PRESENTATION OF FINANCIAL, INDUSTRY AND MARKET DATA

All references to India are to the Republic of India and all references to the Government” are to the Government of India.

FINANCIAL DATA

Unless stated otherwise, the financial data included in this Draft Prospectus are extracted from the Restated Financial Statements of our Company, prepared in accordance with the applicable provisions of the Companies Act, Indian GAAP and the SEBI (ICDR) Regulations, as stated in the report of our Peer Review Auditor, set out in the chapter titled “*Financial Information*” beginning on page 182 of this Draft Prospectus. Our restated financial statements are based on our audited financial statements prepared in accordance with Indian GAAP and the Companies Act, and have been restated in accordance with the requirements of the SEBI (ICDR) Regulations.

Our fiscal year commences on April 1 of each year and ends on March 31 of the next year. All references to a particular fiscal year are to the 12 months’ period ended March 31 of that year. In this Draft Prospectus, any discrepancies in any table between the total and the sums of the amounts listed are due to rounding-off. All decimals have been rounded off to two decimal points.

There are significant differences between Indian GAAP, IFRS and US GAAP. The Company has not attempted to quantify their impact on the financial data included herein and urges you to consult your own advisors regarding such differences and their impact on the Company’s financial data. Accordingly to what extent, the financial statements included in this Draft Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian accounting practices / Indian GAAP. Any reliance by persons not familiar with Indian Accounting Practices on the financial disclosures presented in this Draft Prospectus should accordingly be limited.

Any percentage amounts, as set forth in "Risk Factors", "Our Business", "Management’s Discussion and Analysis of Financial Condition and Results of Operations" and elsewhere in this Draft Prospectus unless otherwise indicated, have been calculated on the basis of the Company’s Restated Financial Statements prepared in accordance with the applicable provisions of the Companies Act, Indian GAAP and the SEBI (ICDR) Regulations, as stated in the report of our Peer Review Auditor, and as set out in the chapter titled "Financial Information" beginning on page 182 of this Draft Prospectus.

CURRENCY OF PRESENTATION

In this Draft Prospectus, references to Rupees or Rs. or INR are to Indian Rupees, the official currency of the Republic of India. All references to \$, US\$, USD, U.S. \$ or U.S. Dollars are to United States Dollars, the official currency of the United States of America.

All references to million / Million / Mn refer to one million, which is equivalent to ten lakhs or ten lacs, the word Lacs / Lakhs / Lakh means one hundred thousand and Crore means ten million and billion / bn./ Billions means one hundred crores.

INDUSTRY AND MARKET DATA

Unless stated otherwise, Industry and Market data and various forecasts used throughout this Draft Prospectus have been obtained from industry sources as well as Government Publications which generally state that the information contained in those publications has been obtained from sources believed to be reliable but that their accuracy and completeness and underlying assumptions are not guaranteed and their reliability cannot be assured.

Industry Sources and the sources stated are believed to be reliable but their accuracy and completeness and underlying assumptions are not guaranteed and their reliability cannot be assured.

Although we believe that industry data used in this Draft Prospectus is reliable, it has not been independently verified by the Lead Manager or our Company or by any of their affiliates or advisors. Such data involves risks,

uncertainties and numerous assumptions and is subject to change based on various factors, including those discussed in the section titled “*Risk Factors*” beginning on page 16 of this Draft Prospectus. Accordingly, investment decisions should not be based solely on such information.

Further, the extent to which the industry and market data presented in this Draft Prospectus is meaningful depends on the reader’s familiarity with and understanding of the methodologies used in compiling such data. There are no standard data gathering methodologies in the industry in which we conduct our business, and methodologies and assumptions may vary widely among different industry sources.

FORWARD LOOKING STATEMENTS

This Draft Prospectus contains certain forward-looking statements. These forward looking statements can generally be identified by words or phrases such as aim, anticipate, believe, expect, estimate, intend, objective, plan, project, shall, will, will continue, will pursue or other words or phrases of similar meaning. Similarly, statements that describe our strategies, objectives, plans or goals are also forward-looking statements. All forward looking statements are subject to risks, uncertainties and assumptions about us that could cause actual results and property valuations to differ materially from those contemplated by the relevant forward looking statement.

Important factors that could cause actual results to differ materially from our expectations include, but are not limited to the following:

- General economic and business conditions in the markets in which we operate and in the local, regional, national and international economies;
- Changes in laws and regulations relating to the sectors/areas in which we operate;
- Increasing competition in the Industry which we operate;
- Factors affecting the Industry in which we operate;
- Our ability to meet our capital expenditure requirements;
- Fluctuations in operating costs;
- Recession in the real estate and infrastructure sector;
- Changes in political and social conditions in India, the monetary and interest rate policies of India and other countries;
- Inflation, deflation, unanticipated turbulence in interest rates, equity prices or other rates or prices;
- The performance of the financial markets in India and globally;
- Any adverse outcome in the legal proceedings in which we are involved;
- Our failure to keep pace with rapid changes in technology;
- The occurrence of natural disasters or calamities;
- Our ability to manage risks that arise from these factors;
- Failure to obtain any applicable approvals, licenses, clearances, registrations and permit in a timely manner;
- Changes in government policies and regulatory actions that apply to or affect our business;
- Other factors beyond our control;

For a further discussion of factors that could cause our actual results to differ, refer to section titled “*Risk Factors*” and chapter titled “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” beginning on pages 16 and 251 respectively of this Draft Prospectus. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual future gains or losses could materially differ from those that have been estimated.

Future looking statements speak only as of the date of this Draft Prospectus. Neither we, our Directors, Lead Manager, Underwriter, nor any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. In accordance with SEBI requirements, the LM and our Company will ensure that investors in India are informed of material developments until the grant of listing and trading permission by the Stock Exchange.

SECTION II

RISK FACTORS

An investment in our Equity Shares involves a high degree of financial risk and you should carefully consider all information disclosed in this Draft Prospectus, including the risks and uncertainties described below, before making an investment in our Equity Shares. The risk factors set forth below are not exhaustive and do not purport to be complete or comprehensive in terms of all the risk factors that may arise in connection with our business or any decision to purchase, own or dispose of the Equity Shares. This section addresses general risks associated with the industry in which we operate and specific risks associated with our Company. If any, or some combination, of the following risks actually occurs, our business, prospects, results of operations and financial condition could suffer, the trading price of our Equity Shares could decline and you may lose all or part of your investment. In making an investment decision, prospective investors must rely on their own examination of our Company and the Issue, including the merits and risks involved. Additional risks and uncertainties, whether known or unknown, may in the future have material adverse effect on our business, financial condition and results of operations, or which we currently deem immaterial, may arise or become material in the future. Unless specified or quantified in the relevant risk factors set forth below, we are not in a position to specify or quantify the financial or other risks mentioned herein. Investors are advised to read the risk factors carefully before taking an investment decision in this Issue. Investors should not invest in this Issue unless they are prepared to accept the risk of losing all or part of their investment, and they should consult their tax, financial and legal advisors about the particular consequences to you of an investment in the Equity Shares.

This Draft Prospectus also contains forward-looking statements that involve risks and uncertainties. We have described the risks and uncertainties that our management believes are material, but these risks and uncertainties may not be the only ones we face. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including events described below and elsewhere in this Draft Prospectus. Unless otherwise stated, the financial information used in this section is derived from and should be read in conjunction with Restated Financial Statements of our Company for the Fiscals 2013, 2014, 2015, 2016 and 2017 in each case prepared in accordance with Indian GAAP, including the schedules, annexure and notes thereto.

To obtain a better understanding of our business, you should read this section in conjunction with other chapters of the Draft Prospectus, including the chapters titled "Our Business" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" and section titled "Financial Information of the Company" beginning on pages 123, 251 and 182 respectively of this Draft Prospectus, together with all other financial information contained in the Draft Prospectus.

The Risk Factors have been determined on the basis of their materiality. The following factors have been considered for determining the materiality.

1. *Some risks may not be material individually but may be material when considered collectively.*
2. *Some risks may have material impact qualitatively instead of quantitatively.*
3. *Some risks may not be material at present but may have a material impact in the future.*

INTERNAL RISK FACTORS

1. ***There are certain outstanding legal processing involving our Company and Directors, Any failure to defend these proceedings successfully may have an adverse effect on our business prospects, financial condition, result of ongoing operations and reputation.***

There are certain outstanding legal proceedings involving our Company and Directors. These legal proceedings are pending at different levels of adjudication before various courts and tribunals. A classification of these legal and other proceedings are given in the following table:

(Rs. in Lakhs)		
Entity	No. of Cases	Total Outstanding Demand
Company		
<i>Litigation involving criminal laws against our Company</i>		

Entity	No. of Cases	Total Outstanding Demand
	2	No demand has been raised

	2	Not ascertainable
Litigation Involving Criminal Laws		
Mr. Raj Kumar Sabu		
	1	Not ascertainable
Other Material Pending Litigation by our Directors		
Mr. Raj Kumar Sabu		
	1	Not ascertainable

The amounts claimed in the proceeding have been disclosed to the extent ascertainable and include amounts claimed jointly and severally. We may incur significant expenses and management time in such legal proceeding. Any adverse ruling in any of the above proceedings or consequent levy of penalties by other statutory authorities may render our Company and Directors liable to penalties and may have a material adverse effect on our reputation, business, financial condition and results of operations, which could adversely affect the trading price of our Equity Shares. For further details, please refer to the chapter titled "Outstanding Litigations and Material Developments" beginning on page 267 of this Draft Prospectus.

- 2. Our Registered Office is not owned by us. The same is occupied by us on lease/leave and license basis. Disruption of our rights as licensee/ lessee or termination of the agreements with our licensors/ lessors would adversely impact our operations and, consequently, our business.***

Our Registered Office from where we operate is not owned by our Company. Our Company has been occupying the Registered Office on leasehold basis through a deed of lease entered into by our Company with our Promoter Mr. Kishan Mundra for a period of 3 years commencing from April 1, 2017 and ending on ending on March 31, 2020 at a monthly rent of Rs. 20,000. We believe that such transaction has been conducted on an arms-length basis, and there can be no assurance that our Company could not have achieved more favourable terms if had such transactions not been entered into with related parties.

We cannot assure that our Company will be able to successfully renew the said lease agreement on expiry of the lease period. Further, we cannot assure that we will not face any disruption in respect of our rights as a lessee and that such lease agreement will not be terminated prematurely by the lessee. Any such non-renewal or early termination or any disruption of our rights as lessee may require us to vacate the premises and relocate to a new premises on terms that may not be favourable to us thereby adversely affecting our business, financial conditions and results of operations.

- 3. Our Company has delayed in making the required filings under the Companies Act, 2013 and under the applicable provisions of the Companies Act, 1956 and has made rectified filings with respect to certain corporate actions. Further, our Company is not in possession of the transfer forms with respect to the***

shares of the Company.

Our Company is required to make filings under various rules and regulations as applicable under the Companies Act, 2013 and under the applicable provisions of the Companies Act, 1956, few of which have not been done within the stipulated time periods at some instances. Due to these delays in filings, our Company has on those occasions paid the requisite late fees. Further, our Company has filed rectification forms with respect to certain corporate actions undertaken by our Company. Additionally, our Company is not in possession of the transfer forms with respect to the shares of the Company and the information with respect to share transfer included in the Draft Prospectus have been determined on the basis of the minutes of the board meetings. However, the entire shareholding of our Company has been dematerialized. Although our Company has not received any show cause notice in respect of the above, such delay, non-compliance may in the future render us liable to statutory penalties and could have serious consequences on our operations. While this could be attributed to technical lapses and human errors, our Company is in process of setting up a system to ensure that the requisite filings are done appropriately and within the timelines.

4. Our business is substantially dependent on our key customers from whom we derive a significant portion of our revenues. The loss of any significant clients may have a material and adverse effect on our business and results of operations.

We derive a significant portion of our revenues from a limited number of customers. For the year ended March 31, 2017 our top 5 customers cumulatively accounted for approximately 50% of our total revenue from operations as per restated financial statements. In the event any one or more customers cease to continue doing business with us, our business may be adversely affected. The loss of such customers may be caused mainly because of competition. There may be factors other than our performance, which may not be predictable, which could cause loss of customers. Further, any significant reduction in demand for our products from our key customers, any requirement to lower the price offered by these customers, or any loss or financial difficulties caused to these customers, change in relationship with the customers could have a material adverse effect on our business, result of operations, financial condition and cash flow. While we are constantly striving to increase our customer base and reduce dependence on any particular customer, there is no assurance that we will be able to broaden our customer base in any future periods, or that our business or results of operations will not be adversely affected by a reduction in demand or cessation of our relationship with any of our major customers.

5. Our success depends largely upon the services of our Directors, Promoters and other Key Managerial Personnel and our ability to attract and retain them. Demand for Key Managerial Personnel in the industry is intense and our inability to attract and retain Key Managerial Personnel may affect the operations of our Company.

Our success is substantially dependent on the expertise and services of our Directors, Promoters and our Key Managerial Personnel. They provide expertise which enables us to make well informed decisions in relation to our business and our future prospects. Our future performance will depend upon the continued services of these persons. Demand for Key Managerial Personnel in the industry is intense. We cannot assure you that we will be able to retain any or all, or that our succession planning will help to replace, the key members of our management. The loss of the services of such key members of our management team and the failure of any succession plans to replace such key members could have an adverse effect on our business and the results of our operations. For further details of our Directors and key managerial personnel, please refer to the chapter titled "Our Management" beginning on page 150 of this Draft Prospectus.

6. If we are not successful in managing our growth, our business may be disrupted and our profitability may be reduced.

We have experienced high growth in recent years and expect our businesses to continue to grow significantly. We achieved a CAGR of 24% of revenue growth for the five year period ended March 31, 2017. Our future growth is subject to risks arising from a rapid increase in order volume, and skilled manpower. Although, we plan to continue to expand our scale of operations through organic growth, we may not grow at a rate comparable to our growth rate in the past, either in terms of income or profit.

Our future growth may place significant demands on our management and operations and require us to continuously evolve and improve our financial, operational and other internal controls within our Company. In

particular, continued expansion may pose challenges in:

- maintaining high levels of project control and management, and client satisfaction;
- recruiting, training and retaining sufficient skilled management, technical and bidding personnel;
- developing and improving our internal administrative infrastructure, particularly our financial, operational, communications, internal control and other internal systems;
- making accurate assessments of the resources we will require;
- adhering to the standards of health, safety and environment and quality and process execution to meet clients' expectations;
- preserving a uniform culture, values and work environment;
- strengthening internal control and ensuring compliance with legal and contractual obligations;
- managing relationships with clients, suppliers, contractors, investors, lenders and service providers; and
- supporting infrastructure such as IT and HR management systems.

If we are not successful in managing our growth, our business may be disrupted and profitability may be reduced. Our business, prospects, financial condition and results of operations may be adversely affected.

7. Our Order Book may be adjusted, cancelled or suspended by our clients and, therefore, our Order Book is not necessarily indicative of our future revenues or earnings. Additionally, even if fully performed, our Order Book may not be a reliable indicator of our future gross margins.

As of July 31, 2017 our unexecuted Order Book is Rs. 51,466.80 Lakhs. There can be no assurance that our Order Book will actually be realized as revenues or, if realized, will result in profits. In accordance with industry practice, most of our contracts/ purchase orders are subject to cancellation, termination, or suspension at the discretion of the client at any stage of the contract. In addition, the contracts in our Order Book are subject to changes in the scope of services to be provided as well as adjustments to the costs relating to the contracts. Our Order Book includes expected revenues for contracts that are based on estimates. Projects can remain in Order Book for extended periods of time because of the nature of the project and the timing of the particular services required by the project. The risk of contracts in Order Book being cancelled or suspended generally increases during periods of wide-spread economic slowdowns. In addition, even where a project proceeds as scheduled, it is possible that contracting parties may default and fail to pay amounts owed. Any delay, cancellation or payment default could adversely affect our cash flow position, revenues and/or profit.

8. In the past, we have incurred additional costs in order to complete some of our projects and have also completed certain projects beyond the stipulated completion dates. There can be no assurance that we will be able to complete our projects under construction or development, or any of our future projects, according to schedule or without incurring cost overruns.

The construction or development of our projects involves various implementation risks. Please refer to the risk entitled “*Our projects are exposed to various implementation and other risks and uncertainties*”, for further details on events that could disrupt the anticipated schedule and costs of our projects.

Additionally, there were certain delays with respect to the implementation of certain projects due to changes in client requirements, however no penalties were levied on our Company on account of reasons which were beyond our control. While our Company has always taken steps to comply with those requirements to prevent any delays or complete the projects in a timely manner, we cannot assure you that our Company will be successful in preventing and delays or cost overrun in the implementation of the projects in future. Any delay or cost overruns in the development, construction or operation of any of our new projects or existing projects is likely to adversely affect our business, prospects, financial condition, cash flows and results of operations.

9. Our projects are exposed to various implementation and other risks and uncertainties.

Some of our projects are under construction or development. The construction or development of these new projects involves various implementation risks including construction delays, delay or disruption in supply of raw materials, delays in acquisition of land, unanticipated cost increases, force majeure events or cost overruns.

We may be further subject to regulatory risks, financing risks and the risks that these projects may ultimately prove to be unprofitable. In particular:

- some of the drawings for the sites on which these projects are expected to be developed may not be accurate;
- we may encounter unforeseen engineering problems, disputes with workers, force majeure events and unanticipated costs due to defective plans and specifications;
- we may experience shortages of, and price increases in, materials and skilled and unskilled labour, and inflation in key supply markets;
- geological, construction, excavation, regulatory and equipment problems with respect to operating projects and projects under construction;
- we may experience adverse changes in market demand or prices for the services that our projects are expected to provide;
- other unanticipated circumstances or cost increases.

Our contracts to provide EPC services are mostly on the basis of a fixed price or a lump sum for the project as a whole, which may not always include escalation clauses covering any increased costs we may incur. In addition, while we intend to have insurance policies in place to cover such cost overruns, we cannot assure you that such cost will be adequate. We cannot assure you that our current or future projects will be completed, or, if completed, will be completed on time or within budget.

10. We may be seriously affected by delays in the collection of receivables from our clients and may not be able to recover adequately on our claims.

There may be delays in the collection of receivables from our clients or entities owned, controlled or funded by our clients or their related parties. As of March 31, 2017 Rs. 133.18 Lakhs or 5.61% of our total trade receivables had been outstanding for a period exceeding six months from their respective due dates. Additionally, we may claim for more payments from our clients for additional work and costs incurred in excess of the contract price or amounts not included in the contract price. These claims typically arise from changes in the initial scope of work or from delays caused by the clients. The costs associated with these changes or client caused delays include additional direct costs, such as labour and material costs associated with the performance of the additional work, as well as indirect costs that may arise due to delays in the completion of the project, such as increased labour costs resulting from changes in labour markets. We may not always have the protection of escalation clauses in our construction contracts or supplemental agreement in respect of the additional work to support our claims. Where we have escalation clauses in our agreements, we may seek to enforce our contractual rights. As we often need to fulfil significant working capital requirements in our operations, delayed collection of receivables or inadequate recovery on our claims could materially and adversely affect our business, cash flows, financial condition and results of operations.

11. We own a large fleet of equipment, resulting in increased fixed costs to our Company. In the event we are not able to generate adequate cash flows it may have a material adverse impact on our operations.

We own a large fleet of modern construction equipment and minimally lease or hire equipment, resulting in increased fixed costs to our Company. In the event, we are unable to generate or maintain adequate revenue by successfully bidding for projects or recover payments from our clients in a timely manner or at all, it could have a material adverse effect on our financial condition and operations.

Further, we maintain a workforce based upon our current and anticipated workloads. If our Company does not receive future contract awards or if these awards are delayed, it could incur significant costs in the interim. Our estimate of the future performance depends on, among other things, whether and when we will be awarded new contracts. While our estimates are based upon best judgment, these estimates can be unreliable and may frequently change based upon newly available information. The uncertainty of the contract being awarded and its timing can present difficulties in matching workforce size with contract needs. If a contract, which we expect will be awarded, is delayed or not received, our Company could incur costs due to maintaining underutilized staff and facilities, which could have a material adverse effect on our profitability, financial condition and results of operations and financial condition.

12. Failure to successfully implement our business strategies may materially and adversely affect our business, prospects, financial condition and results of operations.

We aim to implement our business strategies to ensure future business growth, which may be subject to various risks and uncertainties, including but not limited to the following:

- failure to maintain our competitive edge due to cost overruns or failure to execute our construction projects in a timely manner or according to quality specifications;
- intensified competition, delayed payments or non-payments by our clients;
- failure to implement our bidding strategy or geographically cluster our projects;
- inability to make an efficient use of or improve our execution system or fail to maintain or operate our equipment bank, IT/ERP systems and centralized procurement system in an effective and efficient manner;
- lack of ability to properly manage financing resources and unavailability of funds at affordable costs or maintain financial discipline;
- adverse changes in applicable laws, regulations or policies or political or business environments;
- inability to diversify across states or into different business segments;
- lack of ability to recruit or retain skilled employees; and
- increase in costs of raw materials, fuel, labour and equipment and adverse movements in interest rates and foreign exchange rates.

Implementation of our strategies may be subject to a number of risks and uncertainties including the ones mentioned above, some of which are beyond our control. There can be no assurance that we will be able to execute our growth strategy on time and within the estimated costs, or that we will meet the expectations of our clients. In order to manage growth effectively, we must implement and improve operational systems, procedures and controls on a timely basis, which, as we grow and diversify, we may not be able to implement, manage or execute efficiently and in a timely manner or at all, which could result in delays, increased costs and diminished quality and may adversely affect our results of operations and our reputation. Any failure or delay in the implementation of any of our strategies may have a material adverse effect on our business, prospects, financial condition and results of operations.

For example, as part of our growth strategy, we have diversified and intend to continue to diversify our portfolio of projects and services. In addition to Madhya Pradesh, we have expanded our geographical footprint to nine states other than Madhya Pradesh during the last five Financial Years ended March 31, 2017. In the event, we are unable to implement such strategies in a timely manner or at all or any inefficient implementation may have an adverse effect on our business operations and financial condition.

13. Our business is relatively concentrated in the state of Madhya Pradesh and may be affected by various factors associated with Madhya Pradesh.

Although our geographical footprint has reached nine states, our project portfolio has historically been concentrated in projects in and around the state of Madhya Pradesh. As of July 31, 2017, projects in Madhya Pradesh accounted for approximately 60% of our order book. This concentration of our business in Madhya Pradesh subjects us to various risks, including but not limited to:

- regional slowdown in construction activities or reduction of infrastructure projects in Madhya Pradesh;
- vulnerability to change of policies, laws and regulations or the political and economic environment of Madhya Pradesh;
- perception by our potential clients that we are a regional construction company, which hampers us from competing for large and complex projects at the national level; and
- limitation on our ability to implement the strategy to cluster projects in the states where we intend to conduct business.

While we strive to diversify across states and reduce our concentration risk, there is no guarantee that the above factors associated with Madhya Pradesh will not continue to have a significant impact on our business. If we are

not able to mitigate this concentration risk, we may not be able to develop our business as we planned and our business, financial condition and results of operations could be materially and adversely affected.

14. We may be unable to identify or acquire new projects and our bids for new projects may not always be successful, which may stunt our business growth.

Undertaking new projects depends on various factors such as our ability to identify projects on a cost-effective basis or integrate acquired operations into our existing business. If we are unable to identify or acquire new projects matching our expertise or profit expectations, we may be subject to uncertainties in our business.

As a part of our business, we bid for new projects on an ongoing basis. Projects are awarded following competitive bidding processes and satisfaction of other prescribed pre-qualification criteria. Once the prospective bidders satisfy the pre-qualification criteria of the tender, the project is usually awarded based on the price of the contract quoted by the prospective bidder.

15. Failure to provide performance security may result in forfeiture of the bid security and termination of the contract.

We are required to deliver a performance security or bank guarantee to the authority for each project and are also required to ensure that the performance security is valid and enforceable until we remedy any defects during the defect liability period under the relevant contract. Delay or inability in providing a performance security within the stipulated period with respect to the project may result in termination of the contract or enforcing of the bid security.

16. Inadequate workloads may cause underutilization of our workforce and equipment bank.

We estimate our future workload largely based on whether and when we will receive certain new contract awards. While our estimates are based upon our best judgment, these estimates can be unreliable and may frequently change based on newly available information. In a project where timing is uncertain, it is particularly difficult to predict whether or when we will receive a contract award. The uncertainty of contract awards and timing can present difficulties in matching our workforce size and equipment bank with our contract needs. In planning our growth, we have been adding to our workforce and equipment bank as we anticipate inflow of additional orders. We maintain our workforce and utilize our equipment based upon current and anticipated workloads. If we do not receive future contract awards or if these awards are delayed or reduced, we may incur significant costs from maintaining the under-utilized workforce and equipment bank, and may further lack working capital to pay our equipment loan installments on time or at all, which may result in reduced profitability for us or cause us to default under our equipment loans. As such, our financial condition and results of operation may be adversely affected.

17. Our business is substantially dependent on projects in India awarded or funded by the Central or State Governments and we derive substantial revenues from contracts with a limited number of government entities. Any changes in the Central or State Government policies or focus, or delay in payment may affect our business and results of operations.

Our business increasingly relies on projects in India awarded or funded by the Government or State Governments. As of July 31, 2017 approximately 90% of our order book was derived from contracts awarded by various governmental clients. These government clients include various State Governments, Central Government Departments, a host of government undertakings and PSUs. Our business is thus subject to risks relating to or arising from the Government or State Governments, including but not limited to:

- personnel, structural, or policy changes or any changes in practices or focus at the Government or State Government level;
- changes in government initiatives, agenda or budgetary allocations or fund deficiencies resulting in capital reduction in the infrastructure sector;
- non-payment by or delays in collection from the Government or State Governments, or the entities and financial institutions they control due to regulatory scrutiny and long procedural formalities including any audit by the Comptroller Auditor General of India;

- significant loss of business in the case of loss of a major client, particularly in the state of Madhya Pradesh, where our business concentration is the most significant;
- government clients' restrictive interpretation of the applicability of the escalation clauses in our construction contracts and difficulties in enforcing such clauses to recover the costs we incurred in relation to the additional work performed at the clients' requests or because of the change of scope of work; and
- termination of a contract by a government client; pursuant to the terms of some of our contracts, the government clients have the right to terminate these contracts for convenience, without any reason and at any time, after providing us with reasonable notice and compensation;

There can be no assurance that the Government or the State Governments will continue to place emphasis on the infrastructure sector. Our business, prospects, financial condition and results of operations may be materially and adversely affected, especially where the compensation from the government client or our insurance coverage is inadequate.

18. We rely significantly on external design agencies and any inability to retain, such design agencies could affect our ability to undertake our business.

Currently, we use specialized external agencies to complete the designs of our projects, wherever required. We may continue to subcontract project designs to external agencies to ensure design quality and cost efficiency. We do not plan to have an internal design department until the scale of our business makes it an effective solution for our growth bottlenecks. As we continue to expand into other business segments or diversify across other states, our dependence on external design agencies may increase. We, currently, do not have any long term contracts with any of design agency. If we fail to maintain good relationships with such design agencies, or if they are acquired by our competitors or if they fail to deliver quality designs to us on a timely basis, for whatsoever reason, or we are unable to find substitute agencies of a similar caliber we may lose business opportunities or miss construction deadlines, which will be detrimental to our business. Any of the above risks may adversely affect our business, financial condition and results of operations.

19. We face significant competition and if we fail to compete effectively, our business, prospects, financial condition and results of operations will be adversely affected.

