired with a view to their offer or

resale to, persons in circumstances which may give rise to an offer of any Equity Shares to the public other than their offer or resale in a Relevant Member State to qualified investors (as so defined) or in circumstances in which the prior consent of the Book Running Lead Managers have been obtained to each such proposed offer or resale. Our Bank, its directors, the Book Running Lead Managers and their respective affiliates, and others will rely upon the truth and accuracy of the foregoing representation, acknowledgement and agreement.

For the purposes of this provision, the expression an “offer to the public” in relation to any Equity Shares in any Member State means the communication in any form and by any means of sufficient information on the terms of the offer and any Equity Shares to be offered so as to enable an investor to decide to purchase or subscribe for any Equity Shares, and the expression “Prospectus Regulation” means Regulation (EU) 2017/1129.

Hong Kong

The Equity Shares may not be offered or sold in Hong Kong by means of any document other than (i) in circumstances which do not constitute an offer to the public within the meaning of the Companies (Winding Up and Miscellaneous Provisions) Ordinance (Cap. 32, Laws of Hong Kong), or (ii) to “professional investors” within the meaning of the Securities and Futures Ordinance (Cap. 571, Laws of Hong Kong) and any rules made thereunder, or (iii) in other circumstances which do not result in the document being a “prospectus” within the meaning of the Companies (Winding Up and Miscellaneous Provisions) Ordinance (Cap. 32, Laws of Hong Kong) and no advertisement, invitation or document relating to the Equity Shares may be offered or may be in the possession of any person for the purpose of issue (in each case whether in Hong Kong or elsewhere), which is directed at, or the contents of which are likely to be accessed or read by, the public in Hong Kong (except if permitted to do so under the laws of Hong Kong) other than with respect to the Equity Shares which are or are intended to be disposed of only to persons outside Hong Kong or only to “professional investors” within the meaning of the Securities and Futures Ordinance (Cap. 571, Laws of Hong Kong) and any rules made thereunder.

No advertisement, invitation or document relating to the Equity Shares, which is directed at, or the contents of which are likely to be accessed or read by, the public of Hong Kong (except if permitted to do so under the securities laws of Hong Kong) other than with respect to Equity Shares which are or are intended to be disposed of only to persons outside Hong Kong or only to “professional investors” as defined in the SFO and any rules made under the SFO has been or will be issued, whether in Hong Kong or elsewhere.

Japan

The Equity Shares offered hereby have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Act No. 25 of 1948, as amended) (the “Financial Instruments and Exchange Act” or the “FIEA”). No Equity Shares have, directly or indirectly, been offered or sold, and may not, directly or indirectly, be offered or sold in Japan or to, or for the benefit of, any resident of Japan as defined in the first sentence of Article 6, Paragraph 1, Item 5 of the Foreign Exchange and Foreign Trade Contract Act of Japan (Law No. 228 of 1949, as amended) (“Japanese Resident”) or to others for re-offering or re-sale, directly or indirectly in Japan or to, or for the benefit of, any Japanese Resident except (i) pursuant to an exemption from the registration requirements of the FIEA and (ii) in compliance with any other relevant laws, regulations and governmental guidelines of Japan.

If an offeree does not fall under a “qualified institutional investor” (tekikaku kikan toshika), as defined in Article 10, Paragraph 1 of the Cabinet Office Ordinance Concerning Definition Provided in Article 2 of the Financial Instruments and Exchange Act (Ordinance of the Ministry of Finance No. 14 of 1993, as amended) (the “Qualified Institutional Investor”), the Equity Shares will be offered in Japan by a private placement to small number of investors (shoninzu muke kanyu), as provided under Article 23- 13, Paragraph 4 of the FIEA, and accordingly, the filing of a securities registration statement for a public offering pursuant to Article 4, Paragraph 1 of the FIEA has not been made.

If an offeree falls under the Qualified Institutional Investor, the Equity Shares will be offered in Japan by a private placement to the Qualified Institutional Investors (tekikaku kikan toshikamuke kanyu), as provided under Article 23-13, Paragraph 1 of the FIEA, and accordingly, the filing of a securities registration statement for a public offering pursuant to Article 4, Paragraph 1 of the FIEA has not been made. To receive the Equity Shares (the “QII Equity Shares”) such offeree will be required to agree that it will be prohibited from selling, assigning, pledging or otherwise transferring the QII Equity Shares other than to another Qualified Institutional Investor.

Republic of Korea

We are not making any representation with respect to the eligibility of any recipients of this Placement Document to acquire the Equity Shares therein under the laws of Korea, including, but without limitation, the Foreign Exchange Transaction Law and Regulations thereunder. The Equity Shares have not been and will not be registered under the Financial Investment Services and Capital Markets Act of Korea (the “FSCMA”). Accordingly, the Equity Shares may not be offered, sold or delivered, or offered or sold to any person for re-offering or resale, directly or indirectly, in Korea or to, or for the account or benefit of, any resident of Korea (as such term is defined under the Foreign Exchange Transaction Law of Korea and its Enforcement Decree), for a period of one year from the date of issuance of the Equity Shares, except (i) where relevant requirements are satisfied, the Equity Shares may be offered, sold or delivered to or for the account or benefit of a Korean resident which falls within certain categories of qualified professional investors as specified in the FSCMA, its Enforcement Decree and the Regulation on Securities Issuance and Disclosure promulgated thereunder, or (ii) as otherwise permitted under applicable Korean laws and regulations.

Furthermore, the Equity Shares may not be re-sold to Korea residents unless the purchaser of the Equity Shares complies with all applicable regulatory requirements (including, but not limited to, governmental approval requirements under the Foreign Exchange Transaction Law and its subordinate decrees and regulations) in connection with purchase of the Equity Shares.

Kuwait

This Placement Document does not constitute an offer to sell, or the solicitation of an offer to subscribe for or buy, the Equity Shares in the State of Kuwait. The Equity Shares have not been licensed for offering, promotion, marketing, advertisement or sale in the State of Kuwait by the Capital Markets Authority or any other relevant Kuwaiti government agency. The offering, promotion, marketing, advertisement or sale of the Equity Shares in State of Kuwait on the basis of a private placement or public offering is, therefore, prohibited in accordance with Law No. 7 of 2010 and the Executive Bylaws for Law No. 7 of 2010, as amended, which govern the issue, offer, marketing and sale of financial services/products in the State of Kuwait (“Kuwait Securities Laws”). No private or public offering of the Equity Shares is or will be made in the State of Kuwait, and no agreement relating to the sale of the Equity Shares will be concluded in the State of Kuwait and no marketing or solicitation or inducement activities are being used to offer or market the Equity Shares in the State of Kuwait.

Malaysia

No prospectus or other offering material or document in connection with the offer and sale of the Equity Shares has been or will be registered with the Securities Commission of Malaysia (“**Commission**”) for the Commission’s approval pursuant to the Capital Markets and Services Act 2007. Accordingly, this Placement Document and any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the Equity Shares may not be circulated or distributed, nor may the Equity Shares be offered or sold, or be made the subject of an invitation for subscription or purchase, whether directly or indirectly, to persons in Malaysia other than (i) a closed end fund approved by the Commission; (ii) a holder of a Capital Markets Services Licence; (iii) a person who acquires the Equity Shares, as principal, if the offer is on terms that the Equity Shares may only be acquired at a consideration of not less than RM250,000 (or its equivalent in foreign currencies) for each transaction; (iv) an individual whose total net personal assets or total net joint assets with his or her spouse exceeds RM3 million (or its equivalent in foreign currencies), excluding the value of the primary residence of the individual; (v) an individual who has a gross annual income exceeding RM300,000 (or its equivalent in foreign currencies) per annum in the preceding twelve months; (vi) an individual who, jointly with his or her spouse, has a gross annual income of RM400,000 (or its equivalent in foreign currencies), per annum in the preceding twelve months; (vii) a corporation with total net assets exceeding RM10 million (or its equivalent in a foreign currencies) based on the last audited accounts; (viii) a partnership with total net assets exceeding RM10 million (or its equivalent in foreign currencies); (ix) a bank licensee or insurance licensee as defined in the Labuan Financial Services and Securities Act 2010; (x) an Islamic bank licensee or takaful licensee as defined in the Labuan Financial Services and Securities Act 2010; and (xi) any other person as may be specified by the Commission; provided that, in the each of the preceding categories (i) to (xi), the distribution of the Equity Shares is made by a holder of a Capital Markets Services Licence who carries on the business of dealing in securities. The distribution in Malaysia of this Placement Document is subject to Malaysian laws. This Placement Document does not constitute and may not be used for the purpose of public offering or an issue, offer for subscription or purchase, invitation to subscribe for or purchase any securities requiring the registration of a prospectus with the Commission under the Capital Markets and Services Act 2007.

Mauritius

The Equity Shares may not be offered or sold, directly or indirectly, to the public in Mauritius. Neither this

Placement Document nor any offering material or information contained herein relating to the offer of the Equity Shares may be released or offered to the public in Mauritius or used in connection with any such offer. This Placement Document does not constitute an offer to sell the Equity Shares to the public in Mauritius and is not a prospectus as defined under the Companies Act 2001.

New Zealand

This Placement Document has not been registered, filed with or approved by any New Zealand regulatory authority under the Financial Markets Conduct Act 2013 (the “**FMC Act**”). This Issue is not an offer of financial products that requires disclosure under Part 3 of the FMC Act and no product disclosure statement, register entry or other disclosure document under the FMC Act will be prepared in respect of this Issue. The Equity Shares are not being offered or sold in New Zealand (or allotted with a view to being offered for sale in New Zealand) other than to a person who:

- (a) is an investment business within the meaning of clause 37 of Schedule 1 of the FMC Act;
- (b) meets the investment activity criteria specified in clause 38 of Schedule 1 of the FMC Act;
- (c) is large within the meaning of clause 39 of Schedule 1 of the FMC Act; or
- (d) is a government agency within the meaning of clause 40 of Schedule 1 of the FMC Act; or
- (e) is an eligible investor within the meaning of clause 41 of Schedule 1 of the FMC Act.

If, in the future, any person in New Zealand to whom the Equity Shares are issued or sold elects to sell any Equity Shares, they must not do so in any manner which will, or is likely to, result in this Issue, or such sale, being viewed as an offer to which Part 3 of the FMC Act is applicable.

Sultanate of Oman

This Placement Document and the Equity Shares to which it relates may not be advertised, marketed, distributed or otherwise made available to any person in Oman without the prior consent of the Capital Market Authority (“Oman CMA”) and then only in accordance with any terms and conditions of such consent. In connection with the offering of Equity Shares, no prospectus has been filed with the Oman CMA. The offering and sale of Equity Shares described in this Placement Document will not take place inside Oman. This Placement Document is strictly private and confidential and is being issued to a limited number of sophisticated investors, and may neither be reproduced, used for any other purpose, nor provided to any other person than the intended recipient hereof. This Issue does not constitute a public offer of the Equity Shares in Oman as contemplated by the Commercial Companies Law of Oman (Royal Decree 4/74) or the Capital Market Authority Law (Royal Decree 80/98) (the “CMAL”), nor does it constitute an offer to sell, or the solicitation of any offer to buy Non-Omani securities in the Sultanate of Oman as contemplated by Article 139 of the Executive Regulations of Oman CMA. Additionally, this Placement Document and the Equity Shares is not intended to lead to the conclusion of a contract for the sale or purchase of securities. The recipient of this Placement Document and the Equity Shares represents that it is a sophisticated investor (as described in Article 139 of the Executive Regulations of the CMAL) and that it has experience in business and financial matters that they are capable of evaluating the merits and risks of investments.

Qatar (excluding the Qatar Financial Centre)

This Placement Document and the offering of the Equity Shares have not been, and will not be: (i) lodged or registered with, or reviewed or approved by, the Qatar Central Bank, the Qatar Financial Markets Authority the Ministry of Business and Trade or any other governmental authority in the State of Qatar or (ii) authorized, permitted or licensed for offering or distribution in Qatar, and the information contained in this document does not, and is not intended to, constitute a public or general offer or other invitation in respect to the Equity Shares in the State of Qatar. Accordingly, the Equity Shares are not being, and will not be, offered, issued or sold in the State of Qatar, and this document is not being, and will not be, distributed in the State of Qatar. The offering,

marketing, issue and sale of the Equity Shares and distribution of this Placement Document is being made in, and is subject to the laws, regulations and rules of jurisdictions outside of the State of Qatar. No application has been or will be made for the Equity Shares to be listed or traded on the Qatar Exchange or the QE Venture Market.

This Placement Document is strictly private and confidential, and is being sent to a limited number of institutional and/or sophisticated investors (a) upon their request and confirmation that they understand the statements above; and (b) on the condition that it will not be provided to any person other than the original recipient, and is not for general circulation and may not be reproduced or used for any other purpose.

Qatar Financial Centre

This Placement Document does not, and is not intended to, constitute an invitation or offer of securities from or within the Qatar Financial Centre (the “QFC”), and accordingly should not be construed as such. This document has not been reviewed or approved by or registered with the Qatar Financial Centre Authority, the Qatar Financial Centre Regulatory Authority or any other competent legal body in the QFC. This document is strictly private and confidential, and may not be reproduced or used for any other purpose, nor provided to any person other than the recipient thereof. Our Bank has not been approved or licensed by or registered with any licensing authorities within the QFC.

Saudi Arabia

This Placement Document may not be distributed in the Kingdom of Saudi Arabia except to such persons as are permitted under the Rules on the Offer of Securities and Continuing Obligations as issued by the board of the Saudi Arabian Capital Market Authority (“Saudi Arabia CMA”) pursuant to resolution number 3-123-2017 dated December 27, 2017 as amended by resolution number 1-104-2019 dated September 30, 2019, as amended (the “CMA Regulations”).

The Saudi Arabia CMA does not make any representation as to the accuracy or completeness of this Placement Document and expressly disclaims any liability whatsoever for any loss arising from, or incurred in reliance upon, any part of this Placement Document. Prospective purchasers of the Equity Shares offered hereby should conduct their own due diligence on the accuracy of the information relating to the Equity Shares. If you do not understand the contents of this Placement Document, you should consult an authorized financial adviser.

Singapore

The Placement Document has not been and will not be registered as a prospectus with the Monetary Authority of Singapore, and the Equity Shares will be offered pursuant to exemptions under the Securities and Futures Act (Chapter 289) of Singapore, as modified or amended from time to time (the “SFA”).

Accordingly, the Equity Shares may not be offered or sold or made the subject of an invitation for subscription or purchase nor may the Placement Document or any other document or material in connection with the offer or sale or invitation for subscription or purchase of the Equity Shares be circulated or distributed, whether directly or indirectly, to any person in Singapore other than (i) to an institutional investor (as defined in Section 4A of the SFA) pursuant to Section 274 of the SFA, (ii) to a relevant person (as defined in Section 275(2) of the SFA) pursuant to Section 275(1) of the SFA, or any person pursuant to Section 275(1A) of the SFA, and in accordance with the conditions specified in Section 275 of the SFA, or (iii) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA.

Where Equity Shares are subscribed or purchased under Section 275 of the SFA by a relevant person which is:

- a) a corporation (which is not an accredited investor (as defined in Section 4A of the SFA)) the sole business of which is to hold investments and the entire share capital of which is owned by one or more individuals, each of whom is an accredited investor; or
- b) a trust (where the trustee is not an accredited investor) whose sole purpose is to hold investments and each beneficiary of the trust is an individual who is an accredited investor,
- c) securities or securities-based derivatives contracts (each term as defined in Section 2(1) of the SFA) of that corporation or the beneficiaries’ rights and interest (howsoever described) in that trust shall not be transferred

within six months after that corporation or that trust has acquired the Equity Shares pursuant to an offer made under Section 275 of the SFA except:

- d) to an institutional investor or to a relevant person, or to any person arising from an offer referred to in Section 275(1A) or Section 276(4)(i)(B) of the SFA;
- e) where no consideration is or will be given for the transfer
- f) where the transfer is by operation of law
- g) as specified in Section 267(7) of the SFA; or
- h) As specified in Regulation 37A of the Securities and Futures (Offers of Investments) (Securities and Securities-based Derivatives Contracts) Regulations 2018.

Notification under Sections 309B(1)(a) and 309B(1)(c) of the SFA: We have determined, and hereby notify all relevant persons (as defined in Section 309A of the SFA) that the Equity Shares are: (A) prescribed capital markets products (as defined in the Securities and Futures (Capital Markets Products) Regulations 2018) and (B) Excluded Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment: Notice on Recommendations on Investment Products).

South Africa

Due to restrictions under the securities laws of South Africa, the Equity Shares are not offered, and the offer shall not be transferred, sold, renounced or delivered, in South Africa or to a person with an address in South Africa, unless one or other of the following exemptions applies:

- (i) the offer, transfer, sale, renunciation or delivery is to:
 - (a) persons whose ordinary business is to deal in securities, as principal or agent;
 - (b) the South African Public Investment Corporation;
 - (c) persons or entities regulated by the Reserve Bank of South Africa;
 - (d) authorised financial service providers under South African law;
 - (e) financial institutions recognised as such under South African law;
 - (f) a wholly-owned subsidiary of any person or entity contemplated in (c), (d) or (e), acting as agent in the capacity of an authorised portfolio manager for a pension fund or collective investment scheme (in each case duly registered as such under South African law); or
 - (g) any combination of the person in (a) to (f); or
- (ii) the total contemplated acquisition cost of the securities, for any single addressee acting as principal is equal to or greater than ZAR1,000,000.

No “offer to the public” (as such term is defined in the South African Companies Act, No. 71 of 2008 (as amended or re-enacted) (the “South African Companies Act”)) in South Africa is being made in connection with the issue of the Equity Shares. Accordingly, this Placement Document does not, nor is it intended to, constitute a “registered prospectus” (as that term is defined in the South African Companies Act) prepared and registered under the South African Companies Act and has not been approved by, and/or filed with, the South African Companies and Intellectual Property Commission or any other regulatory authority in South Africa. Any issue or offering of the Equity Shares in South Africa constitutes an offer of the Equity Shares in South Africa for

subscription or sale in South Africa only to persons who fall within the exemption from “offers to the public” set out in section 96(1)(a) of the South African Companies Act. Accordingly, this Placement Document must not be acted on or relied on by persons in South Africa who do not fall within section 96(1)(a) of the South African Companies Act (such persons being referred to as “SA Relevant Persons”). Any investment or investment activity to which this Placement Document relates is available in South Africa only to SA Relevant Persons and will be engaged in South Africa only with SA relevant persons.

Switzerland

The Equity Shares may not be publicly offered in Switzerland and will not be listed on the SIX Swiss Exchange (“SIX”) or on any other stock exchange or regulated trading facility in Switzerland. This Placement Document has been prepared without regard to the disclosure standards for issuance prospectuses under Article 652a or Article 1156 of the Swiss Code of Obligations or the disclosure standards for listing prospectuses under Articles 27 ff. of the SIX Listing Manual or the listing rules of any other stock exchange or regulated trading facility in Switzerland. Neither this document nor any other offering or marketing material relating to the Equity Shares or the Issue may be publicly distributed or otherwise made publicly available in Switzerland.

Neither this document nor any other offering or marketing material relating to the Equity Shares or the Issue or us have been or will be filed with or approved by any Swiss regulatory authority. In particular, this document will not be filed with, and the Issue will not be supervised by, the Swiss Financial Market Supervisory Authority FINMA, and the Issue has not been and will not be authorized under the Swiss Federal Act on Collective Investment Schemes (“CISA”). The investor protection afforded to acquirers of interests in collective investment schemes under the CISA does not extend to acquirers of the Equity Shares.

The Equity Shares are being offered in Switzerland by way of a private placement, i.e., to a small number of selected investors only, without any public offer and only to investors who do not purchase the Equity Shares with the intention to distribute them to the public. The investors will be individually approached from time to time. This document, as well as any other offering or marketing material relating to the Equity Shares, is confidential and it is exclusively for the use of the individually addressed investors in connection with the offer of the Equity Shares in Switzerland and it does not constitute an offer to any other person. This document may only be used by those investors to whom it has been handed out in connection with the Issue described herein and may neither directly nor indirectly be distributed or made available to other persons without our express consent. It may not be used in connection with any other offer and shall in particular not be copied and/or distributed to the public in or from Switzerland.

Taiwan

The Equity Shares have not been and will not be registered with the Financial Supervisory Commission of Taiwan pursuant to relevant securities laws and regulations and may not be sold, issued or offered within Taiwan through a public offering or in circumstances which constitutes an offer within the meaning of the Securities and Exchange Act of Taiwan that requires a registration or approval of the Financial Supervisory Commission of Taiwan. No person or entity in Taiwan has been authorized to offer, sell, give advice regarding or otherwise intermediate the offering and sale of the Equity Shares in Taiwan.

United Arab Emirates (excluding the Dubai International Financial Centre)

This document does not constitute or contain an offer of securities to the general public in the UAE. No offering, marketing, promotion, advertising or distribution (together, “Promotion”) of this document or the Equity Shares may be made to the general public in the United Arab Emirates (the “UAE”) unless: (a) such Promotion has been approved by the UAE Securities and Commodities Authority (the “SCA”) and is made in accordance with the laws and regulations of the UAE, including SCA Board of Directors’ Chairman Decision no. (3/R.M.) of 2017 (the “Promotion and Introduction Regulations”), and is made by an entity duly licensed to conduct such Promotion activities in the UAE; or (b) such Promotion is conducted by way of private placement made: (i) only to non-natural person “Qualified Investors” (as such term is defined in the Promotion and Introduction Regulations); or (ii) otherwise in accordance with the laws and regulations of the UAE; or (c) such Promotion is carried out by way of reverse solicitation only upon an initiative made in writing by an investor in the UAE. None of the SCA, the UAE Central Bank, the UAE Ministry of Economy or any other regulatory authority in the UAE has reviewed or approved the contents of this document nor does any such entity accept any liability for the contents of this document.

In relation to its use in the UAE, this Placement Document is strictly private and confidential and is being distributed to a limited number of investors and must not be provided to any person other than the original recipient, and may not be reproduced or used for any other purpose. If you do not understand the contents of this Placement Document, you should consult an authorised financial adviser.

United Kingdom

The communication of this Placement Document and any other document or materials relating to the issue of the Equity Shares offered hereby is not being made, and such documents and/or materials have not been approved, by an authorised person for the purposes of section 21 of the United Kingdom's Financial Services and Markets Act 2000, as amended (the "FSMA"). Accordingly, such documents and/or materials are not being distributed to, and must not be passed on to, the general public in the United Kingdom.

In the United Kingdom, this Placement Document is being distributed only to, and is directed only at those (i) who have professional experience in matters relating to investments and who fall within the definition of investment professionals in Article 19(5) of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005, as amended (the "Order") and/or (ii) who are high net worth companies (or persons to whom it may otherwise be lawfully communicated) falling within Article 49(2)(a) to (d) of the Order (all such persons together being referred to as "relevant persons") or otherwise in circumstances which have not resulted and will not result in an offer to the public of the Equity Shares in the United Kingdom within the meaning of the FSMA. Any person in the United Kingdom that is not a relevant person should not act or rely on the information included in this Placement Document or use it as basis for taking any action. In the United Kingdom, any investment or investment activity that this Placement Document relates to may be made or taken exclusively by relevant persons.

In addition, in relation to the United Kingdom, no offer of Equity Shares which are the subject of the offering contemplated by this Placement Document to the public may be made in the United Kingdom other than:

(i) to any legal entity which is a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018, as amended by the European Union (Withdrawal Agreement) Act 2020 ("EUWA");

(ii) to fewer than 150 natural or legal persons (other than qualified investors as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA) in the United Kingdom subject to obtaining the prior consent of the Underwriters; or

(iii) in any other circumstances falling within section 86 of the FSMA,

provided that no such offer of Equity Shares shall require our Bank or any Underwriter to publish a prospectus pursuant to section 85 of the FSMA or supplement a prospectus pursuant to Article 23 of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA.

For the purposes of this provision, the expression "an offer of Notes to the public" in relation to any Equity Shares means the communication in any form and by any means of sufficient information on the terms of the offer and the Equity Shares to be offered so as to enable an investor to decide to purchase or subscribe for the Equity Shares.

United States

The Equity Shares have not been and will not be registered under the U.S. Securities Act or the securities laws of any state of the United States and, unless so registered, may not be offered or sold within the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable U.S. state securities laws. Accordingly, the Equity Shares are being offered and sold only outside the United States in "offshore transactions" as defined in, and in reliance on, Regulation S and the applicable laws of the jurisdictions where those offers and sales are made. For further information, see "*Representations By Investors*", "*Selling Restrictions*" and "*Transfer Restrictions*" on pages 3, 233 and 244 respectively.

Other Jurisdictions

The distribution of this Placement Document and the offer and sale of the Equity Shares may be restricted by law in certain jurisdictions. Persons into whose possession this Placement Document comes are required to inform themselves about, and to observe, any such restrictions to the extent applicable.

TRANSFER RESTRICTIONS

Due to the following restrictions, investors are advised to consult their legal counsel prior to purchasing Equity Shares or making any resale, pledge or transfer of the Equity Shares.

Pursuant to Chapter VI of the SEBI ICDR Regulations, any resale of Equity Shares, except on the Stock Exchanges, is not permitted for a period of one year from the date of Allotment. Investors are advised to consult legal counsels prior to making any resale, pledge or transfer of our Equity Shares. In addition to the above, allotments made to Eligible QIBs, including VCFs and AIFs, in the Issue may be subject to lock-in requirements, if any, under the rules and regulations that are applicable to them. For more information, see “*Selling Restrictions*” on page 233.

Purchaser Representations and Transfer Restrictions for Purchasers within the United States

It understands that these acknowledgments, representations and undertakings are required in connection with United States securities laws and irrevocably authorizes the Company to produce these acknowledgments, representations and undertakings (or any document incorporating them) to any interested party in any administrative or legal proceedings or official enquiry with respect to the matters covered herein.

THE SECURITIES MARKET OF INDIA

The information in this section has been extracted from documents available on the websites of SEBI and the Stock Exchanges and has not been prepared or independently verified by our Bank or the Book Running Lead Managers or any of their affiliates or advisors.

The Indian Securities Market

India has a long history of organised securities trading. In 1875, the first stock exchange was established in Mumbai. BSE and NSE are the significant stock exchanges in terms of the number of listed companies, market capitalisation and trading activity.

Indian Stock Exchanges

Indian stock exchanges are regulated primarily by SEBI, as well as by the Government acting through the Ministry of Finance, Capital Markets Division, under the SCRA and the SCRR. SEBI, in exercise of its powers under the SCRA and the SEBI Act, notified the Securities Contracts (Regulation) (Stock Exchanges and Clearing Corporations) Regulations, 2018 (the “**SECC Regulations**”), which regulate *inter alia* the recognition, ownership and internal governance of stock exchanges and clearing corporations in India together with providing for minimum capitalisation requirements for stock exchanges. The SCRA, the SCRR and the SECC Rules along with various rules, bye-laws and regulations of the respective stock exchanges, regulate the recognition of stock exchanges, the qualifications for membership thereof and the manner, in which contracts are entered into, settled and enforced between members of the stock exchanges.

The SEBI Act empowers SEBI to regulate the Indian securities markets, including stock exchanges and intermediaries in the capital markets, protect the interests of investors in securities, promote and monitor self-regulatory organisations and prohibit fraudulent and unfair trade practices. Regulations concerning minimum disclosure requirements by public companies, rules and regulations concerning investor protection, insider trading, substantial acquisitions of shares and takeover of companies, buybacks of securities, employee stock option schemes, stockbrokers, merchant bankers, underwriters, mutual funds, foreign institutional investors, credit rating agencies and other capital market participants have been notified by the relevant regulatory authority.

Listing and delisting of Securities

The listing of securities on a recognised Indian stock exchange is regulated by the applicable Indian laws including the Companies Act, 2013, the SCRA, the SCRR, the SEBI Act and various guidelines and regulations issued by SEBI and the SEBI Listing Regulations. The SCRA empowers the governing body of each recognised stock exchange to suspend trading of or withdraw admission to dealings in a listed security for breach of or non-compliance with any conditions or breach of a company’s obligations under the SEBI Listing Regulations or for any reason, subject to the issuer receiving prior written notice of the intent of the exchange and upon granting of a hearing in the matter. SEBI also has the power to amend the SEBI Listing Regulations and bye-laws of the stock exchanges in India, to overrule a stock exchange’s governing body and withdraw recognition of a recognised stock exchange.

Further, SEBI has notified the Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021 in relation to the voluntary and compulsory delisting of equity shares from the stock exchanges. In addition, certain amendments to the SCRR have also been notified in relation to delisting.

Minimum Level of Public Shareholding

Pursuant to an amendment to SCRR in June 2010 and Regulation 38 of SEBI Listing Regulations, all listed companies are required to maintain a minimum public shareholding of 25%. In this regard, SEBI has provided several mechanisms to comply with this requirement. Where the public shareholding in a listed company falls below 25% at any time, such company shall bring the public shareholding to 25% within a maximum period of 12 months from the date of the public shareholding having fallen below the 25% threshold. However, every listed public sector company whose public shareholding falls below 25% at any time on or after the commencement of the Securities Contracts (Regulation) (Second Amendment) Rules, 2018, shall increase its public shareholding to at least 25%, within a period of two years from the date of such fall, respectively, in the manner specified by SEBI. Further, pursuant to Securities Contract (Regulations) (Second Amendment) Rules, 2020 every listed public sector company is required to increase its public shareholding to at least 25% within a period of three years from

the date of commencement of the amendment i.e., August 3, 2018. Also, pursuant to the budget 2019-2020, SEBI has been authorised to consider increase in minimum public shareholding to 35%. Pursuant to the Securities Contract (Regulations) (Amendment) Rules, 2022, the Central Government may, in public interest, exempt any listed entity in which the Central Government or State Government or public sector company, either individually or in any combination with other, hold directly or indirectly, majority of the shares or voting rights or control of such listed entity, from any or all of the provisions of this rule.

Disclosures under the SEBI Listing Regulations

Public listed companies are required under the SEBI Listing Regulations to prepare and circulate to their shareholders audited annual accounts which comply with the disclosure requirements and regulations governing their manner of presentation and which include sections relating to corporate governance, related party transactions and management's discussion and analysis as required under the SEBI Listing Regulations. In addition, a listed company is subject to continuing disclosure requirements pursuant to the terms of the SEBI Listing Regulations.

Index-Based Market-Wide Circuit Breaker System

In order to restrict abnormal price volatility in any particular stock, SEBI has instructed stock exchanges to apply daily circuit breakers which do not allow transactions beyond a certain level of price volatility. The index based market-wide circuit breaker system (equity and equity derivatives) applies at three stages of the index movement, at 10%, 15% and 20%. The Stock Exchanges on a daily basis translate the circuit breaker limits based on previous day's closing level of the index. These circuit breakers, when triggered, bring about a co-ordinated trading halt in all equity and equity derivative markets nationwide. The market-wide circuit breakers are triggered by movement of either the SENSEX of BSE or the CNX NIFTY of NSE, whichever is breached earlier.

In addition to the market-wide index-based circuit breakers, there are currently in place individual scrip-wise price bands of up to 20% movements either up or down. However, no price bands are applicable on scrips on which derivative products are available or scrips included in indices on which derivative products are available. The stock exchanges in India can also exercise the power to suspend trading during periods of market volatility. Margin requirements are imposed by stock exchanges that are required to be paid by the stockbrokers.

BSE

Established in 1875, BSE is the oldest stock exchange in India. In 1956, it became the first stock exchange in India to obtain permanent recognition from the Government under the SCRA. Pursuant to the BSE (Corporatization and Demutualization) Scheme 2005, BSE was incorporated as a company under the Companies Act, 1956 in 2005. BSE was listed on NSE with effect from February 3, 2017.

NSE

NSE was established by financial institutions and banks to provide nationwide online, satellite-linked, screen-based trading facilities with market-makers and electronic clearing and settlement for securities including government securities, debentures, public sector bonds and units. NSE was recognised as a stock exchange under the SCRA in April 1993 and commenced operations in the wholesale debt market segment in June 1994. The capital market (equities) segment commenced operations in November 1994 and operations in the derivatives segment commenced in June 2000. NSE launched the NSE 50 Index, now known as S&P CNX NIFTY, on April 22, 1996 and the Mid-cap Index on January 1, 1996.

Internet-based Securities Trading and Services

Internet trading takes place through order routing systems, which route client orders to exchange trading systems for execution. Stockbrokers interested in providing this service are required to apply for permission to the relevant stock exchange and also have to comply with certain minimum conditions stipulated under applicable law. NSE became the first exchange to grant approval to its members for providing internet based trading services. Internet trading is possible on both the "equities" as well as the "derivatives" segments of NSE.

Trading Hours

Trading on both NSE and BSE occurs from Monday to Friday, between 9:15 a.m. and 3:30 p.m. IST (excluding

the 15 minutes pre-open session from 9:00 a.m. to 9:15 a.m.). BSE and NSE are closed on public holidays. The recognised stock exchanges have been permitted to set their own trading hours (in the cash and derivatives segments) subject to the condition that (i) the trading hours are between 9.00 a.m. and 5.00 p.m.; and (ii) the stock exchange has in place a risk management system and infrastructure commensurate to the trading hours.

Trading Procedure

In order to facilitate smooth transactions, BSE replaced its open outcry system with BSE On-line Trading (or “BOLT”) facility in 1995. This totally automated screen-based trading in securities was put into practice nationwide. This has enhanced transparency in dealings and has assisted considerably in smoothening settlement cycles and improving efficiency in back-office work. In the year 2014, BSE introduced its new generation trading platform BOLT Plus.

NSE has introduced a fully automated trading system called National Exchange for Automated Trading (or “NEAT”), which operates on strict time/price priority besides enabling efficient trade. NEAT has provided depth in the market by enabling large number of members all over India to trade simultaneously, narrowing the spreads.

Takeover Regulations

Disclosure and mandatory bid obligations for listed Indian companies under Indian law are governed by the SEBI Takeover Regulations, which provides specific regulations in relation to substantial acquisition of shares and takeover. Once the equity shares of a company are listed on a stock exchange in India, the provisions of the SEBI Takeover Regulations will apply to any acquisition of the company’s shares/voting rights/control. The SEBI Takeover Regulations prescribe certain thresholds or trigger points in the shareholding a person or entity has in the listed Indian company, which give rise to certain obligations on part of the acquirer. Acquisitions up to a certain threshold prescribed under the SEBI Takeover Regulations mandate specific disclosure requirements, while acquisitions crossing particular thresholds may result in the acquirer having to make an open offer of the shares of the target company. The SEBI Takeover Regulations also provides for the possibility of indirect acquisitions, imposing specific obligations on the acquirer in case of such indirect acquisition.

SEBI Insider Trading Regulations

SEBI had earlier notified the Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992 to prohibit and penalise insider trading in India. The regulations, among other things, prohibited an ‘insider’ from dealing in the securities of a listed company when in possession of unpublished price sensitive information (“UPSI”).

The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015 were notified on January 15, 2015 and came into effect on May 15, 2015, which repealed the regulations of 1992. The SEBI Insider Trading Regulations, *inter alia*, impose certain restrictions on the communication of information by listed companies. Under the SEBI Insider Trading Regulations, (i) no insider shall communicate, provide or allow access to any UPSI relating to such companies and securities to any person including other insiders; and (ii) no person shall procure or cause the communication by any insider of UPSI relating to such companies and securities, except in furtherance of legitimate purposes, performance of duties or discharge of legal obligations. However, UPSI may be communicated, provided or allowed access to or procured, under certain circumstances specified in the SEBI Insider Trading Regulations.

The SEBI Insider Trading Regulations make it compulsory for listed companies and certain other entities that are required to handle UPSI in the course of business operations to establish an internal code of practices and procedures for fair disclosure of UPSI and to regulate, monitor and report trading by insiders. To this end, the SEBI Insider Trading Regulations provide principles of fair disclosure for purposes of code of practices and procedures for fair disclosure of UPSI and minimum standards for code of conduct to regulate, monitor and report trading by insiders. There are also initial and continuing shareholding disclosure obligations under the SEBI Insider Trading Regulations.

Initial disclosures are required from promoters, key managerial personnel, directors as well as continual disclosures by every promoter, employee or director in case value of trade exceed monetary threshold of 10 lakh rupees over a calendar quarter, within two days of reaching such threshold. The board of directors of all listed companies are required to formulate and publish on the company’s website a code of procedure for fair disclosure of UPSI along with a code of conduct for its employees for compliances with the SEBI Insider Trading

Regulations.

Depositories

The Depositories Act provides a legal framework for the establishment of depositories to record ownership details and effect transfers in book-entry form. Further, SEBI framed regulations in relation to, among other things, the formation and registration of such depositories, the registration of participants as well as the rights and obligations of the depositories, participants, companies and beneficial owners. The depository system has significantly improved the operation of the Indian securities markets.

Derivatives (Futures and Options)

Trading in derivatives is governed by the SCRA, the SCRR and the SEBI Act. The SCRA was amended in February 2000 and derivatives contracts were included within the term “securities”, as defined by the SCRA. Trading in derivatives in India takes place either on separate and independent derivatives exchanges or on a separate segment of an existing stock exchange. The derivatives exchange or derivatives segment of a stock exchange functions as a self-regulatory organisation under the supervision of SEBI.

DESCRIPTION OF THE EQUITY SHARES

Set forth below are some of the relevant regulations applicable and with respect to the Equity Shares of our Bank. Our Bank was constituted as a “corresponding new bank” in 1969 under the provisions of our Banking Companies Act. The Nationalised Banks (Management and Miscellaneous Provisions) Scheme, 1970 was made by S.O. 3793 dated November 16, 1970 by the Central Government in consultation with the Reserve Bank of India in exercise of the powers conferred by section 9 of the Banking Companies Act. The Banking Companies Act amended section 34A, 35AA, 35AB, 36AD and section 51 of the Banking Regulation Act, 1949 and made these sections applicable to corresponding new banks constituted under the Banking Companies Act. Our Bank follows the RBI Dividend Circular in relation to declaration of dividends.

General

The authorized share capital of our Bank is ₹100,000.00 million consisting 10,000.00 million equity shares of ₹10 each.

As on the date of the Preliminary Placement Document, the issued, subscribed and paid-up share capital of our Bank is ₹67,304,964,470 divided into 6,730,496,447 Equity Shares. The Equity Shares are listed on NSE and BSE.

Capital

The shares of our Bank are movable property, transferable in the manner provided under the Bank of Maharashtra Regulations. Our Bank is permitted to raise capital by public issue or preferential allotment or private placement of equity shares or preference shares in accordance with provisions of the Banking Companies Act. Our Bank is required to formulate a proposal to raise capital in accordance with the guidelines, rules or regulations of the SEBI, relating to raising of such capital. In accordance with the Bank of Maharashtra Regulations, our Bank is required to submit the proposal to the RBI and consider the views of the RBI before finalizing the proposal. Further, the final proposal is required to be submitted to the Government for its sanction and the Government may grant sanction subject to such terms and conditions as it may deem fit.

Register of Shareholders

Our Bank is required to keep, maintain and update share register of its shareholders, the particulars required to be entered in the share register shall be maintained in the form of data stored in magnetic / optical / magneto-optical media by way of diskettes, floppies, cartridges or otherwise in computers to be maintained at the Head Office and the back-up at such location as may be decided from time to time by the chairman and managing director or any other official not below the rank of a general manager designated in this behalf by the chairman and managing director. The register of the beneficial owners is maintained by a depository under Section 11 of the Depositories Act, 1996 shall be maintained in the electronic form in a manner and form prescribed therein. Our Bank is required to maintain the register in electronic format subject to safeguards stipulated for securing electronic records under the Information Technology Act, 2000, as amended.