We operate in a competitive environment and our industry has been frequently subject to intense price competition for the acquisition and bidding of projects. Our contracts are awarded following competitive bidding processes and satisfaction of other prescribed pre-qualification criteria. Our competition varies depending on the size, nature and complexity of the project and on the geographical region in which the project is to be executed. We compete against major construction companies at the national and local levels and in multiple segments of construction business as well. For further details, please refer to the chapter titled "*Our Business*" beginning on page 123 of this Draft Prospectus. We strive to leverage our equipment bank, which is one of the largest in India, to increase our competitive edge. While service quality, technological capacity and performance, health and safety records and personnel, as well as reputation and experience, are important considerations in clients' decisions, price is a major factor in most tender awards. The competitive nature of this process may necessitate us and other prospective bidders to submit low bids to win the award of the contract to maintain our market share. In particular, we derive part of our revenue from performing government contracts and are striving to increase the order book of and revenue contribution by our government contracts. We may thus be compelled to bid for new projects more aggressively than we expected and may accept terms and conditions that are not in our favour. If we fail to win new projects, we may not be able to increase, or maintain, our volume of business or revenues. Failure to compete effectively against our current or future competitors may have a material and adverse effect on our business, financial condition and results of operation.

Further, some of our competitors may be larger than us, have stronger financial resources or a more experienced management team, or have stronger engineering capabilities in executing technically complex projects. They may also benefit from greater economies of scale and operating efficiencies and may have greater experience in infrastructure development business. We cannot assure you that we can continue to compete effectively with our competitors in the future, and failure to compete effectively against our current or future competitors may have an adverse effect on our business, results of operations and financial condition.

20. Our revenues from our projects are difficult to predict and are subject to seasonal variations.

Revenue from a construction project may vary widely and is dependent on various factors such as the current stage and size of the project, the scheduled commencement date, the price and supply of raw materials and project delays. The scheduled commencement date for our projects are estimates based on current expectations and market conditions, which could change significantly. Our consolidated revenue may also differ significantly from period to period due to factors such as number of new projects, delays or difficulties in expanding our business, changes to our pricing structure or that of our competitors, inaccurate estimates of resources and time required to complete ongoing contracts and currency fluctuations. These factors may make it difficult for us to prepare accurate internal financial forecasts. As a result, our revenues and profits may vary significantly during different financial periods, and certain periods are not indicative of our financial position for the year, and may be significantly below the expectations of the market, analysts and investors.

21. Our business may be affected by severe weather conditions and other natural disasters and our insurance coverage may not be adequate.

Our business activities may be materially and adversely affected by severe weather conditions, which may force us to evacuate personnel or curtail services, replace damaged equipment and facilities or suspend our operations or postpone delivery of materials to our worksites. Heavy or sustained rainfalls or other extreme weather conditions such as cyclones could result in delays or disruptions to our operations during the critical periods of our projects and cause severe damages to our premises and equipment. High temperatures during summer months and the monsoon season could limit our ability to carry on construction activities or to fully utilize our resources. Our business activities may also be adversely affected by other natural disasters, including earthquakes, floods, and landslides, which may cause significant interruptions of our operations and damages to our properties and working environment which may not be adequately covered by the insurance policies availed by our Company. During periods of curtailed activity due to severe weather conditions or natural disasters, we may continue to incur operating expenses but our revenues from operations may be delayed or reduced.

22. Our insurance may not be adequate to protect us against all potential losses to which we may be subject.

We maintain insurance coverage with respect to each project we are undertaking. We generally maintain insurance for damage caused by severe weather conditions, floods, fires and earthquakes on our facilities, as well as third party liability insurance and business interruption insurance, which we believe is customary for the infrastructure industries in India and jurisdictions in which we operate. However, not all of our risks may be insurable or possible to insure on commercially reasonable terms. Our insurance may not provide adequate coverage in certain circumstances and is subject to certain deductibles, exclusions and limits on coverage. We cannot assure you that the operation of our projects or infrastructure assets will not be affected by any of the conditions above, or that the terms of our insurance policies will be adequate to cover any damage caused by any such incidents and hazards. Further, there can be no assurance that any claim under the insurance policies maintained by us will be honored fully, in part or on time. Should an uninsured loss or a loss in excess of insured limits occur, we would lose the anticipated revenue from the construction contract and, in the case of our projects, the loss of our investment in the relevant project company. Additionally, the insurance policies may not cover our losses, in part or at all. For further details on our insurance arrangements, please refer to the chapter titled “Our Business” beginning on page 123 of this Draft Prospectus.

23. Our business could be adversely affected if we fail to keep pace with technological developments in the construction industry.

Our recent experience indicates that our clients are increasingly developing larger, more technically complex projects using more advanced technologies. Our future success will depend, in part, on our ability to respond to technological advances and emerging technology standards and practices on a cost-effective and timely basis. To meet our clients’ needs, we must continuously update our existing systems and develop new technologies for our construction projects. If we fail to anticipate or respond adequately to our clients’ changing requirements or keep pace with the latest technological developments, our business, prospects, financial condition and results of operations may be materially and adversely affected.

24. The nature of our construction business exposes us to liability claims and contract disputes, which are not all covered by our insurance.

We are involved in large projects where design, construction or systems failures can result in substantial injury

or damage to third parties. We could face significant claims for damages in respect of, among other things:

- defects in the quality of our or our subcontractors' design, construction, engineering or planning;
- latent defects in the structures we built;
- damage caused by our vendors' products; or
- our failure to manage projects.

We may be exposed to liabilities arising under our warranties or from defects during construction. We have executed a number of EPC contracts. A majority of these contracts specify a period (generally for a period of five years from the date of completion) as the defects liability period during which we would have to rectify any defects arising from construction services provided by us within the warranty periods stipulated in our contracts at our cost. Our contracts also usually include liquidated damages clauses with the liability amount ranging upto 10.00% of the relevant contract price, which may be enforced against us if we do not meet specified targets during the course of a contract.

25. Our operations could be adversely affected by strikes, work stoppages or increased wage demands by our employees or any other kind of disputes with our employees.

Our operations depend upon the productivity of our workforce, which may be affected by labour disputes involving our subcontractors or employees. We may experience business disruptions due to strikes, work stoppages or demands for wage increases. Currently, we do not have any organized union activities. Construction activities at our worksites may be suspended and our projects may be significantly delayed if we fail to negotiate with the subcontractors, employees or if we do not find acceptable solutions in a timely manner. Sometimes, we may engage independent contractors to assist us in undertaking our projects. It is possible that we may be held responsible for wage payments to the workers engaged by such independent contractors should they default on wage payments. Furthermore, under the Contract Labour (Regulation and Abolition) Act, 1970 ("CLRA"), we may be required to recruit some of these workers as permanent employees. Any such labour disputes, union activities or requirements to fund wage payments or recruit permanent employees could adversely affect the construction progress of our projects and have a material and adverse effect on our business, financial condition and results of operations. For further details, please refer to the chapter titled "*Outstanding Litigation and Material Developments*" beginning on page 267 of this Draft Prospectus.

26. Our inability to obtain or maintain approvals or licenses required for our operations may adversely affect our operations.

We require certain statutory and regulatory approvals, licenses, registrations and permissions, and applications need to be made at the appropriate stages for our business to operate. In our construction business, government delays in obtaining approvals may result in cost increases in the price of construction materials from original estimates which cannot generally be passed on to clients and may also adversely affect our ability to mobilize our equipment and manpower. There can be no assurance that the relevant authorities will issue these approvals or licenses, or renewals thereof in a timely manner, or at all. We may experience delays in obtaining financial closures, locking in interest rates under loan agreements, or completing work according to schedules. As a result, we may not be able to execute our business plan. Government approvals, licenses, clearances and consents are often also subject to numerous conditions, some of which are onerous and may require significant expenditure. If we fail to comply, or a regulator claims that we have not complied, with these conditions, we may not be able to commence or continue with work or operate these projects. For further information on various approvals or licenses required in connection with our operations, please refer to the chapter titled "*Government and other Statutory Approvals*" beginning on page 273 of this Draft Prospectus.

27. Non-compliance with, and changes in, safety, health and environmental laws and regulations may adversely affect our business, financial condition and results of operations.

Most of our projects are subject to extensive Indian national and state environmental laws and regulations which govern the discharge, emission, storage, handling and disposal of a variety of substances that may be used in or result from the operations of our businesses. These laws and regulations include the Environmental Protection Act 1986, the Air (Prevention and Control of Pollution) Act 1981, the Water (Prevention and Control of Pollution) Act, 1974 and other regulations promulgated by the Ministry of Environment and the Pollution

Control Boards of the relevant states. We believe environmental regulation of industrial activities in India will become more stringent in the future. The scope and extent of new environmental regulations, including their effect on our operations, cannot be predicted with certainty. The costs and management time required to comply with these requirements could be significant. While as of the date of this Draft Prospectus, we are not subject to any environmental legal proceedings, we may be impleaded in such legal proceedings in the course of our business in the future. There can be no assurance that we will not become involved in future litigation or other proceedings or be held responsible in any such future litigation or proceedings relating to safety, health and environmental matters in the future, could divert management time and attention, and consume financial resources in defense or prosecution of such legal proceedings or cause delays in the construction, development or commencement of operations of our projects. No assurance can be given that we will be successful in all, or any, of such proceedings. Further, clean-up and remediation costs, as well as damages, other liabilities and related litigation, could adversely affect our business, financial condition and results of operations.

28. *Obsolescence, destruction, theft, breakdowns of our major machineries or failures to repair or maintain the same may affect our business, cash flows, financial condition and results of operations.*

Obsolescence, destruction, theft or breakdowns of our machineries may significantly increase our machineries and equipment purchase cost and the depreciation of our machineries and equipment, as well as change the way our management estimates the useful life of our machineries and equipment. In such cases, we may not be able to acquire new machineries/equipment or repair the damaged machineries/equipment in time or at all, particularly where our machineries/equipment are not readily available from the market or require services from original machinery or equipment manufacturers. Some of our major machineries/equipment or parts may be costly to replace or repair. Such obsolescence, destruction, theft, breakdowns, repair or maintenance failures or price increases may not be adequately covered by the insurance policies availed by our Company and may have an effect our business, cash flows, financial condition and results of operations. For further details of our Machineries and Equipment, please refer to the chapter titled "*Our Business*" beginning on page 123 of the Draft Prospectus.

29. *We have had negative net cash flow from investing and financing activities as per restated financial statements. Any negative cash flow in the future would adversely affect our business, results of operations and financial condition.*

We had negative net cash flow from investing and financing activities in the financial years 2015, 2016 and 2017. Our cash flows from investing and financing activities are further detailed in the table below:

Particulars	(Rs. in Lakhs)		
	For the period ended		
	March 31, 2017	March 31, 2016	March 31, 2015
Net Cash from/ (used) in Investing Activities	(486.28)	(1,220.09)	(148.07)
Net Cash from/ (used) Financing Activities	85.46	1,125.37	(380.12)

Cash flow of our Company is a key indicator to show the extent of cash generated from operations to meet capital expenditure, pay dividends, repay loans and to make new investments without raising finance from external resources. There can be no assurance that our net cash flow from operating, investing activities will be positive in the future. Any negative cash flows from operating and investment activities in future would adversely affect our business, results of operations and financial condition. For more information regarding cash flows, please refer to the chapter titled "*Restated Cash Flow Statement - Annexure III*" beginning on page 191 of this Draft Prospectus.

30. *Our group companies have incurred losses in the last three financial years.*

Our Group Company CMM Infrastructure Limited incurred losses during the Fiscal Year 2017 of Rs. 2.29 Lakhs. For further details, please refer to the chapter titled "*Our Group Companies*" beginning on page 171 of the Draft Prospectus. There is no assurance that our Group Companies will not incur losses in future periods or that there will not be an adverse effect on our Company's reputation or business as a result of such losses.

31. Our Contingent Liability and Commitments could affect our financial position.

As on July 31, 2017, we had contingent liabilities of Rs. 5,696.78 Lakhs as per Restated Financial Statement which has not been provided in our financial statements and which could affect our financial position. Details of contingent liabilities and commitments are as follows:-

(Rs. in Lakhs)		
Sr. No.	Particulars	Amount
1.	Bank guarantee	5,696.78
Total		5,696.78

32. Our Company requires significant amount of working capital for a continued growth. Our inability to meet our working capital requirements may have an adverse effect on our result of operations.

Our business is working capital intensive primarily on account of high debtor days and inventory levels. A significant portion of our working capital is utilized towards trade receivables and inventories. Summary of the working capital position is set out below:

(Rs in Lakhs)					
Particulars	Till March 31,

33. We require substantial financing for our business operations and the failure to obtain additional financing on terms commercially acceptable to us may adversely affect our ability to grow and our future profitability.

We operate in a capital-intensive industry, which requires substantial levels of funding. We will continue to incur significant expenditure in maintaining and growing our existing infrastructure. The actual amount and timing of our future capital requirements may differ from estimates as a result of, among other things, unforeseen delays or cost overruns in developing our services, changes in business plans due to prevailing economic conditions, unanticipated expenses and regulatory changes. To the extent our planned expenditure requirements exceed our available resources, we will be required to seek additional debt or equity financing. Additional debt financing could increase our interest costs and require us to comply with additional restrictive covenants in our financing agreements. Additional equity financing could dilute our earnings per Equity Share and your interest in the Company, and could adversely impact our Equity Share price.

Our ability to obtain additional financing on favorable terms, if at all, will depend on a number of factors, including our future financial condition, results of operations and cash flows, the amount and terms of our existing indebtedness, general market conditions and market conditions for financing activities and the economic, political and other conditions in the markets where we operate. We cannot assure you that we will be able to raise additional financing on acceptable terms in a timely manner or at all. Our failure to renew arrangements for existing funding or to obtain additional financing on acceptable terms and in a timely manner could adversely impact our planned capital expenditure, our business, results of operations and financial condition.

34. We do not have certain documents evidencing certain information in the biographies of some of our Directors and Key Managerial Personnel under the section "Our Management" of this Draft Prospectus.

We do not have certain documents evidencing the biographies of our Directors, Mr. Kishan Mundra and Mr. Bishnu Mundra one of our Key Managerial Personnel under the chapter "Our Management" beginning on page 150 of this Draft Prospectus. The information included in the chapter is based on the details provided by them, and is supported by a certificate and an affidavit executed by them certifying the authenticity of the information provided. We cannot assure you that all information relating to them included in the chapter "Our Management" are true and accurate.

35. Our Company has availed certain unsecured loans that are callable by the lenders at any time.

Our Company has currently availed unsecured loans which may be called by our lenders at any time. As on July 31, 2017, the unsecured loan amounting Rs. 209.14 Lakhs were due to lenders. In the event that lender seeks a repayment of any such loan, our Company would need to find alternative sources of financing, which may not be available on commercially reasonable terms, or at all. Also, there is no formal agreement with our lenders. As a result, any such demand may affect our business, cash flows, financial condition and results of operations. Additionally, our company has not executed any formal loan agreement of above unsecured loan, any dispute arises in relation to terms of loans may affect the loans by our Company. For further details on financing arrangements entered into by our Company, please refer to the chapter titled "Statement of Financial Indebtedness" beginning on page 261 of Draft Prospectus.

36. We are subject to the restrictive covenants of banks in respect of the Loan/Credit Limit and other banking facilities availed from them.

Our financing arrangements contain restrictive covenants whereby we are required to obtain approval from our lenders, regarding, among other things such as not to formulate any scheme of amalgamation or merger, effect any change in the capital structure, not to undertake any investment activity, declare dividends, make any change in the management set up, dispose off any of the fixed assets mortgaged with the bank, etc. There can be no assurance that such consents will be granted or that we will be able to comply with the financial covenants under our financing arrangements. Further, some of these arrangements contain certain covenants including maintenance of financial ratios, compliance with reporting requirements and other restrictions which may significantly limit our ability to borrow additional money, make capital expenditure and investment etc. Our indebtedness could require us to dedicate a substantial portion of our cash flow from operations to service our debts thereby reducing the availability of our cash flow to fund working capital, capital expenditures and general corporate expenditures.

There can be no assurance that we will be able to generate enough cash flow from operations or that we will be able to obtain enough capital to service our debt or fund our planned capital expenditures. In addition, we may need to refinance some of our indebtedness. For further details, please refer to the chapter titled "Financial Indebtedness" beginning on page 261 of this Draft Prospectus.

37. Debt facilities availed by our Company have been secured on personal guarantees of our Directors and corporate guarantees of some of our Group Companies. Our business, financial condition, results of operations, cash flows and prospects may be adversely affected in case of invocation of any personal guarantees or securities of the collateral provided by our Directors.

Our Directors, Mr. Kishan Mundra, Ms. Laxmi Devi Mundra and Ms. Samta Mundra have provided personal

guarantees to secure our existing borrowings from Dena Bank and the personal guarantees provided by our Directors still continues to be in force as on the date of filing this Draft Prospectus. Further, personal guarantees have also been provided by Mr. KishanMundra for securing certain equipment and vehicle loans from various banks and financial institutions. Further, some of the Group Companies viz, Banmatreshwari Commercial Private Limited, Giriraj Shyam Agritech Private Limited and Daffodil Estates Private Limited have provided corporate guarantee to secure our existing borrowings from Dena Bank. In case of a default under our loan agreements, the corporate guarantees and any of the personal guarantees provided by our Directors, which could negatively impact the reputation and net worth of our Directors and the Group Companies. Also, we may face certain impediments in taking decisions in relation to our Company, which in turn would result in a material adverse effect on our financial condition, business, results of operations and prospects and would negatively impact our reputation. In addition, our Directors may be required to liquidate their shareholding in our Company to settle the claims of the lenders, thereby diluting his shareholding in our Company. We may also not be successful in procuring alternate guarantees/ alternate security satisfactory to the lenders, as a result may need to repay outstanding amounts under such facilities or seek additional sources of capital, which could affect our financial condition and cash flows. For further details regarding loans availed by our Company, please refer to the chapter titled "*Statement of Financial Indebtedness*" beginning on page 261 of this Draft Prospectus.

38. Our lenders have a charge over our movable and immoveable properties in respect of finance availed by us.

Our Company has availed of secured loans from banks by creating a charge over our moveable and immoveable properties. The total amount outstanding and payable by us as for towards secured loans were Rs. 10,683.80 Lakhs as on July 31, 2017. In the event we default in repayment of the loans / facilities availed by us and any interest thereof, our properties may be forfeited by lenders, which in turn could have significant adverse effect on our business, financial condition and results of operations. For further details, see chapter titled "*Financial Indebtedness*" beginning on page 261 of this Draft Prospectus.

39. Our Group Companies have objects similar to that of our Company which could lead to conflict of interest.

Our Group Companies have objects similar to that of our Company. As a result, conflicts of interests may arise in allocating business opportunities amongst our Company, and our Group Company in circumstances where our respective interests diverge. In cases of conflict, our Promoters may favour other Group Companies in which our Promoters have interests. There can be no assurance that our Promoters or our Group Company or members of the Promoter Group will not compete with our existing business or any future business that we may undertake or that their interests will not conflict with ours. Any such present and future conflicts could have a material adverse effect on our reputation, business, results of operations and financial condition. For further details, please refer to the chapter titled "*Our Group Companies*" beginning on page 171 of this Draft Prospectus.

40. There is no monitoring agency appointed by Our Company to monitor the utilization of the Issue proceeds.

As per SEBI (ICDR) Regulations as amended, appointment of monitoring agency is required only for Issue size above Rs.10,000.00 Lakhs. Hence, we have not appointed any monitoring agency to monitor the utilization of Issue proceeds. However, the audit committee of our Board will monitor the utilization of Issue proceeds in terms of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. Further, our Company shall inform about material deviations in the utilization of Issue proceeds to the stock exchange and shall also simultaneously make the material deviations / adverse comments of the audit committee public.

41. Our Promoter and members of the Promoter Group will continue jointly to retain majority control over our Company after the Issue, which will allow them to determine the outcome of matters submitted to shareholders for approval.

Post this Issue, our Promoter and Promoter Group will collectively own more than 64.17% of our equity share capital. As a result, our Promoter, together with the members of the Promoter Group, will continue to exercise a significant degree of influence over Company and will be able to control the outcome of any proposal that can be approved by a majority shareholder vote, including, the election of members to our Board, in accordance

with the Companies Act, 2013 and our Articles of Association. Such a concentration of ownership may also have the effect of delaying, preventing or deterring a change in control of our Company. In addition, our Promoter will continue to have the ability to cause us to take actions that are not in, or may conflict with, our interests or the interests of some or all of our creditors or other shareholders, and we cannot assure you that such actions will not have an adverse effect on our future financial performance or the price of our Equity Shares.

42. We have not made any dividend payments in the past and our ability to pay dividends in the future will depend upon future earnings, financial condition, cash flows, working capital requirements, capital expenditures and restrictive covenants in our financing arrangements.

In the past, we have not made dividend payments to the shareholders of our Company. The amount of our future dividend payments, if any, will depend upon various factors including our future earnings, financial condition, cash flows and requirement to fund operations and expansion of the business. There can be no assurance that we will be able to declare dividends. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board of Directors. For further details, please refer to the chapter titled "Dividend Policy" beginning on page 181 of this Draft Prospectus.

43. Our Directors have interests in our Company other than the reimbursement of expenses and normal remuneration or benefits. Any such interests may result in a conflict of interest, which may have an adverse effect on our business.

Our Directors may be deemed to be interested in our Company, in addition to regular remuneration or benefits and reimbursements of expenses, to the extent of Equity Shares held by them, their relatives, their dividend or bonus entitlement, benefits arising from their directorship in our Company and to the extent of sitting fee payable to them for attending each of our Board and Committee meetings. Therefore, some of the above interests may conflict with the duties of these persons as Director of the Company. For further details, please refer to the chapter titled "Our Management" beginning on pages 150 of this Draft Prospectus.

44. We have in the past entered into related party transactions and shall continue to do so in the future.

Our Company has entered into various related party transactions with our Promoters, Directors and Group Companies. While we believe that all such transactions are conducted on an arms-length basis, there can be no assurance that we could not have achieved more favorable terms had such transactions not been entered into with related parties. Furthermore, it is likely that we will enter into related party transactions in future. There can be no assurance that such transactions, individually or in aggregate, will not have an adverse effect on our financial condition and results of operations. For details of transactions entered by us, please refer to the chapter titled "Related Party Transactions" beginning on page 180 of this Draft Prospectus.

45. Our Company has during the preceding one year from the date of the Draft Prospectus have allotted Equity Shares at a price which is lower than the Issue Price.

Our Company has in the last 12 months, prior to the filing of this Draft Prospectus, allotted Equity Shares pursuant to bonus issue of shares to our Promoters and Promoter Group, which could be lower than the Issue Price. For details relating to number of shares issued, date of allotment etc. please refer to the chapter titled "Capital Structure" beginning on page 60 of this Draft Prospectus. The Issue Price is not indicative of the price that will prevail in the open market following listing of the Equity Shares.

46. Some of the information disclosed in this Draft Prospectus is based on information from industry sources and publications which may be based on projections, forecasts and assumptions that may prove to be incorrect. Investors should not place undue reliance on, or base their investment decision on this information.

The information disclosed in the "Industry Overview" chapter of this Draft Prospectus is based on information from publicly available industry, Government and research information, publications and websites and has not been verified by us independently and we do not make any representation as to the accuracy of the information. The data may have been re-classified by us for the purposes of presentation. Industry sources and publications generally state that the information contained therein has been obtained from sources generally believed to be reliable, but that their accuracy, completeness and underlying assumptions are not guaranteed and their

reliability cannot be assured. Accordingly, investors should not place undue reliance on, or base their investment decision on this information. Please refer to the chapter titled "*Industry Overview*" beginning on page 112 of this Draft Prospectus.

47. We have not applied for registration of our logo and do not own the trademark legally as on date. We may be unable to adequately protect our intellectual property. Furthermore, we may be subject to claims alleging breach of third party intellectual property rights.

We have not applied for registration of our logo under the provisions of the Trademarks Act, 1999 and do not own the trademark as on date. As such, we do not enjoy the statutory protections accorded to a registered trademark as on date. There can be no assurance that we will be able to register the trade mark and the logo in future or that, third parties will not infringe our intellectual property, causing damage to our business prospects, reputation and goodwill. Further, we cannot assure you that any application for registration of our trademark in future by our Company will be granted by the relevant authorities in a timely manner or at all. Our efforts to protect our intellectual property may not be adequate and may lead to erosion of our business value and our operations could be adversely affected. We may need to litigate in order to determine the validity of such claims and the scope of the proprietary rights of others. Any such litigation could be time consuming and costly and the outcome cannot be guaranteed. We may not be able to detect any unauthorized use or take appropriate and timely steps to enforce or protect our intellectual property.

48. If we are unable to establish and maintain an effective internal controls and compliance system, our business and reputation could be materially and adversely affected.

We take steps to establish and maintain compliance and disclosure procedures, systems and controls, and to maintain internal controls over financial reporting in order to produce reliable financial reports and prevent financial fraud. However, internal controls over financial reporting must be reviewed on an ongoing basis as risks evolve, and the processes to maintain such internal controls involve human diligence and compliance and are subject to lapses in judgment and breakdowns resulting from human error. To the extent that there are lapses in judgment or breakdowns resulting from human error, the accuracy of our financial reporting could be affected which may adversely affect our business and financial position of our company.

49. The requirements of being a listed company may strain our resources.

As a listed company, we will incur significant legal, accounting, corporate governance and other expenses that we did not incur as an unlisted company. We will be subject to the Listing Regulations, which require us to file audited / unaudited reports periodically with respect to our business and financial condition. If we experience any delays, we may fail to satisfy our reporting obligations and/or we may not be able to readily determine and accordingly report any changes in our results of operations as timely as other listed companies. As a listed company, we will need to maintain and improve the effectiveness of our disclosure controls and procedures and internal control over financial reporting, for which significant resources and management overview will be required. As a result, management's attention may be diverted from other business concerns, which could adversely affect our business, prospects, financial condition and results of operations. Further, we may need to hire additional legal and accounting staff with appropriate and relevant experience and technical accounting knowledge and we cannot assure you that we will be able to do so in a timely manner or at all.

Risk relating to the Objects of the Issue

50. The purposes for which the proceeds of the Issue are to be utilized have not been appraised by any bank or financial institution. In the event of any upward revision in the estimates, our proposed expenditure would increase which could adversely affect our results of operations, profitability and our ability to effectively implement our business plans.

We intend to use the proceeds that we receive from the Fresh Issue for the purposes described in chapter titled "*Objects of the Issue*" beginning on page 100 of the Draft Prospectus. The estimated project cost has not been appraised by any bank or financial institution. The fund requirements are based on management estimates and on current market conditions. In view of the competitive nature of our industry, we may have to revise our management estimates from time to time and consequently our funding requirements may also change. This may result in the rescheduling of our project expenditure programmes or increase in our proposed expenditure

for our project and which may adversely affect our results of operations profitability and our ability to effectively implement our business plans. Further, the utilization of the proceeds from the Fresh Issue will be monitored by our Board and is not subject to any monitoring by any independent agency.

- 51. *Our company has not carried out any independent appraisal of our working capital requirements. Therefore, if our estimation is not accurate or the assumptions we have taken prove to be not correct, we may be required to raise additional debt on terms that may not be totally favorable to us.***

Our working capital requirements have been assessed based on the management's estimates and the same have not been independently appraised or evaluated by any bank or financial institution. Further, the estimates of our working capital requirement are totally based on the experience of our management. We cannot assure that these estimates may be accurate. If these estimates prove to be wrong, we may be required to raise additional debt, on terms that may not be totally favorable to our Company, which may in turn adversely affect our profitability. For further details, please refer to the chapter titled "*Objects of the Issue*" beginning on page 100 of this Draft Prospectus.