Share Certificate

Each share certificate in respect of shares of the Bank is required to bear share certificate number, a distinctive number, the number of shares in respect of which it is issued and the name of the shareholder to whom it is issued should be in such form as may be specified by the Board. Every share certificate should be issued under the common seal of the Bank in pursuance of a resolution of the Board and it should be signed by two directors and some other officer not below the rank of scale II or the company secretary authorised by the Bank.

The signature of the authorised persons may be printed, engraved, lithographed or impressed by such other mechanical process as the Board may direct. No share certificate is valid unless and until it is so signed. Share certificate so signed will be valid and binding notwithstanding that, before the issue thereof, any person whose signature appears thereon may have ceased to be a person authorised to sign share certificates on the behalf of the Bank. The shares are also held in demat form.

Issue of Share Certificates

Under the provisions of the Bank of Maharashtra Regulations, a shareholder who has been registered as a

shareholder shall be entitled to one certificate for each hundred shares or multiples thereof registered in his name on any one occasion and one additional share certificate for the number of shares in excess thereof but less than hundred. Further, if the number of shares to be registered is less than hundred, one certificate shall be issued for all the shares. Further, in the case of shares held jointly by several persons, delivery of such certificate to one of several joint holders shall be sufficient delivery to all such holders.

Transfer of Shares

Upon receipt by the Bank of an instrument of transfer along with a share certificate with a request to register the transfer, the Board or the Committee designated by the Board shall forward the said instrument of transfer along with share certificate to the Registrar or Share Transfer Agent for the purposes of verification that the technical requirements are complied within their entirety.

The Registrar or Share Transfer Agent shall return the instrument of transfer along with the share certificate, if any, to the transferee for resubmission unless the instrument of transfer is presented to the bank, duly stamped and properly executed for registration and is accompanied by the certificate of the shares to which it relates and such other evidence as the Board may require to show the title of the transferor to make such transfer.

Transmission of shares in the event of death, insolvency, etc.

The executors or administrators of a deceased shareholder in respect of a share, or the holder of letter of probate or letters of administration with or without the will annexed or a succession certificate issued under Part X of the Indian Succession Act, 1925, or the holder of any legal representation or a person in whose favour a valid, instrument of transfer was executed by the deceased sole holder during the latter's lifetime shall be the only person who may be recognised by our Bank as having any title to such share.

In the case of shares registered in the name of two or more Shareholders, the survivor or survivors and on the death of the last survivor, his executors or administrators or any person who is the holder of letters of probate or letters of administration with or without will annexed or a succession certificate or any other legal representation in respect of such survivor's interest in the share or a person in whose favour a valid instrument of transfer of share was executed by such person and such last survivor during the latter's lifetime, shall be the only person who may be recognised by our Bank as having any title to such share.

Our Bank shall not be bound to recognise such executors or administrators unless they shall have obtained probate or letters of administration or succession certificate, as the case may be, from a court of competent jurisdiction.

Any such person becoming entitled to share/s in consequence of death of a shareholder and any person becoming entitled to share/s in consequence of the insolvency, bankruptcy or liquidation of a shareholder shall upon production of such evidence, as the Board may require, have the right: (a) to be registered as a shareholder in respect of such share/s; (b) to make such transfer of share/s as the person from whom the derives title could have made.

Forfeiture of shares

The notice of forfeiture shall name a day not being less than fourteen days from the date of notice and the place or places on and at which such call or instalment or such part or other monies and such interest and expenses are to be paid. The notice shall also state that in the event of non-payment on or before the time and at the place appointed, the share in respect of which the call was made or instalment is payable will be liable to be forfeited.

Call on shares

The Board may, from time to time, make such calls as it thinks fit upon the shareholders in respect of all monies remaining unpaid on the shares held by them, which are by the conditions of allotment not made payable at fixed times, and each shareholder shall pay the amount of every call so made on him to the person and at the time and place appointed by the Board. A call may be payable by the installments.

Meeting of Shareholders

There are two types of general meetings of shareholders: annual general meetings and extraordinary general meetings. For convening an annual general meeting, a notice signed by the chairman and the managing director

or the executive director or any officer not the below scale VII or the company secretary of the Bank, should be published at least 21 (twenty-one) clear days before the meeting in not less than two daily newspapers having wide circulation in India. Every such notice is required to state the time, date and place of such meeting, and also the business that should be transacted at that meeting.

An extraordinary general meeting of shareholders can be convened by the chairman and managing director or in their absence by the Executive Director or in their absence by any one of the other Directors, if so directed by the Board, or on a requisition for such a meeting having been received either from the Government or from other shareholders holding an aggregate of shares carrying not less than 10.00% of the total voting rights of all the shareholders.

The requisition should state the purpose for which such extraordinary general meeting is required to be convened. The time, date and place of an extraordinary general meeting shall be decided by the Board, provided that an extraordinary general meeting convened on requisition by other shareholders will be convened not later than forty-five days of the receipt of the requisition.

No business can be transacted at any meeting of the shareholders unless a quorum of at least five shareholders entitled to vote at such meeting in person are present at the commencement of such business. If within half an hour from the time appointed for holding the meeting, a quorum is not present, in the case of a meeting called by a requisition of shareholders other than the Central Government, the meeting shall stand dissolved.

In any other case, if a quorum is not present within half an hour from the time of meeting was scheduled to be conducted, the meeting shall stand adjourned to the same day in the next week, at the same time and the place or to such other day and such other time and place as the chairman may determine. If at the adjourned meeting a quorum is not present within half an hour from the time appointed for holding the meeting, the shareholders who are present in person or by proxy or by duly authorized representative at such adjourned meeting shall be quorum and may transact the business for which the meeting was called.

Voting rights of shareholders

At any general meeting, a resolution put to the vote of the meeting shall, unless a poll is demanded be decided on a show of hands. Every matter submitted to a general meeting shall be decided by a majority of votes. Unless a poll is demanded, a declaration by the Chairman of the meeting that a resolution on show of hands has or has not been carried, either unanimously or by a particular majority and an entry to that effect in the books containing the minutes of the proceedings, shall be conclusive evidence of the fact without proof of the number or proportion of the votes cast in favour of, or against, such resolution. The decision of the chairmen of the meeting as to the qualification of any person to vote, and also in the case of poll, as to the number of votes any person is competent to exercise shall be final.

Right to elect Directors

A director, under Regulation 63 of the Bank of Maharashtra Regulations, is to be elected by the shareholders on the register, other than the Government, from amongst themselves in a general meeting of our Bank. Where an election of a director is to be held at any general meeting, the notice thereof should be included in the notice convening the meeting. Every such notice should specify the number of directors to be elected and the particulars of vacancies in respect of which the election is to be held.

Declaration of Dividend

As per the RBI Dividend Circular, our Bank can declare dividends only if our Bank has a (i) CRAR of at least 9.00% for the preceding two completed years and the accounting year for which it proposes to declare a dividend; and (ii) net NPA less than 7.00%. In case our Bank does not meet the said CRAR norm, but has a CRAR of at least 9.00% for the accounting year for which it proposes to declare dividend, it would be eligible to declare dividend provided its net NPA ratio is less than 5.00%.

As per the letter dated April 13, 2010, the MoF has directed all public sector banks, including our Bank, to pay a minimum of 20.00% of their equity or 20.00% of their post-tax profits, whichever is higher for the fiscal year 2010.

Our Bank is required to comply with certain provisions of the Banking Regulation Act including Section 15;

Section 10(7) of the Banking Companies Act and the prevailing regulations / guidelines issued by the RBI, including creating adequate provisions for impairment of assets and staff retirement benefits, transfer of profits to statutory reserves. See, “*Dividend Policy*” on page 80. The proposed dividend should be paid out of the current year’s profit. Also, the RBI should not have placed any explicit restrictions on our Bank for declaration of dividends. The rate of dividend shall be determined by our Board.

THE STATEMENT OF TAX BENEFITS AVAILABLE TO THE BANK AND ITS SHAREHOLDERS UNDER THE APPLICABLE TAX LAWS IN INDIA

The information provided below sets out the possible tax benefits available to the shareholders in a summary manner only and is not a complete analysis or listing of all potential tax consequences of the subscription, ownership and disposal of the Equity Shares, under the current tax laws presently in force in India. Several of these benefits are dependent on the shareholders fulfilling the conditions prescribed under the relevant tax laws. Hence the ability of any shareholder to derive the tax benefits is dependent upon fulfilling such conditions, which based on business imperatives it faces in the future, it may not choose to fulfill. The following overview is not exhaustive or comprehensive and is not intended to be a substitute for professional advice. Investors are advised to consult their own tax consultants and advisors with respect to the tax implications of an investment in the Equity Shares, particularly in view of certain recently enacted legislation which may not have a direct legal precedent or may have a different interpretation on the benefits which can be availed. All the tax benefits mentioned in this document are subject to the specific conditions mentioned in the respective section and / or the related rules or guidelines.

The law stated below is as per the Income Tax Act, 1961 (the “Act”) as amended by the Finance Act, 2023 and other amendments as on date of certificate.

LIMITATION

Our views expressed in the statement enclosed are based on the facts and assumptions indicated above. No assurance is given that the revenue authorities/ courts will concur with the views expressed herein. Our views are based on the existing provisions of law and its interpretation, which are subject to change from time to time. We do not assume responsibility to update the views consequent to such changes. Reliance on the statement is on the express understanding that we do not assume responsibility towards the investors who may or may not invest in the Offer relying on the statement. This statement has been prepared solely in connection with the Offer under the Regulations as amended.

A. Income Tax Act, 1961 (the “Act”)

A. TAX BENEFIT TO THE BANK

1. Income by way of interest, premium on redemption or other payment on notified securities, bonds, certificates issued by the Central Government is exempt from tax under Section 10(15) as per conditions specified in the concerned notification.
2. As per Section 94(7) of the Act, losses arising from the sale/ transfer/redemption of units or securities purchased within three months prior to the record date (for entitlement to receive income) and sold the securities within three months or sold the units within a period of nine month from the record date, will be disallowed to the extent such loss does not exceed the amount of income claimed exempt. Under Section 94(8) of the Act, losses arising from sale/ transfer of units of mutual funds, where such units are purchased within three months prior to the record date, additional units are allotted without payment based on holdings on such date and all or any units initially purchased are sold within nine months from the record date while continuing to hold all or any additional units, will be ignored for computing chargeable income. Such loss ignored will be considered as the cost of acquisition of the additional units held on the date of sale/transfer.
3. Under Section 36(1)(vii) of the Act, any bad debt or part thereof written off as irrecoverable in the accounts of the Bank is allowable as a deduction, subject to the provisions of section 36(2) of the Act. The deduction of bad debts is limited to the amount, by which such bad debts or part thereof, exceeds the credit balance in the provision for bad and doubtful debts account made under Section 36(1)(viia) of the Act.

If the amount subsequently recovered in respect of such written off debt or part thereof, which was allowed as deduction u/s 36(1)(vii) of the Act, the recovery shall be deemed to be profit and gain of business or profession and accordingly chargeable to tax in accordance with Section 41(4) of the Act in the year in which it is recovered.

4. Under Section 36(1)(viia) of the Act, a deduction is allowable in respect of any provision made for bad and doubtful debts, by an amount not exceeding 8.5% of total income (computed before making any deduction

under this Clause and Chapter VIA) and an amount not exceeding 10% of the aggregate average advances made by rural branches of the Bank computed in the prescribed manner.

5. In terms of Section 36(1) (viii) of the Act, the bank is allowed deduction in respect of any special reserve created and maintained by the Bank for an amount not exceeding 20% of the profits (before making any deduction under this clause) derived from the eligible business of long term finance as defined in the said section. Further, if the aggregate amount carried to the Special Reserve account from time to time exceeds twice the paid-up capital and general reserves, no deduction shall be allowed on the excess amount under the Section. The amount withdrawn from such a Special Reserve Account would be chargeable to income tax in the year of withdrawal, in accordance with the provisions for Section 41(4A) of the Act
6. Under Section 36(1)(xv) of the Act, securities transaction tax paid by a taxpayer in respect of taxable securities transactions entered into in the course of its business, would be allowed as a deduction if the Income arising from such taxable securities transactions is included in the income computed under the head "Profits and gains of business or profession".
7. Interest income on certain categories of bad and doubtful debts, as specified in Rule 6EA of the Income tax Rules, 1962, is chargeable to tax only in the year of receipt or credit to the Profit & Loss Account of the Bank whichever is earlier, in accordance with the provisions of Section 43D of the Act.
8. Under Section 47(xv) of the Act, no capital gain is chargeable on any transfer in a scheme of lending of any securities under an agreement or arrangement, which the assessee has entered into with the borrower of such securities and which is subjected to the guidelines issued by the Securities and Exchange Board of India or Reserve Bank of India, in this regard.
9. As per provisions of Section 72 of the Act, the Bank is entitled to carry forward business losses that cannot be set off against permitted sources of income in the relevant assessment year, for a period of 8 consecutive assessment years immediately succeeding the assessment year in which the losses were first computed, and set off such losses against income chargeable under the head "Profits and gains from business or profession" in such assessment year. The set off is permissible even if the business in which the loss was sustained is not carried on in the year of set off.
10. Under Section 74 of the Act, short-term capital loss suffered during the year is allowed to be carried forward and set-off against short-term as well as long-term capital gains of a subsequent year. Such loss is permitted to be carried forward for up to eight years immediately succeeding the year in which such loss arises, for claiming set-off against subsequent years' short-term as well as long term capital gains. Long-term capital loss suffered during the year is allowed to be set-off against long-term capital gains. Balance loss, if any, could be carried forward for up to eight consecutive assessment years immediately succeeding the assessment year when the losses were first computed for claiming set-off against subsequent years' long-term capital gains.
11. The Bank has exercised the option under section 115BAA so as to avail the reduced rate of tax. The applicable rate of tax payable by the bank has been reduced to 22% + applicable surcharge & Cess as against the general rate of 30% + applicable surcharge & Cess subject to fulfilment of the conditions specified in the said section. Since the bank has exercised the option u/s 115BAA, it is not liable to compute and pay Minimum Alternate Tax u/s 115JB.

B. STATEMENT OF GENERAL DIRECT TAX BENEFITS AVAILABLE TO THE RESIDENT SHAREHOLDERS:

1. The gains/losses, arising from sale of shares will assume the character of Capital Gains or Business Income depending on the nature of holding in the hands of the shareholder and various other factors. Taxability of income on regular trading of securities will depend on facts and circumstances of each case.
2. From the FY 2020-21, the provisions relating to taxability of dividend are as under:
 - a) Dividend income from equity shares has been made taxable in the hands of shareholders at the applicable tax rates and the domestic company declaring / distributing / paying such dividends is no longer required to pay any DDT u/s 115O of the Act

- b) A deduction of expenses u/s 57 of the Act shall be allowed against such dividend income only in respect of interest expense up to a maximum of 20% of such dividend
 - c) The domestic company declaring / distributing / paying dividends shall be liable to withhold taxes at 10% on dividend income paid to resident shareholders in terms of section 194 of the Act. The aggregate threshold of Rs 5,000/- in a financial year applies in case of dividend income payable to a resident individual shareholder.
3. If the resident shareholder is a domestic company and its gross total income in any tax year includes any income by way of dividends from any other domestic company (which includes the Bank) or foreign company or a business trust, it shall be allowed a deduction u/s 80M of the Act in computation of its total income, of an amount equal to so much of the amount of income by way of dividend received from domestic / foreign companies or business trust as does not exceed the amount of dividend distributed by it up to a date not exceeding one month prior to the due date of filing its return of income.
 4. Income arising from transfer of shares held for more than 12 months and subject to Securities Transaction Tax (STT) shall be considered as long-term capital assets. The shares which are not considered as long-term capital assets shall be considered as short-term capital assets. The characterization of gains / losses, arising from sale of shares, as Capital Gains or Business Income would depend on the nature of holding in the hands of the shareholder and various other factors. The Central Board of Direct Taxes (CBDT) has clarified in a circular that income arising from transfer of listed shares and securities, which are held for more than 12 months would be taxed as "Capital Gains" unless the shareholder itself treats these as its sock-in-trade and income arising from transfer thereof as its business income.
 5. Section 112A of the Act provides for concessional rate of 10% (plus applicable surcharge and cess) on long term capital gains exceeding Rs 1,00,000 arising on transfer of equity shares, if STT has been paid on both acquisition and transfer in case of equity shares. The requirement of chargeability to STT is not applicable to transaction undertaken on a recognized stock exchange located in International Financial Service Centre where the consideration for such transaction is payable in foreign currency.

As per section 112A(4) of the Act read with Notification No 60/2018 dated October 1, 2018, the Central Government has specified that following transactions of acquisition of equity shares which shall be exempt from the condition of STT:

- a) Share acquisitions under taken prior to October 1, 2004
- b) Share acquisitions undertaken on or after October 1, 2004, subject to certain specified exceptions.

The benefit of indexation under the second provision to the Section 48 of the Act shall not be applicable for computing long term capital gains taxable u/s 112A of the Act. As per section 55(2) (ac) of the Act cost of acquisition of equity shares (referred in aforesaid Section 112A of the Act) acquired prior to February 1, 2018, shall be higher of :-

- a) Cost of acquisition; and
 - b) Lower of :-
 - i. The fair market value of asset (As defined in Explanation to Section 55(2)(ac) of the Act; and
 - ii. The full value of consideration received or accruing as a result of transfer of the capital assets, for the purpose of this section, in case of listed equity shares, the FMV shall be the highest price quoted on a recognized stock exchange on January 31, 2018.
6. Under section 112 of the Act, long-term capital gains are subject to tax at a rate of 20% (plus applicable surcharge and cess) after indexation, as provided in the second proviso to section 48 of the Act. However, in case of listed securities (other than units), the amount of such tax could be limited to 10% (plus applicable surcharge and cess), without indexation, at the option of the shareholder in cases where securities transaction tax is not levied

The base year for indexation purposes is 1 April 2001, and cost of acquisition of shares acquired before 1 April 2001 shall be allowed to be taken as fair market value as on 1 April 2001.

7. In case of an individual or Hindu Undivided Family (HUF), being a resident, where the total taxable income as reduced by long-term capital gains is below the basic exemption limit, such long-term capital gains will be reduced to the extent of the shortfall and only the balance long term capital gains will be subjected to such tax in accordance with the provision to Section 112A(1) of the Act or provision to Section 112(1) of the Act as the case may be.
8. Short-term capital gains arising on transfer of shares will be chargeable to tax at the rate of 15% (plus applicable surcharge and cess) as per the provisions of Section 111A of the Act if such transaction is chargeable to STT. The requirement of chargeability of STT is not applicable to transaction undertaken on a recognized stock exchange located in International Financial Service Centre and where the consideration for such transactions is payable in foreign currency. In case of an individual or HUF, being a resident, where the total taxable income as reduced by short-term capital gains is below the basic exemption limit, the short-term capital gains will be reduced to the extent of the shortfall and only the balance short-term capital gains will be subjected to such tax in accordance with the provision to Section 111A(1) of the Act.
9. The rate of surcharge on capital gains u/s 111A and u/s 112A of the Act arising on sale of equity shares for all taxpayers will not exceed 15% on the income-tax.
10. In accordance with, and subject to the conditions including ownership of not more than one residential house on the date of transfer (other than the new residential house referred hereinafter) and to the extent specified in Section 54F of the Act, long term capital gains arising on transfer of the shares shall be exempt from capital gains u/s 54F, if the net sale consideration is utilized within a period of one year before or two years after the date of transfer, for the purchase of a new residential house, or is utilized for construction of a residential house within three years. If the whole of the net sale consideration is not so utilized, the exemption shall be allowed on a pro rata basis.
11. As per Section 70 read with Section 74 of the Act short term capital loss arising during a year is allowed to be set-off against short term capital gains as well as long term capital gains. Balance loss, if any shall be carried forward and set-off against any capital gains (short term capital gains or long term capital gains) arising during subsequent eight assessment years. As per Section 70 read with Section 74 of the Act, long term capital loss arising during a year is allowed to be set-off only against long term capital gains. Balance loss, if any shall be carried forward and set-off against long term capital gains arising during subsequent eight assessment years. As per Section 71 of the Act short term capital loss or long term capital loss for the year cannot be set-off against income under any other head for the same year.
12. Where the gains arising on the transfer of shares are included in the business income of an assessee, Assessable under the head "Profit and Gains from Business or Profession" on which STT has been charged, such STT shall be a deductible expense from the business income as per the provisions of Section 36(1)(xv) of the Act.
13. Section 56(2)(x)(c) of the Act provides that, subject to exception provided therein, if any person receives inadequate consideration, the following shall be treated as 'Income from Other sources' in the hands of any person, any property, including, inter alia, shares of a company, without consideration or for recipient:
 - a) Where the shares are received without consideration, aggregate Fair Market Value (FMV) exceeds ₹50,000/- the whole FMV;
 - b) Where the shares are received for a consideration less than FMV but exceeding Rs 50,000/- the aggregate FMV in excess of the consideration paid

Rule 11UA of the Income Tax Rules, 1962 ("the Rules") provides for the method for determination of FMV of various properties

14. In case of income arising to a shareholder on account of buyback of shares (listed or unlisted) by a Company will be exempt u/s 10(34A) of the Act if the company buying back the shares has paid additional income tax at the rate of 20% (plus applicable surcharge and cess) on distributed income u/s 115QA of the Act

C. STATEMENT OF GENERAL DIRECT TAX BENEFITS AVAILABLE TO THE NON RESIDENT SHAREHOLDERS INCLUDING FOREIGN PORTFOLIO INVESTORS ("FPI") / FOREIGN

INSTITUTIONAL INVESTORS (“FII”):

1. Under the provisions of Section 90(2) of the Act a non-resident will be governed by the provisions of the Double Taxation Avoidance Agreement (“DTAA”) and the country of tax residence of the nonresident as modified by the Multilateral convention to implement Tax treaty related measures to prevent Base Erosion and Profit Shifting (MLI) or the provisions of the Act to the extent they are more beneficial to the non-resident.
2. From the FY 2020- 21, the provisions relating to taxability of dividend are as under:
 - a) Dividend income from equity shares has been made taxable in the hands of shareholders at the applicable tax rates and the domestic company declaring/distributing/paying such dividends is no longer required to pay any DDT u/s. 115-O of the Act.
 - b) A deduction of expenses u/s. 57 of the Act shall be allowed against such dividend income only in respect of interest expense up to a maximum of 20% of such dividend.
 - c) The domestic company declaring/distributing/paying dividends shall be liable to withhold taxes at the rates in force on dividend income paid to non-resident shareholders. Thus, the non-resident shareholders are liable to tax on dividend income received from domestic company u/s. 115A of the Act at 20% of gross dividend income (plus applicable surcharge and cess) subject to the provisions of the relevant DTAA read with the MLI (wherever applicable).
3. Income arising from transfer of shares held for more than 12 months and subject to STT, shall be considered as long-term capital assets. Assets not considered as long-term capital assets shall be considered as short-term capital assets. The characterization of gains/losses, arising from sale of shares, as Capital Gains or Business Income would depend on the nature of holding in the hands of the shareholder and various other factors. The Central Board of Direct Taxes (CBDT) in a circular has clarified that income arising from transfer of listed shares and securities, which are held for more than 12 months would be taxed as “Capital Gains” unless the shareholder itself treats these as its Stock -in-trade and income arising from transfer thereof as its business income.
4. Section 112A of the Act provides for concessional rate of 10% (plus applicable surcharge and cess) on long term capital gains (exceeding ₹1,00,000) arising on transfer of equity shares, if STT has been paid on both acquisition and transfer in case of equity shares. The requirement of chargeability to STT is not applicable to transactions undertaken on a recognized stock exchange located in International Financial Services Centre where the consideration for such transactions is payable in foreign currency.

As per section 112A(4) of the Act read with Notification No 60/2018 dated October 1, 2018, the Central Government has specified that following transactions of acquisition of equity shares which shall be exempt from the condition of payment of STT:

The benefit of indexation under the second proviso to Section 48 of the Act shall not be applicable for computing long term capital gains taxable u/s. 112A of the Act. As per section 55(2)(ac) of the Act cost of acquisition of equity shares (referred in aforesaid Section 112A of the Act) acquired prior to February 1, 2018, shall be higher of

- a) Cost of acquisition of asset; and
- b) Lower of

(I) The fair market value of the asset as defined in Explanation to Section 55(2)(ac) of the Act; and (II) The full value of consideration received or accruing as a result of transfer of the capital asset. For the purpose of this section, in case of listed equity shares, the FMV shall be the highest price quoted on a recognised stock exchange on January 31, 2018.

5. The long-term capital gains arising to the shareholders from the transfer of equity shares held as investments, not covered under point 4 above shall be taxable as follows:

Where the equity shares are acquired in convertible foreign exchange, the same shall be taxable at the rate of 10% on the amount of capital gains computed as per point 6 below;

Where the equity shares are acquired in INR, the same shall be taxable at the rate of 20% (plus applicable surcharge and cess) on the amount of capital gains computed after considering the indexation benefit provided under second proviso to Section 48 of the Act or at the rate of 10% on the amount of capital gains computed without indexing the cost of acquisition, whichever is lower.

6. In accordance with, and subject to Section 48 of the Act read with Rule 115A of the Rules, capital gains arising on transfer of shares which are acquired in convertible foreign exchange and not covered under point 4 above shall be computed by converting the cost of acquisition, expenditure in connection with such transfer and full value of the consideration received or accruing as a result of the transfer into the same foreign currency as was initially utilized in the purchase of shares and the capital gains computed in such foreign currency shall be reconverted into Indian currency, such that the aforesaid manner of computation of capital gains shall be applicable in respect of capital gains accruing/ arising from every reinvestment thereafter.
7. Short-term capital gains arising on transfer of the shares will be chargeable to tax at the rate of 15% (plus applicable surcharge and cess) as per the provisions of Section 111A of the Act if such transaction is chargeable to STT. The requirement of chargeability to STT is not applicable to transactions undertaken on a recognized stock exchange located in International Financial Services Centre where the consideration for such transactions is payable in foreign currency.
8. The rate of surcharge on capital gains u/s. 111A and u/s. 112A of the Act arising on sale of equity shares for all taxpayers and capital gains on securities u/s. 115AD(1)(b) of the Act for FIIs will not exceed 15% on the income tax.
9. As per Section 70 read with Section 74 of the Act short term capital loss arising during a year is allowed to be set-off against short term capital gains as well as long term capital gains. Balance loss, if any, shall be carried forward and set-off against any capital gains (short term capital gains or long term capital gains) arising during subsequent eight assessment years. As per Section 70 read with Section 74 of the Act of the Act long term capital loss arising during a year is allowed to be set-off only against long term capital gains. Balance loss, if any, shall be carried forward and set-off against long term capital gains arising during subsequent eight assessment years. As per Section 71 of the Act short term capital loss or long term capital loss for the year cannot be set-off against income under any other heads for the same year.
10. Where the gains arising on the transfer of shares are included in the business income of an assessee assessable under the head "Profits and Gains from Business or Profession" and on which STT has been charged, such STT shall be a deductible expense from business income as per the provisions of Section 36(1)(xv) of the Act.
11. Section 56(2)(x)(c) of the Act provides that, subject to exception provided therein, if any person receives from any person, any property, including, inter alia, shares of a company, without consideration or for inadequate consideration, the following shall be treated as 'Income from other sources' in the hands of the recipient:
 - i. Where the shares are received without consideration, aggregate Fair Market Value ("FMV") exceeds Rs.50,000/-, the whole FMV;
 - ii. Where the shares are received for a consideration less than FMV but exceeding ₹ 50,000/-, the aggregate FMV in excess of the consideration paid.

Rule 11UA of the Rules provides for the method for determination of the FMV of various properties.

12. As per Explanation 4 to Section 115JB(2), the provisions of Section 115JB shall not be applicable to a foreign company if the foreign company is a resident of a country having DTAA with India and such foreign company does not have a Permanent Establishment within the definition of the term in the relevant DTAA, or the foreign company is a resident of a country which does not have a DTAA with India and such foreign company

is not required to seek registration u/s. 592 of the Companies Act 1956 or u/s. 380 of the Companies Act 2013.

13. In respect of foreign companies which are not exempt from MAT provisions as per point 12 above, capital gains (whether long term or short term) arising on transactions in securities will need to be adjusted / reduced (if such income is credited to Profit and Loss account and tax payable on such capital gains income under normal provisions is less than the MAT rate of 15%) from the book profits while computing MAT u/s. 115JB of the Act. Consequently, corresponding expenses shall also be excluded while computing MAT.
14. In respect of non-residents, the tax rates and the consequent taxation mentioned above shall be further subject to any benefits available under the Double Taxation Avoidance Agreement (“DTAA”), if any, between India and the country of residence of the non-resident. As per the provisions of section 90(2) of the Act, the provisions of the Act would prevail over the provisions of the DTAA to the extent they are more beneficial to the non-resident. As per section 90(4) of the Act, the non-residents shall not be entitled to claim relief under section 90(2) of the Act, unless a certificate of their being a resident in any country outside India, is obtained by them from the government of that country or any specified territory. As per section 90(5) of the Act, the non-residents shall be required to provide such other document and information, as has been notified

Further, TDS on dividend shall be withheld at the rate of 20% u/s. 196D of the Act. The Finance Act 2021 has included a provision to deduct tax at the rate of 20% or at the rate prescribed in DTAA, whichever is lower.

E. SPECIFIC PROVISIONS APPLICABLE TO NON RESIDENT SHAREHOLDER BEING NON RESIDENT INDIANS (NRIs):

1. Besides the above benefits available to non-residents, NRIs have the option of being governed by the provisions of Chapter XII-A of the Act which, inter alia, entitles them to the following benefits in respect of income from shares of an Indian Company acquired, purchased or subscribed to in convertible foreign exchange:
 - a. Section 115E of the Act provides that NRIs will be taxed at 10% (plus applicable surcharge and cess) on long-term capital gains arising on sale of shares of the Company which are acquired in convertible foreign exchange.

- b. Section 115F of the Act provides that, subject to the conditions and to the extent specified therein, long- term capital gains arising to NRIs from transfer of shares of the Company acquired out of convertible foreign exchange shall be exempt from capital gains tax if the net consideration is invested within 6 months of the date of transfer of the asset in any specified asset or in any saving certificates referred to in Section 10(4B) of the Act. In case the whole of the net consideration is not so invested, the exemption shall be allowed on a pro rata basis.
- c. In accordance with the provisions of Section 115G of the Act, NRIs are not obliged to file a return of income u/s. 139(1) of the Act if their only source of income is income from investments or long term capital gains earned on transfer of such investments or both, provided tax has been deducted at source from such income as per the provisions of Chapter XVII-B of the Act.
- d. In accordance with the provisions of Section 115H of the Act when NRIs become assessable as resident in India, they may furnish a declaration in writing to the Assessing Officer along with their return of income for that year u/s. 139 of the Act to the effect that the provisions of Chapter XII-A shall continue to apply to them in relation to such investment income derived from the specified assets for that year and subsequent assessment years until such assets are transferred or converted into money.
- e. As per the provisions of Section 115-I of the Act NRIs may elect not to be governed by the provisions of Chapter XII-A for any assessment year by furnishing their return of income for that year u/s. 139 of the Act declaring therein that the provisions of Chapter XII-A shall not apply to them for that assessment year and accordingly, their total income for that assessment year will be computed in accordance with the other provisions of the Act.

F. SPECIFIC PROVISIONS APPLICABLE TO MUTUAL FUNDS:

Section 10(23D) of the Act provides that any income earned by a Mutual Fund registered under the Securities and Exchange Board of India Act, 1992, or a Mutual Fund set up by a public sector bank or a public financial institution, or a Mutual Fund authorised by the Reserve Bank of India would be exempt from income-tax, subject to such conditions as the Central Government may by notification in the Official Gazette specify in this behalf. As per Section 196 of the Act no tax is to be deducted from any income payable to a Mutual Fund specified u/s. 10(23D) of the Act.

G. SPECIFIC PROVISIONS APPLICABLE TO VENTURE CAPITAL COMPANIES/ FUNDS:

Section 10(23FB) of the Act provides that any income of Venture Capital Company or Venture Capital Fund, to whom the certificate of registration is granted under SEBI (Venture Capital Funds) Regulations, 1996 before May 21, 2012 or has been granted a certificate of registration as Venture Capital Fund as a sub-category I Alternative Investment Fund and is regulated under SEBI (Alternative Investment Funds Regulations) 2012, under the SEBI Act, 1992, from a Venture Capital Undertaking would be exempt from income tax, subject to conditions specified therein. As per Section 115U of the Act any income derived by a person from his investment in Venture Capital Company/Venture Capital Fund would be taxable in the hands of the person making an investment in the same manner as if it were the income accruing or arising to or received by such person had the investments been made directly in the Venture Capital Undertaking.

H. SPECIFIC PROVISIONS APPLICABLE TO INVESTMENT FUNDS:

- 1. Income of an Investment Fund, being a Trust, Company, Limited Liability Partnership or a body corporate which has been granted a certificate of registration and is regulated under SEBI (Alternative Investment Funds) Regulations, 2012 as Category I or Category II Alternate Investment Fund, other than the income chargeable under the head 'profits and gains of business and profession' shall be exempt from tax u/s. 10(23FBA) of the Act.
- 2. LEGAL PROCEEDINGS

Our Bank and its Subsidiary are involved in various legal proceedings from time to time, mostly arising in the ordinary course of business. Our Bank believes that the number of proceedings and disputes in which the Bank or its Subsidiary are involved is not unusual for a bank of our size doing business in India and in international markets. These legal proceedings are primarily in the nature of tax proceedings, recovery proceedings, consumer disputes, regulatory and statutory proceedings, criminal complaints and other civil proceedings, pending before various adjudicating forums. Further, certain regulatory and statutory authorities such as the Reserve Bank of India, the banking ombudsman, various tax authorities and other authorities have, in the past, taken action and/or imposed penalties against our Bank and its Subsidiary, including those during routine inspections undertaken in the ordinary course of business.

*Except as disclosed in this section, there are no outstanding legal proceedings which have been considered material in accordance with our Bank's periodically published disclosure policies framed in accordance with Regulation 30 of the SEBI Listing Regulations ("**Policy of Materiality**").*

*Additionally, solely for the purpose of the Issue, our Bank has also disclosed in this section, to the extent applicable, (i) all outstanding criminal proceedings involving our Bank, its Directors and its Subsidiary; (ii) all outstanding actions by statutory or regulatory authorities (such as SEBI, RBI, Stock Exchanges or such similar authorities) against our Bank, its Directors and its Subsidiary; (iii) any other outstanding civil litigation involving our Bank, its Directors and its Subsidiary, where the amount involved in such proceeding is exceeding ₹ 3,636.35 million (being 2% of the consolidated total income of the Bank aggregating to ₹ 181,817.39 million for the financial year ended March 31, 2023) ("**Materiality Threshold**"); and (iv) any other outstanding litigation involving our Bank, its Directors and its Subsidiary wherein the amount involved cannot be determined or is below the Materiality Threshold, but an adverse outcome of which could materially and adversely affect the reputation, operations or financial position of the Bank, as on the date of this Placement Document. Additionally, the outstanding direct and indirect taxes proceeding involving our Bank, its Subsidiary and its Directors above the Materiality Threshold is disclosed. The penalties imposed by the banking ombudsman on our Bank, during the Financial Years ended March 31, 2023, March 31, 2022 and March 31, 2021.*

It is clarified that for the purposes of the above, pre-litigation notices received by our Bank, its Directors and its Subsidiary from third parties (excluding those notices issued by statutory/regulatory authorities) have not been disclosed in this Placement Document unless the above-mentioned entities have been impleaded as a defendant or respondent in a litigation proceeding before any judicial forum or arbitral tribunal. In the ordinary course of business, especially in relation to recovery of loans, the Bank initiates criminal proceedings under applicable laws, which have not been disclosed in this Placement Document separately unless the amount involved therein is more than the Materiality Threshold. A consolidated disclosure for dishonour of cheques (under Section 138 of the Negotiable Instruments Act, 1881), cases under the Banking Ombudsman Scheme and fraud reporting has been made in this Placement Document. In the ordinary course of business, our Bank is also involved in litigation instituted by its employees, including in relation to retrenchment, gratuity etc. and cases instituted by its customers before the designated banking ombudsman.

All terms defined in a particular litigation disclosure below are for that particular litigation only.

Independent Auditors' Report

To
The Board of Directors of
Bank of Maharashtra

Report on the Audit of the Standalone Financial Results

1. We have audited the accompanying standalone financial results of Bank of Maharashtra (the "Bank") for the quarter and year ended March 31, 2023 attached herewith (hereinafter referred as "Statement"), being submitted by the Bank pursuant to the requirement of Regulation 33 and Regulation 52 read with Regulation 63 (2) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended) ("the SEBI Regulations"). Further, the disclosures relating to "Pillar 3 under Basel III Capital Regulations", "Leverage Ratio", "Liquidity Coverage Ratio" and "Net Stable Funding Ratio" which has been disclosed on the Bank's website and in respect of which a link has been provided in the aforesaid standalone financial results have not been audited by us.

The Statement includes returns for the year ended on that date of:

- a) The Head Office, 42 Zones, 1 Treasury and International Banking Division and top 20 branches audited by us;
- b) 576 out of remaining 2203 branches audited by the respective Statutory Branch Auditors

The branches audited by us and those audited by other auditors have been selected by the Bank in accordance with the guidelines issued to the Bank by the Reserve Bank of India (RBI).

2. In our opinion and to the best of our information and according to the explanations given to us, the Statement –
 - a) Is presented in accordance with the requirements of Regulation 33 & Regulation 52 read with Regulation 63 (2) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 in this regard except for the disclosures relating to Pillar 3 disclosures as at March 31, 2023 including leverage ratio, liquidity coverage ratio and net stable funding ratio under Basel-III Capital Regulation as have been disclosed on the Bank's website and in respect of which a link has been provided in the Standalone Financial Results and have not been audited by us and

- b) gives a true and fair view in conformity with the recognition and measurement principles laid down in the applicable accounting standards, the relevant provisions of the Banking Regulation Act, 1949, guidelines and directions issued by the Reserve Bank of India ("RBI") from time to time ("RBI guidelines") and other accounting principles generally accepted in India, of the standalone net profit and other financial information for the quarter and year ended March 31, 2023

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing ("SAs") issued by the Institute of Chartered Accountants of India ("the ICAI"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Standalone Financial Results section of our report. We are Independent of the Bank in accordance with the Code of Ethics issued by the ICAI together with the ethical requirements that are relevant to our audit of the Statement and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

4. We draw attention to Note No. 12 of audited financial results where bank continues to hold COVID-19 related provision of Rs. 1200 Crores as contingency provision as on 31 March 2023

Board of Director's Responsibility for the Standalone Financial Results

5. This Statement, which is the responsibility of the Bank's Management and approved by the Board of Directors, has been prepared on the basis of standalone financial statements. The Bank's Board of Directors are responsible with respect to the preparation of this statement that gives true and fair view of the standalone net profit and other financial information for the quarter and year ended March 31, 2023 of the Bank in accordance with the accounting principles generally accepted in India, including the Accounting Standards issued by ICAI, and provisions of section 29 of the Banking Regulation Act, 1949 and circulars, guidelines and directions issued by RBI from time to time and in compliance with the SEBI Regulations. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Banking Regulation Act, 1949 for safeguarding of the assets of the Bank and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the statement that gives a true and fair view and is free from material misstatement, whether due to fraud or error.
6. In preparing the statement, the Board of Directors are responsible for assessing the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Board of Directors either intends to liquidate the Bank or to cease operations, or has no realistic alternative but to do so.

7. The Board of Directors is also responsible for overseeing the Bank's financial reporting process.

Auditors' Responsibilities for the Audit of the Standalone Financial Results

8. Our objectives are to obtain reasonable assurance about whether the statement, as a whole, is free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this statement.
9. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
- Identify and assess the risks of material misstatement of the statement, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit for expressing our opinion on whether the bank has adequate internal financial controls with reference to financial statements and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors.
 - Conclude on the appropriateness of Board of Directors' use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the statement or if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Bank to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the statement including the disclosures, and whether the statement represents the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of the misstatement in the statement that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the statement may be influenced. We consider quantitative materiality and qualitative factors in; (i) planning the scope of our audit work and evaluating the results of our work; and (ii) to evaluate the effects of any identified misstatements in the statement.

10. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

11. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence and where applicable, related safeguards.

Other Matters

12. This statement incorporates the financial statements and relevant returns of 576 branches audited by the other auditors specially appointed for this purpose. These branches audited by other auditors cover 32.49 % of advances, 44.35 % of deposits and 39.64 % of Non-performing assets as on March 31, 2023 and 28.34 % of revenue for year ended March 31, 2023. The financial statements and relevant returns of these branches have been audited by the Bank's Statutory Branch Auditors whose reports have been furnished to us by the Management of the Bank and our opinion in so far as it relates to the amounts and disclosures included in respect of branches, is based solely on the reports of such branch auditors.
13. In conduct of our audit, we have incorporated the unaudited returns in respect of 1627 branches certified by the respective branch's management. These unaudited branches cover 22.94 % of advances, 44.89 % of deposits and 16.00 % of Non-performing assets as on March 31, 2023 and 22.56 % of revenue for year ended March 31, 2023.
14. The Statement includes standalone financial results for the quarter ended March 31, 2023 being the balancing figures between the audited figures in respect of the year ended March 31, 2023 and the published year-to-date figures up to December 31, 2022, being the date of the end of the third quarter of the current financial year, which were subject to a limited review.

Our opinion is not modified in respect of above matters.

Independent Auditors' Report

To
The Board of Directors of
Bank of Maharashtra.

Report on the audit of the Consolidated Financial Results

1. We have audited the accompanying Statement of Consolidated Financial Results of Bank of Maharashtra (the "Bank") and its subsidiary (the Parent and its Subsidiary together referred to as "the Group") and its associate for the quarter and year ended March 31, 2023 ("the Statement"), being submitted by the Bank pursuant to the requirement of Regulation 33 and Regulation 52 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("Listing Regulations") except for the disclosures relating to Consolidated Pillar 3 disclosure as at March 31, 2023 including "Leverage Ratio", "Liquidity Coverage Ratio" and "Net Stable Funding Ratio" under Basel III Capital Regulations as have been disclosed on the Bank's website and in respect of which a link has been provided in Statement and have not been audited by us.
2. In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of the reports of the other auditors on separate audited financial statements and financial information of the Subsidiary and Associate provided by management of the Bank; the Statement:
 - a. includes the financial results of the following entities:
 - i) **Bank of Maharashtra (Holding Entity)**
 - ii) **The Maharashtra Executor and Trustee Company Private Limited (Subsidiary Company)**
 - iii) **Maharashtra Gramin Bank (Associate Entity)**
 - b. Is presented in accordance with the requirements of Regulation 33 and Regulation 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, except for the disclosures relating to consolidated Pillar 3 disclosure as at March 31, 2023, including leverage ratio, liquidity coverage ratio and net stable funding ratio under Basel III Capital Regulations as have been disclosed on the Bank's website and in respect of which a link has been provided in the Financial Results (Note 7) and have not been audited by us; and
 - c. gives a true and fair view in conformity with the recognition and measurement principles laid down as per the Accounting Standards, RBI Guidelines and other accounting principles generally accepted in India of the consolidated net profit and other financial information of the Group for the quarter and the year ended March 31, 2023.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing ("SAs") issued by the Institute of Chartered Accountants of India ("the ICAI"). Our responsibilities under those Standards are further described in the "Auditors' Responsibilities for the Audit of the Consolidated Financial Results" section of our report. We are Independent of the Group and its associate in accordance with the 'Code of Ethics' issued by the ICAI together with the ethical requirements that are relevant to our audit of the Statement, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us and other auditors in terms of their reports referred to in "Other Matter" paragraph below, is, sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

4. We draw attention to Note No. 12 of audited financial results where bank continues to hold COVID-19 related provision of Rs. 1200 Crores as contingency provision as on 31 March 2023

Board of Directors' Responsibility for the Consolidated Financial Results

5. This statement has been compiled from the consolidated Annual audited financial statements. The Bank's Board of Directors are responsible for the preparation and presentation of this statement that gives true and fair view of the net profit and other financial information of the group including its associate in accordance with the applicable accounting standards issued by the Institute of Chartered Accountants of India, the relevant provisions of the Banking Regulation Act, 1949, the circulars, guidelines and directions issued by the Reserve Bank of India (RBI) from time to time (hereinafter referred as "RBI Guidelines"), the SEBI Regulations and other accounting principles generally accepted in India and in compliance with Regulation 33 and Regulation 52 of the Listing Regulations. The respective Board of Directors of the subsidiary included in the Group and of its associate are responsible for maintenance of adequate accounting records in accordance with the provisions of the Companies Act 2013 / Banking Regulation Act, 1949 for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent and design, implementation and maintenance of adequate internal controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial results that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Statement by the Directors of the Bank, as aforesaid.
6. In preparing the statement, the respective Board of Directors of the entities included in the Group and of its associate are responsible for assessing the ability of the Group and of its associate to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.
7. The respective Board of Directors of the subsidiary included in the Group and of its associate is also responsible for overseeing the financial reporting process of the Group and of its associate.

Auditors' Responsibilities for the Audit of the Consolidated Financial Results

8. Our objectives are to obtain reasonable assurance about whether the statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that

an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this statement.

9. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
- Identify and assess the risks of material misstatement of the consolidated financial results, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit for expressing our opinion on whether the bank has adequate internal financial controls with reference to financial statements and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors.
 - Conclude on the appropriateness of Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associate to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the statement or if such disclosures are inadequate, to modify our opinion. Our conclusion is based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group and its associate to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the statement, including the disclosures, and whether the statement represents the underlying transactions and events in a manner that achieves fair presentation.
 - Obtain sufficient appropriate audit evidence regarding the financial results/financial information of the entities within Group and its associate to express an opinion on the Statement. We are responsible for the direction, supervision and performance of the audit of the financial information of such entities included in the Statement of which we are the independent auditors. For the other entities included in the Statement, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of the misstatement in the statement that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the statement may be influenced. We consider quantitative materiality and qualitative factors in; (i) planning the scope of our audit work, and evaluating the results of our work; and (ii) to evaluate the effects of any identified misstatements in the statement.

10. We communicate with those charged with governance of the Bank regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in Internal control that we identify during our audit.
11. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards

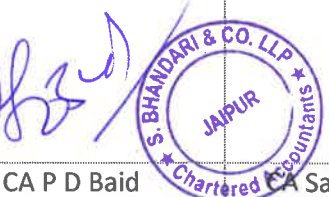

12. We also performed procedures in accordance with the Circular No. CIR/CFD/CMD1/44/2019 dated March 29, 2019 issued by the 'Securities Exchange Board of India under Regulation 33(8) of the Listing Regulations, to the extent applicable.

Other Matters

13. The statement includes the audited financial results of one subsidiary, whose financial results reflect Group's share of total assets of Rs. 2171 Lakh as at March 31, 2023, Group's share of total revenue of Rs. 63 Lakh and Rs. 230 Lakh and Group's share of total net profit after tax of Rs. 32 Lakh and Rs. 76 Lakh for the quarter and year ended March 31, 2023 respectively, as considered in the statement, which have been audited by other Auditor. The independent auditor's report on financial results of the subsidiary has been furnished to us by the Management of the Bank and our opinion on the statement, in so far as it relates to the amounts and disclosures included in respect of these entities, is based solely on the report of such auditor and the procedures performed by us are as stated in paragraph above.
14. The statement includes the group's share of net profit of Rs.221 lakhs for the year ended March 31,2023 in respect of one associate whose financial statements have not been audited by us. These Financial statements have been audited by other Auditor whose auditor's report on financial results has been furnished to us by the management of the Bank and our opinion on the statement, in so far as it relates to the amounts and disclosures included in respect of these entities, is based solely on the report of such auditor and the procedures performed by us are as stated in paragraph above.
15. The Statement includes the results for the quarter ended March 31, 2023 being the balancing figures between the audited figures in respect of the full financial year ended March 31, 2023 and the published unaudited year-to-date figures up-to the end of the third quarter of the current financial year, which were subjected to a limited review by us, as required under the Listing Regulations.

Our opinion on the Statement is not modified in respect of the above matter.

Independent Auditors' Report

To,

The President of India and Members of "BANK OF MAHARASHTRA"

Report on Audit of the Standalone Financial Statements

Opinion

1. We have audited the accompanying standalone financial statements of Bank of Maharashtra, which comprise the Balance Sheet as at 31st March 2023, the Profit and Loss Account and the Statement of Cash Flows for the year then ended, and notes to financial statements including a summary of significant accounting policies and other explanatory information in which are included the returns for the year ended on that date of the Head Office, 42 Zonal Offices and 20 branches and one Treasury and International Banking Division audited by us, and 576 branches audited by Statutory Branch Auditors of the Bank.

The branches audited by us and those audited by other auditors have been selected by the Bank in accordance with the guidelines issued to the Bank by the Reserve Bank of India. Also incorporated in the Balance Sheet, the Profit and Loss Account and the Statement of Cash Flows are the returns from 1627 branches which have not been subjected to audit. These unaudited branches account for 22.94% of advances, 44.89% of deposits, 15.91% of interest income and 43.56% interest expenses.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Banking Regulation Act, 1949 in the manner so required for bank and are in conformity with accounting principles generally accepted in India and:

- a. the Balance Sheet, read with the notes thereon is a full and fair Balance Sheet containing all the necessary particulars, is properly drawn up so as to exhibit a true and fair view of the state of affairs of the Bank as at 31st March, 2023;
- b. the Profit and Loss Account, read with the notes thereon shows a true balance of profit for the year ended 31st March, 2023 and
- c. the Cash Flow Statement gives a true and fair view of the cash-flows for the year ended on that date

Basis for Opinion

2. We conducted our audit in accordance with the Standards on Auditing (SAs) issued by the ICAI. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the standalone Financial Statements section of our report. We are independent of the Bank in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with ethical requirements that are relevant to our audit of the financial statements prepared in accordance with the accounting principles generally accepted in India, including the Accounting Standards issued by the ICAI, and provisions of section 29 of the Banking Regulation Act, 1949 and circulars and guidelines issued by the Reserve Bank of India ('RBI') from time to time and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

3. We draw attention to Note No. 4(h) in Schedule 18 of the Financial Statements where Bank continues to hold COVID-19 related provision of Rs. 1200 Crore as contingency provision as on 31st March 2023.

Our Opinion is not modified in respect of this matter.

Key Audit Matters

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the year ended March 31 2023. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters prescribed below to be the key audit matters to be communicated in our report.

Information other than the Standalone Financial Statements and Auditors' Report thereon

5. The Bank's Board of Directors is responsible for other information. The other information comprises the information other than Standalone Financial Statements and our Auditors' Report thereon and the Pillar III disclosure under the Basel III disclosure.

Our opinion on the Standalone Financial Statements does not cover the other information and Pillar 3 disclosure under the Basel III Disclosure and we do not express any form of assurance conclusion thereon

In connection with our Audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained during the course of audit or otherwise appears to be materially misstated.

When we read the other information and based on the work we perform, if we conclude that there is a material misstatement therein, we are required to report that fact to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

6. The Bank's Board of Directors is responsible with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance and cash flows of the Bank in accordance with the accounting principles generally accepted in India, including the Accounting Standards issued by ICAI, and provisions of Section 29 of the Banking Regulation Act, 1949 and circulars and guidelines issued by the Reserve Bank of India ('RBI') from time to time. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Bank and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Bank or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Bank's Financial Reporting process.

Auditors' Responsibilities for the Audit of the Standalone Financial Statements

7. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of Internal Control relevant to the Audit in order to design Audit procedures that are appropriate in the circumstances.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the bank to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our Audit work and evaluating the results of our work; and (ii) to evaluate the effect of identified misstatements in the Standalone Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Financial Statements of the current period and are therefore the key audit matters.

We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

8. We did not audit the financial statements / information of 576 branches included in the Standalone Financial Statements of the Bank whose Financial Statements / Financial Information reflect total advances of Rs. 63295.49 crores as at March 31, 2023 and total revenue of Rs. 5151.98 crores for the year ended on that date, as considered in the Standalone Financial Statements. These branches cover 32.49% of advances, 44.35% of deposits and 39.64% of non-performing assets as at March 31, 2023 and 28.34% revenue for the year ended March 31, 2023. The Financial Statements / Information of these branches have been audited by the Branch Auditors whose reports have been furnished to us, and our opinion in so far as it relates to the amounts and disclosures included in respect of branches, is based solely on the report of such Branch Auditors.

Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

9. The Balance Sheet and the Profit and Loss Account have been drawn up in accordance with Section 29 of the Banking Regulation Act, 1949;

Subject to the limitations of the audit indicated in paragraphs 6 to 8 above and as required by sub section 3 of section 30 of the Banking Regulation Act, 1949, and subject also to the limitations of disclosure required therein, we report that:

- a) We have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit and have found them to be satisfactory.
 - b) The transactions of the Bank, which have come to our notice, have been within the powers of the Bank; and
 - c) The returns received from the offices and branches of the Bank have been found adequate for the purposes of our audit.
10. As required by letter no. DOS.ARG.No.6270/08.91.001/2019- 20 dated March 17, 2020 on "Appointment of Statutory Central Auditors (SCAs) in Public Sector Banks – Reporting obligations for SCAs from FY 2019-20", read with subsequent communications dated May 19, 2020 issued by the RBI, we further report on the matters specified in paragraph 2 of the aforesaid letter as under:
- a) In our opinion, the aforesaid Standalone Financial Statements comply with the Accounting Standards issued by ICAI, to the extent they are not inconsistent with the accounting policies prescribed by the RBI.
 - b) There are no observations or comments on financial transactions or matters which have any adverse effect on the functioning of the bank.
 - c) As the bank is not registered under the Companies Act, 2013 the disqualifications from being a director of the bank under the sub-section (2) of Section 164 of the Companies Act, 2013 do not apply to the bank.

d) There are no qualifications, reservations or adverse remarks relating to the maintenance of accounts and other matters connected therewith.

e) Our audit report on the adequacy and operating effectiveness of the Bank's internal financial controls over financial reporting is given in **Annexure A** to this report. Our report expresses an unmodified opinion on the Bank's internal financial controls over financial reporting with reference to the Standalone Financial Statements as at March 31, 2023.

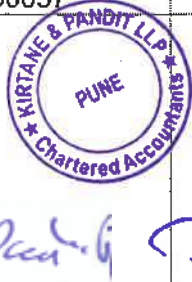

11. We further report that:

a) in our opinion, proper books of account as required by law have been kept by the Bank so far as it appears from our examination of those books and proper returns adequate for the purposes of our audit have been received from branches not visited by us;

b) the Balance Sheet, the Profit and Loss Account and the Statement of Cash Flows dealt with by this report are in agreement with the books of accounts and with the returns received from the branches not visited by us;

c) the reports on the accounts of the branch offices audited by branch auditors of the Bank under section 29 of the Banking Regulation Act, 1949 have been sent to us and have been properly dealt with by us in preparing this report; and

d) in our opinion, the Balance Sheet, the Statement of Profit and Loss Account and the Statement of Cash Flows comply with the applicable accounting standards, to the extent they are not inconsistent with the accounting policies prescribed by RBI.

ANNEXURE "A" TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph 10 e under 'Report on Other Legal and Regulatory Requirements' section of our report of even date) Report on the Internal Financial Controls Over Financial Reporting as required by the Reserve Bank of India (the "RBI") Letter DOS.ARG.No.6270/08.91.001/2019-20 dated March 17, 2020 (as amended) (the "RBI communication")

We have audited the internal financial controls over financial reporting of Bank of Maharashtra ("the Bank") as of March 31, 2023 in conjunction with our audit of the standalone financial statements of the Bank for the year ended on that date which includes internal financial controls over financial reporting of the Bank's branches.

Management's Responsibility for Internal Financial Controls:

The Bank's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Bank considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Bank's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Banking Regulation Act, 1949 and the circulars and guidelines issued by the Reserve Bank of India.

Auditor's Responsibility

Our responsibility is to express an opinion on the Bank's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (the "ICAI") and the Standards on Auditing (SAs) issued by the ICAI, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal financial controls based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the branch auditors, in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Bank's internal financial controls over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Bank's internal financial controls over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A Bank's internal financial controls over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Bank;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Bank are being made only in accordance with authorisations of management and directors of the Bank; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Bank's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the branch auditors referred to in the Other Matters paragraph below, the Bank has, in all material respects, adequate internal financial

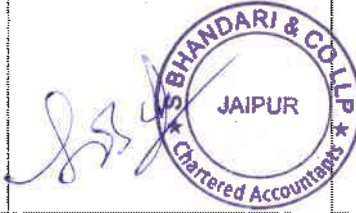

controls over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the criteria for internal control over financial reporting established by the Bank considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid report insofar as it relates to the operating effectiveness of internal financial controls over financial reporting of 105 branches is based on the corresponding reports of the respective branch auditors of those branches.

Our opinion is not modified in respect of this matter.

BANK OF MAHARASHTRA
(F.Y. 2022-23)

SCHEDULE 17 – SIGNIFICANT ACCOUNTING POLICIES

(ANNEXED TO AND FORMING PART OF THE STANDALONE ACCOUNTS
FOR THE YEAR ENDED 31ST MARCH 2023)

1. Basis of Preparation of Financial Statements:

1.1 The financial statements are prepared under the historical cost conventions except as otherwise stated and conform to the Generally Accepted Accounting Principles (GAAP) which include statutory provisions, practices prevailing within the Banking Industry in India, the regulatory/ Reserve Bank of India ("RBI") guidelines, applicable Accounting Standards/ Guidance Notes issued by the Institute of Chartered Accountants of India (ICAI).

1.2 Use of Estimates

The preparation of financial statements requires the management to make estimates and assumptions considered in the reported amount of Assets and Liabilities (including contingent liabilities) as of the date of financial statements and reported income and expenses for the year under report. Management is of the view that the estimates used in the preparation of financial statements are prudent and reasonable. Future results could differ from these estimates. Any revisions to the accounting estimates shall be recognized prospectively unless otherwise stated.

1.3 Revenue and costs are accounted for on accrual basis except as stated in para 6.1 below.

1.4 The accounting policies with regard to Revenue Recognition, Investments and Advances are in conformity with the prudential accounting norms and guidelines issued by Reserve Bank of India from time to time.

2. Foreign Exchange Transactions:

2.1 The foreign currency transactions are translated at the weekly average closing rates for the preceding week as published by Foreign Exchange Dealers' Association of India (FEDAI). Revaluation of foreign currency assets and liabilities as on Balance Sheet date is done at the closing exchange rate published by FEDAI and the resultant profit/loss is accounted for in the Profit & Loss Account.

2.2 Outstanding Forward Foreign Exchange Contracts are stated at contracted rates and revalued/ marked to market as on quarterly basis and on Balance Sheet date at the exchange rates published by FBIL for specified maturities by discounting the same at the applicable MIFOR rate published by Financial Benchmarks India Pvt. Ltd. [FBIL] i.e. on PV01 basis. The resulting profit/loss, on revaluation, is recognized in the Profit & Loss Account in accordance with RBI / FEDAI guidelines and the effect is taken to "Other Assets" in case of gain or to "Other Liabilities" in case of loss.

2.3 Contingent Liabilities on account of Guarantees and Letters of Credit issued in foreign currency are stated in the Balance Sheet at the closing exchange rates published by FEDAI.

2.4 Credit exposure of the un-hedged foreign currency exposure, if any, of the constituents shall attract provisioning and capital requirements as per RBI guidelines.

3. Investments:

As per Reserve Bank of India guidelines, the investments are classified and valued as under:

3.1 Investments are classified in the following categories:

- a. Held to Maturity (HTM)
- b. Available for sale (AFS)
- c. Held for trading (HFT)

3.2 All the investments are further classified in the following six baskets in conformity with the requirement of Form-A of Third Schedule to the Banking Regulation Act, 1949:

- a. Government Securities
- b. Other approved Securities
- c. Shares
- d. Debentures and Bonds
- e. Subsidiaries and Joint Ventures
- f. Others (Commercial Papers, Mutual Fund Units etc.)

3.3 Bank decides the category of each investment at the time of acquisition and classifies the same accordingly. Shifting of securities from one category to another, other than shifting / transfer from HFT to AFS category, is done once in a year with the approval of Board of Directors, at the least of acquisition cost / book value / market value on the date of shifting. The depreciation, if any, on such shifting is provided for and the book value of the security is adjusted accordingly. The transfer of securities from one category to another is made as per permission from or guidelines of RBI. Transfer / shifting of investments from HFT to AFS category will be executed under exceptional circumstances, like not being able to sell the securities within 90 days due to tight liquidity conditions, or extreme volatility, or market becoming unidirectional.

3.4 REPO / Reverse REPO

The Bank has adopted the Uniform Accounting Procedure prescribed by the RBI for accounting of market Repo and Reverse Repo transactions. Repo and Reverse Repo transactions are treated as Collateralized Borrowing / Lending Operations with an agreement to repurchase on the agreed terms. Securities sold under Repo are continued to be shown under investment and Securities purchased under Reverse Repo are not included in investment. Outstanding Repo / Term Repo is disclosed as borrowing and outstanding Reverse Repo is disclosed as lending. Costs and revenues are accounted for as interest expenditure / income, as the case may be.

3.5 Cost of investments is determined on the basis of Weighted Average Price method.

Interest paid for broken period / interest received for broken period at the time of purchase / sale of fixed income securities is treated as revenue expenditure / income.

Brokerage / incentive received / paid at the time of purchase/sale of investment is deducted / added from the amount of investment.

3.6 Valuation of investments:

a. Held to Maturity:

- i. Securities under the category 'Held to Maturity' are valued at weighted average acquisition cost. Wherever the cost of security is higher than the face value, the premium is amortized over the remaining period of maturity on straight line basis. In case where the cost price is less than the face value, the difference is ignored.
- ii. In case of investments in subsidiaries and joint ventures permanent diminution in value is recognized and provided for; investment in RRB is valued at carrying cost.
- iii. On sale of investments in this category (a) the net profit is initially taken to profit and loss account and thereafter such profit net of applicable taxes and proportionate transfer to statutory reserve is appropriated to the 'Capital Reserve account'; and (b) the net loss is charged to the Profit & Loss Account.

b. Available for Sale:

The individual securities under this category are marked to market on a quarterly basis and on each balance sheet date. Central/ State Government securities are valued at market rates declared by FBIL. Other approved securities, debentures and bonds are valued as per the yield curve, average credit spread rating and methodology suggested by FIMMDA. Quoted shares are valued at market rates. Unquoted shares are valued at break-up value ascertained from the latest available Balance Sheet i.e. Balance Sheet of immediate preceding year and in case the latest Balance Sheet is not available, the same is valued at Re.1/- per company / scrip.

Investments in discounted instruments, viz. Treasury Bills, Certificate of Deposits, Commercial Papers, Zero Coupon Bonds are valued at carrying cost. Mutual Fund Instruments are valued at market rate or repurchase price or net asset value in that order depending on their availability. Investments in Security Receipts (SRs) / Pass Through Certificates (PTCs) issued by Asset Reconstruction Companies (ARCs) in respect of financial assets sold to ARCs are carried at lower of redemption value and net book value (i.e. book value less provision held) of the financial assets.

Based on the above valuation under each of six-sub classifications under 'Available for Sale':

- i. If it results in appreciation, the same is ignored.
- ii. If it results in net depreciation, the same is charged to Profit & Loss account and credited to Provision for Depreciation on Investments (AFS) in the liability side.

Provided that, depreciation, if any, on equity shares allotted consequent to implementation of Strategic Debt Restructuring (SDR) shall be provided for over a maximum of 4 calendar quarters on straight line basis from the date of conversion of debt into equity. a.

- iii. The book value of securities is not changed in respect of marked to market (MTM) except as required by the RBI guidelines.
- iv. Profit or Loss on sale of investment in this category is accounted for in the Profit and loss account.

c. Held for Trading:

- i. The individual securities under this category are held at original cost and are marked to market every month and each balance sheet date. Central/ State Government securities are valued at market rates declared by FBIL. Other approved securities, debentures and bonds are valued as per the yield curve; average credit spread rating and methodology suggested by FIMMDA. Quoted Shares are valued at market rates.
 - ii. Investments in discounted instruments, viz. Treasury Bills, Certificate of Deposits, Commercial Papers, Zero Coupon Bonds are valued at carrying cost. Mutual Fund Instruments are valued at market rate or repurchase price or net asset value in that order depending on their availability. Investments in SRs / PTCs issued by ARCs in respect of financial assets sold to ARCs are carried at lower of redemption value and net book value (i.e. book value less provision held), of the financial assets.
 - iii. Net basket-wise depreciation if any, is charged to Profit & Loss Account and credited to Provision on Depreciation on Investment (HFT) under liability. Net appreciation, if any is ignored. The book value of the securities is not changed after revaluation except as required by the RBI guidelines.
 - iv. Profit or loss on sale of investment in this category is accounted for in the Profit & Loss Account.
- d. Classification of and provisions on investments, including on restructured investments, are made in accordance with the prudential norms prescribed by and guidelines of RBI from time to time.
- e. Costs such as brokerage, fees, commission, taxes etc. incurred at the time of acquisition of securities are capitalized.

3.7 Derivatives:

Interest Rate Swaps:

i. Valuation:

- a. **Hedging Swaps:** Interest Rate Swaps for hedging assets and liabilities are not marked to market.
- b. **Trading Swaps:** Interest Rate Swaps for trading purpose are marked to market.

ii. Accounting of income on derivative deals:

- a. **Hedging Swaps:** Income is accounted for on realization basis. Expenditure, if any, is accounted for on accrual basis, if ascertainable.
- b. **Trading Swaps:** Income or expenditure is accounted for on realization basis on settlement date.

iii. Accounting of gain or loss on termination of swaps:

- a. **Hedging Swaps:** Any gain or loss on the terminated swap is recognized over the shorter of (a) the remaining contractual life of the swap or (b) the remaining life of the asset/ liability.
- b. **Trading Swaps:** Any gain or loss on terminated swap is recognized as income or expenditure in the year of termination.

3.8 Investment Fluctuation Reserve:

As per RBI circular number RBI/DOR/2021-22/81 DOR.MRG.42/21.04.141/2021-22 DATED AUG 25,2021 as updated till March 31,2023 Investment Fluctuation Reserve (IFR) is created to build up of adequate reserves to protect the bank against increase in yields.

Transfer to IFR is lower of the following –

- Net profit on sale of Investments during the year or
- Net profit for the year less mandatory appropriations, until the amount of IFR is at least 2 percent of the HFT and AFS portfolio, on a continuing basis

4. Advances:

4.1 Advances are disclosed net of write offs, provisions made for non-performing assets, claims settled with the credit guarantee institutions, provision for diminution in fair value for restructured advances and bills rediscounted.

4.2 Classification of advances and provisions thereon are made in accordance with the prudential norms prescribed by and guidelines of RBI from time to time, except in respect of following category of advances, provision on NPAs are made higher than the rate prescribed by RBI -

Sub-Standard - 20%

Doubtful Assets One to three years - 50% on secured portion

4.3 Provision for performing assets, other than provision on standard restructured advances, is shown under the head "Other liabilities and provisions".

4.4 In respect of advances under SDR, provision is made in accordance with RBI guidelines, within a maximum period of four quarters.

4.5 In case of financial assets sold to Asset Reconstruction Company (ARC)/ Securitization Company (SC), if the sale is at a price higher than the NBV, the surplus is retained and utilised to meet the shortfall/loss on account of sale of other financial assets to SC/ARC. If the sale is at a price below the net book value (NBV), (i.e. outstanding less provision held) the shortfall is to be debited to the Profit and Loss account. However, if surplus is available, such shortfall will be absorbed in the surplus. Any shortfall arising due to sale of NPA will be amortised over a period of two years if not absorbed in the surplus.

Excess provision arising out of sale of NPAs are reversed only when the cash received (by way of initial consideration only/or redemption of SRs/PTC) is higher than the net book value (NBV) of the asset. Reversal of excess provision will be limited to the extent to which cash received exceeds the NBV of the asset.

5. Fixed Assets and Depreciation:

5.1 Premises and Other Fixed Assets are carried at cost less accumulated depreciation/ amortization, except for certain premises, which were revalued and stated at revalued amount.

Cost includes cost of purchase, taxes as per GST law and all expenditure such as site preparation, installation costs and professional fees incurred on the asset before it is put to use. Subsequent expenditure(s) incurred on the assets put to use are capitalised only when it increases the future benefits from such assets or their functioning capability

5.2 Depreciation on fixed assets is provided for at the rates specified below, except revalued assets where, depreciation is provided over the remaining useful life of the assets on revalued amount, so as to write down value of assets to Rupee One over the residual life of the assets.

S. N.	Category of Asset	Useful Life of Assets (In Years)	Rate of Depreciation (%)	Method of depreciation
1	Building & Premises	60	1.667	SLM
2	General Items including Safe	10	10	SLM
3	Electrical – Television, Mobile Phones, Home Theater, Printer, Camera	3	33.33	SLM

10	UPS	5	20	SLM
11	BNA	7	14.29	SLM
12	Cash Re-cycler	7	14.29	SLM

SLM means Straight Line Method

5.3 In respect of assets acquired during the year, depreciation is provided on proportionate basis for the number of days the assets have been put to use during the year.

Similarly, in respect of assets sold / discarded during the year, depreciation is provided on proportionate basis till the number of days the assets had been put to use during the year.

5.4 Eligible fixed assets are revalued once in every three years. Revalued portion of fixed assets (over and above the cost of fixed assets) is depreciated on diminishing balance method over the residual life of the assets as certified by approved valuers at the time of valuation.

Revaluation reserve pertaining to lease hold lands, is amortised on straight line method over the residual life of the lease period.

Depreciation on revalued portion of fixed assets, over and above the cost is debited to Profit & Loss account. Amount of Revaluation Reserve to the extent of depreciation related to revalued portion of fixed assets over and above the cost debited to profit & loss account is transferred to Revenue Reserve from Revaluation Reserve.

5.5 In respect of leasehold premises, the lease premium, if any, is amortised over the period of lease on SLM basis in accordance with AS 19.

6. Revenue Recognition

6.1 All revenues and costs are accounted for on accrual basis except the following items, which are accounted for on cash basis:

- Interest on Advances and Investments identified as Non-Performing Assets according to the prudential norms and guidelines issued by RBI, from time to time.
- Income from commission viz., on Government business, Mutual Fund business, credit & debit cards issued, Annual maintenance charges for cards and Locker Rent.
- Interest for overdue period on bills purchased and bills discounted.
- Insurance claims.
- Remuneration on Debenture Trustee Business.

- f. Loan Processing Fees.
- g. Income from Merchant Banking Operations and Underwriting Commission.
- h. Transaction processing fees received on utility bill pay services through internet banking.

6.2 Pursuant to RBI guidelines, the interest payable on overdue term deposit is provided on accrual basis at rate of interest as applicable to saving account or contracted rate of interest on the matured TD, whichever is lower from 02.07.2021

7. Employees' Benefits:

Defined Contribution Plan: The contribution paid/ payable under defined contribution benefit schemes are charged to Profit & Loss Account.

Defined Benefit Plans: All eligible employees are entitled to receive benefits under the Bank's Gratuity, Pension & Privilege Leave schemes which are valued based on the principles laid down in AS -15, Employees Benefit (Revised) issued by Institute of Chartered Accountants of India. Bank's liabilities towards defined benefit schemes are determined by way of provisions and adjusted on the basis of an actuarial valuation report provided by the Actuaries appointed by the bank and made at the end of each quarter/financial year. Actuarial gains and losses are recognized in the Profit & Loss Account.

Other Employee Benefits such as Leave Fare Concession, Silver jubilee Award, resettlement allowance, and retirement benefit are provided based on Actuarial valuation.

8. Segment Reporting:

The Bank recognizes Business Segment as its Primary Segment in compliance with the RBI Guidelines and in compliance with the Accounting Standard 17 issued by ICAI.

9. Impairment of Assets:

Impairment losses if any, on fixed assets including revalued fixed assets are recognized in accordance with Accounting Standard 28- Impairment of Assets issued by the ICAI and charged to Profit & Loss Account. Assets are reviewed for Impairment whenever events or changes in circumstances warrant that the carrying amount of an asset may not be recoverable.

10. Provisions, Contingent Liabilities and Contingent Assets:

As per the Accounting Standard 29-"Provisions, Contingent Liabilities and Contingent Assets" issued by ICAI, the Bank recognizes provisions only when it has a present obligation as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and when a reliable estimate of the amount of the obligation can be made.

Contingent Liability is disclosed unless the possibility of an outflow of resources embodying economic benefit is remote.

Contingent assets are not recognized in the financial statements since this may result in the recognition of the income that may not be realized.

11. Net Profit, Provisions and Contingencies:

The Net Profit disclosed is after making the Provisions and Contingencies which include adjustment to the value of investments, write off of bad debts, provision for taxation (including deferred tax), and provision for advances including cases identified as fraud and contingencies /others.

12. Income Tax:

The provision for tax for the year comprises liability towards current Income Tax, and Deferred Tax. The deferred tax asset/ liability is recognized, subject to the consideration of prudence, taking into account the timing differences between the taxable income and accounting income, in terms of the Accounting Standard 22 issued by ICAI. The effect of change in tax rates on deferred tax assets and liabilities is recognized in the Profit & Loss Account in the period of applicability of the change.

Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax assets are recognized and re-assessed at each reporting period based on management judgement as to whether their realization is considered as reasonably certain.

In cases of unabsorbed depreciation or carried forward loss under taxation laws, all deferred tax assets are recognized only if there is virtual certainty of realization of such assets supported by convincing evidence.

Interest income on refund of Income Tax is accounted for in the year; the order is passed by the concerned authority.

The demand raised by the Tax authorities including the interest thereon is provided for when such demand is accepted by the bank and the same is not contested before appellate authority OR when such demand is upheld by jurisdictional tribunal and there is no favorable judgement of other tribunal on identical issue and bank does not prefer to go before High Court OR when such demand is upheld by High Court.

13. Earnings per Share:

The bank reports basic and diluted earnings per equity share in accordance with the Accounting Standard (AS-20) "Earnings Per Share" issued by ICAI. Basic Earnings per share is arrived by dividing net profit after tax with the weighted average number of equity shares outstanding for the period. The diluted earnings per equity share are computed using the weighted average number of equity shares and dilutive potential equity shares outstanding during the period.

Diluted earnings per share reflects the potential dilution that could occur in earnings per share if securities or other contracts to issue equity share are exercised or converted during the period.

Data is presented as simple averages of daily observations over the previous quarter (i.e. the average is calculated over a period of 90 days). The simple average are calculated on daily observations over the previous quarters. The un-weighted value of inflows and outflows are calculated as the outstanding balances of various categories or types of liabilities, off balance sheet items or contractual receivables. The weighted value of HQLA are calculated as the value after haircuts are applied. The weighted value for inflows and outflows are calculated as the value after the inflow and outflow rates are applied. Total HQLA and total net cash outflows are disclosed as the adjusted value, where the adjusted value of HQLA is the value of total HQLA after the application of both haircuts and any applicable caps on Level 2B and Level 2 assets as indicated in this Framework. The adjusted value of net cash outflows is calculated after the cap on inflows is applied, if applicable

Qualitative Disclosure:

From 01st January 2015, the bank has implemented guidelines on Liquidity Coverage Ratio (LCR) of the RBI.

The Liquidity Coverage Ratio (LCR) aims to ensure that a bank has an adequate stock of unencumbered High-Quality Liquid Assets (HQLA) that can be converted into cash easily and immediately to meet its liquidity needs for a 30 calendar day liquidity stress scenario.

The LCR is calculated by dividing the amount of High Quality Liquid Unencumbered Assets (HQLA) by the estimated net outflows over a stressed 30 calendar day period.

The net cash outflows are calculated by applying RBI prescribed outflow factors to the various categories of liabilities (deposits, unsecured and secured wholesale borrowings), as well as to undrawn commitments and derivative-related exposures, netted by inflows from assets maturing within 30 days. Average LCR on a daily basis for the quarter ended 31st March 2023 is 146.64%, above RBI prescribed minimum requirement of 100%.

i) Main drivers of LCR:

The Bank on a consolidated basis, during the three months ended 31st March 2023, had maintained average HQLA (after haircut) of Rs 480689.16 million. The HQLA is primarily driven by government securities in excess of minimum SLR, government securities within mandatory SLR requirement, to the extent allowed by RBI under MSF and the facility to avail liquidity for Liquidity coverage ratio. Also, cash, excess CRR maintained with RBI are important factors for Level 1 HQLA.

Level 2 HQLAs primarily consisted of BBB- and above rated corporate bonds and commercial papers not issued by Financial entities.

ii) Intra-period changes as well as changes over time:

LCR were 146.19%, 139.47% and 153.62% for the months ending January 2023, February 2023 and March 2023 as against regulatory requirement of 100%.

LCR has decreased from 216.12% for year end March 2022 to 157.49% for year end March 2023 mainly due to net decrease in HQLAs and change in liquidity scenario. Liquidity scenario has changed due to increase in ROI. HQLAs have decreased since increase in statutory reserve ratios (SLR/CRR) on account of increase in NDTL is higher than increase in SLR portfolio still it is at comfortable level.

iii) **Composition of HQLAs:**

- HQLAs consists of following components: (Amount in ₹ crore)

	Unweighted value	Weighted value
Level 1 assets	45501.25	45501.25
Level 2 A assets	1078.49	916.72
Level 2 B assets	847.65	423.82

- In composition of HQLAs, excess SLR has decreased from 36.13% for FY end 31.03.22 to 19.49% for FY end 31.03.23 and FALLCR has increased from 50% for FY end 31.03.22 to 67% for FY end 31.03.23.
- Level 2 assets which are lower in quality as compared to Level 1 assets, constitute 2.86% of total stock of HQLA against maximum mandated level of 40%.

iv) **Concentration of funding sources:**

A significant counterparty is defined as a single counterparty or group of connected or affiliated counterparties accounting in aggregate for more than 1% of the bank's total liabilities.

There was no significant counterparty deposit as of 31st March 23.

Further significant borrowing is borrowings under TREPS amounting to Rs 3997.76 crore which is 1.49 % of total liabilities which is exposure to CCIL (QCCP).

Top 20 depositors (Other than Certificate of Deposit) of the Bank constitute 8.14% of our total deposits which is well within limit of 15% as per ALM Policy.

Top 10 borrowings of the bank constitute 81.54% of total borrowings.

A significant instrument/product is defined as a single instrument/ product of group of similar instruments/products which in aggregate amount to more than 1% of the bank's total liabilities. Example of funding instruments/products- wholesale deposits, certificate of deposits, long term bonds etc. Significant instrument/product as of 31st March 2023 were bulk deposits i.e. 6.00% of total liabilities, Retail term deposits i.e. 29.32 % of total liabilities, Demand deposits i.e. 46.69% of total liabilities and Certificate of deposits i.e. 5.45% of total liabilities.

v) **Derivative exposures and potential collateral calls:**

Derivative exposure is shown as Net Derivative cash inflows within 30 days. Inflows from derivative exposure arose due to maturing forwards.

vi) **currency mismatch in the LCR;**

As per the RBI guidelines while the LCR standard is required to be met on one single currency, in order to better capture potential currency mismatch the LCR in each currency needs to be monitored. Accordingly, Bank is maintaining LCR on daily basis in INR and the same is compared against the regulatory requirement. Further bank does not have exposure to any other significant currencies*, hence LCR is prepared for INR currency.

(*A significant currency is one where aggregate liabilities denominated in the currency amount to 5% or more of the bank's total liabilities).

vii) **A description of the degree of centralization of liquidity management and interaction between the group's units:**

The liquidity management for the bank on enterprise wide basis is the responsibility of the Board of Directors. Board of Directors has delegated its responsibilities to a Committee of the Board called as the "Risk Management Committee of Board". The committee is responsible for overseeing the inter linkages between different types of risk and its impact on liquidity.

Bank has ALM policy which provides the broad guidelines under which all the entities within the group operate in terms of liquidity and interest rate risk.

LCR is computed and monitored on daily basis by the Bank and the same is shared with Treasury/ Midoffice for liquidity management and discussed in Investment committee.

Further LCR for the latest month along with comparison of previous months is placed before ALCO on monthly basis. Moreover, LCR position along with other liquidity parameters is placed before RMC/Board on quarterly basis.

viii) **The inflows and outflows in the LCR calculation that are not captured in the LCR common template but which the institution considers to be relevant for its liquidity profile are as under:**

Details of average Outflows arising from contingent liabilities for yearend 31.03.2023 are as under:

Qualitative Disclosure around NSFR:

Guidelines on NSFR has become effective from 01.10.2021.

The objective of NSFR is to ensure that bank maintains a stable funding profile in relation to the composition of its assets and off-balance sheet activities. A sustainable funding structure is intended to reduce the probability of erosion of a bank's liquidity position due to disruptions in a bank's regular sources of funding that would increase the risk of its failure and potentially lead to broader systemic stress. The NSFR limits overreliance on short-term wholesale funding, encourages better assessment of funding risk across all on- and off-balance sheet items, and promotes funding stability.

The NSFR is defined as the amount of available stable funding relative to the amount of required stable funding. "Available stable funding" (ASF) is defined as the portion of capital and liabilities expected to be reliable over the time horizon considered by the NSFR, which extends to one year. The amount of stable funding required ("Required stable funding") (RSF) of Bank is a function of the liquidity characteristics and residual maturities of the various assets held by Bank as well as those of its off-balance sheet (OBS) exposures.

Main drivers of NSFR:

The Bank as on 31st March 2023, had maintained ASF of Rs 182365.58 cr. ASF consists of 38% from less stable non-maturity deposits and term deposits with residual maturity of less than one year provided by retail and small business customers and 34% from Stable non-maturity (demand) deposits and term deposits with residual maturity of less than one year provided by retail and small business customers.

RSF consists of 32% from "Other unencumbered 'standard' loans not included in the above categories, excluding loans to financial institutions, with a residual maturity of one year or more and with a risk weight of less than or equal to 35%" line item.

NSFR for the quarter ended 31st March 2023 is 156.64%, above RBI prescribed minimum requirement of 100%.

NSFR has decreased from 165.99% as of 31.12.22 to 156.64% as of 31.03.2023 due to increase in overall market interest rates and resultant decrease in overall liquidity in the system.

3. Investments

The Bank has classified the investment portfolio into three categories i.e. "Held to Maturity (HTM)", "Available for Sale (AFS)", and "Held for Trading (HFT)" and valued the investments in terms of the Reserve Bank of India (RBI) guidelines.

e) Divergence in asset classification and provisioning

In terms of the RBI circular no. DOR. ACC.REC.NO.74/21.04.018/2022-23 dated October 11, 2022, banks are required to disclose the divergences in asset classification and provisioning consequent to RBI's annual supervisory process in their notes to accounts to the financial statements, wherever either or both of the following conditions are satisfied:

(a) the additional provisioning for NPAs assessed by RBI exceeds 10 per cent of the reported profit before provisions and contingencies for the reference period and

(b) the additional Gross NPAs identified by RBI exceed 10 per cent of the published incremental Gross NPAs for the reference period.

As the divergences are within threshold limit as specified above, no disclosure on divergence in asset classification and provisioning for NPAs is required with respect to RBI's annual supervisory process for F.Y. 2022-23. However, the bank has provided for divergences pointed out by RBI in its RAR report for F.Y. 2021-22.

g) Unhedged foreign currency exposure

(Amount in ₹ crore)			
S. N.	Particulars	31.03.2023	31.03.2022
1	Additional provisioning made on account of UFCE	(0.01)	(3.75)
2	Incremental capital held on account of UFCE	3.39	8.14

Bank has put in place a policy for management of currency induced credit risk arising out of exposure to its constituents which inter-alia specifies the mechanism to ascertain Unhedged Foreign Currency Exposure (UFCE) and mitigate the same by pricing the exposure as well as incremental provisioning as under –

Method to ascertain the amount of Unhedged Foreign Currency Exposure (UFCE):

The amount of UFCE of the constituents is measured by obtaining the periodical information from the clients having exposure of Rs. 10.00 crore and above. For this purpose, items maturing or having cash flows over the period of next five years only are considered. Further, items which are effective hedges, financial hedge and / or natural hedge, of each other are set off. (Financial hedge through a derivative contract (e.g. Forward Cover) and Natural hedge may be considered when cash flows arising out of the operations of the company offset the risk arising out of the Foreign Currency Exposure. For the purpose of computing UFCE, an

exposure may be considered naturally hedged if the offsetting exposure has the maturity/cash flow within the same accounting year).

Method to estimate the extent of likely loss:

The loss to the entity in case of movement in exchange rate is calculated using the annualised volatilities. For this purpose, largest annual volatility seen in the rates during the period of last ten years is taken as the movement of the rate in the adverse direction.

Method to estimate the riskiness of unhedged position and provide appropriately:

The likely loss / EBID so arrived at is taken as the base, as per which consolidated UFCE on behalf of the constituents is calculated, based on the model specified by the Bank. Such exposure is subjected to additional provisioning and also incremental capital requirement.

Further, the pricing to such constituents is accordingly re-priced based on the risk profile of the borrower by loading an appropriate premium to cover the UFCE.

6. Concentration of deposits, advances, exposures and NPAs

a) Concentration of deposits

7. Derivatives

a) Forward rate agreement / Interest rate swap

(Amount in ₹ crore)

Items	31.03.2023	31.03.2022
i) The notional principal of swap agreements	Nil	Nil
ii) Losses which would be incurred if counterparties failed to fulfill their obligations under the agreements	Nil	Nil
iii) Collateral required by the Bank upon entering into swaps	Nil	Nil
iv) Concentration of credit risk arising from the swaps	Nil	Nil
v) The fair value of the swap book (+) To receive / (-) To pay	Nil	Nil

Bank has policy guidelines in place for IRS/ FRA's. The approved ceiling for IRS / FRAs in terms of notional principal is Rs 2000.00 crore. As on 31st March 2023, the Bank had no outstanding swaps.

Example of concentration could be exposures to particular industries or swaps with highly geared companies.

If the swaps are linked to specific assets, liabilities, or commitments, the fair value would be the estimated amount that the bank would receive or pay to terminate the swap agreements as on the balance sheet date. For a trading swap the fair value would be its mark to market value.

Independent Auditors' Report

To,
The President of India and Members of "BANK OF MAHARASHTRA"
Report on Audit of the Consolidated Financial Statements

Opinion

1. We have audited the accompanying Consolidated Financial Statements of Bank of Maharashtra (the "Bank") which comprise the Consolidated Balance Sheet as at 31st March, 2023, the Consolidated Profit and Loss Account and the Consolidated Cash Flow Statement for the year then ended, and Notes to the Consolidated Financial Statements including summary of Significant Accounting Policies and other explanatory information, in which following are incorporated –
 - a. Audited Standalone Financial Statements of the Bank;
 - b. Audited Financial Statements of one Subsidiary,
 - c. Audited financial statements / financial information of 1 Regional Rural Bank (Associate),

The Bank together with its Subsidiary are referred to as the "Group".

In our opinion and to the best of our information and according to the explanations given to us and based on consideration of the reports of other auditors on separate financial statements of subsidiary and associate, the aforesaid consolidated financial statements give the information required by the Banking Regulation Act, 1949 (the 'Act') in the manner so required for bank and are in conformity with accounting principles generally accepted in India and:

- a. in case of Consolidated Balance Sheet, read with the notes thereon, gives true and fair view of the state of affairs of the Group as at 31st March, 2023;
- b. the Consolidated Profit and Loss Account, read with the notes thereon, shows a true balance of profit for the year ended 31st March, 2023 and
- c. the Consolidated Cash Flow Statement, gives a true and fair view of the cash flows for the year ended 31st March, 2023.

Basis for Opinion

2. We conducted our audit in accordance with the Standards on Auditing (SAs) issued by the Institute of Chartered Accountants of India (ICAI). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with ethical requirements that are relevant to our audit of the Consolidated financial statements prepared in accordance with the accounting principles generally accepted in India, including the Accounting Standards issued by the Institute of Chartered Accountants of India (ICAI), and provisions of section 29 of the Banking Regulation Act, 1949 and circulars and guidelines issued by the Reserve Bank of India ('RBI') from time to time and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

3. We draw attention to Note No. 4(h) in Schedule 18 of the Standalone Financial Statements where Bank continues to hold COVID-19 related provision of Rs. 1200 Crore as contingency provision as on 31st March 2023.

Our Opinion is not modified in respect of this matter.

Key Audit Matters

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the year ended March 31, 2023. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters prescribed below to be the key audit matters to be communicated in our report.

Sl. No.	Key Audit Matters	How our Audit procedures addressed the Key Audit Matters
1.	<p>Classification of Advances, Provisioning and other relevant compliance of RBI Guidelines:</p> <p>(Refer Note No. 5 of Schedule 17 of Significant Accounting Policy to the Consolidated Financial Statements)</p> <p>The Group's portfolio comprises of Net Advances of 171220.67 Crores as at March 31, 2023 comprising of wholesale and retail banking. As required by IRAC Norms, guidelines issued by RBI and other circulars, notification and directives issued by RBI, the Bank has classified Advances and has made appropriate provisions in accordance with such guidelines.</p> <p>Income from Advances constitutes 63.17% of Total Income. The provision in respect of Non-Performing Asset is Rs. 2253.10 Crores which constitutes 14.46% of the total expenditure.</p> <p>The carrying value of these advances (net of provisions) may be materially misstated if, either individually or in aggregate the IRAC Norms, are not properly followed. The Bank has significant Credit Risk Exposure to a large number of borrowers</p>	<p>We have tested the design and operating effectiveness of the Key controls of the system, application, process over approval, recording, monitoring, and recovery of loans, overdue and stressed accounts, identification of NPA, Provision for NPA including verification of valuation reports of experts for primary and collateral securities based on the understanding of the prudential guidelines and overall organisational IT framework of the Bank and its communication through various circulars and reports.</p> <p>We have evaluated the Internal Controls over sanctioning, monitoring the process and account for system overrides or bypasses to controls of advances, supervisory framework such as Internal Audit, Credit Audit, Concurrent Audit, Systems Audit, as well as Internal Check, effectiveness of such framework as per the policies and procedures of the bank and in compliance with prudential guidelines.</p> <p>We have tested samples of Performing Assets and assessed the application of IRAC Norms, as prescribed by RBI, individually to ensure compliance of the same. Also reviewed approval of sanctions against Bank's credit Policy and performance of Credit Assessments and controls.</p> <p>Examined early warning signal reports, other exceptional reports generated by the Bank for</p>

across a wide range of borrowers, products, industries and there is a high degree of complexity, uncertainty, judgement involved in recoverability of Advances, estimation of provisions thereon and identification of accounts to be written off. If such prudential guidelines are not followed by the Bank the profit for the year and the net advances position will be materially mis-stated. Hence, we consider this as a Key Audit Matter.

the purpose of identifying potential NPA and steps taken for monitoring, of such accounts including red flagged accounts to overcome assessed risks and ensure effective implementation of risk management and related controls.

We have adopted a framework of carrying out detailed verification of corporate wholesale (including Consortium, Pool Buyout and other large borrowers) by way of review of collateral documents including valuation reports, due diligence report, servicing Agreement, deed of assignment, JLA and External Credit rating reports to assess and focus on larger exposures of the Bank and mitigating the areas of emerging risk. We have discussed with the Senior Management and performed our own assessment including internal and external macroeconomic factors and testing the timelines and the accuracy of risk assessment and risk grading against the Bank's lending policies, IRAC Norms and in accordance with Government Policies.

We have examined the Retail advances portfolio of the Bank on sampling basis to ensure effective monitoring and implementation of IRAC norms including income recognition, provisioning for such loans. The Bank has adopted Loan Life Cycle Management System for retail loans which effectively monitors, controls, the retail portfolio of the Bank and is tested for its effective implementation and performance. We have also tested the completeness and accuracy of the data from the underlying source systems, tested the automated calculation and evaluated the bank's oversight of the portfolio.

We have reviewed the Bank's process for granting moratorium and restructuring to borrowers as per the Regulatory Package announced by RBI. We tested the completeness and accuracy of data used for computing general provisions in line with regulatory package issued by RBI. Also, we have relied on the compilation of the data of the restructured accounts at Head office based on the schedules audited by the statutory branch auditors.

We have examined the adequacy and appropriateness of disclosures against the relevant RBI requirements relating to NPA and applicable Accounting Standards required to be

		<p>made in accordance with Banking Regulation Act and RBI Circulars.</p> <p>We have also placed reliance on the Audit reports of the other Statutory Branch Auditors, with whom we have made specific communications.</p>
2.	<p>Classification and Valuation of Investments:</p> <p>(Refer Note No. 4 of Schedule 17 of Significant Accounting policies to the Consolidated Financial Statements)</p> <p>Investments are classified into Held for Trading (HFT), Available for Sale (AFS) and Held to Maturity (HTM) categories at the time of purchase. Investments intended to be held till maturity are classified as HTM Investments. Classification of Investments, valuation and provisioning thereof are based on RBI guidelines.</p> <p>Compliance of Investment Portfolio as per guidelines issued by RBI is mandatory and involves management judgement in determining the value of bonds, debentures and other securities based on the policy and the model adopted by the Bank.</p> <p>Impact of Impairment assessment is having overall significance to the financial results of the Bank.</p> <p>Interest Income from Investment of the Bank comprises 23.47% of the total income. In view of these significant points including assessment of non performing Investments and provisions we have identified this aspect as a Key Audit Matter.</p>	<p>We have tested the design, implementation and operating effectiveness of management's key internal controls of the Bank towards classification, valuation process, independent price verification, including the Bank's review and approval of the estimates and assumptions used for the valuation including key authorisation and data input controls.</p> <p>We have examined the investment agreement / term sheet entered into during the current year, on a sample basis, to understand the relevant investment terms and identify any conditions that were relevant to the valuation of financial instruments.</p> <p>Our Audit approach towards Investment Portfolio of the bank is based on compliance and requirements of RBI circulars and directives in relation to valuation, classification, identification of Non Performing Investments, Provision for Investments and relevant policies and procedures adopted by the Bank including effective implementation of Internal control system and related process.</p> <p>We tested accuracy and completeness of adoption of RBI guidelines and directions by reperforming valuations for each category of the securities. Various sampling techniques were adopted to ensure coverage of risk weighted Investments based on the nature of security and were tested for its carrying value in the Financial Statements of the Bank.</p> <p>We have verified the non performing investments of the bank by the method of independent verification of provisions and depreciation in accordance with RBI guidelines and confirmed the compliance of such guidelines. We have reviewed the application / conversion of interest / principal towards a separate List of Investments and checking whether these Investments are classified as NPI. The samples selected for the same covers the majority categories of Investments to cover the material impact on the income of the Bank.</p>

		<p>We have verified Investment portfolio of AFS and HFT on sample basis and performed various substantive analytical procedures in determination of Income, gain / loss on sale and tracked the controls implemented by the Bank through credit / debit in the profit and loss account.</p> <p>We have tested the portfolio of HTM and made detailed verification of transaction of purchase / sale of such HTM and controls implemented by the TIBD in recognizing the profit / loss to profit and loss account and subsequent appropriation to Capital Reserve Account.</p> <p>We have examined the adequacy and appropriateness of depreciation and impairment of each category of Investment and recomputed the provision to be maintained in accordance with the RBI Guidelines and ensured that adequate disclosures have been made in Notes to Accounts.</p>
3.	<p>Information Technology Systems and Control Framework:</p> <p>The Bank's key business objective is determined, evaluated, controlled, monitored, implemented through complex IT architecture to support high volume of business operation by automation and application which are significant towards Banking business and plays a major role as a backbone in achieving the Business Objective.</p> <p>The Bank's financial accounting process in respect of recognition of Income, classification of Assets through IRAC Norms and evaluating the performance of the Bank and producing the desired output through various application and other IT general controls to ensure the required business Output and helps us to arrive at the Audit conclusion to ensure quality performance Financial & Accounting Processes.</p> <p>We have identified various application and control framework in implementing various</p>	<p>Information Technology forms an integral part of operating requirements of the Bank by way of various applications, general, software controls and requires understanding of various systems and procedures in evaluating the Risk based and business centric requirements of the Bank.</p> <p>We have reviewed the various IT policies and procedures including user management, change management, system security, incident management, physical and environment security, standard operating procedures, Segregation of duty, BCP, DRP, service level agreements, security policies to ensure these are in line with business requirements of the Bank and to comply with government and RBI regulations.</p> <p>We have adopted various techniques such as enquiry, review of documentation, record, reports, observation, and re performance of various application controls by taking adequate samples of instances for our test. We have also tested validation checks using negative testing technique.</p> <p>We have tested various compensating controls and performed alternate procedures which were necessary and gathered a comprehensive understanding of IT applications landscape implemented by the Bank. It was followed by</p>

	<p>products and schemes which covers majority of Bank's business, and hence we consider Information Technology Systems and Control as a Key Audit Matter.</p> <p>process understanding mapping of application to the same and understanding financial risk posed by people, process and technology.</p> <p>We have also assessed areas including password policies, security configuration, system interface controls over changes to applications and databases and that business users and controls to ensure that developers and production support did not have access to change applications, the operating systems or databases in the production environment to ensure proper segregation of duties is in place as per the SOP.</p> <p>We have tested certain critical aspects of cyber security on network security management mechanism, operational security of key information infrastructure, data and client information management, monitoring and emergency management. through certain data drill conducted by the Management and scrutinised by us and comparing the required results.</p> <p>We have also assessed the requirement of the implementation of Business Continuity Plan initiated by the Bank due to impact of COVID - 19 pandemic and ensured sustainability and growth under COVID -19 circumstances.</p> <p>We have verified the testing report carried out by the Management on risk of implementation of security control in a more holistic, comprehensive way, ensuring that all business decisions are based on proper Risk assessment and management considering the overall effect of uncertainties on the Bank's Objective.</p>
<p>4. the Bank's reported profit and state of affairs presented in Balance Sheet.	contentions of the Bank through discussions, collection of details of the subject matter under consideration, the likely outcome and consequent potential outflows on those issues.
We determined the above area as a Key Audit Matter in view of associated uncertainty relating to outcome of these matters which requires application of judgement in interpretation of Law.	Verified the disclosures related to significant litigations and taxation matters. Accordingly, our audit was focused on analysing the facts of subject matter under consideration and judgements / interpretation of law involved.

Information other than the Consolidated Financial Statements and Auditors' Report thereon

5. The Bank's Board of Directors is responsible for other information. The other information comprises the information other than Consolidated Financial Statements and our Auditors' Report thereon and the Pillar III disclosure under the Basel III disclosures.

Our opinion on the Consolidated Financial Statements does not cover the other information and Pillar III disclosures under Basel III Disclosures and we do not express any form of assurance conclusion thereon.

In connection with our Audit of the Consolidated Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained during the course of audit or otherwise appears to be materially misstated.

When we read the Other Information and based on the work we perform, if we conclude that there is material misstatement therein, we are required to report that fact to 'Those charged with Governance'.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

6. The Bank's Board of Directors is responsible with respect to the preparation of these Consolidated Financial Statements that give a true and fair view of the Consolidated financial position, Consolidated financial performance and Consolidated cash flows of the Group and its associate in accordance with the accounting principles generally accepted in India and in accordance with the Accounting Standard 21- "Consolidated Financial Statements", and Accounting Standard 23 - "Accounting for Investment in Associates in Consolidated Financial Statements", issued by Institute of Chartered Accountants of India, and provisions of Section 29 of the Banking Regulation Act, 1949 and circulars and guidelines issued by the Reserve Bank of India ('RBI') from time to time. The respective Board of Directors of the entities included in the group and its associate are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and its associate's and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Consolidated Financial Statements by the Directors of the Bank, as aforesaid .

In preparing the Consolidated Financial Statements, the respective management of the entities included in the Group and its associate are responsible for assessing the ability of the Group and

its associate to continue as a going concern; disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intend to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the entities included in the Group and of the associate are responsible for overseeing the Financial Reporting process of the Group and its associate.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

7. Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of Internal Control relevant to the Audit in order to design Audit procedures that are appropriate in the circumstances.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group and its associate's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group and its associate to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities of the Group and its associate to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision, and performance of the audit of the Financial Statements of such entity included in the Consolidated Financial Statements of which we are the independent auditors. For the other entities included in the Consolidated Financial Statements, which have been audited by other auditors, such other auditors are responsible for direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the Consolidated Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of Consolidated Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our Audit work and

evaluating the results of our work; and (ii) to evaluate the effect of identified misstatements in the Consolidated Financial Statements.

We communicate with Those charged with governance of the Bank included in the Consolidated Financial Statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide Those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with Those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current period and are therefore the key audit matters.

We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

8. We did not audit the Financial Statements / information of 576 branches included in the Consolidated Financial Statements of the Bank whose Financial Statements / financial information reflect total advances of Rs. 63295.49 Crores as at 31st March, 2023 and total revenue of Rs. 5151.98 Crores for the year ended on that date, as considered in the Consolidated Financial Statements. These branches cover 32.49% of advances, 44.35% of deposits and 39.64% of Non-performing assets as at March 31, 2023 and 28.34% revenue of the Bank for the year ended March 31, 2023. The Financial Statements / information of these branches have been audited by the branch auditors whose reports have been furnished to us, and in our opinion in so far as it relates to the amounts and disclosures included in respect of branches, is based solely on the report of such branch auditors.

Further we did not audit the Financial Statements of 1627 branches included in the Consolidated Financial Statements of the Bank whose Financial Statements reflect total advances of Rs. 44699.35 Crores as at 31st March, 2023 and total revenue of Rs. 4101.56 Crores for the year ended on that date as considered in the Consolidated Financial Statements. These have been drawn by the management.

Also, we did not audit the Financial Statements of the subsidiary company whose Financial Statement / financial information reflects total assets of Rs. 21.71 Crores as at 31st March, 2023, Total revenue of Rs.2.30 Crores and net profit after Tax of Rs.0.76 crore for the year ended on that date, as considered in the Consolidated Financial Statements. The Consolidated Financial Statements also include the Group's share of Net Profit after tax of Rs.2.21 Crores for the year ended 31st March, 2023 as considered in the Consolidated Financial Statements, in respect of one associate, whose Financial Statements / financial information have not been audited by us. The Financial Statements/financial information of the subsidiary company and associate have been audited by the other auditor, whose reports and statements have been furnished to us by the management of the Bank. Our opinion on the Consolidated Financial Statements, in so far as it relates to the amounts and disclosures included in respect of this subsidiary and our report, in so far it relates to the aforesaid subsidiary and associate, is based solely on the report of such auditor.

Our opinion on the Consolidated Financial Statements and our report on Other Legal and Regulatory Requirements below is not modified in respect of these matters with respect to our reliance on the work done and the report of the other auditors.

Report on Other Legal and Regulatory Requirements

9. The Consolidated Balance Sheet, the Consolidated Profit and Loss Account and the Consolidated Cash Flow have been drawn up in accordance with Section 29 of the Banking Regulation Act, 1949;

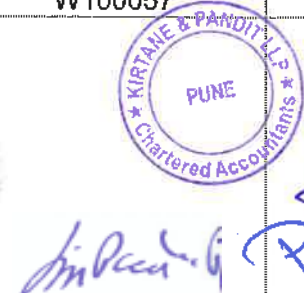

Subject to the limitations of the audit indicated in paragraphs 6 to 8 above and as required by the Banking Companies (Acquisition and Transfer of Undertakings) Act, 1970/1980, and subject also to the limitations of disclosure required therein, we report that:

- a) We have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit and have found them to be satisfactory;
 - b) The transactions of the Bank, which have come to our notice, have been within the powers of the Bank; and
 - c) The returns received from the offices and branches of the Bank have been found adequate for the purposes of our audit.
10. As required by letter no. DOS.ARG.No.6270/08.91.001/2019-20 dated March 17, 2020 on "Appointment of Statutory Central Auditors (SCAs) in Public Sector Banks – Reporting obligations for SCAs from FY 2019-20", read with subsequent communication dated May 19, 2020 issued by the RBI, we further report on the matters specified in paragraph 2 of the aforesaid letter as under:
- a) In our opinion, the aforesaid Consolidated Financial Statements comply with the Accounting Standards issued by ICAI, to the extent they are not inconsistent with the accounting policies prescribed by the RBI.
 - b) There are no observations or comments on financial transactions or matters which have any adverse effect on the functioning of the bank.
 - c) As the bank and its associate are not registered under the Companies Act, 2013 the disqualifications from being a director of the bank under the sub-section (2) of Section 164 of the Companies Act, 2013 do not apply to the bank. However, in case of subsidiary (a company), on the basis of the written representations received from the directors as on 31st March, 2023, none of the directors is disqualified as on 31st March, 2023 from being appointed as a director in terms of sub-section (2) of Section 164 of the Companies Act, 2013.
 - d) There are no qualifications, reservations or adverse remarks relating to the maintenance of accounts and other matters connected therewith.
 - e) As per para 1.14 of the "Technical guide on Audit of Internal Financial Controls in case of Public Sector Banks" issued by ICAI, the reporting requirement introduced by RBI regarding Internal Financial Reporting will apply to the Standalone financial statements of public sector bank. Accordingly, reporting is not done on the Group's Internal Financial Control over financial reporting with reference to Consolidated financial statements

11. We further report that:

- in our opinion, proper books of account as required by law have been kept by the Bank so far as it appears from our examination of those books and proper returns adequate for the purposes of our audit have been received from branches not visited by us;
- the Consolidated Balance Sheet, the Consolidated Profit and Loss Account and the Consolidated Statement of Cash Flows dealt with by this report are in agreement with the books of accounts and with the returns received from the branches not visited by us;
- the reports on the accounts of the branch offices audited by branch auditors of the Bank under section 29 of the Banking Regulation Act, 1949 have been sent to us and have been properly dealt with by us in preparing this report; and
- in our opinion, the Consolidated Balance Sheet, the Consolidated Profit and Loss Account and the Consolidated Statement of Cash Flows comply with the applicable accounting standards, to the extent they are not inconsistent with the accounting policies prescribed by RBI.

BANK OF MAHARASHTRA
(F.Y. 2022-23)

SCHEDULE 17 – SIGNIFICANT ACCOUNTING POLICIES

**(ANNEXED TO AND FORMING PART OF THE CONSOLIDATED ACCOUNTS
FOR THE YEAR ENDED 31ST MARCH 2023)**

1. Basis of Preparation of Financial Statements:

- 1.1** The financial statements are prepared under the historical cost conventions except as otherwise stated and conform to the Generally Accepted Accounting Principles (GAAP) which include statutory provisions, practices prevailing within the Banking Industry in India, the regulatory/ Reserve Bank of India ("RBI") guidelines, applicable Accounting Standards/ Guidance Notes issued by the Institute of Chartered Accountants of India (ICAI).

1.2 Use of Estimates

The preparation of financial statements requires the management to make estimates and assumptions considered in the reported amount of Assets and Liabilities (including contingent liabilities) as of the date of financial statements and reported income and expenses for the period under report. Management is of the view that the estimates used in the preparation of financial statements are prudent and reasonable. Future results could differ from these estimates. Any revisions to the accounting estimates shall be recognized prospectively unless otherwise stated.

- 1.3** The Consolidated Financial Statements have been prepared in accordance with Accounting Standard 21 – "Consolidated Financial Statements" and Accounting Standard 23 – "Accounting for Investments in Associates in Consolidated Financial Statements", issued by the Institute of Chartered Accountants of India.
- 1.4** Revenue and costs are accounted for on accrual basis except as stated in para 7.1 below.
- 1.5** The accounting policies with regard to Revenue Recognition, Investments and Advances in relation to Banking Business are in conformity with the prudential norms issued by the Reserve Bank of India from time to time.
- 1.6** The financial statements of the subsidiary and associate considered in preparation of Consolidated Financial Statement are drawn up to 31st March 2023.

2. Principles of Consolidation:

- A. Parent Entity:** The Financial Statements are consolidated for Bank of Maharashtra, the parent entity and its subsidiary along with associated enterprise as follows.

B. Related Entity:

The following subsidiary has been consolidated as per Accounting Standard 21 – "Consolidated Financial Statement".

Name of the company	Country / Residence	Relationship	Ownership Interest
The Maharashtra Executor & Trustee Co. Pvt. Ltd. (hereafter referred to as "METCO")	India	Wholly Owned Subsidiary	100%

The following associate enterprise has been accounted for under the Equity Method as per Accounting Standard 23 – "Accounting for Investments in Associates in Consolidated Financial Statements"

Name of the company	Country / Residence	Relationship	Ownership Interest
Maharashtra Gramin Bank (sponsored by Bank of Maharashtra)	India	Associate Enterprise	35%

C. Basis of Preparation of Consolidated Financial Statements & its impact

The Consolidated Financial Statements of the Group have been prepared on the basis of :-

- Audited financial statement of Bank of Maharashtra.
- Line by line aggregation of each item of asset/ liability/ income/ expense of the subsidiary with the respective item of the Parent, and after eliminating all material intra-group balances/transactions in accordance with Accounting Standard 21 – "Consolidated Financial Statements" issued by ICAI.
- Accounting for investment in 'Associates' under the 'Equity Method' as per AS 23 "Accounting for Investments in Associates in Consolidated Financial Statements" issued by the ICAI. The excess of carrying cost of bank's investment in associate is recognized in the financial statements as goodwill.
- The difference between cost to the group of its investment in the subsidiary entities and the group's portion of the equity of the subsidiaries is recognized in the financial statements as goodwill / capital reserve.
- The subsidiary has used accounting policies other than those adopted by the Bank in certain cases for like transactions & events in similar circumstances. No adjustments have been made to the financial statements of the subsidiary, when they are used in preparing the consolidated financial statements. However, the proportion of the items in the consolidated financial statements to which the different accounting policies are applied by the subsidiary is insignificant.
- The financial statements of the subsidiary have been regrouped with that of the parent bank, wherever necessary.

3. Foreign Exchange Transactions:

- 3.1** The foreign currency transactions are translated at the weekly average closing rates for the preceding week as published by Foreign Exchange Dealers' Association of India (FEDAI). Revaluation of foreign currency assets and liabilities as on Balance Sheet date is done at the closing exchange rate published by FEDAI and the resultant profit/loss is accounted for in the Profit & Loss Account.
- 3.2** Outstanding Forward Foreign Exchange Contracts are stated at contracted rates and revalued/ marked to market as on quarterly basis and on Balance Sheet date at the exchange rates published by FBIL for specified maturities by discounting the same at the applicable MIFOR rate published by Financial Benchmarks India Pvt. Ltd. [FBIL] i.e. on PV01 basis. The resulting profit/loss, on revaluation, is recognized in the Profit & Loss Account in accordance with RBI / FEDAI guidelines and the effect is taken to "Other Assets" in case of gain or to "Other Liabilities" in case of loss.

3.3 Contingent Liabilities on account of Guarantees and Letters of Credit issued in foreign currency are stated in the Balance Sheet at the closing exchange rates published by FEDAI.

3.4 Credit exposure of the un-hedged foreign currency exposure, if any, of the constituents shall attract provisioning and capital requirements as per RBI guidelines.

4. Investments:

As per Reserve Bank of India guidelines, the investments are classified and valued as under:

4.1 Investments are classified in the following categories:

- Held to Maturity (HTM)
- Available for sale (AFS)
- Held for trading (HFT)

4.2 All the investments are further classified in the following six baskets in conformity with the requirement of Form-A of Third Schedule to the Banking Regulation Act, 1949:

- Government Securities
- Other approved Securities
- Shares
- Debentures and Bonds
- Subsidiaries and Joint Ventures
- Others (Commercial Papers, Mutual Fund Units etc.)

4.3 Bank decides the category of each investment at the time of acquisition and classifies the same accordingly. Shifting of securities from one category to another, other than shifting / transfer from HFT to AFS category, is done once in a year with the approval of Board of Directors, at the least of acquisition cost / book value / market value on the date of shifting. The depreciation, if any, on such shifting is provided for and the book value of the security is adjusted accordingly. The transfer of securities from one category to another is made as per permission from or guidelines of RBI. Transfer / shifting of investments from HFT to AFS category will be executed under exceptional circumstances, like not being able to sell the securities within 90 days due to tight liquidity conditions, or extreme volatility, or market becoming unidirectional.

4.4 REPO / Reverse REPO

The Bank has adopted the Uniform Accounting Procedure prescribed by the RBI for accounting of market Repo and Reverse Repo transactions. Repo and Reverse Repo transactions are treated as Collateralized Borrowing / Lending Operations with an agreement to repurchase on the agreed terms. Securities sold under Repo are continued to be shown under investment and Securities purchased under Reverse Repo are not included in investment. Outstanding Repo / Term Repo is disclosed as borrowing and outstanding Reverse Repo is disclosed as lending. Costs and revenues are accounted for as interest expenditure / income, as the case may be.

4.5 Cost of investments is determined on the basis of Weighted Average Price method.

Interest paid for broken period / interest received for broken period at the time of purchase / sale of fixed income securities is treated as revenue expenditure / income.

Brokerage / incentive received / paid at the time of purchase/sale of investment is deducted / added from the amount of investment.

4.6 Valuation of investments:

a. Held to Maturity:

- Securities under the category 'Held to Maturity' are valued at weighted average acquisition cost. Wherever the cost of security is higher than the face value, the premium is amortized over the

remaining period of maturity on straight line basis. In case of investments, where the cost price is less than the face value, the difference is ignored.

- In case of investments in subsidiaries and joint ventures permanent diminution in value is recognized and provided for; investment in RRB is valued at carrying cost.

- On sale of investments in this category (a) the net profit is initially taken to profit and loss account and thereafter such profit net of applicable taxes and proportionate transfer to statutory reserve is appropriated to the 'Capital Reserve account'; and (b) the net loss is charged to the Profit & Loss Account.

b. Available for Sale:

The individual securities under this category are marked to market on a quarterly basis and on each balance sheet date. Central/ State Government securities are valued at market rates declared by FBIL. Other approved securities, debentures and bonds are valued as per the yield curve, average credit spread rating and methodology suggested by FIMMDA. Quoted shares are valued at market rates. Unquoted shares are valued at break-up value ascertained from the latest available Balance Sheet i.e. Balance Sheet of immediate preceding year and in case the latest Balance Sheet is not available, the same is valued at Re.1/- per company / scrip.

Investments in discounted instruments, viz. Treasury Bills, Certificate of Deposits, Commercial Papers, Zero Coupon Bonds are valued at carrying cost. Mutual Fund Instruments are valued at market rate or repurchase price or net asset value in that order depending on their availability. Investments in Security Receipts (SRs) / Pass Through Certificates (PTCs) issued by Asset Reconstruction Companies (ARCs) in respect of financial assets sold to ARCs are carried at lower of redemption value and net book value (i.e. book value less provision held) of the financial assets.

Based on the above valuation under each of six-sub classifications under 'Available for Sale':

- If it results in appreciation, the same is ignored.
- If it results in net depreciation, the same is charged to Profit & Loss account and credited to Provision for Depreciation on Investments (AFS) in the liability side.

Provided that, depreciation, if any, on equity shares allotted consequent to implementation of Strategic Debt Restructuring (SDR) shall be provided for over a maximum of 4 calendar quarters on straight line basis from the date of conversion of debt into equity.

- The book value of securities is not changed in respect of marked to market (MTM) except as required by the RBI guidelines.
- Profit or Loss on sale of investment in this category is accounted for in the Profit and loss account.

c. Held for Trading:

- The individual securities under this category are held at original cost and are marked to market every month and each balance sheet date. Central/ State Government securities are valued at market rates declared by FBIL. Other approved securities, debentures and bonds are valued as per the yield curve; average credit spread rating and methodology suggested by FIMMDA. Quoted Shares are valued at market rates.

- ii. Investments in discounted instruments, viz. Treasury Bills, Certificate of Deposits, Commercial Papers, Zero Coupon Bonds are valued at carrying cost. Mutual Fund Instruments are valued at market rate or repurchase price or net asset value in that order depending on their availability. Investments in SRs / PTCs issued by ARCs in respect of financial assets sold to ARCs are carried at lower of redemption value and net book value (i.e. book value less provision held), of the financial assets.
- iii. Net basket-wise depreciation if any, is charged to Profit & Loss Account and credited to Provision on Depreciation on Investment (HFT) under liability. Net appreciation, if any is ignored. The book value of the securities is not changed after revaluation except as required by the RBI guidelines.
- iv. Profit or loss on sale of investment in this category is accounted for in the Profit & Loss Account.
- d. Classification of and provisions on investments, including on restructured investments, are made in accordance with the prudential norms prescribed by and guidelines of RBI from time to time.
- e. Costs such as brokerage, fees, commission, taxes etc. incurred at the time of acquisition of securities are capitalized

4.7 Derivatives:

Interest Rate Swaps:

i. Valuation:

- a. **Hedging Swaps:** Interest Rate Swaps for hedging assets and liabilities are not marked to market.
- b. **Trading Swaps:** Interest Rate Swaps for trading purpose are marked to market.

ii. Accounting of income on derivative deals:

- a. **Hedging Swaps:** Income is accounted for on realization basis. Expenditure, if any, is accounted for on accrual basis, if ascertainable.
- b. **Trading Swaps:** Income or expenditure is accounted for on realization basis on settlement date.

iii. Accounting of gain or loss on termination of swaps:

- a. **Hedging Swaps:** Any gain or loss on the terminated swap is recognized over the shorter of (a) the remaining contractual life of the swap or (b) the remaining life of the asset/ liability.
- b. **Trading Swaps:** Any gain or loss on terminated swap is recognized as income or expenditure in the year of termination.

4.8 Investment Fluctuation Reserve:

As per RBI circular number RBI/DOR/2021-22/81 DOR.MRG.42/21.04.141/2021-22 DATED AUG 25,2021 as updated till March 31,2023 Investment Fluctuation Reserve (IFR) is created to build up of adequate reserves to protect the bank against increase in yields.

Transfer to IFR is lower of the following –

- a. Net profit on sale of Investments during the year or
- b. Net profit for the year less mandatory appropriations, until the amount of IFR is at least 2 percent of the HFT and AFS portfolio, on a continuing basis

5. Advances:

- 5.1 Advances shown are net of write offs, provisions made for non-performing assets, claims settled with the credit guarantee institutions, provision for diminution in fair value for restructured advances and bills rediscounted.
- 5.2 Classification of advances and provisions thereon are made in accordance with the prudential norms prescribed by and guidelines of RBI from time to time, except in respect of following category of advances, provision on NPAs are made higher than the rate prescribed by RBI -
 Sub-Standard - 20%
 Doubtful Assets One to three years - 50% on secured portion
- 5.3 Provision for performing assets, other than provision on standard restructured advances, is shown under the head "Other liabilities and provisions".
- 5.4 In respect of advances under SDR, provision is made in accordance with RBI guidelines, within a maximum period of four quarters.
- 5.5 In case of financial assets sold to Asset Reconstruction Company (ARC)/ Securitization Company (SC), if the sale is at a price higher than the NBV, the surplus is retained and utilised to meet the shortfall/loss on account of sale of other financial assets to SC/ARC. If the sale is at a price below the net book value (NBV), (i.e. outstanding less provision held) the shortfall is to be debited to the Profit and Loss account. However, if surplus is available, such shortfall will be absorbed in the surplus. Any shortfall arising due to sale of NPA will be amortised over a period of two years if not absorbed in the surplus.