Risks Relating to the Issue and Investments in our Equity Shares

- 52. *We may not declare dividends in the foreseeable future.***

We may retain all future earnings, if any, for use in the operations and expansion of the business. As a result, we may not declare dividends in the foreseeable future. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board of Directors and will depend on factors that our Board of Directors deems relevant, including among others, our results of operations, financial condition, cash requirements, business prospects and any other financing arrangements. Accordingly, realization of a gain on shareholders' investments will depend on the appreciation of the price of the Equity Shares. There is no guarantee that our Equity Shares will appreciate in value.

- 53. *We may require further equity issuance, which will lead to dilution of equity and may affect the market price of our Equity Shares or additional funds through incurring debt to satisfy our capital needs, which we may not be able to procure and any future equity offerings by us.***

Our growth is dependent on having a strong balance sheet to support our activities. In addition to the Issue proceeds and our internally generated cash flow, we may need other sources of financing to meet our capital needs which may include entering into new debt facilities with lending institutions or raising additional equity in the capital markets. We may need to raise additional capital from time to time, dependent on business conditions. The factors that would require us to raise additional capital could be business growth beyond what the current balance sheet can sustain; additional capital requirements imposed due to changes in regulatory regime or significant depletion in our existing capital base due to unusual operating losses. Any fresh issue of shares or convertible securities would dilute existing holders, and such issuance may not be done at terms and conditions, which are favourable to the then existing shareholders of our Company. If our Company decides to raise additional funds through the incurrence of debt, our interest obligations will increase, and we may be subject to additional covenants, which could further limit our ability to access cash flows from our operations. Such financings could cause our debt to equity ratio to increase or require us to create charges or liens on our assets in favour of lenders. We cannot assure you that we will be able to secure adequate financing in the future on acceptable terms, in time, or at all. Our failure to obtain sufficient financing could result in the delay or abandonment of our expansion plans. Our business and future results of operations may be adversely affected if we are unable to implement our expansion strategy.

Any future issuance of Equity Shares by our Company may dilute shareholding of investors in our Company; and hence adversely affect the trading price of our Company's Equity Shares and its ability to raise capital through an issue of its securities. In addition, any perception by investors that such issuances or sales might occur could also affect the trading price of our Company's Equity Shares. Additionally, the disposal, pledge or encumbrance of Equity Shares by any of our Company's major shareholders, or the perception that such transactions may occur may affect the trading price of the Equity Shares. No assurance may be given that our Company will not issue Equity Shares or that such shareholders will not dispose of, pledge or encumber their Equity Shares in the future.

54. You may be subject to Indian taxes arising out of capital gains on the sale of our Equity Shares.

Under current Indian tax laws, capital gains arising from the sale of equity shares within 12 months in an Indian company are generally taxable in India. Any gain realized on the sale of listed equity shares on a stock exchange held for more than 12 months will not be subject to capital gains tax in India if Securities Transaction Tax ("STT"), is paid on the transaction. STT is levied on and collected by a domestic stock exchange on which equity shares are sold. Any gain realized on the sale of equity shares held for more than 12 months to an Indian resident, which are sold other than on a recognized stock exchange and on which no STT has been paid, is subject to long term capital gains tax in India. Further, any gain realized on the sale of listed equity shares held for a period of 12 months or less will be subject to short term capital gains tax in India. Capital gains arising from the sale of equity shares are exempt from taxation in India where an exemption from taxation in India is provided under a treaty between India and the country of which the seller is resident. Generally, Indian tax treaties do not limit India's ability to impose tax on capital gains. As a result, residents of other countries may be liable to pay tax in India as well as in their own jurisdiction on a gain on the sale of equity shares.

55. A third party could be prevented from acquiring control of our Company because of anti-takeover provisions under Indian law.

There are provisions in Indian law that may delay, deter or prevent a future takeover or change in control of our Company, even if a change in control would result in the purchase of your Equity Shares at a premium to the market price or would otherwise be beneficial to you. Such provisions may discourage or prevent certain types of transactions involving actual or threatened change in control of us. Under the takeover regulations in India, an acquirer has been defined as any person who, directly or indirectly, acquires or agrees to acquire shares or voting rights or control over a company, whether individually or acting in concert with others. Although, these provisions have been formulated to ensure that interests of investors/shareholders are protected, these provisions may also discourage a third party from attempting to take control of our Company. Consequently, even if a potential takeover of our Company would result in the purchase of the Equity Shares at a premium to their market price or would otherwise be beneficial to its stakeholders, it is possible that such a takeover would not be attempted or consummated because of the Indian takeover regulations.

56. Fluctuations in currency exchange rates may have an adverse impact on the investment in our Equity Shares.

The exchange rate between the Indian Rupee and the U.S. Dollar has changed substantially in recent years and may fluctuate substantially in the future. Fluctuations in the exchange rate between the U.S. Dollar and the Indian Rupee may affect the value of the investment in our Equity Shares of a person resident outside India. Specifically for persons resident outside India, if there is a change in relative value of the Indian Rupee to the U.S. Dollar, each of the following values will also be affected: the U.S. Dollar equivalent of the Indian Rupee trading price of our Equity Shares in India; the U.S. Dollar equivalent of the proceeds that you would receive upon the sale in India of any of our Equity Shares; and the U.S. Dollar equivalent of cash dividends, if any, on our Equity Shares, which will be paid only in Indian Rupee. You may be unable to convert Indian Rupee proceeds into U.S. Dollars or any other currency or the rate at which any such conversion could occur could fluctuate.

Risks Relating to India /External Risk Factors

57. Regional hostilities, terrorist attacks, communal disturbances, civil unrest and other acts of violence or war involving India and other countries may result in a loss of investor confidence and adversely affect the financial markets and our business.

Terrorist attacks, civil unrest and other acts of violence or war may negatively affect the Indian markets on which our Equity Shares will trade and also adversely affect the worldwide financial markets. In addition, the Asian region has from time to time experienced instances of civil unrest and hostilities among neighboring countries. Hostilities and tensions may occur in the future and on a wider scale. Military activity or terrorist attacks in India may result in investor concern about stability in the region, which may adversely affect the price of our Equity Shares. Events of this nature in the future, as well as social and civil unrest within other countries in the world, could influence the Indian economy and could have an adverse effect on the market for securities of Indian companies, including our Equity Shares.

58. Changing laws, rules and regulations and legal uncertainties in India, including adverse application of corporate and tax laws, may adversely affect our business and financial results.

Our business and financial performance could be adversely affected by any change in laws or interpretations of existing laws, or the promulgation of new laws, rules and regulations applicable to us and our business including those relating to the industry in which we operate. There can be no assurance that the Government of India or state governments will not introduce new laws, regulations and policies which will require us to obtain additional approvals and licenses or impose onerous requirements on our business. For example, the new Companies Act, 2013 contains significant changes to Indian company law, including in relation to the issue of capital by companies, disclosures in offer documents, related party transactions, corporate governance, audit matters, internal controls, shareholder class actions, restrictions on the number of layers of subsidiaries, prohibitions on loans to directors, insider trading and restrictions on directors and key management personnel from engaging in forward dealing. Moreover, effective April 1, 2014, companies exceeding certain net worth, revenue or profit thresholds are required to spend at least 2% of average net profits from the immediately preceding three financial years on corporate social responsibility projects, failing which an explanation is required to be provided in such companies' annual reports.

The Ministry of Finance has issued a notification dated March 31, 2015 notifying ICDS which creates a new framework for the computation of taxable income. Subsequently, the Ministry of Finance, through a press release dated July 6, 2016, deferred the applicability of ICDS from April 1, 2015 to April 1, 2016 and is applicable from FY 2017 onwards and will have impact on computation of taxable income for FY 2017 onwards. ICDS deviates in several respects from concepts that are followed under general accounting standards, including Indian GAAP and Ind AS. Such specific standards for computation of income taxes in India are relatively new, and the impact of the ICDS on our results of operations and financial condition is uncertain. There can be no assurance that the adoption of ICDS will not adversely affect our business, results of operations and financial condition going forward.

The Government of India has recently approved the adoption of a comprehensive national goods and services tax ("GST") regime that will combine taxes and levies by the Central and State Governments into a unified rate structure, with effect from July 1, 2017. Given the limited availability of information in the public domain concerning the GST, we cannot provide any assurance as to this or any other aspect of the tax regime following implementation of the GST. The implementation of this rationalized tax structure may be affected by any disagreement between certain state governments, which may create uncertainty. Any future increases or amendments may affect the overall tax efficiency of companies operating in India and may result in significant additional taxes becoming payable. If, as a result of a particular tax risk materializing, the tax costs associated with certain transactions are greater than anticipated, it could affect the profitability of such transactions.

We have not determined the effect of such legislations on our business. In addition, unfavourable changes in or interpretations of existing, or the promulgation of new, laws, rules and regulations including foreign investment laws governing our business, operations and group structure could result in us being deemed to be in contravention of such laws or may require us to apply for additional approvals. We may incur increased costs and other burdens relating to compliance with such new requirements, which may also require significant management time and other resources, and any failure to comply may adversely affect our business, results of operations and prospects. Uncertainty in the applicability, interpretation or implementation of any amendment to, or change in, governing law, regulation or policy, including by reason of an absence, or a limited body, of administrative or judicial precedent may be time consuming as well as costly for us to resolve and may affect the viability of our current business or restrict our ability to grow our business in the future.

59. Instability in financial markets could materially and adversely affect our results of operations and financial condition.

The Indian economy and financial markets are significantly influenced by worldwide economic, financial and market conditions. Any financial turmoil, especially in the United States of America or Europe, may have a negative impact on the Indian economy. Although economic conditions differ in each country, investors' reactions to any significant developments in one country can have adverse effects on the financial and market conditions in other countries. A loss in investor confidence in the financial systems, particularly in other emerging markets, may cause increased volatility in Indian financial markets. The global financial turmoil, an

outcome of the sub-prime mortgage crisis which originated in the United States of America, led to a loss of investor confidence in worldwide financial markets. Indian financial markets have also experienced the contagion effect of the global financial turmoil, evident from the sharp decline in SENSEX, BSE's benchmark index. Any prolonged financial crisis may have an adverse impact on the Indian economy and us, thereby resulting in a material and adverse effect on our business, operations, financial condition, profitability and price of our Equity Shares.

60. Natural calamities could have a negative impact on the Indian economy and cause Our Company's business to suffer.

India has experienced natural calamities such as earthquakes, tsunamis, floods etc. In recent years, the extent and severity of these natural disasters determine their impact on the Indian economy. Prolonged spells of abnormal rainfall or other natural calamities could have a negative impact on the Indian economy, which could adversely affect our business, prospects, financial condition and results of operations as well as the price of the Equity Shares.

61. Government regulation of foreign ownership of Indian securities may have an adverse effect on the price of the Equity Shares.

Foreign ownership of Indian securities is subject to government regulation. Under foreign exchange regulations currently in effect in India, transfer of shares between non-residents and residents are freely permitted (subject to certain exceptions) if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares, which are sought to be transferred, is not in compliance with such pricing guidelines or reporting requirements or fall under any of the exceptions referred to above, then the prior approval of the RBI will be required. Additionally, shareholders who seek to convert the rupees proceeds from the sale of shares in India into foreign currency and repatriate that foreign currency from India will require a no objection/ tax clearance certificate from the Income Tax authorities. There can be no assurance that any approval required from the RBI or any other government agency can be obtained.

62. Political, economic and social changes in India could adversely affect our business.

Our business, and the market price and liquidity of our Company's shares, may be affected by changes in Government policies, including taxation, social, political, economic or other developments in or affecting India could also adversely affect our business. Since 1991, successive governments have pursued policies of economic liberalization and financial sector reforms including significantly relaxing restrictions on the private sector. In addition, any political instability in India may adversely affect the Indian economy and the Indian securities markets in general, which could also affect the trading price of our Equity Shares.

63. Our transition to Ind AS or IFRS reporting could have an adverse effect on our reported results of operations or financial condition.

On January 2, 2015, the Ministry of Corporate Affairs, Government of India (MCA) announced the revised roadmap for the implementation of Ind AS for companies other than banking companies, insurance companies and non-banking finance companies through a press release. On February 16, 2015, the MCA issued the Companies (Indian Accounting Standards) Rules, 2015 (Indian Accounting Standard Rules) to be effective from April 1, 2015. The Indian Accounting Standard Rules provide for voluntary adoption of Ind AS by companies in financial year 2015 and, implementation of Ind AS will be applicable from April 1, 2016 to companies with a net worth of Rs.5,000 million or more. Additionally, Ind AS differs in certain respects from IFRS and therefore financial statements prepared under Ind AS may be substantially different from financial statements prepared under IFRS. There can be no assurance that the adoption of Ind AS by our Company will not adversely affect its results of operation or financial condition. Any failure to successfully adopt Ind AS in accordance with the prescribed timelines may have an adverse effect on the financial position and results of operation of our Company.

64. Our business is dependent on the Indian economy.

The performance and growth of our business are necessarily dependent on economic conditions prevalent in India, which may be materially and adversely affected by center or state political instability or regional conflicts, a general rise in interest rates, inflation, and economic slowdown elsewhere in the world or otherwise. There have been periods of slowdown in the economic growth of India. India's economic growth is affected by various factors including domestic consumption and savings, balance of trade movements, namely export demand and movements in key imports (oil and oil products), global economic uncertainty and liquidity crisis, volatility in exchange currency rates and annual rainfall which affects agricultural production. Any continued or future slowdown in the Indian economy or a further increase in inflation could have a material adverse effect on the price of our raw materials and demand for our products and, as a result, on our business and financial results. The Indian financial market and the Indian economy are influenced by economic and market conditions in other countries, particularly in emerging market in Asian countries. Financial turmoil in Asia, Europe, the U.S. and elsewhere in the world in recent years has affected the Indian economy. Although economic conditions are different in each country, investors' reactions to developments in one country can have adverse effects on the securities of companies in other countries, including India. A loss in investor confidence in the financial systems of other emerging markets may cause increased volatility in Indian financial markets and, indirectly, in the Indian economy in general. Any worldwide financial instability, including the financial crisis and fluctuations in the stock markets in China and further deterioration of credit conditions in the U.S. or European markets, could also have a negative impact on the Indian economy. Financial disruptions may occur again and could harm our business and financial results.

OVERVIEW OF THE INDIAN ECONOMY

The Indian economy is ranked fourth in the world, on purchasing power parity basis, after United States, European Union and China (Source: <https://www.cia.gov/library/publications/the-world-factbook/geos/in.html>). For the fiscal year 2016, the forecast for real GDP growth rate in India is estimated to achieve a marginally higher rate of 7.6% than last year (7.5%). by the National Council of Applied Economic Research (“NCAER”) in their ‘Quarterly Review of the Economy’ on August 04, 2016. (Source: NCAER’s Quarterly Review of the Indian Economy, Quarter 2, 2016-17).

GVA growth for 2016-17 is projected at 6.9 per cent with risks evenly balanced around it. Growth is expected to recover sharply in 2017-18 on account of several factors. First, discretionary consumer demand held back by demonetisation is expected to bounce back beginning in the closing months of 2016-17. Second, economic activity in cash-intensive sectors such as retail trade, hotels and restaurants, and transportation, as well as in the unorganised sector, is expected to be rapidly restored. Third, demonetisation-induced ease in bank funding conditions has led to a sharp improvement in transmission of past policy rate reductions into marginal cost-based lending rates (MCLR), and in turn, to lending rates for healthy borrowers, which should spur a pick-up in both consumption and investment demand. Fourth, the emphasis in the Union Budget for 2017-18 on stepping up capital expenditure, and boosting the rural economy and affordable housing should contribute to growth. Accordingly, GVA growth for 2017-18 is projected at 7.4 per cent, with risks evenly balanced.

OVERVIEW OF INFRASTRUCTURE SECTOR IN INDIA

Infrastructure sector is a key driver for the Indian economy. The sector is highly responsible for propelling India's overall development and enjoys intense focus from Government for initiating policies that would ensure time bound creation of world class infrastructure in the country. Mr. Nitin Gadkari, Minister of Road Transport and Highways, and Shipping, has announced the government's target of Rs 25 trillion (US\$ 376.53 billion) investment in infrastructure over a period of three years, which will include Rs 8 trillion (US\$ 120.49 billion) for developing 27 industrial clusters and an additional Rs 5 trillion (US\$ 75.30 billion) for road, railway and port connectivity projects.

Infrastructure sector includes power, bridges, dams, roads and urban infrastructure development. In 2016, India jumped 19 places in World Bank's Logistics Performance Index (LPI) 2016, to rank 35th amongst 160 countries.

(Source: <https://www.ibef.org/industry/infrastructure-sector-india.aspx>)

OVERVIEW OF THE ROAD SECTOR IN INDIA

India has the second largest road network across the world at 4.7 million km. This road network transports more than 60 per cent of all goods in the country and 85 per cent of India's total passenger traffic. Road transportation has gradually increased over the years with the improvement in connectivity between cities, towns and villages in the country.

The Indian roads carry almost 90 per cent of the country's passenger traffic and around 65 per cent of its freight. In India sales of automobiles and movement of freight by roads is growing at a rapid rate. Cognizant of the need to create an adequate road network to cater to the increased traffic and movement of goods, Government of India has set earmarked 20 per cent of the investment of US\$ 1 trillion reserved for infrastructure during the 12th Five-Year Plan (2012–17) to develop the country's roads.

GROWTH DRIVERS

India has an estimated urban housing shortage of 18.8 Million dwelling units. The housing shortage in rural India is estimated at 47.4 Million units, in 2012.

Present levels of urban infrastructure are inadequate to meet the demands of the existing urban population. There is need for re-generation of urban areas in existing cities and the creation of new, inclusive smart cities to meet the demands of increasing population and migration from rural to urban areas. Future cities of India will require smart real estate and urban infrastructure.

The Government of India is in the process of launching a new urban development mission. This will help develop 500 cities, which include cities with a population of more than 100,000 and some cities of religious and tourist importance. These cities will be supported and encouraged to harness private capital and expertise through Public Private Partnerships (PPPs), to bolster their infrastructure and services in the next 10 years.

To provide quality urban services on a sustainable basis in Indian cities, the need of the hour is that urban local bodies (ULBs) enter into partnership agreements with foreign players, either through joint ventures, private sector partners or through other models.

ROAD AHEAD

Indian port sector is poised to mark great progress in the years to come. It is forecasted that by the end of 2017 port traffic will amount to 943.06 MT for India's major ports and 815.20 MT for its minor ports. Along with that, Indian aviation market is expected to become the third largest across the globe by 2020, according to industry estimates. The sector is projected to handle 336 million domestic and 85 million international passengers with projected investment to the tune of US\$ 120 billion. Indian Aviation Industry, which currently accounts for 1.5 per cent of the gross domestic product (GDP), has been instrumental in the overall economic development of the country. Given the huge gap between potential and current air travel penetration in India, the prospects and possibilities of growth of Indian aviation market are enormous.

The Ambassador of Japan to India has stated that the Government of Japan is interested in urban development initiatives of the Government of India and has decided to be associated with development of cities like Chennai, Ahmedabad and Varanasi as smart cities in the country.

INDIAN INFRASTRUCTURE MARKET TO OVERTAKE JAPAN BY 2023: BMI RESEARCH

- With large residential and non-residential projects in the pipeline, the Indian infrastructure market is forecast to overtake Japan's in next five years.
- India's infrastructure market is the third-largest in Asia, and is forecast to overtake Japan's in nominal value terms by 2023.
- Although demonetisation had a negative impact on construction activity in 2016 as most construction workers' wages were paid in cash, the Fitch group company said that it believes that "robust growth will return in 2017 as work resumes on the large pipeline of infrastructure, residential and non-residential projects in the country".
- At the same time, the operating environment of India's construction industry remains immensely challenging, with major infrastructure projects commonly incurring delays and cost overruns.
- The Modi government has made some progress in addressing underlying issues in the sector, such as streamlining the land-acquisition process in some states, though the slow pace of reform means that the

market remains relatively risky.

- Industrialisation and urbanisation trends are making India's infrastructure deficit more apparent and increasing demand for investment in roads, railways, ports, power transmission and water utilities.
- The Narendra Modi-led government at the Centre has initiated several programmes aimed at improving logistics, stimulating investment in manufacturing and building affordable housing, which will contribute to growth in the construction industry over the next 10 years.
- Reforms to foreign investment laws under Make in India initiative have made it easier for international companies to invest and participate in India's infrastructure projects. The infrastructure market remains dominated by domestic companies which have significant home market advantages owing to their experience with the complex regulatory environment in India.

OUR COMPETITIVE STRENGTHS

Exclusive focus on construction business

The primary focus of our business is on Engineering, Procurement and Construction (EPC). Our Company is engaged in construction of Residential, Commercial, Institutional and Civil structures on contract basis. We constantly seek to maintain and strengthen the market position of our EPC business in India. This focused business approach has enabled us to build, in a short span of time, a motivated team of people, through incentive structures and periodic recognition, with the domain knowledge, skill and experience. We have acquired and deployed assets required for execution of our completed and ongoing projects and sought to establish systems and processes that are aligned with the specific requirements of the EPC business, which we believe has led to the development of our core competence and technical expertise in EPC domain. We believe that our concentrated focus on EPC business has enabled us to grow our Order Book leading to a high degree of specialization in this business, which has helped us in increasing our operating revenues and profits from operations.

Healthy order book

In our industry, an order book is considered an indicator of future performance since it represents a portion of anticipated future revenue. Our strategy is not focused solely on order book addition but, rather, on adding quality projects with potentially higher margins. By diversifying our skill set and order book across Commercial, Institutional and Civil structures in different geographical regions, we are able to pursue a broader range of project tenders and therefore maximize our business volume and contract profit margins. Our order book has grown significantly over the last three years.

Focus on equipments

Our Company consistently invests in modern construction equipment in India. We own as well as lease, as required, modern construction equipment to meet most of the requirements for our present projects. We believe fleet of modern equipment provides us with a competitive advantage, allowing us to utilize our machines and equipment at their optimal levels. We maintain our equipment to ensure high availability and reduce equipment cost. Easy access to and availability of our modern equipment fleet has enabled us to undertake complex and challenging projects and complete our projects efficiently and profitably. Given our substantial investment in construction equipment, we track and actively manage our equipment conduct regular maintenance to ensure high availability and efficiency of our construction equipment.

Geographical distribution of projects

Our geographical footprint continues to grow and is present in over 40% of the geographical area of the nation. We intend to draw on our experience, effectively use our assets, market position and our ability to execute and manage multiple projects across geographies, to grow our portfolio of EPC business. The geographical spread of our projects has been to major states in India, with a predominant focus on clientele based in Madhya Pradesh, Maharashtra, Goa, Uttar Pradesh, Haryana and Orissa. We are also focusing on expansion our geographical spread to states like Chhattisgarh and Assam.

Known brand name and execution track record

Over the years we have establish an accredited name and reputation for quality in the construction industry and

we have gained significant experience and have established track record and reputation for efficient project management, execution and timely completion of projects. We believe that our expertise in successful and timely implementation of projects provides us with significant competitive advantages. We believe that we have established ourselves as a reliable brand in the state where we operate wherein our clients trust us for our quality, consistency, completing our projects efficiently and effectively within the stipulated time period and continuous performance.

Robust client base and repeat orders

We value our relationships with our clients. We believe that our motivated team of personnel and our work processes complement each other to enable us to deliver high levels of client satisfaction. Further, we believe that our quality of work and timely execution has allowed us to enhance our relationships with existing clients and to secure projects from new clients.

Experienced Promoters and efficient Management

Our Company is managed by a team of professionals led by Mr. Kishan Mundra who has been associated with the construction industry over 2 decades. We believe the leadership and vision of our Promoters have been instrumental in driving our growth and implementing our business strategies. Our Promoter and our Key Managerial Personnel have the requisite experience to manage the current scale of business as well as the expansion plans for the future. We believe that we have achieved a measure of success in attracting an experienced senior management team with operational and technical capabilities, management skills, business development experience and financial management skills. For further details on “Our Management”, please see “Our Management” on page 150 of this Draft Prospectus.

Further, we have the key competencies and resources to deliver a project from its conceptualization stage to completion stage. Our present management and engineers teams facilitate efficient operations and ensure consistent quality across all of our projects. Our project management team is involved in gathering relevant market data, assessing the potential of a location after evaluating its demographic trends and identifying relevant government schemes and incentives.

Growth Oriented

Our Company has witnessed substantial growth in past few years. Turnover of our Company have increased from Rs. 8580.52 Lakhs in the fiscal 2012-2013 to Rs. 20223.73 Lakhs in the fiscal 2016-17 resulting in the increase of 135.69% over the past 5 years. Majority of the equipments are on the books; hence minimum reliance on lease model for equipment for our business. Despite 90% revenue from Govt. contracts, our debtor's days are under 60 days. We are ISO 9001:2000 certified Company on the back of quality execution of our projects. Our order book has grown at CAGR of 47% over FY13-FY17.

Accessibility to Skilled Workforce

We believe that skilled labour is an important resource in infrastructure and construction business. We have established a dedicated subcontract resource cell for the purpose of mobilisation of workmen to meet the manpower needs across all our project sites. In order to ensure welfare and, thereby, reduce attrition and increase dependability of workmen, we provide accommodation, food arrangements / allowance, transport arrangements and access to medical facilities. We have instituted procedures for induction training at our project sites in respect of occupational health and safety of workmen, which we believe is an important factor in promoting a safer work environment. We also impart process quality training to our employees and workmen to prevent against cost and time overruns on account of repair, rectification or reworking of faulty or defective construction. Further, we strive to reduce idling or under-utilisation of resources, be it in formwork, rebar, concrete, block work, plastering or any other activity, by strategically deploying personnel for specific activities. We believe that imparting training to, and ensuring the welfare of, our work force enables us to simultaneously create and retain a skilled and dependable labour force, which is one of the key factors for the effective execution of work at our project sites.

OUR STRATEGIES

Expansion of Domestic Market actively bid for new projects-

We plan to continue our strategy of diversifying across states and tap Pan India market for growth opportunities of our business. Presently, we have our foot prints in many geographical area of the nation and we plan to deepen our presence in the existing market and expand our reach and penetrate into the large available market by giving scale down low price solution and grab major market share. Our business growth has been partly attributed to increased activities in bidding for more and larger projects to be awarded by government clients. Due to our experience in undertaking Government projects and increased pre-qualifications for projects, we have become more focused on bidding for projects directly awarded by Government clients.

Increase our competitiveness through continuous focus on EPC business

We strive to become one of the leaders in the contract based construction industry with strong client relationships, dedicated workforce and strong reputation as a top-quality EPC service provider with the capability to execute projects without project delays or cost overruns. We will continue focusing on providing high quality EPC services, conduct more EPC business, enhance client satisfaction through cost effective and timely completion, motivate and train our staff to improve productivity and service quality and update and implement our systems in line with industry standards. By focusing on EPC projects, we seek to increase our competitive advantage, elevate our Company as one of the largest EPC development companies in India. We believe that our experience and track record in the construction business will provide us with a significant advantage in pursuing opportunities in this line of business.

Enhance our system of equipment usage, procurement and manpower

We intend to further enhance our execution efficiency and improve our operating systems of equipment usage, procurement and manpower. We intend to strive to ensure continuous availability of equipment for our projects and exercise better control over the execution of our projects. We intend to adhere to our proven practice of quick mobilization of the equipment needed for our new projects. As we intend to continue using a large number of machinery, vehicles and other equipment and large quantities of raw materials, we intend to continue using our centralized procurement system to gain bargaining power with our equipment and raw material suppliers and further reduce our procurement costs. We intend to further strengthen our workforce through more comprehensive training and provide adequate and skilled manpower to our clients.