Excess provision arising out of sale of NPAs are reversed only when the cash received (by way of initial consideration only/or redemption of SRS/PTC) is higher than the net book value (NBV) of the asset. Reversal of excess provision will be limited to the extent to which cash received exceeds the NBV of the asset.

6. Fixed Assets and Depreciation:

- 6.1 Premises and Other Fixed Assets are carried at cost less accumulated depreciation/ amortization, except for certain premises, which were revalued and stated at revalued amount.

Cost includes cost of purchase, taxes as per GST law and all expenditure such as site preparation, installation costs and professional fees incurred on the asset before it is put to use. Subsequent expenditure(s) incurred on the assets put to use are capitalised only when it increases the future benefits from such assets or their functioning capability

- 6.2 Depreciation on fixed assets is provided for at the rates specified below, except revalued assets where, depreciation is provided over the remaining useful life of the assets on revalued amount, so as to write down value of assets to Rupee One over the residual life of the assets.

S.N.	Category of Asset	Useful Life of Assets (Years)	Rate of Depreciation (%)	Method of depreciation
1	Building & Premises	60	1.667	SLM
2	General Items including Safe	10	10	SLM

10	UPS	5	20	SLM
11	BNA	7	14.29	SLM
12	Cash Re-cycler	7	14.29	SLM

SLM means Straight Line Method

- 6.3 In respect of assets acquired during the year, depreciation is provided on proportionate basis for the number of days the assets have been put to use during the year. Similarly, in respect of assets sold / discarded during the year, depreciation is provided on proportionate basis till the number of days the assets had been put to use during the year.

- 6.4 Eligible fixed assets are revalued once in every three years. Revalued portion of fixed assets (over and above the cost of fixed assets) is depreciated on diminishing balance method over the residual life of the assets as certified by approved valuers at the time of valuation.

Revaluation reserve pertaining to lease hold lands, is amortised on straight line method over the residual life of the lease period.

Depreciation on revalued portion of fixed assets, over and above the cost is debited to Profit & Loss account. Amount of Revaluation Reserve to the extent of depreciation related to revalued portion of fixed assets over and above the cost debited to profit & loss account is transferred to Revenue Reserve from Revaluation Reserve.

- 6.5 In respect of leasehold premises, the lease premium, if any, is amortised over the period of lease on SLM basis in accordance with AS 19.

In case of the subsidiary:

- 6.7 In the case of METCO, fixed assets are stated at cost, less accumulated depreciation and impairment losses, if any. Cost includes all expenditure necessary to bring the asset to its working conditions for its intended use. Assets sold are reduced from the fixed assets and after taking effect of depreciation, profit / loss has been calculated. Depreciation is provided on the written down value basis applying new standards as per Companies Act 2013, on the basis of useful life of assets.

7. Revenue Recognition

- 7.1 All revenues and costs are accounted for on accrual basis except the following items, which are accounted for on cash basis:-

- Interest on Advances and Investments identified as Non-Performing Assets according to the prudential norms issued by Reserve Bank of India, from time to time.
- Income from commission viz on Government business, Mutual Fund business, credit & debit cards issued, Annual Maintenance Charges for cards and Locker Rent.
- Interest for overdue period on bills purchased and bills discounted.
- Insurance claims.
- Remuneration on Debenture Trustee Business.
- Processing Fees.
- Income from Merchant Banking Operations and Underwriting Commission.
- Transaction processing fees received on utility bill pay services through internet banking.

- 7.2 Pursuant to RBI guidelines, the interest payable on overdue term deposit is provided on accrual basis at rate of interest as applicable to saving account or contracted rate of interest on the matured TD, whichever is lower from 02.07.2021.

8. Employees' Benefits:

Defined Contribution Plan: The contribution paid/ payable under defined contribution benefit schemes are charged to Profit & Loss Account.

Defined Benefit Plans: All eligible employees are entitled to receive benefits under the Bank's Gratuity, Pension & Privilege Leave schemes which are valued based on the principles laid down in AS -15, Employees Benefit (Revised) issued by Institute of Chartered Accountants of India. Bank's liabilities towards defined benefit schemes are determined by way of provisions and adjusted on the basis of an actuarial valuation report provided by the Actuaries appointed by the bank and made at the end of each quarter/financial year. Actuarial gains and losses are recognized in the Profit & Loss Account.

Other Employee Benefits such as Leave Fare Concession, Silver jubilee Award, resettlement allowance, and retirement benefit are provided based on Actuarial valuation.

9. Segment Reporting:

The Bank recognizes Business Segment as its Primary Segment in compliance with the RBI Guidelines and in compliance with the Accounting Standard 17 issued by ICAI.

10. Impairment of Assets

Impairment losses if any, on fixed assets including revalued fixed assets are recognized in accordance with Accounting Standard 28- Impairment of Assets issued by the ICAI and charged to Profit & Loss Account. Assets are reviewed for Impairment whenever events or changes in circumstances warrant that the carrying amount of an asset may not be recoverable.

11. Provisions, Contingent Liabilities and Contingent Assets:

As per the Accounting Standard 29-“Provisions, Contingent Liabilities and Contingent Assets” issued by ICAI, the Bank recognizes provisions only when it has a present obligation as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation for which a reliable estimate of the amount of the obligation can be made.

Contingent assets are not recognized in the financial statements since this may result in the recognition of the income that may not be realized.

12. Net Profit, Provisions and Contingencies:

The Net Profit disclosed is after making the Provisions and Contingencies which include adjustment to the value of investments, write off of bad debts, provision for taxation (including deferred tax), and provision for advances including cases identified as fraud and contingencies /others.

13. Income tax:

The provision for tax for the year comprises liability towards current Income Tax, and Deferred Tax. The deferred tax asset/ liability is recognized, subject to the consideration of prudence, taking into account the timing differences between the taxable income and accounting income, in terms of the Accounting Standard 22 issued by ICAI. The effect of change in tax rates on deferred tax assets and liabilities is recognized in the Profit & Loss Account in the period of applicability of the change.

Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax assets are recognized and re-assessed at each reporting period based on management judgement as to whether their realization is considered as reasonable certain.

In cases of unabsorbed depreciation or carried forward loss under taxation laws, all deferred tax assets are recognized only if there is virtual certainty of realization of such assets supported by convincing evidence.

Interest income on refund of Income Tax is accounted for in the year; the order is passed by the concerned authority.

The demand raised by the Tax authorities including the interest thereon is provided for when such demand is accepted by the bank and the same is not contested before appellate authority **OR** when such demand is upheld by jurisdictional tribunal and there is no favorable judgement of other tribunal on identical issue and bank does not prefer to go before High Court **OR** when such demand is upheld by High Court.

14. Earnings Per Share

The bank reports basic and diluted earnings per equity share in accordance with the Accounting Standard (AS-20) “Earnings Per Share” issued by ICAI. Basic Earnings per share is arrived by dividing net profit after tax by the weighted average number of equity shares outstanding for the period. The diluted earnings per equity share are computed using the weighted average number of equity shares and dilutive potential equity shares outstanding during the period.

Revised Independent Auditors' Report

To,

The President of India and Members of "BANK OF MAHARASHTRA"

Report on Audit of the Standalone Financial Statements (Revised)

Opinion

1. We have audited the accompanying standalone financial statements revised of Bank of Maharashtra, which comprise the Revised Balance Sheet as at 31st March 2022, the Revised Profit and Loss Account and the Revised Statement of Cash Flows for the year then ended, and notes to financial statements including a summary of significant accounting policies and other explanatory information in which are included the returns for the year ended on that date of the Head Office, 40 Zonal Offices and 20 branches and 1 Treasury and International Banking Division audited by us, and 778 branches audited by Statutory Branch Auditors of the Bank. The branches audited by us and those audited by other auditors have been selected by the Bank in accordance with the guidelines issued to the Bank by the Reserve Bank of India. Also incorporated in the Balance Sheet, the Profit and Loss Account and the Statement of Cash Flows are the returns from 1239 branches which have not been subjected to audit. These unaudited branches account for 14.52% of advances, 32.61% of deposits, 9.09% of interest income and 37.31% of interest expenses.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements revised give the information required by the Banking Regulation Act, 1949 in the manner so required for the bank and are in conformity with accounting principles generally accepted in India and:

- a. the Revised Balance Sheet, read with the notes thereon gives a true and fair view of the state of affairs of the Bank as at 31st March, 2022;
- b. the Revised Profit and Loss Account, read with the notes thereon shows a true balance of profit for the year ended 31st March, 2022 and
- c. the Revised Cash Flow Statement gives a true and fair view of the cash flows for the year ended 31st March, 2022.

Basis for Opinion

2. We conducted our audit in accordance with the Standards on Auditing (SAs) issued by the ICAI. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the standalone Financial Statements section of our report. We are independent of the Bank in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with ethical requirements that are relevant to our audit of the financial statements prepared in accordance with the accounting principles generally accepted in India, including the Accounting Standards issued by the ICAI, and provisions of section 29 of the Banking Regulation Act, 1949 and circulars and guidelines issued by the Reserve Bank of India ('RBI') from time to time and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

3. A) We draw attention to Note no. 4(h) in Schedule 18 of the Financial Statements which explains the extent to which COVID-19 pandemic will impact the Bank's operations and financial results are dependent on future developments, which are highly uncertain. The Bank is continuously monitoring the economic conditions and any impact on the Bank's Operations and financial results is uncertain.

B) We draw attention to Note no. 17 in Schedule 18 of the Financial Statements wherein the Board of the Bank has proposed dividend of Rs. 0.50 paise per equity share (Face Value of Rs. 10/- per share) for the Financial Year 2021-22 vide its Board Meeting dated May, 25 2022 subject to requisite approval from Shareholders. Consequent to proposed dividend, the Financial Statements have been revised as required by the statute. Our Audit procedures are restricted solely to the amendment to the Financial Statements in accordance with SA 560 issued by the ICAI.

Our Opinion is not modified in respect of this matter.

Key Audit Matters

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters prescribed below to be the key audit matters to be communicated in our report.

Sl. No.	Key Audit Matters	How our Audit procedures addressed the Key Audit Matters
1.	Classification of Advances, Provisioning and other relevant compliance of RBI Guidelines: (Refer Note No. 4 of Schedule 17 of Significant Accounting Policies to the Standalone Financial Statements) The Bank's portfolio comprises of Net Advances of 131170.44 Crores as at 31 st March, 2022 comprising of wholesale and retail banking. As required by IRAC	We have tested the design and operating effectiveness of the Key controls of the system, application, process over approval, recording, monitoring, and recovery of loans, overdue and stressed accounts, identification of NPA, Provision for NPA including verification of valuation reports of experts for primary and collateral securities based on the understanding of the prudential guidelines and overall organisational IT framework of the Bank and its

Norms, guidelines issued by RBI and other circulars, notification and directives issued by RBI, the Bank has classified Advances and has made appropriate provisions in accordance with such guidelines.

Income from Advances constitutes 52.52% of Total Income. The provision in respect of Non-Performing Asset is Rs. 2578.48 Crores which constitutes 17.76% of the total expenditure.

The carrying value of these advances (net of provisions) may be materially misstated if, either individually or in aggregate the IRAC Norms, are not properly followed.

The Bank has significant Credit Risk Exposure to a large number of borrowers across a wide range of borrowers, products, industries and there is a high degree of complexity, uncertainty, judgement involved in recoverability of Advances, estimation of provisions thereon and identification of accounts to be written off. If such prudential guidelines are not followed by the Bank the profit for the year and the net advances position will be materially mis-stated. Hence, we consider this as a Key Audit Matter.

communication through various circulars and reports.

We have evaluated the Internal Controls over sanctioning, monitoring the process and account for system overrides or bypasses to controls of advances, supervisory framework such as Internal Audit, Credit Audit, Concurrent Audit, Systems Audit, as well as Internal Check, effectiveness of such framework as per the policies and procedures of the bank and in compliance with prudential guidelines.

We have tested samples of Performing Assets and assessed the application of IRAC Norms, as prescribed by RBI, individually to ensure compliance of the same. Also reviewed approval of sanctions against Bank's credit Policy and performance of Credit Assessments and controls.

Examined early warning signal reports, other exceptional reports generated by the Bank for the purpose of identifying potential NPA and steps taken for monitoring of such accounts including red flagged accounts to overcome assessed risks and ensure effective implementation of risk management and related controls.

We have adopted a framework of carrying out detailed verification of corporate wholesale (including Consortium, Pool Buyout and other large borrowers) by way of review of collateral documents including valuation reports, due diligence report, servicing Agreement, deed of assignment, JLA and External Credit rating reports to assess and focus on larger exposures of the Bank and mitigating the areas of emerging risk. We have discussed with the Senior Management and performed our own assessment including internal and external macroeconomic factors and testing the timelines and the accuracy of risk assessment and risk grading against the Bank's lending policies, IRAC Norms and in accordance with Government Policies.

We have examined the Retail advances portfolio of the Bank on sampling basis to ensure effective monitoring and implementation of IRAC norms including income recognition, provisioning for such loans. The Bank has adopted Loan Life Cycle Management System for retail loans which effectively monitors,

		<p>controls, the retail portfolio of the Bank and is tested for its effective implementation and performance. We have also tested the completeness and accuracy of the data from the underlying source systems, tested the automated calculation and evaluated the bank's oversight of the portfolio.</p> <p>We have reviewed the Bank's process for granting moratorium and restructuring to borrowers as per the Regulatory Package announced by RBI. We tested the completeness and accuracy of data used for computing general provisions in line with regulatory package issued by RBI. With respect to additional provision made by the Bank on account of the impact of COVID 19 pandemic, we broadly reviewed the underlying assumptions and estimates used by the management for the same but as the extent of impact is dependent on future developments which are highly uncertain, we primarily relied on those assumptions and estimates, which are subject matter of periodic review by the Bank. Also we have relied on the compilation of the data of the restructured accounts at Head office based on the schedules audited by the statutory branch auditors.</p> <p>We have examined the adequacy and appropriateness of disclosures against the relevant RBI requirements relating to NPA and applicable Accounting Standards required to be made in accordance with Banking Regulation Act and RBI Circulars.</p> <p>We have also placed reliance on the Audit reports of the other Statutory Branch Auditors, with whom we have made specific communications.</p>
2.	<p>Classification and Valuation of Investments:</p> <p>(Refer Note No. 3 of Schedule 17 of Significant Accounting policies to the Standalone Financial Statements)</p> <p>Investments are classified into Held for Trading (HFT), Available for Sale (AFS) and Held to Maturity (HTM) categories at the time of purchase. Investments intended to be held till maturity are classified as HTM Investments. Classification of Investments, valuation and provisioning thereof are based on RBI guidelines.</p>	<p>We have tested the design, implementation and operating effectiveness of management's key internal controls of the Bank towards classification, valuation process, independent price verification, including the Bank's review and approval of the estimates and assumptions used for the valuation including key authorisation and data input controls.</p> <p>We have examined the investment agreement / term sheet entered into during the current year, on a sample basis, to understand the relevant investment terms and identify any conditions that were relevant to the valuation of financial instruments.</p>

Compliance of Investment Portfolio as per guidelines issued by RBI is mandatory and involves management judgement in determining the value of bonds, debentures and other securities based on the policy and the model adopted by the Bank.

Impact of Impairment assessment is having overall significance to the financial results of the Bank.

Interest Income from Investment of the Bank comprises 27.98%% of the total income in view of these significant points including assessment of non performing Investments and provisions we have identified this aspect as a Key Audit Matter.

Our Audit approach towards Investment Portfolio of the bank is based on compliance and requirements of RBI circulars and directives in relation to valuation, classification, identification of Non Performing Investments, Provision for Investments and relevant policies and procedures adopted by the Bank including effective implementation of Internal control system and related process.

We tested accuracy and completeness of adoption of RBI guidelines and directions by reperforming valuations for each category of the securities. Various sampling techniques were adopted to ensure coverage of risk weighted Investments based on the nature of security and were tested for its carrying value in the Financial Statements of the Bank.

We have verified the non performing investments of the bank by the method of independent verification of provisions and depreciation in accordance with RBI guidelines and confirmed the compliance of such guidelines. We have reviewed the application / conversion of interest / principal towards a separate List of Investments and checking whether these Investments are classified as NPI. The samples selected for the same covers the majority categories of Investments to cover the material impact on the income of the Bank.

We have verified Investment portfolio of AFS and HFT on sample basis and performed various substantive analytical procedures in determination of Income, gain / loss on sale and tracked the controls implemented by the Bank through credit / debit in the profit and loss account.

We have tested the portfolio of HTM and made detailed verification of transaction of purchase / sale of such HTM and controls implemented by the TIBD in recognizing the profit / loss to profit and loss account and subsequent appropriation to Capital Reserve Account.

We have examined the adequacy and appropriateness of depreciation and Impairment of each category of Investment and recomputed the provision to be maintained in accordance with the RBI Guidelines and ensured that adequate disclosures have been made in Notes to Accounts.

Information other than the Standalone Financial Statements and Auditors' Report thereon

5. The Bank's Board of Directors are responsible for other information. The other information comprises the information other than Standalone Financial Statements and our Auditors' Report thereon and the Pillar III disclosure under the Basel III disclosure.

Our opinion on the Standalone Financial Statements does not cover the other information and Pillar 3 disclosure under the Basel III Disclosure we do not express any form of assurance / conclusion thereon

In connection with our Audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the Other Information, if we conclude that there is material misstatement therein, we are required to communicate the matters to 'Those charged with Governance'.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

6. The Bank's Board of Directors is responsible with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance and cash flows of the Bank in accordance with the accounting principles generally accepted in India, including the Accounting Standards issued by ICAI, and provisions of Section 29 of the Banking Regulation Act, 1949 and circulars and guidelines issued by the Reserve Bank of India ('RBI') from time to time. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Bank and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting

records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Bank or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors are also responsible for overseeing the Bank's Financial Reporting process.

Auditors' Responsibilities for the Audit of the Standalone Financial Statements

7. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of Internal Control relevant to the Audit in order to design Audit procedures that are appropriate in the circumstances.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the bank to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our Audit work and evaluating the results of our work; and (ii) to evaluate the effect of identified misstatements in the Standalone Financial Statements.

We communicate with Those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide Those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with Those charged with governance, we determine those matters that were of most significance in the audit of the Financial Statements of the current period and are therefore the key audit matters.

We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

8. We did not audit the financial statements / information of 778 branches included in the Standalone Financial Statements of the Bank whose Financial Statements / Financial Information reflect total advances of Rs. 60536.11 crores as at March 31, 2022 and total revenue of Rs. 4778.90 crores for the year ended on that date, as considered in the Standalone Financial Statements. The Financial Statements / Information of these branches have been audited by the Statutory Branch Auditors whose reports have been furnished to us, and in our opinion in so far as it relates to the amounts and disclosures included in respect of branches, is based solely on the report of such Statutory Branch Auditors. Further we did not audit the Financial Statements of 1239 branches included in the Standalone Financial Statements of the Bank whose Financial Statements reflect total advances of Rs. 19043.09 Crores as at March 31, 2022 and total revenue of Rs. 1630.65 Crores for the year ended on that date as considered in the Standalone Financial Statements have been drawn by the management.

Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

9. The Balance Sheet and the Profit and Loss Account have been drawn up in accordance with Section 29 of the Banking Regulation Act, 1949;
10. Subject to the limitations of the audit indicated in paragraphs 6 to 9 above and as required by sub section 3 of section 30 of the Banking Regulation Act, 1949, and subject also to the limitations of disclosure required therein, we report that:

- a) We have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit and have found them to be satisfactory.
 - b) The transactions of the Bank, which have come to our notice, have been within the powers of the Bank; and
 - c) The returns received from the offices and branches of the Bank have been found adequate for the purposes of our audit.
11. As required by letter no. DOS.ARG.No.6270/08.91.001/2019- 20 dated March 17, 2020 on "Appointment of Statutory Central Auditors (SCAs) in Public Sector Banks – Reporting obligations for SCAs from FY 2019-20", read with subsequent communication dated May 19, 2020 issued by the RBI, we further report on the matters specified in paragraph 2 of the aforesaid letter as under:
- a) In our opinion, the aforesaid Revised Standalone Financial Statements comply with the Accounting Standards issued by ICAI, to the extent they are not inconsistent with the accounting policies prescribed by the RBI.
 - b) There are no observations or comments on financial transactions or matters which have any adverse effect on the functioning of the bank.
 - c) On the basis of the written representations received from the directors as on March 31, 2022, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of sub-section (2) of Section 164 of the Companies Act, 2013.
 - d) There are no qualifications, reservations or adverse remarks relating to the maintenance of accounts and other matters connected therewith.
 - e) Our audit report on the adequacy and operating effectiveness of the Bank's internal financial controls over financial reporting is given in Annexure A to this report. Our report expresses an unmodified opinion on the Bank's internal financial controls over financial reporting as at March 31, 2022.

12. We further report that:

- a) In our opinion, proper books of account as required by law have been kept by the Bank so far as it appears from our examination of those books and proper returns adequate for the purposes of our audit have been received from branches not visited by us;
- b) the Revised Balance Sheet, the Revised Profit and Loss Account and the Revised Statement of Cash Flows dealt with by this report are in agreement with the books of accounts and with the returns received from the branches not visited by us;
- c) the reports on the accounts of the branch offices audited by branch auditors of the Bank under section 29 of the Banking Regulation Act, 1949 have been sent to us and have been properly dealt with by us in preparing this report; and

- d) in our opinion, the Revised Balance Sheet, the Revised Profit and Loss Account and the Revised Statement of Cash Flows comply with the applicable accounting standards, to the extent they are not inconsistent with the accounting policies prescribed by RBI.

ANNEXURE "A" TO THE REVISED INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph 11 e under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting as required by the Reserve Bank of India (the "RBI") Letter DOS.ARG.No.6270/08.91.001/2019-20 dated **March 17, 2020** (as amended) (the "RBI communication")

We have audited the internal financial controls over financial reporting of Bank of Maharashtra ("the Bank") as of March 31, 2022 in conjunction with our audit of the standalone financial statements of the Bank for the year ended on that date which includes internal financial controls over financial reporting of the Bank's branches.

Management's Responsibility for Internal Financial Controls:

The Bank's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Bank considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Bank's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Banking Regulation Act, 1949 and the circulars and guidelines issued by the Reserve Bank of India.

Auditor's Responsibility

Our responsibility is to express an opinion on the Bank's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (the "ICAI") and the Standards on Auditing (SAs) issued by the ICAI, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial

controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal financial controls based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the branch auditors, in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Bank's internal financial controls over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Bank's internal financial controls over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A Bank's internal financial controls over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Bank;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Bank are being made only in accordance with authorisations of management and directors of the Bank; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Bank's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the branch auditors referred to in the Other Matters paragraph below, the Bank has, in all material respects, adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the criteria for internal control over financial reporting established by the Bank considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid report insofar as it relates to the operating effectiveness of internal financial controls over financial reporting of 103 branches is based on the corresponding reports of the respective branch auditors of those branches.

During our testing of the internal financial controls over financial reporting and based on the report of the branch auditors, certain deficiencies were noticed by us which were communicated by us to the bank. Bank needs to further strengthen the process including alteration of the existing Risk Control Matrix (RCM), designing few more RCMs and imparting training to the staff to further strengthen the internal financial controls over financial reporting of the Bank.

Our opinion is not modified in respect of this matter.

BANK OF MAHARASHTRA
(F.Y. 2021-22)

SCHEDULE 17 – SIGNIFICANT ACCOUNTING POLICIES

(ANNEXED TO AND FORMING PART OF THE REVISED STANDALONE ACCOUNTS
FOR THE YEAR ENDED 31ST MARCH 2022.)

1. Basis of Preparation of Financial Statements:

1.1 The financial statements are prepared under the historical cost conventions except as otherwise stated and conform to the Generally Accepted Accounting Principles (GAAP) which include statutory provisions, practices prevailing within the Banking Industry in India, the regulatory/ Reserve Bank of India ("RBI") guidelines, applicable Accounting Standards/ Guidance Notes issued by the Institute of Chartered Accountants of India (ICAI).

1.2 Use of Estimates

The preparation of financial statements requires the management to make estimates and assumptions considered in the reported amount of Assets and Liabilities (including contingent liabilities) as of the date of financial statements and reported income and expenses for the period under report. Management is of the view that the estimates used in the preparation of financial statements are prudent and reasonable. Future results could differ from these estimates. Any revisions to the accounting estimates shall be recognized prospectively unless otherwise stated.

1.3 Revenue and costs are accounted for on accrual basis except as stated in para 6.1 below.

1.4 The accounting policies with regard to Revenue Recognition, Investments and Advances are in conformity with the prudential accounting norms and guidelines issued by Reserve Bank of India from time to time.

2. Foreign Exchange Transactions:

2.1 The foreign currency transactions are translated at the weekly average closing rates for the preceding week as published by Foreign Exchange Dealers' Association of India (FEDAI). Revaluation of foreign currency assets and liabilities as on Balance Sheet date is done at the closing exchange rate published by FEDAI and the resultant profit/loss is accounted for in the Profit & Loss Account.

2.2 Outstanding Forward Foreign Exchange Contracts are stated at contracted rates and revalued/ marked to market as on quarterly basis and on Balance Sheet date at the exchange rates published by FBIL for specified maturities by discounting the same at the applicable MIFOR rate published by Financial Benchmarks India Pvt. Ltd. [FBIL] i.e. on PV01 basis. The resulting profit/loss, on revaluation, is recognized in the Profit & Loss Account in accordance with RBI / FEDAI guidelines and the effect is taken to "Other Assets" in case of gain or to "Other Liabilities" in case of loss.

2.3 Contingent Liabilities on account of Guarantees and Letters of Credit issued in foreign currency are stated in the Balance Sheet at the closing exchange rates published by FEDAI.

2.4 Credit exposure of the un-hedged foreign currency exposure, if any, of the constituents shall attract provisioning and capital requirements as per RBI guidelines.

3. Investments:

As per Reserve Bank of India guidelines, the investments are classified and valued as under:

3.1 Investments are classified in the following categories:

- a. Held to Maturity (HTM)
- b. Available for sale (AFS)
- c. Held for trading (HFT)

3.2 All the investments are further classified in the following six baskets in conformity with the requirement of Form-A of Third Schedule to the Banking Regulation Act, 1949:

- a. Government Securities
- b. Other approved Securities
- c. Shares
- d. Debentures and Bonds
- e. Subsidiaries and Joint Ventures
- f. Others (Commercial Papers, Mutual Fund Units etc.)

3.3 Bank decides the category of each investment at the time of acquisition and classifies the same accordingly. Shifting of securities from one category to another, other than shifting / transfer from HFT to AFS category, is done once in a year with the approval of Board of Directors, at the least of acquisition cost / book value / market value on the date of shifting. The depreciation, if any, on such shifting is provided for and the book value of the security is adjusted accordingly. The transfer of securities from one category to another is made as per permission from or guidelines of RBI. Transfer / shifting of investments from HFT to AFS category will be executed under exceptional circumstances, like not being able to sell the securities within 90 days due to tight liquidity conditions, or extreme volatility, or market becoming unidirectional.

3.4 REPO / Reverse REPO

The Bank has adopted the Uniform Accounting Procedure prescribed by the RBI for accounting of market Repo and Reverse Repo transactions. Repo and Reverse Repo transactions are treated as Collateralized Borrowing / Lending Operations with an agreement to repurchase on the agreed terms. Securities sold under Repo are continued to be shown under investment and Securities purchased under Reverse Repo are not included in investment. Outstanding Repo / Term Repo is disclosed as borrowing and outstanding Reverse Repo is disclosed as lending. Costs and revenues are accounted for as interest expenditure / income, as the case may be.

3.5 Cost of investments is determined on the basis of Weighted Average Price method.

Interest paid for broken period / interest received for broken period at the time of purchase / sale of fixed income securities is treated as revenue expenditure / income.

Brokerage / incentive received / paid at the time of purchase/sale of investment is deducted / added from the amount of investment.

3.6 Valuation of investments:

a. Held to Maturity:

- i. Securities under the category 'Held to Maturity' are valued at weighted average acquisition cost. Wherever the cost of security is higher than the face value, the premium is amortized over the remaining period of maturity on straight line basis. In case where the cost price is less than the face value, the difference is ignored.
- ii. In case of investments in subsidiaries and joint ventures permanent diminution in value is recognized and provided for; investment in RRB is valued at carrying cost.
- iii. On sale of investments in this category (a) the net profit is initially taken to profit and loss account and thereafter such profit net of applicable taxes and proportionate transfer to statutory reserve is appropriated to the 'Capital Reserve account'; and (b) the net loss is charged to the Profit & Loss Account.

b. Available for Sale:

The individual securities under this category are marked to market on a quarterly basis and on each balance sheet date. Central/ State Government securities are valued at market rates declared by FBIL. Other approved securities, debentures and bonds are valued as per the yield curve, average credit spread rating and methodology suggested by FIMMDA. Quoted shares are valued at market rates. Unquoted shares are valued at break-up value ascertained from the latest available Balance Sheet i.e. Balance Sheet of immediate preceding year and in case the latest Balance Sheet is not available, the same is valued at Re.1/- per company / scrip.

Investments in discounted instruments, viz. Treasury Bills, Certificate of Deposits, Commercial Papers, Zero Coupon Bonds are valued at carrying cost. Mutual Fund Instruments are valued at market rate or repurchase price or net asset value in that order depending on their availability. Investments in Security Receipts (SRs) / Pass Through Certificates (PTCs) issued by Asset Reconstruction Companies (ARCs) in respect of financial assets sold to ARCs are carried at lower of redemption value and net book value (i.e. book value less provision held) of the financial assets.

Based on the above valuation under each of six-sub classifications under 'Available for Sale':

- i. If it results in appreciation, the same is ignored.
- ii. If it results in net depreciation, the same is charged to Profit & Loss account and credited to Provision for Depreciation on Investments (AFS) in the liability side.

Provided that, depreciation, if any, on equity shares allotted consequent to implementation of Strategic Debt Restructuring (SDR) shall be provided for over a maximum of 4 calendar quarters on straight line basis from the date of conversion of debt into equity.

- a.
- iii. The book value of securities is not changed in respect of marked to market (MTM) except as required by the RBI guidelines.
- iv. The book value of securities is not changed in respect of marked to market (MTM) except as required by the RBI guidelines.
- v. Profit or Loss on sale of investment in this category is accounted for in the Profit and loss account.

c. Held for Trading:

- i. The individual securities under this category are held at original cost and are marked to market every month and each balance sheet date. Central/ State Government securities are valued at market rates declared by FBIL. Other approved securities, debentures and bonds are valued as per the yield curve; average credit spread rating and methodology suggested by FIMMDA. Quoted Shares are valued at market rates.
 - ii. Investments in discounted instruments, viz. Treasury Bills, Certificate of Deposits, Commercial Papers, Zero Coupon Bonds are valued at carrying cost. Mutual Fund Instruments are valued at market rate or repurchase price or net asset value in that order depending on their availability. 3.8 Investment Fluctuation Reserve:

As per RBI circular number RBI/DOR/2021-22/81 DOR.MRG.42/21.04.141/2021-22 DATED AUG 25,2021 as updated till March 31,2022 Investment Fluctuation Reserve (IFR) is created to build up of adequate reserves to protect the bank against increase in yields.

Transfer to IFR is lower of the following –

- Net profit on sale of Investments during the year or
- Net profit for the year less mandatory appropriations, until the amount of IFR is at least 2 percent of the HFT and AFS portfolio, on a continuing basis

4. Advances:

- 4.1 Advances are disclosed net of write offs, provisions made for non-performing assets, claims settled with the credit guarantee institutions, provision for diminution in fair value for restructured advances and bills rediscounted.

- 4.2 Classification of advances and provisions thereon are made in accordance with the prudential norms prescribed by and guidelines of RBI from time to time, except in respect of following category of advances, provision on NPAs are made higher than the rate prescribed by RBI -

Sub-Standard - 20%

Doubtful Assets One to three years - 50% on secured portion

- 4.3 Provision for performing assets, other than provision on standard restructured advances, is shown under the head "Other liabilities and provisions".

- 4.4 In respect of Rescheduled/ Restructured accounts, provision for diminution in fair value of restructured advances is made on present value basis as per RBI guidelines.

In respect of advances under SDR, provision is made in accordance with RBI guidelines, within a maximum period of four quarters.

- 4.5 In case of financial assets sold to Asset Reconstruction Company (ARC)/ Securitization Company (SC), if the sale is at a price higher than the NBV, the surplus is retained and utilised to meet the shortfall/loss on account of sale of other financial assets to SC/ARC. If the sale is at a price below the net book value (NBV), (i.e. outstanding less provision held) the shortfall is to be debited to the Profit and Loss account. However, if surplus is available, such shortfall will be absorbed in the surplus. Any shortfall arising due to sale of NPA will be amortised over a period of two years if not absorbed in the surplus.

Excess provision arising out of sale of NPAs are reversed only when the cash received (by way of initial consideration only/or redemption of SRs/PTC) is higher than the net book value (NBV) of the asset. Reversal of excess provision will be limited to the extent to which cash received exceeds the NBV of the asset.

5. Fixed Assets and Depreciation:

- 5.1 Premises and Other Fixed Assets are carried at cost less accumulated depreciation/ amortization, except for certain premises, which were revalued and stated at revalued amount.

6.2 Pursuant to RBI guidelines, the interest payable on overdue term deposit is provided on accrual basis at rate of interest as applicable to saving account or contracted rate of interest on the matured TD, whichever is lower from 02.07.2021

7. Employees' Benefits:

Defined Contribution Plan: The contribution paid/ payable under defined contribution benefit schemes are charged to Profit & Loss Account.

Defined Benefit Plans: All eligible employees are entitled to receive benefits under the Bank's Gratuity and Pension schemes which are valued based on the principles laid down in AS -15, Employees Benefit (Revised) issued by Institute of Chartered Accountants of India. Bank's liabilities towards defined benefit schemes are determined by way of provisions and adjusted on the basis of an actuarial valuation report provided by the Actuaries appointed by the bank and made at the end of each quarter/financial year. Actuarial gains and losses are recognized in the Profit & Loss Account.

Other Employee Benefits such as Leave fare Concession, Privilege Leave, Silver jubilee Award, resettlement allowance, and retirement benefit are provided based on Actuarial valuation.

8. Segment Reporting:

The Bank recognizes Business Segment as its Primary Segment in compliance with the RBI Guidelines and in compliance with the Accounting Standard 17 issued by ICAI.

9. Impairment of Assets:

Impairment losses if any, on fixed assets including revalued fixed assets are recognized in accordance with Accounting Standard 28- Impairment of Assets issued by the ICAI and charged to Profit & Loss Account. Assets are reviewed for Impairment whenever events or changes in circumstances warrant that the carrying amount of an asset may not be recoverable.

10. Provisions Contingent Liabilities and Contingent Assets:

As per the Accounting Standard 29-"Provisions, Contingent Liabilities and Contingent Assets" issued by ICAI, the Bank recognizes provisions only when it has a present obligation as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and when a reliable estimate of the amount of the obligation can be made.

Contingent Liability is disclosed unless the possibility of an outflow of resources embodying economic benefit is remote.

Contingent assets are not recognized in the financial statements since this may result in the recognition of the income that may not be realized.

11. Net Profit, Provisions and Contingencies:

The Net Profit disclosed is after making the Provisions and Contingencies which include adjustment to the value of investments, write off of bad debts, provision for taxation (including

deferred tax), and provision for advances including cases identified as fraud and contingencies /others.

12. Income Tax:

The provision for tax for the year comprises liability towards current Income Tax, and Deferred Tax. The deferred tax asset/ liability is recognized, subject to the consideration of prudence, taking into account the timing differences between the taxable income and accounting income, in terms of the Accounting Standard 22 issued by ICAI. The effect of change in tax rates on deferred tax assets and liabilities is recognized in the Profit & Loss Account in the period of applicability of the change.

Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax assets are recognized and re-assessed at each reporting period based on management judgement as to whether their realization is considered as reasonably certain.

In cases of unabsorbed depreciation or carried forward loss under taxation laws, all deferred tax assets are recognized only if there is virtual certainty of realization of such assets supported by convincing evidence.

Interest income on refund of Income Tax is accounted for in the year; the order is passed by the concerned authority.

The demand raised by the Tax authorities including the interest thereon is provided for when such demand is accepted by the bank and the same is not contested before appellate authority OR when such demand is upheld by jurisdictional tribunal and there is no favorable judgement of other tribunal on identical issue and bank does not prefer to go before High Court OR when such demand is upheld by High Court.

13. Earnings per Share:

The bank reports basic and diluted earnings per equity share in accordance with the Accounting Standard (AS-20) "Earnings Per Share" issued by ICAI. Basic Earnings per share is arrived by dividing net profit after tax with the weighted average number of equity shares outstanding for the period. The diluted earnings per equity share are computed using the weighted average number of equity shares and dilutive potential equity shares outstanding during the period.

Diluted earnings per share reflects the potential dilution that could occur in earnings per share if securities or other contracts to issue equity share are exercised or converted during the period.

Data is presented as simple averages of daily observations over the previous quarter (i.e. the average is calculated over a period of 90 days). The simple average are calculated on daily observations over the previous quarters. The un-weighted value of inflows and outflows are calculated as the outstanding balances of various categories or types of liabilities, off balance sheet items or contractual receivables. The weighted value of HQLA are calculated as the value after haircuts are applied. The weighted value for inflows and outflows are calculated as the value after the inflow and outflow rates are applied. Total HQLA and total net cash outflows are disclosed as the adjusted value, where the adjusted value of HQLA is the value of total HQLA after the application of both haircuts and any applicable caps on Level 2B and Level 2 assets as indicated in this Framework. The adjusted value of net cash outflows is calculated after the cap on inflows is applied, if applicable.

Qualitative Disclosure:

The Liquidity Coverage Ratio (LCR) aims to ensure that a bank has an adequate stock of unencumbered High-Quality Liquid Assets (HQLA) that can be converted into cash easily and immediately to meet its liquidity needs for a 30 calendar day liquidity stress scenario.

The LCR is calculated by dividing the amount of High Quality Liquid unencumbered Assets (HQLA) by the estimated net outflows over a stressed 30 calendar day period. The net cash outflows are calculated by applying RBI prescribed outflow factors to the various categories of liabilities (deposits, unsecured and secured wholesale borrowings), as well as to undrawn commitments and derivative-related exposures, netted by inflows from assets maturing within 30 days. Average LCR on a daily basis for the year ended 31st March 2022 is **216.12%**, above RBI prescribed minimum requirement of 100%.

Qualitative Disclosure:

Guidelines on NSFR has become effective from 01.10.2021. Accordingly, bank has published its first disclosure regarding NSFR for quarter end 31.12.2021.

The objective of NSFR is to ensure that bank maintains a stable funding profile in relation to the composition of its assets and off-balance sheet activities. A sustainable funding structure is intended to reduce the probability of erosion of a bank's liquidity position due to disruptions in a bank's regular sources of funding that would increase the risk of its failure and potentially lead to broader systemic stress. The NSFR limits overreliance on short-term wholesale funding, encourages better assessment of funding risk across all on- and off-balance sheet items, and promotes funding stability.

The NSFR is defined as the amount of available stable funding relative to the amount of required stable funding. "Available stable funding" (ASF) is defined as the portion of capital and liabilities expected to be reliable over the time horizon considered by the NSFR, which extends to one year. The amount of stable funding required ("Required stable funding") (RSF) of Bank is a function of the liquidity characteristics and residual maturities of the various assets held by Bank as well as those of its off-balance sheet (OBS) exposures.