Strengthen Internal Systems and focussing on Technology and Operational Efficiency

Information technology is a part of almost every aspect of our operations. Our growing dependence on the IT infrastructure, applications, data management and other internal processes has caused us to have a vested interest in its reliability and functionality. We intend to strengthen our IT systems and other internal processes to reduce manual intervention, improve reliability and efficiency of our business. In order to achieve this we have implemented an 'MIS' system across our operations and we continue to take steps to strengthen the same.

Retain talented workforce

Our work force are essential to our success. We rely on them to operate our modern construction equipment, complete various tasks on our complex construction projects and deliver quality performance to our clients. We intend to continue to focus on improving health, safety and environment for our employees and provide various programs and benefits for the personal wellbeing and career development of our employees.

Develop relationship with our clients and optimize our client mix

We will further develop our client relationships by providing high quality services to our clients with the same amount of dedication as we did in the past. Through our strong operating systems, we will keep monitoring our clients' needs and requests and be responsive to them. We believe that completing our clients' projects on time and with quality is an effective way to develop and maintain strong relationships with our clients and thus will strive to deliver our best performance in every stage of the projects we undertake. Government contracts accounted for the largest portion of our total order book during the last five audited financials. We intend to

continue focusing on securing bids for government contracts in the near future.

Promotion of our brand recognition

We propose to increase the brand recognition through various brand building efforts, communication and various promotional initiatives. Such promotion would enhance the visibility of our brand and also enhance our business positioning.

Market Maker (SME Segment NSE)

The Market Maker shall fulfil the applicable obligations and conditions as specified in the SEBI (ICDR) Regulations and the circulars issued by the NSE and SEBI regarding this matter from time to time.

Following is a summary of the key details pertaining to the Market Making Arrangement:

1. The Market Maker(s) (*individually or jointly*) shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the stock exchange. Further, the Market Maker(s) shall inform the exchange in advance for each and every black out period when the quotes are not being issued by the Market Maker(s).
2. The prices quoted by Market Maker shall be in compliance with the Market Maker Spread Requirements and other particulars as specified or as per the requirements of the NSE EMERGE Platform and SEBI from time to time.
3. The minimum depth of the quote shall be Rs.1,00,000. However, the investors with holdings of value less than Rs.1,00,000 shall be allowed to Issue their holding to the Market Maker(s) (*individually or jointly*) in that scrip provided that he sells his entire holding in that scrip in one lot along with a declaration to the effect to the selling broker.
4. The Market Maker shall not sell in lots less than the minimum contract size allowed for trading on the EMERGE Platform of NSE (in this case currently the minimum trading lot size is 3,000equity shares; however the same may be changed by the EMERGE Platform of NSE from time to time).
5. After a period of three (3) months from the market making period, the Market Maker would be exempted to provide quote if the Shares of Market Maker in our company reaches to 25% of Issue Size. Any Equity Shares allotted to Market Maker under this Issue over and above 25% of Issue Size would not be taken in to consideration of computing the threshold of 25% of Issue Size. As soon as the Shares of Market Maker in our Company reduces to 24% of Issue Size, the Market Maker will resume providing 2 way quotes.
6. The Market Maker shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the Stock Exchange. The spread (difference between the sell and the buy quote) shall not be more than 10% or as specified by the Stock Exchange. Further, the Market Maker (s) shall inform the exchange in advance for each and every black out period when the quotes are not being issued by the Market Maker (s).
7. There shall be no exemption/threshold on downside. However, in the event the Market Maker exhausts his inventory through market making process, NSE may intimate the same to SEBI after due verification.
8. Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker(s), for the quotes given by him.
9. There would not be more than five (5) Market Makers for a script at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors.
10. On the first day of the listing, there will be pre the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction.
11. The Marker maker may also be present in the opening call auction, but there is no obligation on him to do so.

12. There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market – for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while force-majeure will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final.
13. The Market Maker(s) shall have the right to terminate said arrangement by giving a three (3) months notice or on mutually acceptable terms to the Lead Manager, who shall then be responsible to appoint a replacement Market Maker(s). In case of termination of the above mentioned Market Making agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the Lead Manager to arrange for another Market Maker in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of regulation 106V of the SEBI (ICDR) Regulations. Further our Company and the Lead Manager reserve the right to appoint other Market Makers either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed five (5) or as specified by the relevant laws and regulations applicable at that particular point of time. The Market Making Agreement is available for inspection at our registered office from 11.00 a.m. to 5.00 p.m. on Working Days.
14. **Risk containment measures and monitoring for Market Makers:**
NSE SME Exchange will have all margins, which are applicable on the NSE main board viz., Mark-to-Market, Value-At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. NSE can impose any other margins as deemed necessary from time-to-time.
15. **Punitive Action in case of default by Market Makers:**
NSE SME Exchange will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and/or non-compliances. Penalties / fines may be imposed by the Exchange on the Market Maker, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties / fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker in case he is not present in the market (Issuing two way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership. The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties / fines / suspension for any type of misconduct/ manipulation/ other irregularities by the Market Maker from time to time.
16. Pursuant to SEBI Circular number CIR/MRD/DSA/31/2012 dated November 27, 2012, limits on the upper side for market makers during market making process has been made applicable, based on the Issue size and as follows:

Except as disclosed above in this chapter, none of the members of the Promoters, Promoters Group, Directors and their immediate relatives have purchased or sold any Equity shares of our Company within the last six months from the date of this Draft Prospectus.

None of the members of the Promoter Group/Directors and their immediate relatives have financed the purchase by any other person of Equity shares of our Company other than in the normal course of business of the financing entity within the period of six months immediately preceding the date of this Draft Prospectus.

Our Promoters have provided their confirmations to our Company and the LM that the Equity Shares held by them, which shall be locked-in for a period of three years as Promoter's contribution have been financed from their internal accruals and no loans or financial assistance from any bank or financial institution has been availed by them for this purpose. As of the date of this Draft Prospectus, none of the Equity Shares held by our Promoters are subject to pledge.

(ii) **Details of Promoter's Contribution locked in for three years:**

Pursuant to Regulation 32 and 36 of SEBI (ICDR) Regulations, an aggregate of 20% of the post-Issue equity capital held by our Promoter shall be considered as Promoter's Contribution ("**Promoter's Contribution**") and locked-in for a period of three years from the date of Allotment. The lock-in of the Promoter's Contribution would be created as per applicable law and procedure and details of the same shall also be provided to the Stock Exchange before listing of the Equity Shares.

Our Promoters have given written consent to include such number of Equity Shares held by them and subscribed by them as a part of Promoter's Contribution constituting 50.64% of the post Issue Equity Shares of our Company and have agreed not to sell or transfer or pledge or otherwise dispose of in any manner, the Promoter's Contribution, for a period of three years from the date of allotment in the Issue.

Total	79,36,920	71.32	79,36,920	50.64

The minimum Promoter's Contribution has been brought in to the extent of not less than the specified minimum lot and from the persons defined as promoter under the SEBI (ICDR) Regulations. The Equity Shares that are being locked in are not ineligible for computation of Promoter's Contribution in terms of Regulation 33 of the SEBI (ICDR) Regulations. In this connection, we confirm the following:

- The Equity Shares Issued for minimum 20% Promoter's Contribution have not been acquired in the three years preceding the date of this Draft Prospectus for consideration other than cash and revaluation of assets or capitalization of intangible assets nor resulted from a bonus issue out of the revaluation reserves or unrealized profits of the Company or against Equity Shares which are otherwise ineligible for computation of Promoter's Contribution;
- The minimum Promoter's Contribution does not include Equity Shares acquired during the one year preceding the date of this Draft Prospectus at a price lower than the Issue Price;
- Our Company has been formed by the conversion of a partnership firm into a Company and thus, Equity Shares have been issued to our Promoters upon conversion of a partnership firm;
- The Equity Shares held by the Promoters and Issued for minimum Promoter's Contribution are not subject to any pledge;

- e. All the Equity Shares of our Company held by the Promoter are in dematerialized form.
- f. The Equity Shares Issued for Promoter's Contribution do not consist of Equity Shares for which specific written consent has not been obtained from the Promoter for inclusion of its subscription in the Promoter's Contribution subject to lock-in.

(iii) **Details of Equity Shares locked-in for one year**

Other than the above Equity Shares that are locked in for three years, the entire pre-Issue Equity Share capital of our Company held by the Promoter and members belonging to the Promoter Group shall be locked-in for a period of one year from the date of allotment in the Public Issue.

(iv) **Other requirements in respect of lock-in**

Pursuant to Regulation 39 of the SEBI (ICDR) Regulations, the locked-in Equity Shares held by the Promoter, as specified above, can be pledged only with scheduled commercial banks or public financial institutions as collateral security for loans granted by such scheduled commercial banks or public financial institution, provided that the pledge of the Equity Shares is one of the requirements of the sanction of the loan.

Provided that securities locked in as Promoter's Contribution for 3 years under Regulation 36(a) of the SEBI (ICDR) Regulations may be pledged only if, in addition to fulfilling the above requirement, the loan has been granted by such scheduled commercial bank or public financial institution for the purpose of financing one or more of the objects of the Issue.

Further, pursuant to Regulation 40 of the SEBI (ICDR) Regulations, the Equity Shares held by persons other than the Promoters prior to the Issue may be transferred to any other person holding the Equity Shares which are locked-in as per Regulation 37 of the SEBI (ICDR) Regulations, along with the Equity Shares proposed to be transferred, provided that lock-in on such Equity Shares will continue for the remaining period with the transferee and such transferee shall not be eligible to transfer such Equity Shares till the lock-in period stipulated under the SEBI (ICDR) Regulations has ended, subject to compliance with the Takeover Code, as applicable

We further confirm that our Promoter's Contribution of the post Issue Equity Share Capital does not include any contribution from Alternative Investment Fund (AIF).

OVERVIEW OF THE INDIAN ECONOMY

The Indian economy is ranked fourth in the world, on purchasing power parity basis, after United States, European Union and China. For the fiscal year 2016, the forecast for real GDP growth rate in India is estimated to achieve a marginally higher rate of 7.6% than last year (7.5%). by the National Council of Applied Economic Research (“NCAER”) in their ‘Quarterly Review of the Economy’ on August 04, 2016. (Source: NCAER’s Quarterly Review of the Indian Economy, Quarter 2, 2016-17).

GVA growth for 2016-17 is projected at 6.9 per cent with risks evenly balanced around it. Growth is expected to recover sharply in 2017-18 on account of several factors. First, discretionary consumer demand held back by demonetisation is expected to bounce back beginning in the closing months of 2016-17. Second, economic activity in cash-intensive sectors such as retail trade, hotels and restaurants, and transportation, as well as in the unorganised sector, is expected to be rapidly restored. Third, demonetisation-induced ease in bank funding conditions has led to a sharp improvement in transmission of past policy rate reductions into marginal cost-based lending rates (MCLR), and in turn, to lending rates for healthy borrowers, which should spur a pick-up in both consumption and investment demand. Fourth, the emphasis in the Union Budget for 2017-18 on stepping up capital expenditure, and boosting the rural economy and affordable housing should contribute to growth. Accordingly, GVA growth for 2017-18 is

projected at 7.4 per cent, with risks evenly balanced.

GDP AND OTHER INDICATORS

According to the Economic Survey 2016-17, India's economic growth has been pegged at 6.5% for the current fiscal, down from 7.6% recorded in the last financial year, but is expected to rebound in the range of 6.75-7.5% in 2017-18. As per the Second Advance Estimate of National Income, 2016-17 released by Ministry of Statistics & Programme Implementation on February 27th 2017, Annual GDP at constant (2011-12) prices is expected to grow at the rate of 7.1% for financial 2016-17. Annual growth of Gross Value Added (GVA) at constant (2011-12) prices is estimated to be 6.7% in FY2016-17 compared to 7.8% in FY15-16.

The steps taken by the government in recent times have shown positive results as India's gross domestic product (GDP) at factor cost at constant (2011-12) prices 2015-16 is Rs 113.5 trillion (US\$ 1.668 trillion), as against Rs.105.5 trillion (US\$ 1.55 trillion) in 2014-15, registering a growth rate of 7.6%. Better than expected post demonetisation Indian GDP (at 2011-12 prices) revived to 7.0% in Q3FY17 as compared to 7.3% in the previous quarter and 7.1% in Q3FY16. Gross Value Added GVA at basic prices at constant (2011-12) prices in Q3 FY17 has grown by 6.6% compared to 7.0% in Q3FY16 and by 6.7% compared to Q2FY17.

GLOBAL GROWTH TRENDS

The global economic growth eased to 3.2% in 2015 from 3.4% in 2014, with similar trend expected to persist in 2016 followed by modest improvement in 2017. (Source: IMF Report) Specifically, the rate of expansion of economic activity in China, the Euro Area, the United States and the United Kingdom is expected to moderate in 2016 relative to the previous year, whereas the rate in India, the ASEAN-5 countries and Japan is expected to remain steady.

OVERVIEW OF INFRASTRUCTURE SECTOR IN INDIA

Infrastructure sector is a key driver for the Indian economy. The sector is highly responsible for propelling India's overall development and enjoys intense focus from Government for initiating policies that would ensure time bound creation of world class infrastructure in the country. Mr. Nitin Gadkari, Minister of Road Transport and Highways, and Shipping, has announced the government's target of Rs 25 trillion (US\$ 376.53 billion) investment in infrastructure over a period of three years, which will include Rs 8 trillion (US\$ 120.49 billion) for developing 27

industrial clusters and an additional Rs 5 trillion (US\$ 75.30 billion) for road, railway and port connectivity projects.

Infrastructure sector includes power, bridges, dams, roads and urban infrastructure development. In 2016, India jumped 19 places in World Bank's Logistics Performance Index (LPI) 2016, to rank 35th amongst 160 countries.

OVERVIEW OF THE ROAD SECTOR IN INDIA

India has the second largest road network across the world at 4.7 million km. This road network transports more than 60 per cent of all goods in the country and 85 per cent of India's total passenger traffic. Road transportation has gradually increased over the years with the improvement in connectivity between cities, towns and villages in the country.

The Indian roads carry almost 90 per cent of the country's passenger traffic and around 65 percent of its freight. In India sales of automobiles and movement of freight by roads is growing at a rapid rate. Cognizant of the need to create an adequate road network to cater to the increased traffic and movement of goods, Government of India has set earmarked 20 per cent of the investment of US\$ 1 trillion reserved for infrastructure during the 12th Five-Year Plan (2012–17) to develop the country's roads.

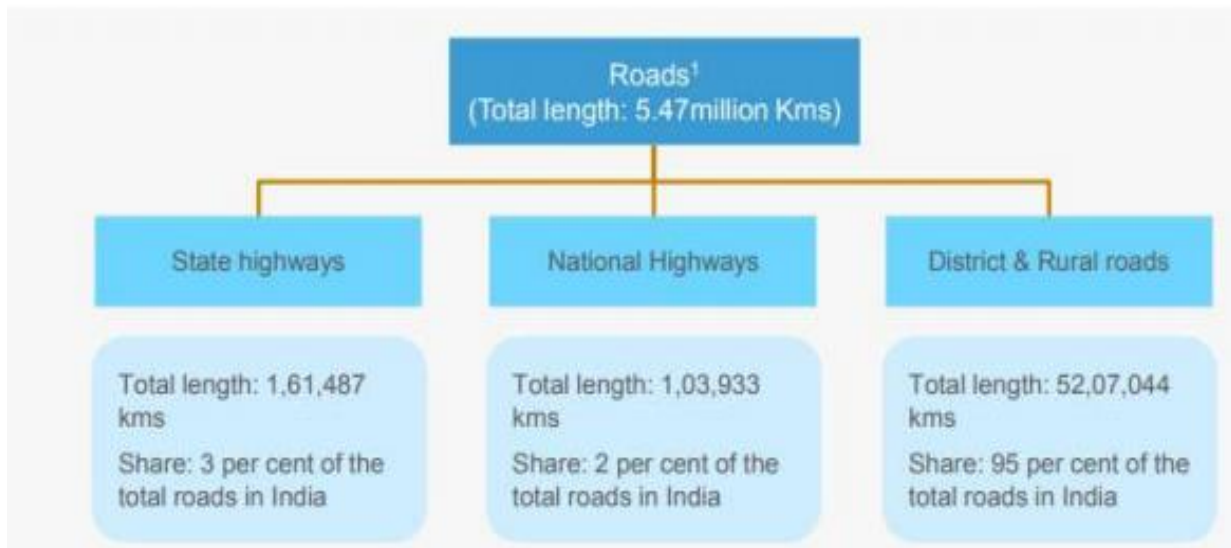

(Source: <https://www.ibef.org/industry/roads-india.aspx>)

Transportation sector accounts for around 6.5% of India's GDP. Road transportation, dominant of the transportation sector, accounts for approximately 4.7% of India's GDP and has deep linkages with the rest of the economy.

LOOKING AHEAD

As villages gradually turn into suburbs and urban centers transform into work intensive metropolises the demand is imperative and so is the need for innovation.

At the ET India Infra Summit's main event panelists noted that there couldn't be a better time for a nationwide thrust on innovation in infrastructure given several roadblocks are dealt with.

Access to funds, technology, entrepreneurship and the political will to transform infrastructure with the help of public and private investment are more actionable today.

Suresh Prabhu, Minister of Railways, present at the summit pointed out that along with innovation, value must also be a priority. He said that public and private organisations need to generate resources but consumers should not be asked to pay the cost of inefficiency.

Elaborating further on the scale of investment in railways infrastructure in monetary terms he informed that earlier India used to invest Rs. 40,000 crore a year in railways but now in the past two and half years alone the outlay for railways together has been Rs. 3,50,000 crore. Like railways, robust commercial and passenger road transport network is a mirror to prosperity of a country. A simple road connecting villages for transfer of goods and even a basic necessity such as water can do wonders for the wellbeing of families and the country as a whole.

Nitin Gadkari, Minister for Road Transport, Highways and Shipping present at the summit spoke at length on the investment and strong steps taken to connect India end-to-end for better transport and prosperity. "Our current road construction capacity is 22 km per day. Total road length (including highways) in India is 52 lakh kms out of which 96,000 kms are highways. And 40% of the total traffic in India is carried on highways which are only about 2% of our total road length. We have already taken the decision to increase the national highway length from 96,000 km to 2,00,000 km. We expect that 80% of the traffic will be on national highways."

Transferring traffic from city roads to highways will help decongest cities, increase the life-span of existing infrastructure and reduce pollution levels. Mr. Gadkari also shared plans of developing 36 ring roads in major cities of the country that will focus at providing commercial traffic an alternative to bypass cities.

He added further, "We have awarded the work for more than 25,000 km of roads. Projects worth about Rs. 4,35,000 crores are planned and projects worth Rs. 1,00,000 crores in the ports sector have already been started."

Government's ambitious project of developing inland waterways for transport has also been a focus to improve transport infrastructure in the country. Mr. Gadkari informed, "We have already started the work worth Rs. 3,000 crores in Ganga. Logistics cost is a big problem. In China it is around 8 to 10% and in India it is 16-18%. So, by using the waterways we can reduce the cost."

Also present at the ET India Infra Summit was L&T railway business CEO Rameesh Jyoti. He said infrastructure innovation should mean innovation at product level and new ways to do things. Throwing light on some operational bottlenecks he said, "When laying a track, getting river sand is a challenge. Therefore you can aggregate dust, mix it with much less amount of sand. But is it allowed in the railways? That's the challenge," he said.

POLICY REFORMS

In a long-awaited measure, SEBI, allowed Indian firms to launch Real Estate Investment Trusts (REIT) and Infrastructure Investment Trusts (InvITs) in 2014. Both investment instruments allow investors to own a share of property or asset without physically possessing them. Lately, SEBI also allowed mutual funds to invest in these instruments. This promises to partially erase financing worries of big developers and financiers. Reforms like these have nudged investors in favour of the market.

For instance, American private equity giant Blackstone which is also a major investor in Indian commercial properties has been reportedly finalising plans to raise \$600 million from India's first REIT. Much recently IRB Infrastructure is set to launch India's first InvIT in April 2017. Several other firms are learnt to have lined-up for this purpose.

Budgetary allocations this year also indicate a more pronounced thrust at infrastructure development which makes India an attractive destination for investment. Indian Railways has been promised funds to modernise its

infrastructure and services that includes laying 3,500 km of railway tracks and feeding 7,000 stations with solar power in the medium term.

MONETARY POLICY

The Reserve Bank of India (“RBI”) is responsible for monetary policy. In formulating monetary policy, the RBI’s primary objective is to maintain price stability while keeping in mind the objective of growth. This responsibility is explicitly mandated under the Reserve Bank of India Act, as amended in 2016 and notified in the official gazette on May 14, 2016. The monetary policy framework aims at setting the policy (repo) rate based on a forward looking assessment of inflation, growth and other macroeconomic risks, and modulation of liquidity conditions to anchor money market rates at or around the repo rate. Repo rate changes transmit through the money market to alter the interest rates in the financial system, which, in turn, influence aggregate demand - a key determinant of inflation and growth.

CONSTRUCTION SECTOR IN INDIA

RECENT TRENDS OF INFLATION

The steps taken by the government in recent times have shown positive results as India's gross domestic product (GDP) at factor cost at constant (2011-12) prices 2014-15 is Rs 113.5 trillion (US\$ 1.69 trillion), as against Rs 105.52 trillion (US\$ 1.57 trillion) in 2014-15, registering a growth rate of 7.6 per cent. The economic activities which witnessed significant growth were ‘financial, real estate and professional services’ (10.3 percent), manufacturing (9.3 percent), ‘trade, hotels, transport, communication and services related to broadcasting’ (9.0 percent), and ‘mining and quarrying’ (7.4 percent).

As per the quarterly estimates of Gross Domestic Product (GDP) released by the Central Statistics Office (CSO) on 30th November 2016, the growth rate of GDP at constant (2011-12) market prices for the second quarter (Q2) (July-September) of 2016-17 is estimated at 7.3 per cent as compared to the growth of 7.1 per cent in Q2 of 2015-16. The WPI headline inflation increased to 3.7 per cent in August 2016 from 3.5 per cent in July 2016. Conversely, CPI (New Series) inflation decreased to 5.0 per cent in August 2016 from 6.1 per cent in July 2016. Gross tax revenue during April- July 2016-17 recorded a growth of 26.7 per cent over April-July 2015-16. Tax revenue (net to the Centre) increased by 44.1 per cent during April-July 2016-17.

MARKET SIZE

The value of roads and bridges infrastructure in India is projected to grow at a Compound Annual Growth Rate (CAGR) of 17.4 per cent over FY12-17. The country's roads and bridges infrastructure, which was valued at US\$ 6.9 billion in 2009, is expected to touch US\$ 19.2 billion by 2017.

The construction of highways had reached an all-time high of 6,029 km during FY 2015-16, and the increased pace of construction is expected to continue for the coming years. Under the Pradhan Mantri Gram Sadak Yojana (PMGSY), 133-km roads per day in 2016-17 were constructed as against a 2011-14 average of 73-km per day.

India needs Rs 31 trillion (US\$ 454.83 billion) to be spent on infrastructure development over the next five years, with 70 per cent of funds needed for power, roads and urban infrastructure segments.

The Indian power sector itself has an investment potential of US\$ 250 billion in the next 4-5 years, providing immense opportunities in power generation, distribution, transmission and equipment, according to Mr Piyush Goyal, Union Minister of Coal, Power and Renewable Energy.

India's core sector growth rose 3.4 per cent in January 2017, on the back of robust natural gas and steel output, which recorded a year-on-year growth of 11.9 per cent and 11.4 per cent respectively, according to data from the Ministry of Commerce & Industry.

The Indian construction equipment industry is reviving after a gap of four years and is expected to grow to US\$ 5 billion by FY2019-20 from current size of US\$ 2.8 billion. Foreign Direct Investment (FDI) received in Construction Development sector (townships, housing, built up infrastructure and construction development projects) from April 2000 to December 2016 stood at US\$ 24.3 billion, according to the Department of Industrial Policy and Promotion (DIPP).

(Source: <https://www.ibef.org/industry/infrastructure-sector-india.aspx>)

FOREIGN DIRECT INVESTMENTS

According to Department of Industrial Policy and Promotion (DIPP), the total FDI investments India received in FY 2015-16 (April 2015-March 2016) was US\$ 40 billion, indicating that government's effort to improve ease of doing business and relaxation in FDI norms is yielding results. Data for FY 2015-16 indicates computer hardware and software segment attracted the highest FDI equity inflow of US\$ 6.9 billion, followed by the computer hardware and software sector (US\$ 5.9 billion).

During FY2015-16, India received the maximum FDI equity inflows from Singapore at US\$ 13.69 billion, followed by Mauritius (US\$ 8.35 billion), USA (US\$ 4.19 billion), Netherlands (US\$ 2.64 billion) and Japan (US\$ 2.61 billion). Healthy inflow of foreign investments into the country helped India's balance of payments (BoP) situation and stabilized the value of rupee.

According to Department of Industrial Policy and Promotion (DIPP), Foreign direct investment (FDI) into the country for the period of 2016-17, stood at US\$ 60.1 billion compared to the period of 2015-16, stood at US\$ 52.01 billion, registering a growth of 15.3%.

Some of the recent initiatives of the government aimed at attracting greater investments, including reforms in FDI policy in constructions development sector are:

- Removal of conditions for restriction of floor area of 20,000 sq. m in construction development projects and minimum capitalization of US \$ 5 million, to be brought in within six months of the commencement of business;
- Exit and repatriation of foreign investment is now permitted before the completion of the development under the automatic route after a lock-in-period of three years-calculated based in each tranche of FDI expires. Exit permitted at any time if project or trunk infrastructure is completed before the lock-in period.
- The government may, in view of facts and circumstances of a case permit repatriation FDI or transfer of stake by one non-resident investor to another non-resident investor before the completion of the project. These proposals will be considered by FIPB on a case-to-case basis.
- 100% FDI under automatic route permitted in completed projects for operation and management of townships, malls/ shopping complexes and business centres.

GROWTH DRIVERS

India has an estimated urban housing shortage of 18.8 Million dwelling units. The housing shortage in rural India is estimated at 47.4 Million units, in 2012.

Present levels of urban infrastructure are inadequate to meet the demands of the existing urban population. There is need for re-generation of urban areas in existing cities and the creation of new, inclusive smart cities to meet the demands of increasing population and migration from rural to urban areas. Future cities of India will require smart real estate and urban infrastructure.

The Government of India is in the process of launching a new urban development mission. This will help develop 500 cities, which include cities with a population of more than 100,000 and some cities of religious and tourist importance. These cities will be supported and encouraged to harness private capital and expertise through Public Private Partnerships (PPPs), to holster their infrastructure and services in the next 10 years.

To provide quality urban services on a sustainable basis in Indian cities, the need of the hour is that urban local bodies (ULBs) enter into partnership agreements with foreign players, either through joint ventures, private sector partners or through other models.

GOVERNMENT INITIATIVES

The Road Transport & Highways Ministry has invested around Rs 3.17 trillion (US\$ 47.7 billion), while the Shipping Ministry has invested around Rs 80,000 crores (US\$ 12.0 billion) in the past two and a half years for building world class highways and shipping infrastructure in the country.

A total of 6,604 km out of the 15,000 km of target set for national highways in 2016-17 has been constructed by the end of February 2017, according to the Minister of State for Road, Transport & Highways, Government of India.

The Government of India is taking every possible initiative to boost the infrastructure sector. Some of the steps taken in the recent past are being discussed hereafter.

In the Union Budget 2017-18, the Government of India has taken the following measures for the development of infrastructure.