NSFR for the quarter ended 31st March 2022 is 170.11%, above RBI prescribed minimum requirement of 100%

3. Investments

The Bank has classified the investment portfolio into three categories i.e. "Held to Maturity (HTM)", "Available for Sale (AFS)", and "Held for Trading (HFT)" and valued the investments in terms of the Reserve Bank of India (RBI) guidelines.

g) Unhedged foreign currency exposure

(Amount in ₹ crore)

S. N.	Particulars	31.03.2022	31.03.2021
1	Additional provisioning made on account of UFCE	(3.75)	0.40
2	Incremental capital held on account of UFCE	8.14	1.72

Bank has put in place a policy for management of currency induced credit risk arising out of exposure to its constituents which inter-alia specifies the mechanism to ascertain Unhedged Foreign Currency Exposure (UFCE) and mitigate the same by pricing the exposure as well as incremental provisioning as under –

Method to ascertain the amount of Unhedged Foreign Currency Exposure (UFCE):

The amount of UFCE of the constituents is measured by obtaining the periodical information from the clients having exposure of Rs. 10.00 crore and above. For this purpose, items maturing or having cash flows over the period of next five years only are considered. Further, items which are effective hedges, financial hedge and / or natural hedge, of each other are set off. (Financial hedge through a derivative contract (e.g. Forward Cover) and Natural hedge may be considered when cash flows arising out of the operations of the company offset the risk arising out of the Foreign Currency Exposure. For the purpose of computing UFCE, an exposure may be considered naturally hedged if the offsetting exposure has the maturity/cash flow within the same accounting year).

Method to estimate the extent of likely loss:

The loss to the entity in case of movement in exchange rate is calculated using the annualised volatilities. For this purpose, largest annual volatility seen in the rates during the period of last ten years is taken as the movement of the rate in the adverse direction.

Method to estimate the riskiness of unhedged position and provide appropriately:

The likely loss / EBID so arrived at is taken as the base, as per which consolidated UFCE on behalf of the constituents is calculated, based on the model specified by the Bank. Such exposure is subjected to additional provisioning and also incremental capital requirement. Further, the pricing to such constituents is accordingly re-priced based on the risk profile of the borrower by loading an appropriate premium to cover the UFCE.

- Key Management Personnel- Details given in point no. 13 above

Transactions with Related parties:

No disclosure is required in respect of related parties, which are “State Controlled Enterprises” as per paragraph no 9 of Accounting Standard (AS 18). Further in terms of paragraph 5 of AS 18, transactions in the nature of Banker-Customer relationship have not been disclosed including those with Key Management Personnel and relatives of Key Management Personnel.

Accounting Standard 19 - Leases

Finance Leases: Lease under which the Bank assumes substantially all the risks and rewards of ownership are classified as finance leases. Such assets acquired are capitalized at fair value of the asset or present value of the lease payments (after due amortization), whichever is lower.

Operating Leases: Bank has no non-cancellable Operating Leases during Financial Year. Hence additional disclosure under AS-19 is not applicable. The Lease payments under operating leases are recognized as an expense on straight line basis in Profit and Loss over the lease term. Amount of lease payments recognized in the Profit and Loss Account for operating leases amount to Rs. 171.47 crore for the year 2021-22 (Previous year Rs. 162.42 crore).

*Applicable tax rate 34.944%

With effect from Assessment Year 2021-22, the Bank has exercised the option of lower tax rate permitted under Section 115 BAA of the Income-tax Act, 1961 as introduced by the Taxation Laws (Amendment) Act, 2019. Consequently, during the year, the Bank has re-measured its Deferred Tax Assets and Deferred Tax Liabilities and reversed the amount of Rs.716.87 crores by debiting the Profit and Loss A/c.

As the bank has opted for lower tax rate permitted under section 115 BAA of the Income Tax Act 1961 from AY 2021-22, the provisions of section 115JB of the Income Tax Act are not applicable to the bank and hence, the Bank has reversed the MAT Liability as well as the MAT Credit Entitlement accounted hitherto.

Accounting Standard -24- Discontinuing Operations: The Bank, during the financial year 2021-22, has not discontinued any of its business activities/ operations which resulted in discharging of liabilities and realization of the assets and no decision has been finalized to discontinue a business activity in its entirety which will have the above effects.

Revised Independent Auditors' Report

To,
The President of India and Members of "BANK OF MAHARASHTRA"
Report on Audit of the Consolidated Financial Statements (Revised)

Opinion

1. We have audited the accompanying Consolidated Financial Statements (Revised) of Bank of Maharashtra (the "Bank") which comprise the Consolidated Balance Sheet as at 31st March, 2022, the Consolidated Profit and Loss Account and the Consolidated Cash Flow Statement for the year then ended, and Notes to the Consolidated Financial Statements including Significant Accounting Policies and other explanatory information, in which following are incorporated –
 - a. Audited Standalone Financial Statements of the Bank (Revised);
 - b. Audited Financial Statements of one Subsidiary,
 - c. Audited financial statements / financial information of 1 Regional Rural Bank (Associate).

The Bank together with its Subsidiary are referred to as the "Group".

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated Financial Statements Revised give the information required by the Banking Regulation Act, 1949 ("the Act"), the requirements of the Reserve Bank of India, in the manner so required for bank and give true and fair view in conformity with accounting principles generally accepted in India including accounting standards issued by The Institute of Chartered Accountants of India (ICAI) and give,

- a. in case of Revised Balance Sheet, read with the notes thereon gives true and fair view of the state of affairs of the Bank as at 31st March, 2022;
- b. the Revised Profit and Loss Account, read with the notes thereon shows a true balance of profit for the year ended 31st March, 2022 and
- c. the Revised Cash Flow Statement gives a true and fair view of the cash flows for the year ended 31st March, 2022.

Basis for Opinion

2. We conducted our audit in accordance with the Standards on Auditing (SAs) issued by the ICAI. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Bank in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with ethical requirements that are relevant to our audit of the financial statements prepared in accordance with the accounting principles generally accepted in India, including the Accounting Standards issued by the ICAI, and provisions of section 29 of the Banking Regulation Act, 1949 and circulars and guidelines issued by the Reserve Bank of India ('RBI') from time to time and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

- We draw attention to Note no. 15 in Schedule 18 of the Consolidated Financial Statements which explains the extent to which COVID-19 pandemic will impact the Bank's operations and financial results are dependent on future developments, which are highly uncertain. The Bank is continuously monitoring the economic conditions and any impact on the Bank's Operations and financial results is uncertain.
- We draw attention to Note no. 16 in Schedule 18 of the Consolidated Financial Statements Revised wherein the Board of the Bank has proposed dividend of Rs. 0.50 paise per equity share (Face Value of Rs. 10/- per share) for the Financial Year 2021-22 vide its Board Meeting dated May, 25 2022 subject to requisite approval from Shareholders. Consequent to proposed dividend, the Financial Statements have been revised as required by the statute. Our Audit procedures are restricted solely to the amendment to the Financial Statements in accordance with SA 560 issued by the ICAI.

Our Opinion is not modified in respect of this matter.

Key Audit Matters

- Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters prescribed below to be the key audit matters to be communicated in our report.

Sl. No.	Key Audit Matters	How our Audit procedures addressed the Key Audit Matters
1.	<p>Classification of Advances, Provisioning and other relevant compliance of RBI Guidelines:</p> <p>(Refer Note No. 5 of Schedule 17 of Significant Accounting Policy to the Consolidated Financial Statements)</p> <p>The Group's portfolio comprises of Net Advances of 131170 Crores as at March 31, 2022 comprising of wholesale and retail banking. As required by IRAC Norms, guidelines issued by RBI and other circulars, notification and directives issued by RBI, the Bank has classified Advances and has made appropriate provisions in accordance with such guidelines. Income from Advances constitutes 52.52% of Total Income. The provision in respect of Non-Performing Asset is Rs. 2578.48 Crores which constitutes 17.76% of the total expenditure.</p> <p>The carrying value of these advances (net of provisions) may be materially misstated</p>	<p>We have tested the design and operating effectiveness of the Key controls of the system, application, process over approval, recording, monitoring, and recovery of loans, overdue and stressed accounts, identification of NPA, Provision for NPA including verification of valuation reports of experts for primary and collateral securities based on the understanding of the prudential guidelines and overall organisational IT framework of the Bank and its communication through various circulars and reports.</p> <p>We have evaluated the Internal Controls over sanctioning, monitoring the process and account for system overrides or bypasses to controls of advances, supervisory framework such as Internal Audit, Credit Audit, Concurrent Audit, Systems Audit, as well as Internal Check, effectiveness of such framework as per the policies and procedures of the bank and in compliance with prudential guidelines.</p> <p>We have tested samples of Performing Assets and assessed the application of IRAC Norms, as prescribed by RBI, individually to ensure</p>

if, either individually or in aggregate the IRAC Norms, are not properly followed. The Bank has significant Credit Risk Exposure to a large number of borrowers across a wide range of borrowers, products, industries and there is a high degree of complexity, uncertainty, judgement involved in recoverability of Advances, estimation of provisions thereon and identification of accounts to be written off. If such prudential guidelines are not followed by the Bank the profit for the year and the net advances position will be materially mis-stated. Hence, we consider this as a Key Audit Matter.

compliance of the same. Also reviewed approval of sanctions against Bank's credit Policy and performance of Credit Assessments and controls.

Examined early warning signal reports, other exceptional reports generated by the Bank for the purpose of identifying potential NPA and steps taken for monitoring of such accounts including red flagged accounts to overcome assessed risks and ensure effective implementation of risk management and related controls.

We have adopted a framework of carrying out detailed verification of corporate wholesale (including Consortium, Pool Buyout and other large borrowers) by way of review of collateral documents including valuation reports, due diligence report, servicing Agreement, deed of assignment, JLA and External Credit rating reports to assess and focus on larger exposures of the Bank and mitigating the areas of emerging risk. We have discussed with the Senior Management and performed our own assessment including internal and external macroeconomic factors and testing the timelines and the accuracy of risk assessment and risk grading against the Bank's lending policies, IRAC Norms and in accordance with Government Policies.

We have examined the Retail advances portfolio of the Bank on sampling basis to ensure effective monitoring and implementation of IRAC norms including income recognition, provisioning for such loans. The Bank has adopted Loan Life Cycle Management System for retail loans which effectively monitors, controls, the retail portfolio of the Bank and is tested for its effective implementation and performance. We have also tested the completeness and accuracy of the data from the underlying source systems, tested the automated calculation and evaluated the bank's oversight of the portfolio.

We have reviewed the Bank's process for granting moratorium and restructuring to borrowers as per the Regulatory Package announced by RBI. We tested the completeness and accuracy of data used for computing general provisions in line with regulatory package issued by RBI. With respect to additional provision made by the Bank on account of the impact of COVID 19 pandemic,

		<p>we broadly reviewed the underlying assumptions and estimates used by the management for the same but as the extent of impact is dependent on future developments which are highly uncertain, we primarily relied on those assumptions and estimates, which are subject matter of periodic review by the Bank. Also we have relied on the compilation of the data of the restructured accounts at Head office based on the schedules audited by the statutory branch auditors.</p> <p>We have examined the adequacy and appropriateness of disclosures against the relevant RBI requirements relating to NPA and applicable Accounting Standards required to be made in accordance with Banking Regulation Act and RBI Circulars.</p> <p>We have also placed reliance on the Audit reports of the other Statutory Branch Auditors, with whom we have made specific communications.</p>
2.	<p>Classification and Valuation of Investments:</p> <p>(Refer Note No. 4 of Schedule 17 of Significant Accounting policies to the Consolidated Financial Statements)</p> <p>Investments are classified into Held for Trading (HFT), Available for Sale (AFS) and Held to Maturity (HTM) categories at the time of purchase. Investments intended to be held till maturity are classified as HTM Investments. Classification of Investments, valuation and provisioning thereof are based on RBI guidelines.</p> <p>Compliance of Investment Portfolio as per guidelines issued by RBI is mandatory and involves management judgement in determining the value of bonds, debentures and other securities based on the policy and the model adopted by the Bank.</p> <p>Impact of Impairment assessment is having overall significance to the financial results of the Bank.</p> <p>Interest Income from Investment of the Bank comprises 27.98% of the total income in view of these significant points including assessment of non performing</p>	<p>We have tested the design, implementation and operating effectiveness of management's key internal controls of the Bank towards classification, valuation process, independent price verification, including the Bank's review and approval of the estimates and assumptions used for the valuation including key authorisation and data input controls.</p> <p>We have examined the investment agreement / term sheet entered into during the current year, on a sample basis, to understand the relevant investment terms and identify any conditions that were relevant to the valuation of financial instruments.</p> <p>Our Audit approach towards Investment Portfolio of the bank is based on compliance and requirements of RBI circulars and directives in relation to valuation, classification, identification of Non Performing Investments, Provision for Investments and relevant policies and procedures adopted by the Bank including effective implementation of Internal control system and related process.</p> <p>We tested accuracy and completeness of adoption of RBI guidelines and directions by reperforming valuations for each category of the securities. Various sampling techniques were adopted to ensure coverage of risk weighted Investments based on the nature of security and</p>

	<p>Investments and provisions we have identified this aspect as a Key Audit Matter.</p>	<p>were tested for its carrying value in the Financial Statements of the Bank.</p> <p>We have verified the non performing investments of the bank by the method of independent verification of provisions and depreciation in accordance with RBI guidelines and confirmed the compliance of such guidelines. We have reviewed the application / conversion of interest / principal towards a separate List of Investments and checking whether these Investments are classified as NPI. The samples selected for the same covers the majority categories of Investments to cover the material impact on the income of the Bank.</p> <p>We have verified Investment portfolio of AFS and HFT on sample basis and performed various substantive analytical procedures in determination of Income, gain / loss on sale and tracked the controls implemented by the Bank through credit / debit in the profit and loss account.</p> <p>We have tested the portfolio of HTM and made detailed verification of transaction of purchase / sale of such HTM and controls implemented by the TIBD in recognizing the profit / loss to profit and loss account and subsequent appropriation to Capital Reserve Account.</p> <p>We have examined the adequacy and appropriateness of depreciation and Impairment of each category of Investment and recomputed the provision to be maintained in accordance with the RBI Guidelines and ensured that adequate disclosures have been made in Notes to Accounts.</p>

Information other than the Consolidated Financial Statements and Auditors' Report thereon

The Bank's Board of Directors is responsible for other information. The other information comprises the information other than Consolidated Financial Statements and our Auditors' Report thereon and the Pillar III disclosure under the Basel III disclosures.

Our opinion on the Consolidated Financial Statements does not cover the other information and Pillar III disclosures under Basel III Disclosures we do not express any form of assurance conclusion thereon.

In connection with our Audit of the Consolidated Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the Other Information, if we conclude that there is material misstatement therein, we are required to communicate the matters to 'Those charged with Governance'.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

6. The Bank's Board of Directors is responsible with respect to the preparation of these Consolidated Financial Statements that give a true and fair view of the Consolidated financial position, Consolidated financial performance and Consolidated cash flows of the Group including its associate in accordance with the accounting principles generally accepted in India and in accordance with the Accounting Standard 21- "Consolidated Financial Statements", and Accounting Standard 23 - "Accounting for Investment in Associates in Consolidated Financial Statements", issued by Institute of Chartered Accountants of India, and provisions of Section 29 of the Banking Regulation Act, 1949 and circulars and guidelines issued by the Reserve Bank of India ('RBI') from time to time. The respective Board of Directors of the entities included in the group and its associate are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of presentation of the Consolidated Financial Statements by the Directors of the Bank, as aforesaid .

In preparing the Consolidated Financial Statements, the respective Board of Directors of the entities included in the Group and its associate are responsible for assessing the ability of the Group and its associate to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the entities included in the Group and of the associate is also responsible for overseeing the Financial Reporting process of the Group and its associate.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

7. Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group and its associate's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group and its associate to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities of the Group and its associate to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the audit of the Financial Statements of such entity included in the Consolidated Financial Statements of which we are the independent auditors. For the other subsidiary entity and associate included in the Consolidated Financial Statements, which have been audited by other auditor and the unaudited financials approved by management of the associate, such other auditor and the management of the associate remains responsible for direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the Consolidated Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of Consolidated Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our Audit work and evaluating the results of our work; and (ii) to evaluate the effect of identified misstatements in the Consolidated Financial Statements.

We communicate with Those charged with governance of the Bank included in the Consolidated Financial Statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide Those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with Those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current period and are therefore the key audit matters.

We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

8. We did not audit the Financial Statements / information of 778 branches included in the Consolidated Financial Statements of the Bank whose Financial Statements / financial information reflect total advances of Rs. 60536.11 Crores as at 31st March, 2022 and total revenue of Rs. 4778.90 Crores for the year ended on that date, as considered in the Consolidated Financial Statements. The Financial Statements / information of these branches have been audited by the Statutory branch auditors whose reports have been furnished to us, and in our opinion in so far as it relates to the amounts and disclosures included in respect of branches, is based solely on the report of such Statutory branch auditors. Further we did not audit the Financial Statements of 1239 branches included in the Consolidated Financial Statements of the Bank whose Financial Statements reflect total advances of Rs. 19043.09 Crores as at 31st March, 2022 and total revenue of Rs. 1630.65 Crores for the year ended on that date as considered in the Consolidated Financial Statements have been drawn by the management.

Also, we did not audit the Financial Statements of the subsidiary company whose Financial Statement / financial information reflects total assets of Rs. 20.65 Crores as at 31st March, 2022, Total revenue of Rs. 2.29 Crores and net profit after Tax of Rs.0.55 crore for the year ended on that date, as considered in the Consolidated Financial Statements. The Consolidated Financial Statements also include the Group's share of Net Profit after tax of Rs. 1.79 Crores for the year ended 31st March, 2022 as considered in the Consolidated Financial Statements, in respect of one associate, whose Financial Statements / financial information have not been audited by us. The Financial Statements/financial information of the subsidiary company has been audited by the other auditors, whose reports and statements have been furnished to us by the management, the Financial Statements / financial information of the associate has not been audited and approved and furnished to us by the Management, and our opinion on the Consolidated Financial Statements, in so far as it relates to the amounts and disclosures included in respect of this subsidiary and associate and our report in terms of sub section (3) of sec 143 of the Act, in so far it relates to the aforesaid subsidiary and associate, is based solely on the reports of the other auditors in respect of subsidiary company and the unaudited financial information / results as approved and furnished by the management of the associate.

Our opinion on the Consolidated Financial Statements and our report on Other Legal and Regulatory Requirements below is not modified in respect of these matters with respect to our reliance on the

work done and the report of the other auditors and the Financial Statements / financial information certified by the management.

Report on Other Legal and Regulatory Requirements

BANK OF MAHARASHTRA
(F.Y. 2021-22)

SCHEDULE 17 – SIGNIFICANT ACCOUNTING POLICIES

(ANNEXED TO AND FORMING PART OF THE REVISED CONSOLIDATED ACCOUNTS
FOR THE YEAR ENDED 31ST MARCH 2022.)

1. Basis of Preparation of Financial Statements:

1.1 The financial statements are prepared under the historical cost conventions except as otherwise stated and conform to the Generally Accepted Accounting Principles (GAAP) which include statutory provisions, practices prevailing within the Banking Industry in India, the regulatory/ Reserve Bank of India ("RBI") guidelines, applicable Accounting Standards/ Guidance Notes issued by the Institute of Chartered Accountants of India (ICAI).

1.2 Use of Estimates

The preparation of financial statements requires the management to make estimates and assumptions considered in the reported amount of Assets and Liabilities (including contingent liabilities) as of the date of financial statements and reported income and expenses for the period under report. Management is of the view that the estimates used in the preparation of financial statements are prudent and reasonable. Future results could differ from these estimates. Any revisions to the accounting estimates shall be recognized prospectively unless otherwise stated.

1.3 The Consolidated Financial Statements have been prepared in accordance with Accounting Standard 21 – "Consolidated Financial Statements" and Accounting Standard 23 – "Accounting for Investments in Associates in Consolidated Financial Statements", issued by the Institute of Chartered Accountants of India.

1.4 Revenue and costs are accounted for on accrual basis except as stated in para 7.1 below.

1.5 The accounting policies with regard to Revenue Recognition, Investments and Advances in relation to Banking Business are in conformity with the prudential norms issued by the Reserve Bank of India from time to time.

1.6 The financial statements of the subsidiary and associate considered in preparation of Consolidated Financial Statement are drawn up to 31st March 2022.

2. Principles of Consolidation:

A. Parent Entity: The Financial Statements are consolidated for Bank of Maharashtra, the parent entity and its subsidiary along with associated enterprise as follows.

B. Related Entity:

The following subsidiary has been consolidated as per Accounting Standard 21 – "Consolidated Financial Statement".

Name of the company	Country / Residence	Relationship	Ownership Interest
The Maharashtra Executor & Trustee Co. Pvt. Ltd. (hereafter referred to as "METCO")	India	Wholly Owned Subsidiary	100%

The following associate enterprise has been accounted for under the Equity Method as per Accounting Standard 23 – "Accounting for Investments in Associates in Consolidated Financial Statements"

Name of the company	Country / Residence	Relationship	Ownership Interest
Maharashtra Gramin Bank (sponsored by Bank of Maharashtra)	India	Associate Enterprise	35%

C. Basis of Preparation of Consolidated Financial Statements & its impact

The Consolidated Financial Statements of the Group have been prepared on the basis of :-

- Audited financial statement of Bank of Maharashtra.
- Line by line aggregation of each item of asset/ liability/ income/ expense of the subsidiary with the respective item of the Parent, and after eliminating all material intra-group balances/transactions in accordance with Accounting Standard 21 – "Consolidated Financial Statements" issued by ICAI.
- Accounting for investment in 'Associates' under the 'Equity Method' as per AS 23 "Accounting for Investments in Associates in Consolidated Financial Statements" issued by the ICAI. The excess of carrying cost of bank's investment in associate is recognized in the financial statements as goodwill.
- The difference between cost to the group of its investment in the subsidiary entities and the group's portion of the equity of the subsidiaries is recognized in the financial statements as goodwill / capital reserve.

The subsidiary has used accounting policies other than those adopted by the Bank in certain cases for like transactions & events in similar circumstances. No adjustments have been made to the financial statements of the subsidiary, when they are used in preparing the consolidated financial statements. However, the proportion of the items in the consolidated financial statements to which the different accounting policies are applied by the subsidiary is insignificant.

The financial statements of the subsidiary have been regrouped with that of the parent bank, wherever necessary.

3. Foreign Exchange Transactions:

3.1 The foreign currency transactions are translated at the weekly average closing rates for the preceding week as published by Foreign Exchange Dealers' Association of India (FEDAI). Revaluation of foreign currency assets and liabilities as on Balance Sheet date is done at the closing exchange rate published by FEDAI and the resultant profit/loss is accounted for in the Profit & Loss Account.

3.2 Outstanding Forward Foreign Exchange Contracts are stated at contracted rates and revalued/ marked to market as on quarterly basis and on Balance Sheet date at the exchange rates published by FBIL for specified maturities by discounting the same at the applicable MIFOR rate published by Financial Benchmarks India Pvt. Ltd. [FBIL] i.e. on PV01 basis. The resulting profit/loss, on revaluation, is recognized in the Profit & Loss Account in accordance with RBI / FEDAI guidelines and the effect is taken to "Other Assets" in case of gain or to "Other Liabilities" in case of loss.

3.3 Contingent Liabilities on account of Guarantees and Letters of Credit issued in foreign currency are stated in the Balance Sheet at the closing exchange rates published by FEDAI.

- 3.4 Credit exposure of the un-hedged foreign currency exposure, if any, of the constituents shall attract provisioning and capital requirements as per RBI guidelines.

4. Investments:

As per Reserve Bank of India guidelines, the investments are classified and valued as under:

- 4.1 Investments are classified in the following categories:

- Held to Maturity (HTM)
- Available for sale (AFS)
- Held for trading (HFT)

- 4.2 All the investments are further classified in the following six baskets in conformity with the requirement of Form-A of Third Schedule to the Banking Regulation Act, 1949:

- Government Securities
- Other approved Securities
- Shares
- Debentures and Bonds
- Subsidiaries and Joint Ventures
- Others (Commercial Papers, Mutual Fund Units etc.)

- 4.3 Bank decides the category of each investment at the time of acquisition and classifies the same accordingly. Shifting of securities from one category to another, other than shifting / transfer from HFT to AFS category, is done once in a year with the approval of Board of Directors, at the least of acquisition cost / book value / market value on the date of shifting. The depreciation, if any, on such shifting is provided for and the book value of the security is adjusted accordingly. The transfer of securities from one category to another is made as per permission from or guidelines of RBI. Transfer / shifting of investments from HFT to AFS category will be executed under exceptional circumstances, like not being able to sell the securities within 90 days due to tight liquidity conditions, or extreme volatility, or market becoming unidirectional.

4.4 REPO / Reverse REPO

The Bank has adopted the Uniform Accounting Procedure prescribed by the RBI for accounting of market Repo and Reverse Repo transactions. Repo and Reverse Repo transactions are treated as Collateralized Borrowing / Lending Operations with an agreement to repurchase on the agreed terms. Securities sold under Repo are continued to be shown under investment and Securities purchased under Reverse Repo are not included in investment. Outstanding Repo / Term Repo is disclosed as borrowing and outstanding Reverse Repo is disclosed as lending. Costs and revenues are accounted for as interest expenditure / income, as the case may be.

- 4.5 Cost of investments is determined on the basis of Weighted Average Price method.

Interest paid for broken period / interest received for broken period at the time of purchase / sale of fixed income securities is treated as revenue expenditure / income.

Brokerage / incentive received / paid at the time of purchase/sale of investment is deducted / added from the amount of investment.

4.6 Valuation of investments:

a. Held to Maturity:

- Securities under the category 'Held to Maturity' are valued at weighted average acquisition cost. Wherever the cost of security is higher than the face value, the premium is amortized over the remaining period of maturity on straight line basis. In case of investments, where the cost price is less than the face value, the difference is ignored.

- In case of investments in subsidiaries and joint ventures permanent diminution in value is recognized and provided for; investment in RRB is valued at carrying cost.
- On sale of investments in this category (a) the net profit is initially taken to profit and loss account and thereafter such profit net of applicable taxes and proportionate transfer to statutory reserve is appropriated to the 'Capital Reserve account'; and (b) the net loss is charged to the Profit & Loss Account.

b. Available for Sale:

The individual securities under this category are marked to market on a quarterly basis and on each balance sheet date. Central/ State Government securities are valued at market rates declared by FBIL. Other approved securities, debentures and bonds are valued as per the yield curve, average credit spread rating and methodology suggested by FIMMDA. Quoted shares are valued at market rates. Unquoted shares are valued at break-up value ascertained from the latest available Balance Sheet i.e. Balance Sheet of immediate preceding year and in case the latest Balance Sheet is not available, the same is valued at Re.1/- per company / scrip.

Investments in discounted instruments, viz. Treasury Bills, Certificate of Deposits, Commercial Papers, Zero Coupon Bonds are valued at carrying cost. Mutual Fund Instruments are valued at market rate or repurchase price or net asset value in that order depending on their availability. Investments in Security Receipts (SRs) / Pass Through Certificates (PTCs) issued by Asset Reconstruction Companies (ARCs) in respect of financial assets sold to ARCs are carried at lower of redemption value and net book value (i.e. book value less provision held) of the financial assets.

Based on the above valuation under each of six-sub classifications under 'Available for Sale':

- If it results in appreciation, the same is ignored.
- If it results in net depreciation, the same is charged to Profit & Loss account and credited to Provision for Depreciation on Investments (AFS) in the liability side.

Provided that, depreciation, if any, on equity shares allotted consequent to implementation of Strategic Debt Restructuring (SDR) shall be provided for over a maximum of 4 calendar quarters on straight line basis from the date of conversion of debt into equity.

- The book value of securities is not changed in respect of marked to market (MTM) except as required by the RBI guidelines.
- The book value of securities is not changed in respect of marked to market (MTM) except as required by the RBI guidelines.
- Profit or Loss on sale of investment in this category is accounted for in the Profit and loss account.

c. Held for Trading:

- The individual securities under this category are held at original cost and are marked to market every month and each balance sheet date. Central/ State Government securities are valued at market rates declared by FBIL. Other approved securities, debentures and bonds are valued as per the yield curve; average credit spread rating and methodology suggested by FIMMDA. Quoted Shares are valued at market rates.
- Investments in discounted instruments, viz. Treasury Bills, Certificate of Deposits, Commercial Papers, Zero Coupon Bonds are valued at carrying cost. Mutual Fund Instruments are valued at

market rate or repurchase price or net asset value in that order depending on their availability. Investments in SRs / PTCs issued by ARCs in respect of financial assets sold to ARCs are carried at lower of redemption value and net book value (i.e. book value less provision held), of the financial assets.

- iii. Net basket-wise depreciation if any, is charged to Profit & Loss Account and credited to Provision on Depreciation on Investment (HFT) under liability. Net appreciation, if any is ignored. The book value of the securities is not changed after revaluation except as required by the RBI guidelines.

Defined Benefit Plans: All eligible employees are entitled to receive benefits under the Bank's Gratuity and Pension schemes which are valued based on the principles laid down in AS -15, Employees Benefit (Revised) issued by Institute of Chartered Accountants of India. Bank's liabilities towards defined benefit schemes are determined by way of provisions and adjusted on the basis of an actuarial valuation report provided by the Actuaries appointed by the bank and made at the end of each quarter/financial year. Actuarial gains and losses are recognized in the Profit & Loss Account.

Other Employee Benefits such as Leave Fare Concession, Privilege Leave, Silver jubilee Award, resettlement allowance, and retirement benefit are provided based on Actuarial valuation.

9. Segment Reporting:

The Bank recognizes Business Segment as its Primary Segment in compliance with the RBI Guidelines and in compliance with the Accounting Standard 17 issued by ICAI.

10. Impairment of Assets

Impairment losses if any, on fixed assets including revalued fixed assets are recognized in accordance with Accounting Standard 28- Impairment of Assets issued by the ICAI and charged to Profit & Loss Account. Assets are reviewed for Impairment whenever events or changes in circumstances warrant that the carrying amount of an asset may not be recoverable.

11. Provisions, Contingent Liabilities and Contingent Assets:

As per the Accounting Standard 29-“Provisions, Contingent Liabilities and Contingent Assets” issued by ICAI, the Bank recognizes provisions only when it has a present obligation as a result of a past event not it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and when a reliable estimate of the amount of the obligation can be made.

Contingent assets are not recognized in the financial statements since this may result in the recognition of the income that may not be realized.

12. Net Profit, Provisions and Contingencies:

The Net Profit disclosed is after making the Provisions and Contingencies which include adjustment to the value of investments, write off of bad debts, provision for taxation (including deferred tax), and provision for advances including cases identified as fraud and contingencies /others.

13. Income tax:

The provision for tax for the year comprises liability towards current Income Tax, and Deferred Tax. The deferred tax asset/ liability is recognized, subject to the consideration of prudence, taking into account the timing differences between the taxable income and accounting income, in terms of the Accounting Standard 22 issued by ICAI. The effect of change in tax rates on deferred tax assets and liabilities is recognized in the Profit & Loss Account in the period of applicability of the change.

Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax assets are recognized and re-assessed at each reporting period based on management judgement as to whether their realization is considered as reasonable certain.

In cases of unabsorbed depreciation or carried forward loss under taxation laws, all deferred tax assets are recognized only if there is virtual certainty of realization of such assets supported by convincing evidence.

Interest income on refund of Income Tax is accounted for in the year; the order is passed by the concerned authority.

The demand raised by the Tax authorities including the interest thereon is provided for when such demand is accepted by the bank and the same is not contested before appellate authority OR when such demand is upheld by jurisdictional tribunal and there is no favorable judgement of other tribunal on identical issue and bank does not prefer to go before High Court OR when such demand is upheld by High Court.

14. Earnings Per Share

The bank reports basic and diluted earnings per equity share in accordance with the Accounting Standard (AS-20) “Earnings Per Share” issued by ICAI. Basic Earnings per share is arrived by dividing net profit after tax by the weighted average number of equity shares outstanding for the period. The diluted earnings per equity share are computed using the weighted average number of equity shares and dilutive potential equity shares outstanding during the period.

Independent Auditors' Report

To,

The President of India and Members of "BANK OF MAHARASHTRA"

Report on Audit of the Standalone Financial Statements

Opinion

1. We have audited the accompanying Standalone Financial Statements of Bank of Maharashtra ('the Bank'), which comprise the Balance Sheet as at March 31, 2021, the Profit and Loss Account and the Statement of Cash Flow for the year then ended, and notes to Standalone Financial Statements including significant accounting policies and other explanatory information, in which are included returns for the year ended on that date, of Head Office, 37 Zonal Offices, 20 branches and Treasury and International Banking Division audited by us, and 1007 branches audited by Statutory Branch Auditors of the Bank. The branches audited by us and those audited by other auditors have been selected by the Bank in accordance with the guidelines issued to the Bank by the Reserve Bank of India (RBI) vide notification issued by RBI dated March 15th, 2021. Also included in the Balance Sheet, Profit and Loss Account and Statement of Cash Flows are the returns from 903 branches which have not been subjected to audit. These unaudited branches account for 8.99% of advances, 22.84% of deposits, 4.60% of interest income and 17.74% of interest expenses.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Banking Regulation Act, 1949 ("the Act"), the requirements of the Reserve Bank of India, in the manner so required and are in conformity with accounting principles generally accepted in India and give:
 - a) in case of Balance Sheet, read with the notes thereon gives true and fair view of the state of affairs of the Bank as at March 31, 2021;
 - b) the Profit and Loss Account, read with the notes thereon shows a true balance of profit for the year ended March 31, 2021 and
 - c) the Cash Flow Statement gives a true and fair view of the cash flows for the year ended March 31, 2021.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing (SAs) issued by Institute of Chartered Accountants of India (ICAI). Our responsibilities under those Standards are further described in the Auditors' Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Bank in accordance with the code of ethics issued by the ICAI together with ethical requirements that are relevant to our audit of the Standalone Financial Statements, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the code of ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Standalone Financial Statements.

Emphasis of Matter

4. We draw attention to Note no. 15 in Schedule 18 of the Financial Statements which explains the extent to which COVID-19 pandemic will impact the Bank's operations and financial results are dependent on future developments, which are highly uncertain. The Bank is continuously monitoring the economic conditions and any impact on the Bank's Operations and financial results is uncertain.

Our Opinion is not modified in respect of this matter.

Key Audit Matters

5. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements of the year ended March 31, 2021. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below as Key Audit Matters to be communicated in our report:

Sl. No.	Key Audit Matters	How our Audit procedures addressed the Key Audit Matters
1.	Classification of Advances, Provisioning and other relevant compliance of RBI Guidelines: (Refer Note No. 4 of Schedule 17 of Significant Accounting Policies to the Standalone Financial Statements) The Bank's portfolio comprises of Net Advances of Rs. 102405 Crores as at March 31, 2021 comprising of wholesale and retail banking. As required by IRAC Norms, guidelines issued by RBI and other circulars, notification and directives issued by RBI, the Bank has classified Advances and has made appropriate provisions in accordance with such guidelines.	We have tested the design and operating effectiveness of the Key controls of the system, application, process over approval, recording, monitoring, and recovery of loans, overdue and stressed accounts, identification of NPA, Provision for NPA including verification of valuation reports of experts for primary and collateral securities based on the understanding of the prudential guidelines and overall organisational IT framework of the Bank and its communication through various circulars and reports. We have evaluated the Internal Controls over sanctioning, monitoring the process and account for system overrides or bypasses to controls of advances,

<p>Income from Advances constitutes 49.36% of Total Income. The provision in respect of Non-performing Asset is Rs. 2213.79 Crores which constitutes 15.88% of the total expenditure.</p>	<p>supervisory framework such as Internal Audit, Credit Audit, Concurrent Audit, Systems Audit, as well as Internal Check, effectiveness of such framework as per the policies and procedures of the bank and in compliance with prudential guidelines.</p>
<p>The carrying value of these advances (net of provisions) may be materially misstated if, either individually or in aggregate the IRAC Norms, are not properly followed.</p> <p>The Bank has significant Credit Risk Exposure to a large number of borrowers across a wide range of borrowers, products, industries and there is a high degree of complexity, uncertainty, judgement involved in recoverability of Advances, estimation of provisions thereon and identification of accounts to be written off. If such prudential guidelines are not followed by the Bank the profit for the year and the net advances position will be materially mis-stated. Hence, we consider this as a Key Audit Matter.</p>	<p>We have tested samples of Performing Assets and assessed the application of IRAC Norms, as prescribed by RBI, individually to ensure compliance of the same. Also reviewed approval of sanctions against Bank's credit Policy and performance of Credit Assessments and controls.</p> <p>Examined early warning signal reports, other exceptional reports generated by the Bank for the purpose of identifying potential NPA and steps taken for monitoring of such accounts including red flagged accounts to overcome assessed risks and ensure effective implementation of risk management and related controls.</p> <p>We have adopted a framework of carrying out detailed verification of corporate wholesale (including Consortium, Pool Buyout and other large borrowers) by way of review of collateral documents including valuation reports, due diligence report, servicing Agreement, deed of assignment, JLA and External Credit rating reports to assess and focus on larger exposures of the Bank and mitigating the areas of emerging risk. We have discussed with the Senior Management and performed our own assessment including internal and external macroeconomic factors and testing the timelines and the accuracy of risk assessment and risk grading against the Bank's lending policies, IRAC Norms and in accordance with Government Policies.</p>
	<p>We have examined the Retail advances portfolio of the Bank on sampling basis to ensure effective monitoring and implementation of IRAC norms including income recognition, provisioning for such loans. The Bank has adopted Loan Life Cycle Management System for retail loans which effectively monitors, controls, the retail portfolio of the Bank and is tested for its effective implementation and</p>

		<p>performance. We have also tested the completeness and accuracy of the data from the underlying source systems, tested the automated calculation and evaluated the bank's oversight of the portfolio.</p>
		<p>We have reviewed the Bank's process for granting moratorium and restructuring to borrowers as per the Regulatory Package announced by RBI. We tested the completeness and accuracy of data used for computing general provisions in line with regulatory package issued by RBI. With respect to additional provision made by the Bank on account of the impact of COVID 19 pandemic, we broadly reviewed the underlying assumptions and estimates used by the management for the same but as the extent of impact is dependent on future developments which are highly uncertain, we primarily relied on those assumptions and estimates, which are subject matter of periodic review by the Bank.</p> <p>We have examined the adequacy and appropriateness of disclosures against the relevant RBI requirements relating to NPA and applicable Accounting Standards required to be made in accordance with Banking Regulation Act and RBI Circulars.</p> <p>We have also placed reliance on the Audit reports of the other Statutory Branch Auditors, with whom we have made specific communications.</p>
2.	<p>Classification and Valuation of Investments:</p> <p>(Refer Note No. 3 of Schedule 17 of Significant Accounting policies to the Standalone Financial Statements)</p> <p>Investments are classified into Held for Trading (HFT), Available for Sale (AFS) and Held to Maturity (HTM) categories at the time of purchase. Investments intended to be held till maturity are classified as HTM Investments. Classification of Investments, valuation and provisioning thereof are based on RBI guidelines.</p>	<p>We have tested the design, implementation and operating effectiveness of management's key internal controls of the Bank towards classification, valuation process, independent price verification, including the Bank's review and approval of the estimates and assumptions used for the valuation including key authorisation and data input controls.</p> <p>We have examined the investment agreement / term sheet entered into during the current year, on a sample basis, to understand the relevant investment terms and identify any conditions that were</p>

<p>Compliance of Investment Portfolio as per guidelines issued by RBI is mandatory and involves management judgement in determining the value of bonds, debentures and other securities based on the policy and the model adopted by the Bank.</p> <p>Impact of Impairment assessment is having a overall significance to the financial results of the Bank.</p> <p>Interest Income from Investment of the Bank comprises 28.66% of the total income in view of these significant points including assessment of non performing Investments and provisions we have identified this aspect as a Key Audit Matter.</p>	<p>relevant to the valuation of financial instruments.</p> <p>Our Audit approach towards Investment Portfolio of the bank is based on compliance and requirements of RBI circulars and directives in relation to valuation, classification, identification of Non Performing Investments, Provision for Investments and relevant policies and procedures adopted by the Bank including effective implementation of Internal control system and related process.</p> <p>We tested accuracy and completeness of adoption of RBI guidelines and directions by reperforming valuations for each category of the securities. Various sampling techniques were adopted to ensure coverage of risk weighted Investments based on the nature of security and were tested for its carrying value in the Financial Statements of the Bank.</p> <p>We have verified the non performing investments of the bank by the method of independent verification of provisions and depreciation in accordance with RBI guidelines and confirmed the compliance of such guidelines. We have reviewed the application / conversion of interest / principal towards a separate List of Investments and checking whether these Investments are classified as NPI. The samples selected for the same covers the majority categories of Investments to cover the material impact on the income of the Bank.</p> <p>We have verified Investment portfolio of AFS and HFT on sample basis and performed various substantive analytical procedures in determination of Income, gain / loss on sale and tracked the controls implemented by the Bank through credit / debit in the profit and loss account.</p> <p>We have tested the portfolio of HTM and made detailed verification of transaction of purchase / sale of such HTM and controls implemented by the TIBD in recognizing the profit / loss to profit and loss account and subsequent appropriation to Capital Reserve Account.</p>
--	--

		<p>We have examined the adequacy and appropriateness of depreciation and Impairment of each category of Investment and recomputed the provision to be maintained in accordance with the RBI Guidelines and ensured that adequate disclosures have been made in Notes to Accounts.</p>
3.	<p>Information Technology Systems and Control Framework:</p> <p>The Bank's key business objective is determined, evaluated, controlled, monitored, implemented through complex IT architecture to support high volume of business operation by automation and application which are significant towards Banking business and plays a major role as a backbone in achieving the Business Objective.</p> <p>The Bank's financial accounting process in respect of recognition of Income, classification of Assets through IRAC Norms and evaluating the performance of the Bank and producing the desired output through various application and other IT general controls to ensure the required business Output and helps us to arrive at the Audit conclusion to ensure quality performance Financial & Accounting Processes.</p> <p>We have identified various application and control framework in implementing various products and schemes which covers majority of Bank's business and hence we consider Information Technology Systems and Control as a Key Audit Matter.</p>	<p>Information Technology forms an integral part of operating requirements of the Bank by way of various applications, general, software controls and requires understanding of various systems and procedures in evaluating the Risk based and business centric requirements of the Bank.</p> <p>We have reviewed the various IT policies and procedures including user management, change management, system security, incident management, physical and environment security, standard operating procedures, Segregation of duty, BCP, DRP, service level agreements, security policies to ensure these are in line with business requirements of the Bank and to comply with government and RBI regulations.</p> <p>We have adopted various techniques such as enquiry, review of documentation, record, reports, observation, and re performance of various application controls by taking adequate samples of instances for our test. We have also tested validation checks using negative testing technique.</p> <p>We have tested various compensating controls and performed alternate procedures which were necessary and gathered a comprehensive understanding of IT applications landscape implemented by the Bank. It was followed by process understanding mapping of application to the same and understanding financial risk posed by people, process and technology.</p> <p>We have also assessed areas including password policies, security configuration, system interface controls over changes to applications and databases and that business users and controls to ensure that developers and production support did not</p>

		<p>have access to change applications, the operating systems or databases in the production environment to ensure proper segregation of duties is in place as per the SOP.</p> <p>We have tested certain critical aspects of cyber security on network security management mechanism, operational security of key information infrastructure, data and client information management, monitoring and emergency management. through certain data drill conducted by the Management and scrutinised by us and comparing the required results.</p> <p>We have also assessed the requirement of the implementation of Business Continuity Plan initiated by the Bank due to impact of COVID -19 pandemic and ensured sustainability and growth under COVID -19 circumstances.</p> <p>We have verified the testing report carried out by the Management on risk of implementation of security control in a more holistic, comprehensive way, ensuring that all business decisions are based on proper Risk assessment and management considering the overall effect of uncertainties on the Bank's Objective.</p>
4.	<p>Provisions and Contingent Liability:</p> <p>Assessment of Provisions and Contingent Liability in respect of certain litigations on various claims filed by other parties not acknowledged as debt (Note No. 10 of Schedule 17 and Note No. 10.15 of Schedule 18)</p> <p>There is high level of judgement required in estimating the level of provisioning. The Bank's assessment is supported by the facts of matter, their own judgement, past experience, and advice from legal and independent experts wherever considered necessary. Accordingly, unexpected adverse outcomes may significantly impact the Bank's reported profit and state of affairs presented in Balance Sheet.</p> <p>We determined the above area as a Key Audit Matter in view of associated uncertainty relating to outcome of these</p>	<p>We have obtained an understanding of Internal Controls relevant to the audit in order to design our audit procedures that are appropriate in the circumstances.</p> <p>Understanding the current status of the litigations / tax assessments. Examining recent orders and communications received from various tax authorities / judicial forums and follow up actions thereon;</p> <p>Evaluated the merit of the subject matter under consideration with reference to the grounds presented therein and available independent legal / tax advice including opinion of experts. Review and analysis of evaluation of the contentions of the Bank through discussions, collection of details of the subject matter under consideration, the likely outcome and consequent potential outflows on those issues.</p>

	<p>matters which requires application of judgement in interpretation of Law.</p>	<p>Verified the disclosures related to significant litigations and taxation matters.</p> <p>Accordingly, our audit was focused on analysing the facts of subject matter under consideration and judgements / interpretation of law involved.</p>
5.	<p>Modified Audit Procedures carried out in light of COVID-19 outbreak:</p> <p>In view of the COVID-19 pandemic, lockdown and travel restrictions imposed by Central / State Government / Local Authorities during the period of our audit, the Bank to facilitated carrying out audit remotely as physical access was prohibited. Therefore audit could not be conducted by visiting the premises of many Branches / Zones / HO of the bank. As we could not obtain audit evidence in person / physically and personal interactions with the officials at the Branches / Zone / Head Office, accordingly our Audit procedures were modified to carry out the Audit remotely.</p> <p>We have identified such modified Audit Procedure as Key Audit Matter.</p>	<p>Due to the COVID-19 Pandemic, we carried out modified audit procedures to obtain reasonable assurance to form an audit opinion. To carry out modified audit procedure, the Bank has made available to us a customized intranet portals hosted on Bank's network enabling us to access reports and documents we sought necessary for the purpose of Audit.</p> <p>Our modified audit procedure included;</p> <ol style="list-style-type: none"> 1. Other Matter

6. We did not audit the financial statements / information of 1007 branches included in the Standalone Financial Statements of the Bank whose Financial Statements / Financial Information reflect total advances of Rs. 58,487.62 crores as at March 31, 2021 and total revenue of Rs. 4,284.18 crores for the year ended on that date, as considered in the Standalone Financial Statements. The Financial Statements / Information of these branches have been audited by the Statutory Branch Auditors whose reports have been furnished to us, and in our opinion in so far as it relates to the amounts and disclosures included in respect of branches, is based solely on the report of such Statutory Branch Auditors. Further we did not audit the Financial Statements of 903 branches included in the Standalone Financial Statements of the Bank whose Financial Statements reflect total assets of Rs. 16,541.77 Crores as at March 31, 2021 and total revenue of Rs. 970.19 Crores for the year ended on that date as considered in the Standalone Financial Statements have been drawn by the management.

Our opinion is not modified in respect of this matter.

Information other than the Standalone Financial Statements and Auditors' Report thereon

7. The Bank's Board of Directors are responsible for other information. The other information comprises the information other than Standalone Financial Statements and our Auditors' Report thereon and the Pillar III disclosure under the Basel III disclosure.

Our opinion on the Standalone Financial Statements does not cover the other information and Pillar 3 disclosure under the Basel III Disclosure we do not express any form of assurance / conclusion thereon

In connection with our Audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the Other Information, if we conclude that there is material misstatement therein, we are required to communicate the matters to 'Those charged with Governance'.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

8. The Bank's Board of Directors is responsible with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance and cash flows of the Bank in accordance with the accounting principles generally accepted in India, including the Accounting Standards issued by ICAI, and provisions of Section 29 of the Banking Regulation Act, 1949 and circulars and guidelines issued by the Reserve Bank of India ('RBI') from time to time. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Bank and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent;

and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Bank or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors are also responsible for overseeing the Bank's Financial Reporting process.

Auditors' Responsibilities for the Audit of the Standalone Financial Statements

9. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of Internal Control relevant to the Audit in order to design Audit procedures that are appropriate in the circumstances.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our

auditors' report. However, future events or conditions may cause the bank to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our Audit work and evaluating the results of our work; and (ii) to evaluate the effect of identified misstatements in the Standalone Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Financial Statements of the current period and are therefore the key audit matters.

We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

10. The Balance Sheet and the Profit and Loss Account have been drawn up in accordance with Section 29 of the Banking Regulation Act, 1949;
11. Subject to the limitations of the audit indicated in paragraphs 6 to 9 above and as required by sub section 3 of section 30 of the Banking Regulation Act, 1949, and subject also to the limitations of disclosure required therein, we report that:
 - a) We have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit and have found them to be satisfactory.

12. As required by letter no. ANNEXURE “A” TO THE INDEPENDENT AUDITORS’ REPORT

(Referred to in paragraph 12 under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting as required by the Reserve Bank of India (the “RBI”) Letter DOS.ARG.No.6270/08.91.001/2019-20 dated **March 17, 2020** (as amended) (the “RBI communication”)

We have audited the internal financial controls over financial reporting of Bank of Maharashtra (“the Bank”) as of March 31, 2021 in conjunction with our audit of the standalone financial statements of the Bank for the year ended on that date which includes internal financial controls over financial reporting of the Bank’s branches.

Management’s Responsibility for Internal Financial Controls:

The Bank’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Bank considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Bank’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Banking Regulation Act, 1949 and the circulars and guidelines issued by the Reserve Bank of India.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Bank’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India (the “ICAI”) and the Standards on Auditing (SAs) issued by the ICAI, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial

controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal financial controls based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the branch auditors, in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Bank's internal financial controls over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Bank's internal financial controls over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A Bank's internal financial controls over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Bank;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Bank are being made only in accordance with authorisations of management and directors of the Bank; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Bank's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial control over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, and to the best of our information and according to the explanations given to us

and based on the consideration of the reports of the branch auditors referred to in the Other Matters paragraph below, the Bank has, in all material respects, adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the criteria for internal control over financial reporting established by the Bank considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid report insofar as it relates to the operating effectiveness of internal financial controls over financial reporting of 104 branches is based on the corresponding reports of the respective branch auditors of those branches.

During our testing of the internal financial controls over financial reporting and based on the report of the branch auditors, certain deficiencies were noticed by us. Bank needs to further strengthen the process including alteration of the existing Risk Control Matrix (RCM) and designing a few more RCMs. Our detailed report in this regard has been submitted to the Management to further strengthen the internal financial controls over financial reporting of the Bank.

Our opinion is not modified in respect of this matter.

BANK OF MAHARASHTRA
2020-21
SCHEDULE 17 – SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Preparation of Financial Statements:

1.1 The financial statements are prepared under the historical cost conventions except as otherwise stated and conform to the Generally Accepted Accounting Principles (GAAP) which include statutory provisions, practices prevailing within the Banking Industry in India, the regulatory/ Reserve Bank of India ("RBI") guidelines, applicable Accounting Standards/ Guidance Notes issued by the Institute of Chartered Accountants of India (ICAI).

1.2 Use of Estimates

The preparation of financial statements requires the management to make estimates and assumptions considered in the reported amount of Assets and Liabilities (including contingent liabilities) as of the date of financial statements and reported income and expenses for the period under report. Management is of the view that the estimates used in the preparation of financial statements are prudent and reasonable. Future results could differ from these estimates. Any revisions to the accounting estimates shall be recognized prospectively unless otherwise stated.

1.3 Revenue and costs are accounted for on accrual basis except as stated in para 6.1 below.

1.4 The accounting policies with regard to Revenue Recognition, Investments and Advances are in conformity with the prudential accounting norms and guidelines issued by Reserve Bank of India from time to time.

2. Foreign Exchange Transactions:

2.1 The foreign currency transactions are translated at the weekly average closing rates for the preceding week as published by Foreign Exchange Dealers' Association of India (FEDAI). Revaluation of foreign currency assets and liabilities as on Balance Sheet date is done at the closing exchange rate published by FEDAI and the resultant profit/loss is accounted for in the Profit & Loss Account.

2.2 Outstanding Forward Foreign Exchange Contracts are stated at contracted rates and revalued/ marked to market as on quarterly basis and on Balance Sheet date at the exchange rates published by FEDAI for specified maturities by discounting the same at the applicable MIFOR rate published by Fixed Income Money Market and Derivatives Association of India [FIMMDA] - Reuter, i.e. on PV01 basis. The resulting profit/loss, on revaluation, is recognized in the Profit & Loss Account in accordance with RBI / FEDAI guidelines and the effect is taken to "Other Assets" in case of gain or to "Other Liabilities" in case of loss.

2.3 Contingent Liabilities on account of Guarantees and Letters of Credit issued in foreign currency are stated in the Balance Sheet at the closing exchange rates published by FEDAI.

2.4 Credit exposure of the un-hedged foreign currency exposure, if any, of the constituents shall attract provisioning and capital requirements as per RBI guidelines.

3. Investments:

As per Reserve Bank of India guidelines, the investments are classified and valued as under:

3.1 Investments are classified in the following categories:

- a. Held to Maturity (HTM)
- b. Available for sale (AFS)
- c. Held for trading (HFT)

3.2 All the investments are further classified in the following six baskets in conformity with the requirement of Form-A of Third Schedule to the Banking Regulation Act, 1949:

- a. Government Securities
- b. Other approved Securities
- c. Shares
- d. Debentures and Bonds
- e. Subsidiaries and Joint Ventures
- f. Others (Commercial Papers, Mutual Fund Units etc.)

3.3 Bank decides the category of each investment at the time of acquisition and classifies the same accordingly. Shifting of securities from one category to another, other than shifting / transfer from HFT to AFS category, is done once in a year with the approval of Board of Directors, at the least of acquisition cost / book value / market value on the date of shifting. The depreciation, if any, on such shifting is provided for and the book value of the security is adjusted accordingly. The transfer of securities from one category to another is made as per permission from or guidelines of RBI. Transfer / shifting of investments from HFT to AFS category will be executed under exceptional circumstances, like not being able to sell the securities within 90 days due to tight liquidity conditions, or extreme volatility, or market becoming unidirectional.

3.4 REPO / Reverse REPO

The Bank has adopted the Uniform Accounting Procedure prescribed by the RBI for accounting of market Repo and Reverse Repo transactions. Repo and Reverse Repo transactions are treated as Collateralized Borrowing / Lending Operations with an agreement to repurchase on the agreed terms. Securities sold under Repo are continued to be shown under investment and Securities purchased under Reverse Repo are not included in investment. Outstanding Repo / Term Repo is disclosed as borrowing and outstanding Reverse Repo is disclosed as lending. Costs and revenues are accounted for as interest expenditure / income, as the case may be.

3.5 Cost of investments is determined on the basis of Weighted Average Price method.

Interest paid for broken period / interest received for broken period at the time of purchase / sale of fixed income securities is treated as revenue expenditure / income.

Brokerage / incentive received / paid at the time of purchase/sale of investment is deducted / added from the amount of investment.

3.6 Valuation of investments:

a. Held to Maturity:

- i. Securities under the category 'Held to Maturity' are valued at weighted average acquisition cost. Wherever the cost of security is higher than the face value, the premium is amortized over the remaining period of maturity on straight line basis. In case of investments, where the cost price is less than the face value, the difference is ignored.
- ii. In case of investments in subsidiaries and joint ventures permanent diminution in value is recognized and provided for; investment in RRB is valued at carrying cost.
- iii. On sale of investments in this category (a) the net profit is initially taken to profit and loss account and thereafter such profit net of applicable taxes and proportionate transfer to statutory reserve is appropriated to the 'Capital Reserve account'; and (b) the net loss is charged to the Profit & Loss Account.

b. Available for Sale:

The individual securities under this category are marked to market on a quarterly basis and on each balance sheet date. Central/ State Government securities are valued at market rates declared by FIMMDA. Other approved securities, debentures and bonds are valued as per the yield curve, average credit spread rating and methodology suggested by FIMMDA. Quoted shares are valued at market rates. Unquoted shares are valued at break-up value ascertained from the latest available Balance Sheet i.e. Balance Sheet of immediate preceding year and in case the latest Balance Sheet is not available, the same is valued at Re.1/- per company / scrip.

Investments in discounted instruments, viz. Treasury Bills, Certificate of Deposits, Commercial Papers, Zero Coupon Bonds are valued at carrying cost. Mutual Fund Instruments are valued at market rate or repurchase price or net asset value in that order depending on their availability. Investments in Security Receipts (SRs) / Pass Through Certificates (PTCs) issued by Asset Reconstruction Companies (ARCs) in respect of financial assets sold to ARCs are carried at lower of redemption value and net book value (i.e. book value less provision held) of the financial assets.

Based on the above valuation under each of six-sub classifications under 'Available for Sale':

- i. If it results in appreciation, the same is ignored.
- ii. If it results in net depreciation, the same is charged to Profit & Loss account and credited to Provision for Depreciation on Investments (AFS) in the liability side.

Provided that, depreciation, if any, on equity shares allotted consequent to implementation of Strategic Debt Restructuring (SDR) shall be provided for over a maximum of 4 calendar quarters on straight line basis from the date of conversion of debt into equity.

- iii. The book value of securities is not changed in respect of marked to market (MTM) except as required by the RBI guidelines.
- iv. Profit or Loss on sale of investment in this category is accounted for in the Profit and loss account.

c. Held for Trading:

- i. The individual securities under this category are held at original cost and are marked to market every month and each balance sheet date. Central/ State Government securities are valued at market rates declared by FIMMDA. Other approved securities, debentures and bonds are valued as per the yield curve; average credit spread rating and methodology suggested by FIMMDA. Quoted Shares are valued at market rates.
- ii. Investments in discounted instruments, viz. Treasury Bills, Certificate of Deposits, Commercial Papers, Zero Coupon Bonds are valued at carrying cost. Mutual Fund Instruments are valued at market rate or repurchase price or net asset value in that order depending on their availability. Investments in SRs / PTCs issued by ARCs in respect of financial assets sold to ARCs are carried at lower of redemption value and net book value (i.e. book value less provision held), of the financial assets.
- iii. Net basket-wise depreciation if any, is charged to Profit & Loss Account and credited to Provision on Depreciation on Investment (HFT) under liability. Net appreciation, if any is ignored. The book value of the securities is not changed after revaluation except as required by the RBI guidelines.
- iv. Profit or loss on sale of investment in this category is accounted for in the Profit & Loss Account.
- d. Classification of and provisions on investments, including on restructured investments, are made in accordance with the prudential norms prescribed by and guidelines of RBI from time to time.

- e. Costs such as brokerage, fees, commission, taxes etc. incurred at the time of acquisition of securities are capitalized.

3.7 Derivatives:

Interest Rate Swaps:

i. Valuation:

- a. **Hedging Swaps:** Interest Rate Swaps for hedging assets and liabilities are not marked to market.
- b. **Trading Swaps:** Interest Rate Swaps for trading purpose are marked to market.

ii. Accounting of income on derivative deals:

- a. **Hedging Swaps:** Income is accounted for on realization basis. Expenditure, if any, is accounted for on accrual basis, if ascertainable.

- b. **Trading Swaps:** Income or expenditure is accounted for on realization basis on settlement date.

iii. Accounting of gain or loss on termination of swaps:

- a. **Hedging Swaps:** Any gain or loss on the terminated swap is recognized over the shorter of (a) the remaining contractual life of the swap or (b) the remaining life of the asset/ liability.
- b. **Trading Swaps:** Any gain or loss on terminated swap is recognized as income or expenditure in the year of termination.

3.8 Investment Fluctuation Reserve:

As per RBI circular number RBI/2017-18/147 DBR.No.BP BC .102/21.04.048/2017-18 dated April 2, 2018, Investment Fluctuation Reserve (IFR) is created to build up of adequate reserves to protect the bank against increase in yields with effect from FY 2018-19.

Transfer to IFR is lower of the following –

- a. Net profit on sale of Investments during the year or
- b. Net profit for the year less mandatory appropriations, until the amount of IFR is at least 2 percent of the HFT and AFS portfolio, on a continuing basis

4. Advances:

- 4.1 Advances are disclosed net of write offs, provisions made for non-performing assets, claims settled with the credit guarantee institutions, provision for diminution in fair value for restructured advances and bills rediscounted.
- 4.2 Classification of advances and provisions thereon are made in accordance with the prudential norms prescribed by and guidelines of RBI from time to time, except in respect of following category of advances, provision on NPAs are made higher than the rate prescribed by RBI -

Sub-standard - 20%

Doubtful Assets One to three years - 50% on secured portion

- 4.3 Provision for performing assets, other than provision on standard restructured advances, is shown under the head "Other liabilities and provisions".
- 4.4 In respect of Rescheduled/ Restructured accounts, provision for diminution in fair value of restructured advances is made on present value basis as per RBI guidelines.

In respect of advances under SDR, provision is made in accordance with RBI guidelines, within a maximum period of four quarters.

- 4.5 In case of financial assets sold to Asset Reconstruction Company (ARC)/ Securitization Company (SC), if the sale is at a price higher than the NBV, the surplus is retained and utilised to meet the shortfall/loss on account of sale of other financial assets to SC/ARC. If the sale is at a price below the net book value (NBV), (i.e. outstanding less provision held) the shortfall is to be debited to the Profit and Loss account. However if surplus is available, such shortfall will be absorbed in the surplus. Any shortfall arising due to sale of NPA will be amortised over a period of two years if not absorbed in the surplus.
Excess provision arising out of sale of NPAs are reversed only when the cash received (by way of initial consideration only/or redemption of SRS/PTC) is higher than the net book value (NBV) of the asset. Reversal of excess provision will be limited to the extent to which cash received exceeds the NBV of the asset.

5. Fixed Assets and Depreciation:

- 5.1 Premises and Other Fixed Assets are carried at cost less accumulated depreciation/ amortization, except for certain premises, which were revalued and stated at revalued amount.

Cost includes cost of purchase, taxes as per GST law and all expenditure such as site preparation, installation costs and professional fees incurred on the asset before it is put to use. Subsequent expenditure(s) incurred on the assets put to use are capitalised only when it increases the future benefits from such assets or their functioning capability.

- 5.2 Depreciation on fixed assets is provided for at the rates specified below, except revalued assets where, depreciation is provided over the remaining useful life of the assets on revalued amount, so as to write down value of assets to Rupee One over the residual life of the assets.

S.N.	Category of Asset	Rate of Depreciation (%)	Method of depreciation
1	Building & Premises	5.00	DBM
2	General items including Safe	18.10	DBM
3	Electrical Equipment's	13.91	DBM
4	Office Machinery	13.91	DBM
5	Motor Vehicles	25.89	DBM

8	Computer & Laptops	33.33	SLM
9	ATM	14.29	SLM
10	UPS	20.00	SLM
11	BNA	14.29	SLM
12	Cash Re-cycler	14.29	SLM

*DBM means Diminishing Balance Method

*SLM means Straight Line Method

- 5.4 In respect of assets acquired during the year, depreciation is provided on proportionate basis for the number of days the assets have been put to use during the year.

Similarly in respect of assets sold / discarded during the year, depreciation is provided on proportionate basis till the number of days the assets had been put to use during the year.

- 5.5 Eligible fixed assets are revalued once in every three years. Revalued portion of fixed assets (over and above the cost of fixed assets) is depreciated on diminishing balance method over the residual life of the assets as certified by approved valuers at the time of valuation.
Revaluation reserve pertaining to lease hold lands, is amortised on straight line method over the residual life of the lease period.

Depreciation on revalued portion of fixed assets, over and above the cost is debited to Profit & Loss account. Amount of Revaluation Reserve to the extent of depreciation related to revalued portion of fixed assets over and above the cost debited to profit & loss account is transferred to Revenue Reserve from Revaluation Reserve.

- 5.6 In respect of leasehold premises, the lease premium, if any, is amortised over the period of lease on SLM basis.

6. Revenue Recognition

- 6.1 All revenues and costs are accounted for on accrual basis except the following items, which are accounted for on cash basis:-

- Interest on Advances and Investments identified as Non-Performing Assets according to the prudential norms and guidelines issued by RBI, from time to time.
- Income from commission viz., on Guarantees, Letter of Credit, Government business, Mutual Fund business, credit & debit cards issued, Annual maintenance charges for cards and Locker Rent.
- Interest for overdue period on bills purchased and bills discounted.
- Insurance claims.
- Remuneration on Debenture Trustee Business.
- Loan Processing Fees.
- Income from Merchant Banking Operations and Underwriting Commission.
- Transaction processing fees received on utility bill pay services through internet banking.

- 6.2 Pursuant to RBI guidelines, the interest payable on overdue term deposit is provided on accrual basis at Saving Bank rate effective from date of RBI circular dated 22.08.2008, and the balance at the time of renewal.

- 6.3 During the year ended March 31, 2021, the Bank has changed the method of recognizing the income from locker rent in the quarter in which it is received to method of recognizing the same proportionately over the remaining quarters of the year.

7. Employees' Benefits:

Defined Contribution Plan: The contribution paid/ payable under defined contribution benefit schemes are charged to Profit & Loss Account.

Defined Benefit Plans: All eligible employees are entitled to receive benefits under the Bank's Gratuity and Pension schemes which are valued based on the principles laid down in AS -15, Employees Benefit (Revised) issued by Institute of Chartered Accountants of India. Bank's liabilities towards defined benefit schemes are determined by way of provisions and adjusted on the basis of an actuarial valuation report provided by the Actuaries appointed by the bank and made at the end of each quarter/financial year. Actuarial gains and losses are recognized in the Profit & Loss Account.

Other Employee Benefits such as Leave fare Concession, Privilege Leave, Silver jubilee Award, resettlement allowance, and retirement benefit are provided based on Actuarial valuation.

8. Segment Reporting:

The Bank recognizes Business Segment as its Primary Segment in compliance with the RBI Guidelines and in compliance with the Accounting Standard 17 issued by ICAI.

9. Impairment of Assets:

Impairment losses if any, on fixed assets including revalued fixed assets are recognized in accordance with Accounting Standard 28- Impairment of Assets issued by the ICAI and charged to Profit & Loss Account. Assets are reviewed for Impairment whenever events or changes in circumstances warrant that the carrying amount of an asset may not be recoverable.

10. Provisions Contingent Liabilities and Contingent Assets:

As per the Accounting Standard 29-"Provisions, Contingent Liabilities and Contingent Assets" issued by ICAI, the Bank recognizes provisions only when it has a present obligation as a result of a past event not it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and when a reliable estimate of the amount of the obligation can be made.

Contingent assets are not recognized in the financial statements since this may result in the recognition of the income that may not be realized.

10. Net Profit, Provisions and Contingencies:

The Net Profit disclosed is after making the Provisions and Contingencies which include adjustment to the value of investments, write off of bad debts, provision for taxation (including deferred tax), and provision for advances including cases identified as fraud and contingencies /others.

11. Income Tax:

The provision for tax for the year comprises liability towards current Income Tax, and Deferred Tax. The deferred tax asset/ liability is recognized, subject to the consideration of prudence, taking into account the timing differences between the taxable income and accounting income, in terms of the Accounting Standard 22 issued by ICAI. The effect of change in tax rates on deferred tax assets and liabilities is recognized in the Profit & Loss Account in the period of applicability of the change.

Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax assets are recognized and re-assessed at each reporting period based on management judgement as to whether their realization is considered as reasonable certain.

In cases of unabsorbed depreciation or carried forward loss under taxation laws, all deferred tax assets are recognized only if there is virtual certainty of realization of such assets supported by convincing evidence.

Interest income on refund of Income Tax is accounted for in the year; the order is passed by the concerned authority.

The demand raised by the Income Tax authorities including the interest thereon is provided for when such demand is upheld by High Court.

12. Earnings per Share:

The bank reports basic and diluted earnings per equity share in accordance with the Accounting Standard (AS-20) "Earnings Per Share" issued by ICAI. Basic Earnings per share is arrived by dividing net profit after tax by the weighted average number of equity shares outstanding for the period. The diluted earnings per equity share are computed using the weighted average number of equity shares and dilutive potential equity shares outstanding during the period.

Diluted earnings per share reflects the potential dilution that could occur in earnings per share if securities or other contracts to issue equity share are exercised or converted during the period.

4.14 The Bank has exposure of Rs 558.05 Crores with 2 borrower accounts belonging to the same Group. As per the NCLT, Kolkata Bench Order dated 21 October 2020 the Bank has not declared these accounts as NPA and maintained statusquo of Standard Asset until further orders. As a matter of prudence, the unrealized interest income has been reversed. The Bank along with other Banks have filed an appeal against the NCLT, Kolkata Bench Order and same is pending. As the Bank is maintaining sufficient COVID 19 related provisions, no specific provision is held in this regard.

Qualitative

- The Liquidity Coverage Ratio (LCR) aims to ensure that a Bank has an adequate stock of unencumbered High-Quality Liquid Assets (HQLA) that can be converted into cash easily and immediately to meet its liquidity needs for a 30 calendar day liquidity stress scenario. The LCR is calculated by dividing the amount of High Quality Liquid unencumbered Assets (HQLA) by the estimated net outflows over a stressed 30 calendar day period. The net cash outflows are calculated by applying RBI prescribed outflow factors to the various categories of liabilities (deposits, unsecured and secured wholesale borrowings), as well as to undrawn commitments and derivative-related exposures, netted by inflows from assets maturing within 30 days.

RBI vide circular RBI/2019-20/217 DOR.BP.BC.No.65/21.04.098/2019-20 dated 17.04.2020 has amended the minimum requirement of LCR. RBI has now permitted Banks to maintain LCR as under:

Date	Minimum LCR requirement
Till 30.09.2020	80.00%
From 01.10.2020 to 31.03.2021	90.00%
From 01.04.2021	100.00%

Average LCR on a daily basis for the year ended 31st March 2021 is 306.25%, above RBI prescribed minimum requirement of 90.00%.

(Rs. In Crore)

S N	Particulars	31.03.2021	31.03.2020
1	Provisioning held on account of UFCE	6.87	6.47
2	Capital held on account of UFCE	1.72	3.47

Bank has put in place a policy for management of currency induced credit risk arising out of exposure to its constituents which inter-alia specifies the mechanism to ascertain Unhedged Foreign Currency Exposure (UFCE) and mitigate the same by pricing the exposure as well as incremental provisioning as under –

a. Method to ascertain the amount of Unhedged Foreign Currency Exposure (UFCE):

The amount of UFCE of the constituents is measured by obtaining the periodical information from the clients having exposure of Rs. 10.00 crore and above. For this purpose, items maturing or having cash flows over the period of next five years only are considered. Further, items which are effective hedges, financial hedge and / or natural hedge, of each other are set off. (Financial hedge through a derivative contract (e.g. Forward Cover) and Natural hedge may be considered when cash flows arising out of the operations of the company offset the risk arising out of the Foreign Currency Exposure. For the purpose of computing UFCE, an exposure may be considered naturally hedged if the offsetting exposure has the maturity/cash flow within the same accounting year).

b. Method to estimate the extent of likely loss:

The loss to the entity in case of movement in exchange rate is calculated using the annualised volatilities. For this purpose, largest annual volatility seen in the rates during the period of last ten years is taken as the movement of the rate in the adverse direction.

c. Method to estimate the riskiness of unhedged position and provide appropriately:

The likely loss / EBID so arrived at is taken as the base, as per which consolidated UFCE on behalf of the constituents is calculated, based on the model specified by the Bank. Such exposure is subjected to additional provisioning and also incremental capital requirement.

Further, the pricing to such constituents is accordingly re-priced based on the risk profile of the borrower by loading an appropriate premium to cover the UFCE.

8.6 Unsecured Advances:

Unsecured advances include Rs. 2404.12 crore (Rs. 1681.56 crore) as on 31.03.2021 which is collaterally secured by intangible securities such as charge over the rights, licenses, authorities etc. The estimated value of such intangible collateral is Rs. 2253.50 crore (Rs. 1782.43 crore) as on 31.03.2021.

Claims pending and to be preferred with ECGC amounting to Rs 97.92 Crore (Rs. 97.92 Crore) have been considered as realizable for the purpose of computing provision.

15. The outbreak of COVID-19 pandemic continues to spread across the globe and India resulting in significant volatility in the global and Indian economy. The extent to which the COVID-19 pandemic will impact the Bank's result will depend on future development which are highly uncertain including among other things any new information concerning the severity of the new strains of the COVID-19 pandemic and action to contain its spread or mitigate impact including further stimulus and regulatory packages, if any. While there has been an improvement in the economic activity since the easing of the lockdown measures, the slowdown may lead to a rise in the number of customer defaults and resultant increase in the provisions there against.

16. In accordance with the instructions in RBI circular dated April 7, 2021 the Bank is required to refund / adjust 'interest on interest' to all the borrowers including those who had availed of working capital facilities during the moratorium period, irrespective of whether moratorium had been fully or partially availed, or not availed. As required by the RBI notification, the methodology for calculation of such 'interest on interest' has been circulated by the Indian Banks' Association (IBA). The bank is in the process of suitably implementing this methodology. As at March 31, 2021, the Bank has made an adhoc provision of Rs. 65.00 Crores, estimating the liability towards interest relief, by reducing the same from interest income and crediting to Other Liabilities, pending refund / adjustment of the same to the individual Borrower accounts.

17. As at March 31, 2021, the Bank holds an amount of Rs. 753.49 Cr as COVID 19 related provisions (P. Y. Rs. 75 Crores).

18. BI-Partite Agreement on Wage Revision due from 01/11/2017 was signed on 11/11/2020. During the year ended March 31 2021, the Bank made provision of Rs.439.84 Crores making total cumulative provision of Rs.652.22 Crores. Bank has started making payment of arrears in respect of wage revision and sum of Rs.447.79 Crores was paid and balance amount of Rs.204.43 Crores is payable as on March 31 2021

19. Previous year's figures have been regrouped / reclassified wherever considered necessary to make them comparable with current year's figure.

Report on Audit of the Consolidated Financial Statements

Opinion

1. We have audited the accompanying Consolidated Financial Statements of Bank of Maharashtra (the "Bank") which comprise the Consolidated Balance Sheet as at March 31, 2021, the Consolidated Profit and Loss Account and the Consolidated Cash Flow Statement for the year then ended, and Notes to the Consolidated Financial Statements including Significant Accounting Policies and other explanatory information, in which following are incorporated –
 - a. Audited Standalone Financial Statements of the Bank;
 - b. Audited Financial Statements of one Subsidiary,
 - c. Unaudited financial statements / financial information of 1 Regional Rural Bank (Associate),

The Bank together with its Subsidiary are referred to as the "Group".

2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated Financial Statements give the information required by the Banking Regulation Act, 1949 ("the Act"), the requirements of the Reserve Bank of India, in the manner so required for bank and give true and fair view in conformity with accounting principles generally accepted in India including accounting standards issued by The Institute of Chartered Accountants of India (ICAI) and give,
 - a. in case of Balance Sheet, read with the notes thereon gives true and fair view of the state of affairs of the Bank as at March 31, 2021;
 - b. the Profit and Loss Account, read with the notes thereon shows a true balance of profit for the year ended March 31, 2021 and
 - c. the Cash Flow Statement gives a true and fair view of the cash flows for the year ended March 31st, 2021.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing (SAs) issued by ICAI. Our responsibilities under those Standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group, its associate in accordance with the code of ethics issued by the ICAI together with ethical requirements that are relevant to our audit

of the Consolidated Financial Statements under the Provisions of the Act, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the code of ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Consolidated Financial Statements.

Emphasis of Matter

- We draw attention to Note no. 16 in Schedule 18 of the Consolidated Financial Statements which explains extent to which COVID-19 pandemic will impact the Bank's operations and financial results are dependent on future developments, which are highly uncertain. The Bank is continuously monitoring the economic conditions and any impact on the Bank's Operations and financial results is uncertain.

Our Opinion is not modified in respect of this matter.