Increased total infrastructure outlay and defence capital expenditure by 10 per cent and 20.6 per cent to Rs 3,96,135 crore (US\$ 59.18 billion) and Rs 86,488 crore (US\$ 13.1 billion) respectively, over FY17 revised estimate. o Railway expenditure allocation has increased by 8 per cent to Rs 1,31,000 crore (US\$ 19.58 billion) for laying down 3,500 km of railway lines in 2017-18. o Affordable housing has been given infrastructure status. o Lock-in period for long-term capital gains on land and buildings has been reduced from three to two years.

- The Government of India has sought Parliament's approval for an additional expenditure of Rs 59,978.29 crore (US\$ 8.96 billion) for supporting the government's rural jobs scheme, building rural infrastructure, urban development and farm insurance.
- The Ministry of Shipping plans to undertake development of 37 national waterways (NWs), out of the 111 NWs declared under the National Waterways Act 2016, in the next three years, which would have positive impact on reduction of overall logistics cost.
- The Government of Karnataka aims to invest Rs 1 trillion (US\$ 15.1 billion) to develop irrigation projects across the state, which will help in minimising the impact of deficient rainfall and drought on agriculture faced in recent years.
- The Government of India has laid out a roadmap to complete 23 Priority-I projects by 2016-17, 31 Priority-II projects by 2017-18 and balance 45 Priority-III projects by December 2019 under the Prime Minister Krishi Sinchayee Yojana (PMKSY) and Accelerated Irrigation Benefits Programme (AIBP).
- The Government of India plans to build 8,000 km of pavements and lay more cycle tracks in 106 cities in the next 5 years with an investment of Rs 80,000 crore (US\$ 11.94 billion), in order to reduce carbon footprint in urban areas and promote activities like walking and cycling.
- The Central Electricity Authority (CEA) expects investment in India's power transmission sector to reach Rs 2.6 lakh crore (US\$ 38.85 billion) during the 13th plan (2017-22), and to enhance the transmission capacity of the inter-regional links by 45,700 megawatt (MW).
- The monetisation of 75 publicly funded highway projects of value Rs 35,600 crore (US\$ 5.32 billion) via toll-operate-transfer (TOT) mode will fetch adequate funds to finance road construction of 2,700 km length of roads.*
- The Indian Railways plans to set up a US\$ 5 billion Railways of India Development Fund (RIDF), which will serve as an institutional mechanism for the Railways to arrange funds from the market to finance various

infrastructure projects.

- The Ministry Of Urban Development has approved investment of Rs 2,863 crore (US\$ 433 million) in six states under the Atal Mission for Rejuvenation and Urban Transformation (AMRUT) scheme, for improving basic urban infrastructure over FY 2017-20.
- Airports Authority of India (AAI) plans to increase its capital expenditure for 2017-18 by 25 per cent to Rs 2,500 crore (US\$ 0.37 billion), primarily to expand capacity at 12 airports to accommodate increase air traffic, as per the Chairman of AAI.
- The Government of India and the Asian Development Bank (ADB) have signed US\$ 375 million in loans and grants for developing 800 kilometer (km) Visakhapatnam-Chennai Industrial Corridor, which is the first phase of a planned 2,500 km East Coast Economic Corridor (ECEC).
- AAI plans to develop city-side infrastructure at 13 regional airports across India, with help from private players for building of hotels, car parks and other facilities, and thereby boost its non-aeronautical revenues.
- The Government of India has unveiled plans to invest US\$ 137 billion in its rail network over the next five years, heralding Prime Minister Narendra Modi's aggressive approach to building infrastructure needed to unlock faster economic growth.
- The Government of India has earmarked Rs 50,000 crore (US\$ 7.34 billion) to develop 100 smart cities across the country.
- The Government of India has announced highway projects worth US\$ 93 billion, which include government flagship National Highways Building Project (NHDP) with total investment of US\$ 45 billion over next three years.
- The Reserve Bank of India (RBI) has notified 100 per cent foreign direct investment (FDI) under automatic route in the construction development sector. The new limit came into effect in December 2014.

ROAD AHEAD

Indian port sector is poised to mark great progress in the years to come. It is forecasted that by the end of 2017 port traffic will amount to 943.06 MT for India's major ports and 815.20 MT for its minor ports. Along with that, Indian aviation market is expected to become the third largest across the globe by 2020, according to industry estimates. The sector is projected to handle 336 million domestic and 85 million international passengers with projected investment to the tune of US\$ 120 billion. Indian Aviation Industry, which currently accounts for 1.5 per cent of the gross domestic product (GDP), has been instrumental in the overall economic development of the country. Given the huge gap between potential and current air travel penetration in India, the prospects and possibilities of growth of Indian aviation market are enormous.

The Ambassador of Japan to India has stated that the Government of Japan is interested in urban development initiatives of the Government of India and has decided to be associated with development of cities like Chennai, Ahmedabad and Varanasi as smart cities in the country.

INDIAN INFRASTRUCTURE MARKET TO OVERTAKE JAPAN BY 2023: BMI RESEARCH

- With large residential and non-residential projects in the pipeline, the Indian infrastructure market is forecast to overtake Japan's in next five years.
- India's infrastructure market is the third-largest in Asia, and is forecast to overtake Japan's in nominal value terms by 2023.
- Although demonetisation had a negative impact on construction activity in 2016 as most construction workers' wages were paid in cash, the Fitch group company said that it believes that "robust growth will return in 2017 as work resumes on the large pipeline of infrastructure, residential and non-residential projects in the country".

- At the same time, the operating environment of India's construction industry remains immensely challenging, with major infrastructure projects commonly incurring delays and cost overruns.
- The Modi government has made some progress in addressing underlying issues in the sector, such as streamlining the land-acquisition process in some states, though the slow pace of reform means that the market remains relatively risky.
- Industrialisation and urbanisation trends are making India's infrastructure deficit more apparent and increasing demand for investment in roads, railways, ports, power transmission and water utilities.
- The Narendra Modi-led government at the Centre has initiated several programmes aimed at improving logistics, stimulating investment in manufacturing and building affordable housing, which will contribute to growth in the construction industry over the next 10 years.
- Reforms to foreign investment laws under Make In India initiative have made it easier for international companies to invest and participate in India's infrastructure projects. ü The infrastructure market remains dominated by domestic companies which have significant home market advantages owing to their experience with the complex regulatory environment in India.

OUR COMPETITIVE STRENGTHS

Exclusive focus on construction business

The primary focus of our business is on Engineering, Procurement and Construction (EPC). Our Company is engaged in construction of Residential, Commercial, Institutional and Civil structures on contract basis. We constantly seek to maintain and strengthen the market position of our EPC business in India. This focused business approach has enabled us to build, in a short span of time, a motivated team of people, through incentive structures and periodic recognition, with the domain knowledge, skill and experience. We have acquired and deployed assets required for execution of our completed and ongoing projects and sought to establish systems and processes that are aligned with the specific requirements of the EPC business, which we believe has lead to the development of our core competence and technical expertise in EPC domain. We believe that our concentrated focus on EPC business has enabled us to grow our Order Book leading to a high degree of specialization in this business, which has helped us in increasing our operating revenues and profits from operations.

Healthy order book

In our industry, an order book is considered an indicator of future performance since it represents a portion of anticipated future revenue. Our strategy is not focused solely on order book addition but, rather, on adding quality projects with potentially higher margins. By diversifying our skill set and order book across Commercial, Institutional and Civil structures in different geographical regions, we are able to pursue a broader range of project tenders and therefore maximize our business volume and contract profit margins. Our order book has grown significantly over the last three years.

Focus on equipments

Our Company consistently invests in modern construction equipment in India. We own as well as lease, as required, modern construction equipment to meet most of the requirements for our present projects. We believe fleet of modern equipment provides us with a competitive advantage, allowing us to utilize our machines and equipment at their optimal levels. We maintain our equipment to ensure high availability and reduce equipment cost. Easy access to and availability of our modern equipment fleet has enabled us to undertake complex and challenging projects and complete our projects efficiently and profitably. Given our substantial investment in construction equipment, we track and actively manage our equipment conduct regular maintenance to ensure high availability and efficiency of our construction equipment.

Geographical distribution of projects

Our geographical footprint continues to grow and is present in many of the geographical area of the nation. We intend to draw on our experience, effectively use our assets, market position and our ability to execute and manage multiple projects across geographies, to grow our portfolio of EPC business. The geographical spread of our projects

has been to major states in India, with a predominant focus on clientele based in Madhya Pradesh, Maharashtra, Goa, Uttar Pradesh, Haryana and Orissa. We are also focusing on expansion our geographical spread to states like Chhattisgarh and Assam.

Known brand name and execution track record

Over the years we have establish an accredited name and reputation for quality in the construction industry and we have gained significant experience and have established track record and reputation for efficient project management, execution and timely completion of projects. We believe that our expertise in successful and timely implementation of projects provides us with significant competitive advantages. We believe that we have established ourselves as a reliable brand in the state where we operate wherein our clients trust us for our quality, consistency, completing our projects efficiently and effectively within the stipulated time period and continuous performance.

Robust client base and repeat orders

We value our relationships with our clients. We believe that our motivated team of personnel and our work processes complement each other to enable us to deliver high levels of client satisfaction. Further, we believe that our quality of work and timely execution has allowed us to enhance our relationships with existing clients and to secure projects from new clients.

Experienced Promoters and efficient Management

Our Company is managed by a team of professionals led by Mr. Kishan Mundra who has been associated with the construction industry over 2 decades. We believe the leadership and vision of our Promoters have been instrumental in driving our growth and implementing our business strategies. Our Promoter and our Key Managerial Personnel have the requisite experience to manage the current scale of business as well as the expansion plans for the future. We believe that we have achieved a measure of success in attracting an experienced senior management team with operational and technical capabilities, management skills, business development experience and financial management skills. For further details on “Our Management”, please see “Our Management” on page 150 of this Draft Prospectus.

Further, we have the key competencies and resources to deliver a project from its conceptualization stage to completion stage. Our present management and engineers teams facilitate efficient operations and ensure consistent quality across all of our projects. Our project management team is involved in gathering relevant market data, assessing the potential of a location after evaluating its demographic trends and identifying relevant government schemes and incentives.

Growth Oriented

Our Company has witnessed substantial growth in past few years. Turnover of our Company have increased from Rs.8580.52 Lakhs in the fiscal 2012-2013 to Rs.20223.73 Lakhs in the fiscal 2016-17 resulting in the increase of 135.69% over the past 5 years. Majority of the equipments are on the books; hence minimum reliance on lease model for equipment for our business. Despite 90% revenue from Govt. contracts, our debtor’s days are under 60 days. We are ISO 9001:2000 certified Company on the back of quality execution of our projects. Our order book has grown at CAGR of 47% over FY13-FY17.

Accessibility to Skilled Workforce

We believe that skilled labour is an important resource in infrastructure and construction business. We have established a dedicated subcontract resource cell for the purpose of mobilisation of workmen to meet the manpower needs across all our project sites. In order to ensure welfare and, thereby, reduce attrition and increase dependability of workmen, we provide accommodation, food arrangements / allowance, transport arrangements and access to medical facilities. We have instituted procedures for induction training at our project sites in respect of occupational health and safety of workmen, which we believe is an important factor in promoting a safer work environment. We also impart process quality training to our employees and workmen to prevent against cost and time overruns on account of repair, rectification or reworking of faulty or defective construction. Further, we strive to reduce idling or

under-utilisation of resources, be it in formwork, rebar, concrete, block work, plastering or any other activity, by strategically deploying personnel for specific activities. We believe that imparting training to, and ensuring the welfare of, our work force enables us to simultaneously create and retain a skilled and dependable labour force, which is one of the key factors for the effective execution of work at our project sites.

OUR STRATEGIES

Expansion of Domestic Market actively bid for new projects-

We plan to continue our strategy of diversifying across states and tap Pan India market for growth opportunities of our business. Presently, we have our foot prints in over many of geographical area of the nation and we plan to deepen our presence in the existing market and expand our reach and penetrate into the large available market by giving scale down low price solution and grab major market share. Our business growth has been partly attributed to increased activities in bidding for more and larger projects to be awarded by government clients. Due to our experience in undertaking Government projects and increased pre-qualifications for projects, we have become more focused on bidding for projects directly awarded by Government clients.

Increase our competitiveness through continuous focus on EPC business

We strive to become one of the leaders in the contract based construction industry with strong client relationships, dedicated workforce and strong reputation as a top-quality EPC service provider with the capability to execute projects without project delays or cost overruns. We will continue focusing on providing high quality EPC services, conduct more EPC business, enhance client satisfaction through cost effective and timely completion, motivate and train our staff to improve productivity and service quality and update and implement our systems in line with industry standards. By focusing on EPC projects, we seek to increase our competitive advantage, elevate our Company as one of the largest EPC development companies in India. We believe that our experience and track record in the construction business will provide us with a significant advantage in pursuing opportunities in this line of business.

Enhance our system of equipment usage, procurement and manpower

We intend to further enhance our execution efficiency and improve our operating systems of equipment usage, procurement and manpower. We intend to strive to ensure continuous availability of equipment for our projects and exercise better control over the execution of our projects. We intend to adhere to our proven practice of quick mobilization of the equipment needed for our new projects. As we intend to continue using a large number of machinery, vehicles and other equipment and large quantities of raw materials, we intend to continue using our centralized procurement system to gain bargaining power with our equipment and raw material suppliers and further reduce our procurement costs. We intend to further strengthen our workforce through more comprehensive training and provide adequate and skilled manpower to our clients.

Strengthen Internal Systems and focussing on Technology and Operational Efficiency

Information technology is a part of almost every aspect of our operations. Our growing dependence on the IT infrastructure, applications, data management and other internal processes has caused us to have a vested interest in its reliability and functionality. We intend to strengthen our IT systems and other internal processes to reduce manual intervention, improve reliability and efficiency of our business. In order to achieve this we have implemented an 'MIS' system across our operations and we continue to take steps to strengthen the same.

Retain talented workforce

Our work force are essential to our success. We rely on them to operate our modern construction equipment, complete various tasks on our complex construction projects and deliver quality performance to our clients. We intend to continue to focus on improving health, safety and environment for our employees and provide various programs and benefits for the personal wellbeing and career development of our employees.

Develop relationship with our clients and optimize our client mix

We will further develop our client relationships by providing high quality services to our clients with the same amount of dedication as we did in the past. Through our strong operating systems, we will keep monitoring our clients' needs and requests and be responsive to them. We believe that completing our clients' projects on time and with quality is an effective way to develop and maintain strong relationships with our clients and thus will strive to deliver our best performance in every stage of the projects we undertake. Government contracts accounted for the largest portion of our total order book during the last five audited financials. We intend to continue focusing on securing bids for government contracts in the near future.

Promotion of our brand recognition

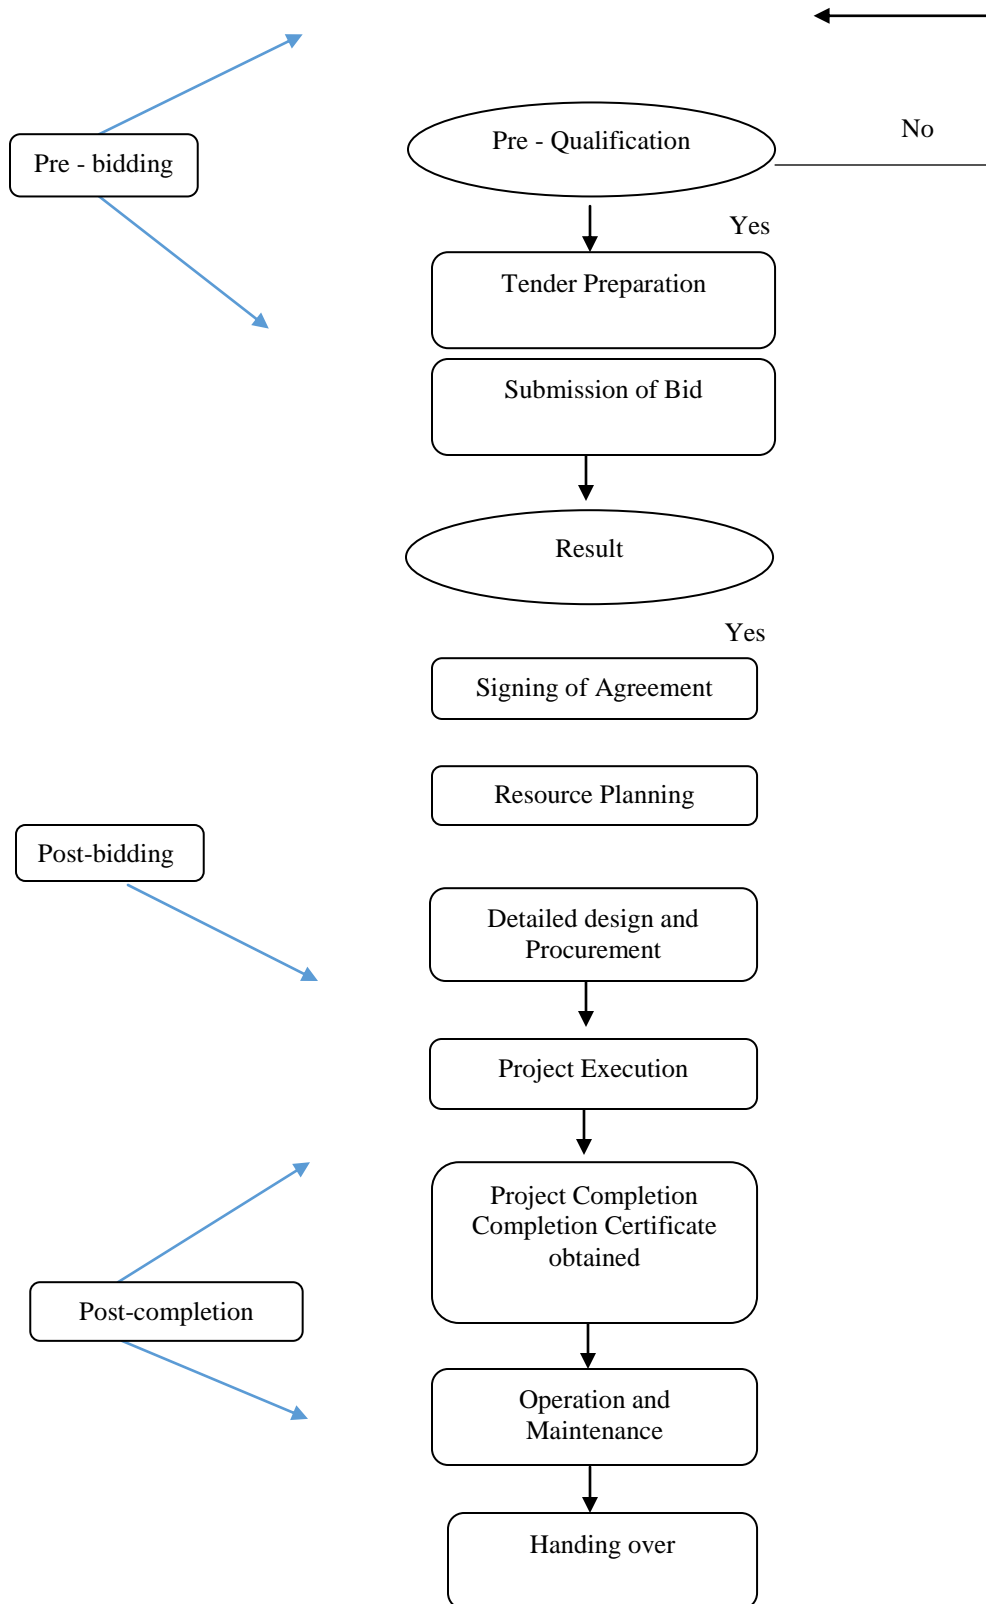

We propose to increase the brand recognition through various brand building efforts, communication and various promotional initiatives. Such promotion would enhance the visibility of our brand and also enhance our business positioning.

BUSINESS OPERATION

Below stated flow chart outline the basic model of our contract based construction business

Our Project Cycle

The various steps involved in the life cycle of a project undertaken by us have been illustrated below:

Predominantly, we enter into contracts primarily through a competitive bidding process. Our clients (mainly government agencies) typically advertise for potential projects on their websites and in leading national newspapers. Accordingly, we do a regular review of the leading national newspapers and relevant websites to identify projects that could be potentially viable for us. After such projects are identified, the management determine if the identified projects are to be pursued. These discussions are based on various factors which include the geographic location of the project and the degree of difficulty in executing the project in such location, our current and projected workload, the likelihood of additional work, the project's cost and profitability estimates and our competitive advantage relative to other likely bidders. Thereafter, we submit bids for the projects that have been identified.

We put our best efforts into meeting the eligibility criteria for projects on our own. In the event we fail to do so, we may seek to form project specific joint ventures with other qualified contractors and to strengthen our chances of prequalifying and winning the bid for the project. Notices inviting bids may either involve pre-qualification, or short listing of contractors, or a post qualification process. Pre-qualification applications generally require us to submit details about our organizational set-up, financial parameters (such as turnover, net worth and profit and loss history), employee information, plant and equipment owned, portfolio of executed and ongoing projects and details in respect of litigations and arbitrations in which we may be involved. In selecting contractors for major projects, clients generally limit the issue of tender to contractors they have pre-qualified based on several criteria, including experience, technical ability and performance, reputation for quality, safety record, financial strength, bonding capacity and size of previous contracts in similar projects. However, price competitiveness still is a significant selection criterion.

After we pre-qualify for a bid, we need to submit a financial bid or pre submitted financial bid is opened on the basis of pre-qualification. In order to submit the financial bid, our Company conducts an in-depth study of the proposed project, which inter alia includes, (i) study of the technical and commercial conditions and requirements of the project; (ii) a site visit to determine the site conditions by studying the terrain and access to the site; (iii) local market survey to determine availability and prices of key construction material, labour, and specialist sub-contractors, as the need may arise; and (iv) analysis of the incidence and rates of local taxes and levies at the project site. Further, the tender department invites quotations from vendors, sub-contractors and specialist agencies for various items or activities in respect of the tender.

The issuance of a letter of acceptance or letter of intent by the client signifies that we have been awarded the contract. Upon award of a contract and signing of Agreement with client, we appoint a project manager and project engineer and provide them with the project details along with the budgeted rates for material, services and equipment. The project manager constitutes his project team and supervises and overlooks the implementation of the Project in consultation with the management and the client. The material, services and equipment required for projects are estimated by the engineering personnel from the individual project sites and then passed on to the procurement department along with the schedule of requirements.

Upon receipt of the letter, we begin mobilizing manpower and equipment resources and the setting up of site offices, stores and other ancillary facilities. Construction activity typically commences once the client approves working designs and issues drawings. The project team immediately identifies and works with the procurement department to procure the key construction materials and services required to commence construction. Based on the contract documents, a detailed schedule of construction activities is prepared.

We prepare and dispatch periodic invoices to the clients. Joint measurements with the client's representative are taken on a periodic basis and interim invoices prepared on the basis of such measurements are sent to the client for certification and release of interim payments.

Upon completion of construction of a project, typically an independent engineer appointed for the project certifies the work completed and a completion certificate is issued by the client. Depending on the scope of work for a project, maintenance may be required to be carried out by us upon completion of construction.

EQUIPMENT

We have over the years acquired a significant equipment base that we use in our operations. We continue to expand our equipment base as productive equipment asset management is a critical element in timely execution of our projects. We believe that our strategic investment in equipment assets provides us with a competitive advantage as it enables rapid mobilization of high quality equipment thereby reducing project execution time.

We own following machines and equipments:

Backhoe Excavator

Concrete Pump

Reversible Drum Mixer

Transit Mixer

Soil Compactor

Road Roller

Builder's Hoist

Concrete Mixer

Apart from the above equipments, our Company also owns and holds other equipment's such as Concrete batching plant, scaffolding, bar bending machines, grinding/ polishing machine, drilling machine etc. We also procure new equipment as per the requirement of the particular projects.

OUR DESIGN AND ENGINEERING TEAM

We have an in-house design and engineering team and we also source from outside as per the requirement of the projects. Our design and engineering team is involved in the planning and execution of our projects since the pre-bidding stage. At the pre-bidding stage, our design and engineering team prepares a basic design to facilitate preparation of estimates of quantities of raw materials that shall be required for construction of the project. Upon the award of a project, the various sections of the design and engineering team plan and co-ordinate to work towards efficiently complete the design elements of a project.

OUR PROJECT MANAGEMENT TEAM

Our project management team is supported by all the departments that are involved in the planning of a project, namely, design and engineering, procurement, manufacturing, quality control, logistics as well as our on-site teams. Based on the work schedule, each department coordinates with the team for planning efficient use of the available resources in execution of a project. Our design and engineering team thereafter initiates the design work based on the technical requirements of the projects in order of priority. The Project Management Team works under the supervision of our Chairman cum Managing Director.

COLLABORATIONS

Presently, our Company has formed a joint venture company under the joint venture agreement with KETI Construction Limited to execute detailed project awarded from MPRDC.

RAW MATERIAL & OTHER UTILITIES

Supplies of raw material and other utilities are commercially viable for us. The major material required for our operations include construction materials and fuel, which is sourced locally and some of our major suppliers are Indian Oil Corporation, Essar Oil, Sangam Ispat, Maihar Cement, Birla Cement. We procure materials in bulk which has brought in economies in production as well as developed our relationship with vendors. Our project managers understand and oversee the local material requirement thereby ensuring a personalized understanding of material requirement from a project to project basis.

HUMAN RESOURCES

We undertake selective and need-based recruitment every year to maintain the size of our workforce, which may otherwise decline as a result of attrition and retirement of employees.

We have sufficient employees, engaged across various operational and business divisions of our Company. We are committed to the development of the expertise and know-how of our employees through technical seminars and training sessions organised or sponsored by the Company. Our personnel policies are aimed towards recruiting the talent that we need, facilitating the integration of our employees into the Company and encouraging the development of skills in order to support our performance and the growth of our operations.

OUR PROJECT

Our Company has executed projects across nation with a humongous repeat orders from clients and all the orders from the client have been executed as per their satisfaction. Our Company now has an experience exceeding 10 years into construction projects across nation with some of the prominent projects executed.

3. Orissa Computer Application Centre (Bhubaneswar, Orissa)

4. Restructuring and Modernization of Irrigation network including Canal Lining (Morena, M.P.)

5. Indian Institute of Information Technology Management (Gwalior, M.P.)

6. Providing Infrastructure facility for Deployment of Surface to AIR AKASH MISSILE
7. Bank of India Zonal Office (Ujjain, M.P.)
8. State Bank of India staff training centers
9. Construction of Warehouse for Transport Authority of India
10. Up-gradation of Mahakal Temple (Ujjain, M.P.)

COMPETITION

The Infrastructure market is highly competitive and fragmented, and we face competition from various domestic Contractors. Our competition depends on various factors, such as the type of project, total contract value, potential margins, the complexity, location of the project and risks relating to revenue generation. While service quality, technical ability, performance record, experience, health and safety records and the availability of skilled personnel are key factors in client decisions among competitors, price often is the deciding factor in most tender awards. We believe that we compete favorably with our principal competitors in each of these areas. We also believe that our impeccable track record provides us with a competitive advantage that enables us to compete effectively. The confidence of client on us has helped us a lot in beating the competition and win repeat orders.

We believe our main competition is from various infrastructure companies of similar size across the geographies we operate.

MARKETING ARRANGEMENT

Our marketing team responsible for marketing activities, with the aim of developing new clients as well as maintaining relationship with existing clients to push our revenue.

Some of our marketing activities envisaged as below:

PUBLIC RELATIONS

Our Company focuses on opportunities to raise our brand awareness through non-paid publicity activities such as articles, features and reviews.