Key Audit Matters

- Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Financial Statements of the current period. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the Key Audit Matters of the Bank to be communicated in our report:

S. No	Key Audit Matters	How our Audit procedures addressed the Key Audit Matters
1.	<p>Classification of Advances, Provisioning and other relevant compliance of RBI Guidelines:</p> <p>(Refer Note No. 5 of Schedule 17 of Significant Accounting Policy to the Consolidated Financial Statements)</p> <p>The Group's portfolio comprises of Net Advances of Rs. 102405 Crores as at March 31, 2021 comprising of wholesale and retail banking. As required by IRAC Norms, issued by RBI and other circulars, notification and directives issued by RBI, the Bank has classified Advances and has made appropriate provisions in accordance with such guidelines.</p> <p>Income from Advances constitutes 49.35% of Total Income. The provision in respect of Non-performing Asset is Rs. 2213.79 Crores which constitutes 15.88% of the total expenditure.</p>	<p>We have tested the design and operating effectiveness of the Key controls of the system, application, process over approval, recording, monitoring, and recovery of loans, overdue and stressed accounts, identification of NPA, Provision for NPA including verification of valuation reports of experts for primary and collateral securities based on the understanding of the prudential guidelines and overall organisational IT framework of the Bank and its communication through various circulars and reports.</p> <p>We have evaluated the Internal Controls over sanctioning, monitoring the process and account for system overrides or bypasses to controls of advances, supervisory framework such as Internal Audit, Credit Audit, Concurrent Audit, Systems Audit, as well as Internal Check, effectiveness of such framework as per the policies and procedures of the bank and in compliance with prudential guidelines.</p>

<p>The carrying value of these advances (net of provisions) may be materially misstated if, either individually or in aggregate the IRAC Norms, are not properly followed.</p> <p><u>The Bank has significant Credit Risk</u> Exposure to a large number of borrowers across a wide range of borrowers, products, industries and there is a high degree of complexity, uncertainty, judgement involved in recoverability of Advances, estimation of provisions thereon and identification of accounts to be written off. If such prudential guidelines are not followed by the Bank the profit for the year and the net advances position will be materially misstated. Hence we consider this as a Key Audit Matter.</p>	<p>We have tested samples of Performing Assets and assessed the application of IRAC Norms, as prescribed by RBI, individually to ensure compliance of the same. Also reviewed approval of sanctions against Bank's credit Policy and performance of Credit Assessments and controls.</p> <p>Examined early warning signal reports, other exceptional reports generated by the Bank for the purpose of identifying potential NPA and steps taken for monitoring of such accounts including red flagged accounts to overcome assessed risks and ensure effective implementation of risk management and related controls.</p> <p>We have adopted a framework of carrying out detailed verification of corporate wholesale (including Consortium, Pool Buyout and other large borrowers) by way of review of collateral documents including valuation reports, due diligence report, servicing Agreement, deed of assignment, JLA and External Credit rating reports to assess and focus on larger exposures of the Bank and mitigating the areas of emerging risk. We have discussed with the Senior Management and performed our own assessment including internal and external macroeconomic factors and testing the timelines and the accuracy of risk assessment and risk grading against the Bank's lending policies, IRAC Norms and in accordance with Government Policies.</p> <p>We have examined the Retail advances portfolio of the Bank on sampling basis to ensure effective monitoring and implementation of IRAC norms including income recognition, provisioning for such loans. The Bank has adopted Loan Life Cycle Management System for retail loans which effectively monitors, controls, the retail portfolio of the Bank and is tested for its effective implementation and performance. We have also tested the completeness and accuracy of the data from the underlying source systems, tested the automated calculation and evaluated the bank's oversight of the portfolio.</p>
---	--

		<p>We have reviewed the Bank's process for granting moratorium and restructuring to borrowers as per the Regulatory Package announced by RBI. We tested the completeness and accuracy of data used for computing general provisions in line with regulatory package issued by RBI. With respect to additional provision made by the Bank on account of the impact of COVID 19 pandemic, we broadly reviewed the underlying assumptions and estimates used by the management for the same but as the extent of impact is dependent on future developments which are highly uncertain, we primarily relied on those assumptions and estimates, which are subject matter of periodic review by the Bank.</p> <p>We have examined the adequacy and appropriateness of disclosures against the relevant RBI requirements relating to NPA and applicable Accounting Standards required to be made in accordance with Banking Regulation Act and RBI Circulars.</p> <p>We have also placed reliance on the Audit reports of the other Statutory Branch Auditors, with whom we have made specific communications.</p>
2.	<p>Classification and Valuation of Investments:</p> <p>(Refer Note No. 4 of Schedule 17 of Significant Accounting policy to the Consolidated Financial Statements)</p> <p>Investments are classified into Held for Trading (HFT), Available for Sale (AFS) and Held to Maturity (HTM) categories at the time of purchase. Investments intended to be held till maturity are classified as HTM Investments. Classification of Investments, valuation and provisioning thereof are based on RBI guidelines.</p> <p>Compliance of Investment Portfolio as per guidelines issued by RBI is mandatory and involves management judgement in determining the value of bonds, debentures and other securities based on the policy and the model adopted by the Bank.</p>	<p>We have tested the design, implementation and operating effectiveness of management's key internal controls of the Bank towards classification, valuation process, independent price verification, including the Bank's review and approval of the estimates and assumptions used for the valuation including key authorisation and data input controls.</p> <p>We have examined the investment agreement / term sheet entered into during the current year, on a sample basis, to understand the relevant investment terms and identify any conditions that were relevant to the valuation of financial instruments.</p> <p>Our Audit approach towards Investment Portfolio of the bank is based on compliance and requirements of RBI circulars and directives in relation to valuation, classification, identification of Non Performing Investments, Provision for</p>

<p>Impact of Impairment assessment is having a overall significance to the financial results of the Bank.</p> <p>Interest Income from Investment of the Bank comprises 28.65% of the total income in view of these significant points including assessment of non performing Investments and provisions we have identified this aspect as a Key Audit Matter.</p>	<p>Investments and relevant policies and procedures adopted by the Bank including effective implementation of Internal control system and related process.</p> <p>We tested accuracy and completeness of adoption of RBI guidelines and directions by reperforming valuations for each category of the securities. Various sampling techniques were adopted to ensure coverage of risk weighted Investments based on the nature of security and were tested for its carrying value in the Financial Statements of the Bank.</p> <p>We have verified the non performing investments of the bank by the method of independent verification of provisions and depreciation in accordance with RBI guidelines and confirmed the compliance of such guidelines. We have reviewed the application / conversion of interest / principal towards a separate List of Investments and checking whether these Investments are classified as NPI. The samples selected for the same covers the majority categories of Investments to cover the material impact on the income of the Bank.</p> <p>We have verified Investment portfolio of AFS and HFT on sample basis and performed various substantive analytical procedures in determination of Income, gain / loss on sale and tracked the controls implemented by the Bank through credit / debit in the profit and loss account.</p> <p>We have tested the portfolio of HTM and made detailed verification of transaction of purchase / sale of such HTM and controls implemented by the TIBD in recognizing the profit / loss to profit and loss account and subsequent appropriation to Capital Reserve Account.</p> <p>We have examined the adequacy and appropriateness of depreciation and Impairment of each category of Investment and recomputed the provision to be maintained in accordance with the RBI Guidelines and ensured that adequate disclosures have been made in Notes to Accounts.</p>

3.	<p>Information Technology Systems and Control Framework:</p> <p>The Banks key business objective is determined evaluated, controlled, monitored, implemented through complex IT architecture to support high volume of business operation by automation and application which are significant towards Banking business and plays a major role as a backbone in achieving the Business Objective.</p> <p>The Bank's financial accounting process in respect of recognition of Income, classification of Assets through IRAC Norms and evaluating the performance of the Bank and producing the desired output through various application and other IT general controls to ensure the required business Output and helps us to arrive at the Audit conclusion to ensure quality performance Financial & Accounting Processes.</p> <p>We have identified various application and control framework in implementing various products and schemes which covers majority of Bank's business and hence we consider Information Technology Systems and Control as a Key Audit Matter.</p>	<p>Information Technology forms an integral part of operating requirements of the Bank by way of various applications, general, software controls and requires understanding of various systems and procedures in evaluating the Risk based and business centric requirements of the Bank.</p> <p>We have reviewed the various IT policies and procedures including user management, change management, system security, incident management, physical and environment security, standard operating procedures, Segregation of duty, BCP, DRP, service level agreements, security policies to ensure these are in line with business requirements of the Bank and to comply with government and RBI regulations.</p> <p>We have adopted various techniques such as enquiry, review of documentation, record, reports, observation, and re performance of various application controls by taking adequate samples of instances for our test. We have also tested validation checks using negative testing technique.</p> <p>We have tested various compensating controls and performed alternate procedures which were necessary and gathered a comprehensive understanding of IT applications landscape implemented by the Bank. It was followed by process understanding mapping of application to the same and understanding financial risk posed by people, process and technology.</p> <p>We have also assessed areas including password policies, security configuration, system interface controls over changes to applications and databases and that business users and controls to ensure that developers and production support did not have access to change applications, the operating systems or databases in the production environment to ensure proper segregation of duties is in place as per the SOP.</p> <p>We have tested certain critical aspects of cyber security on network security management mechanism, operational</p>
----	---	--

		<p>security of key information infrastructure, data and client information management, monitoring and emergency management, through certain data drill conducted by the Management and scrutinised by us and comparing the required results.</p> <p>We have also assessed the requirement of the implementation of Business Continuity Plan initiated by the Bank due to impact of COVID -19 pandemic and ensured sustainability and growth under COVID -19 circumstances.</p> <p>We have verified the testing report carried out by the Management on risk of implementation of security control in a more holistic, comprehensive way, ensuring that all business decisions are based on proper Risk assessment and management considering the overall effect of uncertainties on the Bank's Objective.</p>
4.	<p>Provisions and Contingent Liability:</p> <p>Assessment of Provisions and Contingent Liability in respect of certain litigations on various claims filed by other parties not acknowledged as debt (Note No. 11 of Schedule 17)</p> <p>There is high level of judgement required in estimating the level of provisioning. The Bank's assessment is supported by the facts of matter, their own judgement, past experience, and advice from legal and independent experts wherever considered necessary. Accordingly, unexpected adverse outcomes may significantly impact the Bank's reported profit and state of affairs presented in Balance Sheet.</p> <p>We determined the above area as a Key Audit Matter in view of associated uncertainty relating to outcome of these matters which requires application of judgement in interpretation of Law.</p>	<p>We have obtained an understanding of Internal Controls relevant to the audit in order to design our audit procedures that are appropriate in the circumstances.</p> <p>Understanding the current status of the litigations / tax assessments. Examining recent orders and communications received from various tax authorities / judicial forums and follow up actions thereon;</p> <p>Evaluated the merit of the subject matter under consideration with reference to the grounds presented therein and available independent legal / tax advice including opinion of experts. Review and analysis of evaluation of the contentions of the Bank through discussions, collection of details of the subject matter under consideration, the likely outcome and consequent potential outflows on those issues.</p> <p>Verified the disclosures related to significant litigations and taxation matters.</p> <p>Accordingly, our audit was focused on analysing the facts of subject matter under consideration and judgements / interpretation of law involved.</p>

5.	<p>Modified Audit Procedures carried out in light of COVID-19 outbreak:</p> <p>In view of the COVID-19 pandemic, lockdown and travel restrictions imposed by Central / State Government / Local Authorities during the period of our audit, the Bank facilitated carrying out audit remotely as physical access was prohibited, therefore audit could not be conducted by visiting the premises of many Branches / Zones / HO of the bank. As we could not obtain audit evidence in person / physically and personal interactions with the officials at the Branches / Zone / Head Office, accordingly our Audit procedures were modified to carry out the Audit remotely.</p> <p>We have identified such modified Audit Procedure as Key Audit Matter.</p>	<p>Due to the COVID-19 Pandemic, we carried out modified audit procedures to obtain reasonable assurance to form an audit opinion. To carry out modified audit procedure, the Bank has made available to us a customized intranet portals hosted on Bank's network enabling us to access reports and documents we sought necessary for the purpose of Audit.</p> <p>Our modified audit procedure included;</p> <ol style="list-style-type: none"> 1. Conducted verification of necessary records / documents / CBS and other application software electronically through remote access / emails in respect of some of the Branches / zones of the Bank wherever physical access was prohibited due to COVID-19. 2. Obtained and carried out verification of scanned copies of documents, deeds, certificates, and other related records. 3. Made enquiries to obtain necessary audit evidence through video conferencing, dialogues, and discussions over phone calls / conference calls, emails, and similar communication channels. 4. Resolved our audit observations telephonically / through email instead of a face-to-face interaction with the designated officials.

Information other than the Consolidated Financial Statements and Auditors' Report thereon

6. The Bank's Board of Directors is responsible for other information. The other information comprises the information other than Consolidated Financial Statements and our Auditors' Report thereon and the Pillar III disclosure under the Basel III disclosures.

Our opinion on the Consolidated Financial Statements does not cover the other information and Pillar III disclosures under Basel III Disclosures we do not express any form of assurance conclusion thereon.

In connection with our Audit of the Consolidated Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the Other Information, if we conclude that there is material misstatement therein, we are required to communicate the matters to 'Those charged with Governance'.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

7. The Bank's Board of Directors is responsible with respect to the preparation of these Consolidated Financial Statements that give a true and fair view of the Consolidated financial position, Consolidated financial performance and Consolidated cash flows of the Group including its associate in accordance with the accounting principles generally accepted in India and in accordance with the Accounting Standard 21- "Consolidated Financial Statements", and Accounting Standard 23 - "Accounting for Investment in Associates in Consolidated Financial Statements", issued by Institute of Chartered Accountants of India, and provisions of Section 29 of the Banking Regulation Act, 1949 and circulars and guidelines issued by the Reserve Bank of India ('RBI') from time to time. The respective Board of Directors of the entities included in the group and its associate are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of presentation of the Consolidated Financial Statements by the Directors of the Bank, as aforesaid .

In preparing the Consolidated Financial Statements, the respective Board of Directors of the entities included in the Group and its associate are responsible for assessing the ability of the Group and its associate to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the entities included in the Group and of the associate is also responsible for overseeing the Financial Reporting process of the Group and its associate.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

8. Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group and its associate's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group and its associate to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities of the Group and its associate to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the audit of the Financial Statements of such entity included in the Consolidated Financial Statements of which we are the independent auditors. For the other subsidiary entity and associate included in the Consolidated Financial Statements, which have been audited by other auditor and the unaudited financials approved by management of the associate, such other auditor and the management of the associate remains responsible for direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the Consolidated Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of Consolidated Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our Audit work and evaluating the results of our work; and (ii) to evaluate the effect of identified misstatements in the Consolidated Financial Statements.

We communicate with Those charged with governance of the Bank included in the Consolidated Financial Statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide Those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with Those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current period and are therefore the key audit matters.

We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

9. We did not audit the Financial Statements / information of 1007 branches included in the Consolidated Financial Statements of the Bank whose Financial Statements / financial information reflect total advances of Rs. 58,487.62 Crores as at March 31, 2021 and total revenue of Rs. 4,284.18 Crores for the year ended on that date, as considered in the Consolidated Financial Statements. The Financial Statements / information of these branches have been audited by the Statutory branch auditors whose reports have been furnished to us, and in our opinion in so far as it relates to the amounts and disclosures included in respect of branches, is based solely on the report of such Statutory branch auditors. Further we did not audit the Financial Statements of 903 branches included in the Consolidated Financial Statements of the Bank whose Financial Statements reflect total assets of Rs. 16,541.77 Crores as at March 31, 2021 and total revenue of Rs. 970.19 Crores for the year ended on that date as considered in the Consolidated Financial Statements have been drawn by the management.

BANK OF MAHARASHTRA
2020-21
SCHEDULE 17 – SIGNIFICANT ACCOUNTING POLICIES

(ANNEXED TO AND FORMING PART OF THE CONSOLIDATED ACCOUNTS FOR THE YEAR
ENDED 31ST MARCH 2021.)

1. Basis of Preparation of Financial Statements:

1.1 The financial statements are prepared under the historical cost conventions except as otherwise stated and conform to the Generally Accepted Accounting Principles (GAAP) which include statutory provisions, practices prevailing within the Banking Industry in India, the regulatory/ Reserve Bank of India ("RBI") guidelines, applicable Accounting Standards/ Guidance Notes issued by the Institute of Chartered Accountants of India (ICAI).

1.2 Use of Estimates

The preparation of financial statements requires the management to make estimates and assumptions considered in the reported amount of Assets and Liabilities (including contingent liabilities) as of the date of financial statements and reported income and expenses for the period under report. Management is of the view that the estimates used in the preparation of financial statements are prudent and reasonable. Future results could differ from these estimates. Any revisions to the accounting estimates shall be recognized prospectively unless otherwise stated.

1.3 The Consolidated Financial Statements have been prepared in accordance with Accounting Standard 21 – "Consolidated Financial Statements" and Accounting Standard 23 – "Accounting for Investments in Associates in Consolidated Financial Statements", issued by the Institute of Chartered Accountants of India.

1.4 Revenue and costs are accounted for on accrual basis except as stated in para 7.1 below.

1.5 The accounting policies with regard to Revenue Recognition, Investments and Advances in relation to Banking Business are in conformity with the prudential norms issued by the Reserve Bank of India from time to time.

1.6 The financial statements of the subsidiary and associate considered in preparation of Consolidated Financial Statement are drawn up to 31st March 2021.

2. Principles of Consolidation:

A. Parent Entity: The Financial Statements are consolidated for Bank of Maharashtra, the parent entity and its subsidiary along with associated enterprise as follows.

B. Related Entity:

The following subsidiary has been consolidated as per Accounting Standard 21 – "Consolidated Financial Statement".

Name of the company	Country / Residence	Relationship	Ownership Interest
The Maharashtra Executor & Trustee Co. Pvt. Ltd. (hereafter referred to as "METCO")	India	Wholly Owned Subsidiary	100%

The following associate enterprise has been accounted for under the Equity Method as per Accounting Standard 23 – "Accounting for Investments in Associates in Consolidated Financial Statements"

Name of the company	Country / Residence	Relationship	Ownership Interest
Maharashtra Gramin Bank (sponsored by Bank of Maharashtra)	India	Associate Enterprise	35%

C. Basis of Preparation of Consolidated Financial Statements & its impact

The Consolidated Financial Statements of the Group have been prepared on the basis of :-

- Audited financial statement of Bank of Maharashtra.
- Line by line aggregation of each item of asset/ liability/ income/ expense of the subsidiary with the respective item of the Parent, and after eliminating all material intra-group balances/transactions in accordance with Accounting Standard 21 – "Consolidated Financial Statements" issued by ICAI.
- Accounting for investment in 'Associates' under the 'Equity Method' as per AS 23 "Accounting for Investments in Associates in Consolidated Financial Statements" issued by the ICAI. The excess of carrying cost of bank's investment in associate is recognized in the financial statements as goodwill.
- The difference between cost to the group of its investment in the subsidiary entities and the group's portion of the equity of the subsidiaries is recognised in the financial statements as goodwill / capital reserve.

The subsidiary has used accounting policies other than those adopted by the Bank in certain cases for like transactions & events in similar circumstances. No adjustments have been made to the financial statements of the subsidiary, when they are used in preparing the consolidated financial statements. However, the proportion of the items in the consolidated financial statements to which the different accounting policies are applied by the subsidiary is insignificant.

The financial statements of the subsidiary have been regrouped with that of the parent bank, wherever necessary.

3. Foreign Exchange Transactions:

3.1 The foreign currency transactions are translated at the weekly average closing rates for the preceding week as published by Foreign Exchange Dealers' Association of India (FEDAI). Revaluation of foreign currency assets and liabilities as on Balance Sheet date is done at the closing exchange rate published by FEDAI and the resultant profit/loss is accounted for in the Profit & Loss Account.

3.2 Outstanding Forward Foreign Exchange Contracts are stated at contracted rates and revalued/ marked to market as on quarterly basis and on Balance Sheet date at the exchange rates published by FEDAI for specified maturities by discounting the same at the applicable MIFOR rate published by Fixed Income Money Market and Derivatives Association of India [FIMMDA] - Reuter, i.e. on PV01 basis. The resulting profit/loss, on revaluation, is recognized in the Profit & Loss Account in accordance with RBI / FEDAI guidelines and the effect is taken to "Other Assets" in case of gain or to "Other Liabilities" in case of loss.

3.3 Contingent Liabilities on account of Guarantees and Letters of Credit issued in foreign currency are stated in the Balance Sheet at the closing exchange rates published by FEDAI.

3.4 Credit exposure of the un-hedged foreign currency exposure, if any, of the constituents shall attract provisioning and capital requirements as per RBI guidelines.

4. Investments:

As per Reserve Bank of India guidelines, the investments are classified and valued as under:

4.1 Investments are classified in the following categories:

- Held to Maturity (HTM)
- Available for sale (AFS)
- Held for trading (HFT)

4.2 All the investments are further classified in the following six baskets in conformity with the requirement of Form-A of Third Schedule to the Banking Regulation Act, 1949:

- Government Securities
- Other approved Securities
- Shares
- Debentures and Bonds
- Subsidiaries and Joint Ventures
- Others (Commercial Papers, Mutual Fund Units etc.)

4.3 Bank decides the category of each investment at the time of acquisition and classifies the same accordingly. Shifting of securities from one category to another, other than shifting / transfer from HFT to AFS category, is done once in a year with the approval of Board of Directors, at the least of acquisition cost / book value / market value on the date of shifting. The depreciation, if any, on such shifting is provided for and the book value of the security is adjusted accordingly. The transfer of securities from one category to another is made as per permission from or guidelines of RBI. Transfer / shifting of investments from HFT to AFS category will be executed under exceptional circumstances, like not being able to sell the securities within 90 days due to tight liquidity conditions, or extreme volatility, or market becoming unidirectional.

4.4 REPO / Reverse REPO

The Bank has adopted the Uniform Accounting Procedure prescribed by the RBI for accounting of market Repo and Reverse Repo transactions. Repo and Reverse Repo transactions are treated as Collateralized Borrowing / Lending Operations with an agreement to repurchase on the agreed terms. Securities sold under Repo are continued to be shown under investment and Securities purchased under Reverse Repo are not included in investment. Outstanding Repo / Term Repo is disclosed as borrowing and outstanding Reverse Repo is disclosed as lending. Costs and revenues are accounted for as interest expenditure / income, as the case may be.

4.5 Cost of investments is determined on the basis of Weighted Average Price method.

Interest paid for broken period / interest received for broken period at the time of purchase / sale of fixed income securities is treated as revenue expenditure / income.

Brokerage / incentive received / paid at the time of purchase/sale of investment is deducted / added from the amount of investment.

4.6 Valuation of investments:

a. Held to Maturity:

- Securities under the category 'Held to Maturity' are valued at weighted average acquisition cost. Wherever the cost of security is higher than the face value, the premium is amortized over the remaining period of maturity on straight line basis. In case of investments, where the cost price is less than the face value, the difference is ignored.

- In case of investments in subsidiaries and joint ventures permanent diminution in value is recognized and provided for; investment in RRB is valued at carrying cost.
- On sale of investments in this category (a) the net profit is initially taken to profit and loss account and thereafter such profit net of applicable taxes and proportionate transfer to statutory reserve is appropriated to the 'Capital Reserve account'; and (b) the net loss is charged to the Profit & Loss Account.

b. Available for Sale:

The individual securities under this category are marked to market on a quarterly basis and on each balance sheet date. Central/ State Government securities are valued at market rates declared by FIMMDA. Other approved securities, debentures and bonds are valued as per the yield curve, average credit spread rating and methodology suggested by FIMMDA. Quoted shares are valued at market rates. Unquoted shares are valued at break-up value ascertained from the latest available Balance Sheet i.e. Balance Sheet of immediate preceding year and in case the latest Balance Sheet is not available, the same is valued at Re.1/- per company / scrip.

Investments in discounted instruments, viz. Treasury Bills, Certificate of Deposits, Commercial Papers, Zero Coupon Bonds are valued at carrying cost. Mutual Fund Instruments are valued at market rate or repurchase price or net asset value in that order depending on their availability. Investments in Security Receipts (SRs) / Pass Through Certificates (PTCs) issued by Asset Reconstruction Companies (ARCs) in respect of financial assets sold to ARCs are carried at lower of redemption value and net book value (i.e. book value less provision held) of the financial assets.

Based on the above valuation under each of six-sub classifications under 'Available for Sale':

- If it results in appreciation, the same is ignored.
- If it results in net depreciation, the same is charged to Profit & Loss account and credited to Provision for Depreciation on Investments (AFS) in the liability side.
- The book value of securities is not changed in respect of marked to market (MTM) except as required by the RBI guidelines.
- Profit or Loss on sale of investment in this category is accounted for in the Profit and loss account.

c. Held for Trading:

- The individual securities under this category are held at original cost and are marked to market every month and each balance sheet date. Central/ State Government securities are valued at market rates declared by FIMMDA. Other approved securities, debentures and bonds are valued as per the yield curve; average credit spread rating and methodology suggested by FIMMDA. Quoted Shares are valued at market rates.
- Investments in discounted instruments, viz. Treasury Bills, Certificate of Deposits, Commercial Papers, Zero Coupon Bonds are valued at carrying cost. Mutual Fund Instruments are valued at market rate or repurchase price or net asset value in that order depending on their availability. Investments in SRs / PTCs issued by ARCs in respect of financial assets sold to ARCs are carried at lower of redemption value and net book value (i.e. book value less provision held), of the financial assets.

- iii. Net basket-wise depreciation if any, is charged to Profit & Loss Account and credited to Provision on Depreciation on Investment (HFT) under liability. Net appreciation, if any is ignored. The book value of the securities is not changed after revaluation except as required by the RBI guidelines.
- iv. Profit or loss on sale of investment in this category is accounted for in the Profit & Loss Account.
- d. Classification of and provisions on investments, including on restructured investments, are made in accordance with the prudential norms prescribed by and guidelines of RBI from time to time.
- e. Costs such as brokerage, fees, commission, taxes etc. incurred at the time of acquisition of securities are capitalized

4.7 Derivatives:

f. Interest Rate Swaps:

i. Valuation:

- a. **Hedging Swaps:** Interest Rate Swaps for hedging assets and liabilities are not marked to market.
- b. **Trading Swaps:** Interest Rate Swaps for trading purpose are marked to market.

ii. Accounting of income on derivative deals:

- a. **Hedging Swaps:** Income is accounted for on realization basis. Expenditure, if any, is accounted for on accrual basis, if ascertainable.
- b. **Trading Swaps:** Income or expenditure is accounted for on realization basis on settlement date.

iii. Accounting of gain or loss on termination of swaps:

- a. **Hedging Swaps:** Any gain or loss on the terminated swap is recognized over the shorter of (a) the remaining contractual life of the swap or (b) the remaining life of the asset/ liability.
- b. **Trading Swaps:** Any gain or loss on terminated swap is recognized as income or expenditure in the year of termination.

4.8 Investment Fluctuation Reserve:

As per RBI circular number RBI/2017-18/147 DBR.No.BP BC .102/21.04.048/2017-18 dated April 2, 2018, Investment Fluctuation Reserve (IFR) is created to build up of adequate reserves to protect the bank against increase in yields with effect from FY 2018-19.

Transfer to IFR is lower of the following –

- a. Net profit on sale of Investments during the year or
- b. Net profit for the year less mandatory appropriations, until the amount of IFR is at least 2 percent of the HFT and AFS portfolio, on a continuing basis

5. Advances:

- 5.1 Advances shown are net of write offs, provisions made for non-performing assets, claims settled with the credit guarantee institutions, provision for diminution in fair value for restructured advances and bills rediscounted.

- 5.2 Classification of advances and provisions thereon are made in accordance with the prudential norms prescribed by and guidelines of RBI from time to time, except in respect of following category of advances, provision on NPAs are made higher than the rate prescribed by RBI -

Sub-Standard - 20%

Doubtful Assets One to three years - 50% on secured portion

- 5.3 Provision for performing assets, other than provision on standard restructured advances, is shown under the head "Other liabilities and provisions".

- 5.4 In respect of Rescheduled/ Restructured accounts, provision for diminution in fair value of restructured advances is made on present value basis as per RBI guidelines.

In respect of advances under SDR, provision is made in accordance with RBI guidelines, within a maximum period of four quarters.

- 5.5 In case of financial assets sold to Asset Reconstruction Company (ARC)/ Securitization Company (SC), if the sale is at a price higher than the NBV, the surplus is retained and utilised to meet the shortfall/loss on account of sale of other financial assets to SC/ARC. If the sale is at a price below the net book value (NBV), (i.e. outstanding less provision held) the shortfall is to be debited to the Profit and Loss account. However if surplus is available, such shortfall will be absorbed in the surplus. Any shortfall arising due to sale of NPA will be amortised over a period of two years if not absorbed in the surplus.

Excess provision arising out of sale of NPAs are reversed only when the cash received (by way of initial consideration only/or redemption of SRS/PTC) is higher than the net book value (NBV) of the asset. Reversal of excess provision will be limited to the extent to which cash received exceeds the NBV of the asset.

6. Fixed Assets and Depreciation:

- 6.1 Premises and Other Fixed Assets are carried at cost less accumulated depreciation/ amortization, except for certain premises, which were revalued and stated at revalued amount.

Cost includes cost of purchase, taxes as per GST law and all expenditure such as site preparation, installation costs and professional fees incurred on the asset before it is put to use. Subsequent expenditure(s) incurred on the assets put to use are capitalised only when it increases the future benefits from such assets or their functioning capability.

- 6.2 Depreciation on fixed assets is provided for at the rates specified below, except revalued assets where, depreciation is provided over the remaining useful life of the assets on revalued amount, so as to write down value of assets to Rupee One over the residual life of the assets.

6.4 In respect of assets acquired during the year, depreciation is provided on proportionate basis for the number of days the assets have been put to use during the year.

Similarly in respect of assets sold / discarded during the year, depreciation is provided on proportionate basis till the number of days the assets had been put to use during the year.

6.5 Eligible fixed assets are revalued once in every three years. Revalued portion of fixed assets (over and above the cost of fixed assets) is depreciated on diminishing balance method over the residual life of the assets as certified by approved valuers at the time of valuation.

Revaluation reserve pertaining to lease hold lands, is amortised on straight line method over the residual life of the lease period.

Depreciation on revalued portion of fixed assets, over and above the cost is debited to Profit & Loss account. Amount of Revaluation Reserve to the extent of depreciation related to revalued portion of fixed assets over and above the cost debited to profit & loss account is transferred to Revenue Reserve from Revaluation Reserve.

6.5 In respect of leasehold premises, the lease premium, if any, is amortised over the period of lease on SLM basis.

In case of the subsidiary:

6.7 In the case of METCO, fixed assets are stated at cost, less accumulated depreciation and impairment losses, if any. Cost includes all expenditure necessary to bring the asset to its working conditions for its intended use. Assets sold are reduced from the fixed assets and after taking effect of depreciation, profit / loss has been calculated. Depreciation is provided on the written down value basis applying new standards as per Companies Act 2013, on the basis of useful life of assets.

7. Revenue Recognition

7.1 All revenues and costs are accounted for on accrual basis except the following items, which are accounted for on cash basis:-

- Interest on Advances and Investments identified as Non-Performing Assets according to the prudential norms issued by Reserve Bank of India, from time to time.
- Income from commission viz on Guarantees, Letter of Credit, Government business, Mutual Fund business, credit & debit cards issued, Annual Maintenance Charges for cards and Locker Rent.

c. Interest for overdue period on bills purchased and bills discounted.

d. Insurance claims.

e. Remuneration on Debenture Trustee Business.

f. Processing Fees.

g. Income from Merchant Banking Operations and Underwriting Commission.

h. Transaction processing fees received on utility bill pay services through internet banking.

7.2 Pursuant to RBI guidelines, the interest payable on overdue term deposit is provided on accrual basis at saving bank rate effective from date of RBI circular dated 22.08.2008, and the balance at the time of renewal.

7.3 During the year ended March 31, 2021, the Bank has changed the method of recognizing the income from locker rent in the quarter in which it is received to method of recognizing the same proportionately over the remaining quarters of the year.

8. Employees' Benefits:

Defined Contribution Plan: The contribution paid/ payable under defined contribution benefit schemes are charged to Profit & Loss Account.

Defined Benefit Plans: All eligible employees are entitled to receive benefits under the Bank's Gratuity and Pension schemes which are valued based on the principles laid down in AS -15, Employees Benefit (Revised) issued by Institute of Chartered Accountants of India. Bank's liabilities towards defined benefit schemes are determined by way of provisions and adjusted on the basis of an actuarial valuation report provided by the Actuaries appointed by the bank and made at the end of each quarter/financial year. Actuarial gains and losses are recognized in the Profit & Loss Account.

Other Employee Benefits such as Leave fare Concession, Privilege Leave, Silver jubilee Award, resettlement allowance, and retirement benefit are provided based on Actuarial valuation.

7. Segment Reporting:

The Bank recognizes Business Segment as its Primary Segment in compliance with the RBI Guidelines and in compliance with the Accounting Standard 17 issued by ICAI.

9. Impairment of Assets

Impairment losses if any, on fixed assets including revalued fixed assets are recognized in accordance with Accounting Standard 28- Impairment of Assets issued by the ICAI and charged to Profit & Loss Account. Assets are reviewed for Impairment whenever events or changes in circumstances warrant that the carrying amount of an asset may not be recoverable.

10. Provisions, Contingent Liabilities and Contingent Assets:

As per the Accounting Standard 29-"Provisions, Contingent Liabilities and Contingent Assets" issued by ICAI, the Bank recognizes provisions only when it has a present obligation as a result of a past event not it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and when a reliable estimate of the amount of the obligation can be made.

Contingent assets are not recognized in the financial statements since this may result in the recognition of the income that may not be realized.

11. Net Profit, Provisions and Contingencies:

The Net Profit disclosed is after making the Provisions and Contingencies which include adjustment to the value of investments, write off of bad debts, provision for taxation (including deferred tax), and provision for advances including cases identified as fraud and contingencies /others.

12. Income tax:

The provision for tax for the year comprises liability towards current Income Tax, and Deferred Tax. The deferred tax asset/ liability is recognized, subject to the consideration of prudence, taking into account the timing differences between the taxable income and accounting income, in terms of the Accounting Standard 22 issued by ICAI. The effect of change in tax rates on deferred tax assets and liabilities is recognized in the Profit & Loss Account in the period of applicability of the change.

Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax assets are recognized and re-assessed at each reporting period based on management judgement as to whether their realization is considered as reasonable certain.

In cases of unabsorbed depreciation or carried forward loss under taxation laws, all deferred tax assets are recognized only if there is virtual certainty of realization of such assets supported by convincing evidence.

Interest income on refund of Income Tax is accounted for in the year; the order is passed by the concerned authority.

The demand raised by the Income Tax authorities including the interest thereon is provided for when such demand is upheld by High Court.

13. Earnings Per Share

The bank reports basic and diluted earnings per equity share in accordance with the Accounting Standard (AS-20) "Earnings Per Share" issued by ICAI. Basic Earnings per share is arrived by dividing net profit after tax by the weighted average number of equity shares outstanding for the period. The diluted earnings per equity share are computed using the weighted average number of equity shares and dilutive potential equity shares outstanding during the period.

The effect of these including the consequential impact thereof on the revenue is not ascertainable. In the opinion of the management consequential impact thereof on revenue is not material

15. Provision for fraud cases in loans and advances:

In terms of RBI guidelines, the banks are permitted to amortize the provision towards fraud cases in four quarters beginning from the date of detection of fraud and where the provision is made in two different financial years, the unprovided amount has to be charged to Revenue Reserve vide RBI circular DBR. No. BP.BC.92/21.04.048/2015-16 dated 18.04.2016 as on the relevant year end. The details of provisions for frauds made by bank are as under:

Up to the year ended 31.03.2021(No. of Cases)	During the quarter ended 31.03.2021 (No. of Cases)	Up to the year ended 31.03.2021 (Amount) of fraud	During the quarter ending 31.03.2021 (Amount) of fraud	Quantum of provision held as on 31.03.2021 (Amount)	Quantum of amortised provision debited to "Revenue Reserves" as at the year ended 31.03.2021 (Amount)

16. The outbreak of COVID-19 pandemic continues to spread across the globe and India resulting in significant volatility in the global and Indian economy. The extent to which the COVID-19 pandemic will impact the Bank's result will depend on future development which are highly uncertain including among other things any new information concerning the severity of the new strains of the COVID-19 pandemic and action to contain its spread or mitigate impact including further stimulus and regulatory packages, if any. While there has been an improvement in the economic activity since the easing of the lockdown measures, the slowdown may lead to a rise in the number of customer defaults and resultant increase in the provisions there against.

17. In accordance with the instructions in RBI circular dated April 7, 2021 the Bank is required to refund / adjust 'interest on interest' to all the borrowers including those who had availed of working capital facilities during the moratorium period, irrespective of whether moratorium had been fully or partially availed, or not availed. As required by the RBI notification, the methodology for calculation of such 'interest on interest' has been circulated by the Indian Banks' Association (IBA). The bank is in the process of suitably implementing this methodology. As at March 31, 2021, the Bank has made an adhoc provision of Rs. 65.00 Crores, estimating the liability towards interest relief, by reducing the same from interest income and crediting to Other Liabilities, pending refund / adjustment of the same to the individual Borrower accounts.

18. As at March 31, 2021, the Bank holds an amount of Rs. 753.49 Cr as COVID 19 related provisions (Rs. 75 Cr as at 31-03-2020).

19. Other significant Notes on Accounts.

The "Notes on Accounts" as set out in the standalone financial statements of the bank are also applicable to Consolidated Financial Statement.

20. Previous year's figures have been regrouped / reclassified wherever considered necessary to make them comparable with current year's figures.

We acknowledge and agree that we shall not make any payment in cash or cheque. We are aware that (i) Allocation and Allotment in the Issue shall be at the sole and absolute discretion of the Bank, in consultation with the HDFC Bank Limited, BOB Capital Markets Limited, IDBI Capital Markets & Securities Limited, Motilal Oswal Investment Advisors Limited and Systematix Corporate Services Limited ("BRLMs"); and (ii) in the event that Equity Shares that we have applied for are not Allotted to us in full or at all, and/or the Bid Amount is in excess of the amount equivalent to the product of the Equity Shares that will be Allocated to us and the Issue Price, or the Bank is unable to issue and Allot the Equity Shares offered in the Issue or if there is a cancellation of the Issue, the Bid Amount or a portion thereof, as applicable, will be refunded to the same bank account from which the Bid Amount has been paid by us. Further, we agree to comply with the rules and regulations that are applicable to us, including in relation to the lock-in and transferability requirements. In this regard, we authorize the Bank to issue instructions to the depositories for such lock-in and transferability requirements, as may be applicable to us.

By signing and submitting this Application Form, we hereby confirm and agree (i) that the representations, warranties, acknowledgements and agreements as provided in the sections "Notice to Investors", "Representations by Investors", "Issue Procedure", "Selling Restrictions" and "Transfer Restrictions" of the PPD (ii) and the terms, conditions and agreements mentioned herein, are true and correct and acknowledge and agree that these representations and warranties are given by us for the benefit of the Bank and the BRLMs, each of which is entitled to rely on and is relying on these representations and warranties in consummating the Issue.

By signing and submitting this Application Form, we hereby represent, warrant, acknowledge and agree as follows: (1) we have been provided a serially numbered copy of the PPD along with the Application Form, have read it in its entirety including in particular, the section "Risk Factors" therein and we have relied only on the information contained in the PPD and not on any other information obtained by us either from the Bank, the BRLMs or from any other source, including publicly available information; (2) we will abide by the PPD and the Placement Document, this Application Form, the CAN and the terms, conditions and agreements contained therein; (3) that if Equity Shares are Allotted to us pursuant to the Issue, we shall not sell such Equity Shares otherwise than on the floor of a recognised stock exchange in India for a period of one year from the date of Allotment and in compliance with the restrictions included in the section titled "Transfer Restrictions and Purchaser Representations" in the PPD; (4) we will not have the right to withdraw our Bid or revise our Bid downwards after the Bid/Issue Closing Date; (5) we will not trade in the Equity Shares credited to our beneficiary account maintained with the Depository Participant until such time that the final listing and trading approvals for the Equity Shares are issued by the Stock Exchanges; (6) Equity Shares shall be Allocated and Allotted at the sole and absolute discretion of the Bank in consultation with the BRLMs and the submission of this Application Form and payment of the corresponding Bid Amount by us does not guarantee any Allocation or Allotment of Equity Shares to us in full or in part; (7) the number of Equity Shares Allotted to us pursuant to the Issuetogether with other Allottees that belong to the same group or are under common control , as us, shall not exceed 50% of the Issue. For the purposes of this representation: The expression Eligible QIBs 'belong to the same group' shall derive meaning from Regulation 180(2) of the SEBI ICDR Regulations i.e. entities where (i) any of them controls, directly or indirectly, through its subsidiary or holding company, not less than 15% of the voting rights in the other; (ii) any of them, directly or indirectly, by itself, or in combination with other persons, exercise control over the others; or (iii) there is a common director, excluding nominee and independent directors, amongst the Eligible QIBs, its subsidiary or holding company and any other Eligible QIB; and 'control' shall have the same meaning as is assigned to it under Regulation 2(1)(e) of the SEBI Takeover Regulations; (8) We agree to accept the Equity Shares applied for, or such lesser number of Equity Shares as may be Allocated to us, subject to the provisions of the Banking Companies

Act, the Banking Regulation Act, the Bank of Maharashtra Regulations and the Nationalised Banks Scheme, other applicable laws and regulations, the terms of the PPD and the Placement Document, this Application Form, the CAN upon its issuance and the terms, conditions and agreements mentioned therein and request you to credit the same to our beneficiary account with the Depository Participant as per the details given below.

We acknowledge that the Equity Shares have not been and will not be registered under the U.S. Securities Act, and may not be offered or sold within the United States except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable state securities laws. By submitting this Application Form and checking the applicable box above, we hereby represent that we are located outside the United States and purchasing the Equity Shares in an “offshore transaction” as defined in, and in reliance on, Regulation S and in reliance on the applicable laws of the jurisdiction where those offers and sales are made.

By signing and submitting this Application Form, we further represent, warrant and agree that we have such knowledge and experience in financial and business matters that we are capable of evaluating the merits and risks of the prospective investment in the Equity Shares and we understand the risks involved in making an investment in the Equity Shares. No action has been taken by us or any of our affiliates or representatives to permit a public offering of the Equity Shares in any jurisdiction. We satisfy any and all relevant suitability standards for investors in Equity Shares, have the ability to bear the economic risk of our investment in the Equity Shares, have adequate means of providing for our current and contingent needs, have no need for liquidity with respect to our investment in Equity Shares and are able to sustain a complete loss of our investment in the Equity Shares. We acknowledge that once a duly filled Application Form is submitted by an Eligible QIB, whether signed or not, and the Bid Amount has been transferred to the Escrow Account, such Application Form constitutes an irrevocable offer and cannot be withdrawn or revised downwards after the Issue Closing Date. In case Bids are being made on behalf of an Eligible QIB and this Application Form is unsigned, we confirm that we are authorized to submit this Application Form and provide necessary instructions for transfer of the Bid Amount to the Escrow Account, on behalf of the Eligible QIB.