QUALITY

We are wholly committed to build and sustain itself as an organization where quality shall be the hallmark of every aspect. The department of our quality checks consists of competent team who are engaged in the inspection and supervision of each contract being executed. Our maximum attention is paid to upgrade our skills and efficient execution of contracts.

FUTURE PROSPECTS

The default beneficiaries of the infrastructure boom are the companies engaged in infrastructure business. It is believed that recently witnessed momentum in the construction industry is a sign of correction in dormant infrastructure investment in the past. Broad based infrastructure expenditure going forward is likely to keep construction sector momentum going. Our Company is confident of maintaining the pace of its growth.

CAPACITY AND CAPACITY UTILIZATION

Our Company operates in construction and infrastructure industry, which is termed as a service sector. The nature of construction and infrastructure industry limits us from reasonably ascertaining installed capacity and capacity utilization.

HEALTH, SAFETY AND ENVIRONMENT

We are committed to complying with applicable health, safety and environmental regulations and other requirements in our operations. To help ensure effective implementation of our safety policies and practices, at the beginning of every property development, we identify potential material hazards, evaluate material risks and institute, implement and monitor appropriate risk mitigation measures.

INTELLECTUAL PROPERTY

Our company has not made an application to ‘The Registrar of Trade Marks, Trade Marks Registry under the Trademarks Act, 1999 for the registration of corporate logo and trademark.

INSURANCE

We maintain a range of insurance policies to cover our assets, risks and liabilities. Substantially all of our insurance policies relate to the coverage of our buildings, plant and machinery, stocks, goods-in-transit and liabilities towards

our employees and are currently provided by leading insurance companies. The policies provide appropriate coverage in relation to fire, explosions, floods, inundations, windstorms, earthquakes, landslides, theft, burglary and personal injury claims by our personnel. Our assets are insured for their estimated replacement value. We maintain machinery breakdown insurance for all our machinery and electronic equipment. We also maintain directors' and officers' liability policy to insure against loss arising from any claims made against the directors or officers of our Company. For all our projects, we maintain insurance cover with the appropriate endorsements and clauses. We constantly evaluate the risks in an effort to be sufficiently covered for all known risks. We believe that the amount of insurance coverage presently maintained by us represents an appropriate level of coverage required to insure our business and operations and is in accordance with the industry standard in India.

KEY INDUSTRY REGULATIONS AND POLICIES

The following description is a summary of certain sector specific laws currently in force in India, which are applicable to our Company. The information detailed in this chapter has been obtained from publications available in the public domain. The description below may not be exhaustive, and is only intended to provide general information to Bidders, and is neither designed as, nor intended to substitute, professional legal advice. Judicial and administrative interpretations are subject to modification or clarification by subsequent legislative, judicial or administrative decisions.

For further information on regulatory approvals obtained by our Company, please see the section entitled “Government and Other Statutory Approvals” on page 264 of this Draft Prospectus.

Set forth below are certain significant legislations and regulations that generally govern the infrastructure sector in which we operate.

Regulatory framework for the Road Sector

Ministry of Road, Transport & Highways (MoRTH)

An apex organisation under the Central Government, is entrusted with the task of formulating and administering, in consultation with other Central Ministries/Departments, State Governments/UT Administrations, organisations and individuals, policies for Road Transport, National Highways and Transport Research with a view to increasing the mobility and efficiency of the road transport system in the country. Ministry has two wings: Roads Wing and Transport Wing. Road Wing deals with development and maintenance of National Highway in the country. The main responsibilities of road wing include:

- Planning, development and maintenance of National Highways in the country;
- Extends technical and financial support to State Governments for the development of state roads and the roads of inter-state connectivity and economic importance;
- Evolves standard specifications for roads and bridges in the country;
- Serves as a repository of technical knowledge on roads and bridges.

Transport Wing deals with matters relating to Road Transport. The main responsibility of the Transport Wing include:

- Motor Vehicle legislation;
- Administration of the Motor Vehicles Act, 1988;
- Taxation of motor vehicles;
- Compulsory insurance of motor vehicles;
- Administration of the Road Transport Corporations Act, 1950;
- And promotion of Transport co-operatives in the field of motor transport;
- Evolves road safety standards in the form of a National Policy on Road Safety and by preparing and implementing the Annual Road Safety Plan;
- Collects, compiles and analyses road accident statistics and takes steps for developing a Road Safety Culture in the country by involving the members of public and organising various awareness campaigns;

- Provides grants-in-aid to Non-Governmental Organisations in accordance with the laid down guidelines.

The National Building Code of India (NBC)

The NBC, a comprehensive building Code, is a national instrument providing guidelines for regulating the building construction activities across the country. It is widely referred and used by state/local bodies regulating development and building construction activities, Government construction departments and agencies, private construction agencies/builders/developers, building professionals and consultants, academic and research institutions, and building material and technology suppliers throughout the country. The Code mainly contains administrative regulations, development control rules and general building requirements; fire safety requirements; stipulations regarding materials, structural design and construction (including safety); building and plumbing services; landscape development, signs and outdoor display structures; guidelines for sustainability, asset and facility management, etc.

Environment Laws

The major statutes in India which seek to regulate and protect the environment against pollution related activities include the Water (Prevention and Control of Pollution) Act 1974, the Air (Prevention and Control of Pollution) Act, 1981 and the Environment Protection Act, 1986. The basic purpose of these statutes is to control, abate and prevent pollution. In order to achieve these objectives, Pollution Control Boards (“PCBs”), which are vested with diverse powers to deal with water and air pollution, have been set up in each state. PCBs are responsible for setting the standards for maintenance of clean air and water, directing the installation of pollution control devices in industries and undertaking inspection to ensure that industries are functioning in compliance with the standards prescribed. These authorities also have the power of search, seizure and investigation if the authorities are aware of or suspect pollution that is not in accordance with such regulations.

In accordance with the Forest (Conservation) Act, 1980, state governments are not permitted to make any order directing the use of forest land for a non-forest purpose, or assignment of any forest land through lease or otherwise to any private person or corporation without the approval of the GoI.

The EIA Notification S.O. 1533, issued on September 14, 2006 (the “**EIA Notification**”) under the provisions of the Environment Act, prescribes that physical infrastructure projects require prior environmental clearance from the Ministry of Environment and Forests, GoI (the “**MoEF**”). The environmental clearance must be obtained from the MoEF according to the procedure specified in the EIA Notification. No construction work, preliminary or other, relating to the setting up of a project can be undertaken until such clearance is obtained.

Hazardous Waste (Management, Handling and Transboundary Movement) Rules, 2008

The Hazardous Waste (Management, Handling and Transboundary Movement) Rules, 2008, impose an obligation on each occupier and operator of any facility generating hazardous waste to dispose of such hazardous wastes properly. Each occupier and operator of any facility generating hazardous waste is required to obtain an approval from the relevant state pollution control board for collecting, storing and treating the hazardous waste.

Labour Laws

Indian employment laws comprise of a plethora of Central (Federal) and State specific legislations prescribing terms and conditions of employment, mechanism of resolution of disputes between employers and employees, process of termination of employment, closure of the establishment, social security and

retirement benefits, etc. Preliminary information on some of the labour laws that may be applicable to the Company has been provided below. This list is not exhaustive and does not cover all provisions of the law specified nor covers other applicable labour laws.

Industrial Disputes Act, 1947

The Industrial Disputes Act, 1947 (“**ID Act**”) is one of India’s most important legislations governing the employer-employee relationship. The legislation not only sets up the mechanism for redressal of industrial disputes and also regulates, inter alia, termination of employment, closure, change in conditions of work, strikes, lock-outs and unfair trade practices.

Protections envisaged under the ID Act are available only to individuals categorized as ‘workmen’. The ID Act defines ‘workman’ as any person employed in any industry to do any manual, unskilled, skilled, technical, operational, clerical or supervisory work for hire or reward, whether the terms of employment are express or implied. The definition of workman excludes, among others, persons employed mainly in a managerial or administrative capacity and also those persons (otherwise falling within the definition of workman) who are employed in a supervisory capacity drawing wages in excess of Rs. 10,000 (Indian Rupees Ten Thousand) per month.

The Building and other Construction Workers’ (Regulation of Employment and Conditions of Service) Act, 1996 and The Building and Other Construction Workers’ (Regulation of Employment and Conditions of Service) Central Rules, 1998.

The Building and other Construction Workers (Regulation of Employment and Conditions of Service) Act, 1996, as amended from time to time (“**Building and Construction Act**”) and The Building and Other Construction Workers’ (Regulation of Employment and Conditions of Service) Central Rules, 1998 (“**Building and Construction Rules**”) is applicable to every establishment which employs, or had employed on any day of the preceding twelve months, ten or more building workers in any building or other construction work. The Building and Construction Act provides that every employer shall within a period of 60 days from the date on which the Building and Construction Act becomes applicable to the establishment, make an application to the registering officer for registering such an establishment and the registering officer shall on receipt of an application, register such an establishment and issue a registration certificate. The Building and Construction Act prescribes for fixed working hours and wages for overtime work and various safety and health measures to be maintained in an establishment.

Further, the Building and Other Construction Workers’ Welfare Cess Act, 1996 was enacted to provide for the levy and collection of a cess on the cost of construction incurred by employers with a view to augmenting the resources of the Building and Other Construction Workers’ Welfare Boards constituted under the Building and Construction Act.

The Child and Adolescent Labour (Prohibition and Regulation) Act, 1986

The statute prohibits children below the age of 14 from working in any occupation except where the child helps in his family enterprise or works as an artist in an audio-visual entertainment industry. The statute also prohibits the employment of adolescents, i.e., persons between the age of 14 and 18 years in any hazardous occupation or process.

The Contract Labour (Regulation and Abolition) Act, 1970

Engaging ‘workmen’ through a third party contractor to undertake specific tasks in connection with the work of any establishment, is regulated by the Contract Labour (Regulation and Abolition) Act, 1970, as amended from time to time (the “**CLRA Act**”). The CLRA Act applies to an establishment in which 20 or more (50 or more in Maharashtra) ‘workmen’ are or were employed on any day in the preceding 12

months as contract labour. The CLRA Act imposes certain obligations on the contractor in relation to establishment of canteens, restrooms, drinking water, washing facilities, first aid and other facilities. In case the contractor fails to provide these amenities, the principal employer is under the obligation to provide the amenities. The appropriate government has the power under the CLRA Act to prohibit organisations/industries from engaging contract labour. Penalties, including both fines and imprisonment, may be levied for contravention of the provisions of the CLRA Act.

Employees Provident Fund and Miscellaneous Provisions Act, 1952

The Employees Provident Fund and Miscellaneous Provisions Act, 1952, as amended from time to time (“**EPF Act**”) provides for the institution of compulsory Provident Fund, Pension Fund and Deposit Linked Insurance Funds for the benefit of eligible employees in factories and establishments notified by the GoI from time to time. The EPF Act is applicable to notified establishments having 20 or more employees. A liability is placed on the employer and employee to make certain contributions to the funds mentioned above after obtaining the necessary registrations. There is also a requirement to maintain prescribed records and registers and filing of forms with the concerned authorities. The provisions of the Provident Fund Scheme and Pension Scheme currently do not apply to an employee whose salary exceeds Rs. 15,000 per month.

Employees State Insurance Act, 1948

The Employees State Insurance Act, 1948, as amended from time to time (the “**ESI Act**”) is a social security legislation provides for certain benefits to employees in case of sickness, maternity and employment injury. Employees drawing wages up to a certain limit in establishments covered by the ESI Act are required to be insured, with an obligation imposed on the employer and employee to make certain contributions in relation thereto. The benefits provided under the ESI Act are applicable to those employees who earn up to Rs. 21,000 per month. In addition, the employer is also required to register himself under the ESI Act and maintain prescribed records and registers in addition to filing of forms with the concerned authorities.

The Inter-State Migrant Workmen (Regulation of Employment and Conditions of Service) Act, 1979

The Inter-State Migrant Workmen (Regulation of Employment and Conditions of Service) Act, 1979, as amended from time to time (“**Migrants Act**”) regulates the employment of inter-state migrant workmen and provides for their conditions of services and for matter connected therewith. Under the provisions of the Migrants Act, every principal employer of an establishment which employs five or more inter-state migrant workmen has to register his establishment under Migrants Act. The Migrants Act also requires the principal employers and contractors to maintain registers with such details of the migrant workmen as may be prescribed.

The Maternity Benefits Act, 1961

The Maternity Benefits Act, 1961 as amended from time to time (“**MB Act**”) entitles a woman employee who has been in employment with the employer for 80 days in the 12 months immediately preceding her delivery to maternity leave of 12 weeks, of which not more than 6 weeks can precede the date of her delivery. The MB Act further provides for (i) paid leave of 6 (six) weeks for miscarriage or medical termination of pregnancy; (ii) paid leave of 2 (two) weeks following the date of tubectomy operation; (iii) 1 (one) month’s paid leave on account of any illness occurred after pregnancy, delivery, miscarriage, medical termination of pregnancy or tubectomy operation; and (iv) medical bonus of Rs.3,500 (Rupees three thousand five hundred) from the employer if no prenatal confinement or post-natal care is provided by the employer free of charge. The Lok Sabha passed the Maternity Benefit (Amendment) Act, 2016 (“Amendment”), which has received presidential assent and will come into force when notified, by the Central Government, in the official gazette. The Amendment seeks to increase paid maternity leave from

12 (Twelve) weeks to 26 (Twenty Six) weeks for women having two surviving children and provides for 12 (Twelve) weeks maternity leave for women having more than two children. The Amendment also provides for paid leave of 12 (Twelve) weeks for commissioning mothers (in case of surrogacy) and adopting mothers who legally adopt a child below the age of three months. The Amendment also envisages a 'work from home' option for women after the period of maternity leave depending on the nature of work and on certain mutually agreed terms and conditions between the employer and the woman. The Amendment mandates employers employing more than 50 (Fifty) employees in an establishment to provide crèche facilities where women are allowed to visit four times in a day.

The Minimum Wages Act, 1948

The Minimum Wages Act, 1948, as amended from time to time ("**MWA**") came into force with the objective to provide for the fixation of a minimum wage payable by the employer to the employee. The MWA mandates payment of minimum rates of wages to workers based on the nature of work and industry. State Governments set minimum wages in specific trades and industries, except in relation to state-owned corporations and certain sectors, for which the Central Government fixes minimum wages. Please note that despite the issuance of such notifications, employers paying higher wages than the minimum must continue to pay the same. There is no national minimum wage in cases where minimum wages are fixed by the state government, since different minimum wages are fixed for each employment and each zone, by each state. The competent government reviews minimum wages at intervals of at the most five years, and at such shorter intervals as it may consider appropriate.

The Payment of Bonus Act, 1965

The Payment of Bonus Act, 1965, as amended from time to time ("**PB Act**") provides for payment of bonus on the basis of profit to people employed in factories and establishments employing 20 or more persons on any day during an accounting year. This statute presently applies to employees whose wages do not exceed Rs. 21,000 per month. Every employer is bound to pay to every employee, in respect of the accounting year, a minimum bonus which is 8.33% of the salary or wage earned by the employee during the accounting year or Rs. 100, whichever is higher provided that an employee has worked in the establishment for not less than 30 days in that year.

The Payment of Gratuity Act, 1972

The Payment of Gratuity Act, 1972, as amended from time to time ("**Gratuity Act**") prescribes compulsory gratuity payable by factories, mines, plantations and other establishments where 10 or more persons are employed. The Gratuity Act entitles every employee who has completed 5 years of service (taken as 4 years and 240 days for those having a 6 day work week and 4 years and 190 days for those having a 5 day work week) to gratuity calculated at the rate of 15 days wage for each year of completed service or part thereof in excess of 6 months, subject to a maximum of Rs.1 million (which is proposed to be increased to Rs. 2 million).

The Payment of Wages Act, 1936

The Payment of Wages Act, 1936, as amended from time to time ("**Wages Act**") aims at ensuring payment of wages in a particular form at regular intervals without unauthorized deductions. It regulates the payment of wages to certain classes of employed (directly or indirectly or through a sub-contractor) persons and regulates the imposition of fines and deductions, lays down wage periods and time and mode of payment of wages and provides the means of recovery of unpaid wages. Persons whose wages are more than Rs.18,000 per month are outside the ambit of the Wages Act.

Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013

The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 (“**SHWWA**”) has been introduced in 2013 to combat and redress the issue of workplace sexual harassment. SHWWA requires every employer having 10 or more employees (defined to include workers engaged through a contractor) to set up an internal complaints committee (“**ICC**”) to receive, investigate and redress grievances of workplace sexual harassment in a confidential and time bound manner. SHWWA also prescribes the constitution and quorum for the ICC, process and timelines for the inquiry and obligations of the employer and ICC.

Workmen’s Compensation Act, 1923

The Workmen’s Compensation Act, 1923, as amended (“**WCA**”) provides for the payment of compensation by employers to workmen for injuries caused by accident arising out of and in the course of employment, and for occupational diseases resulting in death or disablement. The WCA makes every employer liable to pay compensation in accordance with the WCA if a personal injury/disablement/loss of life is caused to a workman (including those employed through a contractor) by accident arising out of and in the course of his employment. In case the employer fails to pay compensation due under the WCA within one month from the date it falls due, the commissioner appointed under the WCA may direct the employer to pay the compensation amount along with interest and may also impose a penalty.

Tax Related Legislations

The Central Goods and Services Tax Act, 2017 (the “GST Act”)

The GST Act levies tax on supply of goods and services throughout India to replace multiple taxes levied by the Central and State Governments on production, supply and sale of goods and providing of services in India. The GST Act is applicable from July 1, 2017 and bound together the Central Excise Duty, Commercial Tax, Value Added Tax (VAT), Food Tax, Central Sales Tax (CST), Introit, Octroi, Entertainment Tax, Entry Tax, Purchase Tax, Luxury Tax, Advertisement Tax, Service Tax, Customs Duty, Surcharges. Under GST, goods and services are taxed under five different categories that are 0%, 5%, 12%, 18%, 28%. GST is levied on all transactions such as supply, transfer, purchase, barter, lease, or import of goods and/or services. Transactions made within a single state are levied with Central GST (CGST) by the Central Government and State GST (SGST) by the government of that state. For inter-state transactions and imported goods or services, an Integrated GST (IGST) is levied by the Central Government. GST is a consumption based tax, therefore, taxes are paid to the state where the goods or services are consumed and not the state in which they were produced.

Income Tax Act, 1961 (“IT Act”)

The IT Act is applicable to every company, whether domestic or foreign whose income is taxable under the provisions of the IT Act or Rules made thereunder depending upon its “Residential Status” and “Type of Income” involved. The IT Act provides for the taxation of persons resident in India on global income and persons not resident in India on income received, accruing or arising in India or deemed to have been received, accrued or arising in India. Every company assessable to income tax under the IT Act is required to comply with the provisions thereof, including those relating to Tax Deduction at Source, Advance Tax, Minimum Alternative Tax and like. Every such company is also required to file its returns by September 30 of each assessment year.

Professional Tax

The professional tax slabs in India are applicable to those citizens of India who are either involved in any

profession or trade. The State Government of each State is empowered with the responsibility of structuring as well as formulating the respective professional tax criteria and is also required to collect funds through professional tax. The professional taxes are charged on the incomes of individuals, profits of business or gains in vocations. The professional tax is charged as per the List II of the Constitution. The professional taxes are classified under various tax slabs in India. The tax payable under the State Acts by any person earning a salary or wage shall be deducted by his employer from the salary or wages payable to such person before such salary or wages is paid to him, and such employer shall, irrespective of whether such deduction has been made or not when the salary and wage is paid to such persons, be liable to pay tax on behalf of such person and employer has to obtain the registration from the assessing authority in the prescribed manner. Every person liable to pay tax under these Acts (other than a person earning salary or wages, in respect of whom the tax is payable by the employer), shall obtain a certificate of enrolment from the assessing authority.

Other Legislations

The Companies Act, 1956

The Companies Act, 1956 dealt with laws relating to companies and certain other associations. It was enacted by the Parliament in 1956. The Act primarily regulated the formation, financing, functioning and winding up of companies. The Act prescribed regulatory mechanism regarding all relevant aspects, including organizational, financial and managerial aspects of companies. Regulation of the financial and management aspects constituted the main focus of the Act. In the functioning of the corporate sector, although freedom of companies was important, protection of the investors and shareholders, on whose funds they flourish, was equally important. The Act played the balancing role between these two competing factors, namely, management autonomy and investor protection.

The Companies Act, 2013

The Companies Act, 2013, has been introduced to replace the existing Companies Act, 1956 in a phased manner. The Ministry of Corporate Affairs vide its notification dated September 12, 2013 has notified 98 sections of the Companies Act, 2013 and the same are applicable from the date of the aforesaid notification. Further 183 sections have been notified on March 26, 2014 and have become applicable from April 1, 2014. Further, the Ministry of Corporate Affairs issues notifications for applicability of other Sections of Companies Act, 2013 from time to time and the same are applicable from the date of the aforesaid notification. The Ministry of Corporate Affairs, has also issued rules complementary to the Companies Act, 2013 establishing the procedure to be followed by companies in order to comply with the substantive provisions of the Companies Act, 2013.

The Indian Contract Act, 1872

The Indian Contract Act, 1872 codifies the way in which a contract maybe entered into, execution, implementation of the provisions of a contract and effects of breach of contract. A person is free to contract on any terms he chooses. The Contract Act consists of limiting factors subject to which a contract will be entered into, executed and breach enforced. It contains framework of rules and regulations that govern formation and performance of contract.

The Competition Act, 2002

The Competition Act, 2002 is an act to prevent practices having adverse effect on competition, to promote and sustain competition in markets, to protect interest of consumer and ensure freedom of trade in India. The act deals with the prohibition of agreements and Anti-competitive agreements. No enterprise or group

shall abuse the dominant position in various circumstances as mentioned in the Act.

The prima facie duty of the Competitive Commission of India (“CCI”) is to eliminate practices having adverse effect on competition, promote and sustain competition, protect interest of consumer and ensure freedom of trade. The CCI shall issue notice to show cause to the parties to combination calling upon them to respond within 30 days in case it is of the opinion that there has been appreciable adverse effect on the competition of India. The Restated Financial Information contain all the disclosures required by the SEBI ICDR regulations and partial disclosures as required by Accounting Standards notified under the Companies Act, 1956 of India read with the General Circular 15/ 2013 dated September 13, 2013 of the Ministry of Corporate Affairs in respect of Section 133 of the Act.
3. The preparation and presentation of the Financial Statements referred to above are based on the Audited financial statements of the Company in accordance with the provisions of the Act and the Financial Information referred to above is the responsibility of the management of the Company
4. In our opinion, the above financial information contained in Annexure I to Annexure III and Annexure A to T of this report read along with the Restated Statement of Significant Accounting Policies and related Notes as set out in Annexure IV are prepared after making adjustments and regrouping as considered appropriate and have been prepared in accordance with Section 26 of the Act, read with the applicable provisions within Rule - 4 to 6 of Companies (Prospectus and Allotment of Securities) Rules, 2014, as amended, the SEBI Regulations, The Revised Guidance Note on Reports in Company Prospectuses and Guidance Note on Audit Reports/Certificates on Financial Information in Offer Documents issued by the Institute of Chartered Accountants of India ("ICAI") to the extent applicable, as amended from time to time, and in terms of our engagement as agreed with you. We did not perform audit tests for the purpose of expressing an opinion on individual balances of account or summaries of selected transactions, and accordingly, we express no such opinion thereon.
5. Consequently the financial information has been prepared after making such regroupings and retrospective adjustments as were, in our opinion, considered appropriate to comply with the same. As result of these regroupings and adjustments, the amount reported in the financial

information may not necessarily be same as those appearing in the respective audited financial statements for the relevant years.

6. The report should not in any way be construed as a re-issuance or re-drafting of any of the previous audit report, nor should this constructed as a new opinion on any of the financial statements referred to herein.
7. We have no responsibility to update our report for events and circumstances occurring after the date of the report.
8. Our report is intended solely for use of the management and for inclusion in the Offer Document in connection with the IPO-SME for Proposed Issue of Equity Shares of the Company and our report should not be used, referred to or adjusted for any other purpose without our written consent.

6. Auditor's Responsibility

Our responsibility is to express an opinion on these restated financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

7. Opinion

Notes:

1. The ratios have been computed as below:

- (a) Basic earnings per share (Rs.) - : Net profit after tax as restated for calculating basic EPS / Weighted average number of equity shares outstanding at the end of the period or year.
- (b) Diluted earnings per share (Rs.) - : Net profit after tax as restated for calculating diluted EPS / Weighted average number of equity shares outstanding at the end of the period or year for diluted EPS.
- (c) Return on net worth (%) -: Net profit after tax (as restated) / Net worth at the end of the period or year.
- (d) Net assets value per share -: Net Worth at the end of the period or year / Total number of equity shares outstanding at the end of the period or year.

- (e) Net assets value per share - : Net Worth at the end of the period or year / Total number of equity shares outstanding at the end of the period or year (after split and bonus issue)
- i) Weighted average number of equity shares is the number of equity shares outstanding at the beginning of the period/year adjusted by the number of equity shares issued during period/year multiplied by the time weighting factor. The time weighting factor is the number of days for which the specific shares are outstanding as a proportion of total number of days during the period/year.
- ii) Net worth for ratios mentioned in note 1(c) and 1(d) is = Equity share capital + Reserves and surplus (including, Securities Premium, General Reserve and surplus in statement of profit and loss).
- iii) The Company has issued 2,55,525 fully paid up equity shares of face value of Rs. 10/- each on premium of Rs. 150/- per share on 29th March 2014.
2. The above statement should be read with the significant accounting policies and notes to restated summary statements of assets and liabilities, profits and losses and cash flows appearing in Annexures IV, I, II and III.

ANNEXURE-IV

SIGNIFICANT ACCOUNTING POLICY AND NOTES TO THE RESTATED SUMMARY STATEMENTS

A. BACKGROUND

The Company was originally incorporated as a partnership firm in the year 1979 under the name M/s. C.M. Mundra & Co on the terms and conditions contained in the partnership deed originally executed on April 01, 1994 under the provisions of Partnership Act, 1932. Subsequently the partnership firm converted into public limited Company in the year 2006 as “CMM Infraprojects Limited” under the provisions of Companies Act, 1956 vide certificate of Incorporation dated March 27, 2006 issued by the Registrar of Companies, Gwalior, Madhya Pradesh & Chhattisgarh.

The Company is engaged in the business of construction and is an EPC Company with experience in end-to-end design and construction of various projects including residential buildings ("**Residential**"), commercial complexes, corporate offices, ST Parks, IT Offices, automated and manual car parking, sports complex, multipurpose halls (collectively, "**Commercial**"), buildings for educational, defence, healthcare purposes ("**Institutional**"), building for government establishments, sewerage, irrigation, roadways, railways, highways ("**Civil**").

B. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

1. BASIS OF PREPARATION OF FINANCIAL STATEMENTS

The Restated Summary Statement of Assets and Liabilities of the Company as on March 31, 2017, March 31, 2016, March 31, 2015, March 31, 2014 and March 31, 2013 and the Restated Summary Statement of Profit and Loss and Restated Summary Statements of Cash Flows for the year ended on March 31, 2017, March 31, 2016, March 31, 2015, March 31, 2014 and March 31, 2013 and the annexure thereto (collectively, the “**Restated Financial Statements**” or “**Restated Summary Statements**”) have been extracted by the management from the Financial Statements of the Company for the year ended on March 31, 2017, March 31, 2016, March 31, 2015, March 31, 2014 and March 31, 2013.

The financial statements are prepared and presented under the historical cost convention and evaluated on a going-concern basis using the accrual system of accounting in accordance with the accounting principles generally accepted in India (Indian GAAP) and the requirements of the Companies Act, 1956 (up to March 31, 2014), and notified sections, schedules and rules of the Companies Act 2013 (with effect from April 01, 2014), including the Accounting Standards as prescribed by the Companies (Accounting Standards) Rules, 2006 as per section 211(3C) of the Companies Act, 1956 (which are deemed to be applicable as Section 133 of the Companies Act, 2013 (“the Act”) read with Rule 7 of Companies (Accounts) Rules, 2014).

2. USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles (“GAAP”) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent liabilities on the date of the financial statements. Actual results could differ from those estimates. Any revision to accounting estimates is recognized prospectively in current and future periods.

3. FIXED ASSETS

The company has adopted cost model as prescribed in Accounting Standard AS-10 (Revised)

“Property, Plant & Equipment”.

Recognition

The cost of an item of property, plant and equipment is recognized as an asset if, and only if:

- (a) it is probable that future economic benefits associated with the item will flow to the enterprise; and
- (b) the cost of the item can be measured reliably.

Subsequent Cost

The Company recognizes in the carrying amount of an item of Property, Plant & Equipment, the cost of replacing a part of an item, when that cost is incurred provided the recognition criteria as mentioned above are met. The carrying amount of those parts that are replaced is derecognized in accordance with the de-recognition provisions mentioned in the Accounting Standard. The cost of day to day servicing of an item of Property, Plant & Equipment is recognized in the Statement of Profit & Loss as and when incurred.

Measurement

Fixed assets are stated at acquisition cost less accumulated depreciation. The cost of fixed assets comprises its purchase price including import duties and other non-refundable taxes or levies and any directly, attributable cost of bringing the asset to the working condition for its intended use.

Capital Work in Progress

Capital Work-In-Progress includes the cost of fixed assets that are not ready to use at the Balance Sheet date. Advances paid for Capital Assets are not considered as Capital Work-in-Progress but classified as Long Term Advances.

4. DEPRECIATION

Tangible Fixed Assets

Depreciation on tangible fixed assets is computed based on useful life as specified in Part ‘C’ of Schedule - II of the Companies Act, 2013 in FY 2014-15, 2015-16 and 2016-17. For FY 2012-13 and 2013-14, the Company has calculated depreciation on WDV Method at the rates prescribed in Schedule XIV of the Companies Act, 1956.

Pursuant to Companies Act, 2013 (‘the Act’) being effective from April 1, 2014, the Company has revised depreciation rates on tangible fixed assets as per useful life specified in Part ‘C’ of Schedule II of the Act. And due to the same there has been a change in the estimated useful life of depreciable tangible assets which affects the depreciation in the current period and in each period during the remaining useful life of the assets. As the change is only in regard to accounting estimate requiring an adjustment of the carrying amount of tangible assets, the same do not require adjustment in the financial information for the years ended on March 31, 2014, 2013, and 2012. The Company has consistently calculated depreciation based on WDV method.

In respect of assets whose useful life had already exhausted as on 1 April 2014, **Rs. 4,73,086/-** has been adjusted in Reserves and Surplus as on 31.03.2015 in accordance with requirements of Para 7 of Part C of Schedule II of the Act.

5. BORROWING COSTS

The borrowing costs that are directly attributable to the acquisition, construction or productions of a qualifying asset are capitalized as part of the cost of that asset. The amount of borrowing cost eligible for capitalization is determined in accordance with Accounting Standard (AS) 16- Borrowing Costs issued by the Institute of Chartered Accountants of India (ICAI) and specified u/s 133 of the Act read with Rule 7 of the Companies (Accounts) Rule, 2014.

6. IMPAIRMENT OF ASSETS

The Company assesses at each balance sheet date whether there is any indication that an asset or a group of assets (Cash Generating Unit) may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset or a group of assets. If such recoverable amount of the asset or the recoverable amount of the Cash Generating Unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the Statement of Profit & Loss. If at the Balance Sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciable historical cost.

7. INVESTMENTS

Investments, which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments.

Current investments are carried in the financial statements at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the investments.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

8. INVENTORIES

Inventories including Work in progress are valued at cost. The cost of inventories comprise all costs of purchase including duties and taxes (other than those subsequently recoverable from the taxing authorities), conversion cost and other costs incurred in bringing the inventories to their present location and condition.

9. REVENUE RECOGNITION

- (a) The Company follows the “Percentage of Completion Method” of accounting for all contracts in accordance with “Accounting Standard -7” “Accounting for Construction Contracts” issued by the Institute of Chartered Accountants of India. The revenue from the execution of contracts is recognized proportionately with the degree of completion achieved under each contract, matching revenue with expenses incurred and after considering the total contract value and associated costs.
- (b) Contract revenue for the work done is taken on actual basis. The work completed, which was not billed, is treated as Work-in-Progress and is valued on the basis of actual expenditure incurred as per the books of account. In respect of escalation and other claims, revenue is recognized on receipt basis.
- (c) Interest income is recognized on the time proportion basis.

10. EMPLOYEE BENEFITS

- (a) Short Term Employee Benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages, and short term

compensated absences, etc. are recognized in the period in which the employee renders the related services.

(b) Post- Employment Benefits

(i) Defined Contribution Plans: The Employee State Insurance Scheme and Contributory Provident Fund administered by Provident Fund Commissioner are defined contribution plans. The Company's contribution paid/payable under the schemes is recognized as expense in the Statement of Profit and Loss during the period in which the employee renders the related service.

(ii) Defined Benefit Plans: The present value of the company's obligation towards gratuity payment to employees is determined based on the actuarial valuation, using the Projected Unit Credit Method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plans, are as per actuarial valuation.

Actuarial gains and losses are recognized immediately in the Statement of Profit and Loss.

11. ACCOUNTING FOR TAXES ON INCOME

Tax expenses for the current year comprises of current tax and deferred tax. Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the provisions of Income Tax Act 1961. Deferred tax is recognized, on timing differences between the taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods.

12. CONTINGENT LIABILITIES AND PROVISIONS

Provisions are recognized only when there is a present obligation as a result of past events and when a reliable estimate of the amount of obligation can be made.

Contingent Liability is disclosed for

a) Possible obligation which will be confirmed only by future events not wholly within the control of the Company or

b) Present obligations arising from the past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

c) Contingent Assets are not recognized in the financial statements since this may result in the recognition of income that may never be realized.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation that the likelihood of outflow of resources is remote, no provision or disclosure is made.

13. EARNINGS PER SHARE:

In determining the Earnings Per share, the company considers the net profit after tax which does not

include any post tax effect of any extraordinary / exceptional item. The number of shares used in computing basic earnings per share is the weighted average number of shares outstanding during the period.

The number of shares used in computing Diluted earnings per share comprises the weighted average number of shares considered for computing Basic Earnings per share and also the weighted number of equity shares that would have been issued on conversion of all potentially dilutive shares.

In the event of issue of bonus shares, or share split the number of equity shares outstanding is increased without an increase in the resources. The number of Equity shares outstanding before the event is adjusted for the proportionate change in the number of equity shares outstanding as if the event had occurred at the beginning of the earliest period reported.

14. CASH FLOW:

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. Cash flows from operating, investing and financing activities of the Company are segregated, accordingly.

Mr. Raj Kumar Sabu:

1. The State of Tamil Nadu, represented by Food Safety Officer, Food Safety and Drug Administration Department, Salem has filed a complaint against Mr. Raj Kumar Sabu on offences punishable under Section 3(1)(zx), 3(1)(zz)(v)(vi)(x) and 3(1)(zf)(A-i), Section 23(1), Section 26 (1) & (2)(i) & (v) read with Section 51, 52 and 59(1) of Food Safety and Standards Act, 2006. The complaint has been made against Mr. Raj Kumar Sabu in his capacity as a director of Sabu Trade Private Limited which is the business of trading in Sago (Tapioca). The Food Safety Officer lifted Sago samples from Sabu Trade Private Limited, Salem and the same was sent for food analysis and on the same day. The food analysis report dated September 13, 2013 disclosed that the product is unsafe and misbranded and an appeal was filed with the designated officer to analyse the second sample which was under the custody of the designated officer. Hence, the second sample was sent to Referreal Food Laboratory at Kolkata on November 27, 2013 and the report of the food analysis was received by the food safety officer on January 10, 2014 with the findings that the product is 'substandard', 'unsafe and misbranded'. The designated officer sought for sanction to the Food Safety Commissioner on February 13, 2014 to prosecute against the company as well as against all the directors of the company. The Commissioner for Food Safety and Drug Administration granted sanction dated October 19, 2015 based on which, the designated officer filed a complaint before the Judicial Magistrate Court – III, Salem for offences punishable under the aforementioned of the Food Safety and Standards Act, 2006. Mr. Raj Kumar Sabu challenged the delay sanctioning by the Food Safety Commissioner in Madras High Court and the High Court quashed the sanctioning and asked the Food Safety Commissioner to submit a fresh report. The Food Safety Commissioner

filed fresh report and the case is pending.

Eligibility of the Issue

Our Company is not ineligible in terms of Regulations 4(2) of SEBI (ICDR) Regulations for this Issue.

Our Company is an "Unlisted Company" in terms of the SEBI (ICDR) Regulations; and this Issue is an "Initial Public Issue" in terms of the SEBI (ICDR) Regulations.

Our Company is eligible for the Issue in accordance with Regulation 106(M) (2) and other provisions of Chapter XB of the SEBI (ICDR) Regulations, as we are an Issuer whose post issue paid up capital will be more than Rs. 10 crore but less than Rs.25 crore, and we may hence issue Equity Shares to the public and propose to list the same on the Small and Medium Enterprise Exchange (in this case being the "SME Platform of NSE").

We confirm that:

1. In accordance with Regulation 106(P) of the SEBI (ICDR) Regulations, this Issue is 100% underwritten and that the Lead Manager to the Issue shall underwrite minimum 15% of the Total Issue Size. For further details pertaining to said underwriting please refer to chapter titled *“General Information -Underwriting”* beginning on page 53 of this Draft Prospectus.
2. In accordance with Regulation 106(R) of the SEBI (ICDR) Regulations, we shall ensure that the total number of proposed allottees in the Issue shall be greater than or equal to fifty (50), otherwise, the entire application money will be unblocked forthwith. If such money is not repaid within eight (8) Working Days from the date our Company becomes liable to repay it, then our Company and every officer in default shall, on and from expiry of eight (8) Working Days, be liable to repay such application money, with an interest at the rate as prescribed under the SEBI (ICDR) Regulations, the Companies Act 2013 and other applicable laws.
3. In accordance with Regulation 106(O) the SEBI (ICDR) Regulations, we have not filed any of issue document with SEBI nor has SEBI issued any observations on our Issue document. Also, we shall ensure that our Lead Manager submits a copy of the Draft Prospectus along with a Due Diligence Certificate including additional confirmations as required to SEBI at the time of filing the Prospectus with the Stock Exchange and the Registrar of Companies.
4. In accordance with Regulation 106(V) of the SEBI (ICDR) Regulations, we hereby confirm that we have entered into an agreement with the Lead Manager and the Market Maker to ensure compulsory Market Making for a minimum period of three (3) years from the date of listing of Equity Shares on the EMERGE Platform of NSE. For further details on the arrangement of market making, see chapter titled *“General Information – Details of the Market Making Arrangements for this Issue”* beginning on page 53 of this Draft Prospectus.

We further confirm that we shall be complying with all the other requirements as laid down for such an issue under Chapter XB of SEBI (ICDR) Regulations, as amended from time to time and subsequent circulars and guidelines issued by SEBI and the Stock Exchange.

As per Regulation 106(M)(3) of SEBI (ICDR) Regulations, the provisions of Regulations 6(1), 6(2), 6(3), Regulation 8, Regulation 9, Regulation 10, Regulation 25, Regulation 26, Regulation 27 and sub-regulation (1) of Regulation 49 of SEBI (ICDR) Regulations, 2009 shall not apply to us in this Issue.

Our Company has Net Tangible Assets of at least Rs. 1 Crore as per the latest audited financial results (as restated). As on March 31, 2017 the Company has Net Tangible Assets* of 25.58 Crores which satisfies the criteria of having Net Tangible Assets of at least Rs. 1.00 Crore.

**Net tangible assets are defined as the sum of all net assets of the Company, excluding intangible assets and Net Deferred Tax as defined in Accounting Standard 26 (AS 26) issued by the Institute of Chartered Accountants of India.*

The Net Worth** (excluding revaluation reserves) of the Company is at least Rs.1 Crore as per the latest audited financial results.

***Net worth includes Equity Share Capital and Reserves (excluding revaluation reserves, Miscellaneous Expenditure not written off, if any & Debit Balance of Profit and Loss Account not written off, if any).*

Track record of distributable profits in terms of Section 123 of Companies Act, 2013 for at least two years out of immediately preceding three financial years and each financial year has to be a period of at least 12 months. Extraordinary income will not be considered for the purpose of calculating distributable profits. Otherwise, the Net Worth shall be at least Rs.3 Crores.

Our Company shall mandatorily facilitate trading in demat securities and will enter into an agreement with both the depositories. Our Company has entered into an agreement for registration with the Central Depository Services Limited (CDSL) dated September 13, 2017 and National Securities Depository Limited dated [●] for establishing connectivity.

Our Company has a website i.e. www.cmminfra.com

Our Company has not been referred to the Board for Industrial and Financial Reconstruction (BIFR).

There is no winding up petition against our Company that has been admitted by the Court or a liquidator has not been appointed of competent Jurisdiction against the Company.

No material regulatory or disciplinary action by a stock exchange or regulatory authority in the past three years against the applicant company.

There has been no change in the promoter/s of the Company in the preceding one year from date of filing application to NSE for listing on SME segment.

We confirm that we comply with all the above requirements / conditions so as to be eligible to be listed on the EMERGE Platform of the NSE.

Compliance with Part A of Schedule VIII of the SEBI (ICDR) Regulations

Our Company is in compliance with the provisions specified in Part A of the SEBI (ICDR) Regulations. No exemption from eligibility norms has been sought under Regulation 109 of the SEBI (ICDR) Regulations, with respect to the Issue. Our Company has been formed by the conversion of a partnership firm into a public company.

Minimum Application Value, Market Lot and Trading Lot

As per the provisions of the Depositories Act, 1996 and the regulations made under and Section 29(1) of the Companies Act, 2013 the Equity Shares to be allotted must be in Dematerialized form i.e. not in the form of physical certificates but be fungible and be represented by the statement issued through electronic mode. Hence, the Equity Shares being issued can be applied for in the dematerialized form only.

In this context, two agreements have been signed among our Company, the respective Depositories and the Registrar to the Issue:

- Tripartite Agreement dated [●] between NSDL, our Company and Registrar to the Issue; and
- Tripartite Agreement dated September 13, 2017 between CDSL, our Company and Registrar to the Issue;

The investors have an option either to receive the security certificate or to hold the securities with depository. However, as per SEBI's circular RMB (compendium) series circular no. 2 (1999-2000) dated February 16, 2000, it has been decided by the SEBI that trading in securities of companies making an initial public Issue shall be in dematerialized form only.

The trading of the Equity Shares will happen in the minimum contract size of 3000 Equity Shares and the same may be modified by the SME platform of NSE from time to time by giving prior notice to investors at large.

Allocation and allotment of Equity Shares through this Issue will be done in multiples of 3000 Equity Shares is subject to a minimum allotment of 3000 Equity Shares to the successful applicants in terms of the SEBI circular

No. CIR/MRD/DSA/06/2012 dated February 21, 2012.

Minimum Number of Allottees

In accordance with Regulation 106R of SEBI (ICDR) Regulations, the minimum number of allottees in the Issue shall be 50 shareholders. In case the minimum number of prospective allottees is less than 50, no allotment will be made pursuant to this Issue and the monies collected shall be unblocked forthwith.

Jurisdiction

Exclusive jurisdiction for the purpose of this Issue is with the competent courts / authorities in Indore, Madhya Pradesh.

The Equity Shares have not been and will not be registered under the Securities Act or any state securities laws in the United States, and may not be Issued or sold within the United States, except pursuant to an exemption from or in a transaction not subject to, registration requirements of the Securities Act. Accordingly, the Equity Shares are only being Issued or sold outside the United States in compliance with Regulation S under the Securities Act and the applicable laws of the jurisdictions where those Issues and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be Issued or sold, and applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

Joint Holders

Where 2 (two) or more persons are registered as the holders of any Equity Shares, they will be deemed to hold such Equity Shares as joint-holders with benefits of survivorship.

Nomination Facility to Investor

In accordance with Section 72 of the Companies Act, 2013 the sole or first applicant, along with other joint applicant, may nominate any one person in whom, in the event of the death of sole applicant or in case of joint applicant, death of all the applicants, as the case may be, the Equity Shares allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall in accordance with Section 72 of the Companies Act, 2013 be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to Equity Share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale of equity share(s) by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at the Registered Office of our Company or to the Registrar and Transfer Agents of our Company.

In accordance with Section 72 of the Companies Act, 2013 any Person who becomes a nominee by virtue of Section 72 of the Companies Act, 2013 shall upon the production of such evidence as may be required by the Board, elect either:

- (a) to register himself or herself as the holder of the Equity Shares; or
- (b) to make such transfer of the Equity Shares, as the deceased holder could have made.

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of 90 (ninety) days, the Board may thereafter withhold payment of all dividends, bonuses or other moneys payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the allotment of Equity Shares in the Issue is in dematerialized form, there is no need to make a separate nomination with us. Nominations registered with the respective depository participant of the applicant would prevail. If the investors require changing the nomination, they are requested to inform their respective depository participant.

ISSUE OPENS ON	[•]
ISSUE CLOSES ON	[•]

Minimum Subscription

In accordance with Regulation 106P(1) of the SEBI (ICDR) Regulations, our Issue shall be hundred percent underwritten. Thus, the underwriting obligations shall be for the entire hundred percent of the issue through the Prospectus and shall not be restricted to the minimum subscription level.

This Issue is not restricted to any minimum subscription level. This Issue is 100% underwritten and the details of the same have been disclosed.

As per section 39 of the Companies Act, 2013, if the “**stated minimum amount**” has not been subscribed and the sum payable on application is not received within a period of 30 days from the date of issue of Prospectus, the application money has to be returned within such period as may be prescribed.

If the issuer does not receive the subscription of 100% of the Issue through this Issue document including devolvement of Underwriters within 60 (sixty) days from the date of closure of the issue, the issuer shall forthwith refund the entire subscription amount received. If there is a delay beyond 8 (eight) days after the issuer becomes liable to pay the amount, the issuer shall pay interest prescribed under Section 40 of the Companies Act, 2013 and applicable law.

The minimum number of allottees in this Issue shall be 50 shareholders. In case the minimum number of prospective allottees is less than 50, no allotment will be made pursuant to this Issue and the monies collected shall be refunded within 15 days of closure of issue.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be Issued or sold, and applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

In accordance with Regulation 106(R) of the SEBI (ICDR) Regulations, our Company shall ensure that the number of prospective allottees to whom the Equity Shares will allotted will not be less than 50 (Fifty)

Further, in accordance with Regulation 106 Q of the SEBI (ICDR) Regulations the minimum application size in terms of number of specified securities shall not be less than Rupees One Lakh per application.

Migration to Main Board

In accordance with the NSE Circular dated March 10, 2014, our Company will have to be mandatorily listed and traded on the SME Platform of the NSE for a minimum period of 2 (Two) years from the date of listing and only after that it can migrate to the Main Board of the NSE as per the guidelines specified by SEBI and as per the procedures laid down under Chapter XB of the SEBI (ICDR) Regulations.

As per the provisions of the Chapter XB of the SEBI (ICDR) Regulation, our Company may migrate to the main board of NSE from the SME Exchange on a later date subject to the following:

- If the Paid up Capital of the Company is likely to increase above Rs.25 Crores by virtue of any further issue of capital by way of rights, preferential issue, bonus issue etc. (which has been approved by a special resolution through postal ballot wherein the votes cast by the shareholders other than the promoters in favour of the proposal amount to at least two times the number of votes cast by shareholders other than promoter shareholders against the proposal and for which the Company has obtained in-principal approval from the main board), we shall have to apply to NSE for listing our shares on its main board subject to the fulfillment of the eligibility criteria for listing of specified securities laid down by the Main Board

OR

- If the Paid-Up Capital of our Company is more than Rs.10.00 Crores and up to Rs.25.00 Crores, our company may still apply for migration to the Main Board If our Company fulfils the eligibility criteria for listing laid down by the Main Board of NSE and if the same has been approved by a special resolution through postal ballot wherein the votes cast by the shareholders other than the promoters in favour of the proposal amount to at least two times the number of votes cast by shareholders other than promoter shareholders against the proposal.

Market Making

The shares Issued through this Issue are proposed to be listed on the NSE Emerge (Emerge Platform), wherein the Lead Manager to this Issue shall ensure compulsory Market Making through the registered Market Makers of the NSE Emerge for a minimum period of 3 (three) years from the date of listing of shares Issued through this Draft Prospectus. For further details of the agreement entered into between the Company, the Lead Manager and the Market Maker, see chapter titled “*General Information - Details of the Market Making Arrangements for this Issue*” beginning on page 53 of the Draft Prospectus.

In accordance with the SEBI Circular No. CIR/MRD/DSA/31/2012 dated November 27, 2012; it has been decided to make applicable limits on the upper side for the Market Makers during market making process taking into consideration the Issue size in the following manner:

Issue size	Buy quote exemption threshold (including mandatory initial inventory of 5% of issue size)	Re-entry threshold for buy quotes (including mandatory initial inventory of 5% of issue size)
Upto Rs.20 Crore, as applicable in our case	25%	24%

Further, the Market Maker shall give (2) Two way quotes till it reaches the upper limit threshold; thereafter it has the option to give only sell quotes. Two (2) way quotes shall be resumed the moment inventory reaches the prescribed re-entry threshold.

In view of the Market Maker obligation, there shall be no exemption/threshold on downside. However, in the event the Market Maker exhausts its inventory through market making process on the platform of the exchange, the concerned stock exchange may intimate the same to SEBI after due verification.

Arrangements for disposal of odd lots

The trading of the Equity Shares will happen in the minimum contract size of 3,000 shares in terms of the SEBI circular No. CIR/MRD/DSA/06/2012 dated February 21, 2012. However, the Market Maker shall buy the entire shareholding of a shareholder in one lot, where value of such shareholding is less than the minimum contract size allowed for trading on the NSE Emerge.

As per the extent Guideline of the Government of India, OCBs cannot participate in this Issue.

The current provisions of the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident outside India) Regulations, 2000, provides a general permission for the NRIs, FPIs and foreign venture capital investors registered with SEBI to invest in shares of Indian companies by way of subscription in an IPO. However, such investments would be subject to other investment restrictions under the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident outside India) Regulations, 2000, RBI and/or SEBI regulations as may be applicable to such investors.

The Allotment of the Equity Shares to Non-Residents shall be subject to the conditions, if any, as may be prescribed by the Government of India/RBI while granting such approvals.

Option to receive Equity Shares in Dematerialized Form

As per section 29(1) of the Companies Act 2013 and SEBI (ICDR) Regulations, every company making public Issue shall issue securities only in dematerialized form only. The investors have an option either to receive the security certificate or to hold the securities with depository. However, as per SEBI's circular RMB

(compendium) series circular no. 2 (1999-2000) dated February 16, 2000, it has been decided by the SEBI that trading in securities of companies making an initial public Issue shall be in dematerialized form only. The Equity Shares on Allotment will be traded only on the dematerialized segment of the SME Exchange. Applicants will not have an option of Allotment of the equity shares in physical form. Allottees shall have the option to re-materialize the Equity Shares, if they so desire, as per the provisions of the Companies Act, 2013 and the Depositories Act.

Further, Venture Capital Funds and Foreign Venture Capital investor can invest only up to 33.33% of the funds available for investment by way of subscription to an Initial Public Issue. The SEBI (Alternative Investment funds) Regulations, 2012 prescribes investment restrictions for various categories of AIF's. The category I and II AIFs cannot invest more than 25% of the corpus in one investee Company. A category III AIF cannot invest more than 10% of the corpus in one Investee Company. A Venture capital fund registered as a category I AIF, as defined in the SEBI Regulations, cannot invest more than 1/3rd of its corpus by way of subscription to an initial public Issueing of a venture capital undertaking. Additionally, the VCFs which have not re-registered as an AIF under the SEBI Regulations shall continue to be regulated by the VCF Regulations.

Applications by Limited Liability Partnerships

In case of Applications made by limited liability partnerships registered under the Limited Liability Partnership Act, 2008, a certified copy of certificate of registration issued under the LLP Act, 2008 must be attached to the Application Form. Failing this, our Company reserves the right to reject any Application without assigning any reason thereof. Limited Liability Partnerships can participate in the Issue only through the ASBA Process.

Applications by Insurance Companies

In case of applications made by insurance companies registered with Insurance Regulatory Development Authority ("IRDA"), certified copy of certificate of registration issued by IRDA must be attached to the Application Form. Failing this, our Company in consultation with the Lead Manager, reserves the right to reject any application, without assigning any reason thereof.

The exposure norms for insurers, prescribed under the Insurance Regulatory and Development Authority (Investment Scheme) (5th Amendment) Regulations, 2010, as amended (the "IRDA Investment Regulations"), are broadly set forth below:

- (a) Equity shares of a company: The lesser of 10% of the investee company's subscribed capital (face value) or 10% of the respective fund in case of life insurer or 10% of investment assets in case of general insurer or reinsurer;
- (b) The entire group of the investee company: at least 10% of the respective fund in case of a life insurer or 10% of investment assets in case of general insurer or reinsurer (25% in case of Unit Linked Insurance Plans); and
- (c) The industry sector in which the investee company operates: 10% of the insurer's total investment exposure to the industry sector (25% in case of Unit Linked Insurance Plans).

In addition, the IRDA partially amended the exposure limits applicable to investments in public limited companies in infrastructure and housing sectors i.e. 26th December, 2008, providing, among other things, that the exposure of an insurer to an infrastructure Company may be increased to not more than 20%, provided that

in case of equity investment, a dividend of not less than 4% including bonus should have been declared for at least five preceding years. This limit of 20% would be combined for debt and equity taken together, without sub ceilings.

Further, investments in equity including preference shares and the convertible part of debentures shall not exceed 50% of the exposure norms specified under the IRDA Investment Regulations.

Applications by Banking Companies

Applications by Banking Companies: In case of Applications made by banking companies registered with RBI, certified copies of: (i) the certificate of registration issued by RBI, and (ii) the approval of such banking company's investment committee are required to be attached to the Application Form, failing which our Company reserve the right to reject any Application without assigning any reason. The investment limit for banking companies as per the Banking Regulation Act, 1949, as amended, is 30.00% of the paid up share capital of the investee company or 30.00% of the banks' own paid up share capital and reserves, whichever is less (except in certain specified exceptions, such as setting up or investing in a subsidiary, which requires RBI approval). Further, the RBI Master Circular of July 1, 2015 sets forth prudential norms required to be followed for classification, valuation and operation of investment portfolio of banking companies.

Applications by SCSBs: SCSBs participating in the Issue are required to comply with the terms of the SEBI circulars dated September 13, 2012 and January 2, 2013. Such SCSBs are required to ensure that for making applications on their own account using ASBA, they should have a separate account in their own name with any other SEBI registered SCSBs. Further, such account shall be used solely for the purpose of making application in public issues and clear demarcated funds should be available in such account for such applications.

Applications under Power of Attorney

In case of applications made pursuant to a power of attorney by limited companies, corporate bodies, registered societies, FIIs, FPI's, Mutual Funds, insurance companies and provident funds with minimum corpus of Rs.2,500 Lakhs (subject to applicable law) and pension funds with a minimum corpus of Rs.2,500 Lakhs, a certified copy of the power of attorney or the relevant Resolution or authority, as the case may be, along with a certified copy of the memorandum of association and articles of association and/or bye laws must be lodged with the Application Form. Failing this, our Company reserves the right to accept or reject any application in whole or in part, in either case, without assigning any reason thereof.

In addition to the above, certain additional documents are required to be submitted by the following entities:

With respect to the applications by VCFs, FVCIs and FPIs, a certified copy of the power of attorney or the relevant resolution or authority, as the case may be, along with a certified copy of their SEBI registration certificate must be lodged along with the Application Form. Failing this, our Company reserves the right to accept or reject any application in whole or in part, in either case, without assigning any reason thereof.

In the case of Applications made pursuant to a power of attorney by Mutual Funds, a certified copy of the power of attorney or the relevant resolutions or authority, as the case may be, along with the certified copy of their SEBI registration certificate must be submitted along with the Application Form. Failing this, the Company reserves the right to accept or reject any Application in whole or in part, in either case, without assigning any reason therefore.

In accordance with regulation 106(R) of SEBI (ICDR) Regulation, total number of proposed allottees in the Issue shall be greater than or equal to fifty, otherwise the entire application money will be blocked forthwith. If such money is not repaid within eight days from the date the company becomes liable to repay it, than the Company and every officer in default shall, on and from expiry of eight days, be liable to repay such application money, with interest as prescribed under Section 40 of the Companies Act, 2013.
- c. In accordance with Regulation 106(O) the SEBI (ICDR) Regulation, Company is not required to file any Issue Document with SEBI nor has SEBI issued any observations on the Issue Document. The Lead Manager shall submit the copy of Prospectus along with a Due Diligence Certificate including additional confirmations as required to SEBI at the time of filing the Prospectus with Stock Exchange and the Registrar of Companies.
- d. In accordance with Regulation 106(V) of the SEBI (ICDR) Regulation, the LM has to ensure compulsory market making for a minimum period of three years from the date of listing of Equity Shares Issued in the Issue.
 - The post issue paid up capital of the company (face value) shall not be more than Rs. 25 crore.
 - Track record of atleast three years of either;
 - the applicant seeking listing; or
 - the promoters****/promoting company, incorporated in or outside India or
 - Partnership firm and subsequently converted into a company (not in existence as a company for three years) and approaches the Exchange for listing.
 - ***Promoters mean one or more persons with minimum 3 years of experience in the same line of business and shall be holding at least 20% of the post issue equity share capital individually or severally.
 - The company/entity should have positive cash accruals (earnings before depreciation and tax) from operations for atleast 2 financial years preceding the application and its net-worth should be positive.
 - The Issuer should not have been referred to Board for Industrial and Financial Reconstruction.
 - No petition for winding up is admitted by a court or a liquidator has not been appointed of competent jurisdiction against the Company.
 - No material regulatory or disciplinary action should have been taken by any stock exchange or regulatory authority in the past three years against the Issuer.
 - The Company should have a website
 - There has been no change in the promoter(s) of the company in the 1 year preceding the date of filing application to NSE for listing on SME segment.

Issuer shall also comply with all the other requirements as laid down for such an Issue under Chapter X-B of SEBI (ICDR) Regulations and subsequent circulars and guidelines issued by SEBI and the Stock Exchange.

As per Regulation 106 (M) (3) of SEBI (ICDR) Regulation, 2009 the provisions of regulations 6(1), 6(2), 6(3), Regulation 7, Regulation 8, Regulation 9, Regulation 10, Regulation 25, Regulation 26, Regulation 27 and Sub regulation (1) of Regulation 49 of SEBI (ICDR) Regulations, 2009 shall not apply to this Issue.

Thus the Company is eligible for the Issue in accordance with Regulation 106M(2) and other provision of Chapter XB of SEBI (ICDR) Regulations as the post –issue face value capital 1,012.40 Lakhs which is less than Rs.25 Crore. Company also complies with the eligibility conditions laid by the SME Platform of NSE for listing of our Equity Shares.

2.3 Types of Public Issues – Fixed Price Issues and Book Built Issues

In accordance with the provisions of the SEBI ICDR Regulations, 2009, an Issuer can either determine the Issue Price through the Book Building Process (“**Book Built Issue**”) or undertake a Fixed Price Issue (“**Fixed Price Issue**”). An Issuer may mention Floor Price or Price Band in the RHP (in case of a Book Built Issue) and a Price or Price Band in this Draft Prospectus (in case of a fixed price Issue) and determine the price at a later date before registering the Prospectus with the Registrar of Companies.

The cap on the Price Band should be less than or equal to 120% of the Floor Price. The Issuer shall announce the Price or the Floor Price or the Price Band through advertisement in all newspapers in which the pre-issue advertisement was given at least five Working Days before the Bid/Issue Opening Date, in case of an IPO and at least one Working Day before the Bid/Issue Opening Date, in case of an FPO.

The Floor Price or the Issue price cannot be lesser than the face value of the securities.

Applicants should refer to the Prospectus or Issue advertisements to check whether the Issue is a Book Built Issue or a Fixed

2.4 Issue Period

The Issue may be kept open for a minimum of three Working Days (for all category of Applicants) and not more than ten Working Days. Applicants are advised to refer to the Application Form and Abridged Prospectus or Prospectus for details of the Issue Period. Details of Issue Period are also available on the website of Stock Exchange.

2.5 Migration to Main Board

SME Issuer may migrate to the Main Board of Stock Exchange from the SME Exchange at a later date subject to the following:

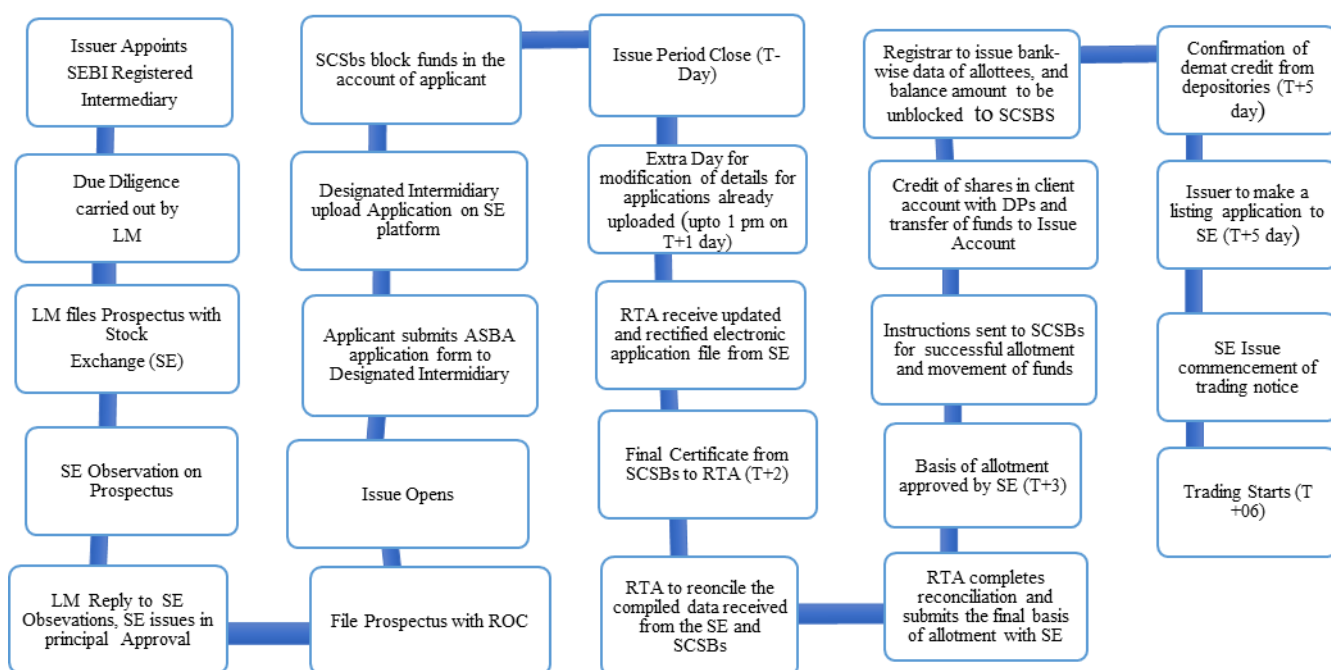

If the Paid up Capital of the Company is likely to increase above Rs. 25 crores by virtue of any further issue of capital by way of rights, preferential issue, bonus issue etc. (which has been approved by a special resolution through postal ballot wherein the votes cast by the shareholders other than the Promoters in favour of the proposal amount to at least two times the number of votes cast by shareholders other than promoter shareholders against the proposal and for which the company has obtained in-principal approval from the main board), The Company shall apply to SE for listing of its shares on its Main Board subject to the fulfillment of the eligibility criteria for listing of specified securities laid down by the Main Board.

OR

If the Paid up Capital of the company is more than Rs. 10 crores but below Rs. 25 crores, the Company may still apply for migration to the main board if the same has been approved by a special resolution through postal ballot wherein the votes cast by the shareholders other than the Promoters in favour of the proposal amount to at least two times the number of votes cast by shareholders other than promoter shareholders against the proposal.

4.1.1 FIELD NUMBER 1: NAME AND CONTACT DETAILS OF THE SOLE/FIRST APPLICANT

Applicants should ensure that the name provided in this field is exactly the same as the name in which the Depository Account is held.

- a. **Mandatory Fields:** Applicants should note that the name and address fields are compulsory and e-mail and/or telephone number/mobile number fields are optional. Applicants should note that the contact details mentioned in the Application Form may be used to dispatch communications (including letters notifying the unblocking of the bank accounts of Applicants) in case the communication sent to the address available with the Depositories are returned undelivered or are not available. The contact details provided in the Application Form may be used by the Issuer,
- b. The Designated Intermediaries and the Registrar to the Issue only for correspondence(s) related to an Issue and for no other purposes.
- c. **Joint Applications:** In the case of Joint Applications, the Applications should be made in the name of the Applicant whose name appears first in the Depository account. The name so entered should be the same as it appears in the Depository records. The signature of only such first Applicant would be required in the Bid cum Application Form/Application Form and such first Applicant would be deemed to have signed on behalf of the joint holders. All communications may be addressed to such Applicant and may be dispatched to his or her address as per the Demographic Details received from the Depositories.
- d. **Impersonation:** Attention of the Applicants is specifically drawn to the provisions of sub-section (1) of Section 38 of the Companies Act, 2013 which is reproduced below:

“Any person who:

- makes or abets making of an application in a fictitious name to a company for acquiring, or subscribing for, its securities; or
 - makes or abets making of multiple applications to a company in different names or in different combinations of his name or surname for acquiring or subscribing for its securities; or
 - otherwise induces directly or indirectly a company to allot, or register any transfer of, securities to him, or to any other person in a fictitious name, shall be liable for action under Section 447.”
- e. **Nomination Facility to Applicant:** Nomination facility is available in accordance with the provisions of Section 72 of the Companies Act, 2013. In case of allotment of the Equity Shares in dematerialized form, there is no need to make a separate nomination as the nomination registered with the Depository may prevail. For changing nominations, the Applicants should inform their respective DP.

4.1.2 FIELD NUMBER 2: PAN NUMBER OF SOLE/FIRST APPLICANT

- a. PAN (of the sole/ first Applicant) provided in the Application Form should be exactly the same as the PAN of the person(s) in whose name the relevant beneficiary account is held as per the Depositories' records.
- b. PAN is the sole identification number for participants transacting in the securities market irrespective of the amount of transaction except for Applications on behalf of the Central or State Government, Applications by officials appointed by the courts and Applications by Applicants residing in Sikkim (“PAN Exempted Applicants”). Consequently, all Applicants, other than the PAN Exempted Applicants, are required to disclose their PAN in the Application Form, irrespective of the Application Amount. A Application Form without PAN, except in case of Exempted Applicants, is liable to be rejected. Applications by the Applicants whose PAN is not available as per the Demographic Details available in their Depository records, are liable to be rejected.

- c. The exemption for the PAN Exempted Applicants is subject to (a) the Demographic Details received from the respective Depositories confirming the exemption granted to the beneficiary owner by a suitable description in the PAN field and the beneficiary account remaining in “active status”; and (b) in the case of residents of Sikkim, the address as per the Demographic Details evidencing the same.
- d. Application Forms which provide the General Index Register Number instead of PAN may be rejected.
- e. Applications by Applicants whose demat accounts have been ‘suspended for credit’ are liable to be rejected pursuant to the circular issued by SEBI on July 29, 2010, bearing number CIR/MRD/DP/22/2010. Such accounts are classified as “Inactive demat accounts” and demographic details are not provided by depositories.

4.1.3 FIELD NUMBER 3: APPLICANTS DEPOSITORY ACCOUNT DETAILS

- a. Applicants should ensure that DP ID and the Client ID are correctly filled in the Application Form. The DP ID and Client ID provided in the Application Form should match with the DP ID and Client ID available in the Depository database, otherwise, the Application Form is liable to be rejected.
- b. Applicants should ensure that the beneficiary account provided in the Application Form is active.
- c. Applicants should note that on the basis of DP ID and Client ID as provided in the Application Form, the Applicant may be deemed to have authorized the Depositories to provide to the Registrar to the Issue, any requested Demographic Details of the Applicant as available on the records of the depositories. These Demographic Details may be used, among other things, for unblocking of ASBA Account or for other correspondence(s) related to an Issue.
- d. Applicants are, advised to update any changes to their Demographic Details as available in the records of the Depository Participant to ensure accuracy of records. Any delay resulting from failure to update the Demographic Details would be at the Applicants’ sole risk.

4.1.4 FIELD NUMBER 4: APPLICATION DETAILS

- a. The Issuer may mention Price in the Draft Prospectus. However a Prospectus registered with RoC contains one price.
- b. Minimum and Maximum Application Size
 - i. For Retails Individual Applicants

The Application must be for a minimum of 3000 equity shares. As the application price payable by the retail individual applicants cannot exceed Rs. 200000 they can make Application for only minimum Application size i.e for 3000 equity shares.

- ii. For Other Applicants (Non Institutional Applicants and QIBs):

The Application must be for a minimum of such number of equity shares such that the Application Amount exceeds Rs. 200000 and in multiples of 3000 equity shares thereafter. An application cannot be submitted for more than the Issue Size. However, the maximum application by a QIB investor should not exceed the investment limits prescribed for them by applicable laws. Under existing SEBI Regulations, a QIB Applicant cannot withdraw its Application after the Issue Closing Date and is required to pay 100% QIB Margin upon submission of Application. In case of revision of Applications, the Non Institutional Applicants, who are individuals, have to ensure that the Application Amount is greater than Rs. 200000 for being considered for

allocation in the Non Institutional Portion. Applicants are advised to ensure that any single Application from them does not exceed the investment limits or maximum number of equity shares that can be held by them under prescribed law or regulation or as specified in this Draft Prospectus.

- c. **Multiple Applications:** An applicant should submit only one Application Form. Submission of a second Application Form to either the same or to the Designated Intermediaries and duplicate copies of Application Forms bearing the same application number shall be treated as multiple applications and are liable to be rejected.
- d. Applicants are requested to note the following procedures may be followed by the Registrar to the issue to detect multiple applications:
 - i. All applications may be checked for common PAN as per the records of the Depository. For Applicants other than Mutual Funds and PFI sub-accounts, applications bearing the same PAN may be treated as multiple applications by an Applicant and may be rejected.
 - ii. For applications from Mutual Funds and FPI sub-accounts, submitted under the same PAN, as well as Applications on behalf of the PAN Exempted Applicants, the Application Forms may be checked for common DP ID and Client ID. In any such applications which have the same DP ID and Client ID, these may be treated as multiple applications and may be rejected.
- e. The following applications may not be treated as multiple applications:
 - i. Application by Reserved Categories in their respective reservation portion as well as that made by them in the Net Issue portion in public category.
 - ii. Separate applications by Mutual Funds in respect of more than one scheme of the Mutual Fund provided that the Application clearly indicates the scheme for which the application has been made.
 - iii. Application by Mutual Funds, and sub-accounts of FPIs (or FPIs and its sub-accounts) submitted with the same PAN but with different beneficiary account numbers, Client IDs, and DP IDs.

4.1.5 FIELD NUMBER 5: CATEGORY OF APPLICANTS

- a. The categories of Applicants identified as per the SEBI ICDR Regulations, 2009 for the purpose of Application, allocation and allotment in the Issue are RIIs, Individual applicants other than RIIs, and other investors (including corporate bodies or institutions, irrespective of the number of specified securities applied for).
- b. An Issuer can make reservation for certain categories of Applicants as permitted under the SEBI ICDR Regulations, 2009. For details of any reservations made in the Issue, Applicants may refer to the Prospectus.
- c. The SEBI ICDR Regulations, 2009, specify the allocation or allotment that may be made to various categories of Applicants in an Issue depending upon compliance with the eligibility conditions. For details pertaining to allocation and Issue specific details in relation to allocation Applicant may refer to the Prospectus.

4.1.6 FIELD NUMBER 6: INVESTOR STATUS

- a. Each Applicant should check whether it is eligible to apply under applicable law and ensure that any prospective allotment to it in the Issue is in compliance with the investment restrictions under applicable law.
- b. Certain categories of Applicants, such as NRIs, FIIs, FPIs and FVCIs may not be allowed to Apply in

the Issue or hold Equity Shares exceeding certain limits specified under applicable law. Applicants are requested to refer to the Prospectus for more details.

- c. Applicants should check whether they are eligible to apply on non-repatriation basis or repatriation basis and should accordingly provide the investor status. Details regarding investor status are different in the Resident Application Form and Non-Resident Application Form.
- d. Applicants should ensure that their investor status is updated in the Depository records.

4.1.7 FIELD NUMBER 7: PAYMENT DETAILS

- a. All Applicants are required to use ASBA facility to block the full Amount (net of any Discount, as applicable) along-with the Application Form. If the Discount is applicable in the Issue, the RIIs should indicate the full Amount in the Application Form and the funds shall be blocked for Amount net of Discount. Only in cases where the Prospectus indicates that part payment may be made, such an option can be exercised by the Applicant.
- b. All categories of investors can participate in the Issue only through ASBA mechanism.
- c. Application Amount cannot be paid in cash, through money order or through postal order or through stock invest.

4.1.7.1 Payment instructions for Applicants

- Where no confirmation is received from SCSB for blocking of funds;
- Applications by Applicants not submitted through ASBA process;
- Applications not uploaded on the terminals of the Stock Exchanges; and
- Applications by SCSBs wherein a separate account in its own name held with any other SCSB is not mentioned as the ASBA Account in the Application Form.
- Details of ASBA Account not provided in the Application form
- From one ASBA Account, more than five applications are made by applicant.

For details of instructions in relation to the Application Form, Applicants may refer to the relevant section of GID.

APPLICANT SHOULD NOTE THAT IN CASE THE PAN, THE DP ID AND CLIENT ID MENTIONED IN THE APPLICATION FORM AND ENTERED INTO THE ELECTRONIC APPLICATION SYSTEM OF THE STOCK EXCHANGE BY THE BROKERS DO NOT MATCH WITH PAN, THE DP ID AND CLIENT ID AVAILABLE IN THE DEPOSITORY DATABASE, THE APPLICATION FORM IS LIABLE TO BE REJECTED.

SECTION 6: ISSUE PROCEDURE IN BOOK BUILT ISSUE

This being the Fixed Price Issue this section is not applicable for this Issue.

SECTION 7: ALLOTMENT PROCEDURE AND BASIS OF ALLOTMENT

7.1 Basis of Allotment

Allotment will be made in consultation with SME Platform of NSE (The Designated Stock Exchange). In the event of oversubscription, the allotment will be made on a proportionate basis in marketable lots as set forth here:

- a. The total number of Shares to be allocated to each category as a whole shall be arrived at on a proportionate basis i.e. the total number of Shares applied for in that category multiplied by the inverse of the over subscription ratio (number of applicants in the category x number of Shares applied for).
- b. The number of Shares to be allocated to the successful applicants will be arrived at on a proportionate basis in marketable lots (i.e. Total number of Shares applied for into the inverse of the over subscription ratio).
- c. For applications where the proportionate allotment works out to less than 3000 Equity Shares the allotment will be made as follows:
 - Each successful applicant shall be allotted 3000 Equity Shares;
 - The successful applicants out of the total applicants for that category shall be determined by the drawal of lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares worked out as per (2) above.
- d. If the proportionate allotment to an applicant works out to a number that is not a multiple of 3000 Equity Shares, the applicant would be allotted Shares by rounding off to the lower nearest multiple of 3000 Equity Shares subject to a minimum allotment of 3000 Equity Shares.
- e. If the Shares allotted on a proportionate basis to any category is more than the Shares allotted to the applicants in that category, the balance available Shares for allocation shall be first adjusted against any category, where the allotted Shares are not sufficient for proportionate allotment to the successful applicants in that category, the balance Shares, if any, remaining after such adjustment will be added to the category comprising of applicants applying for the minimum number of Shares. If as a result of the process of rounding off to the lower nearest multiple of 3000 Equity Shares, results in the actual allotment being higher than the shares Issued, the final allotment may be higher at the sole discretion of the Board of Directors, upto 110% of the size of the Issue specified under the Capital Structure mentioned in this Draft Prospectus.

- f. The above proportionate allotment of shares in an Issue that is oversubscribed shall be subject to the reservation for Retail Individual applicants as described below:
- i. As per Regulation 43(4) of the SEBI (ICDR) Regulations, as the Retail Individual Investor category is entitled to more than fifty percent on proportionate basis, the retail individual investors shall be allocated that higher percentage.
- ii. Remaining to Individual applicants other than retail individual investors and Other investors including corporate bodies or institutions, irrespective of the number of specified securities applied for;
- iii. The unsubscribed portion in either of the categories specified in (a) or (b) above may be available for allocation to the applicants in the other category, if so required.

'Retail Individual Investor' means an investor who applies for shares of value of not more than Rs. 2,00,000. Investors may note that in case of over subscription allotment shall be on proportionate basis and will be finalized in consultation with SME Platform of NSE.

The Executive Director / Managing Director of NSE - the Designated Stock Exchange in addition to Lead Manager and Registrar to the Public Issue shall be responsible to ensure that the basis of allotment is finalized in a fair and proper manner in accordance with the SEBI (ICDR) Regulations, 2009.

As per the RBI regulations, OCBs are not permitted to participate in the Issue. There is no reservation for Non Residents, NRIs, FPIs and foreign venture capital funds and all Non Residents, NRI, FPI and Foreign Venture Capital Funds applicants will be treated on the same basis with other categories for the purpose of allocation.

7.2 DESIGNATED DATE AND ALLOTMENT OF EQUITY SHARES

- a. **Designated Date:** On the Designated Date, the SCSBs shall transfer the funds represented by allocation of Equity Shares into the Public Issue Account with the Bankers to the Issue.
- b. **Issuance of Allotment Advice:** Upon approval of the Basis of Allotment by the Designated Stock Exchange, the Registrar shall upload the same on its website. On the basis of the approved Basis of Allotment, the Issuer shall pass necessary corporate action to facilitate the Allotment and credit of Equity Shares. Applicants are advised to instruct their Depository Participant to accept the Equity Shares that may be allotted to them pursuant to the Issue.

Pursuant to confirmation of such corporate actions, the Registrar will dispatch Allotment Advice to the Applicants who have been Allotted Equity Shares in the Issue.

- c. The dispatch of Allotment Advice shall be deemed a valid, binding and irrevocable contract.
- d. Issuer will ensure that: (i) the Allotment of Equity Shares; and (ii) initiate corporate action for credit of shares to the successful Applicants Depository Account will be completed within 5 Working Days of the Issue Closing Date. The Issuer also ensures the credit of shares to the successful Applicant's depository account is completed within 5 Working Days of the Issue Closing Date,

SECTION 8: INTEREST AND REFUNDS

8.1 COMPLETION OF FORMALITIES FOR LISTING & COMMENCEMENT OF TRADING

The Issuer may ensure that all steps for the completion of the necessary formalities for listing and commencement of trading at all the Stock Exchanges are taken within 6 Working Days of the Issue Closing Date. The Registrar to the Issue may give instructions for credit to Equity Shares the beneficiary account with DPs, and dispatch the Allotment Advice within 6 Working Days of the Issue Closing Date.

8.2 GROUNDS FOR UNBLOCKING OF FUNDS

8.2.1 Non Receipt of Listing Permission

An Issuer makes an application to the Stock Exchange(s) for permission to deal in/list and for an official quotation of the Equity Shares. All the Stock Exchanges from where such permission is sought are disclosed in Prospectus. The Designated Stock Exchange may be as disclosed in the Prospectus with which the Basis of Allotment may be finalized.

If the permissions to deal in and for an official quotation of the Equity Shares are not granted by any of the Stock Exchange(s), the Issuer may forthwith initiate action to unblock the application amount from the Investors accounts.

If such money is not repaid within the eight days after the Issuer becomes liable to repay it, then the Issuer and every director of the Issuer who is an officer in default may, on and from such expiry of eight days, be liable to repay the money, with interest at such rate, as prescribed under Section 73 of Companies Act, and disclosed in the Prospectus.

8.2.2 Minimum Subscription

This Issue is not restricted to any minimum subscription level. This Issue is 100% underwritten.

As per Section 39 of Companies Act, 2013 if the “stated minimum amount” has not been subscribed and the sum payable on application is not received within a period of 30 days from the date of the Prospectus, the application money has to be returned within such period as may be prescribed. If our company does not receive the 100% subscription of the Issue through the Issue Document including devolvement of underwriters, if any, within sixty (60) days from the date of closure of the issue, our company shall forthwith unblocked the entire application amount received. If there is a delay beyond eighty days after our company becomes liable to pay the amount, our company and every officer in default will, on and from the expiry of this period be jointly and severally liable to repay the money, with interest or other penalty as prescribed under SEBI Regulations, the Companies Act, 2013.

The minimum number of allottees in this Issue shall be 50 shareholders. In case the minimum number of prospective allottees is less than 50 no allotment will be made pursuant to this Issue and the amounts in the ASBA Account shall be unblocked within 6 working days of closure of the issue.

Further in accordance with Regulation 106(Q) of the SEBI (ICDR) Regulations, our Company shall ensure that the minimum application size in terms of number of specified securities shall not be less than Rs.100000/- (Rupees One Lakh) per application.

The equity shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be Issued or sold, and applications may not be made by persons in any such jurisdiction, except in compliance without the applicable laws of such jurisdiction.

8.2.3 MINIMUM NUMBER OF ALLOTTEES

The Issuer may ensure that the number of prospective allottees to whom Equity Shares may be allotted may not be less than 50 failing which the entire application monies may be unblocked forthwith.

8.3 Mode of Unblocking of Funds

Within 6 Working Days of the Issue Closing Date, the Registrar to the Issue may give instructions to SCSBs for unblocking the amount in ASBA Account on unsuccessful Application and also for any excess amount blocked on Application.

8.3.1 Mode of making refunds for Applicants

The Registrar to the Issue may instruct the controlling branch of the SCSB to unblock the funds in the relevant ASBA Account for any withdrawn, rejected or unsuccessful ASBA applications or in the event of withdrawal or failure of the Issue.

8.4 Interest In Case Of Delay in Allotment

The Issuer may pay interest at the rate of 15% per annum if demat credits are not made to Applicants or instructions for unblocking of funds in the ASBA Account are not dispatched within the 6 Working days of the Issue Closing Date.

The Issuer may pay interest at 15% per annum for any delay beyond 6 working days from the Issue Closing Date, if Allotment is not made.
